PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Myriad Genetics, Inc., a Delaware corporation (the "Company"), of proxies, in the accompanying form, to be used at the Annual Meeting of Stockholders to be held at our offices, 320 Wakara Way, Salt Lake City, Utah 84108, on Wednesday, November 12, 2003, at 9:00 a.m., and any adjournments thereof (the "Meeting"). This Proxy Statement and the accompanying proxy are being mailed on or about October 13, 2003 to all stockholders entitled to notice of and to vote at the Meeting.

Where the stockholder specifies a choice on the enclosed proxy card as to how his or her shares are to be voted on a particular matter, the shares will be voted accordingly. If no choice is specified on a validly executed proxy, the shares will be voted FOR the election of the nominee for director named herein, FOR the proposal to adopt the 2003 Employee, Director and Consultant Stock Option Plan (the "2003 Plan"), and FOR the ratification of the appointment of KPMG LLP as our independent public accountants for the fiscal year ending June 30, 2004.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to us a written notice of revocation or a duly executed proxy bearing a later date. Any stockholder who has executed a proxy but is present at the Meeting, and who wishes to vote in person, may do so by revoking his or her proxy as described in the preceding sentence. Shares represented by valid proxies in the form enclosed, received in time for use at the Meeting and not revoked at or prior to the Meeting, will be voted at the Meeting. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our Common Stock, is necessary to constitute a quorum at the Meeting.

The affirmative vote of a majority of the shares voted affirmatively or negatively at the Meeting is required to approve each proposal, other than the election of the director which requires the affirmative vote of a plurality of the shares voted affirmatively or negatively at the Meeting. With respect to the tabulation of votes on the matters proposed for the consideration of the stockholders at the Meeting, abstentions and broker non-votes will have no effect on the vote.

The enclosed proxy card also offers stockholders the option to access materials for any future stockholder meeting electronically via the Internet. A stockholder who consents to accessing such materials electronically may revoke such consent at any time. We will continue to distribute

Edgar Filing: MYRIAD GENETICS INC - Form DEF 14A

printed materials for future stockholder meetings to stockholders who do not consent to access such materials electronically.

- (1) Options were granted pursuant to the 2002 Plan. Options terminate ten years after the grant date, subject to earlier termination in accordance with the 2002 Plan and the applicable option agreement. Vesting of options will accelerate upon a change in control of the Company in accordance with the applicable option agreement. Options were granted at an exercise price equal to the fair market value of our Common Stock, as determined by the closing price of the Common Stock on the Nasdaq Stock Market on the trading day immediately preceding the grant date.
- (2) Options granted vest 25% upon each anniversary date of the date of grant.
- (3) The amounts shown in this table represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise. Actual gains, if any, on stock option exercises will depend on the future performance of the Common Stock, the optionee's continued employment through the option period and the date on which the options are exercised.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table provides information regarding the exercises of options by each of the named executive officers during Fiscal 2003. In addition, this table includes the number of shares covered by both exercisable and unexercisable stock options as of June 30, 2003 and the values of in-the-money options, which values represent the positive spread between the exercise price of any such option and the fiscal year-end value of our Common Stock.

The amounts shown represent the difference between the option exercise price and the market price on the date of exercise, which is the amount that would have been realized if the shares had been sold immediately upon exercise.
- (2) The value of unexercised in-the-money options at fiscal year end assumes a fair market value for our Common Stock of \$13.49, the closing sale price per share of our Common Stock as reported by The Nasdaq Stock Market on June 30, 2003.

Employment Contracts, Termination of Employment and Change in Control Arrangements

We entered into employment agreements with no defined term with Peter D. Meldrum, Gregory C. Critchfield, M.D., Jay M. Moyes, and Mark H. Skolnick, Ph.D. in May 1993, July 1998, July 1993, and January 1994, respectively. Either party may terminate employment without cause at any time upon 15 days written notice to the other party or immediately with cause upon written notice to the other party. Each employment agreement also provides that the employee will not disclose confidential information of the Company during and after employment and will not compete with the Company during the term of employment with the Company.

We entered into an employment agreement with no defined term with Adrian N. Hobden, Ph.D. in October 1998. Pursuant to the agreement, either party may terminate employment with or without cause, provided that Dr. Hobden must provide the Company with 30 days written notice. If we terminate Dr. Hobden without cause, we must pay Dr. Hobden's salary for 9 months following termination. If Dr. Hobden terminates his employment as a result of a reduction of his responsibilities after a change in control of the Company, then we must pay Dr. Hobden's salary for 12 months following termination. The employment agreement also provides that Dr. Hobden will not disclose any of our confidential information during and after employment and will not compete with the Company during the term of employment with the Company.

In the event of a change in control of the Company (as defined in the 2002 Plan), at the discretion of the Board of Directors, all outstanding unvested options, including options held by Messrs. Meldrum, Critchfield, Hobden, Moyes, and Skolnick may become immediately vested, unless provision is made for the continuation of such options pursuant to the applicable provisions of the 2002 Plan.

The following graph compares the annual percentage change in our cumulative total stockholder return on our Common Stock during a period commencing on June 30, 1998 and ending on June 30, 2003 (as measured by dividing (A) the difference between the our share price at the end and the beginning of the measurement period by (B) the share price at the beginning of the measurement period) with the cumulative total return of The Nasdaq Stock Market and the Nasdaq Health Services Stock Index during such period. It should be noted that we have not paid any dividends on our Common Stock, and no dividends are included in the representation of our performance. REPORT OF COMPENSATION COMMITTEE

ON EXECUTIVE COMPENSATION

Overview

The Compensation Committee of the Board of Directors (the "Compensation Committee") is composed entirely of outside directors. The Compensation Committee, which consists of Dr. Gilbert, Mr. D. Andrade and Dr. Stringfellow, is responsible for establishing and administering our executive compensation policies. This report addresses the compensation policies for fiscal year 2003 as they affected Mr. Meldrum, in his capacity as our President and Chief Executive Officer, and our other executive officers.

General Compensation Policy

The objectives of our executive compensation program are to:

Provide a competitive compensation package that will attract and retain superior talent and reward performance.

Support the achievement of desired Company performance.

Align the interests of executives with the long-term interests of stockholders through award opportunities that can result in ownership of Common Stock, thereby encouraging the achievement of superior results over an extended period.

Executive Officer Compensation Program

Our executive officer compensation program is comprised of: (i) base salary, which is set on an annual basis; (ii) annual incentive bonuses, which are based on the achievement of predetermined objectives; and (iii) long-term incentive compensation in the form of periodic stock option grants, with the objective of aligning the executive officers' long-term interests with those of the stockholders and encouraging the achievement of superior results over an extended period.

The Compensation Committee performs annual reviews of executive compensation to confirm the competitiveness of the overall executive compensation packages as compared with companies who compete with us to attract and retain employees.

In considering compensation of our executives, one of the factors the Compensation Committee takes into account is the anticipated tax treatment to the Company of various components of compensation. We do not believe Section 162(m) of the Internal Revenue Code of 1986, as amended, which generally disallows a tax deduction for certain compensation in excess of \$1 million to any of the executive officers appearing in the Summary Compensation Table above, will have an effect on the Company. The Compensation Committee has considered the requirements of Section 162(m) of the Code and its related regulations. It is the Compensation Committee's present policy to take reasonable measures to preserve the full deductibility of substantially all executive compensation, to the extent consistent with its other compensation

objectives.

Base Salary

The Compensation Committee reviews base salary levels for our executive officers on an annual basis. Base salaries are set competitively relative to companies in the biotechnology industry and other comparable companies. In determining salaries, the Compensation Committee also takes into consideration individual experience and performance. The Compensation Committee seeks to compare the salaries paid by companies similar in size and stage of development to the Company. Within this comparison group, we seek to make comparisons to executives at a comparable level of experience, who have a comparable level of responsibility and expected level of contribution to their company. In setting base salaries, the Compensation Committee also takes into account the intense level of competition among biotechnology companies to attract talented personnel.

Annual Incentive Bonuses

We, along with each executive officer, establish goals related specifically to that officer's areas of responsibility. The Compensation Committee determines the amount of each executive's bonus based on a subjective assessment by the Compensation Committee of the officer's progress toward achieving the established goals. Bonuses are awarded on an annual basis.

Long-term Incentive Compensation

Long-term incentive compensation, in the form of stock options, allows the executive officers to share in any appreciation in the value of our Common Stock. The Compensation Committee believes that stock option participation aligns executive officers' interests with those of the stockholders. The amounts of the awards are designed to reward past performance and create incentives to meet long-term objectives. Awards are made at a level calculated to be competitive within the biotechnology industry as well as a broader group of companies of comparable size and complexity. In determining the amount of each grant, the Compensation Committee takes into account the number of shares held by the executive prior to the grant.

Chief Executive Officer Compensation

Mr. Meldrum was appointed to the position of President and Chief Executive Officer in November 1991. In May 1993, Mr. Meldrum entered into our standard Employment Agreement as required of all our employees. Under this agreement, as of June 30, 2003, Mr. Meldrum received an annual base salary of \$455,518. This is consistent with the range of salary levels received by his counterparts in companies in the biotechnology industry and other comparable companies. The Compensation Committee believes Mr. Meldrum has managed the Company well in a challenging business climate and has continued to move the Company towards its long-term objectives.

We granted stock options to Mr. Meldrum to purchase 55,000 shares at a weighted average exercise price of \$64.02 in fiscal 2001, 35,000 shares at a weighted average exercise price of \$35.76 in fiscal 2002 and 70,000 shares at a weighted average exercise price of \$17.65 in fiscal 2003. All such options had an exercise price equal to the fair market value of our Common Stock as of the date of grant. This option package is designed to align the interests of Mr. Meldrum with those of our stockholders with respect to short-term operating results and long term increases in the price of our stock. The grant of these options is consistent with the goals of our stock option program as a whole.

THE COMPENSATION COMMITTEE:

Walter Gilbert, Ph.D., Chairman
Hugh A. D. Andrade
Dale A. Stringfellow, Ph.D.

The Audit Committee has furnished the following report:

The Audit Committee assists the Board in overseeing and monitoring the integrity of the Company's financial reporting process, its compliance with legal and regulatory requirements and the quality of its internal and external audit processes. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and officers, and persons who own more than 10% of our Common Stock, to file with the Securities and Exchange Commission (the "SEC") initial reports of beneficial ownership and reports of changes in beneficial ownership of our Common Stock and other equity securities of the Company. Officers, directors and greater than 10% beneficial owners are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended June 30, 2003, all Section 16(a) filing requirements applicable to its officers, directors and greater than 10% beneficial owners were complied with, except that Mr. Meldrum, Dr. Critchfield, Dr. Hobden, Mr. Hockett, Mr. Moyes, Mr. Simon and Dr. Skolnick each inadvertently failed to timely report one option grant. Each of these executive officers subsequently reported the grant on a Form 4.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In April 2001, we announced the formation of Myriad Proteomics, Inc., a new venture of which we own 49 percent, with Hitachi, Ltd., Oracle Corporation and Peter Friedli Corporate Finance AG. We received payments from Myriad Proteomics of \$1,980,883 in fiscal 2003, \$6,253,394 in fiscal 2002 and \$1,644,498 in fiscal 2001 for the provision of administrative and research services under an Administrative Services Agreement and a Scientific Research Services Agreement entered into in connection with the formation of the venture. The following officers and directors have relationships with Myriad Proteomics: (1) Mr. Meldrum, our President and Chief Executive Officer and a Director, served in the same capacities with Myriad Proteomics until his resignation on May 30, 2003; and (2) Dr. Gilbert, a Director, serves as the Chairman of the Board of Directors of Myriad Proteomics and beneficially owns less than 1% of Myriad Proteomics' stock. Neither of these individuals receives any compensation for his service with Myriad Proteomics, other than reimbursement of ordinary business expenses.

ELECTION OF A DIRECTOR

(Notice Item 1)

Under the Company's Restated Certificate of Incorporation, as amended, and Restated By-Laws, the number of directors is fixed from time to time by the Board of Directors. The Board of Directors currently consists of seven members, classified into three classes as follows: Hugh A. D'Andrade, and Dale A. Stringfellow, Ph.D. constitute a class with a term which expires at the upcoming Meeting (the Class I directors); Peter D. Meldrum, Mark H. Skolnick, Ph.D., and Linda S. Wilson, Ph.D. constitute a class with a term ending in 2004 (the Class II directors); and Walter Gilbert, Ph.D. and Arthur H. Hayes, Jr., M.D. constitute a class with a term ending in 2005 (the Class III directors). At each annual meeting of stockholders, directors are elected for a full term of three years to succeed those directors whose terms are expiring.

The Board of Directors has voted to nominate Dale A. Stringfellow, Ph.D. for election at the Meeting for a term of three years, to serve until the 2006 annual meeting of stockholders, and until his successor has been elected and qualified. Mr. D'Andrade, the current Chairman of the Board of Directors whose term expires at the Meeting, has decided to retire and will not stand for re-election at the Meeting. The Class II directors (Peter D. Meldrum, Mark H. Skolnick, Ph.D., and Linda S. Wilson, Ph.D.) and the Class III directors (Walter Gilbert, Ph.D. and Arthur H. Hayes, Jr., M.D.) will serve until the annual meetings of stockholders to be held in 2004 and 2005, respectively, and until their respective successors have been elected and qualified.

Unless authority to vote for the nominee named above is withheld, the shares represented by a validly executed proxy will be voted FOR the election as a director of such nominee. In the event that the nominee shall become unable or unwilling to serve, the shares represented by a validly executed proxy will be voted for the election of such other person as the Board of Directors may recommend in the nominee's place. The Board has no reason to believe that the nominee will be unable or unwilling to serve.

A plurality of the shares voted affirmatively or negatively at the Meeting is required to elect the nominee as a director.

THE BOARD OF DIRECTORS RECOMMENDS THE ELECTION OF DR. DALE A. STRINGFELLOW AS A DIRECTOR, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR THEREOF UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

2003 EMPLOYEE, DIRECTOR AND CONSULTANT STOCK OPTION PLAN

(Notice Item 2)

General

We are asking our stockholders to approve our 2003 Employee, Director and Consultant Stock Option Plan (the "2003 Plan"). In September 2003, the Company's Board of Directors approved, subject to approval of our stockholders at the Meeting, the 2003 Plan and reserved 1,300,000 shares of Common Stock for issuance under the 2003 Plan plus such additional shares as are represented by options previously granted under the Company's 2002 Amended and Restated Stock Option Plan (the "2002 Plan") which are cancelled or expire after the date of stockholder approval of the 2003 Plan and any shares which have been reserved but not granted under the 2002 Plan. If the stockholders approve the 2003 Plan, it will replace our 2002 Plan which will be terminated, except with respect to outstanding options previously granted thereunder. As of September 2, 2003 no options have been granted under the 2003 Plan. Because our directors will receive automatic annual grants under the 2003 Plan and our named executive officers and directors are otherwise eligible to receive option grants under the 2003 Plan, they have an interest in this proposal. On September 2, 2003, the closing market price per share of our Common Stock was \$12.57, as reported in the NASDAQ National Market.

The 2003 Plan is being submitted to our stockholders for approval at the Meeting in order to ensure (i) continued listing of our Common Stock on the NASDAQ National Market, (ii) favorable federal income tax treatment for grants of incentive stock options under Internal Revenue Code of 1986 (the "Code") Section 422, and (iii) eligibility to receive a federal income tax deduction for certain compensation paid under the 2003 Plan by complying with Rule 162(m) of the Code. The Board believes that the 2003 Plan is necessary to give the Company the flexibility needed to attract, retain and motivate employees, directors and consultants.

Material Features of the 2003 Plan

The following paragraphs provide a summary of the principal features of our 2003 Plan and its operation. The following summary is qualified in its entirety by reference to the 2003 Plan as set forth in Appendix B.

The purpose of the 2003 Plan is to attract, retain and motivate employees, directors and consultants through the issuance of stock options and to encourage ownership of shares of Common Stock by employees, directors and consultants of the Company. The 2003 Plan is administered by our Compensation Committee. Subject to the provisions of the 2003 Plan, the Compensation Committee determines the persons to whom options will be granted, the number of shares to be covered by each option and the terms and conditions upon which an option may be granted. The Committee may delegate part of its authority and powers under the 2003 Plan to one or more directors and/or officers of the Company, but only the Committee can make awards to participants who are directors or executive officers of the Company. All employees, directors and consultants of the Company and its affiliates are eligible to participate in the 2003 Plan. As of September 2, 2003 the Company had 506 full-time equivalent employees.

Options granted under the 2003 Plan may be either (i) options intended to qualify as incentive stock options under Section 422 of the Code, or (ii) non-qualified stock options. Incentive stock options may be granted under the 2003 Plan to employees of the Company and its affiliates. Non-qualified stock options may be granted to consultants, directors and employees of the Company and its affiliates. No participant may be granted, during any fiscal year, options to purchase more than 1,000,000 shares of Common Stock. The 2003 Plan also provides for the automatic grant annually of 15,000 non-qualified options to each non-employee director of the Company. However, non-employee directors nominated pursuant to a contractual obligation are not entitled to such automatic grants. The automatic grant, which will be issued on the date of

Edgar Filing: MYRIAD GENETICS INC - Form DEF 14A

each annual stockholders' meeting, has a ten year exercise life, will have an exercise price equal to the fair market value of the Company's Common Stock on the date of grant and vests one-third (1/3) per year, assuming continued membership on the Board. In addition, the option will become fully exercisable upon a change of control of the Company or the death of the director.

The aggregate fair market value (determined at the time of grant) of shares issuable pursuant to incentive stock options which become exercisable in any calendar year under any incentive stock option plan of the Company may

not exceed \$100,000. Incentive stock options granted under the 2003 Plan may not be granted at a price less than the fair market value of the Common Stock on the date of grant, or 110% of fair market value in the case of employees holding 10% or more of the voting stock of the Company. Non-qualified stock options granted under the 2003 Plan may not be granted at an exercise price less than 85% of the fair market value per share of the Common Stock. An option granted under the 2003 Plan is exercisable, during the option holder's lifetime, only by the option holder and is not transferable by him or her except (i) by will or by the laws of descent and distribution, or (ii) as otherwise determined by the Administrator and set forth in the applicable option agreement.

An option granted under the 2003 Plan cannot generally be exercised until it becomes vested. Except as set forth above for automatic director grants, the Committee establishes the vesting schedule of each option at the time of grant. Options become exercisable at the times and on the terms established by the Committee. Options granted under the 2003 Plan expire at the times established by the Committee, but not later than 10 years after the grant date. However, incentive stock options granted under the 2003 Plan may not expire more than five years from the date of grant in the case of incentive stock options granted to an employee holding 10% or more of the voting stock of the Company.

In granting any non-qualified stock option, the Compensation Committee may specify that such non-qualified stock option shall be subject to such termination or cancellation provisions as the Compensation Committee shall determine. Options granted under the 2003 Plan are generally exercisable after the termination of the option holder's employment with the Company (other than by reason of death, disability or termination for cause as defined in the 2003 Plan) to the extent exercisable on the date of such termination, at any time prior to the earlier of the option's specified expiration date or three months after such termination for incentive stock options and for non-qualified options, for the remainder of the life of the option. Generally, in the event of the option holder's death, all incentive stock options and non-qualified stock options immediately vest and may be exercised by the option holder's survivors at any time until the option's specified expiration date. In the event of the option holder's disability, incentive stock options and non-qualified stock options generally may be exercised, to the extent exercisable on the date of disability (plus a pro rata portion of the option if the option vests periodically), by the option holder at any time prior to the earlier of the option's specified expiration date or one year from the date of the option holder's disability for incentive stock options and for non-qualified stock options until the option's specified expiration date. In the event of the option holder's termination for cause, all outstanding and unexercised options are forfeited.

If the shares of Common Stock shall be subdivided or combined into a greater or smaller number of shares or if the Company shall issue any shares of Common Stock as a stock dividend on its outstanding Common Stock, the number of shares of Common Stock deliverable upon the exercise of an option granted under the 2003 Plan shall be appropriately increased or decreased proportionately, and appropriate adjustments shall be made in the purchase price per share to reflect such subdivision, combination or stock dividend. If the Company is to be consolidated with or acquired by another entity in a merger, sale of all or substantially all of the Company's assets or otherwise (an Acquisition), the Board of Directors or the board of directors of any entity assuming the obligations of the Company under the 2003 Plan (the Successor Board), shall, as to outstanding options under the 2003 Plan either (i) make appropriate provision for the continuation of such options by substituting on an equitable basis for the shares then subject to such options the consideration payable with respect to the outstanding shares of Common Stock in connection with the Acquisition or securities of the successor or acquiring entity; or (ii) upon written notice to the participants, provide that all options must be exercised (either to the extent then exercisable or, at the discretion of the Compensation Committee, all options being made fully exercisable for purposes of such transaction) within a specified number of days of the date of such notice, at the end of which period the options shall terminate; or (iii) terminate all options in exchange for a cash payment equal to the excess of the fair market value of the shares subject to each such option (either to the extent then exercisable or, at the discretion of the Compensation Committee, all options being made fully exercisable for purposes of such transaction) over the exercise price thereof. In the event of a recapitalization or reorganization of the Company (other than an Acquisition) pursuant to which securities of the Company or of another corporation are issued with respect to the outstanding shares of Common Stock, an option holder upon exercising an option under the 2003 Plan, shall be entitled to receive for the purchase price paid upon such exercise the securities he or she would have received if he or she had exercised such option prior to such recapitalization or reorganization.

The 2003 Plan may be amended by the stockholders of the Company. The 2003 Plan may also be amended by the Board of Directors, provided that any amendment approved by the Board of Directors which is of a scope that requires stockholder approval as required by the rules of the NASDAQ National Market, in order to ensure favorable federal income tax treatment for any incentive stock options under Code Section 422, or for any other reason is subject to obtaining such stockholder approval.

Federal Income Tax Considerations

The following is a description of certain United States federal income tax consequences of the issuance and exercise of options under the 2003 Plan:

Stock options granted under the 2003 Plan may be either incentive stock options, which satisfy the requirements of Section 422 of the Internal Revenue Code, or non-qualified stock options, which are not intended to meet such requirements. The federal income tax treatment for the two types of options differs as follows:

Incentive Stock Options. No taxable income is recognized by the option holder at the time of the option grant, and no taxable income is generally recognized at the time the option is exercised. However, the difference between the fair market value of the shares on the date of exercise and the exercise price will be an item of tax preference includible in alternative minimum taxable income. The option holder will, however, recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of a taxable disposition. For federal tax purposes, dispositions are divided into two categories: qualifying and disqualifying. A qualifying disposition occurs if the sale or other disposition is made after the option holder has held the shares for more than two years after the option grant date and more than one year after the exercise date. If either of these two holding periods is not satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition of the shares, the option holder will recognize long-term capital gain in an amount equal to the excess of the amount realized upon the sale or other disposition of the purchased shares over the exercise price paid for those shares. If there is a disqualifying disposition of the shares, then the excess of the fair market value of the shares on the exercise date (or the amount realized on a disqualifying sale, if less) over the exercise price paid for those shares will be taxable as ordinary income to the option holder; any additional gain or loss recognized upon the disposition will be taxable as a capital gain or loss.

Non-Statutory Options. No taxable income is recognized by an option holder upon the grant of a non-statutory option. The option holder will in general recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and the option holder will be required to satisfy the tax withholding requirements applicable to such income.

An option holder's initial basis in shares so acquired will be the amount paid on exercise of the non-qualified option plus the amount of any corresponding compensation income. Any gain or loss as a result of a subsequent disposition of the shares so acquired will be capital gain or loss.

The Company will generally be entitled to an income tax deduction equal to the amount of ordinary income recognized by the option holder with respect to the exercise of a non-statutory option or the disqualifying disposition of an incentive stock option. The deduction will in general be allowed for the taxable year of the Company in which such ordinary income is recognized by the option holder.

The affirmative vote of a majority of the shares voted affirmatively or negatively for the proposal at the Meeting is required to adopt the 2003 Plan.

THE BOARD OF DIRECTORS RECOMMENDS APPROVAL OF THE ADOPTION OF THE 2003 EMPLOYEE, DIRECTOR AND CONSULTANT STOCK OPTION PLAN. PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF SUCH ADOPTION UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

independent auditor, and recommend, if necessary, that the Board take appropriate action to satisfy itself of the auditor's independence. The Audit Committee should ensure that the lead or coordinating audit partner having primary responsibility for the audit, or the audit partner responsible for reviewing the audit does not perform audit services for the Company for five (5) or more consecutive years.

8. Set clear hiring policies for employees or former employees of the Company's independent auditors.
9. Consider and discuss the independent auditors' judgments about the quality and appropriateness of the Company's accounting principles as applied in its financial reporting.

Financial Reporting Process

10. In consultation with the independent auditors and the internal auditors, review the integrity of the Company's financial reporting processes, both internal and external. 12. Ensure that there exist regular systems of reporting to the Audit Committee by management and the independent auditors regarding any significant judgments made in management's preparation of the financial statements and any significant difficulties encountered during the course of the review or audit, including any restrictions on the scope of work or access to required information.
13. Regularly review any significant disagreement among management and the independent auditors in connection with the preparation of the financial statements.
14. Ensure and oversee timely reports from the independent auditors to the Audit Committee of (i) all critical accounting policies and practices; (ii) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management officials of the Company, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditors; and (iii) other material written communications between the independent auditors and the management of the Company, such as any management letter or schedule of unadjusted differences.

18. When deemed necessary by the members of the Audit Committee, retain independent legal, accounting or other advisors or consultants to advise and assist the Audit Committee in carrying out its duties, without the need to seek approval for the retention of such advisors or consultants from the Board. The Audit Committee shall determine the appropriate compensation for any advisers retained by the Audit Committee.

22. Maintain minutes of meetings and periodically report to the Board on significant results of the foregoing activities.

Compensation

23. Audit Committee members shall be compensated by the Company solely in the form of directors' fees. Audit Committee members may, however, receive greater fees than those received for Board service by other Board members, in light of their heightened responsibilities to the Company.

The Audit Committee's responsibility is oversight. Management of the Company has the responsibility for the Company's financial statements as well as the Company's financial reporting process, principles, and internal controls. The independent auditors are responsible for performing an audit of the Company's annual financial statements, expressing an opinion as to the conformity of such annual financial statements with generally accepted accounting principles, reviewing the Company's quarterly financial statements and other procedures. 3. SHARES SUBJECT TO THE PLAN.

The number of Shares which may be issued from time to time pursuant to this Plan shall not exceed (a) 1,300,000 Shares, plus (b) such additional Shares as are represented by Options previously granted under the Company's 2002 Amended and Restated Employee, Director and Consultant Stock Option Plan (the "2002 Plan") which are cancelled or expire after the date of stockholder approval of this Plan without delivery of shares of stock by the Company and any Shares which have been reserved but not granted under the 2002 Plan as of the date of stockholder approval of the Plan; provided however, that no more than 5,611,646¹ Shares (which equals the number of outstanding Options and Shares available to be granted under the 2002 Plan as of September 26, 2003) shall be added to the Plan pursuant to this subsection (b). 4. ADMINISTRATION OF THE PLAN.

The Administrator of the Plan will be the Board of Directors, except to the extent the Board of Directors delegates its authority to the Committee, in which case the Committee shall be the Administrator. Subject to the provisions of the Plan, the Administrator is authorized to:

- a. Interpret the provisions of the Plan or of any Option or Option Agreement and to make all rules and determinations which it deems necessary or advisable for the administration of the Plan;
- b. Determine which Employees, directors and consultants shall be granted Options;
- c. Determine the number of Shares for which an Option or Options shall be granted, provided, however, that in no event shall Options to purchase more than 1,000,000 Shares be granted to any Participant in any fiscal year;
- d. Specify the terms and conditions upon which an Option or Options may be granted; and

Any such allocation or delegation may be revoked by the Board of Directors or the Committee at any time.

5. ELIGIBILITY FOR PARTICIPATION.

The Administrator will, in its sole discretion, name the Participants in the Plan, provided, however, that each Participant must be an Employee, director or consultant of the Company or of an Affiliate at the time an Option is granted. Notwithstanding the foregoing, the Administrator may authorize the grant of an Option to a person not then an Employee, director or consultant of the Company or of an Affiliate; provided, however, that the actual grant of such Option shall be conditioned upon such person becoming eligible to become a Participant at or prior to the time of the execution of the Option Agreement evidencing such Option. ISOs may be granted only to Employees. Non-Qualified Options may be granted to any Employee, director or consultant of the Company or an Affiliate. The Administrator may provide that Options be granted subject to such terms and conditions, consistent with the terms and conditions specifically

 - b. Each Option Agreement shall state the number of Shares to which it pertains;
 - c. Each Option Agreement shall state the date or dates on which it first is exercisable and the date after which it may no longer be exercised, and may provide that the Option rights accrue or become exercisable in installments over a period of months or years, or upon the occurrence of certain conditions or the attainment of stated goals or events; and
 - d. Exercise of any Option may be conditioned upon the Participant's execution of a Share purchase agreement in form satisfactory to the Administrator providing for certain protections for the Company and its other shareholders, including requirements that:
 - i. The Participant's or the Participant's Survivors' right to sell or transfer the Shares may be restricted; and
 - ii. The Participant or the Participant's Survivors may be required to execute letters of investment intent and must also acknowledge that the Shares will bear legends noting any applicable restrictions.
 - e. *Directors' Options*: On the date of each annual meeting of the Company's stockholders commencing in 2003, each director of the Company who is (i) not an employee of the Company or any Affiliate, or (ii) nominated or elected pursuant to or in satisfaction of a contractual obligation of the Company, provided that on such dates such director has been in the continued and uninterrupted service of the Company as a director since his or her election or appointment and is a director of the Company and is not an employee of the Company at such times, shall be granted a Non-Qualified Option to purchase 15,000 Shares. Each such Option shall (i) have an exercise price equal to the Fair Market Value per share of the Shares on the date of grant of the Option, (ii) have a term of ten years unless such director is terminated for cause and in such case the terms of Paragraph 11 hereof shall apply, and (iii) shall become cumulatively exercisable in three equal annual installments of 33.33% each, upon completion of one full year of service on the Board of Directors after the date of grant, and continuing on each of the next two full years of service thereafter provided however, that in the event of a Change of Control of the Company, the Option shall become fully exercisable as of the date of the Change of Control, in the event of the death of a director, the Option shall become fully exercisable as of the date of death and in the event of the Disability of a director the Option shall vest to the extent of a pro rata portion through the date of Disability of any additional vesting rights that would have accrued on the next vesting date had the director not become Disabled. The proration shall be based upon the number of days accrued in the current vesting period prior to the date of Disability.

The provisions of Paragraphs 10, 12 and 13 below shall not apply to Options granted pursuant to this subparagraph. Any director entitled to receive an Option grant under this subparagraph may elect to decline the Option.

- B. *ISOs*: Each Option intended to be an ISO shall be issued only to an Employee and be subject to the following terms and conditions, with such additional restrictions or changes as the Administrator

determines are appropriate but not in conflict with Section 422 of the Code and relevant regulations and rulings of the Internal Revenue Service:

- a. Minimum standards: The ISO shall meet the minimum standards required of Non-Qualified Options, as described in Paragraph 6(A) above, except clauses (a) and (e) thereunder.
- b. Option Price: Immediately before the ISO is granted, if the Participant owns, directly or by reason of the applicable attribution rules in Section 424(d) of the Code:
 - i. 10% or less of the total combined voting power of all classes of stock of the Company or an Affiliate, the Option price per share of the Shares covered by each ISO shall not be less than 100% of the Fair Market Value per share of the Shares on the date of the grant of the Option; or
 - ii. More than 10% of the total combined voting power of all classes of stock of the Company or an Affiliate, the Option price per share of the Shares covered by each ISO shall not be less than 110% of the said Fair Market Value on the date of grant.
- c. Term of Option: For Participants who own:
 - i. 10% or less of the total combined voting power of all classes of stock of the Company or an Affiliate, each ISO shall terminate not more than ten years from the date of the grant or at such earlier time as the Option Agreement may provide; or
 - ii. More than 10% of the total combined voting power of all classes of stock of the Company or an Affiliate, each ISO shall terminate not more than five years from the date of the grant or at such earlier time as the Option Agreement may provide.
- d. Limitation on Yearly Exercise: The Option Agreements shall restrict the amount of ISOs which may become exercisable in any calendar year (under this or any other ISO plan of the Company or an Affiliate) so that the aggregate Fair Market Value (determined at the time each ISO is granted) of the stock with respect to which ISOs are exercisable for the first time by the Participant in any calendar year does not exceed \$100,000.

7. EXERCISE OF OPTIONS AND ISSUE OF SHARES.

An Option (or any part or installment thereof) shall be exercised in accordance with the procedures established by the Company for electronic exercise of the Option or by giving written notice to the Company or its designee, together with provision for payment of the full purchase price in accordance with this Paragraph for the Shares as to which the Option is being exercised, and upon compliance with any other condition(s) set forth in the Option Agreement. Such notice shall be signed by the person exercising the Option, shall state the number of Shares with respect to which the Option is being exercised and shall contain any representation required by the Plan or the Option Agreement. Payment of the purchase price for the Shares as to which such Option is being exercised shall be made (a) in United States dollars in cash or by check, or (b) at the discretion of the Administrator, through delivery of shares of Common Stock having a Fair Market Value equal as of the date of the exercise to the cash exercise price of the Option and held for at least six months, or (c) at the discretion of the Administrator, by delivery of the grantee's personal note, for full, partial or no recourse, bearing interest payable not less than annually at market rate on the date of exercise and at no less than 100% of the applicable Federal rate, as defined in Section 1274(d) of the Code, with or without the pledge of such Shares as collateral, or (d) at the discretion of the Administrator, in accordance with a cashless exercise program established with a securities brokerage firm, and approved by the Administrator, or (e) at the discretion of the Administrator, by any combination of (a), (b), (c) and (d) above. Notwithstanding the foregoing, the Administrator shall accept only such payment on exercise of an ISO as is permitted by Section 422 of the Code.

The Company shall then reasonably promptly deliver the Shares as to which such Option was exercised to the Participant (or to the Participant's Survivors, as the case may be). In determining what constitutes

reasonably promptly, it is expressly understood that the issuance and delivery of the Shares may be delayed by the Company in order to comply with any law or regulation (including, without limitation, state securities or blue sky laws) which requires the Company to take any action with respect to the Shares prior to their issuance. The Shares shall, upon delivery, be fully paid, non-assessable Shares.

The Administrator shall have the right to accelerate the date of exercise of any installment of any Option; provided that the Administrator shall not accelerate the exercise date of any installment of any Option granted to any Employee as an ISO (and not previously converted into a Non-Qualified Option pursuant to Paragraph 19) if such acceleration would violate the annual vesting limitation contained in Section 422(d) of the Code, as described in Paragraph 6.B.d.

The Administrator may, in its discretion, amend any term or condition of an outstanding Option provided (i) such term or condition as amended is permitted by the Plan, (ii) any such amendment shall be made only with the consent of the Participant to whom the Option was granted, or in the event of the death of the Participant, the Participant's Survivors, if the amendment is adverse to the Participant, and (iii) any such amendment of any ISO shall be made only after the Administrator determines whether such amendment would constitute a modification of any Option which is an ISO (as that term is defined in Section 424(h) of the Code) or would cause any adverse tax consequences for the holder of such ISO.

8. RIGHTS AS A SHAREHOLDER.

No Participant to whom an Option has been granted shall have rights as a shareholder with respect to any Shares covered by such Option, except after due exercise of the Option and tender of the full purchase price for the Shares being purchased pursuant to such exercise and registration of the Shares in the Company's share register in the name of the Participant.

9. ASSIGNABILITY AND TRANSFERABILITY OF OPTIONS.

By its terms, an Option granted to a Participant shall not be transferable by the Participant other than (i) by will or by the laws of descent and distribution, or (ii) as approved by the Administrator in its discretion and set forth in the applicable Option Agreement. Notwithstanding the foregoing, an ISO transferred except in compliance with clause (i) above shall no longer qualify as an ISO. The designation of a beneficiary of an Option by a Participant, with the prior approval of the Administrator and in such form as the Administrator shall prescribe, shall not be deemed a transfer prohibited by this Paragraph. Except as provided above, an Option shall be exercisable, during the Participant's lifetime, only by such Participant (or by his or her legal representative) and shall not be assigned, pledged or hypothecated in any way (whether by operation of law or otherwise) and shall not be subject to execution, attachment or similar process. Any attempted transfer, assignment, pledge, hypothecation or other disposition of any Option or of any rights granted thereunder contrary to the provisions of this Plan, or the levy of any attachment or similar process upon an Option, shall be null and void.

10. EFFECT OF TERMINATION OF SERVICE OTHER THAN FOR CAUSE OR DEATH OR DISABILITY.

Except as otherwise provided in a Participant's Option Agreement, in the event of a termination of service (whether as an employee, director or consultant) with the Company or an Affiliate before the Participant has exercised an Option, the following rules apply:

- a. A Participant who ceases to be an employee, director or consultant of the Company or of an Affiliate (for any reason other than termination for cause, Disability, or death for which events there are special rules in Paragraphs 11, 12, and 13, respectively), may

Edgar Filing: MYRIAD GENETICS INC - Form DEF 14A

exercise any Option granted to him or her to the extent that the Option is exercisable on the date of such termination of service, but only within such term as the Administrator has designated in a Participant's Option Agreement.

- b. Except as provided in Subparagraph (c) below, or Paragraph 12 or 13, in no event may an Option intended to be an ISO, be exercised later than three months after the Participant's termination of employment.
- c. The provisions of this Paragraph, and not the provisions of Paragraph 12 or 13, shall apply to a Participant who subsequently becomes Disabled or dies after the termination of employment, director status or consultancy, provided, however, in the case of a Participant's Disability or death within three months after the termination of employment, director status or consultancy, the Participant or the Participant's Survivors may exercise the Option within one year after the date of the Participant's termination of service, but in no event after the date of expiration of the term of the Option.
- d. Notwithstanding anything herein to the contrary, if subsequent to a Participant's termination of employment, termination of director status or termination of consultancy, but prior to the exercise of an Option, the Board of Directors determines that, either prior or subsequent to the Participant's termination, the Participant engaged in conduct which would constitute cause, then such Participant shall forthwith cease to have any right to exercise any Option.
- e. A Participant to whom an Option has been granted under the Plan who is absent from work with the Company or with an Affiliate because of temporary disability (any disability other than a permanent and total Disability as defined in Paragraph 1 hereof), or who is on leave of absence for any purpose, shall not, during the period of any such absence, be deemed, by virtue of such absence alone, to have terminated such Participant's employment, director status or consultancy with the Company or with an Affiliate, except as the Administrator may otherwise expressly provide.
- f. Except as required by law or as set forth in a Participant's Option Agreement, Options granted under the Plan shall not be affected by any change of a Participant's status within or among the Company and any Affiliates, so long as the Participant continues to be an employee, director or consultant of the Company or any Affiliate.

11. EFFECT OF TERMINATION OF SERVICE FOR CAUSE .

Except as otherwise provided in a Participant's Option Agreement, the following rules apply if the Participant's service (whether as an employee, director or consultant) with the Company or an Affiliate is terminated for cause prior to the time that all his or her outstanding Options have been exercised:

- a. All outstanding and unexercised Options as of the time the Participant is notified his or her service is terminated for cause will immediately be forfeited.
- b. For purposes of this Plan, cause shall include (and is not limited to) dishonesty with respect to the Company or any Affiliate, insubordination, substantial malfeasance or non-feasance of duty, unauthorized disclosure of confidential information, breach by the Participant of any provision of any employment, consulting, advisory, nondisclosure, non-competition or similar agreement between the Participant and the Company or any Affiliate, and conduct substantially prejudicial to the business of the Company or any Affiliate. The determination of the Administrator as to the existence of cause will be conclusive on the Participant and the Company.
- c. Cause is not limited to events which have occurred prior to a Participant's termination of service, nor is it necessary that the Administrator's finding of cause occur prior to termination. If the Administrator determines, subsequent to a Participant's termination of service but prior to the exercise of an Option, that either prior or subsequent to the Participant's termination the Participant engaged in conduct which would constitute cause, then the right to exercise any Option is forfeited.
- d. Any definition in an agreement between the Participant and the Company or an Affiliate, which contains a conflicting definition of cause for termination and which is in effect at the time of such termination, shall supersede the definition in this Plan with respect to that Participant.

12. EFFECT OF TERMINATION OF SERVICE FOR DISABILITY.

Except as otherwise provided in a Participant's Option Agreement, a Participant who ceases to be an employee, director or consultant of the Company or of an Affiliate by reason of Disability may exercise any Option granted to such Participant:

- a. To the extent that the Option has become exercisable but has not been exercised on the date of Disability; and
- b. In the event rights to exercise the Option accrue periodically, to the extent of a pro rata portion through the date of Disability of any additional vesting rights that would have accrued on the next vesting date had the Participant not become Disabled. The proration shall be based upon the number of days accrued in the current vesting period prior to the date of Disability.

A Disabled Participant may exercise such rights only within (i) the earlier of the expiration of the Option or one year after the date of the Participant's termination of employment, directorship or consultancy, as the case may be, if the Option is an ISO, or (ii) within the remaining term of the Option if the Option is a Non-Qualified Option; notwithstanding that the Participant might have been able to exercise the Option as to some or all of the Shares on a later date if the Participant had not become Disabled and had continued to be an employee, director or consultant.

The Administrator shall make the determination both of whether Disability has occurred and the date of its occurrence (unless a procedure for such determination is set forth in another agreement between the Company and such Participant, in which case such procedure shall be used for such determination). If requested, the Participant shall be examined by a physician selected or approved by the Administrator, the cost of which examination shall be paid for by the Company.

13. EFFECT OF DEATH WHILE AN EMPLOYEE, DIRECTOR OR CONSULTANT.

Except as otherwise provided in a Participant's Option Agreement, in the event of the death of a Participant while the Participant is an employee, director or consultant of the Company or of an Affiliate, such Option shall become fully exercisable as of the date of the death of the Participant.

If the Participant's Survivors wish to exercise the Option, they must take all necessary steps to exercise the Option within the originally prescribed term of the Option.

14. PURCHASE FOR INVESTMENT.

Unless the offering and sale of the Shares to be issued upon the particular exercise of an Option shall have been effectively registered under the Securities Act of 1933, as now in force or hereafter amended (the "1933 Act"), the Company shall be under no obligation to issue the Shares covered by such exercise unless and until the following conditions have been fulfilled:

Edgar Filing: MYRIAD GENETICS INC - Form DEF 14A

- a. The person(s) who exercise(s) such Option shall warrant to the Company, prior to the receipt of such Shares, that such person(s) are acquiring such Shares for their own respective accounts, for investment, and not with a view to, or for sale in connection with, the distribution of any such Shares, in which event the person(s) acquiring such Shares shall be bound by the provisions of the following legend which shall be endorsed upon the certificate(s) evidencing their Shares issued pursuant to such exercise or such grant:

The shares represented by this certificate have been taken for investment and they may not be sold or otherwise transferred by any person, including a pledgee, unless (1) either (a) a Registration Statement with respect to such shares shall be effective under the Securities Act of 1933, as amended, or (b) the Company shall have received an opinion of counsel satisfactory to it

that an exemption from registration under such Act is then available, and (2) there shall have been compliance with all applicable state securities laws.

- b. At the discretion of the Administrator, the Company shall have received an opinion of its counsel that the Shares may be issued upon such particular exercise in compliance with the 1933 Act without registration thereunder.

15. DISSOLUTION OR LIQUIDATION OF THE COMPANY.

Upon the dissolution or liquidation of the Company, all Options granted under this Plan which as of such date shall not have been exercised will terminate and become null and void; provided, however, that if the rights of a Participant or a Participant's Survivors have not otherwise terminated and expired, the Participant or the Participant's Survivors will have the right immediately prior to such dissolution or liquidation to exercise any Option to the extent that the Option is exercisable as of the date immediately prior to such dissolution or liquidation.

16. ADJUSTMENTS.

Upon the occurrence of any of the following events, a Participant's rights with respect to any Option granted to him or her hereunder which has not previously been exercised in full shall be adjusted as hereinafter provided, unless otherwise specifically provided in the Participant's Option Agreement:

A. *Stock Dividends and Stock Splits.* If (i) the shares of Common Stock shall be subdivided or combined into a greater or smaller number of shares or if the Company shall issue any shares of Common Stock as a stock dividend on its outstanding Common Stock, or (ii) additional shares or new or different shares or other securities of the Company or other non-cash assets are distributed with respect to such shares of Common Stock, the number of shares of Common Stock deliverable upon the exercise of such Option may be appropriately increased or decreased proportionately, and appropriate adjustments may be made including, in the purchase price per share, to reflect such events. The number of Shares subject to options to be granted to directors pursuant to Paragraph 6(A)(e) and the number of Shares subject to the limitation in Paragraph 4(c) shall also be proportionately adjusted upon the occurrence of such events.

B. *Corporate Transactions.* If the Company is to be consolidated with or acquired by another entity in a merger, sale of all or substantially all of the Company's assets other than a transaction to merely change the state of incorporation (a Corporate Transaction), the Administrator or the board of directors of any entity assuming the obligations of the Company hereunder (the Successor Board), shall, as to outstanding Options, either (i) make appropriate provision for the continuation of such Options by substituting on an equitable basis for the Shares then subject to such Options either the consideration payable with respect to the outstanding shares of Common Stock in connection with the Corporate Transaction or securities of any successor or acquiring entity; or (ii) upon written notice to the Participants, provide that all Options must be exercised (either to the extent then exercisable or, at the discretion of the Administrator, including upon a change of control of the Company, all Options being made fully exercisable for purposes of this Subparagraph), within a specified number of days of the date of such notice, at the end of which period the Options shall terminate; or (iii) terminate all Options in exchange for a cash payment equal to the excess of the Fair Market Value of the Shares subject to such Options (either to the extent then exercisable or, at the discretion of the Administrator, all Options being made fully exercisable for purposes of this Subparagraph) over the exercise price thereof.

C. *Recapitalization or Reorganization.* In the event of a recapitalization or reorganization of the Company other than a Corporate Transaction pursuant to which securities of the Company or of another corporation are issued with respect to the outstanding shares of Common Stock, a Participant upon exercising an Option after the recapitalization or reorganization shall be entitled to receive for the purchase price paid upon such exercise the number of replacement securities which would have been received if such Option had been exercised prior to such

recapitalization or reorganization.

D. *Modification of ISOs.* Notwithstanding the foregoing, any adjustments made pursuant to Subparagraph A, B or C above with respect to ISOs shall be made only after the Administrator determines whether such adjustments would constitute a modification of such ISOs (as that term is defined in Section 424(h) of the Code) or would cause any adverse tax consequences for the holders of such ISOs. If the Administrator determines that such adjustments made with respect to ISOs would constitute a modification of such ISOs, it may refrain from making such adjustments, unless the holder of an ISO specifically requests in writing that such adjustment be made and such writing indicates that the holder has full knowledge of the consequences of such modification on his or her income tax treatment with respect to the ISO.

17. ISSUANCES OF SECURITIES.

Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares subject to Options. Except as expressly provided herein, no adjustments shall be made for dividends paid in cash or in property (including without limitation, securities) of the Company.

18. FRACTIONAL SHARES.

No fractional shares shall be issued under the Plan and the person exercising such right shall receive from the Company cash in lieu of such fractional shares equal to the Fair Market Value thereof.

19. CONVERSION OF ISOs INTO NON-QUALIFIED OPTIONS; TERMINATION OF ISOs.

The Administrator, at the written request of any Participant, may in its discretion take such actions as may be necessary to convert such Participant's ISOs (or any portions thereof) that have not been exercised on the date of conversion into Non-Qualified Options at any time prior to the expiration of such ISOs, regardless of whether the Participant is an employee of the Company or an Affiliate at the time of such conversion. At the time of such conversion, the Administrator (with the consent of the Participant) may impose such conditions on the exercise of the resulting Non-Qualified Options as the Administrator in its discretion may determine, provided that such conditions shall not be inconsistent with this Plan. Nothing in the Plan shall be deemed to give any Participant the right to have such Participant's ISOs converted into Non-Qualified Options, and no such conversion shall occur until and unless the Administrator takes appropriate action. The Administrator, with the consent of the Participant, may also terminate any portion of any ISO that has not been exercised at the time of such conversion.

20. WITHHOLDING.

In the event that any federal, state, or local income taxes, employment taxes, Federal Insurance Contributions Act (F.I.C.A.) withholdings or other amounts are required by applicable law or governmental regulation to be withheld from the Participant's salary, wages or other remuneration in connection with the exercise of an Option or a Disqualifying Disposition (as defined in Paragraph 21), the Company may withhold from the Participant's compensation, if any, or may require that the Participant advance in cash to the Company, or to any Affiliate of the Company which employs or employed the Participant, the statutory minimum amount of such withholdings unless a different withholding arrangement, including the use of shares of the Company's Common Stock or a promissory note, is authorized by the Administrator (and permitted by law). For purposes hereof, the fair market value of the shares withheld for purposes of payroll withholding shall be determined in the manner provided in Paragraph 1 above, as of the most recent practicable date prior to the date of exercise. If the fair market value of the shares withheld is less than the amount of payroll withholdings required, the Participant may be required to advance the difference in cash to the Company or the Affiliate employer. The Administrator in its discretion may condition the exercise of an Option for less than the then Fair

Market Value on the Participant's payment of such additional withholding.

21. NOTICE TO COMPANY OF DISQUALIFYING DISPOSITION.

Each Employee who receives an ISO must agree to notify the Company in writing immediately after the Employee makes a Disqualifying Disposition of any shares acquired pursuant to the exercise of an ISO. A Disqualifying Disposition is defined in Section 424(c) of the Code and includes any disposition (including any sale or gift) of such shares before the later of (a) two years after the date the Employee was granted the ISO, or (b) one year after the date the Employee acquired Shares by exercising the ISO, except as otherwise provided in Section 424(c) of the Code. If the Employee has died before such stock is sold, these holding period requirements do not apply and no Disqualifying Disposition can occur thereafter.

22. TERMINATION OF THE PLAN.

The Plan will terminate on September 4, 2013, the date which is ten years from the *earlier* of the date of its adoption by the Board of Directors and the date of its approval by the shareholders. The Plan may be terminated at an earlier date by vote of the shareholders or the Board of Directors of the Company; provided, however, that any such earlier termination shall not affect any Option Agreements executed prior to the effective date of such termination.

23. AMENDMENT OF THE PLAN AND AGREEMENTS.

The Plan may be amended by the shareholders of the Company. The Plan may also be amended by the Administrator, including, without limitation, to the extent necessary to qualify any or all outstanding Options granted under the Plan or Options to be granted under the Plan for favorable federal income tax treatment (including deferral of taxation upon exercise) as may be afforded incentive stock options under Section 422 of the Code, and to the extent necessary to qualify the shares issuable upon exercise of any outstanding Options granted, or Options to be granted, under the Plan for listing on any national securities exchange or quotation in any national automated quotation system of securities dealers. Any amendment approved by the Administrator which the Administrator determines is of a scope that requires shareholder approval shall be subject to obtaining such shareholder approval. Any modification or amendment of the Plan shall not, without the consent of a Participant, adversely affect his or her rights under an Option previously granted to him or her. With the consent of the Participant affected, the Administrator may amend outstanding Option Agreements in a manner which may be adverse to the Participant but which is not inconsistent with the Plan. In the discretion of the Administrator, outstanding Option Agreements may be amended by the Administrator in a manner which is not adverse to the Participant.

24. EMPLOYMENT OR OTHER RELATIONSHIP.

Nothing in this Plan or any Option Agreement shall be deemed to prevent the Company or an Affiliate from terminating the employment, consultancy or director status of a Participant, nor to prevent a Participant from terminating his or her own employment, consultancy or director status or to give any Participant a right to be retained in employment or other service by the Company or any Affiliate for any period of time.

25. GOVERNING LAW.

This Plan shall be construed and enforced in accordance with the law of the State of Delaware.
