INFORMATION CONCERNING SOLICITATION AND VOTING

Record Date and Share Ownership

Stockholders of record at the close of business on March 1, 2004 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. At the Record Date, 45,406,497 shares of AsiaInfo's common stock ("Common Stock") were issued and outstanding and held of record by approximately 161 registered stockholders.

Voting, Solicitation and Revocability of Proxy

Registered stockholders can vote by mail, telephone or the Internet. Telephone voting can be accessed by calling the toll-free number (in the United States only) 1-866-593-3363. Internet voting can be accessed by logging on to the following Internet address: (<https://www.proxyvotenow.com/asi>). Telephone and Internet voting information is provided on the proxy card. A control number located on the proxy card is designed to verify each stockholder's identity and allow stockholders to vote their shares and confirm that their voting instructions have been properly recorded. If your shares are held in the name of a bank or broker, follow the voting instructions on the form you receive from your bank or broker. The availability of telephone or Internet voting will depend on your bank or broker's voting process.

If you do not choose to vote by telephone or the Internet, you may still return

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

your proxy card, properly signed, and the shares represented will be voted in accordance with your directions. You can specify your choices by marking the appropriate boxes on the proxy card. If your proxy card is signed and returned without specifying choices, the shares will be voted in favor of proposals 1 and 2. If you vote by telephone or the Internet, it is not necessary to return your proxy card.

You may revoke your proxy at any time before it is voted at the Annual Meeting by casting a different vote by telephone or the Internet, by executing a later-voted proxy by mail, by voting by ballot at the Annual Meeting, or by providing written notice of the revocation to Adams Lin, Corporate Secretary and Legal Counsel of AsiaInfo, at the Company's principal executive offices.

Your vote is important. Accordingly, regardless of whether you plan to attend the Annual Meeting, you are urged to vote by telephone, by the Internet, or by signing and returning the accompanying proxy card. If you do attend, you may vote by ballot at the Annual Meeting, thereby canceling any proxy previously given.

In the event that any matter not described in this Proxy Statement properly comes before the Annual Meeting, the proxy holders named in the accompanying proxy will vote the shares represented by the proxy in accordance with their best judgment. As of the date of this Proxy Statement, AsiaInfo is not aware of any other matter that might be presented at the Annual Meeting.

Each share of Common Stock outstanding on the Record Date is entitled to one vote. The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of Common Stock issued and outstanding on the Record Date, present in person or represented by proxy. Stockholders may withhold authority to vote for one or more of the nominees for director and may abstain on one or more of the other matters that may come before the Annual Meeting. The inspector of election appointed for the Annual Meeting will determine the existence of a quorum and will tabulate the votes cast at the Annual Meeting. Broker non-votes will not be counted in determining the number of votes cast with respect to a proposal. For purposes of determining the presence of a quorum, abstentions and broker non-votes will be counted by AsiaInfo as present at the Annual Meeting. Abstentions will also be counted by AsiaInfo in determining the total number of votes cast with respect to a proposal (other than the election of directors). If, however, such quorum shall not be present or represented, the stockholders present in person or represented by proxy shall have the power to adjourn the Annual Meeting from time to time, without notice other than announcement at the Annual Meeting until a quorum shall be present or represented. If a broker indicates on a proxy that such broker does not have discretionary authority to vote on a particular matter, under applicable Delaware law those shares will be counted as present for purposes of determining the presence of a quorum, but will not be counted as votes cast on the matter and will have no effect on the outcome of the vote on such matter.

The cost of soliciting proxies will be borne by AsiaInfo. Proxies may be solicited by certain of AsiaInfo's directors, officers and employees, without additional compensation, in person or by telephone, email or facsimile. In addition, AsiaInfo has retained Morrow & Co., Inc. to assist in such solicitation. The fee to be paid to such firm is not expected to exceed \$14,000 plus reasonable out-of-pocket costs and expenses. In addition, AsiaInfo may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners.

There are presently nine directors of AsiaInfo, divided into three classes: Class I, Class II and Class III. Each class has a three year term. Messrs. The Audit Committee held 4 meetings during the last fiscal year. PROPOSAL NO. 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

General

The Board has selected the firm of Deloitte Touche Tohmatsu as AsiaInfo's independent auditors to audit the financial statements of AsiaInfo for the fiscal year ending December 31, 2004, and recommends that stockholders vote for ratification of this appointment. Deloitte Touche Tohmatsu has audited AsiaInfo's financial statements since the Company's inception in 1993. Stockholder ratification of the selection of Deloitte Touche Tohmatsu as AsiaInfo's independent auditors is not required by AsiaInfo's By-Laws or otherwise. However, the Board is submitting the selection of Deloitte Touche Tohmatsu to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such change would be in the best interests of AsiaInfo and its stockholders.

The following discussion describes the fees billed by Deloitte Touch Tohmatsu for services rendered on behalf of the Company. For additional information on the types of fees discussed below, please see the discussion under the heading "Audit Committee Report."

Employment Agreements and Change of Control Agreements

We have entered into two-year employment agreements with Xingsheng Zhang, our President and Chief Executive Officer, Ying Han, our Executive Vice President and Chief Financial Officer, Steve Zhang, our Senior Vice President and General Manager of China Mobile Account, Chao Wang, our Vice President and General Manager of Strategy and Marketing Division, and James Li, our Vice President and General Manager of Enterprise Information Solutions Unit, which provide for annual base salaries of \$150,000, \$149,155, \$145,000, \$140,000 and \$105,933, respectively. On October 17, 2000, the Compensation Committee of the Board adopted a resolution on severance policy for departing members of AsiaInfo's senior management. In the event that AsiaInfo terminates an employee at the level of 62 grade (vice president) or above without cause, the employee will receive severance pay equal to one month's base salary for each year he or she has been employed by AsiaInfo, or six month's base salary, whichever is greater.

Each of Xingsheng Zhang, Ying Han, Steve Zhang, Chao Wang and James Li have entered into a non-compete agreement with AsiaInfo, pursuant to which he or she is prevented from engaging in any commercial activity in competition with AsiaInfo for two years (six months in case of Xingsheng Zhang and Chao Wang) after termination of his or her employment. On May 30, 2003, we entered into change of control agreements with Xingsheng Zhang, Ying Han and James Li. These agreements provide, among other things, that these executive officers would be entitled to various benefits upon the occurrence of either a covered termination (as defined therein) or a change of control (as defined therein), including payment of one year of base salary and bonus, immediate vesting of 50% of any outstanding unvested stock options held by the executive officers and provision of medical benefits and housing allowance.

Pension Plans

For the benefit of employees who are citizens or lawful permanent residents of the United States, AsiaInfo has adopted a Simplified Employee Pension Plan (the "Pension Plan"). The Pension Plan covers employees who have worked at AsiaInfo for at least six months. The Company makes monthly contributions under the Pension Plan in amounts equal to 5% of each covered employee's monthly salary. The contributions are deductible by the Company and are not taxable to the employees. Withdrawals are taxable as ordinary income, and withdrawals before age 59-1/2 may be subject to tax penalties.

In 2003, the Company contributed approximately \$23,334.25 to all the employees covered by the Pension Plan. With respect to the Named Executive Officers, AsiaInfo contributed approximately \$5,644 and \$6,124.99 on behalf of Steve Zhang and Chao Wang.

COMPENSATION COMMITTEE REPORT

The Compensation Committee currently consists of Messrs. Bickell and Sun (chair), both of whom are independent directors of AsiaInfo. The Compensation Committee reviews and recommends to the Board the compensation and benefits of all officers of AsiaInfo and establishes and reviews general policies relating to compensation and benefits of employees of AsiaInfo. The following is the report of the Compensation Committee describing the compensation policies and rationale applicable to AsiaInfo's executive officers with respect to the compensation paid to such executive officers for the fiscal year ended December 31, 2003. The information contained in this report shall not be deemed to be "soliciting material" or to be "filed" with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, (the "Securities Act") or the Exchange Act, except to the extent that AsiaInfo specifically incorporates such information by reference in such filing.

Compensation Philosophy and Review

Our executive compensation program is generally designed to align the interests of our executives with the interests of our stockholders and to reward our executives for achieving corporate and individual objectives. The executive compensation program is also designed to attract and retain the services of qualified executives in the highly competitive telecommunications software and services marketplaces. Executive compensation currently consists of a base salary, long-term equity incentives, and other compensation and benefit programs generally available to other employees.

Policy Regarding Section 162(m) of the Internal Revenue Code

Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the company's Chief Executive Officer or any of the four most highly compensated executive officers. Certain performance-based compensation, however, is exempt from the deduction limit.

It is the Compensation Committee's intention that, so long as it is consistent with its overall compensation objectives and philosophy, executive compensation will be deductible for federal income tax purposes. AsiaInfo's stock option plans have been structured so that any taxable compensation derived pursuant to the exercise of options granted under such plans should not be subject to these deductibility limitations.

The Compensation Committee has considered the potential impact of Section 162(m) of the Code on the compensation paid to AsiaInfo's executive officers.

Base Salaries

Base salary levels for the President and Chief Executive Officer and other executive officers are intended to compensate executives competitively within the information technology marketplace. Base salaries are determined on an individual basis by evaluating each executive's scope of responsibility, past performance, prior experience and data on prevailing compensation levels in relevant markets for executive talent. The Compensation Committee also takes into account AsiaInfo's financial performance during the previous fiscal year, including revenue growth, net income growth, operational cash flow and Common Stock performance. Base salaries for executives are reviewed annually by the Compensation Committee.

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

Long-Term Equity Incentives

AsiaInfo provides long-term equity incentives to its executive officers and to all other employees through the grant of stock options under its stock option plans. The purpose of granting stock options is to create a direct link between compensation and the long-term performance of AsiaInfo. Stock options are generally granted at an exercise price equal to 100% of the fair market of AsiaInfo's Common Stock on the date of grant, have a ten year term and generally vest over a four year period. The primary stock options granted to executive officers are generally in conjunction with the executive officer's acceptance of employment with AsiaInfo. When determining the number of stock options to be awarded to an executive officer, the Compensation Committee considers the executive's current contribution to AsiaInfo's performance, the executive officer's anticipated contribution in meeting AsiaInfo's long-term strategic performance goals, and comparisons to formal and informal surveys of executive stock option grants made by other information technology companies. The Compensation Committee also reviews stock option levels for executive officers at the beginning of each fiscal year in light of long term strategic and performance objectives and each executive's current and anticipated contributions to AsiaInfo's future performance. In 2003, the Compensation Committee recommended (and the full Board granted) stock option grants for the Named Executive Officers representing the right to acquire an aggregate of 1,131,500 shares of Common Stock. These options vest according to the schedules described in the table detailing the stock options granted to the Named Executive Officers on page 15 of this proxy statement.

Other Compensation

AsiaInfo's executive officers are also eligible to participate in benefit programs generally available to other employees. In addition, from time to time, executive officers have received sign-on bonuses or other bonuses based on extraordinary effort.

Chief Executive Officer Compensation

Xingsheng Zhang is AsiaInfo's President and Chief Executive Officer. The Compensation Committee reviews Mr. Zhang's compensation annually using the same criteria and policies as are employed for other executive officers.

AUDIT COMMITTEE REPORT

The Audit Committee reviews the Company's financial reporting process on behalf of the Board and is responsible for the retention of the Company's independent auditors. Management has the primary responsibility for the financial statements and the reporting process. The Company's independent auditors are responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles. The Audit Committee currently consists of Messrs. Alan D. Bickell (Chair), Long Tao and Weiyang Zhang, all independent directors.

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2003 with our management, has discussed with our independent auditors the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards), has received the written disclosures required by Independent Standards Board No. 1 (Independence Discussions with Audit Committees), and has discussed with our independent auditors their independence. The Audit Committee has also considered whether the provision of non-audit services by our auditors is compatible with maintaining our auditors' independence. The Board adopted a written charter of the Audit Committee in November 1999. The Board adopted amendments to the charter in March 2003 and in January 2004. The Audit Committee Charter is included in Exhibit A to this proxy statement.

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditors. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditors.

Prior to engagement of the independent auditors for the next year's audit, management submits an aggregate of services expected to be rendered by the independent auditors during that year to the Audit Committee for approval, along with the anticipated fees for those services. Management's report to the Audit Committee categorizes all anticipated fees into one of the following four classifications:

- .. Audit services - include fees for audit work performed in the preparation of financial statements, as well as work that generally only the independent auditors can reasonably be expected to provide, including comfort letters, statutory audits, and attestation services and consultation regarding financial accounting and/or reporting standards.
- .. Audit-Related services - include fees for assurance and related services that are traditionally performed by the independent auditors, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.
- .. Tax services - include fees for all services performed by the independent auditors' tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

17

- .. Other Fees - include fees associated with services not captured in the other categories. The Company generally does not request such services from the independent auditors.

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

Prior to engagement, the Audit Committee must pre-approve these services. The fees are budgeted and the Audit Committee requires the independent auditors and management to report actual fees versus the budget periodically throughout the year. During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

In 2003, the Audit Committee pre-approved all services provided by our independent auditors.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements for the fiscal year ended December 31, 2003 be included in the Company's Annual Report on Form 10-K.

The Board has determined that each of Alan D. Bickell, Chang Sun, Ying Wu, Tao Long and Weiyong Zhang is an "independent" director as defined by Nasdaq National Market Rule 4200(a)(15).

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE PROCEDURES AND CHARTER

Pursuant to the Nominating and Corporate Governance Committee Charter (the "Governance Charter"), our Governance Committee is responsible for identifying prospective director nominees and recommending to the Board the director nominees for each annual meeting of stockholders. In addition, the Governance Committee develops and recommends to the Board the governance principles applicable to the Company, oversees the evaluation of the Board and management, recommends to the Board director nominees for each committee, and establishes and administers Board and committee member compensation policy. The Corporate Governance Charter sets forth details of the organization, responsibilities and powers of the Governance Committee. A copy of the Governance Charter is included in this proxy statement as Exhibit B.

RELIANCE ON EXCEPTIONAL AND LIMITED CIRCUMSTANCES EXCEPTIONS

The Board has determined that although James Ding is not an "independent" director because Mr. Ding was an employee of AsiaInfo within the past three years, it is in the best interests of AsiaInfo and its stockholders to have Mr. Ding serve as a member of the Governance Committee of the Board. The Board has determined that Mr. Ding's unique expertise and experience in China's telecommunications industry will contribute to the identification and nomination of qualified candidates to serve on the Board.
