Opinion of TELINT's Board of Directors: As disclosed by TELINT on March 19, 2010, its Board of Directors, taking into consideration the independent expert opinion of Merrill Lynch, Pierce, Fenner & Smith Incorporated or its affiliates (Merrill Lynch), who was engaged by TELINT's Board of Directors, and the opinion of TELINT's Audit and Corporate Governance Committee, determined that the exchange ratio and the Purchase Price determined for purposes of the Offer are fair and reasonable from a financial perspective. For additional information, see Section 17 of this Information Memorandum.

Opinion of TELINT's Independent Expert Advisor: As disclosed by TELINT on March 19, 2010, TELINT's Audit and Corporate Governance Committee confirmed Merrill Lynch's appointment as independent expert engaged by TELINT's Board of Directors for purposes of the issuance of an opinion as to the financial fairness of the exchange ratio and the Purchase Price proposed in connection with the Offer. Based upon the facts disclosed thereto, and the other considerations described in its opinion, a copy of which is attached hereto as Exhibit 23(b), Merrill Lynch advised TELINT's Board of Directors that the exchange ratio and the Purchase Price offered to TELINT's shareholders are reasonable from a financial perspective. Recipients of this Information Memorandum are advised to review Exhibit 23(b) hereto to fully understand such opinion, including the facts upon which it is based and any qualifications thereto.

Opinion of AMX's Financial Advisor, and Independent Expert for Mexican law purposes: On January 13, 2010, AMX's Board of Directors issued a favorable opinion with respect to the commencement of the Offer by AMX, and resolved, among other things, to authorize AMX to retain a financial advisor as independent expert for purposes of the Offer (and also to act as independent expert for purposes of, and in accordance with, Mexican law). On February 9, 2010, AMX's Audit and Corporate Governance Committee issued a favorable opinion with respect to the commencement of the Offer by AMX. Likewise, it resolved, among other things, to ratify the appointment of Credit Suisse Securities (USA) LLC (Credit Suisse). Said appointment was approved by AMX's Board of Directors on January 13, 2010. In connection with the Offer, Credit Suisse was requested (in its capacity as independent expert advisor engaged by AMX's Board of Directors, in accordance with, and for purposes of, Mexican law) to issue for the information of AMX's Board of Directors its opinion, from a financial perspective, as to the financial fairness of the consideration, in cash or in AMX Shares, offered by AMX to TELINT's shareholders in connection with the Offer. On March 9, 2010, Credit Suisse issued its opinion to AMX Board of Directors, stating that, as of the date thereto and, based upon the facts disclosed therein, and on other considerations included therein, a copy of which is attached hereto as Exhibit 23(a), the consideration, in cash or in AMX Shares offered to TELINT's shareholders is reasonable from a financial perspective to AMX. The opinion was issued solely for the information of AMX's Board of Directors for purposes of evaluating the Offer from a financial perspective and not for the benefit of shareholders and is subject to several presumptions, qualifications, limitations and considerations. The opinion does not deal in any way with other aspects of the Offer, and does not purport to be a recommendation, and shall not be understood as a recommendation to the shareholders in connection with their participation in the Offer or any other matter.

Cancellation of Registration: Assuming that TELINT's shareholders will elect to tender their shares in connection with the Offer, AMX intends to purchase up to 100% (one hundred percent) of the TELINT Shares and may file a petition to cancel the registration of such shares with Mexico's National Securities Registry (*RNV Nacional de Valores*) (RNV) and their registration for trading on the Mexican Stock Exchange (*Bolsa Mexicana de Valores, S.A.B. de C.V.*) (BMV), subject to the consent of at least 95% (ninety five percent) of TELINT's shareholders.

Edgar Filing: Telmex Internacional, S.A.B. de C.V. - Form 425

Contingent upon the outcome of the Offer, following the consummation thereof and subject to the satisfaction of all the conditions set forth in the applicable laws to ensure the protection of the public's interests, and the approval of the requisite corporate actions, AMX intends to file with the CNBV a petition to cancel the registration of the TELINT Shares with the RNV and the BMV, so that such shares will no longer trade therein.

Tax Considerations: The sale of the TELINT Shares to AMX, and the concurrent subscription of the Series L shares of stock of AMX, are subject to the provisions contained in Articles 60, 109(XXVI) and 190 of Mexico's Income Tax Law and other applicable tax laws. The summary of tax considerations included in this Information Memorandum does not purport to contain a complete or detailed description of the Mexican tax provisions applicable to TELINT's shareholders. In addition, such summary may not be applicable to certain shareholders in light of their particular circumstances. Accordingly, TELINT's shareholders are advised to consult with their own independent tax experts as to the tax consequences associated with their participation in the Offer, including those arising as a result of their particular circumstances.

Prospective Participants: The Offer is extensive to all holders of TELINT's Series A and Series L shares as of the last day of the Offering Period.

The Series L shares of stock of AMX subscribed in connection with the Offer may be purchased in the secondary market through the BMV by any Mexican or non-Mexican individual or entity.

S. Is there any agreement regarding the participation of TELINT's former controlling shareholders in the Offer?

AMX did not enter into any arrangement or agreement with any other buyer or any shareholder or director of TELINT prior to the announcement of the Offer.

Notwithstanding the above, the beneficiaries of approximately 60.71% (sixty point seventy one percent) of the TELINT Shares, have indicated that they intend to participate in the Offer. In addition, on March 19, 2010, TELECOM's Board of Directors resolved that TELECOM will not participate in the purchase and subscription offer extended to TELINT's shareholders by AMX. Based upon Merrill Lynch's opinion as independent expert advisor engaged by TELINT's Board of Directors, and the opinion of TELINT's Audit and Corporate Practices Committee, both to the effect that the exchange ratio and the Purchase Price offered by AMX in connection with the Offer are justified from a financial perspective and, accordingly, are fair to TELINT's shareholders, TELINT's Board of Directors determined that such financial ratio and Purchase Price are reasonable.

In addition, all members of TELINT's Board of Directors holding TELINT Shares, have informed AMX that they and their related parties intend to participate in the Offer in the terms proposed by AMX, assuming that the economic situation and market conditions remain stable. TELINT's Chief Executive Officer, Mr. Oscan Von Hauske, does not hold any TELINT Shares.

Among other things, the Offer is conditioned upon the successful acquisition by AMX of at least 51% (fifty one percent) of the shares of stock of TELECOM in connection with the TELECOM Offer; provided, that AMX will only invoke such condition upon TELECOM's shareholders becoming subject to any regulatory or other restriction precluding their participation in the Offer; and provided, further, that the satisfaction of such condition will not be subject to the sole discretion of TELECOM's shareholders. In addition, the TELECOM Offer is conditioned upon the absence of any legal or other restriction precluding TELINT's shareholders' ability to participate in the TELECOM Offer. In the event that the conditions set forth in this Information Memorandum are not met and/or waived by AMX, the Offer shall have no legal effect whatsoever.

BB. Will TELINT remain a public company following the consummation of the Offer?

Assuming that TELINT's shareholders will elect to tender their shares in connection with the Offer, AMX intends purchase up to 100% (one hundred percent) of the TELINT Shares and may file a petition to cancel the registration of such shares with the RNV and the BMV, subject to the consent of at least 95% (ninety five percent) of TELINT's shareholders. In addition, all members of TELINT's Board of Directors holding TELINT Shares, have informed AMX that they and their related parties intend to participate in the Offer in the terms proposed by AMX, assuming that the economic situation and market conditions remain stable. GG. What will I receive in exchange for my TELINT Shares?

KK. What consequences will I suffer if I forget or decide not to participate in the Offer, or if my Custodian does not transfer my TELINT Shares to the Global Account prior to the Expiration Date?

You will retain your TELINT Shares. The market for the TELINT Shares not tendered in connection with the Offer may be less liquid than the market for such shares prior to the Offer, and the market value of such shares could be significantly lower than their value prior to the Expiration Date, particularly if the TELECOM Shares are effectively cancelled with the RNV and delisted from the BMV.

LL. What are the tax implications of the sale of my TELINT Shares in connection with the Offer?

The sale of the TELINT shares to AMX and the concurrent subscription of the Series L shares of stock of AMX, are subject to the provisions contained in Articles 60, 109(XXVI) and 190 of Mexico's Income Tax Law and other applicable tax laws. 4. RELATIONSHIP BETWEEN AMX AND THE ISSUER

AMX was organized in September 2000, as a result of a spin-off of TELMEX.

According to TELINT's Annual Report, the Issuer was also organized as a result of a spin-off of TELMEX on December 26, 2007.

In the normal course of business, AMX enters into a number of contractual relationships with TELMEX, TELINT and their respective subsidiaries, including some foreign subsidiaries.

According to the beneficial ownership reports filed with the SEC, TELINT and AMX may for certain purposes be deemed to have certain common directors.

According to TELINT's Annual Report, through its subsidiaries in Brazil, Colombia, Argentina, Chile, Peru and Ecuador, TELINT provides a wide range of telecommunications services, including voice, data and video transmission, Internet access and integrated telecommunications solutions; pay cable and satellite television; and print and Internet-based yellow pages directories in Mexico, the United States, Argentina and Peru.

Given that AMX and TELINT provide telecommunication services in some of the same regions, they maintain close business relations with each other. These relations include network interconnections, facility sharing arrangements, private circuit usage, the provision of long-distance services to AMX's subscribers, and the provision of various services to AMX. These relations are governed by a vast number and array of contracts, the most important of which relate to AMX's operating subsidiaries in Brazil and EMBRATEL (a TELINT subsidiary engaged in the provision of fixed-line telephony services). Many of these contracts are also subject to telecommunications industry-specific laws. The terms of these contracts are similar to those governing each such company's relations with unrelated third parties. All these relations are of material significance to AMX's financial performance.

For additional information concerning AMX's and TELINT's operations, see Section 7 Principal Shareholders and Related Party Transactions, of AMX's Annual Report.

As of the date hereof, AMX does not have any equity interest in TELINT.

Messrs. Rayford Wilkings, Jr. and Jaime Chico Pardo are directors of both AMX and TELINT.

AMX and TELINT have not entered into any agreement or arrangement in connection with the Offer. However, on January 13, 2010, AMX informed TELINT's Board of Directors of its decision to commence the procedure towards the completion of the Offer and requested TELINT's authorization in connection therewith pursuant to Article Twelve of TELINT's bylaws.

In addition, on January 14, 2010, the secretary of TELINT's Board of Directors informed AMX that all of TELINT's directors had acknowledge receipt of AMX's notice of its decision to commence the procedure towards the completion of the Offer and had resolved to authorize the Offer in accordance with Article Twelve of TELINT's bylaws.

For additional information regarding TELECOM and TELMEX, see Section 20 of this Information Memorandum.

9. ARRANGEMENTS PREDATING THE OFFER

a. Preliminary Discussions and Analysis

In November 2009, the chief executive officers of AMX and TELINT, Messrs. Daniel Hajj and Oscar Von Hauske, respectively, began discussing a potential arrangement for the joint provision of telecommunications services to their customers in Brazil in order to match the offerings available from their competitors in the integrated fixed-line and wireless telephony sector. Subsequent discussions between Messrs. Hajj and Von Hauske expanded to include other potential synergies or business opportunities, not only in Brazil but in some of the other countries in which both companies operate.

The preliminary discussions led to a series of meetings in late December 2009. Such meetings were held as part of the ongoing quest for business opportunities to maximize the use of the 3G technology developed by AMX in the region, and to provide converging services based upon the technologies implemented by both AMX and TELINT. These meetings in turn led to a more comprehensive approach towards the integration of services, including through the potential merger or overall reorganization of some of their operating companies in the region, including those in Brazil and Colombia.

In early January 2010, Mr. Daniel Hajj began discussing with the Slim Family and other TELECOM's directors the possibility of combining the operations of AMX, TELECOM and TELINT, in lieu of a more limited merger or combination of some of AMX's and TELINT's operating subsidiaries. These discussions led to the conclusion that such a combination would provide the shareholders of both companies not only with an integrated service but also with significant long-term synergies among AMX's and TELINT's business operations, licenses, infrastructure and managements in various Latin American countries. They developed a proposal pursuant to which AMX would offer shares of its capital stock as consideration in connection with any such transaction, based upon an exchange ratio that would take into consideration the relative market prices of each of AMX's and TELINT's Series L shares, given their high market liquidity. As with respect to TELECOM, they discussed the possibility of using the market price of the Series L shares of each of AMX, TELINT and TELMEX, and TELECOM's net debt.

Between January 6 and January 8, 2010, various members of the Slim Family and several TELECOM directors, as well as Messrs. Hajj and Von Hauske, concluded that the proposed combination should be analyzed from a corporate and regulatory standpoint in order to submit a formal proposal for its consideration by AMX's Board of Directors. Such conclusion was based, among other things, on (i) the fact that the evolution in the telecommunications industry has led to the existence of concurrent technological platforms for voice, data and video streaming services, (ii) the recent development in terms of applications, functionalities and equipment, (iii) the increased demand for services in Latin America, (iv) the advantages derived from offering integrated communication services in the region, regardless of the platform of origin of such services, and (v) the opportunity to create long-term synergies.

Over the weekend of January 9 and 10, 2010, Mr. Hajj contacted several of AMX's executive officers, principal shareholders and outside counsel, and the Slim Family, to discuss the viability and potential structure of such a business combination. He also contacted certain representatives of AT&T, which is one of TELINT's and AMX's principal shareholders, to inform such shareholder of AMX's plans in connection with the proposed transaction. Over the same weekend, the General Counsel and Secretary of the Board of Directors of AMX, Mr. Alejandro Cantú Jiménez, and the company's outside counsel, discussed and devised a preliminary structure for the proposed combination. On January 11, 2010, a working group comprised by various executive offices and advisors informed Mr. Hajj that the preferred structure for such combination would be a concurrent purchase and subscription offer targeted towards TELECOM's and TELINT's shareholders, given that any merger or other alternatives to achieve such combination would under Mexican law give rise to adverse tax consequences and involve cumbersome regulatory approval processes in Mexico and the rest of Latin America.

During the period from January 11 to January 13, AMX's Executive Director of Administration and Finance, Mr. Carlos García Moreno, and Mr. Cantú, held numerous telephone conferences and meetings with AMX's outside counsel and tax advisors, and with its financial advisor, Grupo Financiero Inbursa,

S.A.B. de C.V. They further met and held several discussions with various representatives of AT&T regarding the proposed combination. On January 12, Mr. Cantú, in his capacity as Secretary of the Board of Directors of AMX, contacted each and all of the directors and invited them to a board meeting that would be held January 13.

The meeting of the Board of Directors took place as scheduled, on January 13. In attendance thereat were Messrs. García Moreno, Cantú Jiménez, as well as various representatives of Grupo Financiero Inbursa, S.A.B. de C.V., its financial advisor. Mr. Hajj submitted the proposed combination to the Board of Directors for its approval, which moved to authorize the company's executive officers to initiate the processes leading to the possible completion of proceed with the transaction. The Board of Directors' decision was unanimous, except that Messrs. Hajj and Patrick Slim Domit abstained from voting thereon to avoid any appearance of a conflict of interests, but were nevertheless in agreement with the resolution adopted by the remaining directors.

Immediately after the board meeting, AMX issued a notice of disclosure of the occurrence of a relevant event and announced its intention to conduct the Offer and the TELINT Offer. On the same date, AMX delivered a letter to each member of TELECOM's and TELINT's boards, requesting their authorization for AMX to commence the process towards the consummation of the Offer and the TELINT Offer, as required by Article Twelve of TELINT's bylaws and Article Thirteen of TELECOM's bylaws. Such letters contained all the additional information required to be disclosed to any person interested in the acquisition of 10% (ten percent) or more of the issued and outstanding shares of stock of TELECOM and TELINT, in accordance with their respective bylaws.

b. Approval by AMX's Board of Directors

As mentioned in subsection (a) above, on January 13, 2010, the members of AMX's Board of Directors resolved, by unanimous consent, to commence the process towards the consummation of the Offer in the terms set forth below, which terms were disclosed to the public and the Board of Directors of TELECOM:

Pursuant to Article 48 of the LMV and Article 130 of the General Corporations Law, Article Twelve of TELINT's bylaws incorporates protections against the acquisition, directly or indirectly, of a controlling ownership position in TELINT by any shareholder, group of related shareholders acting in concert, or third party. Pursuant to such provisions, any acquisition of TELINT's shares or other securities the underlying instruments of which are TELINT Shares or any rights thereto, representing 10% (ten percent) or more of TELINT's voting capital, in a single transaction or a series of successive transactions, is subject to the prior approval of TELINT's Board of Directors.

Any person or group of persons intending to acquire 10% (ten percent) or more of the outstanding voting shares of TELINT, must request in writing the aforementioned authorization to the Chairman and the Secretary of TELINT's Board of Directors.

If the Board of Directors declines such request, it must designate one or more buyers, and such buyers will be required to pay to the seller the most recent price reported by the BMV. The price for any shares not registered with the RNV will be determined in accordance with the procedure set forth in Article 130 of the General Corporations Law.

The Board of Directors will issue its decision to that effect within three months from the receipt of the request, or the date of receipt of any additional information requested by it, as the case may be, taking into consideration (i) such criteria as may best conform to the interests, business operations and long term prospects of TELINT and its subsidiaries, (ii) the economic benefits resulting from the observance of Article Twelve of TELINT's bylaws, which must not be exclusive of any one or more TELINT shareholders other than the person intending to acquire its control, and (iii) not to completely preclude the acquisition of TELINT's control.

In addition, TELINT's bylaws provide that for so long as TELINT's shares are registered with the RNV, any such transaction carried out through the BMV will be subject, in addition, to the provisions contained in the LMV or any resolution issued by the CNBV.

TELINT's bylaws further provide that in the event of any acquisition required to be made through a tender offer in terms of the LMV, the prospective buyer must (i) satisfy all applicable legal requirements, (ii) obtain all the requisite regulatory approvals, and (iii) secure the Board of Directors' authorization prior to the commencement of the applicable offering period. In any event, any person intending to acquire 10% (ten percent) or more of TELINT's capital stock must disclose any action taken thereby to secure the authorization of the Board of Directors in accordance with TELINT's bylaws.

e. Engagement of AMX's Financial Advisor, and Independent Expert for Mexican law purposes

On February 9, 2010, AMX's Audit and Corporate Governance Committee issued a favorable opinion with respect to the commencement of the Offer by AMX. Likewise, it resolved, among other things, to ratify the appointment of Credit Suisse. Said appointment was approved by AMX's Board of Directors on January 13, 2010. In connection with the Offer, Credit Suisse was requested (in its capacity as independent expert advisor engaged by AMX's Board of Directors, in accordance with, and for purposes of, Mexican law) to issue for the information of AMX's Board of Directors its opinion, from a financial perspective, as to the financial fairness of the consideration, in cash or in AMX Shares, offered by AMX to TELINT's shareholders in connection with the Offer.

f. Opinion of AMX's Financial Advisor, and Independent Expert for Mexican law purposes:

During the meeting of the Board of Directors of AMX held on March 9, 2010, Credit Suisse issued its opinion to AMX's Board of Directors, stating that, as of the date thereto and, based upon the facts disclosed therein, and on other considerations included therein, a copy of which is attached hereto as Exhibit 23(a), the consideration in cash or in AMX Shares offered to TELINT's shareholders is reasonable from a financial perspective to AMX. The opinion was issued solely for the information of AMX's Board of Directors for purposes of evaluating the Offer from a financial perspective and not for the benefit of

shareholders and is subject to several presumptions, qualifications, limitations and considerations. The opinion does not deal in any way with other aspects of the Offer, and does not purport to be a recommendation, and shall not be understood as a recommendation to the shareholders in connection with their participation in the Offer or any other matter.

g. Opinion of the Independent Expert Retained by TELINT's Audit and Corporate Governance Committee

As disclosed by TELINT on March 19, 2010, TELINT's Audit and Corporate Governance Committee confirmed Merrill Lynch's appointment as independent expert advisor engaged by TELINT's Board of Directors for purposes of the issuance of an opinion as to the financial fairness of the exchange ratio and the Purchase Price proposed in connection with the Offer. Based upon the facts disclosed thereto, and the other considerations described in its opinion, a copy of which is attached hereto as Exhibit 23(b), Merrill Lynch advised TELINT's Board of Directors that the exchange ratio and the Purchase Price offered to TELINT's shareholders are reasonable from a financial perspective. Recipients of this Information Memorandum are advised to review Exhibit 23(b) hereto to fully understand such opinion, including the facts upon which it is based and any qualifications thereto.

h. Approval by TELINT's Board of Directors

As disclosed by TELINT on March 19, 2010, pursuant to Article 101 of the LMV its Board of Directors, taking into consideration Merrill Lynch's independent expert opinion and the opinion of TELINT's Audit and Corporate Governance Committee, both to the effect that the exchange ratio and the Purchase Price offered by AMX in connection with the Offer are justified from a financial perspective and, accordingly, are fair to TELINT's shareholders, determined that the exchange ratio and the Purchase Price for purposes of the Offer are fair and reasonable from a financial perspective.

In addition, pursuant to Article 101 of the LMV, all members of TELINT's Board of Directors holding TELINT Shares, have informed AMX that they intend to participate in the Offer in the terms proposed by AMX, assuming that the economic situation and market conditions remain stable. TELINT's Chief Executive Officer, Mr. Oscar Von Hauske, does not hold any TELINT Shares.

Finally, the members of TELINT's Board of Directors indicated that, notwithstanding the fact that in their opinion they have no conflicts of interests in connection with the Offer, in order to avoid any potential perception as to the existence of any such conflict Messrs. Arturo Elías Ayub and Carlos Slim Domit decided to abstain from participating in any discussion with respect to the Offer, but were nevertheless in agreement with the resolution adopted by the remaining directors.

i. Approval by AMX's General Ordinary Shareholders Meeting

The Offer was approved by AMX's general shareholders meeting on March 17, 2010.

10. INTENT

AMX intends to acquire, directly or indirectly, substantially all of the outstanding shares of the capital stock of TELINT in connection with the Offer, with the aim of combining its wireless telecommunications services and TELINT's voice, data and video transmission, Internet access and other telecommunications services in Brazil, Colombia and various other Latin American countries. The business combination will translate in a more efficient use of their operating companies' networks, and will enable AMX to provide more universally integrated services to its customers. AMX believes that the business combination will also enhance its research and development capabilities in the telecommunications and information technology sectors.

11. PURPOSE AND FUTURE PLANS

Primary Purpose

The primary purpose of the Offer is to allow AMX to direct or indirectly acquire all of the outstanding shares of capital stock of TELECOM and TELINT, as well as integrate AMX's wireless communication services with TELINT's voice, data and video transmission services, Internet access and other telecommunications services in Brazil, Colombia and certain Latin American countries, except for Mexico, where both AMX and TELINT operate. An interest in Telmex will also be acquired through the Offer.

AMX believes that the telecommunications market has evolved in the past few years, resulting in the rendering of combined voice, data and video transmission services by technological platforms. This circumstance, coupled with the most recent advances in applications, functionalities and equipment, points towards an imminent, exponential growth in the demand for data services in Latin America. The business combination, allows AMX to provide integrated services to its customers in the region, regardless of their platform of origin.

AMX considers that the combination of TELECOM and TELINT will generate synergies and expects that the business combination will translate in a more efficient use of networks, systems, and information processes, which will allow AMX to provide its customers integrated and universal services.

12. CAPITAL RESOURCES

AMX is offering to purchase up to 100% (one hundred percent) of the outstanding shares of TELINT, provided that each TELINT shareholder may elect to receive (i) AMX Shares, or (ii) the Purchase Price in cash. Those TELINT s shareholders who may decide to participate in the offer may elect to receive (i) 0.373 AMX Shares in exchange for each TELINT Share, it being understood that the AMX Shares are not subject and shall not be deemed subject to the Offer, or (ii) the Purchase Price, or Ps.11.66 in cash per TELINT Share.

The amount of capital resources required by América Móvil to consummate the Offers will depend largely on the decision of the holders of TELINT Shares that may elect to participate in the TELINT Offer and the U.S. Offer, as to whether to tender their TELINT Shares in exchange for cash or for AMX Shares. TELECOM has advised AMX that it will not participate in the Offer.

AMX expects to obtain the funds necessary to complete the Offers from cash and cash equivalents on hand, supplemented if necessary by drawing under a U.S.\$2 billion revolving syndicated credit agreement (the Credit Agreement) between AMX, certain lenders from time to time party thereto, Citibank, N.A., as Administrative Agent, and Citigroup Global Markets Inc., as Sole Bookrunner and Sole Lead Arranger.

AMX s cash and cash equivalents as of December 31, 2009 were Ps.27.4 billion, or approximately U.S.\$2.1 billion at the December 31, 2009 exchange rate. In addition, AMX can apply toward the completion of the Offers a substantial amount of the cash generated from its operations during 2010 through the date of completion of the Offers. AMX expects to generate cash from operations in 2010 that substantially exceeds its other funding requirements, and part of those funding requirements can be met by drawing on committed facilities from export credit agencies totaling approximately \$1 billion.

The Credit Agreement provides for borrowings of up to U.S.\$2 billion, all of which is currently available for borrowing. Proceeds of borrowing may be used for general corporate purposes, including paying the cash consideration in the Offers and the expenses of the Offers. The Credit Agreement is unsecured and is guaranteed by Telcel. Under the Credit Agreement, AMX must pay interest on the outstanding principal amount at a rate per annum equal to the LIBO Rate plus a spread of 25 basis points. The Credit Agreement matures in April 2011.

The Credit Agreement contains typical covenants for a syndicated credit facility, including limitations on AMX ability to incur secured debt, to effect a merger of AMX or Telcel, to sell substantially all of AMX s assets, to sell control of Telcel, or to permit restrictions on the ability of Telcel to pay dividends or make distributions to AMX. In addition, the Credit Agreement requires that AMX maintain a consolidated ratio of debt to EBITDA not greater than 4.0 to 1.0, and a consolidated ratio of EBITDA to interest expense not less than 2.5 to 1.0. AMX was in compliance with these ratios as of December 31, 2009 and would remain so even after giving pro forma effect to a draw of the full amount available under the Credit Agreement.

AMX will pay for all the expenses incurred in connection with the Offer, which together with the expenses associated with the TELECOM Offer amount to approximately Ps.20 million. Such expenses include, among others:

RNV registration fees in the amount of Ps.[]

BMV registration fees in the amount of Ps.[]

Underwriting fees and commissions in the amount of Ps.[]

Legal fees in the amount of Ps.[]

13. CAPITAL STRUCTURE

As of the Commencement Date, AMX did not own, whether directly or indirectly, any TELECOM Shares.

Assuming that AMX will acquire all of the TELECOM Shares in connection with the Offer, AMX will own 100% (one hundred percent) of the shares of stock of TELECOM; provided, that if the condition set forth in Article 89(I) of the General Corporations Law is not satisfied, then a subsidiary of AMX will purchase one (1) TELECOM Share.

Upon consummation of the Offer and giving effect to the TELECOM Offer, AMX's organizational structure will be as follows:

* For additional information concerning AMX's subsidiaries, see AMX's Annual Report and AMX's Quarterly Report.

14. CONSEQUENCES OF THE OFFER

The consummation of the Offer will cause the number of TELINT shareholders to decrease significantly and, as a result, there may be no active secondary market for the TELINT Shares after the Expiration Date.

Until such time as the registration of the TELINT Shares with the RNV and the BMV shall have been cancelled, TELINT will remain subject to the provisions contained in the LMV, the General Rules and other applicable provisions, including those governing the periodic disclosure of information and the supervision and surveillance powers of the CNBV.

Assuming that TELINT's shareholders will elect to tender their shares in connection with the Offer, AMX intends purchase up to 100% (one hundred percent) of the TELINT Shares and may file a petition to cancel the registration of such shares with the RNV and the BMV, subject to the consent of at least 95% (ninety five percent) of TELINT's shareholders. Contingent upon the outcome of the Offer, and subject to the satisfaction of all the conditions set forth in the applicable laws to ensure the protection of the public's interests, and the approval of the requisite corporate actions, AMX intends to file with the CNBV a petition to cancel the registration of the TELINT Shares with the RNV and the BMV, so that such shares will no longer trade therein.

As described in Section 18 of this Information Memorandum, if after the completion of the Offer the CNBV approves the cancellation of the TELINT Shares with the RNV and the BMV, but there are still any TELINT Shares held by the public, pursuant to Article 108(I)(c) of the LMV the Issuer will establish an irrevocable management trust (the Trust) and transfer thereto, for a term of not less than six (6) months from the date of cancellation of the registration of the TELINT Shares with the RNV, a number of Series L AMX Shares sufficient to enable the holders of any TELINT Shares not tendered in connection with the Offer, to subscribe such Series L shares based upon the same exchange ratio as in the Offer, and cash resources in an amount sufficient to pay the Purchase Price in respect of any such TELINT Shares. Any TELINT shareholder that elects not to tender his/her TELINT Shares in connection with the Offer, or to subsequently transfer such shares to the aforementioned Trust, will become a shareholder of a privately held company. The TELINT Shares will lose their liquidity, which will in turn have a material adverse effect their market price.

In any event, AMX will observe all applicable legal provisions to ensure the protection of the public's interests and the market generally, as required by the LMV.

As of the date hereof, AMX does not have any plan with respect to any potential merger, spin-off, change in business, or corporate reorganization affecting TELINT, or any plan to modify its business policies, employment practices or the use of its assets.

However, the above could change in the future as a result of new opportunities and market conditions, and AMX reserves the right to develop any plan or proposal to carry out any such act or transaction to the extent that its corporate authorities and those of TELINT may deem it convenient.

In addition, such shareholders will have the rights afforded to minority shareholders pursuant to the General Corporations Law, which provides for fewer protections for minority shareholders than those afforded by the LMV. As a result, such shareholders will have virtually no rights against the decisions approved by the majority shareholders, except in limited circumstances.

The Series L of AMX to be subscribed by the holders of the TELINT Shares in connection with the Offer are limited-voting shares, no par value, issued in registered form.

AMX does not expect the consummation of the Offer to result in any material violation of the applicable laws and regulations, or the regulatory requirements imposed by the applicable antitrust laws.

For additional information with respect to the pro forma financial information included in this Information Memorandum to show the effects of the Offer and the TELINT Offer on AMX, see Section 10.2 of the Disclosure Statement Regarding the Company's Reorganization, submitted by AMX to its shareholders and the public pursuant to Article 35 and other related articles of the General Rules on March 2, 2010, as resubmitted on March 12, 2010. Such information must be reviewed in conjunction with and within the context of the Disclosure Statement Regarding the Company's Reorganization, including the assumptions, events and risk factors described therein.

The Offer involves various material risks and consequences. As a result, TELINT's shareholders should consider such risks, including, without limitation, those described below, before making any decision as to whether or not to participate in the Offer.

The offering price is fixed and will not be adjusted in response to market fluctuations

AMX is offering to purchase the TELINT Shares based upon an exchange ratio of 0.373:1 and, as a result, TELINT's shareholders will receive 0.373 Series L shares of AMX for each TELINT Share tendered by them in connection with the Offer, or Ps.11.66 in cash. AMX will not adjust the exchange ratio in response to any fluctuation in the market price of the securities subject matter of the Offer. The market price of the TELINT Shares may vary significantly between the date of this Information Memorandum and throughout the Offering Period.

The liquidity of any TELINT Shares not tendered in connection with the Offer may be adversely affected

AMX intends to acquire up to 100% (one hundred percent) of the shares of stock of TELINT in connection with the Offer, and to promote the cancellation of the registration of the TELINT Shares with the RNV and the BMV. The market for any remaining TELINT Shares may be less liquid than the market for such shares prior to the Offer, and the market value of such shares could decrease significantly with respect to their value prior to the Expiration Date, particularly if the TELECOM Shares are effectively cancelled with the RNV and delisted from the BMV.

If you do not tender your TELINT Shares in connection with the Offer, you will remain a minority shareholder of TELINT and there may be no liquid market for the TELINT Shares

Edgar Filing: Telmex Internacional, S.A.B. de C.V. - Form 425

If you do not tender your TELINT Shares in connection with the Offer, upon completion of the Offer you will become a minority shareholder in TELINT and will have limited rights, if any, to influence the outcome of any decision requiring shareholder approval, including the election of directors, the acquisition or transfer of material assets, the issuance of shares or other securities, and the payment of dividends on the TELINT Shares. Mexican law affords limited rights to minority shareholders. If AMX is required to conduct a subsequent offer to purchase any remaining TELINT Shares, or to establish a trust for the

acquisition of any publicly-held TELINT Shares, such acquisition would be made based upon the same exchange ratio used in connection with the Offer. In addition, upon completion of the Offer the market for the TELINT Shares may become less liquid. As a result, the price for any future transfer of TELINT Shares could be significantly lower than the price per share reflected by the exchange ratio applicable to the Offer.

In addition, unless the CNBV approves the cancellation of the TELINT Shares with the RNV, such shares will continue to trade on the BMV. Pursuant to Article 108 of the LMV, the CNBV may cancel the registration of any securities with the RNV in any of the events set forth in such provision, if it determines that the protection of the public's interests has been ensured and the conditions set forth in such Article 108 have been satisfied.

Following the consummation of the Offer, the market liquidity of the TELINT Shares will be materially and adversely affected as a result of the cancellation of the registration of such shares with the RNV and the BMV, given that in all likelihood there will be no further active trading market in which to sell such shares. As a result, the Purchase Price of such TELINT Shares would be substantially lower than the price offered in connection with the Offer.

AMX's failure to acquire a substantial majority of the outstanding capital stock of TELINT could affect its ability to complete any post-closing reorganization of the combined company, which could reduce or delay the cost savings or revenue benefits to the combined company

The Offer is not conditioned upon the acquisition of a minimum number of TELINT Shares. In addition, under Mexican law, AMX will only be permitted to apply for the cancellation of the registration of the TELINT Shares with the RNV and to delist such shares on the BMV if at least 95% (ninety five percent) of the holders of TELINT Shares vote favorably (it is the applicable threshold required by Mexican Law to request cancellation of the registration of shares with the RNV and its subsequent delisting from the BMV). As a result, AMX could complete the Offer but hold less than 100% (one hundred percent) of the TELINT Shares. The existence of minority shareholders at TELINT and the non-cancellation of the registration of the TELINT Shares with the RNV and the fact that TELINT Shares remain listed on the BMV, may generate additional expenses and result in administrative inefficiencies. For example, AMX may be precluded from conducting certain types of reorganizations involving TELINT and its respective subsidiaries that would result in significant benefits to the combined entity. In addition, AMX may be required to maintain separate committees at the AMX and TELINT boards of directors, and may be subject to separate reporting requirements with Mexican authorities. In addition, all transactions between AMX and TELINT would be required under Mexican law to be on an arm's length basis, which may limit AMX's ability to achieve certain savings and to conduct the joint operations as a single business unit in order to achieve its strategic objectives. As a result, it may take longer and be more difficult to effect any post-closing reorganization and the full amount of the cost synergies and revenue benefits for the combined company may not be obtained or may only be obtained over a longer period of time. This may adversely affect AMX's ability to achieve the expected amount of cost synergies and revenue benefits after the Offer is completed.

In case of consummation of the Offer, AMX may fail to realize the business growth opportunities, revenue benefits, cost savings and other benefits anticipated from, or may incur unanticipated costs associated with the Offer

Acquisition of TELECOM Shares by AMX may not achieve the business growth opportunities, revenue benefits, cost savings and other benefits that AMX anticipates. AMX believes the consideration for the Offers is justified by the benefits it expects to achieve by combining its operations with TELECOM and TELINT. However, these expected business growth opportunities, revenue benefits, cost savings and other benefits may not develop and other assumptions upon which the offer consideration was determined may prove to be incorrect, as, among other things, such assumptions were based on publicly available information.

AMX may be unable to fully implement its business plans and strategies for the combined businesses due to regulatory restrictions. Each of AMX and TELINT is subject to extensive government regulation, and AMX may face regulatory restrictions in the provision of combined services in some of the countries in which it operates. For example, in Brazil, AMX's and TELINT's businesses are regulated by the Brazilian National Telecommunications Agency, or Anatel. Upcoming regulations by Anatel, which focus on economic groups with significant market powers, would impose new cost-based methodologies for determining interconnection fees charged by operators in Brazil. AMX cannot predict whether Anatel will impose specific regulations that would affect its combined operations more adversely than they would affect its individual operations. In Mexico, Telcel is part of an industry-wide investigation by the Federal Competition Commission to determine whether any operators possess substantial market power or are engaged in monopolistic practices in certain segments of the Mexican telecommunications market. TELECOM is the direct holder of approximately 59.4% (fifty nine point four percent) of the outstanding capital stock of Telmex, and AMX will be acquiring part of Telmex through the Offer. AMX cannot predict whether the Federal Competition Commission or other governmental entities would renew or revise its investigations to take into account the combined businesses.

Under any of these circumstances, the business growth opportunities, revenue benefits, cost savings and other benefits anticipated by AMX to result from the reorganization may not be achieved as expected, or at all, or may be delayed. To the extent that AMX incurs higher integration costs or achieve lower revenue benefits or fewer cost savings than expected, its results of operations, financial condition and the price of its shares may suffer.

Any TELINT shareholder who may elect to participate in the Offer will be entitled to subscribe Series L shares of AMX, which shares are not included in the Offer.

The Series AA shares, which must represent at all times at least 51% of the aggregate number of Series AA and Series A shares, may only be held by investors who qualify as Mexican pursuant to Mexico's Foreign Investment Law (*Ley de Inversión Extranjera*) and the bylaws of AMX. Each Series AA and Series A share may be exchanged, at the election of its holder, for one Series L share; provided, that the Series AA shares may not represent at any time less than 20% of AMX's capital or less than 51% of the aggregate number of Series AA and Series A shares.

Absent the appointment of a director by the minority shareholders, the holders of the Series L shares, voting as a class pursuant to a resolution adopted at a special shareholders meeting convened to such effect, will be entitled to appoint two members of the Board of Directors of AMX and two alternates; provided, that the aggregate number of directors appointed by the minority shareholders and the holders of the Series L shares, as a class, may in no event exceed the aggregate percentage of the capital stock represented by the Series L shares, divided by 10.

16. MAINTENANCE OR CANCELLATION OF THE REGISTRATION

Assuming that TELINT's shareholders will elect to tender their shares in connection with the Offer, AMX intends purchase up to 100% (one hundred percent) of the TELINT Shares and may file a petition to cancel the registration of such shares with the RNV and the BMV, subject to the consent of at least 95% (ninety five percent) of TELINT's shareholders. Contingent upon the outcome of the Offer, and subject to the satisfaction of all the conditions set forth in the applicable laws to ensure the protection of the public's interests, and the approval of the requisite corporate actions, AMX intends to file with the CNBV a petition to cancel the registration of the TELINT Shares with the RNV and the BMV, so that such shares will no longer trade therein.

As described in Section 18 of this Information Memorandum, if after the completion of the Offer the CNBV approves the cancellation of the TELINT Shares with the RNV and the BMV, but there are still any TELINT Shares held by the public, pursuant to Article 108(I)(c) of the LMV the Issuer will establish the Trust and transfer thereto, for a term of not less than six (6) months from the date of cancellation of the registration of the TELINT Shares with the RNV, a number of Series L AMX Shares sufficient to enable the holders of any TELINT Shares not tendered in connection with the Offer, to subscribe such Series L shares based upon the same exchange ratio as in the Offer, and cash resources in an amount sufficient to pay the Purchase Price in respect of any such TELINT Shares. Any TELINT shareholder that elects not to tender his/her TELINT Shares in connection with the Offer, or to subsequently transfer such shares to the aforementioned Trust, will become a shareholder of a privately held company. The TELINT Shares will lose their liquidity, which will in turn have a material adverse effect their market price.

In any event, AMX will observe all applicable legal provisions to ensure the protection of the public's interests and the market generally, as required by the LMV.

Legal Provisions Applicable to the Cancellation

Article 108 of the LMV, which sets forth the procedure applicable to the cancellation of the registration with the RNV, provides that such cancellation will only be approved if in the CNBV's opinion the protection of the public's interests has been ensured and all of the conditions set forth in such article have been met. In addition, pursuant to TELINT's bylaws, the cancellation of the registration with the RNV must be carried out in strict adherence to the LMV and the General Rules.

Potential Cancellation Scenarios

Contingent upon the outcome of the Offer, following the consummation thereof and subject to the satisfaction of all the applicable legal requirements to ensure the protection of the public's interests, and the approval of all the requisite corporate actions, and assuming that AMX will elect to cancel the registration of the TELINT Shares with the RNV, under applicable law AMX may proceed with such cancellation in accordance with either of the following scenarios:

A. Immediate Cancellation.

If warranted by the percentage of shares publicly held after the Offer, and subject to the approval of TELINT's shareholders meeting, AMX will immediately apply for the cancellation of the TELINT Shares with the RNV and the BMV. It is estimated that such percentage would be equal or in excess of 95% of the outstanding shares.

Table of Contents

[THIS ENGLISH TRANSLATION IS PROVIDED FOR CONVENIENCE PURPOSES ONLY. IN THE EVENT OF CONFLICT BETWEEN THE ENGLISH AND SPANISH VERSIONS OF THIS INFORMATION MEMORANDUM, THE SPANISH VERSION WILL PREVAIL.]

B. Deferred Cancellation.

If warranted by the percentage of shares publicly held after the Offer, in the CNBV's opinion based upon the outcome of the Offer and a detailed review of the terms on which it was completed, AMX will consider conducting a subsequent public offer based on a price equal to the highest of:

the trading price of such shares on the BMV (which shall for these purposes be the weighted average trading price for the last 30 (thirty) days of reported trading activity for the TELINT Shares, within a period not to exceed the six (6) month-period immediately preceding the subsequent offer or, if the number of trading days within such period is less than 30 (thirty), then the number of days on which such shares were actually traded; or, absent any trading activity occurred during such period, the book value of such shares). For purposes of such determination, the relevant period will include the period subsequent to the announcement of the Offer and, accordingly, there is no guaranty that the resulting price will be equal or similar to the exchange ratio used in connection with the Offer; or

the book value of per TELINT Share, as the case may be, pursuant to the most recent quarterly report filed with the CNBV and the BMV prior to the commencement of the subsequent offer.

Notwithstanding the above, based upon TELINT's financial condition and prospects, it may be requested to the CNBV authorization to determine the offering price in the subsequent offer upon other basis, subject to the submission of evidence of the approval of such basis by TELINT's board of directors taking into consideration the opinion of its Audit and Corporate Governance Committee, together with a description of the reasons that justify such other price, and a report from an independent expert stating that such other price is consistent with the provisions of Article 108 of the LMV.

AMX cannot anticipate if, when or under what terms and conditions it will conduct a subsequent offer, or if the offering price in connection therewith will be similar to the price determined for purposes of the Offer.

AMX cannot determine if it will elect to maintain the TELINT Shares registered with the RNV and the BMV, or to cancel such registrations as a result of the outcome of the Offer, due to, among others, the following considerations:

AMX cannot determine the number of TELINT Shares it will acquire in connection with the Offer;

The Offer is not conditioned upon the acquisition of a minimum number of shares and, accordingly, subject to the terms and conditions set forth in the relevant offering documents, AMX will purchase any such number of TELINT Shares as may be tendered in connection therein;

AMX cannot guaranty that it will establish a trust upon consummation of the Offer. The creation of any such trust will depend on whether or not AMX elects to cancel the registration with the RNV based upon the outcome of such offers;

AMX cannot guaranty that it will request the cancellation of the registration of the TELINT Shares with the RNV following any subsequent offer. Any decision to such effect will be contingent upon the number of TELINT Shares acquired by AMX; and

If the TELINT Shares cease to constitute publicly traded securities as a result of the cancellation of their registration with the RNV, any transfer of such shares by any individual, including any transfer effected through any trust established pursuant to Article 108 of the LMV, will be subject to the Mexican income tax. For additional information on the tax consequences associated with the transfer of shares through such trust, see Section 19(c) of this Information Memorandum.

The time period it takes to effectively cancel the registration of shares with the RNV is undetermined. Generally, it may take up to two (2) months to initiate the process and it is not possible to determine how long it will take to culminate.

Corporate Rights

The exercise of various corporate rights, including the appointment of directors, the commencement of liability actions against the directors, the right to petition the issuance of notice of a shareholders meeting, the right to request a delay for voting with respect to a particular matter, and the right to challenge the resolutions adopted by the shareholders, requires ownership of a given percentage of the capital stock. Accordingly, upon completion of the Offer the number of shares held by persons other than AMX may not be sufficient to exercise such rights.

17. OPINIONS OF THE BOARD OF DIRECTORS AND THE INDEPENDENT EXPERTS

a. Opinion of TELINT's Board of Directors

As disclosed by TELINT on March 19, 2010, pursuant to Article 101 of the LMV its Board of Directors, taking into consideration Merrill Lynch's independent expert opinion and the opinion of TELINT's Audit and Corporate Governance Committee, both to the effect that the exchange ratio and the Purchase Price offered by AMX in connection with the Offer are justified from a financial perspective and, accordingly, are fair to TELINT's shareholders, determined that the exchange ratio and the Purchase Price for purposes of the Offer are fair and reasonable from a financial perspective.

In addition, pursuant to Article 101 of the LMV, all members of TELINT's Board of Directors holding TELINT Shares have informed AMX that they and their related parties intend to participate in the Offer in the terms proposed by AMX, assuming that the economic situation and market conditions remain stable. TELINT's Chief Executive Officer, Mr. Oscan Von Hauske, does not hold any TELINT Shares.

Finally, the members of TELINT's Board of Directors indicated that, notwithstanding the fact that in their opinion they have no conflicts of interests in connection with the Offer, in order to avoid any potential perception as to the existence of any such conflict Messrs. Arturo Elías Ayub and Carlos Slim Domit decided to abstain from participating in any discussion with respect to the Offer, but were nevertheless in agreement with the resolution adopted by the remaining directors. TELECOM has informed AMX that it will not participate in the Offer.

b. Opinion of the Independent Expert Retained by TELINT

As disclosed by TELINT on March 19, 2010, TELINT's Audit and Corporate Governance Committee confirmed Merrill Lynch's appointment as independent expert advisor to TELINT's Board of Directors for purposes of the issuance of an opinion as to the financial fairness of the exchange ratio and the Purchase Price proposed in connection with the Offer. Based upon the facts disclosed thereto, and the other considerations described in its opinion, a copy of which is attached hereto as Exhibit 23(b), Merrill Lynch advised TELINT's Board of Directors that the exchange ratio and the Purchase Price offered to TELINT's shareholders are reasonable from a financial perspective. Recipients of this Information Memorandum are advised to review Exhibit 23(b) hereto to fully understand such opinion, including the facts upon which it is based and any qualifications thereto.

c. Opinion of AMX's Financial Advisor, and Independent Expert for Mexican law purposes

On January 13, 2010, AMX's Board of Directors issued a favorable opinion with respect to the commencement of the Offer by AMX, and resolved, among other things, to authorize AMX to retain a financial advisor as independent expert for purposes of the Offer (and also to act as independent expert for purposes of, and in accordance with, Mexican law). On February 9, 2010, AMX's Audit and Corporate Governance Committee issued a favorable opinion with respect to the commencement of the Offer by AMX. Likewise, it resolved, among other things, to ratify the appointment of Credit Suisse Securities (USA) LLC (Credit Suisse). Said appointment was approved by AMX's Board of Directors on January 13, 2010. In connection with the Offer, Credit Suisse was requested (in its capacity as independent expert advisor engaged by AMX's Board of Directors, in accordance with, and for purposes of, Mexican law) to issue for the information of AMX's Board of Directors its opinion, from a financial perspective, as to the financial fairness of the consideration, in cash or in AMX Shares, offered by AMX to TELINT's shareholders in connection with the Offer. On March 9, 2010, Credit Suisse issued its opinion to AMX Board of Directors, stating that, as of the date thereto and, based upon the facts disclosed therein, and on other considerations included therein, a copy of which is attached hereto as Exhibit 23(a), the consideration, in cash or in AMX Shares offered to TELINT's shareholders is reasonable from a financial perspective to AMX. The opinion was issued solely for the information of AMX's Board of Directors for purposes of evaluating the Offer from a financial perspective and not for the benefit of shareholders and is subject to several presumptions, qualifications, limitations and considerations. The opinion does not deal in any way with other aspects of the Offer, and does not purport to be a recommendation, and shall not be understood as a recommendation to the shareholders in connection with their participation in the Offer or any other matter.

18. TRUST FOR THE ACQUISITION OF SHARES SUBSEQUENT TO THE CANCELLATION OF THE REGISTRATION

Assuming that TELINT's shareholders will elect to tender their shares in connection with the Offer, AMX intends purchase up to 100% (one hundred percent) of the TELINT Shares and may file a petition to cancel the registration of such shares with the RNV and the BMV, subject to the consent of at least 95% (ninety five percent) of TELINT's shareholders. Contingent upon the outcome of the Offer and subject to the satisfaction of all the conditions set forth in the applicable laws to ensure the protection of the public's interests, and the approval of the requisite corporate actions, upon consummation of the Offer AMX intends to file with the CNBV a petition to cancel the registration of the TELINT Shares with the RNV and the BMV, so that such shares will no longer trade therein.

Pursuant to Article 108(I)(c) and other applicable provisions, upon cancellation of the registration of the TELINT Shares the Issuer will establish the Trust and transfer thereto, for a period of not less than six (6) months from the date of cancellation of the registration of the TELINT Shares with the RNV, a number of Series L AMX Shares and cash sufficient to enable the holders of any TELINT Shares not tendered in connection with the Offer and resources in cash, to subscribe such Series L shares based upon the same exchange ratio as in the Offer, in an amount sufficient to pay the Purchase Price in respect of any such TELINT Shares. Any TELINT shareholder that elects not to tender his/her TELINT Shares in connection with the Offer, or to subsequently transfer such shares to the aforementioned Trust, will become a shareholder of a privately held company. The TELINT Shares will lose their liquidity, which will in turn have a material adverse effect their market price.

19. TAX CONSIDERATIONS

The following summary contains a description of certain Mexican federal income tax consequences applicable to the Offer, but it does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to participate in the Offer.

This discussion does not constitute, and should not be considered as, legal or tax advice to TELINT's shareholders. This discussion is for general information purposes only and is based upon the federal tax laws of Mexico as in effect on the date of this Information Memorandum.

The following considerations may not be applicable to all shareholders alike. Accordingly, TELINT's shareholders should consult their own tax advisors as to the tax consequences of their participation in the Offer. AMX, the Issuer and the Intermediary assume no liability whatsoever in connection with the tax effects or obligations to those shareholders who may tender their TELINT shares in connection with the Offer.

a. Transfer of the TELINT Shares

Those holders of TELINT Shares that may decide to accept the Offer will transfer their shares for the benefit of AMX. Such transfer may be subject to tax consequences in Mexico.

For purposes of the applicable tax laws, the reference price for tax purposes should be equal to the reference price. However, the reference price may vary for any shareholder able to secure the resolution referred to in Article 26 of Mexico's Income Tax Law.

The transfer of the TELINT Shares through the BMV in connection with the Offer may have, among others, the following tax consequences depending on the particular situation of each shareholder:

A. Individuals Residents of Mexico

Any individual resident of Mexico not covered by the exception to the condition set forth in Article 109(XXVI) of the Income Tax Law, will be exempt from payment of the Mexican income tax on any gain obtained as a result of the transfer of his/her TELINT Shares through the BMV in connection with the Offer.

B. Non-Mexican Residents

Any income received by any non-Mexican resident as a result of the transfer of shares of Mexican issuers, among others, will be deemed to have originated in Mexico and will be subject to the Mexican income tax.

Notwithstanding the above, non-Mexican residents will not be subject to Mexican income tax payment obligations to the extent they sell their shares through the BMV, provided they are not subject to the provisions described in the preceding subsection.

Non-Mexican residents holding shares of the Issuer should be aware of the fact that, to the extent that they transfer such shares through the BMV in connection with the Offer, they may be subject to taxation pursuant to the applicable laws of their place or residence or country of origin. Such shareholders should consult with their own tax advisors as to the potential tax consequences of such transfer outside of Mexico.

Individuals or entities that are residents of a country that is party with Mexico to a treaty to avoid double taxation, may abide themselves of the benefits afforded by the applicable treaty by submitting evidence of their residence in such country for tax purposes, appointing a representative for tax purposes in Mexico, and giving notice of such designation to Mexican tax authorities.

C. Legal Entities Residents of Mexico and Non-Mexican Residents with a Permanent Establishment in Mexico

Gains obtained by legal entities that are residents of Mexico and non-Mexican Residents who have a permanent place of business in Mexico, as a result of the transfer of their TELINT Shares through the BMV in connection with the Offer, will be considered as taxable income for purposes of the determination of the income tax rate payable thereon.

The gain on the transfer of any shares by any legal entity resident of Mexico or any non-Mexican resident with a permanent place of business in Mexico, will be determined based upon the reference price per share and the average cost of each such share in terms of the applicable law, taking into consideration the particular circumstances of such person.

b. Subscription of the Series L AMX Shares

The subscription of the Series L AMX Shares by those TELINT shareholders participating in the Offer should not give rise to any income tax payment obligation in accordance with the Mexican tax laws in effect as of the date of this Information Memorandum.

c. Transfer of Unregistered Securities

Assuming that TELINT's shareholders will elect to tender their shares in connection with the Offer, AMX intends purchase up to 100% (one hundred percent) of the TELINT Shares and may file a petition to cancel the registration of such shares with the RNV and the BMV, subject to the consent of at least 95% (ninety five percent) of TELINT's shareholders. If the TELINT Shares cease to constitute publicly traded securities as a result of the cancellation of their registration with the RNV, any transfer of such shares by any individual, including any transfer effected through the Trust, will be subject to the Mexican income tax.

a. Exhibit 23(a) Opinion of Credit Suisse

March 9, 2010

Board of Directors

América Móvil, S.A.B. de CV.

Lago Alberto No. 366

Colonia Anahuac, 11320

Mexico, Distrito Federal

Members of the Board:

You have asked us to advise you with respect to the fairness, from a financial point of view, to América Móvil, S.A.B. de C.V. (América Móvil) of the Consideration (as defined below) to be paid by América Móvil in connection with its proposed acquisition of Telmex Internacional, S.A.B. de C.V. (Telint and, such acquisition, the Transaction), a majority-owned subsidiary of Carso Global Telecom, S.A.B. de C.V. (Telecom). Subject to the terms and conditions more fully described in the Offer Information Documents (as defined below), América Móvil will commence an offer to exchange each outstanding Series A share and Series L limited voting share, each with no par value, including those represented by American Depositary Shares (Telint Shares), of the capital stock of Telint not already owned by Telecom for per share consideration equal to, at the election of the holder thereof, either (a) 0.373 of a Series L limited voting share, no par value (América Móvil Shares), of the capital stock of América Móvil (such number of shares so issuable, the Stock Consideration) or (b) 11.66 pesos in cash (such consideration, together with the Stock Consideration, the Consideration). It is our understanding that, concurrently with the commencement of the Transaction, América Móvil also will commence an exchange offer for all outstanding shares of the capital stock of Telecom.

In arriving at our opinion, we have reviewed certain publicly available business and financial information relating to América Móvil, Telint and the Transaction, including certain press releases and information statements publicly filed by América Móvil with respect to the Transaction (collectively, the Offer Information Documents). We also have reviewed certain other information relating to América Móvil and Telint provided to or discussed with us by América Móvil and Telint, including certain publicly available financial forecasts relating to América Móvil as adjusted and extrapolated per the guidance of the management of América Móvil (the América Móvil Public Forecasts) and certain publicly available financial forecasts relating to Telint as adjusted and extrapolated per the guidance of the managements of América Móvil and Telint (the Telint Public Forecasts), and have met with the managements of América Móvil and Telint to discuss the businesses and prospects of América Móvil and Telint. We also have considered certain financial and stock market data of América Móvil and Telint, and we have compared that data with similar data for other publicly held companies in businesses we deemed similar to those of América Móvil and Telint, and we have considered, to the extent publicly available, the financial terms of certain other business combinations and other transactions which have been effected or announced. We also considered such other information, financial studies, analyses and investigations and financial, economic and market criteria which we deemed relevant.

In connection with our review, we have not independently verified any of the foregoing information and we have assumed and relied upon such information being complete and accurate in all material respects. As you are aware, we have been advised by the management of América Móvil that América Móvil was not provided with access to internal financial forecasts of Telint and that there are no long-term internal financial forecasts for América Móvil. Accordingly, at the direction of América Móvil and with your consent, we have utilized for purposes of our analyses the América Móvil Public Forecasts and Telint Public Forecasts and have assumed that such forecasts represent reasonable estimates and judgments with respect to the future financial performance of América Móvil and Telint, respectively, and that América Móvil and Telint will perform substantially in accordance with such forecasts. We also have assumed, with your consent, that, in the course of obtaining any regulatory or third party consents, approvals or agreements in connection with the Transaction or any related transaction, no delay, limitation, restriction or condition will be imposed that would have an adverse effect on América Móvil, Telint or the contemplated benefits of the Transaction and that the Transaction and related transactions will be consummated in accordance with their respective terms without waiver, modification or amendment of any material term, condition or agreement thereof. Representatives of América Móvil have advised us, and we further have assumed, that the terms of the Transaction which will be set forth in certain offer documents to be filed by América Móvil in connection with the Transaction will conform in all material respects to the terms described to us and as set forth in the Offer Information Documents.

We have not been requested to make, and have not made, an independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of América Móvil or Telint, nor have we been furnished with any such evaluations or appraisals. In addition, we were not requested to, and we did not, participate in the structuring of the Transaction or any related transaction. Our opinion addresses only the fairness, from a financial point of view and as of the date hereof, to América Móvil of the Consideration provided for in the Transaction and does not address any other aspect or implication of the Transaction or any related transaction or any other agreement, arrangement or understanding entered into in connection with the Transaction, any related transaction or otherwise, including, without limitation, the form or structure of the Transaction or the fairness of the amount or nature of, or any other aspect relating to, any compensation to any officers, directors or employees of any party to the Transaction or any related transaction, or class of such persons, relative to the Consideration or otherwise. The issuance of this opinion was approved by our authorized internal committee.

Our opinion is necessarily based upon information made available to us as of the date hereof and financial, economic, market and other conditions as they exist and can be evaluated on the date hereof and upon certain assumptions regarding such financial, economic, market and other conditions, which are currently subject to unusual volatility and which, if different than assumed, would have a material impact on our analyses. We are not expressing any opinion as to what the value of América Móvil Shares actually will be when issued to the holders of Telint Shares pursuant to the Transaction or the prices at which América Móvil Shares or Telint Shares will trade at any time. Our opinion does not address the relative merits of the Transaction or any related transaction as compared to alternative transactions or strategies that might be available to América Móvil, nor does it address the underlying business decision of América Móvil to proceed with the Transaction or any related transaction.
