Certain statements made by FBL in this filing are considered forward-looking statements within the meaning of the Private Securities Litigation Reform Act. There are a number of risks and uncertainties that could cause actual results to differ materially from those expressed or implied. Factors that could cause actual results to differ materially are discussed in FBL's filings with the Securities and Exchange Commission and include the current difficult financial markets, the economy, liquidity and access to capital, investment valuations, interest rate changes, competitive factors, the ability to attract and retain sales agents and a decrease in ratings. These forward-looking statements are based on assumptions which FBL Financial Group believes to be reasonable. No assurance can be given that the assumptions will prove to be correct.
