PROXY STATEMENT

The enclosed proxy is solicited by the Board of Directors of Comtech Telecommunications Corp. (the "Company") for use at the Annual Meeting of Stockholders to be held on December 9, 2003, and at any adjournment thereof (the "Annual Meeting"). It may be revoked at any time before exercise by delivering a written notice of revocation to the Secretary of the Company, by executing a subsequent proxy and presenting it to the Secretary of the Company, or by attending the Annual Meeting and voting in person. All proxies will be voted in accordance with the stockholders' instructions. If no directions are specified, the proxies will be voted for the nominees for election as directors and in favor of the matters set forth in the accompanying Notice of Annual Meeting. A stockholder may choose to strike the names of the proxy holders named in the enclosed proxy and may insert other names.

Only stockholders of record of the Company's Common Stock, par value \$.10 (the "Common Stock"), at the close of business on October 10, 2003 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting, or any adjournment thereof, with each holder having one vote per share. The Annual Meeting may be adjourned from time to time without notice other than by announcement at the Annual Meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection by any stockholder, for any reason germane to the Annual Meeting, during ordinary business hours during the ten days prior to the Annual Meeting at the Company's offices, 105 Baylis Road, Melville, New York 11747. As of the Record Date, approximately 13,995,072 shares of Common Stock were outstanding. It is anticipated that the mailing to Stockholders of this Proxy Statement and the enclosed proxy will commence by November 3, 2003.

The presence, in person or by proxy, of the holders of record at the close of business on the Record Date of a majority of the outstanding shares of Common Stock will constitute a quorum at the Annual Meeting. Directors will be elected by a plurality of the votes cast (i.e., the two nominees receiving the greatest number of votes will be elected as directors). Stockholder approval of the amendment to the Company's 2000 Stock Incentive Plan and the ratification of the selection of auditors will require the affirmative vote of a majority of the shares present at the Annual Meeting and entitled to vote on such proposal.

Abstentions and broker non-votes with respect to any proposal (which occur when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner) will be counted for purposes of determining the presence or absence of a quorum. Abstentions also will be counted in determining the number of shares present and entitled to vote on such proposal, but broker non-votes are not counted as entitled to vote thereon.

APPROVAL OF THE AMENDMENT TO THE COMPANY'S 2000 STOCK INCENTIVE PLAN

The Company's stockholders are being asked to approve the adoption of an amendment to the Comtech Telecommunications Corp. 2000 Stock Incentive Plan (the "Plan"). All share information below reflects the 3 for 2 stock split that occurred in July 2003.

On September 18, 2003, the Company's Board of Directors unanimously approved the amendment to the Plan, subject to stockholder approval, to provide that the aggregate number of shares of the Company's Common Stock subject to awards under the Plan or with respect to which awards may be granted be increased by 350,000 shares. As of October 10, 2003, options to purchase 2,100,205 shares were outstanding under the Plan, and only 352,040 shares remain available for future issuance or for reference purposes under the Plan or with respect to which

awards may be granted (excluding any shares that may become available as a result of the expiration or termination without exercise of currently outstanding options). Currently, the aggregate number of shares of Common Stock which may be issued or used for reference purposes under the Plan or with respect to which awards may be granted may not exceed 2,025,000 shares of Common Stock plus 1,324,402 shares of Common Stock relating to outstanding awards that were previously granted under the 1982 Incentive Stock Option Plan and the 1993 Incentive Stock Option Plan, as amended (the "Existing Option Plans") which have been transferred to the Plan, for a total share limit of 3,349,402 shares of Common Stock.

The Board of Directors believes the amendment to the Plan is in the best interests of the Company and its stockholders and is intended to enhance the profitability and value of the Company for the benefit of its stockholders. The Board of Directors believes that in a competitive environment for qualified technical, sales, marketing and other personnel, the ability of the Company to make equity-based awards will continue to be a key factor in the recruitment and retention of such personnel.

On September 18, 2003, the Company's Board of Directors also adopted an amendment to the Plan, for which stockholder approval is not required or being sought at the Annual Meeting, to (i) increase the number of shares of Common Stock subject to a stock option granted to a non-employee director each August 1 from 7,500 shares to

5

10,000 shares, commencing August 1, 2004, and (ii) authorize the grant, on November 3, 2003 to each non-employee director of a stock option to purchase 2,500 shares of Common Stock.

The Board of Directors recommends approval of the amendment to the Plan increasing the number of shares thereunder. The following description of the Plan is a summary and is qualified in its entirety by reference to the Plan and the amendment. A copy of the Plan is available from Investor Relations at the Corporate Offices, 105 Baylis Road, Melville, NY 11747.

Administration

The Plan is administered and interpreted by a committee or subcommittee of the Board appointed from time to time by the Board (the "Committee"), consisting of two or more non-employee directors, each of whom is intended to be a non-employee director as defined in Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and an outside director as defined under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Currently, the Executive Compensation Committee serves as the Committee for the Plan. With respect to awards to non-employee directors, the Plan is administered by the Board of Directors and all references to the Committee are deemed to refer to the Board of Directors for this purpose.

The Committee has the full authority to administer and interpret the Plan, to grant discretionary awards under the Plan, to determine the persons to whom awards will be granted, to determine the types of awards to be granted, to determine the terms and conditions of each award, to determine the number of shares of Common Stock to be covered by each award and to make all other determinations in connection with the Plan and the awards thereunder as the Committee, in its sole discretion, deems necessary or desirable.

The terms and conditions of individual awards are set forth in written agreements which are consistent with the terms of the Plan. Awards under the

Edgar Filing: COMTECH TELECOMMUNICATIONS CORP /DE/ - Form DEF 14A

Plan may not be made on or after October 19, 2009, the tenth anniversary of the adoption of the Plan, but awards granted prior to such date may extend beyond that date.

Eligibility and Types of Awards

All employees and consultants of the Company and its affiliates (including prospective employees and consultants) are eligible to be granted nonqualified stock options, stock appreciation rights, restricted stock, performance shares, performance units, other stock-based awards and awards providing benefits similar to those listed above which are designed to meet the requirements of non U.S. jurisdictions under the Plan. In addition, employees of the Company and its affiliates that qualify as subsidiaries or parent corporations (within the meaning of Section 424 of the Code) are eligible to be granted incentive stock options ("ISOs") under the Plan. Non-employee directors of the Company are eligible to receive nondiscretionary grants of nonqualified stock options.

Available Shares

Under the Plan, as amended, the aggregate number of shares of Common Stock which may be issued or used for reference purposes under the Plan or with respect to which awards may be granted may not exceed 2,375,000 shares of Common Stock plus shares of Common Stock relating to outstanding awards that were previously granted under the 1982 Incentive Stock Option Plan and the 1993 Incentive Stock Option Plan, as amended (the "Existing Option Plans") which have been transferred to the Plan, for a total share limit of 3,699,402 shares of Common Stock. The terms applicable to these awards in effect prior to the Plan's assumption of these awards continue to apply.

The maximum number of shares of Common Stock with respect to which any option, stock appreciation right or award of performance shares or award of restricted stock for which the grant of such award or lapse of the relevant restriction period is subject to attainment of pre-established performance goals (in accordance with Code Section 162 (m)) which may be granted under the Plan during any fiscal year of the Company to any individual is 150,000 shares per type of award, provided that the maximum number of shares of Common Stock for all types of awards does not exceed 150,000 during any fiscal year. The maximum value at grant of performance units which may be granted under the Plan during any fiscal year of the Company to any individual is \$100,000. To the extent that shares of Common Stock for which awards are permitted to be granted to an individual during a fiscal year are not covered by an award in a fiscal year, the number of shares of Common Stock available for awards to such individual will automatically increase in subsequent fiscal years until used.

6

The aggregate number of shares of Common Stock available under the Plan as well as the maximum number of shares that may be granted are subject to appropriate adjustment by the Committee in the event of changes in the Company's capital structure or business by reason of certain corporate transactions or events.

Awards Under the Plan

Stock Options. The Committee may grant nonqualified stock options and ISOs to purchase shares of Common Stock. The Committee determines the number of shares of Common Stock subject to each option, the term of each option (which may not exceed 10 years (or five years in the case of an ISO granted to a 10% shareholder)), the exercise price, the vesting schedule (if any), and the other material terms of each option. No ISO or nonqualified stock option which is intended to be performance based for purposes of Code Section 162(m) may have an

Edgar Filing: COMTECH TELECOMMUNICATIONS CORP /DE/ - Form DEF 14A

exercise price less than the fair market value of the Common Stock at the time of grant (or, in the case of an ISO granted to a 10% shareholder, 110% of fair market value).

Options are exercisable at such time or times and subject to such terms and conditions as determined by the Committee at grant and the exercisability of such options may be accelerated by the Committee in its sole discretion. Payment of an option's exercise price may be made: (i) in cash or by check, bank draft or money order, (ii) through a "cashless exercise" procedure whereby the recipient delivers irrevocable instructions to a broker to deliver promptly to the Company an amount equal to the purchase price, or (iii) on such other terms and conditions as may be acceptable to the Committee.

Stock Appreciation Rights. The Committee may grant stock appreciation rights ("SARs") either with a stock option which may be exercised only at such times and to the extent the related option is exercisable ("Tandem SAR") or independent of a stock option ("Non-Tandem SARs"). An SAR is a right to receive a payment either in cash or common stock, as the Committee may determine, equal in value to the excess of the fair market value of one share of Common Stock on the date of exercise over the exercise price per share established in connection with the grant of the SAR. The exercise price per share covered by a SAR is the exercise price per share of the related option in the case of a Tandem SAR and is the fair market value of the Common Stock on the date of grant in the case of a Non-Tandem SAR.

Restricted Stock. The Committee may award "restricted" shares of Common Stock. Upon the award of restricted stock, the recipient has all rights of a stockholder with respect to the shares, including the right to receive dividends, the right to vote the shares of restricted stock and, conditioned upon full vesting of shares of restricted stock, the right to tender such shares, subject to the conditions and restrictions generally applicable to restricted stock or specifically set forth in the recipient's restricted stock agreement. The Committee may, in its sole discretion, determine at grant, that the payment of dividends, if any, shall be deferred until the expiration of the applicable restriction period. Recipients of restricted stock are required to enter into a restricted stock agreement with the Company which states the restrictions to which the shares are subject and the criteria or date or dates on which such restrictions will lapse.

If the grant of restricted stock or the lapse of the relevant restriction is based on the attainment of objective performance goals, the Committee shall establish the performance goals, formulae or standards and the applicable vesting percentage for the restricted stock award applicable to each recipient while the outcome of the performance goals are substantially uncertain. Such performance goals may incorporate provisions for disregarding (or adjusting for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar events or circumstances. Section 162(m) of the Code requires that performance awards be based upon objective performance measures. The performance goals will be based on one or more of the following criteria ("Performance Criteria"): (i) revenues, income before income taxes and extraordinary income, net income, earnings before income tax, earnings before interest, taxes, depreciation and amortization or a combination of any or all of the foregoing; (ii) after-tax or pre-tax profits; (iii) operational cash flow; (iv) level of, reduction of, or other specified objectives with regard to the Company's bank debt or other long-term or short-term public or private debt or other similar financial obligations; (v) earnings per share or earnings per share from continuing operations; (vi) return on capital employed or return on invested capital; (vii) after-tax or pre-tax return on stockholders' equity; (viii) economic value added targets; (ix) fair market value of the shares of Common Stock; and (x) the growth in the value of an investment in Common Stock assuming the reinvestment of dividends. In addition, such performance goals may be based upon the attainment of specified

Edgar Filing: COMTECH TELECOMMUNICATIONS CORP /DE/ - Form DEF 14A

levels of Company (or a subsidiary, division or other operational unit of the Company) performance under one or more of the measures described relative to the performance of other corporations. To the extent permitted under the Code, the Committee may: (i) designate

7

additional business criteria on which the performance goals may be based; or (ii) adjust, modify or amend the aforementioned business criteria.

Performance Units and Performance Shares. The Committee may grant performance shares entitling recipients to receive a fixed number of shares of Common Stock or the cash equivalent thereof, as determined by the Committee in its sole discretion, upon the attainment of performance goals established by the Committee (based on the Performance Criteria), based on a specified performance period. The Committee may also grant performance units entitling recipients to receive a value payable in cash or shares of Common Stock, as determined by the Committee, upon the attainment of performance goals established by the Committee (based on the Performance Criteria), for a specified performance cycle. The Committee may subject such grants of performance shares and performance units to such vesting and forfeiture conditions as it deems appropriate.

Other Stock-Based Awards. The Committee may grant awards of Common Stock and other awards that are valued in whole or in part by reference to, or are payable in or otherwise based on, Common Stock and may be granted either alone or in addition to or in tandem with stock options, stock appreciation rights, restricted stock, performance shares or performance units.

The Committee also determines the purchase price to be paid, if any, by a recipient to purchase other stock-based awards (including, without limitation, shares of Common Stock). The purchase of shares of Common Stock or other stock-based awards may be made on either an after-tax or pre-tax basis, as determined by the Committee; provided, however, that if the purchase is made on a pre-tax basis, such purchase will be made pursuant to a deferred compensation program established by the Committee, which will be deemed to be part of the Plan.

Change in Control

Unless determined otherwise by the Committee at the time of grant, and except to the extent provided in the applicable award agreement, the recipient's employment agreement or other agreement approved by the Committee, accelerated vesting or lapsing of restrictions of awards will occur upon a change in control of the Company (as defined in the Plan). Upon a change in control of the Company, options granted to non-employee directors will be subject to the rules described below.

Non-Employee Director Stock Option Grants

The Plan authorizes the automatic grant of nonqualified stock options to each non-employee director, without further action by the Board or the stockholders, as follows: (i) options to purchase 4,500 shares of Common Stock will be granted to each non-employee director as of the date he or she begins service as a non-employee director on the Board, provided that such service begins after the Plan's effective date; and (ii) options to purchase 10,000 shares of Common Stock commencing on August 1, 2004 will be granted to each non-employee director as of each August 1, provided that the non-employee director has served as a director for at least 6 months; and (iii) options to purchase 2,500 shares will be granted to each non-employee director serving on the Board as of November 3, 2003. The exercise price per share of such options will be the fair market value

Edgar Filing: COMTECH TELECOMMUNICATIONS CORP /DE/ - Form DEF 14A

of the Common Stock at the time of grant. The term of each such option will be 10 years. Options granted to non-employee directors will vest and become exercisable one year after the date of grant, provided that the option may be vested only during the continuance of his or her service as a director of the Company. All options granted to non-employee directors and not previously exercisable will become fully exercisable upon death and immediately upon a change in control of the Company (as defined in the Plan).

Amendment and Termination

The Board or Committee may at any time, amend any or all of the provisions of the Plan, or suspend or terminate it entirely, retroactively or otherwise. However, no amendment may be made without the approval of the Company's stockholders in accordance with the laws of the State of Delaware, to the extent required under Section 162(m) of the Code, or to the extent applicable to ISOs, Section 422 of the Code, which would: (i) increase the aggregate number of shares of Common Stock that may be issued; (ii) increase the maximum individual participant share limitations for a fiscal year; (iii) change the classification of employees or consultants eligible to receive awards; (iv) decrease the minimum exercise price of any stock option or SAR; (v) extend the maximum option term; (vi) materially alter the Performance Criteria; or (vii) require stockholder approval in order for the Plan to continue to comply with the applicable provisions of Section 162(m) of the Code or, to the extent applicable to ISOs, Section 422 of the Code.

Miscellaneous

Awards granted under the Plan are generally nontransferable, except that the Committee may provide for the transferability of nonqualified stock options to a recipient's family member (as defined in the Plan) at the time of grant or thereafter. The Plan is not subject to any of the requirements of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is not, nor is it intended to be, qualified under Section 401(a) of the Code.

The following outstanding options have been granted under the Plan during the fiscal year ended July 31, 2003 to each of the following executive officers of the Company named in the Summary Compensation Table below, all named executive officers as a group, all current directors who are not executive officers as a group, and all other employees.

Robert L. McCollum	30,000
J. Preston Windus, Jr.	18,750

All directors who are not executive officers, as a group (5 persons)	30,000
All other employees	224,250

Certain Federal Income Tax Consequences Relating to the Plan

The following discussion of the principal U.S. federal income tax consequences

with respect to options under the Plan is based on statutory authority and judicial and administrative interpretations as of the date of this proxy statement, which are subject to change at any time (possibly with retroactive effect) and may vary in individual circumstances. Therefore, the following is designed to provide only a general understanding of the material federal income tax consequences (state, local, estate and social security tax consequences are not addressed below). This discussion is limited to the U.S. federal income tax consequences to individuals who are citizens or residents of the U.S., other than those individuals who are taxed on a residence basis in a foreign country.

Incentive Stock Options. In general, an employee will not realize taxable income upon either the grant or the exercise of an ISO and the Company will not realize an income tax deduction at either time. If the employee does not sell the Common Stock received pursuant to the exercise of an ISO within either (1) two years after the date of the grant of the ISO or (2) one year after the date of exercise, a subsequent sale of the Common Stock will result in long-term capital gain or loss to the employee and will not result in a tax deduction to the Company.

If the employee disposes of the Common Stock acquired upon exercise of the ISO within either of the above-mentioned time periods, the employee will generally realize as ordinary income an amount equal to the lesser of: (1) the fair market value of the Common Stock on the date of exercise over the option's exercise price, or (2) the amount realized upon disposition over the exercise price. In this event, the Company generally will be entitled to an income tax deduction equal to the amount recognized as ordinary income. Any gain in excess of the amount realized by the employee as ordinary income will be taxed at the rates applicable to short-term or long-term capital gains, depending on the holding period.

Nonqualified Stock Options. A recipient (i.e., an employee, consultant or director) will not realize any taxable income upon the grant of a nonqualified stock option and the Company will not receive a deduction at the time of grant unless the option has a readily ascertainable fair market value (as determined under applicable tax law) at the time of grant. Upon the exercise of a nonqualified stock option, the recipient generally will realize ordinary income in an amount equal to the excess of the fair market value of the Common Stock on the date of exercise over the option's exercise price. Upon a subsequent sale of the Common Stock by the recipient, the recipient will recognize short-term or long-term capital gain or loss depending upon his or her holding period for the Common Stock. The Company will generally be allowed a deduction equal to the amount recognized by the recipient as ordinary income.

Other Tax Consequences. In addition, (i) any officers and directors of the Company subject to Section 16(b) of the Exchange Act may also be subject to special tax rules regarding the income tax consequences concerning their

options, (ii) any entitlement to a tax deduction on the part of the Company is subject to the applicable tax rules (including, without limitation, Section 162(m) of the Code regarding a \$1,000,000 limitation on deductible compensation), (iii) the exercise of an ISO may have implications in the computation of alternative minimum taxable income, and (iv) in the event that the exercisability or vesting of any option is accelerated because of a change of control, payments relating to the option, either alone or together with certain other payments, may constitute parachute payments under Section 280G of the Code, which excess amounts may be subject to excise taxes.

In general, Section 162(m) of the Code denies a publicly held corporation a

Edgar Filing: COMTECH TELECOMMUNICATIONS CORP /DE/ - Form DEF 14A

deduction for federal income tax purposes for compensation in excess of \$1,000,000 per year per person to its chief executive officer and four other officers whose compensation is disclosed in its proxy statement, subject to certain exceptions. Options will generally qualify under one of these exceptions if they are granted under a plan that states the maximum number of shares with respect to which options may be granted to any recipient during a specified period and the plan under which the options are granted is approved by stockholders and is administered by a Committee comprised of outside directors. The Plan is intended to satisfy these requirements with respect to options.

Vote Required and Board Recommendation

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or represented by proxy at the Annual Meeting of Stockholders and entitled to vote on the Plan amendment will be required for approval of the Plan amendment.

The Board of Directors recommends that the stockholders vote FOR approval of the Amendment to the Company's 2000 Stock Incentive Plan.

SELECTION OF AUDITORS

The Board of Directors has selected KPMG LLP as the Company's auditors for the 2004 fiscal year, subject to ratification by the stockholders. If the stockholders do not ratify such selection, it will be reconsidered by the Board. Representatives of KPMG LLP are expected to be present at the Annual Meeting of Stockholders, with the opportunity to make a statement, should they so desire, and to be available to respond to appropriate questions.

The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote thereon will be required to ratify the selection of KPMG LLP as the Company's auditors for the current fiscal year.

If Mr. Kornberg voluntarily terminates his employment with the Company other than after a Change in Control (as defined in his employment agreement), or if the Company terminates his employment for cause, he will forfeit his right to receive accrued but unpaid incentive compensation. If a Change in Control of the Company occurs, Mr. Kornberg is entitled to terminate his employment and receive a lump sum payment (subject to possible adjustments to avoid the characterization of the payment as excess parachute payments and the consequent imposition of taxes under Section 280G of the Code) equal to the sum of (i) his then basic compensation for the balance of the employment period or three times his basic compensation, whichever is greater, (ii) accrued but unpaid incentive compensation with respect to prior fiscal years and (iii) if he so elects, the market value less the applicable exercise price, of any stock option then held by him. EXECUTIVE COMPENSATION COMMITTEE REPORT

The Executive Compensation Committee has furnished the following report, which describes the Committee's compensation policies applicable to the Company's executive officers and provides specific information regarding the compensation of the Company's Chief Executive Officer. (The information contained in the "Executive Compensation Committee Report" is not to be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor is such information to be incorporated by reference into any future filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates it by reference into such filing.)

14

Compensation Policies. The principal goal of the Company's compensation program as administered by the Executive Compensation Committee is to help the Company attract, motivate and retain the executive talent required to develop and achieve the Company's strategic and operating goals with a view to maximizing shareholder value. The key elements of this program and the objectives of each element are as follows:

Base Salary. Base salaries paid to the Company's executive officers are intended to be competitive with those paid to executives holding comparable positions in the marketplace. Individual performance and the performance of the Company or the applicable operating subsidiary are considered when setting salaries within the range for each position. Annual reviews are held and adjustments are made based on attainment of individual goals in a manner consistent with operating and financial performance.

Bonuses. Annual cash bonuses are intended to motivate performance by creating the potential to earn annual incentive awards that are contingent upon personal and business performance. Excluding the Chief Executive Officer, bonuses are paid to the Company's executive officers pursuant to the Company's Incentive Compensation Plan for Subsidiary Presidents and Key Employees (the "Incentive Compensation Plan"). Under the Incentive Compensation Plan, the President of each of the Company's subsidiaries is entitled to receive a bonus of up to a fixed percentage of each subsidiary's pre-tax profit each year, subject to the attainment of subsidiary pre-tax profit, new orders, and cash flow targets and personal performance targets that are proposed by senior management and established by the Executive Compensation Committee, plus such additional amounts, if any, as the Board of Directors may from time to time determine. The other executive officers' incentive compensation is subject to attainment of certain corporate goals and personal performance targets that are proposed by senior management and established by the Executive Compensation Committee, or in the case of the Chief Financial Officer, his employment agreement, plus such additional amounts, if any, as the Board of Directors may from time to time determine.

Long Term Incentives. The Company provides its executive officers with long-term incentive compensation through grants of stock options under the Company's stock option plan. The grant of stock options aligns the executive's interests with those of the Company's stockholders by providing the executive with an opportunity to purchase and maintain an equity interest in the Company and to share in the appreciation of the value of the Company's Common Stock. In fiscal

Edgar Filing: COMTECH TELECOMMUNICATIONS CORP /DE/ - Form DEF 14A

2003, 146,250 options to purchase shares of the Company's Common Stock were granted to the Company's four named executive officers other than the Chief Executive Officer.

CEO's Compensation. Pursuant to Mr. Kornberg's employment agreement referred to in Note (1) to the Summary Compensation Table in "Executive Compensation," Mr. Kornberg received a base salary of \$395,000 for fiscal 2003. Under his agreement, Mr. Kornberg is entitled to receive a bonus (not to exceed his base salary) of 3.5% of the Company's pre-tax income, plus such additional amounts as the Board of Directors may determine. The Executive Compensation Committee awarded Mr. Kornberg a bonus of \$517,221 for fiscal 2003, inclusive of the amount to which he is entitled under his employment agreement. In addition, Mr. Kornberg was awarded options to purchase an aggregate of 105,000 shares of the Company's Common Stock. The options are vested equally over five years and expire on the tenth anniversary of the date of grant.

Amended and Restated Charter of the
Audit Committee of the Board of Directors
(As of October 21, 2003)

I. Audit Committee Purpose

The Audit Committee is appointed by the Board of Directors to assist the Board in fulfilling its oversight responsibilities. The Audit Committee's primary duties and responsibilities are:

1. Monitor the integrity of the Company's financial reporting processes and systems of internal controls regarding finance, accounting and legal compliance.
2. Monitor the independence and performance of the Company's independent auditors.
3. Provide an avenue of communication between the Board and the independent auditors.

The Audit Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities, and it has direct access to the independent auditors as well as anyone in the organization. The Audit Committee has the ability to retain, at the Company's expense, special legal, accounting or other consultants or experts it deems necessary in the performance of its duties.

II. Audit Committee Composition and Meetings

Audit Committee members shall meet the requirements of the NASDAQ Stock Market Inc. The Audit Committee shall be comprised of three or more directors as determined by the Board, each of whom shall be an "independent director" as defined by NASDAQ and in the Securities Exchange Act of 1934, as amended (the "Exchange Act") and the rules promulgated thereunder, and free from any relationship that would interfere with the exercise of his or her independent judgment. Additionally, no member of the Committee shall be an "affiliated person" within the meaning of that term under Section 301 of the Sarbanes-Oxley Act of 2002, and no member of the Committee may receive any payment from the Company other than payment for Board or Committee service. All members of the Committee shall have at least a basic understanding of finance and accounting and be able to read and understand fundamental financial statements. At least one member of the Committee shall have financial sophistication as that term is used by NASDAQ and shall be "an audit committee financial expert" as defined in the rules of the Securities and Exchange Commission (the "SEC").

Audit Committee members shall be appointed by the Board on recommendation

Edgar Filing: COMTECH TELECOMMUNICATIONS CORP /DE/ - Form DEF 14A

of the Chairman of the Committee. If the Audit Committee Chair is not present at any meeting of the Committee, the members of the Committee may designate a chair by majority vote of the Committee membership.

The Committee shall meet at least quarterly or as often as circumstances dictate. The Committee shall meet privately in executive session at least annually with management, the independent auditors and as a committee to discuss any matters that the Committee or each of these groups believes should be discussed.

III. Audit Committee Responsibilities and Duties

Independent Auditors

4. Assume direct responsibility for the appointment, compensation, retention, and oversight of the work of the independent auditors engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company. The independent auditors must report directly to the Audit Committee.
5. Review the independence and performance of the auditors and assume sole authority to approve any discharge of auditors when circumstances warrant.
6. Approve, in advance, all auditing and non-auditing services provided by the independent auditors and the fees and other significant compensation to be paid to the independent auditors.

Confirm and assure the independence of the independent auditors, and in furtherance of such responsibility, on an annual basis, the Committee should review and discuss with the independent auditors all significant relationships they have with the Company that could impair the auditors' independence.

9. Review the independent auditors' audit plan and discuss scope, staffing, locations, reliance upon management and general audit approach.
10. Prior to releasing the audited year-end earnings, discuss the results of the audit with the independent auditors. Discuss certain matters required to be communicated to audit committees in accordance with Statements on Auditing Standards No. 61 ("SAS No. 61").
11. Discuss with the independent auditors their observations relative to the quality and appropriateness of the Company's accounting principles as applied in its financial reporting.

Assure that the auditor's reasoning is described and documented in determining the appropriateness of changes in accounting principles and disclosure practices.
13. Conduct open and frank discussions with the Company and the independent auditors regarding the auditors' evaluation about the quality of the Company's accounting principles and essential estimates in its financial statements. This dialogue will include discussion of the consistency, clarity and completeness of the financial statements and related disclosures. The discussion will also include items that may impact the representational faithfulness, verifiability, and neutrality of the information shown in the financial statements such as changes in accounting policies, estimates, judgments, uncertainties, and unusual transactions (SAS No. 61 as amended by Statements on Auditing Standards No. 90 ("SAS No. 90")).
14. Review reports from the independent auditors concerning critical accounting policies, all alternative treatments of financial information under generally accepted accounting principles ("GAAP") that were discussed with management and other material written communications between the auditors and management.
