- 10% growth in sales to the North American market compared to Q2-2015
- Gross profit of \$1.5 million
- Net profit of \$213,000

PETACH-TIKVA, Israel, August 10, 2016 - Eltek Ltd. (NASDAQ: ELTK), a global manufacturer and supplier of technologically advanced solutions in the field of printed circuit boards, announced today its financial results for the second quarter ended June 30, 2016.

Mr. Yitzhak Nissan, Chairman of the Board and Chief Executive Officer, commented: "Revenues in the second quarter of 2016 amounted to \$9.9 million, slightly lower (5%) than revenues in the second quarter of last year. The revenues reflect the continued competition in the Israeli market for high end products. Revenues from the North American market in the second quarter of 2016 grew by 12% as compared to the first quarter of 2016 and amounted to \$2.0 million. Our focus on profitability by improving production processes and closely monitoring expenses, led us to a net profit of \$213,000 in the second quarter of 2016.

"We remain focused on growth in the global markets, which we expect will continue to have a positive effect on our revenues," Mr. Nissan concluded.

Highlights of the Second Quarter of 2016

- Revenues for the second quarter of 2016 were \$9.9 million compared to \$10.4 million in the second quarter of 2015.

Gross profit was \$1.5 million (14.8% of revenues) compared to gross profit of \$1.9 million (18.3% of revenues) in the second quarter of 2015. The decrease in gross profit and gross margins reflects the decreased sales, while a significant portion of our cost of sales remained constant.
