Givatayim, Israel December 14, 2006. Pointer Telocation Ltd. (Nasdaq Capital Market: PNTR), a leading provider of services to insurance companies and car owners, including road-side assistance, towing and stolen vehicle retrieval services in Israel, Argentina and Mexico, today announced that further to its press release on November 27, 2006, it has obtained approval to list its shares on the Tel Aviv Stock Exchange (TASE), and that trading on the TASE will commence on Tuesday December 19, 2006. Pointer's shares will continue to be listed on the Nasdaq Capital Market under the ticker symbol PNTR, and the Company will continue to be subject to all rules and regulations of Nasdaq and the U.S. Securities and Exchange Commission (SEC).

Yossi Ben Shalom, the Company's Chairman said: The Company's dual listing follows our excellent results in Q3 2006 and the significant increase in trading volumes thereafter. By dual listing we will enable investors to trade our shares from 8.30 A.M. until 11.00 P.M (GMT +2). We believe that this step will expand and diversify our investor base and may even raise the daily trading volume and the liquidity of our share. This is especially significant given that our public float currently stands at approximately 70% of our outstanding shares.
