Abolishment of the Fractional Share System and Lowering of the Minimum Investment Amount

Mizuho Financial Group, Inc. (the Company) resolved the following proposals at the meeting of the Board of Directors held today.

(1) Abolishment of the Fractional Share System:

The fractional share system will be abolished by the adoption of the unit share system concurrently with the allotment of shares or fractions of a share without consideration.

(2) Lowering of the Minimum Investment Amount:

The current minimum investment amount with respect to the common stock of the Company will be lowered to one tenth (1/10) by reducing the number of shares constituting one (1) unit of shares.

* Both of the foregoing are expected to be implemented on January 4, 2009 (Sunday).

Description

1. Abolishment of the Fractional Share System

(1) Background

The fractional share system will be abolished because fractional shares will no longer be handled under the new book-entry transfer system after the implementation of the electronic share certificate system, which is scheduled to take effect in January 2009. Due to the shift to the book-entry transfer system, listed companies are required to dispose of their fractional shares by the day on which they simultaneously shift to the book-entry transfer system (January 5, 2009 (scheduled); the Transition Date).

(2) Method of abolishing the fractional share system

In light of the aforementioned background, the Company will abolish the fractional share system by adopting the unit share system concurrently with the allotment of shares or fractions of a share without consideration, pursuant to the provisions of Article 88 of the Law Concerning Adjustment and Coordination of Relevant Laws in Association with the Enforcement of the Company Law (Law No. 87 of 2005, the Adjustment Law), thereby converting fractional shares to shares constituting less than one (1) unit, as set forth below, so that status as a holder of fractional shares will be maintained as status as a holder of shares constituting less than one (1) unit.

- (i) Allotment of shares or fractions of a share without consideration

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

(a) Details of the allotment of shares or fractions of a share without consideration

The proposal concerning Allotment of shares or fractions of a share without consideration is planned to be submitted to the sixth (6th) ordinary general meeting of shareholders, scheduled to be held on June 26, 2008 (Thursday).

The allotment of shares or fractions of a share without consideration shall be conducted, with January 3, 2009 (Saturday), which is two (2) days prior to the Transition Date, being the record date, by allotting the same type of shares and fractions of a share respectively to the shareholders or the holders of fractional shares who are registered or recorded in the register of shareholders, the register of beneficial shareholders or the register of fractional shares as of the end of such record date, depending on the number of shares of common stock, shares of each class of preferred stock and fractional shares held by the shareholders and the holders of fractional shares, without any additional consideration, and such allotment will be made at the rate of 999 shares per one (1) share and 9.99 shares per every 0.01 of a share.

The effective date of the allotment of shares or fractions of a share without consideration shall be January 4, 2009 (Sunday), which is the day preceding the Transition Date.

Because the shareholder register manager is not open for business on January 3, 2009 (Saturday), which is two (2) days prior to the Transition Date, actual transfers of shares can be made only until December 30, 2008 (Tuesday). Therefore, trading of shares of the Company's common stock on the Tokyo Stock Exchange and the Osaka Securities Exchange will be suspended from December 25, 2008 (Thursday) to December 30, 2008 (Tuesday).

(b) Amendments to the Articles of Incorporation

The proposal concerning Partial Amendment to the Articles of Incorporation, Etc., which includes the necessary amendments required due to the allotment of shares or fractions of a share without consideration, is planned to be submitted to the sixth (6th) ordinary general meeting of shareholders scheduled to be held on June 26, 2008 (Thursday). An announcement with respect to the proposed amendments to the Articles of Incorporation, etc., was separately made today.

- (c) Status of shares and fractions of a share to be allotted through the allotment of shares or fractions of a share without consideration

	Common stock (shares)	Eleventh Series of Class XI preferred stock (shares)	Thirteenth Series of Class XIII preferred stock (shares)
Total number of issued shares of the Company prior to the allotment of shares or fractions of a share without consideration	11,396,254.66	943,740	36,690
Number of shares and fractions of a share to be allotted through the allotment of shares or fractions of a share without consideration	11,384,858,405.34	942,796,260	36,653,310
Total number of issued shares of the Company after the allotment of shares or fractions of a share without consideration	11,396,254,660	943,740,000	36,690,000

(Note 1) The total number of issued shares of the Company set forth above is the number as of April 30, 2008. In the case where the total number of issued shares changes before the record date of the allotment of shares or fractions of a share without consideration due to the request for acquisition of preferred stock or the cancellation of treasury stock, etc., the number of shares and fractions of a share to be allotted through the allotment of shares or fractions of a share without consideration and the total number of issued shares of the Company after the allotment of shares or fractions of a share without consideration will be changed accordingly.

(Note 2) The company will not issue share certificates for the shares after the allotment of shares or fractions of a share without consideration because the Company will cease to be a company that issues paper share certificates on the Transition Date, due to the enforcement of the Law for Partial Amendments to the Law Concerning Book-entry Transfer of Corporate Bonds and Other Securities for the Purpose of Streamlining the Settlement of Trades of Stocks and Other Securities (Law No. 88 of 2004, the Settlement Rationalization Law).

- (ii) Adoption of the unit share system

- (a) Details of the unit share system

Subject to the effectiveness of the aforementioned allotment of shares or fractions of a share without consideration, the Company will adopt the unit share system. The number of shares constituting one (1) unit of shares at this stage shall be one thousand (1,000) with respect to common stock and each class of preferred stock pursuant to Article 88, Paragraph 5, Item 1 of the Adjustment Law.

- (b) Amendments to the Articles of Incorporation

The proposal concerning Partial Amendment to the Articles of Incorporation, Etc. required by the adoption of the unit share system is planned to be submitted to the sixth (6th) ordinary general meeting of shareholders, scheduled to be held on June 26, 2008 (Thursday). The announcement with respect to the proposed amendments to the Articles of Incorporation was separately made today.

2. Lowering of the Minimum Investment Amount

(1) Reason for lowering of the minimum investment amount

The Company believes that it is important to maintain high liquidity of its shares in the stock markets, to provide investment opportunities to a wider range of investors including individuals and to expand the shareholder demographic in order to improve its corporate value. The Company has determined to lower the minimum investment amount, taking advantage of the implementation of the electronic share certificate system, which is scheduled to take effect in January 2009, under which shareholders' procedures in relation to the lowering of the minimum investment amount will be substantially reduced.

(2) Details and method of lowering of the minimum investment amount

In order to lower the minimum investment amount to one-tenth (1/10) in conjunction with the adoption of the unit share system, the Company has resolved, at the meeting of the Board of Directors held today, to make an amendment to the Articles of Incorporation, with which the number of shares constituting one (1) unit of shares will be lowered from 1,000 to 100 pursuant to Article 195 of the Company Law, subject to the approval of the aforementioned proposals at the sixth (6th) ordinary general meeting of shareholders, and the day preceding the date the Settlement Rationalization Law becomes effective being the effective date. Therefore, the number of shares constituting one (1) unit of shares under Article 9 of the proposed amendments to the Articles of Incorporation, which is 1,000 by the application of Article 88, Paragraph 5, Item 1 of the Adjustment Law, will be 100, with respect to the common stock and each class of preferred stock, on the day preceding the date the Settlement Rationalization Law becomes effective.

With respect to the major changes caused by the abolishment of the fractional share system and the lowering of the minimum investment amount in accordance with 1 and 2 above, please see the attached Exhibit (Reference Information).
