SECTION 8

- OTHER EVENTS

Item 8.01 Other Events

On April 9, 2010, Nord Resources Corporation ("Nord" or the "Company") issued a news release announcing that it has received a new notice from Nedbank Capital Limited ("Nedbank Capital"), similar to prior ones, concerning the Company's failure to make the full payment of \$697,869 that was due on April 6, 2010 under the Company's Copper Hedge Agreement with Nedbank Capital. All currency amounts are in U.S. dollars.

Under the agreement, Nord has until April 28, 2010 to make the full payment, failing which an Event of Default would occur. An Event of Default under the Copper Hedge Agreement, if any, would trigger a cross-default under the \$25 million secured loan facility with Nedbank Limited (together with Nedbank Capital, "Nedbank"), which is secured by the real and personal property of Johnson Camp Mine. In that case, Nedbank would be in a position to pursue any and all remedies under the Copper Hedge Agreement and the Secured Loan Agreement.

As with the February and March payments, the Company fully expects to make the April payment required within the grace period from its operating cash flow.

As previously announced, Nord received an exemption from certain shareholder approval requirements under the rules of the Toronto Stock Exchange (TSX) in connection with Nord's \$12 million private placement completed in November 2009, on the basis of financial hardship. Reliance on this exemption automatically triggered a TSX listing review to confirm that Nord continues to meet the TSX listing requirements. On March 26, 2010, the Company announced that the Continued Listings Committee of the Toronto Stock Exchange has determined to defer its announcement on its listing review decision to no later than April 26, 2010. While Nord believes that it continues to comply with such requirements, it is unclear what impact Nedbank Capital's notice regarding the overdue April 6, 2010 payment will have on the listing review.
