Item 1.01 Entry into a Material Definitive Agreement.

Energy Transfer Partners, L.P. has entered into agreements with GE Energy Financial Services and Southern Union Company to acquire the Transwestern Pipeline. The agreements provide for a series of transactions in which Energy Transfer Partners will acquire all of the outstanding Class B membership interests in CCE Holdings, LLC (CCEH) from GE Energy Financial Services and certain other investors. The Class B membership interests represent a 50% ownership in CCEH, which was formed in 2004 to purchase CrossCountry Energy. In the second transaction, CCEH will redeem the 50% ownership in CCEH of Energy Transfer Partners in exchange for 100% ownership of Transwestern Pipeline Company, LLC (Transwestern), following which Southern Union will own all of the member interests of CCEH.

The Transwestern assets primarily consist of the Transwestern Pipeline, a 2,500 mile interstate natural gas pipeline system. The Transwestern Pipeline connects supply areas in the San Juan Basin in southern Colorado and northern New Mexico, the Anadarko Basin in the Mid-continent and the Permian Basin in west Texas to markets in the Midwest, Texas, Arizona, New Mexico and California. The Transwestern Pipeline interconnects with Energy Transfer Partners' existing intrastate pipelines in west Texas.

The series of transactions, valued at \$1.465 billion, is subject to various regulatory approvals prior to closing. Energy Transfer Partners intends to finance the transactions by issuing, prior to or simultaneous with closing, approximately \$1.2 billion of equity, consisting of limited partnership interests, and through borrowings.
