REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors, Participants, and Administrator of

Kforce Government Practice Plan

Tampa, Florida

We have audited the accompanying statements of net assets available for benefits of the Kforce Government Practice Plan (the Plan) as of December 31, 2007 and 2006, and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for benefits for the year ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2007 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan s management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2007 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

KFORCE GOVERNMENT PRACTICE PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

General The Kforce Government Practice Plan (the Plan) is sponsored by Kforce Government Holdings Inc. (Kforce). The Plan is a defined contribution plan covering substantially all employees of Kforce Government Solutions, Inc. (KGS) and Bradson Corporation (Bradson), except those that meet certain exceptions. The Plan's trustee is Prudential Bank & Trust FSB (Prudential or the Trustee) and the record keeper is The Prudential Insurance Company of America. The Plan was initiated on October 2, 2006.

During July 2007, the Plan was amended to include Bradson (effective October 2, 2006) and KGS (effective July 2, 2007) as related employers, to allow Kforce to make matching contributions in cash or Kforce Inc. common stock, as determined by Kforce in its sole discretion, and to allow participant withdrawals in Kforce Inc. common stock. In addition, effective July 2, 2007, participant account balances for employees, and former employees, of KGS were transferred into the Plan from the Kforce 401(k) Retirement Savings Plan. This amount is classified as Transfers Into Plan in the accompanying statement of changes in net assets available for benefits.

The following description of the Plan is provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility All employees of KGS and Bradson are eligible to participate in the Plan with the exception of the following:

Employees who are leased employees under Internal Revenue Code (the Code) Section 414(n)

Employees who are covered by a collective bargaining agreement that does not provide for participation in the Plan

Employees who are nonresident aliens with no U.S. source earned income

Individuals who are performing service as independent contractors or consultants regardless of whether they are subsequently determined to be common law employees

Employees who are not on the U.S. payroll of Kforce.

Contributions Participants may contribute up to 75% of their compensation for each year subject to the limitations provided in the Code, which was \$15,500 for those under age 50 and \$20,500 for those over age 50 for 2007. Kforce matching and other contributions are made at the discretion of the Board of Directors, in cash or Kforce Inc. common stock, in amounts not to exceed the maximum permitted as a deductible expense by the Code. Kforce contributions, if any, are funded annually to eligible participants remaining in the Plan at each year-end. Eligible participants are employees who have completed at least 1,000 hours as of the last day of the Plan year, or who have terminated employment because of death, total disability or after reaching age 55. For the year ended December 31, 2007, Kforce made matching contributions equal to 50% of each participant's deferral up to 10% of eligible compensation for all eligible participants at December 31, 2007.

All contributions to the Plan are deposited with the Trustee. Contributions are then directed at the employee's discretion into various investment options. Investment elections may be changed by the employee at any time.

Participant Accounts Each participant's account is self-directed and is credited with the participant's contributions, Kforce's matching and other contributions, and Plan earnings and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested

Edgar Filing: KFORCE INC - Form 11-K

account balance.

Rollovers All employees are eligible to make cash rollover contributions to the Plan from a previous employer's qualified retirement plan or a conduit IRA.

Vesting Participants are immediately vested in their contributions plus actual earnings thereon. Kforce contributions and earnings vest at the rate of 20% for each year of vesting service. Kforce contributions become 100% vested upon:

Normal retirement

Total disability

Death

Completion of five years of vesting service

Plan termination.

Table of Contents

In-Service Withdrawals Participants may request the following types of in-service withdrawals from the Plan during any given calendar month:

Age 59-1/2

Financial hardship

Plan Termination Although it has not expressed any intent to do so, Kforce has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and the trust shall continue until all participants' accounts have been completely distributed to each participant (or their designated beneficiary) in accordance with the Plan.

Investments Participants direct the investment of their contributions into various investment options offered by the Plan. Kforce contributions are automatically invested in the investment options selected by each participant.

Loans Participants may borrow money from their vested account balance for any reason. The maximum amount available for loans is the lesser of \$50,000 reduced by the participant's highest loan balance outstanding in the 12 months prior to the date of the loan or 50% of the participant's vested account balance. The minimum amount for a loan is \$500.

Loan repayments must have a definite repayment period not to exceed five years unless the loan is for the purchase of a principal residence, in which case the repayment period must not exceed 10 years. Participant loans, including interest thereon, are taxable to the participant upon default, as well as subject to applicable excise penalties.

The loans are collateralized by the balance in the participant's account and bear interest at a reasonable fixed rate of interest, as defined by the Plan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits Upon termination of service, a participant may elect an immediate single-sum payment. Other forms of payments are available as per the terms of the Plan. Withdrawals from the Plan shall be paid to a participant, to the extent possible, in cash or Kforce Inc. common stock, as elected by the participant.

At December 31, 2007 and 2006, there were no distribution payments that were processed and approved for payment by the Plan, but not yet paid to participants.

Forfeited Accounts Non-vested balances resulting from Kforce contributions will be forfeited upon the date the participant incurs five consecutive one-year breaks in service or receives a distribution. A one-year break in service is any year a participant works less than 500 hours. For terminated employees who receive a distribution but who are re-employed during the five consecutive years following termination, the forfeiture amount shall be restored to the participant's account if the participant pays back the full amount of the distribution within five years of the re-employment date.

Forfeited balances will be used to reduce employer matching contributions, if any, then to reduce employer non-elective contributions. For the year ended December 31, 2007, there was approximately \$11,300 in matching contributions which were made out of forfeited funds. The suspense account was maintained in the Guaranteed Income Fund at December 31, 2007 and 2006. Forfeited funds in the suspense account at December 31, 2007 and 2006 were approximately \$10,900 and \$0, respectively.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Edgar Filing: KFORCE INC - Form 11-K

Use of Estimates The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties The Plan utilizes various investment instruments, including common stock, mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Common stock is valued at quoted market prices. The units of the pooled separate accounts are stated at fair value, as determined by the issuer of the pooled separate accounts based on the fair market value of the underlying investments. The fully benefit-responsive investment contract is stated at fair value and then adjusted to contract value. The fair value of the contract, which approximates contract value at December 31, 2007 and 2006, is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Participant loans are valued based upon their outstanding loan balance.

Table of Contents

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and in the units of pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Contributions Employee contributions are recorded when eligible compensation is paid. Kforce contributions are recorded when authorized.

Payment of Benefits Benefits are recorded when paid.

Expenses of Plan Administrative expenses of the Plan are paid by Kforce.

New Accounting Pronouncement In September 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements*. This Statement defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. This Statement does not require any new fair value measurements, rather it provides guidance on how to perform fair value measurements as required or permitted under other accounting pronouncements. This Statement will be adopted by the Plan effective January 1, 2008. SFAS No. 157 is not currently expected to have a material impact on the Plan's net assets available for benefits or changes therein.

3. INVESTMENTS

The following presents the individual investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2007 and 2006:

Table of Contents**4. INVESTMENT CONTRACT WITH INSURANCE COMPANY**

The Plan has a fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company (PRIAC). PRIAC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value and then adjusted to contract value as reported to the Plan by PRIAC. At December 31, 2007 and 2006, the contract value approximated fair value; therefore, no adjustment was necessary. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value, for example, the Plan may not withdraw more than 10% of the beginning of the year balance of the contract without incurring a penalty. Plan management believes that the occurrence of events that would cause the plan to transact at less than contract value is not probable. PRIAC may not terminate the contract at any amount less than contract value.

PRIAC is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.50%. Such interest rates are reviewed on a semi-annual basis for resetting.

	Year Ended December 31, 2007	Period October 2, 2006 (date of inception) Through December 31, 2006
Average yields:		
Based on annualized earnings (1)	3.45%	3.45%
Based on interest rate credited to participants (2)	3.45%	3.45%

- (1) Computed by dividing the annualized one-day actual earnings of the contract on the last day of the plan year by the fair value of the investments on the same date.
- (2) Computed by dividing the annualized one-day earnings credited to participants on the last day of the plan year by the fair value of the investments on the same date.

5. FEDERAL INCOME TAX STATUS

The Plan used a prototype plan document sponsored by Prudential from its inception until the Plan was amended in July 2007. In connection with the amendment to the Plan on July 2, 2007 (see Note 1), the Plan was converted to a custom plan document, which was effective retroactively to October 2, 2006. Prudential received an opinion letter from the Internal Revenue Service (IRS), dated June 3, 2004, which states that the prototype document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS; however, Plan management will apply for an opinion letter prior to January 31, 2009. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include shares of mutual funds, pooled separate accounts, and an unallocated insurance contract managed by the Trustee and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan participants for the investment management services were included as a reduction of the return earned on each investment.

At December 31, 2007 and 2006, the Plan held 4,931 and 922 shares, respectively, of common stock of Kforce Inc., the parent company of the sponsoring employer.
