PROXY STATEMENT FOR 2007 ANNUAL MEETING

INTRODUCTION

Time and Place of the Meeting

Our Board of Directors is furnishing this proxy statement in connection with its solicitation of proxies for use at the annual meeting of shareholders to be held on Monday, May 21, 2007 at 10:00 a.m. at the Hilton Garden Inn, 101 South Front Street, in Albany, Georgia, and at any adjournments of the meeting.

Record Date and Mailing Date

The close of business on April 10, 2007 is the record date for the determination of shareholders entitled to notice of and to vote at the meeting. We first mailed this proxy statement and the accompanying proxy card to shareholders on or about May 5, 2007.

Number of Shares Outstanding

As of the close of business on the record date, Community Capital had 10,000,000 shares of common stock, \$1.00 par value authorized, of which 3,078,612 shares were issued and 3,031,510 shares were outstanding. Each issued and outstanding share is entitled to one vote on all matters presented at the meeting.

VOTING AT THE ANNUAL MEETING

Proposal to Be Considered

Election of Directors. Shareholders will be asked to elect five persons to serve as Class II Directors for a three-year term. The persons nominated to serve as Class II Directors, as well as the continuing directors, are described beginning on page 3.

The Board of Directors recommends a vote FOR approval of this proposal.

Procedures for Voting by Proxy

If you properly sign, return and do not revoke your proxy, the persons appointed as proxies will vote your shares according to the instructions you have specified on the proxy card. If you sign and return your proxy card but do not specify how the persons appointed as proxies are to vote your shares, your proxy will be voted FOR the election of the director nominees and in the best judgment of the persons appointed as proxies as to all other matters properly brought before the meeting. If any nominee for election to the Board of Directors named in this proxy statement becomes unavailable for election for any reason, the proxy will be voted for a substitute nominee selected by the Board of Directors.

You can revoke your proxy at any time before it is voted by delivering a written revocation of the proxy or a duly executed proxy bearing a later date to John H. Monk, Jr., President and Chief Executive Officer of Community Capital, at the main office of Community Capital, or by attending the meeting and voting in person.

Requirements for Shareholder Approval

A quorum will be present at the meeting if a majority of the outstanding shares of common stock is represented in person or by valid proxy. We will count abstentions and broker non-votes, which are described below, in determining whether a quorum exists. Only those votes actually cast for the election of a director, however, will be counted for purposes of determining whether a particular director nominee receives sufficient votes to be elected. To be elected, a director nominee must receive more votes than any other nominee for the particular seat on the Board of Directors. As a result, if you withhold your vote as to one or more nominees, it will have no effect on the outcome of the election unless you cast that vote for a competing nominee. At the present time we do not know of any competing nominees.

Abstentions. A shareholder who is present in person or by proxy at the annual meeting and who abstains from voting on any or all proposals will be included in the number of shareholders present at the annual meeting for the purpose of determining the presence of a quorum. Abstentions do not count as votes in favor of or against a given matter.

Broker Non-Votes. Brokers who hold shares for the accounts of their clients may vote these shares either as directed by their clients or in their own discretion if permitted by the exchange or other organization of which they are members. Proxies that contain a broker vote on one or more proposals but no vote on others are referred to as “broker non-votes” with respect to the proposal(s) not voted upon. Broker non-votes are included in determining the presence of a quorum. A broker non-vote, however, does not count as a vote in favor of or against a particular proposal for which the broker has no discretionary voting authority.

Approval of any other matters that may properly come before the annual meeting requires the affirmative vote of a majority of shares of common stock present in person or by proxy and entitled to vote on the matter. Abstentions and broker non-votes will be counted in determining the minimum number of votes required for approval and will, therefore, have the effect of negative votes.

SOLICITATION OF PROXIES

Community Capital pays for all costs associated with proxy solicitation. Our directors, officers and employees may, without additional compensation, solicit proxies by personal interview, telephone, fax or otherwise. We will direct brokerage firms or other custodians, nominees or fiduciaries to forward our proxy solicitation material to the beneficial owners of common stock held of record by these institutions and will reimburse them for the reasonable out-of-pocket expenses they incur in connection with this process.

Meetings and Committees of the Board

During the year ended December 31, 2006, the Board of Directors of Community Capital held 12 meetings. All incumbent directors attended at least 75% of the total number of meetings of Community Capital's Board of Directors and committees of the board on which he or she serves.

Annual Meeting Attendance. Although the Company does not have a formal policy regarding its directors' attendance at the annual meeting of shareholders, all directors are expected to attend the meeting. All of the directors attended the 2006 annual meeting of shareholders except for Robert Beauchamp and James D. Woods.

Nominating Committee. The Nominating Committee identifies individuals qualified to become directors of the Company and selects or recommends to the Board the director nominees for the next annual shareholders' meeting. The Committee consists of Mary Helen Dykes, William F. McAfee and Jane Anne Sullivan. All of the committee members are independent directors in accordance with Nasdaq Stock Market listing standards. The Nominating Committee held one meeting during the year ended December 31, 2006. The charter of the Nominating Committee was attached as Appendix A to the Company's 2006 Proxy Statement. See "Director Nominations and Shareholder Communications" on page 24.

Compensation Committee. The Board of Directors has established a Compensation Committee which establishes compensation levels for non-executive officers of Community Capital and the Banks, reviews management organization and development, and reviews significant employee benefit programs. The Compensation Committee recommends compensation levels for executive officers of the Company to the Board of Directors for approval by a majority of the independent directors and a majority of the directors. However, no director who is also an executive officer of the Company participates in the deliberation or voting by the Board of Directors or Compensation Committee relating to his or her compensation. The Compensation Committee also administers Community Capital's equity compensation programs, including the Community Capital Bancshares, Inc. 1998 Stock Incentive Plan. The Compensation Committee is chaired by Van Cise Knowles and also includes Charles M. Jones, III, C. Richard Langley and Jane Anne D. Sullivan. The Compensation Committee held six meetings during the year ended December 31, 2006. A copy of the charter of the Compensation Committee is available on the Company's website at www.comcapbancshares.com.

Compensation Committee Interlocks and Insider Participation. Except for Charles M. Jones, III, who served as Chief Executive Officer of the Company through August 20, 2006, no officer, employee, or former officer of Community Capital served as a member of the Compensation Committee in 2006. During 2006, no executive officer of Community Capital served as a director or member of the compensation committee (or group performing equivalent functions) of any other entity of which any of Community Capital's independent directors served as an executive officer.

Audit and Compliance Committee. The Board of Directors has established an Audit and Compliance Committee which is directly responsible for appointing (and dismissing) the independent public accountants to conduct audits of Community Capital's and its subsidiaries' financial statements and to perform other permissible non-audit services. The Audit and Compliance Committee also reviews the independence and qualifications of Community Capital's auditors, the planned scope of the annual audit, any changes in accounting principles, and the effectiveness and efficiency of Community Capital's and its subsidiaries' internal accounting staff. Additionally, the Audit and Compliance Committee provides oversight to Community Capital's and its subsidiaries' compliance with regulatory rules and regulations, including the Community Reinvestment Act.

The Audit and Compliance Committee is chaired by William F. McAfee and also includes Glenn A. Dowling, Mary Helen Dykes and Lawrence B. Willson. All of the members of the Audit and Compliance Committee are independent directors under Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards. Although none of the Audit and Compliance Committee members meets the criteria specified under applicable Securities and Exchange Commission ("SEC") regulations for an "audit committee financial expert," the board believes that each has the financial knowledge, business experience and independent judgment necessary for service on the Audit and Compliance Committee. The Audit and Compliance Committee held nine meetings during the year ended December 31, 2006.

Audit Committee Report

The Audit Committee reports as follows with respect to the audit of Community Capital's 2006 audited consolidated financial statements.

- The Audit Committee has reviewed and discussed Community Capital's 2006 audited consolidated financial statements with Community Capital's management;
- The Audit Committee has discussed with the independent auditors, Mauldin & Jenkins, LLC, the matters required to be discussed by SAS 61, which include, among other items, matters related to the conduct of the audit of Community Capital's consolidated financial statements;
- The Audit Committee has received written disclosures and the letter from the independent auditors required by ISB Standard No. 1 (which relates to the auditor's independence from the corporation and its related entities) and has discussed with the auditors the auditors' independence from Community Capital; and

- Based on review and discussions of Community Capital's 2006 audited consolidated financial statements with management and discussions with the independent auditors, the Audit Committee recommended to the Board of Directors that Community Capital's 2006 audited consolidated financial statements be included in Community Capital's Annual Report on Form 10-K.

COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes our compensation philosophy and policies for 2006 that applied to the executives named below in the Summary Compensation Table (the “Named Executive Officers”). It explains the structure and rationale associated with each material element of each Named Executive Officer’s total compensation, and provides important context for the more detailed disclosure tables and specific compensation amounts provided following this Compensation Discussion and Analysis.

The following discussion and analysis contains statements regarding future individual and company performance targets and goals. These targets and goals are disclosed in the limited context of the Community Capital’s compensation programs and should not be understood to be statements of management’s expectations or estimates of results or other guidance. Community Capital specifically cautions investors not to apply these statements to other contexts.

Overview of Compensation Program

The Compensation Committee of our Board of Directors has overall responsibility for evaluating and approving our compensation plans, policies and programs. All final decisions relating to the compensation of the Named Executive Officers are considered by the full Board of Directors. The objectives of our compensation program are to attract and retain talented executives and to align the executive’s incentives with the long-term interests of our other shareholders. Specifically, our executive compensation program is designed to accomplish the following objectives:

- maintain a compensation program that is competitive among our peers in the banking industry;
- provide opportunities that integrate pay with the annual and long-term performance goals of Community Capital;
- recognize and reward individual initiative and achievements;
- maintain an appropriate balance between base salary and short- and long-term incentive opportunity; and
- allow Community Capital to compete for, retain, and motivate talented executives critical to our success.

Role of Executives

Mr. Monk, President and Chief Executive Officer of Community Capital and Albany Bank & Trust, and Mr. Beckham, President and Chief Executive Officer of AB&T National Bank, may attend a Compensation Committee meeting in order to make a recommendation to the Compensation Committee regarding the compensation paid to executives of Community Capital and the Banks based on corporate and individual performance, or may communicate such recommendations without attending a meeting. Occasionally other executives may attend a Compensation Committee meeting to provide pertinent financial or legal information. Executives in attendance may provide their insights and suggestions, but only Committee members may vote on decisions regarding changes in executive compensation.

Mr. Monk and Mr. Beckham do not provide the recommendations for changes in their own compensation. The Compensation Committee discusses each of Mr. Monk’s and Mr. Beckham’s compensation with him, but final deliberations and all votes regarding their compensation are made without such executive present. For the other

Named Executive Officers, the Compensation Committee considers compensation recommendations from Mr. Monk and Community Capital's overall performance.

7

Peer Group Surveys

Our Compensation Committee seeks to target executive compensation that the Compensation Committee believes to be consistent with others in the banking industry. We do not currently engage in a formal benchmarking process in order to set compensation levels, but we recognize that information regarding pay practices at other companies is useful in at least two respects. First, we recognize that our compensation practices must be competitive in the banking industry. Second, this information is one of the factors that the Compensation Committee considers in assessing the reasonableness of compensation.

In selecting appropriate companies to survey regarding compensation information, Community Capital selects a peer group of banks that have comparable asset size, complexity and products and markets (the "Peer Group"). This Peer Group data is obtained from salary surveys provided by state banking associations, which include data from participating financial institutions representing a wide variety of sizes and locations throughout the state. The Compensation Committee compares the performance of Community Capital to the performance of the Peer Group and establishes the Company's compensation similar to or more or less than the Peer Group consistent with its goal of competitively compensating the Named Executive Officers.

Establishing Compensation Levels

The Compensation Committee relies upon its judgment about each individual, and not on rigid formulas or short-term changes in business performance, in determining the amount and components of compensation elements and whether each particular payment or award provides an appropriate incentive and reward for performance that sustains and enhances long-term shareholder value.

Community Capital believes that the compensation of its executive officers should reflect their success as a management team and as individuals in attaining key operating objectives, such as growth of revenue, loans and deposits; growth of operating earnings and earnings per share; growth or maintenance of market share, long-term competitive advantage, customer satisfaction and operating efficiencies; and, ultimately, in attaining long-term growth in the market price of Community Capital's stock. Community Capital believes that the performance of executive officers in managing the Company, considered in light of general economic and specific company, industry and competitive conditions, should be the basis for determining their overall compensation.

In setting and approving compensation of the Named Executive Officers, the Compensation Committee considers objective measurements of business performance, the accomplishment of strategic and financial objectives, the development of management talent within the Company, and other matters relevant to the short-term and the long-term success of the Company and the enhancement of shareholder value in the broadest sense. As described above, the Compensation Committee also considered the recommendations of Mr. Monk and Mr. Beckham in determining the compensation of executive officers other than themselves.

The Compensation Committee has the authority to retain, at the expense of Community Capital, such compensation consultants, outside counsel and other advisers as the Compensation Committee may deem appropriate in its sole discretion. The Compensation Committee has the sole authority to approve related fees and retention terms. The Compensation Committee did not retain a consultant to assist in the development or review of its compensation programs in 2006 and has no current plans to do so in 2007.

Base Salary. We intend to provide our Named Executive Officers with a level of assured cash compensation based on the individual's position, experience, performance, past and potential contribution to the Company, and level of responsibility, as well as our overall financial performance. The base salaries of the Named Executive Officers are adjusted once annually as determined by the Board of Directors. For 2007, the Compensation Committee has set Named Executive Officers base salaries as follows:

Named Executive Officer	2007 Base Salary	Percentage Increase
John H. Monk, Jr.	210,000	3.44%
David J. Baranko	112,000	3.70%
Keith G. Beckham	138,600	5.00%

Mr. Monk's salary increase was set by the terms of his employment agreement. The salary increases for Messrs. Baranko and Beckham were based upon their current salary levels in relation to comparable positions in the local market and cost of living increases.

Bonus. We also use annual cash awards, or bonuses, to focus attention on current strategic priorities and drive achievement of short-term corporate objectives. The Compensation Committee determined bonuses subjectively after reviewing the Company's unaudited financial performance for 2006 and the bonus payments made by the Peer Group. In each case, the Compensation Committee considered its subjective view of the Named Executive Officer's individual efforts toward the Company's overall performance. This performance review not only includes measures of the Company's financial performance but also contributions by the individuals to the Company in connection with changes in management during the year and efforts to comply with regulatory matters. Messrs. Baranko, Joiner and Beckham were eligible to receive annual cash awards, and the Compensation Committee determined bonus paid for 2006 in January 2007.

For 2006, the Compensation Committee awarded a cash bonus of \$8,000, or 7.4% of annual base salary, to Mr. Baranko, a cash bonus of \$15,000, or 10.71% of annual base salary, to Mr. Joiner, and a cash bonus of \$15,000, or 11.36% of annual base salary, to Mr. Beckham. These amounts were deemed appropriate based upon the criteria listed above.

Equity Compensation. The Compensation Committee has designed Community Capital's equity incentive awards to serve as the primary vehicle for providing long-term incentives to executive officers and key employees. Community Capital also regards equity incentive awards as a key retention tool. These grants are given both as rewards for past performance and as employment contract incentives.

The Company's 1998 Stock Incentive Plan permits the Company to grant stock options to executive officers and other key management personnel. The Compensation Committee believes that stock options align the recipient's interests with those of the shareholders, and the vesting period encourages recipients to continue working for the Company. The amount of options awarded to a recipient is based on the Company's overall performance and the performance of the recipient during the year. Performance is evaluated based on the prior year's financial indicators as compared to plan, as well as other contributions to the Company. No stock options were granted based on the Company's performance in 2006.

Tax Qualified Retirement Plans. The Compensation Committee believes that retirement benefits provide financial security to executives and their families for the executives' service to the Company. The Company sponsors two defined contribution retirement plans in which all qualified employees may participate: a 401(k) plan and an Employee Stock Purchase Plan (the "ESPP"). Participation in the plans is voluntary and contribution amounts are determined by the participants subject to IRS regulations. The plans provide for matching amounts by the Company which are the same percentages for all participating employees. The purpose of the 401(k) plan is to provide participating employees with an opportunity to accumulate capital for their future economic security through their elective deferrals and Company contributions. The purpose of the ESPP is to provide participating employees with an opportunity to obtain beneficial interests in the Company by purchasing Company stock at a discounted price.

Other Compensation. Our Named Executive Officers also participate in our broad-based employee benefit plans, such as medical, dental, disability and term life insurance programs.

We also provide the following perquisites: business and personal use of a Company car for transportation for the executive, his/her customers, employees and directors; social and civic club dues for networking and entertaining; travel expenses for a spouse to join on business trips, and business and personal use of a cell phone for accessibility. The incremental costs of these perquisites did not exceed \$10,000 for any of our Named Executive Officers.

Allocation Among Components

Compensation for executive officers is allocated among annual base salary, annual cash bonus awards and equity incentive compensation awards. The Compensation Committee chooses to pay each element of compensation in order to attract, retain and motivate highly qualified executive talent, reward superior annual performance and provide incentive for their balanced focus on long-term strategic goals and increasing shareholder value as well as short-term performance. The amount of each element of compensation is determined by or under the direction of the Compensation Committee, which uses the following factors to determine the amount of salary and other benefits to pay to each executive: Peer Group survey data, performance against corporate and individual objectives for the previous year, difficulty of achieving desired results in the coming year; value of their unique skills and capabilities to support Community Capital's long-term performance, performance of their general management responsibilities; and, contribution as a member of the executive management team. These elements are designed to be competitive with comparable employers and to align the executives' incentives with the long-term interests of Community Capital's shareholders.

Although the Compensation Committee does not set overall compensation targets and then allocate among the elements, it does review total compensation when making decisions on each element of compensation to ensure that the total compensation for each executive officer is justified and appropriate in the best interests in of the Company.

Severance Benefits

Community Capital provides severance benefits to certain executive officers in order to attract and retain executives and in recognition of the restrictive covenants that such executives are subject to following termination of employment. Severance benefits are paid to executives in the event of a termination by the Company without cause, termination by the executive for cause, or in the event of the permanent disability of the executive.

Change in Control

We believe it is appropriate to protect our senior management and other employees in the event of a change in control. Further, it is our belief that the interests of shareholders will be best served if the interests of our senior management are aligned with them, and we believe providing change in control benefits should eliminate, or at least reduce, the reluctance of management to pursue potential change in control transactions that may be in the best interests of shareholders. Change in control payments are payable to certain executive officers if within 12 months prior to or 24 months following a change in control the executive's employment is terminated by the Company without cause or by the executive for cause.

Review of Prior Amounts Granted and Realized

Our goal is to retain and reward executives relative to driving superior future performance on a continuous basis. The Compensation Committee does not consider prior stock compensation gains as a factor in determining future compensation levels.

Adjustment or Recovery of Awards

We have not adopted a formal policy or any employment agreement provisions that enable recovery, or “clawback,” of incentive or bonus awards in the event of misstated or restated financial results. However, Section 404 of the Sarbanes-Oxley Act does provide some ability to recover such awards in certain circumstances. If Community Capital is required to restate its financial statements due to noncompliance with any financial reporting requirements as a result of misconduct, our Chief Executive and Financial Officers must reimburse Community Capital for (i) any bonus or other incentive, or equity-based compensation received during the 12 months following the first public issuance of the non-complying document, and (ii) any profits realized from the sale of securities of Community Capital during these 12 months.

Timing of Equity Grants

Equity grants to existing employees are made in January of each year as a reward for the performance of the Company during the prior year. Equity grants are also made to new employees as incentive to attract qualified individuals to work for us. All previous equity grants were made following Compensation Committee approval.

Tax and Accounting Considerations

We take into account tax and accounting implications in the design of its compensation programs. For example, in the selection of long-term incentive instruments, the Compensation Committee reviews the projected expense amounts and expense timing associated with alternative types of awards. Under current accounting rules (i.e., FAS 123(R)), we must expense the grant-date fair value of share-based grants such as restricted stock and SARs. The grant-date value is amortized and expensed over the service period or vesting period of the grant.

Section 162(m) of the Internal Revenue Code places a limit on the tax deduction for compensation in excess of \$1 million paid to the chief executive officer and four most highly compensated executive officers of a corporation in a taxable year. The Compensation Committee retains the flexibility, however, to pay non-deductible compensation if it believes doing so is in our best interests.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

When awarding stock options, the Compensation committee set option exercise prices at the market close price on the date of grant. Stock options vest over a number of years in order to encourage employee retention and focus management's attention on sustaining financial performance and building shareholder value over an extended term. Typically, vesting is in equal increments over a five-year period from the date of grant.

The following table sets forth information as of December 31, 2006 regarding plans that provide for payment or other benefits at, following, or in connection with the retirement of our named executive officers.

Paul E. Joiner, Jr.	Salary Continuation Agreement	2	134,000	-
Keith G. Beckham	-	-	-	-

On September 13, 2004, Community Capital and Albany Bank & Trust entered into salary continuation agreements with Messrs. Lee and Joiner. These agreements provided for supplemental retirement benefits in favor of each of these executive officers. Generally, under these agreements, Mr. Lee and Mr. Joiner would have received supplemental retirement benefits due to retirement on or after reaching age 65 or in the event of an earlier termination of employment due to disability, death or upon a change in control of Community Capital or Albany Bank & Trust. In addition, benefits also would have been payable if the executive terminated employment (other than for cause) after attaining at least age 62 or, if later, after completing 10 years of employment. The normal retirement benefits were generally payable over a 15-year period. The amount of the normal retirement benefits available to Mr. Lee and Mr. Joiner under the salary continuation agreements was determined by a formula that consisted of both fixed and variable components. The fixed component was equal to a specified percentage of the executive's final average salary. For Mr. Lee, the fixed percentage was 50% and for Mr. Joiner, the fixed percentage was 40%. The variable component of the normal retirement benefit was determined based upon the executive's satisfaction of specified performance goals. Each executive had the opportunity to increase his fixed benefit percentage by up to another 20% under the variable component of the formula. The amount of the benefit payable other than due to retirement at or after age 65 was based upon the portion of the normal retirement benefit obligation that the Company had accrued at the time of the other payment event under generally accepted accounting principles. These benefit amounts were also paid, generally, over a period of 15 years commencing once the executive attained age 65; except that any benefit payable upon a change in control or due to death was payable immediately in a lump sum. The salary continuation agreements represented unfunded obligations of Community Capital and Albany Bank & Trust and, as such, benefits were payable from general assets; however, the Company had purchased bank-owned life insurance to assist it in satisfying the obligations represented by these agreements.

Mr. Lee's salary continuation agreement terminated as of the date of his resignation, March 17, 2006. Mr. Joiner's salary continuation agreement terminated as of the date of his resignation, March 2, 2007. As a result, no supplemental retirement benefits are payable to Mr. Lee or Mr. Joiner.

Non-Qualified Deferred Compensation Table

The Company does not have any plans that provide for the deferral of compensation on a basis that is not tax-qualified.

Potential Payments Upon Termination or Change-in-Control

The discussion and table below reflect the amount of compensation to each of the Named Executive Officers of Community Capital in the event of termination of such Named Executive Officer's employment. The amounts shown assume a termination date of December 31, 2006; such amounts are estimates. Amounts do not include compensation and benefits available to all of Community Capital's general employees. Potential payments to Mr. Lee are not included in the table below as Mr. Lee's employment with the Company ended on March 17, 2006. Community Capital has entered into separate employment arrangements with each of Messrs. Monk, Baranko, and Beckham. Community Capital also entered into employment agreements and salary continuation agreements with Messrs. Lee and Joiner, which agreements have terminated. Summaries of these agreements are provided beginning on page 17, and payments upon termination or change-in-control are specified in this section.

Under the agreement, Mr. Monk received 10,000 options upon the execution of the agreement and 5,000 additional options on January 1, 2007. Additionally, the agreement requires Community Capital to provide Mr. Monk with health insurance, life insurance, an automobile, reimbursement for moving expenses up to \$7,000, vacation time, reimbursement for reasonable business expenses, club memberships and other customary benefits.

Generally, in the event (1) Mr. Monk is terminated by Community Capital without cause or (2) Mr. Monk terminates his employment with cause, Community Capital will be required to meet its obligations with respect to Mr. Monk's salary and incentive compensation for a period equal to twelve months from the date of termination. Mr. Lee had a 90 day period following the termination date to exercise any options that had vested as of that date. Finally, Community Capital paid Mr. Lee's COBRA premiums for continued health insurance coverage for a 12-month period. Under the agreement, Mr. Baranko's 2006 base salary was \$108,000 per year. The President of Albany Bank & Trust is required to review the base salary amount annually, and the base salary may be increased each year by an amount determined by the President. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Community Capital's directors and executive officers and persons who own beneficially more than 10% of Community Capital's outstanding common stock to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in their ownership of

Community Capital's common stock. Directors, executive officers and greater than 10% shareholders are required to furnish Community Capital with copies of the forms they file. To our knowledge, based solely on the Company's review of the Section 16 Reports furnished by its Reporting Persons, David J. Baranko, Keith G. Beckham, Bennett D. Cotton, Glenn A. Dowling, Mary Helen Dykes, David C. Guillebeau, John H. Monk, Jr., Van Cise Knowles, William F. McAfee, Mark M. Shoemaker, Jane Anne Sullivan, John P. Ventulett, Jr. and Lawrence B. Willson each filed a late report for one transaction in Community Capital's common stock, James Woods filed two late reports for two transactions in Community Capital's common stock, Paul Joiner and Richard Langley each filed two late reports for three transactions in Community Capital's common stock, and Charles M. Jones III filed three late reports for fourteen transactions in Community Capital's common stock.

RELATIONSHIPS AND RELATED TRANSACTIONS

From time to time our directors, officers and their affiliates, including members of their families or businesses and other organizations with which they are associated, may have banking transactions in the ordinary course of business with the Banks. The Company recognizes that related party transactions can present potential or actual conflicts of interest and create the appearance that the Company's decisions are based on considerations other than its best interests and its shareholders. Therefore, the Board of Directors has adopted a formal written policy with respect to related party transactions.

For the purpose of the policy, a “related party transaction” is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which the Company (including any of its subsidiaries) was, is or will be a participant and the amount involved exceeds \$100,000, and in which any related party (as defined in the policy) had, has or will have a direct or indirect material interest.

Under the policy, prior to entering into the related party transaction (a) the related party, (b) the director, executive officer, nominee or beneficial owner who is an immediate family member of the related party, or (c) the Company personnel responsible for the potential related party transaction shall provide notice to the Chief Financial Officer of the facts and circumstances of the proposed related party transaction. The Board will consider all of the relevant facts and circumstances available to it, including (if applicable) but not limited to: the benefits to the Company; the impact on a director’s independence in the event the related party is a director, an immediately family member of a director or an entity in which a director is a partner, shareholder or executive officer; the availability of other sources for comparable products or services; the terms of the transaction; and the terms available to unrelated third parties or to employees generally. The Board will approve only those related party transactions that are in, or are not inconsistent with, the best interests of the Company and its shareholders, as the Board determines in good faith.

The current policy was formalized and adopted in March 2007. All related party transactions since January 1, 2006, which were required to be reported in this Proxy Statement, were approved by a majority of the directors, including a majority of the directors who do not have an interest in transaction.
