ANNUAL MEETING OF SHAREHOLDERS

April 28, 2009

PROXY STATEMENT

INTRODUCTION

The enclosed Proxy is solicited on behalf of the Board of Directors of the Company for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement and the enclosed Proxy will be mailed on or about March 10, 2009, to shareholders of record of the Company's Common Stock and Class B Common Stock as of the close of business on February 20, 2009.

At the Annual Meeting, holders of the Company's Common Stock, \$3.00 par value per share (Common Stock), and Class B Common Stock, \$3.00 par value per share (Class B Common Stock), will be asked to: (i) set the number of directors at six and elect six individuals to the Board of Directors for a term of one year each, (ii) ratify the appointment of Ernst & Young LLP to serve as independent registered public accountants of the company for 2009, and (iii) transact any other business that may properly come before the meeting.

The Board of Directors recommends that the Company's shareholders vote (i) FOR setting the number of directors at six (6) and electing the six (6) nominees for director; and (ii) FOR ratifying the appointment of Ernst & Young LLP to serve as independent registered public accountants of the Company for 2009.

RECORD DATE, VOTE REQUIRED AND RELATED MATTERS

The Board has fixed the close of business on February 20, 2009, as the Record Date for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting. Each outstanding share of Common Stock is entitled to one vote, and each outstanding share of Class B Common Stock is entitled to 20 votes, exercisable in person or by properly executed Proxy, on each matter brought before the Annual Meeting. Cumulative voting is not permitted. As of February 20, 2009, 11,743,328 shares of Common Stock, representing 11,743,328 votes, were held of record by approximately 2,850 shareholders (including an estimated 2,350 shareholders whose shares are held in nominee names, but excluding 660 participants in the Company's 401(k) Plan who may direct the voting of shares allocated to their accounts), and 862,915 shares of Class B Common Stock, representing 17,258,300 votes, were held by 15 individual shareholders, together representing an aggregate of 29,001,628 votes.

Shares represented at the Annual Meeting by properly executed Proxy will be voted in accordance with the instructions indicated therein unless such Proxy has previously been revoked. If no instructions are indicated, such shares will be voted (i) **FOR** setting the number of directors at six (6) and electing the six (6) nominees for director; and (ii) **FOR** ratifying the appointment of Ernst & Young LLP to serve as independent registered public accountants of the Company for 2009.

Any Proxy given pursuant to this solicitation may be revoked at any time by the shareholder giving it by delivering to the Secretary of the Company a written notice of revocation bearing a later date than the Proxy, by submitting a later-dated, properly executed Proxy, or by revoking the Proxy and voting in person at the Annual Meeting. Attendance at the Annual Meeting will not, in and of itself, constitute a revocation of a Proxy. Any written notice revoking a Proxy should be sent to The Dixie Group, Inc., P.O. Box 25107, Chattanooga, Tennessee 37422-5107, Attention: Starr T. Klein, Secretary.

The persons designated as proxies were selected by the Board of Directors and are Daniel K. Frierson, J. Don Brock and John W. Murrey, III. The cost of solicitation of Proxies will be borne by the Company.

The presence, in person or by Proxy, of the holders of a majority of the aggregate outstanding vote of Common Stock and Class B Common Stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. In accordance with Tennessee law, Directors are elected by the affirmative vote of a plurality of the votes cast that are represented in person or by Proxy at the Annual Meeting.

Ratification of the appointment of Ernst & Young LLP to serve as independent registered public accountants of the Company for 2009 will be approved if the votes properly cast favoring ratification exceed the votes cast opposing ratification.

Shares covered by abstentions and broker non-votes, while counted for purposes of determining the presence of a quorum at the Annual Meeting, are not considered to be affirmative or negative votes. Therefore, abstentions and broker non-votes will have no effect upon the election of a nominee for director, so long as such nominee receives any affirmative votes. For purposes of ratification of the appointment of Ernst & Young LLP, as independent registered public accountants, abstentions and broker non-votes will not be considered negative votes.

A copy of the Company's Annual Report for the year ended December 27, 2008, is enclosed herewith.

The Board is not aware of any other matter to be brought before the Annual Meeting for a vote of shareholders. If, however, other matters are properly presented, Proxies representing shares of Common Stock and Class B Common Stock will be voted in accordance with the best judgment of the proxyholders.

As described in detail below, pursuant to provisions in their respective charters, the Company's Audit Committee performs the functions of a nominating committee, and the Company's Compensation Committee performs the functions of a corporate governance committee.

Members of the Executive Committee are Daniel K. Frierson, Chairman, J. Don Brock and Lowry F. Kline. Except as otherwise limited by law or by resolution of the Board of Directors, the Committee has and may exercise all of the powers and authority of the Board of Directors for the management of the business and affairs of the Company, which power the Committee exercises between the meetings of the full Board of Directors. The Executive Committee met once in 2008.

Members of the Audit Committee are John W. Murrey, III, Chairman, J. Don Brock, Walter W. Hubbard, and Lowry F. Kline. All of the members of the Audit Committee are independent directors as that term is defined by the applicable rule of the National Association of Securities Dealers, Inc. (NASD). The Audit Committee evaluates audit performance, handles relations with the Company's independent auditors, and evaluates policies and procedures relating to internal accounting functions and controls. The Committee has the authority to engage the independent accountants for the Company. The Audit Committee operates pursuant to an Audit Committee Charter adopted by the Board of Directors. The Audit Committee has implemented pre-approval policies and procedures related to the provision of audit and non-audit services performed by the

independent auditors. Under these procedures, the Committee approves the type of services to be provided and the estimated fees related to those services. The Committee's Charter also includes the duties of a nominating committee. The Board selects director nominees from persons approved and recommended by a majority of the members of the Audit Committee. Only nominees approved by a majority of the committee are recommended to the full Board. In selecting and approving director nominees, the independent directors consider, among other factors, the existing composition of the Board and the mix of Board members appropriate for the perceived needs of the Company. The Committee believes continuity in leadership and board tenure increase the Board's ability to exercise meaningful board oversight. Because qualified incumbent directors provide stockholders the benefit of continuity of leadership and seasoned judgment gained through experience as a director of the Company, the committee will generally consider as potential candidates those incumbent directors interested in standing for re-election who have satisfied director performance expectations, including regular attendance at, preparation for and meaningful participation in Board and committee meetings.

The Committee also considers the following in selecting the proposed nominee slate:

at all times, at least a majority of directors must be independent in the opinion of the Board as determined in accordance with Nasdaq standards;

at all times at least three members of the Board must satisfy heightened standards of independence for Audit Committee members; and

at all times the Board should have at least one member who satisfies the criteria to be designated by the Board as an audit committee financial expert.

The Audit Committee met four (4) times in 2008.

Members of the Retirement Plans Committee are Daniel K. Frierson, Chairman, and Paul K. Frierson. The Retirement Plans Committee administers the Company's retirement plans. The committee met two (2) times in 2008.

Members of the Compensation Committee are Lowry F. Kline, Chairman, Walter W. Hubbard, and John W. Murrey, III. The Compensation Committee administers the Company's compensation plans, reviews and may establish the compensation of the Company's officers, and makes recommendations to the Board of Directors concerning such compensation and related matters. The Committee acts pursuant to a written Charter adopted by the Board of Directors.

The Committee may request recommendations from the Company's management concerning the types and levels of compensation to be paid to the Company's executive officers. Additionally, the Committee is authorized to engage compensation consultants and may review and consider information and recommendations of compensation consultants otherwise engaged by the Company or the Board of Directors in connection with the assessment, review and structuring of compensation plans and compensation levels. For a description of the Committee actions with respect to Compensation of Executive Officers in 2008, see *Compensation Discussion and Analysis Compensation for 2008*.

Annually, the Compensation Committee reviews the performance of the Chief Executive Officer against the Company's goals and objectives as part of the process of determining his compensation level. The Committee will report to the Board on its performance review.

In addition to its responsibilities with respect to executive and director compensation, the Committee discharges the responsibilities with respect to corporate governance. In that capacity, the Committee develops, recommends for board approval, corporate governance guidelines.

The Compensation Committee met four (4) times in 2008.

Nominations for Director Stockholder Recommendations

Generally, the Board will consider stockholder recommendations of proposed director nominees if such recommendations are serious and timely received. To be timely for next year's annual meeting, recommendations must be received in writing at the principal executive offices of the Company no later than November 20, 2009. In addition, any stockholder director nominee recommendation must include the following information:

the proposed nominee's name and qualifications and the reason for such recommendation;

the name and record address of the stockholder(s) proposing such nominee;

the number of shares of stock of the Company which are beneficially owned by such stockholder(s); and

a description of any financial or other relationship between the stockholder(s) and such nominee or between the nominee and the Company or any of its subsidiaries.

In order to be considered by the Board, any candidate proposed by one or more stockholders will be required to submit appropriate biographical and other information equivalent to that required of all other director candidates.

Director Attendance

During 2008, no director attended fewer than 75% of the total number of meetings of the Board of Directors and any Committee of the Board of Directors on which he served. All directors are invited and encouraged to attend the annual meeting of shareholders. In general, all directors attend the annual meeting of shareholders unless they are unable to do so due to unavoidable commitments or intervening events. All six (6) incumbent directors attended the 2007 annual meeting of shareholders.

Director Compensation

Directors who are employees of the Company do not receive any additional compensation for their services as members of the Board of Directors. Non-employee directors receive an annual retainer of \$12,000 cash and \$12,000 in value of Performance Units under the Directors Stock Plan. In addition to the annual retainer, directors who are not employees of the Company receive \$1,500 for each Board meeting attended and \$1,000 for each committee meeting attended (\$1,500 for the Committee Chairman). Fees for attending telephonic meetings are one-half those for in-person meetings, such that each non-employee director receives \$750 per telephonic board meeting and \$500 per committee meeting (\$750 for the Chairman of the Committee). For an additional discussion of Director Compensation, see the tabular information below under the heading, Director Compensation.

Executive Sessions of the Independent Directors

The Company's independent directors meet in executive session at each regularly scheduled quarterly meeting of the Board, with the chair of the Compensation Committee serving as chair of such executive sessions.

Limit on Number of Board Memberships

While the Company recognizes that its Board members benefit from service on the board of other companies and such service is encouraged, the Board believes it is critical that directors be able to dedicate sufficient time to their service on the Company's board. To that end, the Company's directors shall serve on no more than three public company boards in addition to the Company's board.

Directors Who Change Their Present Job Responsibility

Individual directors who retire or otherwise change significantly the principal position they held when they were elected to the Board must tender in writing an offer of resignation from the Board as of the date of retirement or change in position. The Board does not believe that a director in this circumstance should necessarily be required to leave the Board. There should, however, be an opportunity for the independent directors to review each situation based on the individual circumstances and needs of the Board and to make a recommendation to the Board as to whether the offer of resignation should be accepted.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, and regulations of the Securities and Exchange Commission (SEC) thereunder, require the Company's executive officers and directors and persons who beneficially own more than 10% of the Company's Common Stock, as well as certain affiliates of such persons, to file initial reports of such ownership and monthly transaction reports covering any changes in such ownership with the SEC and the National Association of Securities Dealers. Executive officers, directors and persons owning more than 10% of the Company's Common Stock are required by SEC regulations to furnish the Company with all such reports they file. Based on its review of the copies of such reports received by it, the Company believes that, during fiscal year 2008, all filing requirements applicable to its executive officers, directors, and owners of more than 10% of the Company's Common Stock were complied with.

Management Succession

At least annually, the Board reviews a succession plan, developed by management, addressing the policies and principles for selecting a successor to the CEO. The succession plan includes an assessment of the experience, performance and skills believed to be desirable for possible successors to the CEO.

Certain Transactions Between the Company and Directors and Officers

The Company's Audit Committee has adopted written policies and procedures concerning the review, approval or ratification of all transactions required to be disclosed under the SEC's Regulation S-K, Rule 404. These policies and procedures cover all related party transactions required to be disclosed under the SEC's rules as well as all material conflict of interest transactions as defined by relevant state law and the rules and regulations of NASDAQ that are applicable to the Company, and require that all such transactions be identified

by management and disclosed to the Company's Audit Committee for review. If required and appropriate under the circumstances, the Audit Committee will consider such transactions for approval or ratification. Full disclosure of the material terms of any such transaction must be made to the Committee, including:

the parties to the transaction and their relationship to the Company, its directors and officers;

the terms of the transaction, including all proposed periodic payments; and

the direct or indirect interest of any related parties or any director, officer or associate in the transaction.

To be approved or ratified, the Committee must find any such transaction to be fair to the Company. Prior approval of such transactions must be obtained generally, if they are material to the Company. If such transactions are immaterial, such transactions may be ratified and prior approval is not required. Ordinary employment transactions may be ratified.

D. Kennedy Frierson, Jr., the son of Daniel K. Frierson, the Company's Chief Executive Officer and Chairman of the Board, and the nephew of director Paul K. Frierson, is employed as President of Masland Residential and is a Vice President of the Company. Mr. Frierson received an annual base salary of \$230,000 in 2008. No cash incentive award or restricted stock award was made to Mr. Frierson for results of 2008. Mr. Frierson will participate in the Company's incentive compensation program established for 2009. Under the terms of the Plan for 2009, Mr. Frierson will have the opportunity to earn a Cash Incentive Award, a Long-Term Incentive Award, and Career Shares.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors is composed of four members, each of whom is an independent, non-employee director. The Audit Committee operates under a written Audit Committee Charter adopted and approved by the Board of Directors. The Charter is reviewed at least annually by the Committee. While the Committee has the responsibilities and powers set forth in its written charter, it is not the duty of the Committee to plan or conduct audits. This function is conducted by the Company's management and its independent registered public accountants.

The Committee has reviewed and discussed with management the audited financial statements of the Company for the year ended December 27, 2008 (the Audited Financial Statements). In addition, the Committee has discussed with Ernst & Young LLP the matters required by Statement on Auditing Standards No. 61.

The Committee also has received the written report, disclosure and the letter from Ernst & Young LLP required by PCAOB Rule 3526, Communication with Audit Committees concerning Independence, and the Committee has reviewed, evaluated, and discussed with that firm the written report and its independence from the Company. The Committee also has discussed with management of the Company and Ernst & Young LLP such other matters and received such assurances from them as the Committee deemed appropriate.

Based on the foregoing review and discussions and relying thereon, the Committee has recommended to the Company's Board of Directors the inclusion of the Company's Audited Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 27, 2008, to be filed with the Securities and Exchange Commission.

For a brief list of Mr. Murrey's relevant experience, please refer to Mr. Murrey's biographical information as set forth in the Election of Directors section of this proxy statement.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee of the board of directors sets compensation for the Company's executive officers. Decisions made by the committee are reported to and reviewed by the board of directors. The Compensation Committee currently consists of three independent directors chosen annually by the board.

Compensation of the Company's executive officers is competitive with compensation offered by other companies generally similar to the Company in size and lines of business. In determining what types and levels of compensation to offer, the Company reviews publicly available data and, from time to time, receives advice and information from professional compensation consultants.

The Elements of Executive Officer Compensation

Compensation for each of the Company's executive officers consists generally of the following elements: base salary; annual cash incentives; stock plan awards; retirement plan benefits and other benefits. Compensation is intended to be competitive and in the median range of compensation for comparable companies. The Company's compensation plans are structured so that a significant portion of each executive's compensation may consist of equity awards designed to align the interests of the Company's executive officers with the interests of the Company's shareholders.

For 2008, each executive officer's compensation consisted of base salary and the opportunity to earn both a cash incentive award and awards of restricted stock. Each executive officer also received customary retirement and other benefits. The Compensation Committee determined the range of potential cash and equity incentive awards that could be earned for each executive officer, as well as the performance criteria for determining the amount that could be earned, and the form in which any earned awards would be paid. Additionally, the Committee established individual performance goals for each executive officer; as described below, the Committee retained the discretion to reduce any awards otherwise earned, based on failure to meet such individual goals.

Base Salary. Base salary levels depend on a variety of factors, including qualifications and experience, duties and responsibilities, and the competitive market for executive talent.

Cash Incentive Awards. Potential cash incentive awards were designed to be a percentage of each executive's base salary as of the beginning of the year. For executive officers whose responsibilities are primarily related to the operations of one or more business units, the cash incentive award component provided each participant with the opportunity to earn a cash payment ranging from 10% to 75% of such participant's base salary with 70% of the award based on achievement of certain levels of earnings before interest and taxes from continuing operations (EBIT) for their business unit, 22.5% based on achievement of certain levels of EBIT by the Company's other three business units, and 7.5% based on achievement of certain levels of EBIT by the Company.

For the Chief Executive Officer and all executive officers whose responsibilities are primarily related to corporate-level administration, the cash incentive award component provided each participant with the opportunity to earn a cash payment ranging from 10% to 75% of such participant's base salary as of the beginning of the year with 70% of the award based on achievement of certain levels of EBIT by the Company's business units and 30% based on the achievement of certain levels of EBIT by the Company.

The Committee retained the right to reduce the amount of any award by up to 30% of the amount otherwise earned based on the failure of a participant to achieve individual performance goals set by the Committee.

Although other possible measures of performance were considered, corporate and business unit EBIT was used as the primary measure of performance because the Committee believed that EBIT provided a highly relevant measure of performance that could be applied to each of the Company's business units and to the Company as a whole.

For 2008, no cash incentive award was made to any Named Executive Officer.

Primary Long-Term Incentive Share Awards and Career Shares.

The 2008 Incentive Plan provided for two possible awards of restricted stock: Primary Long-Term Incentive Share Awards and Career Shares.

The Primary Long-Term Incentive Share Award was designed as a possible award of restricted shares to each executive officer, in value equal to 35% of the executive's base salary as of the beginning of the year plus any cash incentive award paid for such year. Career Shares were designed as a possible award of restricted stock valued at 20% of each executive officer's base salary as of the beginning of the year. If earned, the number of shares issued were to be based on the average of the high and low market price of the Company's Common Stock on the date of grant of the award.

If awarded, primary Long-Term Incentive Share Awards vest pro rata over 3 years. Similarly, Career Share Awards would vest when the participant becomes (i) qualified to retire from the Company and (ii) has retained the Career Shares for 24 months following the grant date. Both types of awards are subject to accelerated vesting or forfeiture as described below.

Special Conditions

Grant of the Primary Long-Term Incentive Share and Career Share Awards was made contingent on the Company's achieving a positive income from continuing operations. No award of Primary Long-Term Incentive Shares or Career Shares was made for 2008.

Retirement Plans and Other Benefits. The Company's compensation for its executive officers also includes the opportunity to participate in two retirement plans, one qualified and one non-qualified for federal tax purposes, and certain health insurance, life insurance, relocation allowances, and other benefits. Such benefits are designed to be similar to the benefits available to other exempt, salaried associates of the Company, and to be comparable to and competitive with benefits offered by businesses with which the Company competes for executive talent.

Executive officers may elect to contribute a limited amount of their compensation to the qualified plan and make deferrals into the non-qualified plan (up to 90% of total compensation). Such officers may receive contributions from the Company into the two plans in an aggregate amount equal to up to 3% of their cash compensation. Participants may receive additional contributions from the Company based primarily on the Company's return on equity.

Compensation for 2008. In setting compensation of the executive officers named in the accompanying compensation tables for 2008, the Committee considered publicly available information concerning competitive compensation levels and compensation trends, as well as general and industry-specific economic trends. The Committee also received recommendations from management concerning the levels and elements of compensation.

The Committee did not make any adjustment to the level of direct cash compensation offered to the Company's executive officers named in the accompanying compensation tables for 2008. In reaching its decision, the Committee considered that the compensation of the Company's executive officers remains at or near the median of such compensation for the Company's competitors.

The tax effect of possible forms of compensation on the Company and on the executive officers may be a factor used by the Committee to determine types of compensation. Similarly, the accounting treatment accorded various types of compensation may be an important factor used to determine the form of compensation.

2007-2011 Incentive Compensation Plan. In March 2006, the Compensation Committee approved the 2007-2011 Incentive Compensation Plan, pursuant to which annual incentive compensation awards may be made to key executives (including the executive officers named in the accompanying compensation tables) of the Company based on results achieved by the Company. The material terms of the performance goals of the plan were approved by the Company's shareholders at the 2006 Annual Meeting. Awards granted under the Plan may be treated as performance-based compensation under relevant Internal Revenue Code regulations and may allow the Company to take a federal income tax deduction for the related compensation expense if such awards are based on one or more of the approved performance goals.

The plan is administered by the Compensation Committee which will determine the type, range of potential awards and performance criteria for determining awards.

Both cash incentive awards and stock based incentive awards may be made under the plan. The annual performance goals will include one or more of the following criteria determined annually in the discretion of the Committee: minimum annual levels of profitability; corporate and/or business unit EBIT levels, total shareholder return, return on capital; return on equity; pre-tax earnings; after-tax earnings, earnings growth, operating income; operating profit; earnings per share and return on investment or working capital, any one or more of which criteria may be measured with respect to the Company or any one or more of its subsidiaries or business units.

At its March 2009 meeting, the Committee approved the Incentive Compensation Plan for 2009. The cash incentive award that may be earned under the plan can not exceed 75% of the participant's base salary, and will be awarded for 2009, at the discretion of the Compensation Committee. Factors upon which the potential award of Career Shares and Long Term Incentive Plan shares will be based will be established by the Committee before the end of the first quarter of 2009.

Termination Benefits. As discussed above under Special Conditions to Awards, the Company's restricted stock awards provide for acceleration of vesting of awards under certain circumstances upon termination of the participants.

Upon retirement of the Participant, all Long-Term Incentive Plan and Career Share restricted stock awards made under the 2006 incentive compensation plan vest to the extent such awards have been expensed in the Company's financial statements. As of year end, Messers Frierson, Harmon, and Polley were eligible for retirement in accordance with the terms of the restricted stock awards. If such persons had retired at year end, the number of shares subject to such awards that would have vested and the value of such shares would have been: Frierson 19,013 shares (\$29,280); Harmon 8,049 shares (\$12,395), and Polley 8,682 shares (\$13,370). For purposes of valuing the foregoing awards, the Company used the year-end market value of the Company's Common Stock of \$1.54/share. Vesting of the restricted stock award made in 2006 to Mr. Frierson of 119,873 shares of Class B Common Stock and 5,127 shares of Common Stock is contingent, in all events other than a change-in-control, on meeting the market condition of the award prior to June 6, 2011.

No termination benefit was paid to or accrued for any executive officer named in the accompanying tables in the fiscal year ended December 27, 2008.

Extended Term for Certain Stock Options

On December 12, 2008, the Compensation Committee extended the term of certain options granted in 2004 and 2005 under the Company's 2000 Stock Incentive Plan, so that the affected options would be exercisable for a term equal to ten years from the date of initial grant. All such options had exercise prices that were substantially in excess of the market price for the Common Stock underlying the options as of the date of the Committee's action, and had been initially granted with exercise terms shorter than the ten-year period permitted under the Plan. The Committee took this action in recognition of the fact that no equity awards would be made for 2008 under the Company's Incentive Compensation Plan, and in order to permit the modified options to serve as a continuing incentive for the affected option holders. As a consequence, the Company recognized additional compensation expense with respect to such affected options in an amount equal to the incremental fair value of the awards, as of the date of modification of the options, determined in accordance with FAS 123R. The additional compensation expense recognized with respect to each executive officer named in the accompanying tables holding options affected by the Committee action, is as follows: Daniel K. Frierson \$7,190; Gary A. Harmon \$2,004; Kenneth L. Dempsey \$2,525; Craig S. Lapeere \$1,290; and David E. Polley \$2,085. The additional compensation expense recognized with respect to each non-employee director named in the accompanying tables holding options affected by the Committee action is as follows: J. Don Brock \$210; Lowry F. Kline \$210; and John W. Murrey, III \$210.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis, set forth above, with management.

Based on our review and the discussions we held with management, we have recommended to the board of directors that the Compensation Discussion and Analysis be included in the Company's Proxy Materials.

Respectfully submitted,

Lowry F. Kline, Chairman

John W. Murrey, III
