Annual Meetings. Teva encourages directors to attend annual shareholders meetings. A majority of the directors attended the 2007 annual meeting.

Board Practices and Procedures. Teva's Board members are generally elected for terms of three years. Teva believes that multi-year terms allow Teva's directors to acquire and provide Teva with the benefit of a high level of expertise with respect to its complex business. Teva also provides an orientation and continuing education program for board members which includes lectures, provision of materials, meetings with key management, and visits to company facilities.

Board Meetings. Meetings of the Board of Directors are generally held every four to six weeks throughout the year, with additional special meetings scheduled when required. Information regarding the number of meetings of the Board and Board committees and attendance rates is presented in the table below.

Statutory Independent Directors/Financial Experts

Under the Israeli Companies Law, publicly held Israeli companies such as Teva are required to nominate and elect at least two directors who are required to meet the independence criteria of the Israeli Companies Law (*statutory independent directors*), who must serve on the audit committee. All other Board committees (other than committees constituted solely as advisory committees) must include at least one such statutory independent director. The statutory independent directors are appointed at the general meetings by the holders of a majority of Teva's ordinary shares and must meet certain non-affiliation criteria all as provided under Israeli law. A statutory independent director is appointed for an initial term of three consecutive years, and may be reappointed in companies like Teva for additional three-year terms, subject to certain conditions (including approval by Teva shareholders at a general meeting) as provided under Israeli regulations. Regulations promulgated under Israeli law set the compensation that may be paid to statutory independent directors. Dr. Leora (Rubin) Meridor and Prof. Gabriela Shalev currently serve as Teva's two statutory independent directors.

Israeli law further requires that at least one statutory independent director have financial and accounting expertise, and that the other statutory independent director have professional competence, as determined by the company's board of directors. Under relevant regulations, a director having financial and accounting expertise is

a person who, due to his or her education, experience and talents, is highly skilled in respect of, and understands, business and accounting matters and financial reports, in a manner that enables him or her to have an in-depth understanding of the company's financial information and to stimulate discussion in respect of the manner in which the financial data is presented. Under the regulations, a director having professional competence is a person who has an academic degree in economics, business administration, accounting, law or public administration or an academic degree in an area relevant to the company's business, or has at least five years experience in a senior position in the business management of a corporation with a substantial scope of business, in a senior position in public service or in the field of the company's business.

Dr. Leora (Rubin) Meridor was determined by the Board of Directors to be a financial and accounting expert under Israeli law, and Prof. Gabriela Shalev was determined by the Board to have professional competence.

The Board of Directors has also adopted a policy to require at least two directors who are financial experts in accordance with Israeli law, in addition to the one statutory independent director required under Israeli law, to qualify as a financial expert in accordance with Israeli law. Accordingly, Prof. Meir Heth and Eli Hurvitz were determined by the Board of Directors to be financial and accounting experts.

Committees of the Board

Teva's Articles of Association provide that the Board of Directors may delegate its powers to one or more committees of the Board as it deems appropriate to the extent such delegation is permitted under the Israeli Companies Law. Each committee (other than committees constituted solely as advisory committees) must include at least one statutory independent director. The Board has appointed the standing committees listed below, as well as committees appointed from time to time for specific purposes determined by the Board. Membership on these Board committees is presented in the table below.

Teva has adopted charters for its audit, compensation, and corporate governance and nominating committees, formalizing the committees procedures and duties. Each of these charters is available on our website at www.tevapharm.com.

Related Party Transactions

On March 9, 2007, Novopharm, Teva's Canadian subsidiary, purchased two facilities, including buildings and land, from corporations controlled by members of the family of Leslie Dan, Chairman of Novopharm and a former Teva director. The first facility, located at 30 Novopharm Court, Toronto, Canada, was purchased for CDN \$29,000,000. The second facility, located at 5691 Stouffville, Ontario, Canada, was purchased for CDN \$12,500,000. Each of the facilities had been leased by Novopharm prior to purchase.

Table of Contents

In September 2006, Teva sold the former headquarters of Ivax Corporation, consisting of approximately 150,000 sq. ft. of office space, land and the adjacent parking facility, together with certain related equipment and service contracts, to an affiliate of Dr. Phillip Frost, Teva's Vice Chairman of the Board, for a cash purchase price of \$18 million, which was determined by Teva to reflect the fair market price for such property based on advice from an independent appraisal. Ivax, in turn, leased back approximately 84,000 square feet of the facility for an annual rent of approximately \$1.7 million (including operational and service costs) for a one-year term, renewable by Teva for an additional one year term upon 120 days notice. Such amount was determined by Teva not to exceed the fair market rent for the property, following a review of commercial rental market for such space. In accordance with the lease, Teva USA exercised its option on the one-year renewal, which will expire on September 7, 2008.

In September 2006, Teva and Protalix Ltd. signed a collaboration and licensing agreement for the development of two proteins, using Protalix's plant cell culture platform. Under the agreement, the two companies will collaborate on research and development of the proteins utilizing Protalix's expression system. Protalix will grant Teva an exclusive license to commercialize the developed products in return for royalty and milestone payments to be made to Protalix upon the achievement of certain pre-defined goals. Protalix will retain certain exclusive manufacturing rights. Eli Hurvitz, Teva's Chairman of the Board, is Chairman of the Board of Protalix, and Dr. Phillip Frost, Vice Chairman of the Board, is a director of Protalix. Mr. Hurvitz and Dr. Frost each own certain equity interests in Protalix.

In October 2006, Teva and Jexys Medical Research Services & Development Co. Ltd. entered into an agreement for the development of up to five prototype molecules, using Jexys' platform technology. As part of the agreement, Jexys granted Teva an option to receive an exclusive, worldwide royalty-bearing license for the commercialization of products in exchange for certain milestone payments and royalties. Harold Snyder, a director of Teva, is a shareholder of Jexys, and Arik Yaari, president of Teva's API division, is a director and shareholder of Jexys.

In January 2007, Teva and Se-cure Pharmaceuticals Ltd entered into a Marketing, Selling and Distribution Agreement for Femarelle, a food supplement. Pursuant to the Agreement, Teva has the exclusive right to market, sell and distribute Femarelle in Israel. Dr. Ben-Zion Weiner, Teva's Chief R&D Officer, holds a right to receive 4% of the issued and outstanding share capital of Se-cure and is also a member of its scientific advisory board.

All related party transactions described above have been reviewed and approved by Teva's audit committee and Board of Directors.

PROPOSAL 4: APPOINTMENT OF STATUTORY INDEPENDENT DIRECTOR

Following the recommendation of Teva's corporate governance and nominating committee, the Board of Directors recommends that the shareholders approve the extension of the appointment of Dr. Leora (Rubin) Meridor as a statutory independent director for an additional term of three years following the expiration of her second three-year term of appointment in December 2008.

Under the Israeli Companies Law, the Company is required to nominate and elect at least two statutory independent directors. The audit committee and Board recognize Dr. Meridor's expertise and unique contribution as a statutory independent director to the Board and various committees and therefore approved the extension of her term for an additional three-year period.

Dr. Leora (Rubin) Meridor has been a director of Teva since December 2002. Dr. Meridor is a business and financial consultant. She served as the Chair of the Board of Bezeq International Ltd. and Walla Communications Ltd from 2001 to 2005. She served as Chair of the Board of Hapoalim Capital Markets from 2001 to 2004. From 1996 to 2000, Dr. Meridor served as Senior Vice President and Head of the Credit and Risk Management

Division of the First International Bank of Israel. Between 1983 and 1996, Dr. Meridor held various positions in the Bank of Israel, the last of which was Head of the Research Department. Dr. Meridor has held various teaching positions with the Hebrew University and holds a bachelor's degree in mathematics and physics, a master's degree in mathematics and a Ph.D. in economics from the Hebrew University. She served as director of NICE Systems Ltd. from 2002 until 2007 and of Isrotel Ltd. from 2001 until 2007. She presently serves on the boards of directors of Alrov (Israel) Ltd., Delta Galil Ltd., Gilat Satellite Networks Ltd., GEJ Yizum Ltd., Osem Investment Ltd., Weizmann Institute of Science and Betzalel Academy of Art.

PROPOSAL 5: APPROVAL OF LIABILITY INSURANCE FOR DIRECTORS AND OFFICERS

The Israeli Companies Law requires shareholder approval of the purchase of liability insurance for directors. The purchase of such insurance is standard practice for companies similar to Teva, and Teva believes that the purchase of such insurance is critical to maintaining and attracting quality directors. The audit committee of the Board of Directors approved, and the Board of Directors approved and recommends that the shareholders approve, the purchase of directors' and officers' liability insurance for the directors and officers of the Company and its subsidiaries, with annual coverage of up to \$350 million for the period commencing on June 1, 2008 and ending no later than the later of the 2011 annual meeting of shareholders and June 1, 2011. However, in accordance with the Israeli Companies Law, such proposed liability insurance for directors and officers will not provide coverage for: (i) violations of the duty of loyalty towards the company, if the director did not act in good faith and with a reasonable basis to assume that his or her actions would not harm the company; (ii) breaches of the duty of care if committed intentionally or recklessly, or (iii) liability for acts committed with the intent to derive an illegal personal gain or monetary fines or penalties.

PROPOSAL 6: APPROVAL OF INCREASE OF DIRECTORS' CASH REMUNERATION

Unlike US law, the Israeli Companies Law requires shareholder approval of cash remuneration paid to directors. The substantial growth in the Company's volume of activities, the continued expansion of its activities to new regions, the associated complexities of the Company's operations and the increased responsibilities resulting from such developments, require the continued identification, recruitment and appointment of Board members of the highest professional level and reputation. In order to help ensure the Company's continued ability to retain Board members meeting these high standards, Teva's compensation committee has recommended, and the audit committee and Board of Directors have each approved, and recommends that the shareholders approve, the increase in the directors' per meeting remuneration described below.

The proposed remuneration is as follows: cash remuneration for directors' participation, including the Chairman and the Vice Chairman, in each meeting shall be NIS 7,226 (approximately US\$2,000), or, if the director's participation in the meeting requires air travel to the location where the meeting is to take place, NIS 10,839 (approximately US\$3,000). The current cash remuneration per meeting is NIS 4,843 (approximately US\$1,340). In addition, the directors receive annual fees in the amount of NIS 205,262 (approximately US\$56,800) or in the case of Committee Chairmen, NIS 256,578 (approximately US\$71,000), except for the Chairman and Vice Chairman of the Board, who receive annual fees of NIS 1,351,056 and NIS 1,238,468, respectively (approximately US\$374,000 and US\$342,000). All such remuneration is subject to adjustment in accordance with changes in the Israeli Consumer Price Index from the date of approval. Any full-time Teva employees who may serve on the Board would not be entitled to this cash remuneration, including the proposed increased per meeting remuneration. (For comparison purposes, all US Dollar amounts in this paragraph are calculated on the basis of the NIS/US\$ exchange rate on April 10, 2008, the date the proposed change in remuneration was approved by the Board.)

The above increase in per meeting remuneration will apply also to the remuneration paid to the two statutory independent directors, since their remuneration is set in accordance with the remuneration of the other directors. However, under Israeli law, approval of this proposal with respect to the two statutory independent directors must be obtained as described under "The Meeting Quorum, Required Vote and Voting Procedure" above.

PROPOSAL 7: APPROVAL OF 2008 EMPLOYEE STOCK PURCHASE PLAN FOR U.S. EMPLOYEES

The Board of Directors recommends that the shareholders approve the Teva Pharmaceutical Industries Limited 2008 Employee Stock Purchase Plan for U.S. Employees (the *Stock Purchase Plan*).

The Board of Directors has adopted the Stock Purchase Plan, subject to shareholder approval, to replace a substantially identical employee stock purchase plan that is scheduled to expire on September 3, 2008. The Stock Purchase Plan is intended to provide employees of each United States subsidiary of the Company with an opportunity to purchase the Company's ADRs on a tax-qualified basis.

The Company is seeking shareholder approval of the Stock Purchase Plan so that it will qualify as an employee stock purchase plan under Section 423 of the US Internal Revenue Code of 1986, as amended from time to time (the *Code*). In the event that the Company's shareholders do not approve the Stock Purchase Plan, no offerings will commence. Up to an aggregate of 3,500,000 ADRs may be purchased by participants under the Stock Purchase Plan. Such ADRs (as well as the underlying shares) may be either newly-issued or already outstanding. The closing price of the ADRs on Nasdaq on May 16, 2008 was \$46.51 per ADR.

The following summary of the Stock Purchase Plan is qualified in its entirety by reference to the text of the Stock Purchase Plan, a copy of which is attached as *Appendix A* to this Proxy Statement.

Administration

The Stock Purchase Plan will be administered by the compensation committee of the board of directors of Teva USA. Subject to the provisions of the Stock Purchase Plan, the Teva USA compensation committee will have the discretionary authority to construe, interpret and to adjudicate all disputed claims under the Stock Purchase Plan and may adopt rules and regulations for the interpretation and administration of the Stock Purchase Plan.

Eligibility

Employees of each U.S. subsidiary of the Company are eligible to participate if they are employed by such a subsidiary on the first trading day of each offering period. However, no employee is eligible to participate who, after the grant of options under the Stock Purchase Plan, would own (including all ADRs which may be purchased under any outstanding options under the Stock Purchase Plan) five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company. Approximately 4,600 employees are eligible to participate in the Stock Purchase Plan.

Participation / Grant and Exercise of Option / Payroll Deductions / Delivery of ADRs

The Stock Purchase Plan provides for consecutive three-month offering periods (or other offering periods as determined by the board of directors of Teva USA) during which participating employees may authorize after-tax payroll deductions of a specific whole percentage of his or her compensation between 1% and 10%, subject to a limit of the amount that will purchase no more than \$25,000 of ADRs in any one calendar year based on the fair market value of the ADRs measured as of the first trading day in the applicable offering period (the enrollment date). On each enrollment date, each participating employee will be granted an option to purchase, on the last day of the applicable offering period (each, an exercise date), the number of ADRs that may be purchased with the accumulated payroll deductions in his or her account as of the applicable exercise date. The purchase price for each option will be 85% of the fair market value of the ADRs on the exercise date. Unless a participant withdraws from the Stock Purchase Plan, his or her accumulated payroll deductions will automatically be used to exercise the options on the applicable exercise date.

Upon a participant's ceasing to be an employee of a United States subsidiary of the Company for any reason, he or she will be deemed to have elected to withdraw from the Stock Purchase Plan, and such participant's account balance will be distributed to him or her as soon as practicable. No further ADRs will be purchased for such participant.

Table of Contents**Adjustment Relating to ADRs**

The number of ADRs that may be purchased pursuant to options granted under the Stock Purchase Plan and the price per share of each option under the Stock Purchase Plan that has not yet been exercised shall be proportionately adjusted by the Board of Directors for any increase or decrease in the number of issued ADRs resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the ADRs, or any other increase or decrease in the number of ADRs effected without receipt of consideration by the Company. In the event the Company proposes to merge with or into another corporation or proposes to sell all or substantially all of its assets, each option under the Stock Purchase Plan shall be assumed, or an equivalent option shall be substituted by the successor or amalgamated corporation, unless the Board of Directors elects to shorten the offering period then in effect by setting a new exercise date.

Amendment and Termination of the Stock Purchase Plan

The Board of Directors may at any time and for any reason terminate or amend the Stock Purchase Plan without shareholder approval, except as required to satisfy Section 423 of the Code. Except as provided above in Adjustments Relating to ADRs, no termination or amendment may adversely affect options previously granted; provided, that an offering period may be terminated by the Board of Directors on any exercise date if it determines that the termination of the Stock Purchase Plan is in the best interests of the Company and its shareholders.

Term

The Stock Purchase Plan became effective (subject to the approval by the shareholders) upon its adoption by the Board of Directors on May 5, 2008 and will continue in effect for a term of ten years thereafter unless all ADRs authorized to be sold under it have been exhausted or the plan is otherwise terminated sooner.

PROPOSAL 8: APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of the Board of Directors recommends that the shareholders appoint Kesselman & Kesselman, an independent registered public accounting firm in Israel and a member of PricewaterhouseCoopers International Limited (*PwC*), as the Company's independent registered public accounting firm until the 2009 Annual Meeting of Shareholders, and further authorize the audit committee to determine their compensation and the Board of Directors to ratify such determination.

Representatives of PwC are expected to be present at the Annual Meeting and will also be available to respond to questions from shareholders.

The limitation described in clause (ii) of the preceding sentence shall be applied in a manner consistent with Section 423(b)(8) of the Code.

Table of Contents

4. *Offering Periods.* The Plan shall be implemented by consecutive Offering Periods continuing from the first Offering Period until terminated in accordance with Section 18 hereof. The Company Board shall have the power to change the duration of Offering Periods (including the commencement dates thereof) with respect to future offerings without shareholder approval if such change is announced at least twenty-five (25) days prior to the scheduled beginning of the first Offering Period to be affected thereafter.

5. *Participation.*

(a) An Employee may become a participant in the Plan for an Offering Period by completing a subscription agreement authorizing payroll deductions in substantially the form of Exhibit A to this Plan and filing it with the Committee (or such person as may be designated by the Committee from time to time) no later than the 20th day of the month immediately prior to the applicable Enrollment Date, unless a later time for filing the subscription agreement is set by the Company Board for all Employees with respect to a given Offering Period. Notwithstanding anything herein to the contrary, with respect to the first Offering Period hereunder only, any subscription agreement for the first Offering Period delivered by an Employee to the Committee (or such person as may be designated by the Committee from time to time) pursuant to 1998 ESPP shall cause such Employee to be a Participant for such Offering Period and any payroll deductions made pursuant to such subscription agreement under the 1998 ESPP shall be deemed a payroll deduction pursuant to this Plan.

(b) Payroll deductions for a participant shall commence on the first payroll date on or following the Enrollment Date and shall end on the last payroll date in the Offering Period to which such authorization is applicable, unless sooner terminated by the participant as provided in Section 10 hereof.

6. *Payroll Deductions.*

(a) At the time a participant files his or her subscription agreement, he or she shall elect to have payroll deductions made on each pay day during the Offering Period in an amount (expressed as a whole number percentage) not exceeding ten percent (10%) of the Compensation which he or she receives on each pay day during the Offering Period; *provided, however*, that the maximum number of ADSs which may be purchased by any participant during any Offering Period is the number of ADSs equal to (i) \$25,000 minus the Fair Market Value of the number of ADSs previously purchased during such calendar year, such Fair Market Value determined as of each such prior Enrollment Date during the calendar year with respect to which the ADSs were previously purchased, *divided by* (ii) the Fair Market Value of the ADSs on the Enrollment Date for the current Offering Period.

(b) All payroll deductions made for a participant shall be credited to his or her account under the Plan and will be withheld in whole percentages only. A participant may not make any additional payments into such account.

(c) A participant may discontinue his or her participation in the Plan, as provided in Section 10 hereof, at any time during the Offering Period prior to the Exercise Date. Once an Offering Period has commenced, a participant may not increase or decrease the rate of his or her payroll deductions for that Offering Period, but may, during that Offering Period, increase or decrease the rate of his or her payroll deductions for the next succeeding Offering Period, by completing or filing with the Committee (or such person as may be designated by the Committee from time to time) a new subscription agreement, no later than the 20th day of the month immediately prior to the end of that Offering Period, authorizing a change in payroll deduction rate. A participant's subscription agreement shall remain in effect for successive Offering Periods unless terminated as provided in Section 10 hereof.

(d) Notwithstanding the foregoing, a participant's payroll deductions may be decreased by the Committee to 0% (i) at any time, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(b) hereof, and (ii) for each Offering Period, at such time during such Offering Period that the aggregate Fair Market Value of the ADSs (measured as of the date of each respective Enrollment Date)

Table of Contents

previously purchased when added to the Fair Market Value of the ADSs to be purchased with respect to such then current Offering Period equals or would exceed \$25,000 in such calendar year. Subject to the preceding sentence, payroll deductions shall recommence at the rate provided in such participant's subscription agreement at the beginning of the next succeeding Offering Period, unless terminated by the participant as provided in Section 10 hereof.

(e) At the time the option is exercised, in whole or in part, or at the time some or all of the ADSs issued under the Plan are disposed of, the participant must make adequate provisions for the Designated Employer's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the ADSs. At any time, the Designated Employer may, but will not be obligated to, withhold from the participant's compensation the amount necessary for the Designated Employer to meet applicable withholding obligations, including any withholding required to make available to the Designated Employer any tax deductions or benefits attributable to sale or early disposition of the ADSs by the Employee.

7. *Grant of Option.* On the Enrollment Date of each Offering Period, each Employee participating in such Offering Period shall be granted an option to purchase on the Exercise Date of such Offering Period (at the applicable Purchase Price) up to a number of ADSs determined by dividing such Employee's payroll deductions accumulated prior to such Exercise Date and retained in the participant's account as of the Exercise Date by the applicable Purchase Price; *provided, however*, that the maximum number of ADSs which may be purchased by any participant during any Offering Period is the number of ADSs equal to (i) \$25,000 minus the Fair Market Value of the number of ADSs previously purchased during such calendar year, such Fair Market Value determined as of each such prior Enrollment Date during the calendar year with respect to which such shares were previously purchased, *divided by* (ii) the Fair Market Value of the ADSs on the Enrollment Date for the current Offering Period, and *provided, further*, that such purchase shall be subject to the limitations set forth in Sections 3(b) and 12 hereof. Exercise of the option shall occur as provided in Section 8 hereof, unless the participant has withdrawn pursuant to Section 10 hereof, and shall expire on the last day of the Offering Period.

8. *Exercise of Option.* Unless a participant withdraws from the Plan as provided in Section 10 hereof, his or her option for the purchase of ADSs will be exercised automatically on the Exercise Date, and, subject to the limitations set forth in Sections 3(b), 7 and 12 hereof, the maximum number of full and fractional ADSs subject to option shall be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. During a participant's lifetime, a participant's option to purchase ADSs hereunder is exercisable only with respect to such participant.

9. *Crediting of ADSs and Delivery or Sale of ADSs.* As promptly as practicable after each Exercise Date on which a purchase of ADSs occurs, the Company (or the applicable Designated Employer) shall arrange for the full and fractional portion of the ADSs to be deposited in the brokerage account of each participant at a brokerage house designated by the Committee. The ADSs shall be held in such brokerage account until such time as the participant, or his or her designated beneficiary or estate in the event of a participant's death, requests delivery of a certificate representing any of the ADSs or requests that any ADSs be sold and the proceeds therefrom be distributed to such participant; *provided, however*, that no ADSs may be withdrawn or sold unless and until after such time as the Plan has been approved by the shareholders of the Issuer holding a majority of its outstanding ADSs and Ordinary Shares. Upon the request of a participant, or his or her designated beneficiary or estate in the event of a participant's death, any fractional ADSs will be distributed in cash in the form of a check having a value equal to the value of such fractional ADSs.

10. *Withdrawal; Termination of Employment.*

(a) A participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time prior to the Exercise Date of an Offering Period by giving written notice to the Committee (or such person as may be designated by the Committee from time to time) in the form of Exhibit B to this Plan. All of the participant's payroll

Table of Contents

deductions credited to his or her account will be paid to such participant promptly after receipt of notice of withdrawal and such participant's option for the Offering Period will be automatically terminated, and no further payroll deductions for the purchase of ADSs will be made during the Offering Period. If a participant withdraws from the Plan during an Offering Period, he or she may not resume participation until the next Offering Period. He or she may resume participation for any other Offering Period by delivering to the Committee (or such person as may be designated by the Committee from time to time) a new subscription agreement no later than the 20th day of the month immediately prior to the Enrollment Date for such Offering Period.

(b) Upon a participant's ceasing to be an Employee, for any reason, he or she will be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such participant's account during the Offering Period but not yet used to exercise the option will be distributed to such participant or, in the case of his or her death, to his or her estate, and such participant's option will be automatically terminated. Unless otherwise determined by the Committee, any full or fractional ADSs held in the brokerage account of such participant shall remain in such account until such participant or, in the case of his or her death, his or her estate, requests that a certificate representing the full ADSs be distributed or that such ADSs be sold and the proceeds from the sale distributed to the participant, or such other person. Upon a participant's request, any fractional ADSs will be distributed in cash in the form of a check having a value equal to the value of such fractional ADSs; provided, however, that, in the discretion of the Committee, the participant may be responsible for any fees associated with the maintenance of his or her account following such termination of employment.

(c) A participant's withdrawal from an Offering Period will not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Issuer, the Company or any other Designated Employer.

11. *Interest.*

No interest or other increment shall accrue or be payable with respect to any of the payroll deductions of a participant in the Plan.

12. *Stock.*

(a) The maximum number of ADSs which shall be made available for sale under the Plan shall be 3,500,000, subject to adjustment upon changes in capitalization of the Issuer as provided in Section 17 hereof. The ADSs granted pursuant to the Plan may be (i) authorized but unissued ADSs, (ii) authorized and issued ADSs held by the Issuer, the Company or any other of the Issuer's subsidiaries, or (iii) acquired by the Issuer, the Company or any other of the Issuer's subsidiaries for the purposes of the Plan. If on a given Exercise Date the number of ADSs with respect to which options are to be exercised exceeds the number of ADSs then available under the Plan, the Committee shall make a pro rata allocation of the ADSs remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable.

(b) No participant will have an interest or voting right in ADSs covered by his option until such option has been exercised. All ADSs held in a participant's brokerage account on behalf of a participant shall be voted by such participant. Dividends accruing on the ADSs, if any, held in a participant's brokerage account shall be reinvested in ADSs at the full market value of such ADSs at the time of purchase and deposited in such brokerage account until such time as the participant requests delivery or sale of the ADSs as set forth in Section 9 herein.

(c) ADSs to be deposited into a participant's brokerage account under the Plan will be registered in the name of the participant.

13. *Administration.* The Plan shall be administered by the Committee. The Committee shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to determine eligibility

Table of Contents

and to adjudicate all disputed claims filed under the Plan. The Committee shall also have authority to develop, amend and terminate rules governing the operation of the Plan in conformity with the terms of the Plan. Every finding, decision and determination made by the Committee shall, to the full extent permitted by law, be final and binding upon all parties.

14. *Transferability.* Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive ADSs under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Committee may treat such act as an election to withdraw funds from an Offering Period in accordance with Section 10 hereof.

15. *Use of Funds.* All payroll deductions received or held by any Designated Employer under the Plan may be used by such Designated Employer for any corporate purpose, and the Designated Employer shall not be obligated to segregate such payroll deductions.

16. *Reports.* Individual accounts will be maintained for each participant in the Plan. Statements of account will be given to participating Employees at least annually, within such time as the Committee may reasonably determine, which statements will set forth the amounts of payroll deductions, the Purchase Price, the number of full and fractional ADSs purchased and held in the participant's brokerage account.

17. *Adjustments Upon Changes in Capitalization.*

(a) *Changes in Capitalization.* Subject to any required action by the shareholders of the Issuer, the Reserves as well as the price per ADS covered by each option under the Plan which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued ADSs resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the ADSs, or any other increase or decrease in the number of ADSs or Ordinary Shares effected without receipt of consideration by the Issuer; *provided, however*, that conversion of any convertible securities of the Issuer shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Issuer Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Issuer of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of ADSs subject to an option.

(b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of a Designated Employer or the Issuer, the Offering Period will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Issuer Board.

(c) *Merger or Asset Sale.* In the event of a proposed sale of all or substantially all of the assets of the Issuer, or the merger of the Issuer with or into another corporation, each option under the Plan shall be assumed or an equivalent option shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation, unless the Issuer Board determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, to shorten the Offering Period then in progress by setting a new Exercise Date (the "New Exercise Date"). If the Issuer Board shortens the Offering Period then in progress in lieu of assumption or substitution in the event of a merger or sale of assets, the Issuer Board shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for his or her option has been changed to the new Exercise Date and that his or her option will be exercised automatically on the new Exercise Date, unless prior to such date he or she has withdrawn from the Offering Period as provided in Section 10 hereof. For purposes of this paragraph, an option granted under the Plan shall be deemed to be assumed if, following the sale of assets or merger, the option confers the right to purchase, for each ADS subject to the option immediately prior to the sale of assets or merger, the consideration (whether stock, cash or other securities or property) received in the sale of assets or merger by holders of the ADSs for each ADS held on the effective date of the transaction (and if such

holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding ADSs and Ordinary Shares); *provided, however*, that if such consideration received in the sale of assets or merger was not solely common stock of the successor corporation or its parent (as defined in Section 424(e) of the Code), the Issuer Board may, with the consent of the successor corporation and the participant, provide for the consideration to be received upon exercise of the option to be solely common stock of the successor corporation or its parent equal in Fair Market Value to the per share consideration received by holders of the ADSs in the sale of assets or merger.

The Issuer Board may, if it so determines in the exercise of its sole discretion, also make provision for adjusting the Reserves, as well as the price per ADS covered by each outstanding option, in the event the Issuer effects one or more reorganizations, recapitalizations, rights offerings or other increases or reductions of its outstanding ADSs or Ordinary Shares, and in the event of the Issuer being consolidated with or merged into any other corporation.

18. Amendment or Termination.

(a) The Issuer Board may at any time and for any reason terminate or amend the Plan. Except as provided in Section 17 hereof, no such termination may adversely affect options previously granted; provided, that an Offering Period may be terminated by the Issuer Board on any Exercise Date if the Issuer Board determines that the termination of the Plan is in the best interests of the Issuer and its shareholders. Except as provided in Section 17 hereof, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law or regulation), the Issuer shall obtain shareholder approval in such a manner and to such a degree as required.

(b) Without shareholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Company Board (or the Committee) shall be entitled to change the Offering Periods, limit the frequency or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in a Designated Employer's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods or accounting and crediting procedures to ensure that amounts applied toward the purchase of the ADSs for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Company Board (or the Committee) finds, in its sole discretion, advisable and consistent with the Plan.

19. Notices. All notices or other communications by a participant to the Company or the Committee under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company or the Committee at the location, or by the person, designated by the Company or the Committee for the receipt thereof.

20. Conditions Upon Sale of ADSs. ADSs shall not be sold with respect to an option unless the exercise of such option and the sale of such ADSs pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the United States Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder and the requirements of any stock exchange upon which the ADSs may then be listed, and shall be further subject to the approval of counsel for the Company or the Issuer with respect to such compliance.

21. Representations and Warranties. As a condition to the exercise of an option, the Committee may require the person exercising such option to represent and warrant at the time of any such exercise that the ADSs are being purchased only for investment and without any present intention to sell or distribute such ADSs if, in the opinion of counsel for the Company or the Issuer, such a representation is required by any of the aforementioned applicable provisions of law.

22. *Term of Plan.* The Plan shall become effective upon the earlier to occur of its adoption by the Issuer Board or its approval by the shareholders of the Issuer. It shall continue in effect for a term of ten (10) years thereafter unless sooner terminated under Section 18 hereof.

23. *Shareholder Approval.* In the event that the Plan is not approved by the shareholders of the Issuer holding a majority of its outstanding ADSs and Ordinary Shares within twelve months of the adoption of the Plan by the Issuer Board, the Plan shall automatically terminate, all the ADSs purchased during any Offering Period shall be sold on the open market and all payroll deductions on behalf of Plan participants shall be returned to them, subject to any appropriate withholding.
