Board Leadership Structure

The Board has appointed the Chief Executive Officer to the position of Chairman of the Board. The Board believes that combining the roles of Chairman and Chief Executive Officer enhances alignment between the Board and management in strategic planning and execution as well as operational matters. Timothy L. Ryan currently serves as Chairman of the Board and as the Chief Executive. The Board does not currently have a lead independent director, but one of the board members is considered independent and the audit and compensation committees are chaired by the independent director.

The Board's Role in Risk Oversight

The Board oversees the Company's risk profile and management's processes for assessing and managing risk. At least annually, the full Board reviews strategic risks and opportunities facing the Company. Certain other important categories of risk are assigned to the committees below (which are comprised solely of independent directors) that report back to the full Board. In general, the committees oversee the following risks:

- The Audit Committee oversees risks related to financial controls, capital structure of the enterprise (including borrowing, liquidity, allocation of capital, major capital transactions and expenditures), legal, regulatory and compliance risks, and the overall risk management governance structure and risk management function.
- The Compensation Committee oversees the Company's compensation programs to ensure they do not incentivize excessive risk-taking.

During fiscal year ended June 30, 2014, the full Board received reports on the most important strategic issues and risks facing the Company. In addition, the Board routinely receives reports from management regarding enterprise risk assessments and risk management practices.

The Board believes that its leadership structure supports the risk oversight function. Specifically, the Board believes that Timothy L. Ryan, with his in-depth knowledge and understanding of the Company's business and the industry, is better able to bring key strategic and business issues and risks to the Board's attention than would a non-executive Chairman of the Board. Additionally, as indicated above, certain important categories of risk are assigned to committees, consisting of fully independent directors that receive, review and evaluate management reports on risk, thereby preserving the benefit of independent risk oversight along with full Board responsibility and review.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis describes the duties, responsibilities and role of our Compensation Committee as well as the material elements of compensation for the our executive officers identified in the Summary Compensation Table set forth below (the “Named Executive Officers”). Over the past year, the Compensation Committee has reviewed our compensation practices and the components of executive compensation. The information below provides the description of compensation policies applicable to executive officers and other highly compensated individuals under employment and/or consulting arrangements.

Objectives of Our Compensation Program

The primary objective of our compensation program, including our executive compensation program, is to maintain a compensation program that will fairly compensate our executives and employees, attract and retain qualified executives and employees, who are able to contribute to our long-term success, encourage performance consistent with clearly defined corporate goals and align our executives’ long-term interests with those of our stockholders. To that end, our compensation practices are intended to:

1. Tie total compensation to the Company’s performance and individual performance in achieving financial and non-financial objectives;
2. Align senior management’s interests with stockholders’ interests through long-term equity incentive compensation.

Role of the Compensation Committee

The Compensation Committee determines the compensation of our Chief Executive Officer and, in consultation with the Chief Executive Officer, our other executive officers. In addition, the Compensation Committee is responsible for adopting, reviewing and administering our compensation policies and programs, including the cash bonus incentive plan and equity incentive plans, which are discussed in more detail below. Our Compensation Committee adheres to a compensation philosophy that (i) seeks to attract and retain qualified executives who will add to the long-term success of the Company, (ii) promotes the achievement of operational and strategic objectives, and (iii) compensates executives commensurate with each executive’s level of performance, level of responsibility and overall contribution to the success of the Company.

In determining the compensation of our Chief Executive Officer and our other executive officers, the Compensation Committee considers the financial condition and operational performance of the Company during the prior year. In determining the compensation for executive officers other than the Chief Executive Officer, the Compensation Committee considers the recommendations of the Chief Executive Officer and comparable market rates.

The Compensation Committee reviews the compensation practices of other companies, based in part on market survey data and other statistical data relating to executive compensation obtained through industry publications and other sources. The Compensation Committee does not seek to benchmark the Company’s compensation program directly with other publicly traded companies or other companies with which we may compete for potential executives since some of these competitors are privately held research and development companies for which executive compensation information is not available.

Components of Executive Compensation for Fiscal 2013 and Fiscal 2014

The elements of the Company's current compensation program are base salary and long-term equity incentives. Our compensation program is designed to provide our executives with incentives to achieve our short-term and long-term performance goals and to pay competitive base salaries. Each Named Executive Officer's current and prior compensation is considered in setting future compensation.

Each of the elements of our executive compensation program is discussed in the following paragraphs.

Base Salaries

Base salaries are based on a number of factors, including the executive's experience level and scope of responsibility, performance level, estimate of future potential and overall contribution. The value of base salary also reflects the employee's long-term performance, skill set and the market value of that skill set. Base salaries for our Named Executive Officers and other highly compensated individuals are reviewed on an annual basis and adjustments made to reflect performance-based factors, as well as competitive conditions. The Company does not apply specific formulas in setting base salaries.

Long Term Equity Incentives

Long term incentive awards are a key element of the Company's total compensation package for individuals in significant positions of responsibility. Such awards may be made under the 2005 Stock Option and Award Plan (the "2005 Plan") to senior management and select employees who are key to the Company's achievement of its long-term goals. The purpose of the 2005 Plan is to promote the long term growth and profitability of Amerityre by (i) providing certain officers and employees with incentives to maximize stockholder value, and (ii) enabling Amerityre to attract, retain and reward the best available persons for positions of responsibility. The 2005 Plan provides for a variety of long-term awards including incentive or non-qualified stock options, restricted stock, and performance awards.

The 2005 Plan is administered by our Compensation Committee. Awards granted under the 2005 Plan may be incentive stock options, or ISOs, as defined in the Internal Revenue Code of 1986, as amended, or the Code, appreciation rights, options which do not qualify as ISOs, or stock bonus awards which are awarded to our employees, including officers, who, in the opinion of the Board of Directors or the Compensation Committee, have contributed, or are expected to contribute, materially to our success.

All of our employees and officers are eligible to participate under the 2005 Plan. A maximum of 3,000,000 shares are available for grant under the 2005 Plan. Under the 2005 Plan, the Board and the Compensation Committee have broad authority to award equity-based compensation arrangements to any eligible employee, director, consultant, or advisor of Amerityre.

Perquisites and Other Benefits

The Company does not provide significant perquisites or personal benefits to executive officers, other than the partial payment of health insurance premiums.

Employment Agreements

As of June 30, 2014, L. Wayne Arnett, was the only officer under an employment agreement, which is on an at-will basis. Mr. Arnett resigned from the Company August 31, 2014. The determination by the Board of Directors to operate without an employment agreement for other key personnel is intended to be a temporary measure to insure the

flexibility to control expenses while assessing the Company's organizational structure. The Compensation Committee and the Board of Directors have considered the risks involved with having no written and binding employment agreements. Balancing the risks of losing key employees with the considerations of financial flexibility is an ongoing process. At this time, we have determined that the flexibility of operating without employment agreements is in the Company's best interest.

For fiscal 2014, monthly compensation of \$7,000 for Timothy L. Ryan, the Company's Chief Executive Officer, was recommended by the Compensation Committee and approved by the Board of Directors. This compensation arrangement is expected to remain in place at the discretion of the Board of Directors. Mr. Ryan also received 750,000 shares of common stock for his service as Chief Executive Officer during the year under the Company's 2005 Stock Option and Award Plan.

For the fiscal year ended June 30, 2014, L. Wayne Arnett received an annual salary of \$96,000 for his service as Chief Financial Officer. Mr. Arnett also received 100,000 shares of common stock for his service as Chief Financial Officer during the year under the Company's 2005 Stock Option and Award Plan.

Both Mr. Ryan and Mr. Arnett have vested options originally granted in 2011 that were extended for 5 years now expiring 2019 – 2021.

Employee Benefits

The Company offers employee health insurance benefits coverage to provide our workforce with a reasonable level of financial support in the event of illness or injury. Health insurance benefits are available to all full time employees, including executive officers of the Company. The executive officers of the Company, including the Named Executive Officers, are eligible on the same basis as all other employees, but do not participate in these plans. The cost of employee benefits is borne 20 percent by each employee and 80 percent by the Company.

Accounting Matters

The Company has adopted the provisions of Accounting Standards Codification 718, Compensation – Stock Compensation (ASC 718), formerly SFAS 123(R), which requires the fair value of options to be recorded as compensation cost in the financial statements. The adoption of ASC 718 has resulted in \$111,973 and \$73,721 in additional compensation costs to be recognized in fiscal 2014 and 2013, respectively.

Stock Option and Stock Bonus Awards

On March 5, 2013, the Board of Directors approved the issuance of 25,000 shares of restricted common stock to an employee as a performance bonus. The total estimated value of the 25,000 shares issued was \$2,750 based on the closing market price on the issuance date of \$0.11 per share.

On July 6, 2011, the Board of Directors cancelled the "2004 Non-Employee Directors' Stock Incentive Plan" and approved the "Directors' 2011 Stock Option and Award Plan". The Company also maintains the 2005 Stock Option and Award Plan, which was previously approved by shareholders, for the purpose of granting option awards to its employees and consultants. Under the 2011 Plan, a total of 3,300,000 shares are authorized for issuance. Each non-executive director is eligible to receive, based on their length of service, options to purchase a total of 300,000 shares at that day's closing price, \$0.17. Any options issued vested over a three year service period as follows: 100,000 on June 30, 2012, 100,000 on June 30, 2013 and 100,000 on June 30, 2014. These options expire two years after vesting. The Director who serves as Audit Chair during the fiscal year will receive an additional 50,000 options per year under the same terms. In June 2014, 1,450,000 options, representing 650,000 share options from the 2012 service period, 400,000 share options from the 2013 service period and 400,000 from the 2014 service period were extended for 5 years.

On June 11, 2014, the Board of Directors of Amerityre Corporation, on the recommendation of the Compensation Committee of the Board, approved the issuance of common stock bonus awards of 750,000 shares for Timothy L. Ryan, the Company's Chief Executive Officer, and 100,000 shares for L. Wayne Arnett, the Company's Chief Financial Officer. The bonuses were determined based on overall compensation and performance through the 3rd quarter of fiscal 2014. The awards will be issued under the 2005 Stock Option and Award Plan.

Stock Ownership Requirements

The Board of Directors has historically encouraged its members and members of senior management to acquire and maintain stock in the Company to link the interests of such persons to the stockholders. However, neither the Board of Directors nor the Compensation Committee has established stock ownership guidelines for members of the Board of Directors or the executive officers of the Company.

Compensation Committee Report On Executive Compensation

The Compensation Committee, comprised of independent and non-independent directors, reviewed and discussed the above Compensation Discussion and Analysis (“CD&A”) with the Company’s management. Based on such review and discussions, the Compensation Committee recommended to the Company’s Board of Directors that the CD&A be included in this Proxy Statement on Schedule 14A relating to the upcoming annual meeting and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended June 30, 2014.

On July 6, 2011, the Board of Directors cancelled the "2004 Non-Employee Directors' Stock Incentive Plan" and approved the "Directors' 2011 Stock Option and Award Plan" (the "2011 Plan"). The 2011 Plan was established to attract, motivate and retain qualified non-employee directors. The Board of Directors authorized a total of 3,300,000 shares for the 2011 Plan. Under the terms of the 2011 Plan, each director was granted options to purchase 300,000 shares at that day's closing price of \$0.17 per share. These options vested over three years as follows, 100,000 on June 30, 2012; 100,000 June 30, 2013; and 100,000 on June 30, 2014. These options expire two years after vesting. However, no fractional shares of common stock will be issued pursuant to any such adjustment, and the fair market value of any fractional shares resulting from adjustments will be paid in cash to the awardee.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS, AND DIRECTOR INDEPENDENCE

For fiscal 2014, Timothy L. Ryan, the Company's CEO and Chairman of the Board of Directors, under board approval receives \$7,000 per month as compensation for his service as President and CEO, with possible additional equity compensation to be determined by the Compensation Committee and the Board of Directors. See compensation tables above.

In August 2012, Director L. Wayne Arnett stepped down as the Audit Committee Chairman in order to fill the vacate position of Chief Financial Officer. As Chief Financial Officer, Mr. Arnett received an annual compensation of \$96,000 per year. Mr. Arnett resigned from the Company as an Officer and from the Board August 31, 2014. See compensation tables above.

During fiscal 2014, John J. Goldberg was appointed as a Regional Sales Manager for the Company. As a Regional Sales Manager, Mr. Goldberg receives a base compensation of \$2,000 per month plus a sales commission on the sales from assigned customer accounts. Total compensation for Mr. Goldberg was \$56,263 in addition to the compensation for his service as a director shown in the tables above.

During fiscal 2014, Michael Sullivan was an Operational Manager Consultant. As an Operational Manager Consultant, Mr. Sullivan receives maximum compensation of \$3,000 a week at \$125 an hour, plus 20,000 stock options monthly May – September 2014. Though Mr. Sullivan was not an employee of the Company as of June 30, 2014, his consulting services were critical to the Company for the period ending June 30, 2014 and resulted in Mr. Sullivan making significant recommendations to management weekly that management adopted. Total compensation for Mr. Sullivan was \$20,624, plus stock options valued at \$2,732.

As of this filing, neither Mr. Ryan, Mr. Goldberg, nor Mr. Sullivan may be deemed independent as that term is defined by the Securities and Exchange Commission, because of their involvement as officers, employees or consultants of the Company.

Amerityre's Chairman of the Board and Chief Executive Officer, Timothy L. Ryan, is also the principal owner of Rhino Rubber LLC, a manufacturing and distribution company for solid industrial tires and wheels. During fiscal 2014 and fiscal 2013, Rhino Rubber LLC purchased a total of \$9,668 and \$6,210, respectively, in tire products from Amerityre. As of June 30, 2014 and 2013, the accounts receivable balances for Rhino Rubber LLC were \$17,089 and \$30,018, respectively.

We currently distribute directly from our manufacturing facility in Boulder City, Nevada and in the past from an independent, contracted warehouse in Ravenna, Ohio. This contract distribution point was unable to support customer requirements, became ineffective and stopped operations in the second quarter of 2014. In order to keep commitments to customers and keep revenue growth positive, distribution and other related services were transferred to Rhino Rubber in Akron, Ohio. Costs for these services were limited to freight, shipping and labor for mounting services. All storage and other fees were waived by Rhino Rubber.

The remaining director, Glenn D. Bougie, is deemed to be independent under the definition of independence per NASDAQ Rule 5605(a)(2), which standard for independence has been adopted by the Company. See compensation tables above.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following tables set forth as of September 30, 2014, the name and address and the number of shares of our Common Stock held of record or beneficially by each person who held of record, or was known by us to own beneficially, more than 5 percent of our issued and outstanding common stock, and the name and shareholdings of each director and of all officers and directors as a group. We believe that all of the persons named in this table have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them, subject to community property laws where applicable and except as indicated in the other footnotes to this table.

STOCKHOLDER PROPOSALS

No proposals have been submitted by stockholders of the Company for consideration at the Annual Meeting. It is anticipated that the next annual meeting of stockholders will be held during December 2015. Stockholders who, in accordance with Rule 14a-8 of the Exchange Act wish to present proposals for inclusion in the proxy materials to be distributed in connection with next year's Annual Meeting Proxy Statement must submit their proposals so that they are received at our principal executive offices no later than the close of business on June 30, 2015, and are otherwise in compliance with applicable laws and regulations and the governing provisions of the articles of incorporation and bylaws of the Company. As the rules of the SEC make clear, simply submitting a proposal does not guarantee that it will be included.

Stockholder proposals and director nominations for our 2014 Annual Meeting not intended for inclusion in the proxy materials for the meeting must be delivered to our principal executive offices no earlier than July 15, 2015 and no later than August 19, 2015 to be considered timely.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, requires our Directors, executive officers and 10 percent stockholders, which we refer to as reporting persons, to file with the SEC initial reports of ownership and changes in ownership of our common stock. Reporting persons are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely on our review of the copies of such reports received or written representations from certain reporting persons that no other reports were required, we believe that during our fiscal year ended June 30, 2014 all reporting persons filed all such reports.

CODE OF ETHICS

We have adopted a Code of Business Conduct that applies to all our directors, officers and employees. A copy of the code of ethics will be provided free of charge upon written request to our Secretary at the address shown on the cover page of this proxy statement and is accessible, free of charge at our website, www.amerityre.com. If we grant waivers from or make amendments to this code of ethics that are required to be disclosed pursuant to the Exchange Act or applicable listing requirements, we will make those disclosures on our website within four business days following the date of such waiver or amendment.

STOCKHOLDERS SHARING THE SAME LAST NAME AND ADDRESS

In accordance with notices that we sent to certain stockholders, we are sending only one copy of our annual report and proxy statement to stockholders who share the same last name and address, unless they have notified us that they want to continue receiving multiple copies. This practice, known as "householding," is designed to reduce duplicate mailings and save significant printing and postage costs as well as natural resources.

If you received a househanded mailing this year and you would like to have additional copies of our annual report and/or proxy statement mailed to you, or you would like to opt out of this practice for future mailings, please submit your request by mail to Amerityre Corporation, 1501 Industrial Road, Boulder City, Nevada 89005. We will promptly send additional copies of the annual report and/or proxy statement upon receipt of such request. You may also contact us if you received multiple copies of the annual meeting materials and would prefer to receive a single copy in the future.

Unfortunately, householding for bank and brokerage accounts is limited to accounts within the same bank or brokerage firm. For example, if you and your spouse share the same last name and address, and you and your spouse each have two accounts containing Amerityre stock at two different brokerage firms, your household will receive two copies of our annual meeting materials—one from each brokerage firm.

OTHER MATTERS

Management does not know of any business other than referred to in the Notice which may be considered at the meeting. If any other matters should properly come before the Annual Meeting, such matters will be properly addressed and resolved and those in attendance will vote on such matters in accordance with their best judgment.
