CORPORATE GOVERNANCE

Governance Guidelines

The Governance Guidelines adopted by the Board provide guidelines for the Company and the Board of Directors to ensure effective corporate governance. The Governance Guidelines cover topics including, but not limited to, director qualification standards, Board and committee composition, director responsibilities, director compensation, director access to management and independent advisors, director orientation and continuing education, succession planning and the annual evaluations of the Board and its committees.

The Nominating/Governance Committee will review the Company s Governance Guidelines periodically and, if necessary, recommend changes to the Board. The full text of the Governance Guidelines is available on the Investor Relations page of the Company s web site at www.ajg.com. The Company will provide a copy of the Governance Guidelines without charge to any shareholder upon written or verbal request of such person.

Independence of Directors

Our Governance Guidelines provide that the Board of Directors is to be composed of a majority of independent directors. No director qualifies as independent unless the Board affirmatively determines that the director has no material relationship with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company. Our current Board of Directors has determined that all directors (except Robert E. Gallagher and J. Patrick Gallagher, Jr.) are independent in accordance with the New York Stock Exchange (NYSE) listing standards. The Board has made this determination based on the following criteria, in addition to any other relevant facts and circumstances:

A director who is an employee, or whose immediate family member is an executive officer, of the Company is not independent until three years after the end of such employment relationship.

A director who receives, or whose immediate family member receives, more than \$100,000 during any twelve-month period in direct compensation from the Company, other than director and committee fees, gains from the exercise of options and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$100,000 during such twelve-month period in such compensation.

A director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed by, the Company's internal or external auditor is not independent until three years after the end of either the affiliation, employment or the auditing relationship.

A director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company's present executives serves or served on that company's compensation committee is not independent until three years after the end of such service or the employment relationship.

A director who is an employee, or whose immediate family member is an executive officer, of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues is not independent until three years after falling below such threshold.

Nomination of Directors

It is the policy of the Nominating/Governance Committee to consider candidates for director recommended by stockholders. In order to recommend a candidate, stockholders must submit the individual's name and qualifications in writing to the Committee (in care of the Chairman at the Company's principal office). The Board seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. Directors should have experience in positions with a high degree of responsibility, be leaders in the organizations with which they are affiliated, be selected based on contributions they can make to the Board and management and be free from relationships or conflicts of interest that could interfere with the director's duties to the Company and its stockholders.

In identifying and evaluating nominees for director, the Committee takes into account the applicable requirements for directors under the Exchange Act and the listing standards of the NYSE. In addition, the Committee may take into consideration such factors and criteria as it deems appropriate, including the nominee's judgment, skill, integrity, diversity, and business or other experience. The Committee may (but is

not required to) consider candidates suggested by management or other members of the Board. The Committee evaluates candidates recommended for director by stockholders in the same manner it evaluates any other nominee. The Committee may from time to time (but is not required to) hire consultants or search firms to help the Committee identify and/or evaluate potential nominees.

The Company's by-laws establish advance notice procedures with regard to the nomination by a stockholder of a candidate for election as a director. In general, the Company must receive notice not less than 45 days prior to the annual meeting of the stockholders of the Company. Such notice must comply with the information requirements set forth in the by-laws relating to stockholder nominations including providing the consent of any nominee to serve as a director, if elected.

Code of Business Conduct and Ethics

The Company has a Code of Business Conduct and Ethics that applies to the Company's Board of Directors as well as the Company's employees and officers, including the Company's principal executive officer, principal financial officer and principal accounting officer. The Company's Code of Business Conduct and Ethics covers professional conduct, including conflicts of interest, disclosure obligations, insider trading and confidential information, as well as compliance with all laws, rules and regulations applicable to the Company's business. The Company encourages all employees, officers and directors to promptly report any violations of the Code of Business Conduct and Ethics to the appropriate persons identified in such Code.

A copy of the Company's Code of Business Conduct and Ethics is posted on the Investor Relations page of the Company's website at www.ajg.com. The Company will provide a copy of the Code of Business Conduct and Ethics without charge to any person, upon written or verbal request of such person. Requests should be directed in writing to Investor Relations, Arthur J. Gallagher & Co., Two Pierce Place, Itasca, Illinois 60143-3141, or by telephone to (630) 773-3800.

In the event that an amendment to, or waiver from, a provision of the Company's Code of Business Conduct and Ethics that applies to the Company's directors or executive officers is necessary, the Company intends to post such information on its website.

Stock Ownership Guidelines

The Company encourages stock ownership by our directors, officers and employees to align their interests with your interests as shareholders. To further this goal, in January 2004 the Nominating/Governance Committee of the Board of Directors determined that directors should own stock in the Company of a value not less than three times the annual director retainer paid to non-employee directors (currently \$30,000), with such guidelines to phase in over a five year period.

It is not the duty of the Committee to plan or conduct audits or to determine that the Company's consolidated financial statements are complete and accurate and in accordance with U.S. generally accepted accounting principles. Accordingly, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's consolidated financial statements and internal control over financial reporting has been carried out in accordance with standards of the Public Company Accounting Oversight Board (United States) and generally accepted auditing standards, as appropriate, that the financial statements are presented in accordance with U.S. generally accepted accounting principles or that the Company's independent registered public accounting firm is in fact independent.

Based on the above-mentioned review and discussions with management and the independent registered public accounting firm, the Committee recommended to the Board that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the SEC.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Report of the Compensation Committee

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act or the Exchange Act that might incorporate filings, including this Proxy Statement, in whole or in part, the following Compensation Committee report and the Comparative Performance Graph on Page 16 shall not be incorporated by reference into any such filings.

Executive Compensation

The Compensation Committee is responsible for determining the total compensation and employment conditions of the Company's executive officers. In determining the total 2005 compensation, the Compensation Committee generally evaluated the executive's contribution to the overall success of the Company in achieving the corporate goals set out below. In making such determinations, the members of the Compensation Committee consult with members of senior management and base such determinations on the information and recommendations of senior management. The following items are important elements in determining compensation.

Earnings Growth Year-over-year earnings growth is one of the most important goals of the Company. The effort of an individual executive in meeting or exceeding year-over-year growth for his or her department or division has historically been an important criterion in the evaluation. In addition, the Compensation Committee focuses on the contribution of the executive to the overall success of the Company in meeting its plan for growth. Longer term growth goals, as measured against the Company's Three Year Strategic Plan, are also considered in the evaluation. The Compensation Committee believes that the performance of management should be evaluated using operating and cash basis results as well as results under U.S. generally accepted accounting principles. The Compensation Committee also takes into consideration the separate operating results of each of the Company's core operating divisions in evaluating the performance of the managers of those divisions.

Business Growth The Company considers its long-term business growth to be a critical factor in the continued success of the Company. Executives are expected to support the Company's acquisition program which seeks to achieve growth by successfully integrating independent businesses into the corporate structure. Similarly, establishment of operations in new geographic areas, as well as the successful development and marketing of new product lines, are considered necessary to the continued growth of the Company and are included in the evaluation. In 2005, ten businesses were acquired. The development and marketing of new product lines continued on a basis consistent with prior years.

Human Resources As a service business, the Company believes that its employees are its greatest asset. Over 53% of the Company's expenses in 2005 were related to the compensation of its employees and related costs. The Company is committed to the successful hiring, training and retaining of people who promote the growth, financial success and management succession of the Company. An executive's ability to manage these resources, as well as the attendant expenses, is a significant criterion.

Enhancement of stockholder value is the ultimate goal of the Company. The Compensation Committee believes that its focus on specific corporate goals should result in a strong stock price, improved earnings per share and greater return on stockholders' equity.

The Company has a Senior Management Incentive Plan (SMIP), which was approved by stockholders in 2005. Under the SMIP, the Compensation Committee has the authority to establish certain performance-based bonuses for officers of the Company. The performance goals

shall be based exclusively on one or more

of the following corporate-wide or subsidiary, division, operating unit or individual measures stated in either absolute terms or relative terms, such as rates of growth or improvement: the attainment by a share of Common Stock of a specified fair market value for a specified period of time, earnings per share, return to stockholders (including dividends), return on assets, return on equity, earnings of the Company before or after taxes and/or interest, revenues, market share, cash flow or cost reduction goals, interest expense after taxes, return on investment, return on investment capital, economic value created, operating margin, net earnings before or after taxes, pretax earnings before interest, depreciation and amortization, pretax operating earnings after interest expense and before incentives, and/or extraordinary or special items, operating earnings, net cash provided by operations, and strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, geographic business expansion goals, cost targets, customer satisfaction, reductions in errors and omissions, reductions in lost business, management of employment practices and employee benefits, supervision of litigation and information technology, quality and quality audit scores, productivity, efficiency, and goals relating to acquisitions or divestitures, or any combination of the foregoing. All of the officers of the Company are eligible to participate in the SMIP if the Compensation Committee selects them for inclusion.

The Company also has a discretionary bonus pool for executive officers and key employees, contingent upon satisfactory corporate growth and the attainment of predetermined managerial goals. These predetermined goals are extremely varied and, in the case of the executive officers, are established by the individual officer and senior management in consultation with the Compensation Committee. The goals are too diverse to generalize but typically include meeting or exceeding budgetary guidelines and contribution to the Company's profitability. Attainment of these goals in many cases may be determined by a subjective judgment of the individual supervisor or, in the case of the executive officers, by the Compensation Committee. The Compensation Committee determines the eligibility for participation in the bonus pool. All of the executive officers of the Company (other than Mr. Gault, who participates in the BSD Bonus Plan described below and David E. McGurn, Jr. who participates in the SMI Bonus Plan described below) are eligible to participate in this plan.

The Company has a bonus plan for its Brokerage Services-Retail Division (the Brokerage Services Division) to provide incentives to the management personnel of the Brokerage Services Division. The bonuses under this plan are determined by a formula applied to the pretax profitability of the Brokerage Services Division. Under the plan, at the discretion of the Company, participants may receive their award in cash or in Common Stock of the Company. In general, an award under the plan vests in the participant's account in three installments at the rate of 33 1/3% per year beginning on March 31st after the end of the year in which the bonus is earned, with vesting acceleration in the event of death, disability, or upon a change in control of the Company. Mr. Gault is eligible to participate in this plan.

The Company has a bonus plan for its Specialty Marketing and International Division (the SMI Division) to provide incentives to the management personnel of the SMI Division. The bonuses under this plan are determined by a formula applied to the pretax profitability of the SMI Division. Under the plan, at the discretion of the Company, participants may receive their award in cash or in Common Stock of the Company. In general, an award under the plan vests in the participant's account in three installments at the rate of 33 1/3% per year beginning on March 31st after the end of the year in which the bonus is earned, with vesting acceleration in the event of death, disability, or upon a change in control of the Company.

The Company has a Deferred Equity Participation Plan to encourage executive officers and key employees to remain with the Company until their normal retirement. Under the plan, the Company contributes shares of Common Stock to a rabbi trust in an amount approved by the Compensation Committee in the name of the plan participant. The Chief Executive Officer of the Company, in conjunction with the Compensation Committee, annually determines the key executives who will receive an award under

the plan and the amount of such award. Distributions under the plan normally may not be made until the participant retires after reaching age 62 and are subject to forfeiture in the event of a voluntary termination of employment prior to age 62. All distributions are made in the form of Common Stock of the Company. All of the executive officers are eligible to participate in this plan.

Option grants to executive officers under the Company's Stock Option Plans are determined by the Compensation Committee and are generally based upon more subjective factors. The Compensation Committee considers the recommendations of the executive officers of the Company, the responsibilities of each grantee, his or her past performance and his or her anticipated future contribution to the Company. Options directly reflect the Company's performance through its stock price.

The Internal Revenue Code limits the deductibility for federal income tax purposes of certain compensation payable to top executive officers of publicly held corporations. Certain types of compensation are excluded from the limitations. The Company generally attempts to preserve the federal income tax deductibility of compensation paid when it is appropriate and is in the best interests of the Company and its stockholders. However, the Company reserves the right to authorize the payment of nondeductible compensation which it deems appropriate.

Executive officers participate in the Savings and Thrift Plan, Supplemental Savings and Thrift Plan and Pension Plan (which has been frozen since July 1, 2005), and receive customary employee health benefits and expense reimbursement in accordance with the Company's policies.

During 2005, the Committee compared the compensation of the five most highly compensated executive officers of the Company to the compensation paid to executive officers of publicly held competitors of the Company included in the Comparative Performance Graph on Page 16. The Committee targets the middle of its competitors' salary range for its executive officers' compensation. The Committee believes that the 2005 compensation of the Company's five most highly compensated executive officers will be in the middle range when compared to its publicly-held competitors after making certain adjustments for the size of the Company.

Chief Executive Officer Compensation

For 2005, J. Patrick Gallagher, Jr., the Company's Chief Executive Officer, received \$906,300 in salary. Mr. Gallagher's salary is based on his performance as related to the Company's performance as well as other competitive data. Mr. Gallagher also received a cash bonus, a restricted stock award and an equity award under the Company's Deferred Equity Participation Plan. In determining Mr. Gallagher's bonus and equity awards, the Compensation Committee considered the analysis prepared by an independent consulting firm retained by the Compensation Committee to review the compensation received by Mr. Gallagher and other executive officers of the Company. Such independent consulting firm presented its analysis to the Compensation Committee at a meeting held on January 26, 2006. Based on this analysis, the Company's performance in 2005 and the other criteria applicable to executive officers described above, the Compensation Committee recommended that Mr. Gallagher receive a cash bonus of \$200,000, a restricted stock award of \$300,000 and an equity award of \$400,000 under the Company's Deferred Equity Participation Plan.

Directors Compensation

Directors who are officers of the Company receive compensation in their capacities as officers and receive no additional compensation for serving as directors.

Non-employee directors, currently Messrs. Brooker, Coughlan, Hand, Johnson, and Wimmer and Ms. Gordon and McCurdy, are eligible to receive compensation consisting of nonqualified stock options. In addition, non-employee directors receive an annual retainer of \$30,000 per year or, in lieu of the cash retainer, options to purchase shares of the Company's Common Stock at the fair market value at the date of grant, plus fees of \$1,000 for attendance at each Board meeting or committee meeting on a date other than a Board meeting date. The Chairman of each committee of the Board of Directors (other than the Executive Committee) also receive an annual fee. Accordingly Messrs. Coughlan and Wimmer receive annual chairman fees of \$5,000 for the Audit and Compliance Committees, respectively, and Mr. Brooker and Ms. Gordon receive annual chairman fees of \$1,500 for the Compensation and Nominating/Governance Committees, respectively. Non-employee directors are reimbursed for travel and accommodation expenses incurred in attending Board or committee meetings. Non-employee directors are not eligible for participation in any other compensation plans of the Company.

In 1989, the Company's stockholders approved the adoption of the Company's 1989 Non-Employee Directors' Stock Option Plan, which has been subsequently amended (as amended, the 1989 Plan). The 1989 Plan currently provides that non-employee directors are eligible to be granted nonqualified options to

purchase a maximum of 1,925,000 shares of the Company's Common Stock. The 1989 Plan encompasses options granted to non-employee directors at the discretion of the Compensation Committee of the Company's Board of Directors (Discretionary Options) and options granted to non-employee directors pursuant to an election made by a non-employee director to receive options in lieu of his or her annual retainer (Retainer Options). Shares issued upon exercise of options granted under the 1989 Plan may be repurchased shares held by the Company or authorized but previously unissued shares. Under the 1989 Plan, a Discretionary Option shall be exercisable at such rate and price fixed by the Compensation Committee. Discretionary Options terminate if not exercised by the date set forth in the 1989 Plan or by such date established by the Compensation Committee at the time it makes the grant.

Pursuant to the terms of the 1989 Plan, Mr. Wimmer and Ms. McCurdy have elected to receive their annual retainers for 2006 in the form of an option to purchase the Company's Common Stock. A Retainer Option will have an exercise price per share equal to the fair market value of a share of the Company's Common Stock on the date the option is granted. The number of shares of Common Stock subject to a Retainer Option will have a fair market value as of the date of the grant equal to a multiple of the forgone retainer. For options granted in 2006, the multiple is seven. Retainer Options will become exercisable over four quarterly periods following the date of grant and remain exercisable until the later of the date the director ceases to serve on the Board of Directors and the tenth anniversary of the date of grant.

On May 17, 2005, the Company granted a Retainer Option for 5,535 shares of the Company's Common Stock to Mr. Wimmer at an exercise price of \$27.10 per share. Such options become exercisable at the rate of one-fourth of such grant each successive quarter commencing August 17, 2005. In addition, on May 17, 2005, the Company granted a Discretionary Option for 25,000 shares of the Company's Common Stock to each of Messrs. Brooker, Coughlan, Hand, Johnson and Wimmer and Ms. Gordon at an exercise price of \$27.10 per share, which was the closing price for a share of Common Stock as reported on the NYSE composite listing on that date. Such options become exercisable at the rate of one-third of such grant each successive May 17, commencing May 17, 2006.

The Company approved a supplemental deferred compensation arrangement, effective July 1, 1996, with Robert E. Gallagher after his retirement, and to his surviving spouse after his death, and the surviving spouse of John P. Gallagher (J. Patrick Gallagher, Jr.'s mother), providing for a payment of \$100,000 annually, inclusive of any Company pension plan payments, to be paid until the death of such beneficiary.

Pension Plan

The Company also maintains a non-contributory defined benefit pension plan that covered substantially all domestic employees prior to July 1, 2005, which is qualified under the Internal Revenue Code. In the second quarter of 2005, the Company amended the plan to freeze the accrual of future benefits for all domestic employees effective July 1, 2005. The plan provides an annual pension benefit on normal retirement at age 65 which, when paid in the form of a single life annuity, will equal 1% of final average earnings multiplied by the number of years of credited service, not to exceed 25 years (without any deduction for social security or other offset amounts). A person's earnings for purposes of the plan included all compensation other than allowances such as moving expenses plus any pre-tax contributions under the 401(k) feature of the Savings and Thrift Plan, less any pre-tax contributions under the Supplemental Savings and Thrift Plan. The maximum includible compensation for a participant for any year could not exceed an overall salary maximum as determined by the Internal Revenue Service (\$205,000 in 2004 and \$210,000 in 2005). The remuneration for executive officers shown under Salary and Bonus in the Summary Compensation Table constitutes

their earnings during 2005 for purposes of the plan without regard to the Internal Revenue Service's limitation. Final average earnings are the highest average earnings received in any five consecutive full calendar years before retirement. Employees' pension rights are fully vested after the earlier of (i) 5 years of service with the Company or (ii) the attainment of age 65.

The following table shows the estimated annual benefits (which are not subject to deduction for social security or other offset amounts) payable on retirement under the Company's defined benefit plan to persons in specific remuneration and credited years of service classifications assuming (i) the person elects the single life annuity basis providing monthly payments without benefits to his survivors and (ii) the person continues in the employ of the Company at his present rate of remuneration until age 65:

PENSION PLAN TABLE

Average remuneration during highest five consecutive years before retirement	Years of Credited Service		
	15	20	25 or more
\$ 130,000	\$ 19,500	\$ 26,000	\$ 32,500
150,000	22,500	30,000	37,500
170,000	25,500	34,000	42,500
200,000	30,000	40,000	50,000
210,000	31,500	42,000	52,500

For purposes of estimating potential pension benefits using the foregoing table, the number of years of credited service as of December 31, 2005 for the executive officers named in the Summary Compensation Table are as follows: J. Patrick Gallagher, Jr. (25 years), James W. Durkin, Jr. (25 years), James S. Gault (25 years), Douglas K. Howell (2 years), and Richard J. McKenna (25 years). Such pension benefits are in addition to amounts payable to such persons under the Company's Savings and Thrift Plan and Supplemental Savings and Thrift Plan on their retirement and are subject to certain limitations as required under the Internal Revenue Code.

Deferred Equity Participation Plan

All of the Company's executive officers and key employees are eligible to receive awards under the Company's Deferred Equity Participation Plan. The Deferred Equity Participation Plan is a nonqualified plan that provides for distributions to certain executive officers and key employees of the Company upon their normal retirement or earlier death, disability, certain involuntary terminations, or upon a change of control. Under the provisions of the plan, the Company contributes shares of its common stock, in an amount approved by the Compensation Committee, to a rabbi trust on behalf of the executive officers and key employees participating in the plan. The Chief Executive Officer of the Company, in consultation with the Compensation Committee, annually determines the executive officers and key employees that will receive an award under the plan and the amount of such award. Distributions under the plan normally may not be made until the participant retires after reaching age 62 and are subject to forfeiture in the event of voluntary termination of employment prior to age 62. Substantially all distributions from the plan are made in the form of the Company's Common Stock. There is no authorized amount of shares to be issued pursuant to the Deferred Equity Participation Plan. The shares allocated under the Deferred Equity Participation Plan from June 1, 2003 (the date of the Restricted Stock Plan) through December 31, 2005 have been deducted from the amount of shares available under the Restricted Stock Plan in the table above.

Management Bonus Plan for the Brokerage Services Division

All management employees of the Brokerage Services Division are eligible to participate in the Brokerage Services Division Management Bonus Plan. The bonuses under this plan are determined by a formula applied to the pre-tax profitability of the Brokerage Services Division. Under this plan, at the discretion of the Company, participants may receive their award in cash or in the Company's Common Stock or any combination thereof. In general, awards are paid in cash. Some awards are paid in stock and if stock is used, an award under this plan vests in the participant's account in two or three installments with the first installment

beginning on March 31st after the end of the year in which the bonus is earned and subsequent installments each March 31st thereafter, with vesting acceleration in the event of death, disability, or change of control. There is no authorized amount of shares to be issued pursuant to the Brokerage Services Division Management Bonus Plan. If the Company decides to pay all or part of the bonus in stock, the shares are issued pursuant to the Restricted Stock Plan. As a result, the Brokerage Services Division Management Bonus Plan is not included in the table above.

Management Bonus Plan for the SMI Division

All management employees of the SMI Division are eligible to participate in the Specialty Marketing and International Management Bonus Plan. The bonuses under this plan are determined by a formula applied to the pre-tax profitability of the SMI Division. Under this plan, at the discretion of the Company, participants may receive their award in cash or in the Company's Common Stock or any combination thereof. In general, awards are paid in cash. Some awards are paid in stock and if stock is used, an award under this plan vests in the participant's account in two or three installments with the first installment beginning on March 31st after the end of the year in which the bonus is earned and subsequent installments each March 31st thereafter, with vesting acceleration in the event of death, disability, or change of control. There is no authorized amount of shares to be issued pursuant to the Specialty Marketing and International Management Bonus Plan. If the Company decides to pay all or part of the bonus in stock, the shares are issued pursuant to the Restricted Stock Plan. As a result, the Specialty Marketing and International Management Bonus Plan is not included in the table above.

Gallagher Healthcare Insurance Services, Inc. 2001 Nonqualified Stock Option Plan

All salaried employees of Gallagher Healthcare Insurance Services, Inc. are eligible to participate in the 2001 Nonqualified Stock Option Plan. The Company adopted this plan at the time that it acquired The Galtney Group, Inc. in order to grant replacement options to the employees of the acquired company. All options granted under this plan have a term of not more than 10 years from the grant date and become exercisable over a period of time and at an exercise price determined by the Compensation Committee. If an optionee's employment is terminated for any reason other than the death, disability or retirement of the optionee, all of the optionee's options will terminate immediately, whether or not vested. In the event of a change of control (as defined in the plan), all outstanding options will become fully exercisable. Options granted under the plan are nontransferable and, during the optionee's lifetime, are exercisable only by the optionee. The plan may be amended, suspended or terminated by the Board at anytime so long as no termination or amendment of the plan adversely affects the rights of an option holder. The Company does not plan to grant future options under this plan.

Restricted Stock Plan

All of the Company's directors, officers and employees are eligible to receive awards under the Company's Restricted Stock Plan adopted by the Board of Directors effective on June 1, 2003. The Restricted Stock Plan provides for the grant to certain directors, officers and employees of the Company of contingent rights to receive shares of Common Stock of the Company. Awards under the plan are granted at the discretion of the Compensation Committee of the Board. Each award granted under the plan represents the right of the holder of the award to receive shares of common stock of the Company, cash or a combination of shares and cash, upon and subject to the holder's continued employment with the Company for a period of time after the date the award is granted. The Compensation Committee shall determine each recipient of an

award under the plan, the number of shares of common stock subject to such an award and the period of continued employment required for the vesting of such award. 4,000,000 shares of common stock of the Company are authorized to be issued pursuant to the Restricted Stock Plan. In 2005 the Compensation Committee granted 200,462 shares of restricted stock under the Restricted Stock Plan.

Broad-Based Employee Stock Option Plans

The Company maintains a 1988 Incentive Stock Option Plan and a 1988 Nonqualified Stock Option Plan. Over 2,500 employees below the executive officer level have been awarded one or more stock option grants under these Stock Option Plans. The top five executive officers of the Company as a group have received less than 10% of the options granted in each of the last three years. These awards are granted in an effort to develop and motivate those employees who have been identified as important to sustaining the Company's outstanding performance into the future. These awards reinforce an entrepreneurial environment and spirit in the Company by providing real incentives for these employees to sustain and enhance the Company's long-term performance. The Company believes that the superior performance of these individuals will contribute significantly to the Company's future success.

The following table sets forth certain information regarding options to purchase shares of Common Stock granted to the executive officers of the Company named in the Summary Compensation Table during the Company's 2005 fiscal year. The exercise price of the options equals the closing price for a share of the Company's Common Stock on the date of the option grant.

Severance Arrangements

The Company has a plan for severance compensation to employees after a hostile takeover. The plan defines a hostile takeover to include, among other events, the following events, if not approved by two-thirds of the members of the Board of Directors in office immediately prior to any such events: the election of directors not nominated by the Board of Directors, a business combination, such as a merger, not approved by the holders of 80% or more of the Common Stock and the Board of Directors or not meeting various fair price criteria, or the acquisition of 20% or more of the combined voting power of the Company's stock by any person or entity. All full-time and part-time employees who are regularly scheduled to work 20 or more hours per week and who have completed at least two years of continuous employment with the Company are participants in the plan. A severance benefit is payable under the plan if a participant's employment with the Company terminates voluntarily or involuntarily within two years after a hostile takeover for reasons such as reduction in compensation, discontinuance of employee benefit plans without replacement with substantially similar plans, change in duties or status, certain changes in job location and involuntary termination of employment for reasons other than just cause. For participants who have completed at least two but less than five years of employment, the benefit is equal to the employee's annual compensation during the year immediately preceding the termination of employment. For employees who have completed five or more years of employment, the benefit is equal to two and one-half times the employee's annual compensation during the 12 months ending on the date of termination of employment, but may not exceed 2.99 times average annual compensation during the preceding five years. Annual compensation is defined for purposes of the plan as the amount of the employee's wages, salary, bonuses and other incentive compensation. Benefits are payable in a lump sum not later than 10 days after termination of employment.

Each of the executive officers of the Company named in the Summary Compensation Table has entered into a change in control agreement with the Company. A severance benefit is payable under the agreement if

the executive officer's employment with the Company is terminated by (i) the Company for any reason other than death, physical or mental incapacity or cause within 24 months following a change in control of the Company; or (ii) the resignation of the executive officer within 24 months following a change in control of the Company upon the occurrence of a material change in the nature or scope of the executive's authorities, powers, functions or duties or a reduction in the executive's total compensation. In the event of any such termination of the executive officer's employment, under the agreement the Company is required to pay the executive a severance allowance equal to his then salary and bonus payments for a 24 calendar month period. Additionally, the executive will also continue to participate for a period of two years in the Company's welfare benefit plans. Cash benefits are payable in a lump sum not later than seven days after termination of employment.

**PROPOSAL 2 RATIFICATION OF THE APPOINTMENT OF
ERNST & YOUNG LLP AS THE COMPANY'S
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
FOR THE FISCAL YEAR ENDING DECEMBER 31, 2006**

The Audit Committee has considered the qualifications of Ernst & Young LLP and recommended that the Board of Directors appoint them as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2006. The Board of Directors desires to obtain stockholders' ratification of the Board's action in such appointment. A resolution ratifying the appointment will be offered at the meeting. If the resolution is not adopted, the adverse vote will be considered as a direction to the Board to select another independent registered public accounting firm for the following year. Because of the difficulty and expense of making any substitution of an independent registered public accounting firm so long after the beginning of the current year, it is contemplated that the appointment for the year 2006 will stand unless the Board finds other good reason for making a change.

Principal Accountant Fees and Services

The following is a summary of the fees billed to the Company by Ernst & Young LLP for professional services rendered for the fiscal years ended December 31, 2005 and December 31, 2004:

<i>Audit-Related Fees</i>	352,000	401,000
<i>Tax Fees</i>	530,000	840,000
<i>All Other Fees</i>	6,000	13,000
<i>Totals</i>	\$ 2,597,000	\$ 2,764,000

Audit-related fees principally include due diligence in connection with acquisitions, audits in connection with the Company's employee benefit plans, issuance of service auditor reports (SAS 70) related to operations at two Company subsidiaries and advisory work related to the Company's preparation to meet the requirements of Section 404 of the Sarbanes-Oxley Act of 2002. Tax fees include tax compliance, tax advice and tax planning related to Federal, state and international tax matters. All other fees principally include fees for access to an

online accounting and tax information database in 2005 and 2004 and assignment services related to the relocation of an expatriate in 2004.

All audit-related services, tax services and other services for fiscal years 2005 and 2004 were pre-approved by the Audit Committee. It is the policy of the Audit Committee to pre-approve the engagement of the independent registered public accounting firm before such accountant is engaged by the Company to render audit or other services.

In connection with the audit of the 2005 consolidated financial statements, the Company entered into an engagement agreement with Ernst & Young LLP which set forth the terms by which Ernst & Young LLP will perform audit services for the Company. The agreement is subject to alternative dispute resolution procedures and an exclusion of punitive damages.

A representative of Ernst & Young LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if the representative so desires.

Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2006 requires the affirmative vote of the holders of a majority of the shares of Common Stock represented at the Annual Meeting, in person or by proxy, and entitled to vote thereon.
