PART III NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

On April 14, 2005, the due date for the Company's annual report on Form 10-K, the Company determined that the goodwill impairment charge as previously reported in its preliminary release for fourth quarter 2004 should be reduced. The reduction was the result of a correction to the amount recorded for deferred taxes related to the Ralphs and Food 4 Less business combination. As a result of that determination, the Company was required to revise the report on Form 10-K that it was prepared to file and analyze whether the deficiency that necessitated the correction constituted a material weakness. Because of the proximity of the Company's determination to the filing deadline, the Company is unable to file timely its annual report on Form 10-K without unreasonable effort or expense. The Company incorporates by reference the press release attached as Exhibit 99.1 to its Form 8-K dated April 15, 2005. The Company's annual report on Form 10-K will be filed today, which is within 15 calendar days of the due date as required by Rule 12b-25.

If answer is no, identify report(s). Yes No

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

As reported in its preliminary earnings release on March 8, 2005, the Company will report significantly lower net income and earnings per share for 2004 as compared with its 2003 results. The Company expects to report 2004 results that include an after tax charge of \$857 million, or \$1.16 per share, after tax, for the impairment of goodwill related to Ralphs and Food 4 Less. The goodwill impairment charge reflects a reduction of deferred taxes associated with the goodwill compared to the preliminary report. The Company expects that its reported net loss will be \$100 million compared to net earnings of \$312 million in 2003 and diluted loss per share will be \$.14 for 2004 compared to diluted earnings of \$.41 for 2003. The Company's 2004 results of operations will be reflected in the 2004 Financial Statements and Supplementary Data that will be filed with the Company's Form 10-K.
