Voting Rights of Common Stock

Each share of Common Stock outstanding at the record date will be entitled to one (1) vote with respect to each proposal herein and any other matter that properly may come before the Annual Meeting of Stockholders. A total of 54,813,901 votes, which excludes 1,085,557 treasury shares, are eligible to be cast at the Annual Meeting.

Voting Your Proxy

If a broker, bank or other nominee holds your shares, you will receive instructions from them that you must follow in order to have your shares voted.

Internet and telephone voting may be available in the instructions from your broker, bank or other nominee. If a bank, broker or other nominee holds your shares and you wish to attend the meeting and vote in person, you must obtain a legal proxy from the record holder of the shares giving you the

right to vote the shares.

If you hold your shares in your own name as a holder of record, you may instruct the proxy holders how to vote your common stock by using the toll free telephone number, the Internet voting site listed on the proxy card, or by signing, dating and mailing the proxy card in the postage paid envelope that we have provided. Internet voting systems are on the proxy card. The telephone and Internet voting systems will be available until 11:59 p.m. (Central Time) on May 29, 2006. Whichever of these methods you select to transmit your instructions, the proxy holders will vote your shares in accordance with those instructions. If you sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board of Directors.

Matters to be Presented

We are not aware of any matters to be presented other than those described in this Proxy Statement. If any matters not described in the Proxy Statement are properly presented at the meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the meeting is adjourned, the proxy holders can vote your shares on the new meeting date as well, unless you have revoked your proxy instructions, as described below under Changing Your Vote.

Changing Your Vote

To revoke your proxy instructions if you are a holder of record, you must (i) advise our Corporate Secretary in writing before the proxy holders vote your shares, (ii) deliver later proxy instructions before the proxy holders vote your shares, or (iii) attend the meeting and vote your shares in person. If your shares are held by a bank, broker or other nominee, you must follow the instructions provided by the bank, broker or nominee.

Cost of This Proxy Solicitation

We will pay the cost of this proxy solicitation. We may, on request, reimburse brokerage firms and other nominees for their expenses in forwarding proxy materials to beneficial owners. In addition to soliciting proxies by mail, we expect that our directors, officers and employees may solicit proxies in person or by telephone or facsimile. None of these individuals will receive any additional or special compensation for doing this, although we will reimburse these individuals for their reasonable out-of-pocket expenses.

How Votes are Counted

The Annual Meeting will be held if a majority of the outstanding shares of Common Stock entitled to vote are represented in person or by proxy at the meeting. If you have returned valid proxy instructions or attend the meeting in person, your Common Stock will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters at the meeting.

Abstentions and Broker Non-Votes

Shares that are voted WITHHELD or ABSTAIN are treated as being present for purposes of determining the presence of a quorum and as entitled to vote on a particular subject matter at the Annual Meeting. If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee may have authority to vote your shares on certain matters, including Proposals 1 and 2. If you hold your common stock through a bank, broker or other nominee, the broker may be prevented from voting shares held in your account on some proposals (not including Proposals 1 and 2) (a broker non-vote) unless you have given voting instructions to the bank, broker or nominee. Shares that are subject to a broker non-vote are counted for purposes of determining whether a quorum exists but not for purposes of determining whether a proposal has passed.

Our Voting Recommendations

When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in

Table of Contents

accordance with the instructions of the stockholder. However, if no specific instructions are given, the shares will be voted in accordance with the following recommendations of our Board of Directors:

Deadline for Receipt of Stockholder Proposals

Nominating and Corporate Governance Committee The Nominating and Corporate Governance Committee consists of Messrs. Tom Kelly, Copperman and Smith, each of whom is independent within the meaning of the NASDAQ Stock Market, Inc. director independence standards, as currently in effect. Mr. Smith serves as chair of the Nominating and Corporate Governance Committee and also as the Lead Director.

The Nominating and Corporate Governance Committee held nine (9) meetings during fiscal year 2005. The Board of Directors has adopted the Nominating and Corporate Governance Committee charter; which is available on Epicor's website at www.epicor.com under Investors and Corporate Governance.

The Nominating and Corporate Governance Committee considers and periodically reports on matters relating to the identification, selection and qualification of the Board of Directors and candidates nominated to the Board of Directors and its committees; develops and recommends governance principles applicable to the Company and the Board of Directors; oversees the evaluation of the Board of Directors and management; and oversees and sets compensation for the Board of Directors.

The Nominating and Corporate Governance Committee considers properly submitted stockholder recommendations for candidates for membership on the Board of Directors as described below under Identification and Evaluation of Nominees for Directors. In evaluating such recommendations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board of Directors and to address the membership criteria set forth under Director Qualifications. Any stockholder recommendations proposed for consideration by the Nominating and Corporate Governance Committee should include the candidate's name and qualifications for membership on the Board of Directors and should be addressed to our Corporate Secretary. In addition, procedures for stockholder direct nomination of directors are discussed above under the section Deadline for Receipt of Stockholder Proposals and are discussed in detail in our bylaws, which will be provided to you upon written request.

Director Qualifications

The Nominating and Corporate Governance Committee uses a variety of criteria to evaluate the qualifications and skills necessary for members of our Board of Directors. Under these criteria, members of the Board of Directors should have the highest professional and personal ethics and values, consistent with longstanding Epicor values and standards. They should have broad experience at the policy-making level in business, government, education, technology or public interest. They should be committed to enhancing stockholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a reasonable number that permits them, given their individual circumstances, to perform responsibly all director duties. Each director must represent the interests of all stockholders.

Identification and Evaluation of Nominees for Directors

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board of Directors, and whether any vacancies on the Board of Directors are expected due to retirement or otherwise. In the event

Table of Contents

that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current members of the Board of Directors, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. As described above, the Nominating and Corporate Governance Committee considers properly submitted stockholder recommendations for candidates for the Board of Directors. In evaluating such recommendations, the Nominating and Governance Committee uses the qualifications standards discussed above and seeks to achieve a balance of knowledge, experience and capability on the Board of Directors.

There is one nominee for election to the Board this year who has not stood for election to the Board by the shareholders, Michael Kelly. Mr. Kelly, who is not related to Board member Tom Kelly, joined the Board in September 2005 following Donald Dixon's resignation from the Board. He first came to the attention of the Board through its Chairman and CEO George Klaus, who had previously known Mr. Kelly in connection with Mr. Kelly's employment with Broadview International, LLC, an international technology investment banking firm and a division of Jefferies Inc. PROPOSAL TWO: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has selected McGladrey & Pullen LLP to audit our financial statements for the fiscal year ending December 31, 2006.

On April 4, 2006, the Company informed Deloitte & Touche LLP (D&T) that D&T would no longer be retained as the Company s independent auditor. D&T audited the Company s consolidated financial statements for the year ended December 31, 2005. D&T s reports on the Company s consolidated financial statements for the years ended December 31, 2004 and 2005 did not contain an adverse opinion nor a disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope, or accounting principles, except that D&T s report on the consolidated financial statements for the year ended December 31, 2005 contained an explanatory note relating to the restatement of the Company s financial statements in connection with the material weakness described below.

During the years ended December 31, 2005 and 2004 and during the portion of 2006 prior to the audit committee s decision to make a change, there were no disagreements between the Company and D&T on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of D&T, would have caused it to make reference to the subject matter of the disagreement in connection with its reports.

In connection with its audit of the Company s consolidated financial statements for the year ended December 31, 2005 and the effectiveness of the Company s internal control over financial reporting as of December 31, 2005, D&T reported a material weakness related to the Company s determination of the proper accounting treatment for certain aspects of revenue recognition, specifically the application of the residual method under the AICPA s Statement of Position (SOP) 98-9, *Modification of SOP 97-2, Software Revenue Recognition, With Respect to Certain Transactions* as it applies to the Company s allocation of revenues between software license fees and maintenance. Except for the material weakness in internal control over financial reporting described in this paragraph, during the fiscal years ended December 31, 2005 and 2004 and the subsequent interim period through the date of D&T s dismissal, there were no reportable events. The Company has authorized D&T to respond fully to the inquiries of the successor independent registered public accounting firm concerning this material weakness.

The decision not to retain D&T was made and approved by the audit committee of the Company s board of directors.

On April 4, 2006, the audit committee also approved the retention of McGladrey & Pullen as the Company s new independent auditor. During the Company s two most recent fiscal years and during the portion of 2006 prior to the audit committee s decision, the Company did not consult with McGladrey & Pullen regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company s financial

Table of Contents

statements; or (ii) any matter that was either the subject of a disagreement or a reportable event.

Before making its decision, and after conducting an extensive evaluation process that included several leading accounting firms, the Audit Committee carefully considered McGladrey & Pullen's qualifications as independent auditors. This included a review of the qualifications of the engagement team, the quality control procedures the firm has established, and any issues raised by the most recent quality control review of the firm; as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee's review also included matters required to be considered under the SEC's Rules on Auditor Independence, including the nature and extent of non-audit services, to ensure that they will not impair the independence of the accountants. The Audit Committee expressed its satisfaction with McGladrey & Pullen LLP in all of these respects.

Although ratification by stockholders is not required by law, the Board of Directors has determined that it is desirable to request approval of this selection by the stockholders. Notwithstanding its selection, the Board of Directors, in its discretion, may appoint new independent auditors at any time during the year if the Board of Directors believes that such a change would be in the best interest of Epicor and its stockholders. If the stockholders do not ratify the appointment of McGladrey & Pullen LLP, the Board of Directors may reconsider its selection. The Board of Directors expects that representatives of McGladrey & Pullen LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if they so desire.

Fees Billed By Deloitte & Touche LLP During Last Two Fiscal Years The following table sets forth the approximate aggregate fees billed to Epicor during fiscal years 2005 and 2004 by Deloitte & Touche LLP:

	2005	2004
Audit Fees (1)	\$ 1,840,138	\$ 1,539,927
Audit-Related Fees (2)	\$ 33,386	\$ 255,778
Tax Fees (3)	\$ 460,257	\$ 433,749
All Other Fees (4)	\$ 28,924	\$ 546,398
Total Fees	\$ 2,362,705	\$ 2,775,852

(1) **Audit Fees:** This category includes fees for the audit of our annual financial statements, review of the financial statements included in our quarterly reports on Form 10-Q and services that are normally provided by the independent auditors in connection with statutory and regulatory filings or engagements for those fiscal years, including all fees related to review of internal controls and compliance pursuant to Section 404 of the Sarbanes-Oxley Act of 2002. This category also includes advice on audit and accounting matters that arose during, or as a result of, the audit or the review of interim financial statements, statutory audits required by non-U.S. jurisdictions and the preparation of an annual management letter on internal control matters.

(2) **Audit-Related Fees:** This category consists of assurance and related services by Deloitte & Touche LLP that are reasonably related to the performance of the audit or review of our financial statements and are not reported above under Audit Fees.

Table of Contents

- (3) **Tax Fees:** This category consists of fees for professional services rendered by Deloitte & Touche LLP for tax compliance including tax return preparation and technical tax advice, of approximately \$216,891 and \$142,000 for fiscal years 2005 and 2004, respectively. Fees associated with tax planning were approximately \$261,966 and \$283,000 in fiscal years 2005 and 2004, respectively.

- (4) **All Other Fees:** This category consists of fees incurred in connection with due diligence and other consulting work performed by D&T in relation to Epicor's merger and acquisition processes in 2005, including for its acquisition of CRS Retail Technology Group, Inc.

The Audit Committee has established a policy governing our use of our independent auditors McGladrey & Pullen LLP for non-audit services. During 2004 and 2005 the Audit Committee had an identical policy for Deloitte & Touche LLP. Under the policy, management may use the independent auditors for non-audit services that are permitted under SEC rules and regulations, provided that management obtains the Audit Committee's approval before such services are rendered. In fiscal 2005, all fees identified above under the captions "Audit-Related Fees", "Tax Fees" and "All Other Fees" that were billed by Deloitte & Touche LLP were approved by the Audit Committee pursuant to the Company's pre-approval policies and procedures established by the Audit Committee.

The Audit Committee has determined the rendering of other professional services for tax compliance and tax advice by McGladrey & Pullen (and in 2004 and 2005 Deloitte & Touche LLP) is compatible with maintaining their independence.

Vote Required

If a quorum is present, the affirmative vote of a majority of the shares present and entitled to vote at the Annual Meeting will be required to ratify the appointment of McGladrey & Pullen LLP as our independent auditors. Abstentions will have the effect of a vote against the ratification of McGladrey & Pullen LLP as our independent auditors. Broker non-votes will have no effect on the outcome of the vote.

Recommended Vote

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF MCGLADREY & PULLEN LLP AS EPICOR'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2006.

Option Grants Table. The following table sets forth certain information concerning grants of stock options to each of the persons named in the Summary Compensation Table during the fiscal year ended December 31, 2005. In addition, in accordance with the rules and regulations of the Securities and Exchange Commission, the following table sets forth the hypothetical gains or option spreads that would exist for the options at the end of their respective terms. No assurance can be given that the rates of annual compound stock appreciation assumed for the purposes of the following table will be achieved. The Company did not grant any stock appreciation rights during 2005.

On July 19, 2005, Mr. Duffell was promoted to President and Chief Operating Officer as approved by the Board of Directors. In recognition of such promotion, Mr. Duffell's annual base pay was increased by ten percent (10%) to \$388,045 per year. Also as a result of such promotion and concurrently therewith, the compensation committee of the board of directors granted to Mr. Duffell the right to receive 80,000 shares of restricted stock for a purchase price equal to the par value of such stock. The grant was effective immediately and the restrictions on the stock lift over time with 25% of the shares vesting on the first anniversary of the grant and the remaining 75% of the shares vesting quarterly thereafter over the next three years such that they are fully vested after 4 years.

The Company has entered into a separate agreement with Mr. Duffell providing that, if his employment is involuntarily terminated within six months following a change of control of the Company or if there is a constructive termination of his employment within six months following a change of control, then he will be entitled to receive six months of base salary plus an additional week's pay for each full year of service to the Company.

The Company maintains several memberships to the Coto De Caza Country Club in Orange County, California. Both Mr. Piraino and Mr. Duffell, as executives of the Company receive the right to utilize such Club and its facilities but are responsible for any monthly dues and personal expenses associated with such club usage and membership. The memberships utilized by Mr. Duffell or Mr. Piraino were purchased by the Company at a time prior to the time each were granted their usage privileges, and such memberships were not purchased in relation to or for use specifically by Mr. Piraino or Mr. Duffell.

In 2005, the Companies paid each non-employee director of the Company a \$12,000 annual retainer fee and a \$6,000 fee for physical attendance at each board meeting. The board meeting fee is \$3,000 per meeting if attendance is via phone. Beginning in 2005, non-employee members of the Board's Audit, Nominating and Governance Committee and Compensation Committees were also paid a \$3,000 fee for attendance at each committee meeting. Additionally, the Chairperson of the Audit, Nominating and Governance and Compensation Committee received yearly retainer fees of \$12,000, \$8,000 and \$8,000, respectively for fulfilling such roles and which retainers were paid out quarterly. Beginning with his selection in April 2005, the Lead Director, Robert Smith, received a quarterly \$2500 retainer for fulfilling such role.

In 2005, each non-employee director of the Company who commenced service on the Board in 2005 received an option to purchase 35,000 shares and each director re-elected to the Board in 2005 received an option to purchase 10,000 shares upon such annual reelection. The options were priced at the fair market value of the Company's common stock on the date of grant and have a two-year vesting schedule. The 35,000 share grant vests 5,000 on the day of the grant and the remaining 30,000 shares begin vesting on the first anniversary of the grant and quarterly thereafter in equal blocks such that they are fully vested within two years of the grant. The subsequent 10,000 share grant vests quarterly over two years.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act requires our executive officers, directors and ten percent stockholders to file reports of ownership and changes in ownership with the SEC. The same persons are required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of such forms, we believe that all our executive officers, directors and five percent stockholders complied with the applicable filing requirements, except for one Form 4 filing made on behalf of Robert Smith, which Form 4 was inadvertently filed one day late on June 1, 2005 following the memorial day holiday in order to report several transactions resulting from an exercise of options and the subsequent sale of such common stock.

Table of Contents**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

Except for the compensation agreements and other arrangements that are described under "Change of Control and Severance Agreements" and the transactions described below, there was not during fiscal year 2005 nor is there currently proposed, any transaction or series of similar transactions to which Epicor was or is to be a party in which the amount involved exceeds \$60,000 and in which any director, nominee for director, executive officer, five percent stockholder or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

Other Related Party Transactions

George Klaus, the Company's Chairman and CEO, is currently engaged to be married to one of the Company's Executive Vice Presidents. The Executive Vice President to whom Mr. Klaus is engaged is not an executive officer of the Company, and she reports directly to the President and Chief Operating Officer of the Company and not directly to Mr. Klaus. In addition, following a thorough board review of the relationship, the Board has determined that, so long as Mr. Klaus remains in this relationship, all employment and compensation matters relating to her will be made by the President and COO, subject to review and approval by the Chair of the Audit Committee or the entire Audit Committee of the Board, rather than Mr. Klaus. She is currently compensated at a level that the Company believes is comparable to other employees in similar positions of responsibility at the Company.

COMPENSATION COMMITTEE REPORT

The following is the report of the Compensation Committee of the Board of Directors with respect to the compensation paid to our executive officers during fiscal year 2005. Actual compensation earned during fiscal year 2005 by the persons named in the Summary Compensation table is shown in the Summary Compensation Table.

Compensation Philosophy

Epicor's philosophy in setting compensation policies for executive officers is to align overall compensation with performance. The Compensation Committee approves and regularly evaluates Epicor's compensation policies applicable to the executive officers, including the chief executive officer, and reviews the performance of these officers. The Compensation Committee strongly believes that executive compensation should be directly linked to continuous improvements in corporate performance and increases in stockholder value and has adopted the following guidelines for compensation decisions:

- Provide a competitive total compensation package that enables Epicor to attract, motivate and retain key executive talent and that takes into consideration the compensation practices of peer companies, in the technology industry, with which we compete for executive talent;
- Align all compensation programs with Epicor's annual and long-term business strategies and objectives; and
- Provide a mix of base and performance-leveraged variable compensation that directly links executive rewards to the achievement of financial, organization, management, and individual performance goals and stockholder return.

The Compensation Committee also believes that it is in the best interests of stockholders for Epicor's executive officers have equity stakes in Epicor in order to align the financial interests of executive officers with those of stockholders.

Components of Executive Compensation The compensation program for our executive officers consists of the following components:

- Base Salary
- Annual Cash Incentives
- Long-Term Equity Incentives

Base Salary

The Board of Directors reviewed and approved fiscal year 2005 salaries for our Chief Executive Officer and other executive officers named in the Summary Compensation Table at the beginning of the fiscal year. Base salaries were established by the Board of Directors based upon each individual's employment agreements as well as competitive compensation data, and each person's job responsibilities, level of experience, individual performance and contribution to the business. In

making base salary decisions, the Board of Directors exercised its discretion and judgment based upon these factors and no specific formula was applied to determine the weight of each factor. The Compensation Committee periodically reviews and uses, as appropriate, market compensation information obtained through

Table of Contents

surveys of technology companies and customized surveys through the help of an independent consulting firm. This information is used to evaluate relative market position and to assist in designing guidelines with respect to compensation.

The Board of Directors' decision with regard to Mr. Klaus's base salary was based on both his past salary levels as well as his personal performance of his duties and the salary levels paid to chief executive officers of peer companies. With respect to other executive officers, the Compensation Committee has targeted base salary to the median of the industry, noting that in some circumstances it is necessary to provide compensation at above-market levels. These circumstances may include a need to attract and retain key individuals, to recognize roles that are larger in scope or accountability than standard market positions or to reward individual performance and contribution to the business. Although the Company targets the median of the industry for compensation, if the Company outperforms its financial targets, compensation for executive officers will as a result exceed the median of the industry. The Company exceeded its financial targets for 2005, thus compensation to executive officers also exceeded the median of the industry.

Annual Cash Incentives

Annual incentive bonuses for executive officers and other officers of the Company are intended to reflect the Board of Directors' belief that a significant portion of the compensation of each executive officer should be contingent upon the performance of Epicor, as well as the individual contribution of each executive officer. To carry out this philosophy, the Company has established a cash bonus plan for executives and key employees. Payment of bonuses is dependent on the Company's achieving specific performance criteria for the fiscal year. The performance criteria include a Company operating revenue target and a Company profit before taxes goal. One half of the bonus is based on achieving the operating revenue goal and the other half is tied to achieving the profit before taxes goal. Potential cash bonuses under the plan range from 5 percent to 100 percent of an individual's base salary and can exceed 100 percent of base salary if greater than 100 percent of the performance criteria are achieved. Bonuses are paid if 75 percent of either the operating revenue or profit before taxes goals are met. The annual target level of the annual bonuses that the executive officers were eligible to receive varied from 50 to 60 percent of base salaries.

The profit and revenue targets are established on the basis of annual budget and forecasts developed by management and approved by the Compensation Committee. This operating plan is developed on the basis of (i) the Company's performance for the prior fiscal year, (ii) estimates of sales revenue for the plan year based upon recent market conditions, trends and competition and other factors that, based on historical experience, are expected to affect the level of sales that can be achieved, (iii) historical operating costs and cost savings that management believes can be realized, (iv) competitive conditions faced by the Company, and (v) additional expenditures beyond prior fiscal years. By taking all of these factors into account, including market conditions, the earnings goal and revenue targets are determined. Given the variety of employment alternatives in both established and start-up high technology companies, the Compensation Committee concluded that the bonus plan could assist the Company in retaining and motivating its key management employees.

Table of Contents

As a result of this performance-based bonus program, executive compensation, and the proportion of each executive's total cash compensation that is represented by incentive or bonus income, may increase in those years in which the Company's profitability increases. The variable compensation bonus plan is intended to motivate and reward executive officers by directly linking the amount of any cash bonus to specific company-based performance targets and specific individual-based performance targets. The Compensation Committee evaluates the performance of the executive officers and Epicor and approves a performance rating based upon the results of its evaluation after the end of the fiscal year. In fiscal 2005, the persons named in the Summary Compensation Table were paid the bonus amounts shown in the Summary Compensation Table as we exceeded our corporate performance targets for revenue and profit during fiscal year 2005.

Long-Term Equity Incentives

The Board provides our executive officers with long-term incentive compensation through grants of options to purchase our Common Stock and/or grants of restricted stock subject to a right of repurchase which lapses over time. The goal of the long-term equity incentive program is to align the interests of executive officers with those of Epicor's stockholders and to provide each executive officer with a significant incentive to manage Epicor from the perspective of an owner with an equity stake in the business. It is the belief of the Board that equity awards directly motivate an executive to maximize long-term stockholder value. The equity awards also utilize vesting periods that encourage key executives to continue in our employ. The Board considers each equity award individually and subjectively at the time of the grant, reviewing factors such as the performance of the executive officer, the anticipated future contribution toward the attainment of our long-term strategic performance goals and the number of other equity awards held by each executive officer at the time of the new grant. In fiscal year 2005, executive officers were not granted any stock options to purchase shares of our Common Stock and were granted an aggregate of 120,000 shares of restricted stock in connection with promotions described in the section entitled "Employment, Change of Control and Severance Arrangements."

CEO Compensation for Fiscal 2005

The principal components of compensation for the Chief Executive Officer for fiscal 2005 included base salary and bonus. L. George Klaus, the Company's Chief Executive Officer, received a salary of \$736,403 during fiscal 2005. Mr. Klaus' base salary was negotiated as part of his compensation package when he joined the Company in February 1996 and has been subsequently increased on an annual basis. Mr. Klaus' base salary increased by six percent (6%) percent over his salary at December 31, 2004.

Mr. Klaus also received a bonus of \$681,173 for fiscal 2005. Mr. Klaus' bonus plan for fiscal 2005 provided for a target bonus of \$441,842. As described above, one half of the target bonus was based on achieving an operating revenue goal for the Company, the other half was based upon the Company achieving a profit before taxes goal and additional amounts could be earned if the Company exceeded 100 percent of the operating revenue and profit goals. Bonuses are paid if 75 percent of either the operating revenue or profit before taxes goals are met based on objective formulas. For 2005, Mr. Klaus received a bonus for 200 percent of his operating revenue bonus

Table of Contents

target and 108 percent of his net income bonus target due to the Company's strong financial performance in fiscal year 2005, which exceeded targeted expectations.

During the fiscal year 2005, the Compensation Committee evaluated Mr. Klaus's holdings of Epicor stock, stock options and restricted stock, including an evaluation of previously granted stock options and restricted stock purchase rights. Mr. Klaus was not granted any stock options or restricted stock during the fiscal year ended December 31, 2005.

Compensation in Excess of \$1 Million Per Year

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for compensation over \$1 million paid to any of the Company's Chief Executive Officer and four other most highly compensated executive officers. Certain performance-based compensation, however, is specifically exempt from the deduction limit. The Company does not currently have a policy that requires or encourages the Compensation Committee to qualify stock options or restricted stock awarded to executive officers for deductibility under Section 162(m) of the Internal Revenue Code. However, the Compensation Committee does consider the net cost to the Company in making all compensation decisions and is currently investigating the possibility of implementing programs that would allow for deductibility under Section 162(m).
