2006 ANNUAL MEETING OF STOCKHOLDERS

February 28, 2006

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of the Board of Directors of Hologic, Inc. (the "Company"), for use at the Annual Meeting of Stockholders to be held on Tuesday, February 28, 2006, at 9:00 a.m., local time (the "Annual Meeting"), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the offices of the Company, 35 Crosby Drive, Bedford, Massachusetts 01730. This proxy statement, the accompanying notice of the Annual Meeting, proxy card and the annual report to stockholders are first being mailed to stockholders on or about January 20, 2006.

Record Date, Stock Ownership and Voting

Only stockholders of record at the close of business on January 6, 2006 (the "Record Date") are entitled to receive notice of and to vote at the Annual Meeting. On the Record Date, there were outstanding and entitled to vote 44,882,504 shares of common stock of the Company, par value \$.01 per share ("Common Stock"). All share information presented in this proxy statement has been adjusted to reflect the Company's two-for-one stock split effected on November 30, 2005. Each stockholder is entitled to one vote for each share of Common Stock.

The affirmative vote of the holders of a plurality of the shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required for the election of directors. The affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required to approve Proposal No. 2, the Second Amended and Restated 1999 Equity Incentive Plan. A majority of the shares of Common Stock outstanding and entitled to vote is required to be present or represented by proxy at the Annual Meeting in order to constitute the quorum necessary to take action at the Annual Meeting.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspector of elections appointed for the Annual Meeting. The inspector of elections will treat abstentions and broker non-votes as shares of Common Stock that are present and entitled to vote for purposes of determining a quorum. Abstentions will have no effect on the outcome of the vote for the election of directors, but will have the effect of being

Edgar Filing: HOLOGIC INC - Form DEF 14A

cast against Proposal No. 2, even though the stockholder so abstaining intends a different interpretation. Broker non-votes will have no effect on the proposal not voted.

Revocability of Proxies

Any person giving a proxy in the form accompanying this proxy statement has the power to revoke it at any time before it is voted. It may be revoked by filing with the Secretary of the Company at the Company's principal executive office, 35 Crosby Drive, Bedford, Massachusetts 01730, written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the Annual Meeting and voting in person.

Solicitation

All costs of this solicitation of proxies will be borne by the Company. The Company has retained American Stock Transfer & Trust Company to aid in the solicitation of proxies from stockholders, banks and other

institutional nominees. The fees and expenses of such firm are not expected to exceed \$25,000. The Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their reasonable expenses incurred in forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram, or personal solicitations by directors, officers or employees of the Company. No additional compensation will be paid for any such services.

Deadline for Submission of Stockholder Proposals and Recommendations For Director

Stockholder proposals for inclusion in the Company's proxy materials for the Company's 2007 Annual Meeting of Stockholders must be received by the Company no later than September 22, 2006. Stockholders who wish to make a proposal at the Company's 2007 Annual Meeting other than one that will be included in the Company's proxy materials should notify the Company no later than December 6, 2006. If a stockholder who wishes to present such a proposal fails to notify the Company by this date, the proxies that management solicits for the meeting will have discretionary authority to vote on the stockholder's proposal if it is properly brought before the meeting. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the proxy rules of the SEC.

Stockholders may make recommendations to the Nominating Committee of candidates for its consideration as nominees for director at the Company's 2007 Annual Meeting of Stockholders by submitting the name, qualifications, experience and background of such person, together with a statement signed by the nominee in which he or she consents to act as such, to the Nominating Committee, c/o Secretary, Hologic, Inc., 35 Crosby Drive, Bedford, MA 01730. Notice of such recommendations should be submitted in writing as early as possible, but in any event not later than 90 days prior to the anniversary date of the immediately preceding annual meeting or special meeting in lieu thereof and must contain specified information and conform to certain requirements set forth in the Company's Bylaws, including a written notice that sets forth: (a) the name and address of the stockholder who intends to make the nomination and of the persons or person to be nominated; (b) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC; and (e) the consent of each nominee to serve as a director of the Company if so elected. Directors on which the director served and at which the director was physically present, in the amount of \$1,200 if the meeting was held on a day other than the day of the meeting of the Board of Directors and \$600 if held on the same day as the meeting of the Board of Directors, but no fee if the committee meeting was held at the same time or immediately in conjunction with the meeting of the Board of Directors and (iv) the Chairman of each of the Audit Committee and Compensation Committee received an additional annual retainer of \$2,000, payable \$500 per quarter.

Annual Retainers.

An annual cash retainer of \$24,000, payable \$6,000 per quarter.

An additional annual cash retainer of \$7,500, payable \$1,875 per quarter, for the chairperson of each of the Compensation Committee, Corporate Development Committee and Audit Committee.

\$1,000 for each meeting of the Board of Directors at which the non-employee director participated by telephone.

\$1,000 for each meeting of a committee of the Board of Directors at which the non-employee director participated by telephone.

In addition to cash compensation, non-employee directors are eligible to receive stock options pursuant to the Company's Amended and Restated 1999 Equity Incentive Plan, as amended (the "1999 Plan"). The 1999 Plan provides that, unless otherwise determined by the Board of Directors, each director of the Company who is not an employee of the Company is automatically granted a nonqualified option to acquire 50,000 shares of Common Stock as of the date he or she is first elected to the Board. The option price is equal to the fair market value of the Common Stock on the date of grant and the expiration date is the tenth anniversary thereof. Each such nonqualified option will become exercisable in 20% installments beginning on January 1 of the first year after the grant date, and on January 1 of each year thereafter, until such option is fully exercisable on January 1 of the fifth year following the grant date. On February 28, 2005, an option to purchase 50,000 shares of Common

Edgar Filing: HOLOGIC INC - Form DEF 14A

Stock, at an exercise price of \$18.48 per share, was granted to Dr. Lerner under the 1999 Plan and on December 13, 2005, an option to purchase 50,000 shares of Common Stock, at an exercise price of \$35.68 per share, was granted to Mr. Levy under the 1999 Plan.

During fiscal 2005, the 1999 Plan provided that, unless otherwise determined by the Board of Directors, each director of the Company who was not an employee of the Company and who has served as a director for six

months was automatically granted a nonqualified option to acquire 16,000 shares of Common Stock as of January 1st of each year. The option price of such options is equal to the fair market value of the Common Stock on such date and the expiration date is the tenth anniversary thereof. These options are exercisable on and after the date that is six months after the date of grant. On January 1, 2005, options to purchase 16,000 shares of Common Stock, at an exercise price of \$13.74 per share, were granted to each of Messrs. Jacobs, LaVance, and Ms. Leaming under the 1999 Plan.

On September 15, 2005, the Compensation Committee of the Board of Directors of the Company approved several changes to the compensation payable to non-employee directors. These changes, which are described below, became effective September 25, 2005, the first day of the Company's fiscal year 2006. Other than as described below, no changes were made to the compensation to be paid to non-employee directors.

The Compensation Committee amended the 1999 Plan, to decrease the annual grant of non-qualified stock options to non-employee directors from stock options to purchase 16,000 shares, which vested in full six months after the date of grant, to stock options to purchase 8,000 shares, which vest in equal six month installments over two years. This decrease was approved primarily to reduce the compensation charge that the Company will be required to recognize on the Company's income statement commencing in the first quarter of fiscal 2006 pursuant to the Financial Accounting Standards Board (FASB) Statement No. 123 (revised 2004), Share-Based Payments (Statement 123R). Under Statement 123R, all share-based compensation payments to employees, including grants of stock options, are required to be recognized in the income statement based on their fair values. No changes were made to the automatic grant of options to purchase 50,000 shares under the 1999 Plan upon first election to the Board.

The Compensation Committee also approved an increase in the annual cash retainer fee paid to each non-employee director from \$24,000, payable \$6,000 per quarter to \$60,000, payable \$15,000 per quarter, an increase in the fees paid to non-employee directors for participation in Board meetings in which the director is physically present from \$1,500 for each meeting to \$2,500 for each meeting, and an increase in the fees paid to non-employee directors of each of the committees of the Board of Directors for participation in meetings held on a day other than the day of a meeting of the Board of Directors from \$1,200 (in the case of Nominating, Corporate Governance and Compensation Committee meetings) or \$1,500 (in the case of Audit and Corporate Development Committee meetings) to \$2,500 for each meeting of these committees. These increases are intended to continue to motivate and adequately compensate the non-employee directors due to, among other things, the loss in value due to the reduced number of stock options to be granted annually, the increased time commitments and responsibilities of non-employee directors resulting from the Sarbanes-Oxley Act of 2002 and other requirements, and the growth of the Company.

Ernst & Young has continuously served as the Company's independent public accountants since June 24, 2002 following the dismissal of Arthur Andersen LLP. A representative of Ernst & Young will be available during the meeting to make a statement if such representative desires to do so and to respond to appropriate questions.

Edgar Filing: HOLOGIC INC - Form DEF 14A

The Audit Committee considers whether the provision of these services is compatible with maintaining the independence of the independent registered public accounting firm, and has determined such services for fiscal 2005 and 2004 were compatible.

Audit Committee Policy on Pre-Approval of Services

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year. The Audit Committee may also pre-approve particular services on a case-by-case basis.

PROPOSAL 2

APPROVAL OF SECOND AMENDED AND RESTATED

1999 EQUITY INCENTIVE PLAN

On December 13, 2005, the Company's Board of Directors approved, subject to stockholder approval, amendments to, and the restatement of, the Company's Amended and Restated 1999 Equity Incentive Plan, as amended (the "1999 Plan") to include additional types of awards that may be granted under the 1999 Plan. Currently the 1999 Plan provides that the Company may grant incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and options that are not qualified as incentive stock options ("nonqualified stock options"). The Second Amended and Restated 1999 Plan would permit the Company to also award (i) restricted shares of Common Stock ("restricted stock"), (ii) restricted stock units, (iii) stock appreciation rights either in tandem with an option or alone and unrelated to an option ("SARs"), (iv) shares of Common Stock awarded based on achieving certain performance goals ("performance shares"), (v) awards of Common Stock, including shares of Common Stock awarded without payment therefor ("award shares"), and (vi) Common Stock and other rights granted as units that are valued whole or in part by reference to the value of the Common Stock ("stock awards").

In September 2005, the Company's Board of Directors determined that no further awards would be made under the Company's 1997 Amended and Restated Employee Equity Incentive Plan or the Company's 2000 Acquisition Incentive Plan. Following such determination, the Board of Directors amended each of those plans to eliminate all remaining shares of Common Stock available for issuance under such Plans that were not subject to outstanding stock option awards. As a result of the Board's actions, the 1999 Plan remains the Company's only equity compensation plan under which equity grants and awards are presently made.

The proposed amendments to the 1999 Plan are designed to provide the Company with greater flexibility to respond to market-competitive changes in equity compensation practices as well as to accounting changes that could affect the cost of equity incentives to the Company and its shareholders. In addition, the 1999 Plan, as amended and restated, will enable the Company to continue the purposes of the 1999 Plan by providing additional incentives to attract and retain qualified and competent employees and non-employee directors. None of the changes to the 1999 Plan increase the total number of shares of Common Stock available for awards under the 1999 Plan.

Description of the 1999 Plan.

The following summary of the 1999 Plan, as amended and restated, is qualified by its entirety to the complete text of the Second Amended and Restated 1999 Equity Incentive Plan, a copy of which is attached to this proxy statement as Appendix A. Other than the changes described above to add additional types of awards that may be granted under the 1999 Plan, the material terms and conditions of the 1999 Plan will not change.

Purpose.

The 1999 Plan was approved by the Company's stockholders in March 1999 and amendments to the 1999 Plan were approved by the Company's stockholders in February 2004. The purposes of the 1999 Plan are to attract and retain employees and directors to provide an incentive for them to assist the Company in achieving long-range performance goals, and to enable them to participate in the long-term growth of the Company.

Awards Under the Plan.

Under the 1999 Plan, the Company may currently grant incentive stock options intended to qualify under Section 422 of the Code, and nonqualified stock options. If Proposal No. 2 is approved, the Company may also award (i) restricted stock, (ii) restricted stock units, (iii) stock appreciation rights either in tandem with an option or alone and unrelated to an option, or SARs, (iv) performance shares, (v) award shares, or (vi) stock awards.

Eligible Participants.

All employees, and in the case of awards other than incentive stock options, directors of the Company or any affiliate (as that term is defined in the 1999 Plan) capable of contributing significantly to the successful performance of the Company, other than a person who has irrevocably elected not to be eligible, are eligible to participate in the 1999 Plan.

Administration.

The 1999 Plan is currently administered by the Compensation Committee of the Board of Directors (the Committee). The Committee serves at the pleasure of the Board of Directors which can, at its sole discretion, discharge any member of the Committee, appoint additional new members in substitution for those previously appointed and/or fill vacancies regardless of how they are caused. The Board of Directors of the Company has the authority to adopt, alter and repeal administrative rules, guidelines and practices governing the operation of the 1999 Plan and to interpret provisions of the Plan. The Board of Directors may delegate, to the extent permitted by applicable law, to the Committee the power to make awards to participants and all determinations under the 1999 Plan with respect thereto.

Securities to be Offered.

The maximum aggregate number of shares of Common Stock available for issuance under the 1999 Plan is 600,000 shares, plus an annual increase to be made on the first day of each fiscal year equal to the lesser of (i) 2 1/2% of the Issued Shares (as defined below) on the last day of the immediately preceding fiscal year, (ii) 1,000,000 shares, or (iii) an amount determined by the Board of Directors. Issued Shares means the number of shares of the Company's Common Stock outstanding on the last day of the immediately preceding fiscal year, plus any shares reacquired by the Company during the fiscal year that ends on that date. The shares of Common Stock available for issuance under the 1999 Plan are subject to adjustment for any stock dividend, recapitalization, stock split, stock combination or certain other corporate reorganizations. The number of shares reflected in this proxy statement and as described in this Proposal No. 2 have been adjusted to reflect the Company's two-for-one stock split effected on November 30, 2005.

Shares issued may consist in whole or in part of authorized but unissued shares or treasury shares. Shares subject to an award that expires or is terminated unexercised or is forfeited for any reason or settled in a manner that results in fewer shares outstanding than were initially awarded will again be available for award under the 1999 Plan. The maximum number of shares which may be granted to an individual in a fiscal year is limited to 1,000,000 shares. As of the date of this proxy statement, an aggregate of 6,600,000 shares of Common Stock are authorized for issuance under the 1999 Plan, of which 692,118 shares are available for future awards under the 1999 Plan. The closing price of the Company's Common Stock on the Nasdaq National Market on January 6, 2006 was \$ 38.61.

Nonqualified and Incentive Stock Options.

Subject to the provisions of the 1999 Plan, the Board may award incentive stock options and nonqualified stock options and determine the number of shares to be covered by each option, the option price therefore and the conditions and limitations applicable to the exercise of the option. Each option shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable award or thereafter. The Board may provide for the automatic award of an option upon the delivery of shares to the Company in payment of an option for up to the number of shares so delivered.

Edgar Filing: HOLOGIC INC - Form DEF 14A

The terms and conditions of incentive stock options shall be subject to and comply with Section 422 of the Code and any regulations thereunder. No incentive stock option granted under the 1999 Plan may be granted more than ten years after the effective date of the 1999 Plan and no such grant may be exercisable more than ten years from the date of grant (five years after the date of grant for incentive stock options granted to holders of

more than ten percent of the Common Stock). Incentive stock options shall be granted only to employees of the Company and shall be transferable by the optionee only by the laws of descent and distribution, and shall be exercisable only by the employee during his or her lifetime.

The exercise price of options granted under the 1999 Plan may not be less than the fair market value of the Common Stock on the date of grant. Incentive stock options may be granted to holders of more than 10% of the Company's outstanding voting capital stock only at an exercise price of at least 110% of the fair market value of such stock on the date of grant.

Options Granted to Non-Employee Directors.

The 1999 Plan provides that, unless otherwise determined by the Board of Directors, each director of the Company who is not an employee of the Company or affiliated with any holder of more than 5% of the outstanding voting stock of the Company shall automatically be granted a nonqualified option to acquire 50,000 shares of Common Stock as of the date he or she is first elected to the Board or, with respect to such directors serving on the Board as of the effective date of the 1999 Plan, as of the date of the Company's 1999 Annual Meeting. In each case, the option price for such options will be the fair market value of the Common Stock on the date of grant and the expiration date will be the tenth anniversary thereof. Each such nonqualified option will become exercisable in 20% installments beginning on January 1 of the first year after the grant date, and on January 1 of each year thereafter, until such option is fully exercisable on January 1 of the fifth year following the grant date.

Furthermore, the 1999 Plan provides that, unless otherwise determined by the Board of Directors, each director of the Company who is not an employee of the Company and who has served as a director for six months shall automatically be granted a nonqualified option to acquire 8,000 shares of Common Stock as of January 1 of each year. The option price of these automatically granted options is the fair market value of the Common Stock on such date and the expiration date will be the tenth anniversary thereof. These options are exercisable in equal six month installments over two years after the date of grant.

In addition, the Board may provide for such other terms and conditions of these options as it may determine, as shall be set forth in the applicable option agreements, including, without limitation, acceleration of exercise upon a change of control of the Company, termination of the options, and the effect on such options of the death, retirement or other termination of service as a director of the optionholder.

Restricted Stock.

Subject to provisions of the 1999 Plan, the Board of Directors may grant shares of restricted stock to participants, with such restricted periods and other conditions as the Board may determine and for no cash consideration or such minimum consideration as may be required by applicable law. During the restricted period, unless otherwise determined by the Board, stock certificates evidencing the restricted shares will be held by the Company and may not be sold, assigned, transferred, pledged or otherwise encumbered, except as permitted by the Board. At the expiration of the restricted period, the Company will deliver such certificates to the participant or, if the participant has died, to the beneficiary designed by the participant.

Restricted Stock Units.

Edgar Filing: HOLOGIC INC - Form DEF 14A

Subject to provisions of the 1999 Plan, the Board of Directors may grant restricted stock unit awards. A restricted stock unit is a contractual promise to issue shares at a specified future date, subject to fulfillment of vesting conditions specified by the Board. A restricted stock unit award carries no voting or dividend rights or other rights associated with stock ownership. A restricted stock unit award may be settled in Common Stock, cash, or in any combination of Common Stock and/or cash; provided, however, that a determination to settle a restricted stock unit award in whole or in part in cash shall be made by the Board of Directors in its sole discretion.

Stock Appreciation Rights.

Subject to the provisions of the 1999 Plan, the Board of Directors may award SARs in tandem with an option (at or after the award of the option) or alone and unrelated to an option. A SAR entitles the holder to receive from the Company an amount equal to the excess, if any, of the fair market value of the Common Stock over the reference price. SARs granted in tandem with an option will terminate to the extent that the related option is exercised, and the related option will terminate to the extent that the tandem SARs are exercised.

Performance Shares.

Subject to the provisions of the 1999 Plan, the Board of Directors may grant performance shares to participants in the form of grants of shares of Common Stock. Performance shares are earned over a period of time (a performance cycle) selected by the Board from time to time. There may be more than one performance cycle in existence at any one time and the duration of the performance cycles may differ from each other. Unless otherwise determined by the Board of Directors, the payment value of the performance shares will be equal to the fair market value of the Common Stock on the date the performance shares are earned or on the date the Board determines that the performance shares have been earned. The Board shall establish performance goals for each cycle for the purpose of determining the extent to which performance shares awarded for such cycle are earned. As soon as practicable after the end of a performance cycle, the Board shall determine the number of performance shares which have been earned on the basis of performance in relation to the established performance goals. Payment values of earned performance shares are distributed to the participant or, if the participant has died, to the beneficiary designated by the participant.

Stock Awards.

Subject to the provisions of the 1999 Plan, the Board of Directors may award stock awards, which may be designated as award shares by the Board, subject to such terms, restrictions, conditions, performance criteria, vesting requirements and payment needs, if any, as the Board shall determine. Shares of Common Stock or other rights awarded in connection with a stock award shall be issued for no cash consideration or such minimum consideration as may be required by law.

General Provisions.

Each award shall be evidenced by a written document delivered to the participant specifying the terms and conditions thereof and containing such other terms and conditions not inconsistent with the provisions of the 1999 Plan as the Board considers necessary or advisable. Each type of award may be made alone, in addition to, or in relation to any other type of award. The terms of each type of award need not be identical and the Board need not treat participants uniformly. The Board may amend, modify or terminate any outstanding award, including substituting therefor another award, changing the date of exercise or realization and converting an incentive stock option to a nonqualified stock option, provided that the participant's consent to such action shall be required unless the Board determines that the action would not materially and adversely affect the participant.

The Board of Directors will determine whether awards granted pursuant to the 1999 Plan are settled in whole or in part in cash, Common Stock, other securities of the Company, other property or such other methods as the Board of Directors may deem appropriate. The Board may permit a participant to defer all or any portion of a payment under the 1999 Plan. In the Board's discretion, tax obligations required to be withheld in respect of an award may be paid in whole or in part in shares of Common Stock, including shares retained from such award. The Board will determine the effect on an award of the death, disability, retirement or other termination of employment of a participant and the extent to which and period during which the participant's legal representative, guardian or designated beneficiary may receive payment of an award or exercise

Edgar Filing: HOLOGIC INC - Form DEF 14A

rights thereunder. Except as otherwise provided by the Board, awards under the 1999 Plan are not transferable other than as designated by the participant by will or by the laws of descent and distribution.

The Board in its discretion may take certain actions in order to preserve a participant's rights under an award in the event of a change in control of the Company, including (i) providing for the acceleration of any time period relating to the exercise or realization of the award, (ii) providing for the purchase of the award for an amount of cash or other property that could have been received upon the exercise or realization of the award had the award been currently exercisable or payable, (iii) adjusting the terms of the award in order to reflect the change in control, (iv) causing the award to be assumed, or new rights substituted therefor, by another entity, or (v) making such other provision as the Board may consider equitable and in the best interest of the Company, provided that, in the case of an action taken with respect to an outstanding award, the participant's consent to such action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the participant.

The Board of Directors of the Company may amend, suspend or terminate the 1999 Plan or any portion thereof at any time; provided that no amendment shall be made without stockholder approval if such approval is necessary to comply with any applicable law, rules or regulations.

New Plan Benefits.

As described above, each non-employee director is granted a nonqualified option to acquire 8,000 shares of Common Stock as of January 1 of each year. In the aggregate, nonqualified options to purchase 40,000 shares will be granted automatically on January 1 of each year to the Company's current five non-employee directors pursuant to the Plan. The exercise prices of these options will be 100% of the fair market value of the Company's Common Stock on the date of grant. In addition, each non-employee director is automatically granted a nonqualified option to acquire 50,000 shares of Common Stock as of the date he or she is first elected to the Board. Future awards under the 1999 Plan to executive officers and employees, and any additional future discretionary awards to non-employee directors in addition to those granted automatically pursuant to the grant formula, are discretionary and cannot be determined at this time.

United States Federal Income Tax Consequences

The following general discussion of the Federal income tax consequences of the issuance and exercise of options granted under the 1999 Plan is based upon the provisions of the Code as in effect on the date hereof, current regulations thereunder and existing administrative rulings of the Internal Revenue Service. This discussion is not intended to be a complete discussion of all of the Federal income tax consequences of the 1999 Plan or of all of the requirements that must be met in order to qualify for the tax treatment described herein. Changes in the law and regulations may modify the discussion, and in some cases the changes may be retroactive. No information is provided as to state tax laws. In addition, because tax consequences may vary, and certain exceptions to the general rules discussed herein may be applicable, depending upon the personal circumstances of individual holders of securities, each holder of an award should consider his personal situation and consult with his tax advisor with respect to the specific tax consequences applicable to him. The 1999 Plan is not qualified under Section 401 of the Code, nor is it subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. The tax treatment of each kind of award under the 1999 Plan is as follows:

Incentive Stock Options. Incentive stock options granted under the 1999 Plan are intended to qualify as incentive stock options under Section 422 of the Code.

A participant generally will not recognize taxable income upon the grant or exercise of an incentive stock option. Under certain circumstances, however, there may be alternative minimum tax or other tax consequences, as described below. If an option holder does not make a disqualifying disposition (as defined below), then the option holder will not recognize any taxable income until shares are sold or exchanged, and any gain recognized upon disposition of shares will be taxable as long-term capital gain. A disqualifying disposition means any disposition of shares acquired on the exercise of an incentive stock option where such disposition occurs within

two years of the date the option was granted or within one year of the date the shares were transferred to the option holder. The use of the shares acquired pursuant to the exercise of an incentive stock option to pay the option exercise price under another stock option is treated as a disposition for this purpose.

In general, if the option holder makes a disqualifying disposition, then the excess of (a) the lesser of (i) the fair market value of the shares on the date of exercise or (ii) the amount realized upon disposition of the shares over (b) the option exercise price will be taxable to the option holder as ordinary income. In the case of a gift or certain other transfers, the amount of taxable ordinary income is not limited to the gain that would have resulted from a sale. Instead, it is equal to the excess of the fair market value of the shares on the date of exercise over the option exercise price. In the case of a disqualifying disposition, if the amount realized on disposition of the shares exceeds the fair market value of the shares on the date of exercise, the excess will be taxed as either long-term or short-term capital gain depending on the option holder's holding period for the shares. The holding period for the shares generally would begin on the date the shares were acquired and would not include the period of time during which the option was held.

Certain option holders are subject to Section 16(b) of the Securities Exchange Act of 1934 upon their sale of shares of Common Stock. If an option holder is subject to Section 16(b), the date on which the fair market value of the shares is determined may similarly be postponed. The Treasury regulations have not yet been amended to conform with the most recent revision to Section 16(b). However, it is generally anticipated that the date on which the fair market value of the shares is determined will be the earlier of (i) the date six months after the date the stock option was granted, or, (ii) the first day on which the sale of the shares would not subject the individual to liability under Section 16(b). It is possible that the six-month period will instead run from the option holder's most recent grant or purchase of Common Stock prior to his or her exercise of the stock option. On the determination date, the option holder will generally recognize ordinary taxable income in an amount equal to the excess of the fair market value of the shares of Common Stock at that time over the option exercise price.

Despite the general rule, in the case of a substantial risk of forfeiture, or in the case of recipients subject to Section 16(b) (if the determination date is after the date of exercise), the option holder may make an election pursuant to Section 83(b) of the Code, in which case the option holder will recognize ordinary taxable income at the time the stock option is exercised and not on the later date. In order to be effective, the Section 83(b) election must be made and filed with the IRS within 30 days after exercise.

In general, the fair market value of the shares on the date of exercise, less the exercise price, will be included in the option holder's alternative minimum taxable income in the year the option is exercised. However, if in the same year, the shares are disposed of at a lower price, then alternative minimum taxable income is calculated using this lower price instead of the shares' fair market value on the date of exercise. The application of the alternative minimum tax rules for option holders subject to Section 16(b) or who receive shares that are not substantially vested is more complex and may depend upon whether such holders are entitled to and make a Section 83(b) election. Because of the many adjustments that apply to the computation of the alternative minimum tax, it is not possible to predict the application of such tax to any particular option holder. An option holder may owe alternative minimum tax even though he has not disposed of the shares or otherwise received any cash with which to pay the tax. The alternative minimum tax rate is higher than the rate applicable to long-term capital gains.

The Company will not be entitled to any deduction with respect to the grant or exercise of incentive stock options. In addition, no deduction will be allowed to the Company upon the disposition of stock acquired upon the exercise of an incentive stock option, unless the disposition is a disqualifying disposition. In the case of a disqualifying disposition, the Company generally will be entitled to a deduction equal to the amount of compensation income that is recognized by the employee as a result of the disqualifying disposition.

Nonqualified Stock Options. A recipient of a nonqualified stock option generally will not recognize any income for federal tax purposes with respect to the option until the option is exercised. At that time, subject to certain limited exceptions, the recipient will recognize ordinary income in an amount equal to the excess of the fair market value of the shares on the date acquired over the option exercise price.

The application of the tax rules to an option holder who receives shares that are subject to a substantial risk of forfeiture (for example, if the shares must be returned to the Company if the recipient does not work for the Company for a period of time, if any, specified in the award) are more complex. In that case, the recipient generally will not recognize income until the date the shares are no longer subject to the substantial risk of forfeiture, unless a Section 83(b) election (described below) is made.

Certain option holders are subject to Section 16(b) of the Securities Exchange Act of 1934 upon their sale of shares of Common Stock. If an option holder is subject to Section 16(b), the date on which the fair market value of the shares is determined may similarly be postponed. The Treasury regulations have not yet been amended to conform with the most recent revision to Section 16(b). However, it is generally anticipated that the date on which the fair market value of the shares is determined will be the earlier of (i) the date six months after the date the stock option was granted, or (ii) the first day on which the sale of the shares would not subject the individual to liability under Section 16(b). It is possible that the six month period will instead run from the option holder's most recent grant or purchase of Common Stock prior to his or her exercise of the stock option. On the determination date, the option holder will generally recognize ordinary taxable income in an amount equal to the excess of the fair market value of the shares of Common Stock at that time over the option exercise price.

Despite the general rule, in the case of a substantial risk of forfeiture, or in the case of recipients subject to Section 16(b) (if the determination date is after the date of exercise), the option holder may make an election pursuant to Section 83(b) of the Code, in which case the option holder will recognize ordinary taxable income at the time the stock option is exercised and not on the later date. In order to be effective, the Section 83(b) election must be made and filed with the IRS within 30 days after exercise.

When an option recipient recognizes income, the Company will generally be entitled to a compensation deduction for federal income tax purposes in an amount equal to the taxable income recognized by the recipient, provided that the Company reports the income on a timely provided and filed Form W-2 or 1099, whichever is applicable.

Upon a subsequent sale of shares acquired by the exercise of a nonqualified stock option, a recipient generally will recognize capital gain (or loss) equal to the amount by which the selling price of the shares exceeds (or is exceeded by) their fair market value on the date of exercise. The capital gain or loss will be short-term or long-term depending upon how long the shares were held. Any capital gain or loss would be long-term if the holding period for the shares was more than twelve months. The holding period for the shares generally would begin on the date the shares were acquired, and would not include the period of time during which the option was held.

Stock Appreciation Rights.

A recipient of an SAR will not be considered to receive any income at the time an SAR is granted, nor will the Company be entitled to a deduction at that time. Upon the exercise of an SAR, the holder will have ordinary income equal to the cash received upon the exercise. At that time, the Company will be entitled to a tax deduction equal to the amount of ordinary income realized by the holder.

Restricted Stock and Performance Shares.

The recipient of restricted stock or performance shares will be treated in the same manner as a person who has exercised a nonqualified stock option, as described above, for which the Company has imposed restrictions on the shares received, and for which the exercise price is either zero or a nominal amount. In general, this means that the holder may either wait until the restrictions have elapsed (or the performance goals have been met), and then pay tax at ordinary income tax rates, based upon the fair market value of the shares at that time, or he or she can file a Section 83(b) election, and pay tax based on the fair market value of the shares at the time they are received. Again, the Company will get a

deduction that corresponds to the income recognized by the recipient.

Restricted Stock Unit Awards.

The grant of a restricted stock unit award will not result in income for the grantee or in a deduction for the Company. Upon the lapse of the restrictions of a restricted stock unit, the grantee will recognize ordinary income and the Company will be entitled to a deduction measured by the fair market value of the shares plus any cash received.

Stock Awards.

A person who receives a stock award that includes Common Stock will be treated, with regard to such Common Stock, in the same manner as a person who has exercised a nonqualified stock option, as described above. In general, this means that the holder will have taxable income at the time the shares are received if they are not subject to restrictions, or as described in the preceding paragraph for restricted stock, if they are subject to restrictions. The tax treatment of a stock award that consists of other rights will depend on the provisions of the award. It may be immediately taxable if there are no restrictions on the receipt of the cash or other property that the stock award represents, or the tax consequences may be deferred if the receipt of cash or other property for the stock award is restricted, or subject to vesting or performance goals. In those situations in which a participant receives property subject to restrictions, the participant may wish to make a Section 83(b) election, as described above. At the time that the holder of the stock award has ordinary income, the Company will be entitled to a tax deduction equal to the amount of ordinary income realized by the holder.

Deductibility of Awards.

Section 162(m) of the Code places a \$1 million annual limit on the compensation deductible by the Company paid to certain of its executives. The limit, however, does not apply to performance-based compensation. The Company believes that awards under the 1999 Plan will qualify for the performance-based compensation exception to the deductibility limit.

Vote Required and Board of Directors Recommendation

The affirmative vote of a majority of the shares of the Company's Common Stock present in person or by proxy and entitled to vote at the Annual Meeting is required for approval of the Second Amended and Restated 1999 Equity Incentive Plan.

The Company's Board of Directors recommends that stockholders vote *FOR* approval of the Second Amended and Restated 1999 Equity Incentive Plan.

Severance and Separation Agreements

Severance agreements are in effect between the Company and the following named executive officers: Messrs. Cumming, Muir and Cascella and Dr. Stein. The agreements are intended to encourage the executives to continue to carry on their duties in the event of a change of control of the Company. The agreements provide that 30 days after a change of control, the Company shall pay the executive a lump sum in cash equal to the sum of the executive's annual salary for the fiscal year immediately preceding the change of control plus the executive's highest annual bonus, multiplied by three. In addition, the agreements provide that, upon a change of control, all unvested stock options or stock appreciation rights held by the executive shall become immediately exercisable for a one-year period following the executive's termination date. These severance agreements confer no benefits prior to a change of control. In the event that any payments received by the executive in connection with a change of control are subject to the excise tax imposed upon certain change of control payments under federal tax laws, the agreements provide that the Company's auditing firm immediately preceding the change of control shall compute the excise tax imposed on the executive and the Company shall pay that amount to the executive to provide the executive with a payment that is economically equivalent to the payment he would have received but for the imposition of the excise tax. Under the terms of these severance agreements, if the executive remains employed through the one year anniversary of a change of control, then the executive will receive a special bonus (the "special bonus") equal to the sum of the executive's annual salary and highest annual bonus (as defined in the agreements). In addition, if termination of an executive's employment occurs within the three-year period following a change of control of the Company and such termination is by the Company (or its successor) without cause or termination is by the executive for good reason, then the executive will be entitled to receive, among other things, in a lump sum in cash: (i) the executive's accrued salary; (ii) a pro rata portion of such executive's highest annual bonus; (iii) to the extent not previously paid, the special bonus; (iv) continued welfare benefits for a period of one year; and (v) any compensation previously deferred by the executive and any accrued bonus amounts or vacation pay.

The Company also has separation agreements with Messrs. Cumming, Muir and Pekarsky. Under the terms of these agreements, if the executive's employment is terminated for any reason other than cause, the executive will receive a separation package which will include a salary contribution of up to one year of base salary and continued medical and dental benefits up to the earlier of one year or such time as the executive becomes re-employed. The separation agreements for Messr. Pekarsky survives a change in control, but cannot be triggered by a change in control or any voluntary separation notice given by the executive. These separation agreements for Messrs. Cumming and Muir do not survive a change in control.

Compensation Committee Interlocks and Insider Participation

During fiscal 2005, decisions regarding executive compensation were made by the Company's Compensation Committee of the Board of Directors, which was composed of Irwin Jacobs, David R. LaVance, Arthur G. Lerner, and Nancy L. Leaming. The Compensation Committee also administers the Company's stock option and incentive plans, Executive Bonus Program and Key Employee Bonus and Retention Program, and 401(k) Profit-Sharing Plan. None of these members of the Compensation Committee has ever been an officer or employee of the Company or any of its subsidiaries and no executive officer of the Company serves on the board of directors of any company at which any of the Compensation Committee members is employed.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors, consisting entirely of independent non-management directors, approves all policies under which compensation is paid or awarded to the Company's executive officers. For fiscal 2005, the Committee was comprised of Messrs. Jacobs and LaVance, Dr. Lerner and Ms. Leaming.

The Company's Compensation Philosophy and Plan

The Company's executive compensation program is designed to attract and retain superior executive talent, to provide incentives and rewards to executive officers who will contribute to the long-term success of the Company and to closely align the interests of executives with those of the Company's stockholders.

The Committee reviews the Company's executive compensation program through the application of the subjective business judgment of each of its members, through a discussion with an independent compensation consultant retained by the Committee and a survey of executive compensation programs of peer companies. The Compensation Committee does not use a quantitative method or use a mathematical formula to set any element of compensation for a particular executive officer. The Compensation Committee uses discretion and considers all elements of an executive's compensation package when setting each portion of compensation, which is based upon corporate performance and individual initiatives and performance. The principal elements of the Company's executive compensation program consist of: (i) base annual salary, (ii) executive bonus program and (iii) equity awards.

Base Annual Salaries. Base annual salaries for executive officers are initially determined by evaluating the responsibilities of the position and the experience and knowledge of the individual. Also taken into consideration is the competitiveness of the marketplace for executive talent, including a comparison of base annual salaries for comparable positions at peer companies. Individual adjustments are made at the discretion of the Compensation Committee, taking into consideration factors such as the Company's performance and the Compensation Committee's subjective perception of the individual's performance.

Executive Bonus Program. The Compensation Committee of the Board of Directors approved an Executive Bonus Program for fiscal 2005 under which executive officers, senior management and key contributors selected by the Compensation Committee were eligible for cash bonuses, stock options and stock grants, awarded at the discretion of the Compensation Committee. This program is designed to attract and retain key talent and is directly related to the Company's success and to an overall increase in shareholder value. To qualify for a bonus under this program, executive officers are measured against a combination of strategic, corporate, divisional and individual goals and overall market conditions. Considerations also include an evaluation of comparable salary and incentive data within the medical device industry, overall and divisional revenues and profitability, new product development and introductions, and improved shareholder value. Based on an evaluation of the foregoing, including in particular the Company's overall profitability and appreciation in shareholder value during fiscal 2005, bonuses aggregating \$1,536,000 were granted under the Executive Bonus Program to the Company's executive officers. Included in this bonus total is a deferred portion equal to \$300,000, to be paid to these executive officers in the deferred bonus pool who are employed by the Company on October 1, 2006. In the event that one or more persons that have been allocated a portion of the deferred bonus pool are not employed by the Company on October 1, 2006, the amounts allocated to such persons will be reallocated to the remaining participants in the deferred bonus pool on a pro rata basis. See Executive Compensation Summary Compensation Table .

Equity Awards. The third component of executive officers' compensation are equity awards in the form of stock options.

Edgar Filing: HOLOGIC INC - Form DEF 14A

Stock options are designed to align the interests of the executive with those of the stockholders. Stock options are granted at an exercise price equal to the fair market value of the Common Stock on the date of grant.

The size of individual stock options are based upon the Committee's subjective review of the job responsibility and individual contribution to the Company's success. Previous stock options are considered when awards are determined. These equity awards are designed to provide incentives for the creation of long-term value for the Company's stockholders. During fiscal 2005, options to purchase an aggregate of 462,500 shares of the Company's Common Stock were granted to executive officers under the Company's stock option plans. These options vested in full during fiscal 2005 and are exercisable within five or ten years from the date of grant.

Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1,000,000 paid to the Chief Executive Officer or to any of the other four most highly compensated executive officers of a company will not be deductible for federal income tax purposes unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m). The Company's primary objective in designing and administering its compensation policies is to support and encourage the achievement of the Company's long-term strategic goals and to enhance stockholder value. In general, stock options granted under the Company's 1999 Amended and Restated Equity Incentive Plan, as amended, are intended to qualify under and comply with the performance based compensation exemption provided under Section 162(m), thus excluding from the Section 162(m) compensation limitation any income recognized by executives pursuant to such stock options. Because salary and bonuses, excluding Mr. Cumming's bonus associated with his relocation described below, have generally been below the \$1,000,000 threshold, the Committee has elected, at this time, to retain discretion over bonus payments, rather than to ensure that payments of salary and bonus in excess of \$1,000,000 are deductible. The Committee intends to review periodically the potential impacts of Section 162(m) in structuring and administering the Company's compensation programs.

Compensation of the Chief Executive Officer

In January 2005, Mr. Cumming's salary was increased to \$465,000 from \$440,000, which the Committee considered at the time to be comparable to the salaries of chief executive officers of peer companies based on the Committee's survey of executive compensation at peer companies. In fiscal 2005, Mr. Cumming received a bonus of \$515,000, which was paid in the first quarter of fiscal 2006, and is eligible for a deferred portion of \$100,000 on October 1, 2006. In fiscal 2005, Mr. Cumming was instrumental in, among other things, driving the Company to increased revenues and earnings, expanding sales distribution efforts and developing new strategic alliances. In addition, in December 2002, in recognition of the exceptional service rendered to the Company by Mr. Cumming, the Compensation Committee approved a special bonus program to provide Mr. Cumming with the funds necessary to pay the quarterly installments due under an outstanding loan. The Company paid Mr. Cumming \$318,129 under this special bonus program in fiscal 2005. See "Certain Relationships and Related Transactions" below.

Conclusion

Through these programs, a significant portion of the Company's executive compensation is linked directly to individual and Company performance in pursuance of strategic goals as well as stock price appreciation. The Compensation Committee intends to continue the policy of linking executive compensation to Company performance and stockholder return, recognizing however, that fluctuations in the operating results of the business may result over time.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In January 2001, to assist John W. Cumming, the Company's Chairman, Chief Executive Officer and a director, in the purchase of a local primary residence in connection with his initial relocation to Danbury, Connecticut to take on the position of Senior Vice President and President of Lorad, the Company loaned Mr. Cumming the principal amount of \$300,000 pursuant to a promissory note. In August 2001, in connection with Mr. Cumming's move to the Company's Massachusetts headquarters in order to assume the position of Chief Executive Officer and President, the Company loaned Mr. Cumming an additional principal amount of \$200,000. This additional \$200,000 loan was consolidated with the original loan into one \$500,000 promissory note on the same terms as the original loan. The promissory note bears interest at the rate of 7.0% per year. In April 2002, the Board of Directors deferred the payment obligations under the note by one year, such that the note is now required to be repaid in quarterly installments of \$41,666 plus interest, commencing April 1, 2003 until paid in full no later than April 1, 2006. In the event that the Company undergoes a change of control, the balance of the note will be forgiven. In the event Mr. Cumming's employment with the Company is terminated, either voluntarily or for cause, Mr. Cumming has agreed to repay the balance of the note.

In December 2002, in recognition of the exceptional service rendered to the Company by Mr. Cumming, the Compensation Committee of the Board of Directors approved a special bonus program to provide Mr. Cumming with the funds necessary to pay the quarterly installments due under the loan. Under the special bonus program, for so long as Mr. Cumming remains an officer of the Company and there are amounts remaining to be repaid under the loan, the Company will pay Mr. Cumming a special quarterly bonus equal to the amount due under the loan, including interest due, plus an additional payment equal to the taxes due as a result of the special bonus and such additional payment, such that the net-after-tax special quarterly bonus to be received by Mr. Cumming will equal the principal and interest then due under the loan. During fiscal 2005, the Company paid Mr. Cumming \$318,129 under this special bonus program. As of the date of this proxy statement the full amount of the loan had been repaid, and no further amounts will be paid to Mr. Cumming under this special bonus program.

In fiscal 2005, the Company paid Mr. Cumming's wife compensation in the aggregate amount of approximately \$118,000 for services rendered to the Company in her capacity as the Company's Director of Marketing.

In fiscal 2004, the Audit Committee of the Board of Directors of the Company determined that it would be in the best interests of the Company to assist Mr. Robert A. Cascella, the Company's President and Chief Operating Officer, in relocating his principal residence from Connecticut to Massachusetts so that Mr. Cascella would be able to perform his duties and responsibilities at the Company's principal executive offices located in Bedford, Massachusetts.

On December 15, 2004, the Company's Audit Committee determined to make certain payments pursuant to the Company's relocation program with a relocation company to assist Mr. Cascella in his relocation. In connection with the Company's relocation program, Mr. Cascella and the relocation company entered into a purchase and sale agreement pursuant to which the relocation company paid Mr. Cascella \$551,904, which represented Mr. Cascella's equity value (representing the \$820,000 purchase price less the amounts then outstanding under his mortgage, taxes, maintenance, utilities and insurance) in his Madison, CT residence. After the signing of the purchase and sale agreement and through January 31, 2005, the date on which Mr. Cascella vacated his residence, Mr. Cascella remained responsible for paying taxes, maintenance, utilities, insurance and all other operating costs relating to the residence.

In connection with above-described transactions, on December 21, 2004, pursuant to the Company's relocation program with the relocation company, the Company paid the relocation company approximately \$82,000, representing 10% of the purchase price as an advance against the relocation company's management fee and direct expenses associated with the sale of his residence. In April 2005, an additional amount of \$1,518 was paid to the relocation company to settle the remaining expenses incurred in the sale of his residence. In April 2005, the relocation company sold Mr. Cascella's residence to a third party for the same price as the purchase

price paid to Mr. Cascella. In making its determination to approve the payments and transactions described above, the Company's Audit Committee, based upon the review of information presented to the Audit Committee, including, but not limited to, advice received from the relocation company and the receipt of appraisals from two independent real estate appraisers, concluded that the payments that the Company agreed to make were fair to and in the best interests of the Company.

On December 23, 2004, and April 6, 2005, as part of Mr. Cascella's relocation to Massachusetts, the Company reimbursed Mr. Cascella for approximately \$26,600 and \$9,500, respectively, to cover relocation costs and expenses in connection with the purchase of his new residence in Massachusetts.

Mr. Lawrence M. Levy, who was appointed to the Board of Directors on December 13, 2005, has served as senior counsel at Brown Rudnick Berlack Israels LLP, an international law firm that provides legal services to the Company, since February 2005 and, for more than 30 years before that, had been a partner at Brown Rudnick, specializing in Corporate and Securities Law. Mr. Levy was Secretary of the Company since its formation in 1985 until December 2005.

Section 3. Administration

Edgar Filing: HOLOGIC INC - Form DEF 14A

The Plan shall be administered by the Board, or if the Board so determines, by the Committee. The Committee shall serve at the pleasure of the Board, which may from time to time, and in its sole discretion, discharge any member, appoint additional new members in substitution for those previously appointed and/or fill vacancies however caused. A majority of the Committee shall constitute a quorum and the acts of a majority of the members present at any meeting at which a quorum is present shall be deemed the action of the Committee. The Board, including the Committee, shall have authority to adopt, alter and repeal such administrative rules, guidelines and practices governing the operation of the Plan as it shall from time to time consider advisable, and to interpret the provisions of the Plan. The Board's decisions shall be final and binding. To the extent permitted by applicable law, the Board may delegate to the Committee the power to make Awards to Participants and all determinations under the Plan with respect thereto. Administration of the automatic option grant provisions of the Plan shall be self-executing in accordance with the provisions of Section 12 hereof, and neither the Board nor the Committee shall exercise any discretionary functions with respect to the Option grants made pursuant to those provisions of the Plan, except in the event that the Board approves the grant of Awards in addition to, or in substitution for, those provided for in Section 12.

Section 4. *Eligibility*

All employees and, in the case of Awards other than Incentive Stock Options, directors of the Corporation or any Affiliate capable of contributing significantly to the successful performance of the Corporation, other than a person who has irrevocably elected not to be eligible, are eligible to be Participants in the Plan.

Section 5. Stock Available for Awards

(a) Subject to adjustment under subsection (b), the maximum aggregate number of shares of Common Stock available for issuance under the Plan is 600,000 shares, plus an annual increase to be made on the first day of each fiscal year equal to the lesser of (a) 2 1/2 % of the Issued Shares (as defined below) on the last day of the immediately preceding fiscal year, (b) 1,000,000 shares, or (c) an amount determined by the Board. Issued Shares shall mean the number of shares of Common Stock of the Company outstanding on the last day of the immediately preceding fiscal year, plus any shares reacquired by the Company during the fiscal year that ends on such date. If any Award in respect of shares of Common Stock expires or is terminated unexercised or is forfeited for any reason or settled in a manner that results in fewer shares outstanding than were initially awarded, including without limitation the surrender of shares in payment for the Award or any tax obligation thereon, the shares subject to such Award or so surrendered, as the case may be, to the extent of such expiration, termination, forfeiture or decrease, shall again be available for award under the Plan, subject, however, in the case of Incentive Stock Options, to any limitation required under the Code. Common Stock issued through the assumption or substitution of outstanding grants from an acquired corporation shall not reduce the shares available for Awards under the Plan. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares. Subject to adjustment under subsection (b), the maximum aggregate number of shares of the Company's Common Stock for which grants may be made to any employee during any fiscal year shall be 1,000,000 shares.

(b) In the event that the Board determines that any stock dividend, extraordinary cash dividend, creation of a class of equity securities, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, exchange of shares, warrants or rights offering to purchase Common Stock at a price substantially below fair market value, or other similar transaction affects the Common Stock such that an adjustment is required in order to preserve the benefits or potential benefits intended to be made available under the Plan, then the Board, subject, in the case of Incentive Stock Options, to any limitation required under the Code, shall equitably adjust any or all of (i) the number and kind of shares in respect of which Awards may be made under the Plan, (ii) the number and kind of shares subject to outstanding Awards, (iii) the number and kind of shares for which automatic option grants are to be made pursuant to Section 12 hereof, and (iv) the award, exercise or conversion price with respect to any of the foregoing, and if considered appropriate, the Board may make provision for a cash payment with respect to an outstanding Award, provided that the number of shares subject to any Award shall always be a whole number.

Section 6. Stock Options

(a) Subject to the provisions of the Plan, the Board may award Incentive Stock Options and Nonqualified Stock Options and determine the number of shares to be covered by each Option, the option price therefor and the conditions and limitations applicable to the exercise of the Option. The terms and conditions of Incentive Stock Options shall be subject to and comply with Section 422 of the Code, or any successor provision, and any regulations thereunder.

(b) The Board shall establish the option price at the time each Option is awarded, which shall not be less than 100% of the Fair Market Value of the Common Stock on the date of award.

(c) Each Option shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable Award or thereafter. The Board may impose such conditions with respect to the exercise of Options, including conditions relating to applicable federal or state securities laws, as it considers necessary or advisable.

(d) No shares shall be delivered pursuant to any exercise of an Option until payment in full of the option price therefor is received by the Corporation. Such payment may be made in whole or in part in cash or, to the extent permitted by the Board at or after the award of the Option, by delivery of a note or shares of Common Stock owned by the optionholder, including Restricted Stock, provided, however, that the optionholder, must

A-3

have owned at least such number of shares for at least six months, valued at their Fair Market Value on the date of delivery, by the reduction of the shares of Common Stock that the optionholder would be entitled to receive upon exercise of the Option provided, however, that the optionholder must have owned at least the number of shares by which the Common Stock is being reduced for at least six months, such shares to be valued at their Fair Market Value on the date of exercise, less their option price (a so-called "cashless exercise"), or such other lawful consideration as the Board may determine. In addition, to the extent permitted by the Board, an optionholder may engage in a successive exchange (or series of exchanges) in which the shares of Common Stock that such optionholder is entitled to receive upon the exercise of an Option may be simultaneously utilized as payment for the exercise of an additional Option or Options, provided, however, that the optionholder must have owned at least the number of shares to be used as payment for at least six months.

(e) The Board may provide for the automatic award of an Option upon the delivery of shares to the Corporation in payment of an Option for up to the number of shares so delivered.

(f) In the case of Incentive Stock Options the following additional conditions shall apply to the extent required under Section 422 of the Code for the options to qualify as Incentive Stock Options:

(i) Such options shall be granted only to employees of the Corporation, and shall not be granted to any person who owns stock that possesses more than ten percent of the total combined voting power of all classes of stock of the Corporation or of its parent or subsidiary corporation (as those terms are defined in Section 422(b) of the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder), unless, at the time of such grant, the exercise price of such option is at least 110% of the fair market value of the stock that is subject to such option and the option shall not be exercisable more than five years after the date of grant;

(ii) The option price with respect to Incentive Stock Options shall not be less than 100% of the Fair Market Value of the Common Stock on the date of award.

(iii) Such options shall, by their terms, be transferable by the optionholder only by the laws of descent and distribution, and shall be exercisable only by such optionholder during his lifetime.

(iv) Such options shall not be granted more than ten years from the effective date of the Plan and shall not be exercisable more than ten years from the date of grant.

(v) To the extent that the aggregate Fair Market Value of Common Stock with respect to which Incentive Stock Options (determined without regard to this section) are exercisable for the first time by any employee Participant during any calendar year exceeds \$100,000 (or such other amount as may be proscribed by the Code), such Incentive Stock Options shall be treated as options which are not Incentive Stock Options.

Section 7. Stock Appreciation Rights

Subject to the provisions of the Plan, the Board may award SARs in tandem with an Option (at or after the award of the Option), or alone and unrelated to an Option. SARs in tandem with an Option shall terminate to the extent that the related Option is exercised, and the related Option shall terminate to the extent that the tandem SARs are exercised.

Section 8. *Performance Shares*

(a) Subject to the provisions of the Plan, the Board may award Performance Shares and determine the number of such shares for each Performance Cycle and the duration of each Performance Cycle. There may be more than one Performance Cycle in existence at any one time, and the duration of Performance Cycles may differ from each other. Unless otherwise determined by the Board, the payment value of Performance Shares shall be equal to the Fair Market Value of the Common Stock on the date the Performance Shares are earned or, in the discretion of the Board, on the date the Board determines that the Performance Shares have been earned.

A-4

(b) The Board shall establish performance goals for each Cycle, for the purpose of determining the extent to which Performance Shares awarded for such Cycle are earned, on the basis of such criteria and to accomplish such objectives as the Board may from time to time select. During any Cycle, the Board may adjust the performance goals for such Cycle as it deems equitable in recognition of unusual or non-recurring events affecting the Corporation, changes in applicable tax laws or accounting principles, or such other factors as the Board may determine.

(c) As soon as practicable after the end of a Performance Cycle, the Board shall determine the number of Performance Shares which have been earned on the basis of performance in relation to the established performance goals. The payment values of earned Performance Shares shall be distributed to the Participant or, if the Participant has died, to the Participant's Designated Beneficiary, as soon as practicable thereafter. The Board shall determine, at or after the time of award, whether payment values will be settled in whole or in part in cash or other property, including Common Stock or Awards.

Section 9. *Restricted Stock*

(a) Subject to the provisions of the Plan, the Board may award shares of Restricted Stock and determine the duration of the Restricted Period during which, and the conditions under which, the shares may be forfeited to the Corporation and the other terms and conditions of such Awards. Shares of Restricted Stock may be issued for no cash consideration or such minimum consideration as may be required by applicable law.

(b) Shares of Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered, except as permitted by the Board, during the Restricted Period. Shares of Restricted Stock shall be evidenced in such manner as the Board may determine. Any certificates issued in respect of shares of Restricted Stock shall be registered in the name of the Participant and unless otherwise determined by the Board, deposited by the Participant, together with a stock power endorsed in blank, with the Corporation. At the expiration of the Restricted Period, if the Corporation holds such certificates, the Corporation shall deliver such certificates to the Participant or if the Participant has died, to the Participant's Designated Beneficiary.

Section 10. *Restricted Stock Units*

Subject to the other terms and provisions of the Plan, the Board may grant Restricted Stock Units to eligible individuals and may impose conditions on such units as it may deem appropriate. Each Restricted Stock Unit shall be evidenced by an award agreement in the form that is approved by the Board and that is not inconsistent with the terms and conditions of the Plan. Each Restricted Stock Unit will represent a right to receive from the Company, upon fulfillment of any applicable conditions, an amount equal to the Fair Market Value (at the time of the distribution) of one share of Common Stock. Distributions may be made in cash and/or shares of Common Stock. All other terms governing Restricted Stock Units, such as vesting, time and form of payment and termination of units shall be set forth in the applicable award agreement.

Section 11. *Stock Awards*

(a) Subject to the provisions of the Plan, the Board may award Stock Awards subject to such terms, restrictions, conditions, performance criteria, vesting requirements and payment rules, if any, as the Board shall determine.

(b) Shares of Common Stock awarded in connection with a Stock Award shall be issued for no cash consideration or such minimum consideration as may be required by applicable law. Such shares of Common Stock may be designated as Award Shares by the Board.

Section 12. *Option Granted to Non-Employee*

(a) Each Eligible Director shall automatically be granted a Nonqualified Option to acquire 50,000 shares of Common Stock effective as of the date he or she is first elected to the Board or, with respect to Eligible Directors

A-5

serving on the Board as of the Effective Date of the Plan, as of the date of the 1999 Annual Meeting of the Corporation, in each case, the option price for which shall be the Fair Market Value of the Common Stock on such date and the expiration of which shall be the tenth anniversary thereof. Each Nonqualified Option issued pursuant to this Section 12(a) shall become exercisable in 20% installments beginning on January 1 of the first year after the grant date, and on January 1 of each year thereafter, until such option is fully exercisable on January 1 of the fifth year following the grant date.

(b) Each Eligible Director who has served as a Director for six months shall automatically be granted a Nonqualified Option to acquire 8,000 shares of Common Stock on January 1 of each year thereafter, beginning with January 1, 2005, the option price for which shall be the Fair Market Value of the Common Stock on such date and the expiration of which shall be the tenth anniversary thereof.

(c) In addition, the Board may provide for such other terms and conditions of the Options granted pursuant to this Section 12 as it may determine in its sole discretion and as shall be set forth in the applicable Option agreements, including, without limitation, acceleration of exercise upon a change of control, termination of the Options, and the effect on such Options of the death, retirement or other termination of service as a director of the option holder. Notwithstanding the foregoing anything to the contrary in this Plan, nothing herein shall preclude the Board from granting Awards to such non-employee directors in addition to, or in substitution for, those provided for in this Section 12.

Section 13. *General Provisions Applicable to Awards*

(a) *Documentation.* Each Award under the Plan shall be evidenced by a written document delivered to the Participant specifying the terms and conditions thereof and containing such other terms and conditions not inconsistent with the provisions of the Plan as the Board considers necessary or advisable to achieve the purposes of the Plan or comply with applicable tax and regulatory laws and accounting principles.

(b) *Securities Laws.* The Participant shall make such representations and furnish such information as may, in the opinion of counsel for the Corporation, be appropriate to permit the Corporation to issue or transfer the Stock in compliance with the provisions of applicable federal or state securities laws. The Corporation, in its discretion, may postpone the issuance and delivery of any Stock until completion of such registration or other qualification of such shares under any federal or state laws, or stock exchange listing as the Corporation may consider appropriate. The Corporation may require that prior to the issuance or transfer of Stock, the Participant enter into a written agreement to comply with any restrictions on subsequent disposition that the Corporation deems necessary or advisable under any applicable federal and state securities laws. Certificates of Stock issued hereunder may be legended to reflect such restrictions.

(c) *Board Discretion.* Each type of Award may be made alone, in addition to or in relation to any other type of Award. The terms of each type of Award need not be identical, and the Board need not treat Participants uniformly. Except as otherwise provided by the Plan or a particular Award, any determination with respect to an Award may be made by the Board at the time of award or at any time thereafter. Without limiting the foregoing, an Award may be made by the Board, in its discretion, to any 401(k), savings, pension, profit sharing or other similar plan of the Corporation in lieu of or in addition to any cash or other property contributed or to be contributed to such plan.

(d) *Settlement.* The Board shall determine whether Awards are settled in whole or in part in cash, Common Stock, other securities of the Corporation, Awards, other property or such other methods as the Board may deem appropriate. The Board may permit a Participant to defer all or any portion of a payment under the Plan, including the crediting of interest on deferred amounts denominated in cash and dividend equivalents on amounts denominated in Common Stock. If shares of Common Stock are to be used in payment pursuant to an Award and such shares were acquired upon the exercise of a stock option (whether or not granted under this Plan), such shares must have been held by the Participant for at least six months.

(e) *Dividends and Cash Awards.* In the discretion of the Board, any Award under the Plan may provide the Participant with (i) dividends or dividend equivalents payable currently or deferred with or without interest, and (ii) cash payments in lieu of or in addition to an Award.

(f) *Termination of Employment.* The Board shall determine the effect on an Award of the disability, death, retirement or other termination of employment of a Participant and the extent to which, and the period during which, the Participant's legal representative, guardian or Designated Beneficiary may receive payment of an Award or exercise rights thereunder. The Board shall have complete discretion, exercisable either at the time the Award is made or at any time while the Award remains outstanding, to accelerate the vesting of any Award or any part of any Award remaining unvested upon the termination of employment of a Participant or to extend the period of time for which an Option is to remain exercisable following the termination of employment of a Participant, provided, however, that in no event shall such Option be exercisable after the specified expiration date of such Option.

(g) *Change in Control.* In order to preserve a Participant's rights under an Award in the event of a Change in Control of the Corporation, the Board in its discretion may, at the time an Award is made or at any time thereafter, take one or more of the following actions: (i) provide for the acceleration of any time period relating to the exercise or realization of the Award, (ii) provide for the purchase of the Award for an amount of cash or other property that could have been received upon the exercise or realization of the Award had the Award been currently exercisable or payable, (iii) adjust the terms of the Award in a manner determined by the Board to reflect the Change in Control, (iv) cause the Award to be assumed, or new rights substituted therefor, by another entity, or (v) make such other provision as the Board may consider equitable and in the best interests of the Corporation, provided that, in the case of an action taken with respect to an outstanding Award, the Participant's consent to such action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the Participant. Unless otherwise provided in any Award, for purposes hereof a Change in Control of the Corporation shall mean: (i) the acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 20% or more of the then outstanding shares of common stock of the Corporation (the Outstanding Corporation Common Stock); provided, however, that any acquisition by the Corporation or its subsidiaries, or any employee benefit plan (or related trust) of the Corporation or its subsidiaries of 20% or more of Outstanding Corporation Common Stock shall not constitute a Change in Control; and provided, further, that any acquisition by a corporation with respect to which, following such acquisition, more than 50% of the then outstanding shares of common stock of such corporation, is then beneficially owned, directly or indirectly, by all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Corporation Common Stock immediately prior to such acquisition in substantially the same proportion as their ownership, immediately prior to such acquisition, of the Outstanding Corporation Common Stock, shall not constitute a Change in Control; or (ii) any transaction which results in the Continuing Directors (as defined in the Certificate of Incorporation of the Corporation) constituting less than a majority of the Board; or (iii) consummation by the Corporation of (i) a reorganization, merger or consolidation, in each case, with respect to which all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Corporation Common Stock immediately prior to such reorganization, merger or consolidation do not, following such reorganization, merger or consolidation, beneficially own, directly or indirectly, more than 50% of the then outstanding shares of common stock of the corporation resulting from such a reorganization, merger or consolidation or (ii) the sale or other disposition of all or substantially all of the assets of the Corporation, excluding a sale or other disposition of assets to a subsidiary of the Corporation.

(h) *Withholding.* The Corporation shall have the power and the right to deduct or withhold, or require a Participant to remit to the Corporation an amount sufficient to satisfy federal, state and local taxes (including the Participant's FICA obligation) required to be withheld with respect to an Award or any dividends or other distributions payable with respect thereto. In the Board's discretion, such tax obligations may be paid in whole or in part in shares of Common Stock, including shares retained from the Award creating the tax obligation, valued

at their Fair Market Value on the date of delivery, provided, however, that the optionholder must have owned at least such number of shares for at least six months. The Corporation and its Affiliates may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to the Participant.

(i) *Amendment of Award.* The Board may amend, modify or terminate any outstanding Award, including substituting therefor another Award of the same or a different type, changing the date of exercise or realization and converting an Incentive Stock Option to a Nonqualified Stock Option, provided that the Participant's consent to such action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the Participant.

(j) *Awards Not Transferable.* Except as otherwise provided by the Board, Awards under the Plan are not transferable other than as designated by the participant by will or by the laws of descent and distribution.

Section 13. Miscellaneous

(a) *No Right To Employment.* No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment. The Corporation expressly reserves the right at any time to dismiss a Participant free from any liability or claim under the Plan, except as expressly provided in the applicable Award.

(b) *No Rights As Shareholder.* Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a shareholder with respect to any shares of Common Stock to be distributed under the Plan until he or she becomes the holder thereof. A Participant to whom Common Stock is awarded shall be considered the holder of the Stock at the time of the Award except as otherwise provided in the applicable Award.

(c) *Effective Date.* Subject to the approval of the shareholders of the Corporation, the Plan shall be effective on March 3, 1999 (the Effective Date). Prior to such approval, Awards may be made under the Plan expressly subject to such approval. Awards under the Plan may be made for a period of ten years commencing on the Effective Date. The period during which an Award may be exercise may extend beyond that time as provided herein.

(d) *Amendment of Plan.* The Board may amend, suspend or terminate the Plan or any portion thereof at any time, provided that no amendment shall be made without shareholder approval if such approval is necessary to comply with any applicable requirement of the laws of the jurisdiction of incorporation of the Corporation, any applicable tax requirement, any applicable rules or regulation of the Securities and Exchange Commission, including Rule 16(b)-3 (or any successor rule thereunder), or the rules and regulations of The Nasdaq Stock Market or any other exchange or stock market over which the Corporation's securities are listed.

(e) *Governing Law.* The provisions of the Plan shall be governed by and interpreted in accordance with the laws of the jurisdiction of incorporation of the Corporation.

(f) *Indemnity.* Neither the Board nor the Committee, nor any members of either, nor any employees of the Corporation or any parent, subsidiary, or other affiliate, shall be liable for any act, omission, interpretation, construction or determination made in good faith in connection with their responsibilities with respect to this Plan, and the Corporation hereby agrees to indemnify the members of the Board, the members of the
