Enclosure: Asset Management Presentation

Embargo: 07.15 Friday 19 May 2006

PRUDENTIAL PLC PRESENTATION ON THE GROUP'S ASSET MANAGEMENT BUSINESSES

Prudential plc is hosting a presentation for investors and analysts today  
starting at 08.00am (BST) covering the Group's asset management businesses: M&G,  
PPM America and its asset management operations in Asia.

The Group's asset management businesses have shown strong growth over the past  
year:

\* Total net inflows in 2005 were GBP5.2 billion, an increase of 58 per cent  
on 2004

## Edgar Filing: PRUDENTIAL PLC - Form 6-K

- \* Total external funds under management had grown to GBP46 billion at the end of 2005
- \* M&G achieved record net sales of GBP3.9 billion in 2005
- \* Net inflows in both Japan and Korea were more than GBP900 million in 2005 as the Group continued to develop rapidly in Asia

This sales growth is underpinned by excellent investment performance:

- \* 41 per cent of M&G's funds were in the top quartile over the last three years
- \* 24 per cent of M&G's funds were in the top decile over the last three years
- \* In Asia, 64 per cent of mutual funds outperformed their benchmark or were in the upper half against their peer group over three years. In addition, Asia has had award winning performance in India, Korea and Malaysia.

Despite UK equity market levels remaining broadly the same between 2001 and 2005, the asset management businesses produced pre-tax operating profits in 2005 of GBP195 million, almost double that in 2001. This was equivalent to a CAGR of 18 per cent and demonstrates the quality and sustainability of these businesses, and their ability to generate cash flow for the Group.

The momentum seen in 2005 has continued into the first quarter of 2006:

- \* M&G's net flows were up 38 per cent on the first quarter in 2005
- \* In Asia net flows were up almost 150 per cent on the first quarter in 2005
- \* In the first quarter of 2006 total asset management profits across the group were GBP58 million.

In addition to this outstanding contribution to the Group, asset management also adds significant value to the Group's life businesses through its investment expertise, demonstrating excellent investment performance across all asset classes.

With increasing trends towards open architecture, greater product portability and greater transparency, Prudential's asset management businesses are well positioned for further profitable growth.
