As of December 24, 2002, the plaintiff has indicated that it may drop Mr. Smith as a defendant, and Mr. Smith believes that the matter will be resolved shortly.

Item 2. Acquisition of Assets.

Merger of MSAC and MSS.

On July 12, 2002, MSAC merged with and into MSS pursuant to the Merger Agreement (the "MSS/MSAC Merger"). The MSS/MSAC Merger has been accounted for as a reorganization. Prior to the MSS/MSAC Merger and in an effort to satisfy the conditions of the Merger Agreement, MSS had entered into agreements to acquire certain entities: Digit Digital Experiences Limited, a United Kingdom corporation ("Digit"), Global Systems and Technologies Corp., a Virginia corporation ("GSS"), PFA Research Limited, a UK corporation ("PFAR") and Prime Marketing Publications Limited, a UK corporation ("PMP") (collectively, the "Acquired Entities") which MSS believed complemented its business of providing computer solutions and consulting.

Edgar Filing: METASOURCE GROUP INC - Form 8-K/A

As of December 24, 2002, we have decided not to close three of these acquisitions: PMP, PFAR, and GSS. In the case of PMP and PFAR, our primary reason not closing these acquisitions was a downturn in the business prospects of these companies as our audit was being performed. In the case of GSS, the primary reason not to close the transaction was incomplete financial records as determined in our audit process. We were also having difficulty in receiving cooperation from GSS.

In performing our due diligence on these companies, we collected and verified information regarding financial performance and liability exposure. We further relied on our audit for final confirmation of all information we collected. We agreed to value our acquisitions solely on the results of our audit. Because our audit reflected declining financial performance, we believe we are under no obligation to give consideration for the acquisitions.

We decided to not to close the transaction to acquire PMP because PMP was losing significant amounts of money and PMP management had recently indicated to us that sales visibility remained low. Our management decided it was in the best interest of the shareholders to terminate our relationship with PMP in order to avoid significant losses. We believe our earnings are higher as a result of not closing this transaction. Prior to terminating our relationship with PMP, we had lent and invested over \$300,000 to PMP and its principals. Our management intends to pursue all appropriate measures to gain recourse to these funds.

3

We decided not to close the transaction acquiring PFAR for the same reasons detailed above for PMP. PFAR was losing relatively significant amounts of money and sales visibility remained low for the foreseeable future. Our management decided it was in the best interest of the shareholders to terminate our relationship with PFAR to avoid significant losses. We believe our earnings are higher as a result of not closing the transaction to acquire PFAR. Prior to terminating our relationship with PFAR, we lent and invested over \$15,000 to PFAR and its principals. We decided not to continue funding such losses and we will pursue all appropriate measures to gain recourse to these funds.

We decided not to close the transaction to acquire GSS because our audit of GSS's records revealed incomplete information. Our management decided it was in the best interest of the shareholders to not close on the acquisition in order to limit potential undiscovered liabilities. GSS also failed to cooperate with our audit, as required by the GSS Acquisition Agreement.

The Acquired Entities are described more particularly below. We intend to pursue further acquisitions with the goal of becoming a provider of software solutions and technology consulting. We intend to focus on acquiring companies that complement MSS's existing assets.

1. Mechanics of the Merger. The separate corporate existence of MSAC ceased when the Certificate of Merger was filed with the Delaware Secretary of State on July 12, 2002, and MSS was the surviving corporation. The charter documents of MSS are the charter documents of the surviving corporation.

2. Share Conversion. Pursuant to the Merger Agreement, we issued 10,986,600 shares of our common stock to the MSS shareholders in exchange for all the issued and outstanding shares of MSS common stock. The holders of MSS common stock immediately prior to the MSS/MSAC Merger will receive one share of MSG stock for each share of MSS stock owned by such holder. The number of shares issued to the MSS shareholders may be reduced pro rata if the following occurs:

If the net annual earnings for the year ending December 31, 2001 for the

Edgar Filing: METASOURCE GROUP INC - Form 8-K/A

entities acquired pursuant to the Merger Agreement ("Acquired Entities"), do not equal or exceed \$2,000,000, then the number of shares issuable under the Merger Agreement shall be reduced, pro rata, by the number of shares equal to the total shortfall. Two of our principal shareholders, Courtney Smith and Angela Chen, have agreed that any shortfall will be taken only from their holdings, and will not reduce the holdings of any other shareholders. For example, if the total net earnings of the Acquired Entities are \$1,800,000, the shortfall is 10% of \$2,000,000, such that the total number of shares issuable to Mr. Smith and Ms. Chen under the Merger Agreement would be reduced to account for that 10%. Net earnings are to be determined according to U.S. GAAP, as verified by our auditor.

3. Share Restrictions. The shares of MSG common stock issued pursuant to the Merger Agreement shall bear a restricted legend indicating that the shares are "restricted" securities and are not transferable unless certain conditions are satisfied pursuant to applicable securities laws. In addition to any restrictions on transfer pursuant to applicable securities laws, the shares of MSG common stock issued pursuant to the Merger shall have the following additional restrictions:

- a) No shares of MSG common stock issued pursuant to the Merger Agreement may be transferred within 12 months of the Closing Date.
- b) After 12 months from the Closing Date, 50% of the holder's shares may be transferred subject to the provisions of the applicable securities laws.
- c) After 24 months from the Closing Date, the remaining 50% of the holder's shares may be transferred subject to the provisions of the applicable securities laws.

In addition to the above restrictions and any restrictions on transfer pursuant to the applicable securities laws, MSS's officers, directors and any of their agents, relatives, affiliates and any entities controlled by MSS's officers, directors, and any holders of more than 5% of MSG's stock issued pursuant to the MSS/MSAC Merger ("MSG Insiders") shall be subject to the following additional restrictions:

4

- a) No shares of MSG common stock issued pursuant to the Merger may be transferred within 12 months of the issuance pursuant to the Merger.
- b) After 12 months from the Closing Date, 25% of MSG common stock held by an MSG Insider may be transferred, subject to any applicable securities regulations.
- c) After 18 months from the Closing Date, an additional 25% of the MSG Insider's MSG common stock may be transferred, subject to any applicable securities regulations.
- d) After 24 months from the Closing Date, an additional 25% of the MSG Insider's MSG common stock may be transferred, subject to any applicable securities regulations.
- e) After 30 months from the Closing Date, the remaining 25% of the MSG Insider's MSG common stock may be transferred, subject to any applicable securities regulations.

4. Financing. On July 12, 2002, and pursuant to the Merger Agreement, we issued three convertible debentures to three investors for a total of \$2,000,000. One

Edgar Filing: METASOURCE GROUP INC - Form 8-K/A

of those investors had previously loaned us \$350,000, which we had loaned to MSS pursuant to the Merger Agreement, Amendment No.1 and Amendment No. 2. Upon the closing of the MSS/MSAC Merger, the investor agreed to convert that promissory note in exchange for a convertible debenture in the amount of \$350,000. The terms of those convertible debentures are as follows:

- a) The debentures shall bear interest of eight percent (8%).
- b) Interest and principal shall be due and payable on July 12, 2003.
- c) The debenture holders shall have the right, at any time on or prior to July 11, 2003, to convert that debt into one share of our common stock at \$2.25 per share and one warrant to purchase one share of our common stock at \$2.50 per share.
- d) Upon seventy five (75) days prior written notice, we have the right to require and compel the debenture holders to convert the principal indebtedness into shares of common stock at such time as our historical net annual income, evidenced by reviewed financial statements, exceeds Five Million Dollars (\$5,000,000).

Merger of MetaSource Systems UK and MSS. Immediately prior to the MSS/MSAC Merger, MSS merged with MetaSource Systems UK, a United Kingdom corporation ("MSS UK"). MSS became the surviving entity in that merger. Courtney Smith, our sole officer and director, is a director and a shareholder of MSS UK. The Agreement of Merger between MSS and MSS UK is attached to this Form 8-K as Exhibit 2.6. MSS agreed to issue 986,600 shares of MSS common stock to the shareholders of MSS UK in exchange for all the issued and outstanding stock of MSS UK. The merger between MSS and MSS UK will be accounted for as a reorganization.

MSS Agreement with Digit. Pursuant to an acquisition agreement (the "Digit Agreement"), MSS obtained the right to acquire Digit. The Agreement of Merger between MSS, Digit, and Digit Stockholders is attached as Exhibit 2.2. According to the Digit Agreement, the shareholders of Digit will be issued shares of MSS's common stock (the "Digit Exchange Shares") in exchange for all the issued and outstanding stock of Digit. Each Digit shareholder is to be issued Digit Exchange Shares based on their pro rata ownership of Digit stock. The ultimate number of Digit Exchange Shares to be issued to the Digit shareholders will be calculated using the following formula: ADD--the average of 5 times Digit net earnings from April 1, 2001 through March 31, 2002 with 5 times the Digit net earnings from April 1, 2002 through March 31, 2003, and DIVIDE BY the average trading price (defined hereinafter) of MSS's common stock on the first twenty days of public trading of MSS's shares. "Net earnings" are to be determined by MSS's auditor using U.S. GAAP. The "average trading price" shall be calculated with reference to the average of high and low prices on the first twenty days of public trading as reported on finance.yahoo.com.

The Digit shareholders agreed to place all of the Digit Exchange Shares in escrow for a period of one year. Within 60 days of March 31, 2003, additional Digit Exchange Shares will be added according to the formula above if Digit's net earnings for the period beginning April 1, 2002 and ending March 31, 2003 are greater than the average of April 1, 2001 through March 31, 2002 Digit earnings. If Digit net earnings for the period beginning April 1, 2002 and ending March 31, 2003 are less than the average of April 1, 2001 through March 31, 2002, Digit earnings, the appropriate number of Digit Exchange Shares will be subtracted according to the formula above.

Merger of Kensington Consulting Acquisition Corporation and Kensington Group, Inc. Immediately following the MSS/MSAC Merger, and also on July 12, 2002, our wholly-owned subsidiary, Kensington Consulting Acquisition Corporation, a Delaware corporation ("KCAC") filed a Certificate of Merger to merge into and with (the "KG/KCAC Merger") Kensington Group, Inc., a Massachusetts corporation ("KG"). KCAC was to be the surviving entity and take the name "Kensington Management Consulting, Inc." ("KMC"). KCAC changed its name on December 13, 2002 to "KGI: Kensington Management Consultants, Inc." The KG/KCAC Merger is attached as Exhibit 2.7 and was consummated with the following terms and conditions:

Prior to the consummation of KG/KCAC Merger, Norma LaRosa, officer and director of KG, entered into a Share Purchase Agreement whereby she agreed to purchase all the stock of Efrem Mallach. Norma LaRosa ("KG Shareholder") entered into the KG/KCAC Merger Agreement as the sole shareholder of KG. Pursuant to that agreement, the KG Shareholder shall receive an amount of our common stock (the "KG Exchange Shares") according to the following formula: KG's net income for the calendar year ended December 31, 2001 (the "2001 Income"), multiplied by five (5), divided by the average between the high, low and closing price of shares of our common stock on July 16, 2002 (the "Average Price"), but not more than \$5.50 per share. "Net Income" shall be determined by our auditor in accordance with U.S. GAAP applying the accounting policies and procedures historically used by KG. The KG Exchange Shares shall be held in escrow as described below.

On or before August 30, 2003, the KG Exchange Shares issued to the KG Shareholder will be adjusted according to the following formula: as soon as practicable after June 30, 2003, KG will determine its net income for the period from July 1, 2002 to June 30, 2003 (the "2003 Income"). If the average of the 2003 Income and the 2001 Income exceeds, by more than 10%, the 2001 Income, then the KG Shareholder will be issued additional KG Exchange Shares determined by multiplying (A) the difference between (i) the average of the 2003 Income and the 2001 Income and (ii) the 2001 Income by (B) 5 and dividing that product by the Average Price.

If the average of KG's 2003 Income and the 2001 Income is more than 10% less than the 2001 Income, then the KG Shareholder shall return to us that number of KG Exchange Shares determined by multiplying (A) the difference between (i) the 2001 Income and (ii) the average of the 2001 Income and the 2003 Income by (B) 5 and dividing that product by the Average Price.

In the event that the average of 2003 Income and the 2001 Income exceeds the 2001 Income by more than 10%, we have agreed to issue additional KG Exchange Shares, as determined herein, within 5 business days of the determination of the 2003 Income, but in no event later than August 30, 2003. In the event that the 2001 Income exceeds the average of the 2001 Income and 2003 Income by more than 10%, we will receive that number of KG Exchange Shares determined in accordance with the formula above within 5 business days of the determination of the 2003 Income, but in no event later than August 30, 2003. In the event that the average of the 2003 Income and 2001 Income is within 10% of (either plus or

Edgar Filing: METASOURCE GROUP INC - Form 8-K/A

minus) the 2001 Income, there shall be no adjustment.

Additionally, certificates representing 50% of the immediately issued KG Exchange Shares shall be delivered to an escrow agent and certificates evidencing and representing the remaining 50% of the immediately issued KG Exchange Shares shall be delivered to the KG Shareholder pursuant to the provisions of the KG/KCAC Merger Agreement.

Pursuant to the terms of an employment agreement, Norma LaRosa, co-founder of KG, has agreed to serve as the chief executive officer of KMC, which is now our wholly-owned subsidiary. The term of the employment agreement is two years beginning July 12, 2002, and is renewable on a yearly basis thereafter. Her gross annual salary shall be \$85,000, plus certain employee benefits as detailed in the employment agreement attached hereto as an exhibit.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1

The accompanying condensed consolidated financial statements include our accounts as well as our wholly owned subsidiaries. All significant inter-company transactions and balances have been eliminated. In our opinion, the accompanying unaudited consolidated financial statements reflect all adjustments, which are of a normal recurring nature, necessary for a fair presentation of the results for the periods presented.

The results of operations presented for the three and nine months ended September 30, 2002 are not necessarily indicative of the results to be expected for any other interim period or any future fiscal year. The accompanying consolidated financial statements should be read in conjunction with the

Edgar Filing: METASOURCE GROUP INC - Form 8-K/A

financial statements for the six months ended June 30, 2002 and years ended 2001 and 2000 included in our amended Form 8-K/A filed with the Securities and Exchange Commission on December 26, 2002.

Basis of Presentation

On July 12, 2002 MetaSource Group ("MSGR") and MetaSource Systems ("MS") executed a business combination agreement that provided for MSGR acquiring all of the issued and outstanding common stock of MS. In connection with the transaction, the shareholders of MS received 10,000,000 shares of MSGR common stock for their 10,000,000 shares of MS. As a result of this transaction, the former shareholders of MS acquired or exercise control over a majority of the shares of MSGR. Accordingly the transaction has been treated for accounting purposes as a recapitalization of MS and, therefore, these financial statements represent a continuation of the accounting acquirer, MS, not MSGR, the legal acquirer. In accounting for the transaction:

i) MS is deemed to be the purchaser and surviving company for accounting purposes. Accordingly, its net assets are included in the balance sheet at their historical book values.

ii) Control of the net assets and business of MSGR was acquired effective July 12, 2002 (the "Effective Date"). This transaction has been accounted for as a purchase of MSGR by MS.

iii) The consolidated statements of operations and cash flows include MS's results of operations and cash flows from November 27, 2001 (date of inception) and MSGR's results of operations from the Effective Date. MSGR had no operations subsequent to the Effective Date.

NOTE 2 -- Notes Payable

On July 12, 2002, and pursuant to the Merger Agreement, we issued three convertible debentures to three investors for a total of \$2,000,000. Of the three convertible debentures, one was for \$1,000,000 and a second was for \$650,000. The third convertible debenture was for \$350,000, which was exchanged for a promissory note we had previously issued to an investor who had previously loaned us \$350,000, which we in turn was loaned to our wholly-owned subsidiary, MetaSource Systems, Inc. Upon the closing of the merger between our wholly owned subsidiary, MetaSource Acquisition Corporation and MetaSource Systems, Inc., the investor who loaned us the funds agreed to convert that promissory note in exchange for a convertible debenture in the amount of \$350,000. The general terms of all three convertible debentures are similar and are as follows:

14

- o The debentures shall bear interest of eight percent (8%).
- o Interest and principal shall be due and payable on July 12, 2003.
- o The debenture holders shall have the right, at any time on or prior to July 11, 2003, to convert that debt into one share of our common stock at \$2.25 per share and one warrant to purchase one share of our common stock at \$2.50 per share.
- o Upon seventy five (75) days prior written notice, we have the right to

Edgar Filing: METASOURCE GROUP INC - Form 8-K/A

require and compel the debenture holders to convert the principal indebtedness into shares of common stock at such time as our historical net annual income, evidenced by reviewed financial statements, exceeds Five Million Dollars (\$5,000,000).

NOTE 3 -- Notes Receivable

LaRosa Promissory Notes. MetaSource Systems, Inc., agreed to loan Norma LaRosa, the officer and director of Kensington Group, certain sums at 2.84% interest per annum. To date we have loaned Ms. LaRosa \$135,000. The loan is full-recourse. The principal and all accrued interest is due and payable no later than July 12, 2004. As collateral for the loan, Ms. LaRosa agreed to deposit in escrow that portion of our shares owned by her equal in value to \$560,000 as determined by taking the average of the high, low, and closing price of our stock on July 16, 2002.

PMP Financing Agreement. MetaSource Systems, Inc., entered into an Agreement of Financing with Mike Price, a director of PMP, wherein MetaSource Systems, Inc., agreed to loan Mike Price certain sums. To date we have loaned Mr. Price over \$250,000. The loan is a full recourse loan with a due date of July 13, 2004.

NOTE 4 -- Recent accounting pronouncements

On July 20, 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") 141, "Business Combinations," and SFAS 142, "Goodwill and Intangible Assets." SFAS 141 is effective for all business combinations completed after June 30, 2001. SFAS 142 is effective for fiscal years beginning after December 15, 2001; however, certain provisions of this Statement apply to goodwill and other intangible assets acquired between July 1, 2001 and the effective date of SFAS 142. The Company does not believe that these statements will have a material affect on the Company's financial statements.

In August 2001, the FASB issued Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"). This statement is effective for fiscal years beginning after December 15, 2001. This supersedes Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of," while retaining many of the requirements of such statement. The Company is currently evaluating the impact of the statement.

Use of estimates in financial statements

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

MetaSource Systems, Inc.

Notes to Financial Statements

December 31, 2001 and June 30, 2002 (Information with respect to June 30, 2002 is unaudited)

Recent accounting pronouncements

On July 20, 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") 141, "Business Combinations," and SFAS 142, "Goodwill and Intangible Assets." SFAS 141 is effective for all business combinations completed after June 30, 2001. SFAS 142 is effective for fiscal years beginning after December 15, 2001; however, certain provisions of this Statement apply to goodwill and other intangible assets acquired between July 1, 2001 and the effective date of SFAS 142. These

Edgar Filing: METASOURCE GROUP INC - Form 8-K/A

statements will have no affect on the Company's financial statements as there was no goodwill or intangible assets on the balance sheets.

In August 2001, the FASB issued Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"). This statement is effective for fiscal years beginning after December 15, 2001. This supersedes Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of," while retaining many of the requirements of such statement. The Company is currently evaluating the impact of the statement but believes it will have no impact because there were no long-lived assets at December 31, 2001 nor June 30, 2002..

NOTE 2 - PREPAID EXPENSES

Notes to Financial Statements

December 31, 2001 and June 30, 2002 (Information with respect to June 30, 2002 is unaudited)

The reconciliation of the effective income tax rate to the Federal statutory rate is as follows:

Federal Income Tax Rate	(34.0)%	(34.0)%
Deferred Tax Charge (Credit)	-	-
Effect on Valuation Allowance	34.0%	34.0%
State Income Tax, Net of Federal Benefit	-	-

Edgar Filing: METASOURCE GROUP INC - Form 8-K/A

Effective Income Tax Rate	0.0%	0.0%
---------------------------	------	------

As of December 31, 2001 and June 30, 2002 the Company had a net carryforward loss of approximately \$143,000 and \$524,000 respectively. Because of the current uncertainty of realizing the benefit of the tax carryforward, a valuation allowance equal to the tax benefit has been established. The full realization of the tax benefit associated with the carryforwards depends predominantly upon the Company's ability to generate taxable income during the carryforward period. Net operating loss carryforwards expire through 2021.

Deferred tax assets and liabilities reflect the net tax effect of temporary differences between the carrying amount of assets and liabilities for financial reporting purpose and amounts used for income tax purposes. Significant components of the Company's deferred tax assets and liabilities approximate as follows:

	December 31, 2001	June 30, 2002
Deferred Tax Assets		
Loss Carryforwards	\$49,000	178000
Less: Valuation Allowance	(49,000)	(178000)
Net Deferred Tax Assets	\$ -	\$ -

NOTE 1 - DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of business and basis of presentation

Digit Digital Experiences Limited ("the Company" or "Digit") was incorporated in 1996 in the United Kingdom and is a professional services firm that designs interactive digital business solutions. The Company is based in the United Kingdom.

The company's financial statements have been presented in U.S. dollars in accordance with SFAS 52 Foreign Currency Translation. Assets and liabilities have been translated from UK pounds sterling to U.S. dollars at year-end exchange rates, and revenue and expenses have been translated at average rates prevailing during the year. Translation adjustments are included as a component of stockholder's equity. Foreign currency transaction gains and losses, which have been immaterial, are included in results of operations.

Revenue recognition

Revenue for professional services is recognized as the services are rendered. Daily rates are determined in advance and agreed to with the customer. On fixed fee engagements, revenue and gross profit adjustments are made to reflect revisions in estimated costs and contract values. Deferred revenue occurs when a client prepays for work to be done in the future.

Research and development costs

The Company expenses all costs incurred to establish the technological feasibility of software products or product enhancements to research and development costs as incurred.

Advertising costs

The Company expenses all advertising costs, as incurred and classifies these costs under selling, general and administrative expenses. Advertising costs for six months ending June 30, 2001 and June 30, 2002 were \$6,622 and zero, respectively.

Concentration of credit risks

Financial instruments, which potentially subject the Company to concentrations of credit risk, regardless of the degree of such risk, consist principally of trade accounts receivable.

The Company's largest customer receivable accounts for approximately 20% of billed accounts receivable at December 31, 2000. The Company establishes an allowance for doubtful accounts based upon factors surrounding the credit risk of specific customers, historical trends, and other information.

Fair value of financial instruments

The carrying value of financial instruments (principally consisting of accounts receivable and payable, notes payable and due to factor) approximates fair value because of the short maturities.

Edgar Filing: METASOURCE GROUP INC - Form 8-K/A

Property and equipment and depreciation

Property and equipment are stated at cost. Depreciation is on equipment computed using the straight-line method over the estimated useful lives of the assets. All equipment is depreciated over four years.

December 31, 2001 and 2000

June 30, 2002 and 2001 (Information with respect to June 30, 2002 and 2001 is unaudited)

Impairment of long-lived assets and long-lived assets to be disposed

Up to and including the year ended December 31, 2001, the Company evaluated its long-lived assets and certain identifiable intangibles for impairment whenever events or changes in circumstances indicated that the carrying amount of such assets or intangibles may not be recoverable. Recoverability of assets to be held and used was measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such an asset was considered to be impaired, the impairment to be recognized was measured by the amount by which the carrying amount of the asset exceeded the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell.

Income taxes

Deferred income taxes result from temporary differences between income reported for financial and income tax purposes. These temporary differences result primarily from the allowance for doubtful accounts provision and certain accrued expenses which are deductible, for tax purposes, only when paid. A valuation allowance is provided when it is more likely than not that some portion or all of the deferred tax asset will not be realized. The deferred tax liability was \$51,771 on December 31, 2000.

Use of estimates in financial statements

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recent accounting pronouncements

On July 20, 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") 141, "Business Combinations," and SFAS 142, "Goodwill and Intangible Assets." SFAS 141 is effective for all business combinations completed after June 30, 2001. SFAS 142 is effective for fiscal years beginning after December 15, 2001; however, certain provisions of this Statement apply to goodwill and other intangible assets acquired between July 1, 2001 and the effective date of SFAS 142. The

Edgar Filing: METASOURCE GROUP INC - Form 8-K/A

company does not believe that these statements will have a material affect on the Company's financial statements.

In August 2001, the FASB issued Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"). This statement is effective for fiscal years beginning after December 15, 2001. This supersedes Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of," while retaining many of the requirements of such statement. The Company is currently evaluating the impact of the statement.

Actual results could differ from those estimates.

Recent accounting pronouncements

On July 20, 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") 141, "Business Combinations," and SFAS 142, "Goodwill and Intangible Assets." SFAS 141 is effective for all business combinations completed after June 30, 2001. The Company does not believe that these statements will have a material affect on the Company's financial statements.

In August 2001, the FASB issued Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"). This statement is effective for fiscal years beginning after December 15, 2001. NOTE 5 - SUBSEQUENT EVENTS

Acquisition of Company

Effective July 12, 2002, the Company entered into a transaction with MetaSource Group, Inc., Inc. ("MSGR") in which the shareholders exchanged 100% of the issued and outstanding shares of the Company in exchange for shares of MSGR (the "Exchange Shares"). Under the terms of the exchange agreement, the Exchange shares are determined by multiplying the Company's pro-forma net income for the year ended December 31, 2001 (the "2001 Income") by five and then dividing the result by the average of MSGR's high, low and closing stock price on July 16, 2002 (the "Average Price").

On or before August 30, 2003 the Exchange shares may be increased or decreased if the average of pro-forma net income for the period July 1, 2002 to June 30, 2003 (the "2003 Income"), and the 2001 Income exceeds or is less than the 2001 Income by greater than 10%, respectively.

Edgar Filing: METASOURCE GROUP INC - Form 8-K/A

The adjustment shall be calculated by multiplying the difference between (i) the average of the 2003 Income and the 2001 Income and (ii) the 2001 Income by five and dividing the product by the Average Price.

Concurrent with this agreement the Company entered into an employment agreement with a certain executive which provide for minimum compensation of \$ 85,000 for the years ending December 31, 2002 and 2003 respectively.
