eLong, Inc. (the Company) is furnishing this report on Form 6-K/A in order to amend the amount of stock-based compensation, and corresponding amounts of total expenses and net loss, for the quarter ended March 31, 2005 stated in the Company's unaudited consolidated statement of operations included in Exhibit 99.1 to the Company's report on Form 6-K furnished to the Securities and Exchange Commission on May 25, 2005 (the May 25, 2005 6-K). The information herein is intended to be furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934 (the Exchange Act) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, except as expressly set forth by specific reference in such a filing.

As a result of the closing on January 7, 2005 of the exercise of a warrant held by an affiliate of IAC/InterActiveCorp, a change of control occurred under the employment agreement of one of the Company's executive officers and, as a result, options held by the executive officer for the purchase of 100,000 ordinary shares became immediately vested. Prior to the change in control, the 100,000 options vested on a straight line basis over the vesting period of three years and would have fully vested in April 2007. Stock-based compensation for the quarter ended March 31, 2005 should include, as a non-cash component of operating expenses in the Company's unaudited consolidated statement of operations, an additional amount of Rmb2.794 million (US\$338,000) attributable to such accelerated vesting. After recording the additional stock-based compensation of Rmb2.794 million (US\$338,000) the net loss for the three months ended March 31, 2005 was Rmb9.823 million (US\$1.188 million) as compared to Rmb7.029 million (US\$850,000) previously reported. There was no change in the adjusted loss, a non-GAAP measure, of Rmb3.505 million (US\$424,000) or the total shareholders' equity of Rmb1,124.337 million (US\$135.848 million) as previously reported.
