Item 1.01. Entry Into a Material Definitive Agreement.

On February 7, 2008, Odyssey Marine Exploration, Inc. (the Company) entered into a \$5 million revolving credit facility with Fifth Third Bank (the Bank). The Company used a portion of this credit facility to pay off all amounts owed to Mercantile Bank under the Company's prior credit facility, which has been terminated. The new credit facility has a floating interest rate equal to the Prime Rate plus fifty basis points (.50%), requires monthly payments of interest only and is due in full February 7, 2010. The Company will also be required to pay the Bank an unused line fee commencing in the second year of the agreement equal to 0.50% per annum of the unused portion of the credit line, payable quarterly in the second year.

The line of credit will be initially secured by approximately 33,000 numismatic coins recovered by the Company from the *SS Republic* shipwreck, which amount will be reduced over the term by the amount of coins sold by the Company. The coins used as collateral will be held by the Company's custodian. The borrowing base will be equal to thirty percent (30%) of the eligible coin inventory valued on a rolling twelve month wholesale average value. The Company is required to comply with a number of customary covenants.

The Company intends to use the line of credit as a means to fund ongoing operations. Initially the line of credit will be used to payoff the Company's first mortgage with Carolina First Bank for approximately \$2.4 million as well as the equipment loan payable due Mercantile Bank of approximately \$.6 million plus any closing costs of the transaction.

Copies of the Revolving Credit Loan and Security Agreement and the Revolving Credit Note are attached hereto as Exhibit 10.1 and Exhibit 10.2, respectively, and are incorporated herein by reference.
