- .. Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

**Item 1.01. Entry into a Material Definitive Agreement.**

On December 10, 2009, Atmos Energy Marketing, LLC ( "AEM" ), a Delaware limited liability company, which is wholly-owned by Atmos Energy Holdings, Inc., a Delaware corporation and a wholly-owned subsidiary of Atmos Energy Corporation, entered into the Fourth Amended and Restated Credit Agreement, by and among AEM, BNP Paribas, a bank organized under the laws of France, as administrative agent, collateral agent, as an issuing bank and as a bank, Fortis Bank SA/NV, New York Branch, a bank organized under the laws of Belgium, as documentation agent, as an issuing bank and as a bank, Société Générale, as syndication agent, as an issuing bank and as a bank, and a syndicate of nine additional banks identified therein.

The Fourth Amended and Restated Credit Agreement ( "Credit Agreement" ) represents an amendment and restatement of AEM's original credit agreement dated December 1, 2001, as amended and restated (which was last amended November 3, 2009), primarily to: (i) extend the term of the facility for an additional 12 months to December 9, 2010; (ii) increase the dollar threshold from \$50 million to \$100 million, for which AEM may use the facility for physical and financial trades within the lender group without a requirement for a letter of credit; (iii) reduce the commitment fee from 50 basis points to 45 basis points; (iv) add Natixis, acting through its New York branch as an issuing bank for letters of credit, and (v) revise the change of management clause to allow greater flexibility with leadership decisions at AEM. The Credit Facility contains provisions that permit participating banks, or their affiliates, to engage in transactions with AEM involving the sale, purchase or exchange of physical commodities pursuant to contracts executed by each of such banks or their affiliates, and permit such banks or their affiliates to use collateral provided by AEM under such contracts to offset obligations of AEM as well as the banks or their affiliates participating in such transactions are set forth in the Second Amended and Restated Intercreditor Agreement dated December 10, 2009.

The credit facility will continue to be used to provide loans to AEM and issue letters of credit for the account of AEM, primarily in order to continue to provide working capital for its natural gas marketing business. At AEM's option, borrowings made under the credit facility will be based on a base rate or an offshore rate, in each case plus an applicable margin. The base rate will be a floating rate equal to the higher of: (a) 0.50% per annum above the latest federal funds rate; (b) the per annum rate of interest established by BNP Paribas from time to time as its prime rate or base rate for U.S. dollar loans; (c) an offshore rate (based on LIBOR with a three-month interest period) as in effect from time to time, and (d) the cost of funds rate, which is the cost of funds as reasonably determined by administrative agent plus 0.50%. The offshore rate will be a floating rate equal to the higher of (a) an offshore rate based upon LIBOR for the applicable interest period, or (b) a cost of funds rate referred to above. In the case of both base rate and offshore rate loans, the applicable margin will range from 2.250% to 2.625% per annum, depending on the excess tangible net worth of AEM, as defined in the credit facility.

Based on current conditions, base rate loans would bear interest at 5.50% per annum (3.25% base rate + 2.25% margin). Based on the current LIBOR rate for a seven-day period, offshore rate loans would bear interest at 3.00% per annum (0.75% cost of funds rate + 2.25% margin). Loans made as a result of drawings under letters of credit issued by the banks will bear interest at the base rate plus an applicable margin ranging from 2.250% to 2.875% per annum, depending on the excess tangible net worth of AEM and whether the letters of credit are swap-related.

The credit facility will expire 364 days from its effective date, at which time all amounts outstanding under the facility will be due and payable, except for any letters of credit outstanding at that date, all of which will be due no later than December 4, 2011. The credit facility contains usual and customary covenants for transactions of this type, including covenants limiting liens, additional indebtedness and mergers. AEM will be required not to exceed a maximum ratio of total liabilities to tangible net worth of 5.00 to 1.00, along with maintaining minimum levels of net working capital and net worth ranging from \$75,000,000 to \$112,500,000, as all such terms are defined in the credit facility, depending on the total amount of borrowing elected from time to time by AEM. The credit facility is secured by substantially all of the assets of AEM and is guaranteed by its parent company, Atmos Energy Holdings, Inc.

In the event of a default by AEM under the credit facility, including cross-defaults relating to specified other indebtedness of AEM having a principal amount of more than \$250,000 in the aggregate, the administrative agent may, and shall upon the request of a certain minimum number of the banks, terminate the obligations of the banks to make loans or issue letters of credit under the credit facility, declare the amount outstanding payable immediately, including all accrued interest and unpaid fees, and enforce any and all rights and interests created and existing under the credit facility documents, including, without limitation, all rights of set-off and all other rights available under the law.

With respect to the other parties to the credit facility, AEM has or may have had customary banking relationships based on the provision of a variety of financial services, including the purchase and sale of financial instruments traded on various commodity exchanges, none of which are material individually or in the aggregate with respect to any individual party, other than BNP Paribas, which relationship is material to AEM. These financial instruments include, but are not limited to, NYMEX futures and over-the-counter natural gas hedges. In addition, AEM or its affiliates have or may have purchased natural gas on an arm's-length basis based upon market prices from one or more affiliates of the other parties to the credit facility. Copies of the Credit Agreement and the Intercreditor Agreement are attached hereto as Exhibit 10.1 and 10.2, respectively, each of which is incorporated by reference. The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the Credit Agreement and the Intercreditor Agreement.

**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

The information described in Item 1.01 above is hereby incorporated herein by reference.

**Item 9.01 Financial Statements and Exhibits.**

(d) Exhibits.

- 10.1 Fourth Amended and Restated Credit Agreement, dated as of December 10, 2009, among Atmos Energy Marketing, LLC, a Delaware limited liability company, BNP Paribas, a bank organized under the laws of France, as administrative agent, collateral agent, as an issuing bank and as a bank, Fortis Bank SA/NV, New York Branch, a bank organized under the laws of Belgium, as documentation agent, as an issuing bank and as a bank, Société Générale, as syndication agent, as an issuing bank and as a bank and the other financial institutions which may become parties thereto
