SECURITIES EXCHANGE ACT OF 1934
For the fiscal year ended JUNE 27, 2010

OR

TRANSITION REPORT PURSUANT TO SECTION 13 or 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934
For the transition period from _____ to _____

Commission file number 1-1370

BRIGGS & STRATTON CORPORATION

(Exact name of registrant as specified in its charter)

A Wisconsin Corporation

(State or other jurisdiction of incorporation or organization)

39-0182330

(I.R.S. Employer Identification No.)

12301 WEST WIRTH STREET

WAUWATOSA, WISCONSIN

(Address of principal executive offices)

53222

(Zip Code)

Registrant's telephone number, including area code: 414-259-5333

Securities registered pursuant to Section 12(b) of the Act:

<u>Title of Each Class</u>	<u>Name of Each Exchange on Which Registered</u>
Common Stock (par value \$0.01 per share)	New York Stock Exchange
Common Share Purchase Rights	New York Stock Exchange
Securities registered pursuant to Section 12(g) of the Act: NONE	

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K. []

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer Smaller reporting company

Non-accelerated filer (Do not check if a smaller reporting company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act).

Yes No

The aggregate market value of Common Stock held by nonaffiliates of the registrant was approximately \$946.7 million based on the reported last sale price of such securities as of December 24, 2009, the last business day of the most recently completed second fiscal quarter.

Number of Shares of Common Stock Outstanding at August 23, 2010: 50,334,962.

Cautionary Statement on Forward-Looking Statements	

This report contains certain forward-looking statements that involve risks and uncertainties that could cause actual results to differ materially from those projected in the forward-looking statements. The words anticipate, believe, could, estimate, expect, forecast, intend, may, plan, project, seek, think, will, and similar expressions are intended to identify forward-looking statements. The forward-looking statements are based on the Company's current views and assumptions and involve risks and uncertainties that include, among other things, the ability to successfully forecast demand for our products and appropriately adjust our manufacturing and inventory levels; changes in our operating expenses; changes in interest rates; the effects of weather on the purchasing patterns of consumers and original equipment manufacturers (OEMs); actions of engine manufacturers and OEMs with whom we compete; the seasonal nature of our business; changes in laws and regulations, including environmental, tax, pension funding and accounting standards; the ability to secure adequate working capital funding and meet related covenants; work stoppages or other consequences of any deterioration in our employee relations; work stoppages by other unions that affect the ability of suppliers or customers to manufacture; acts of war or terrorism that may disrupt our business operations or those of our customers and suppliers; changes in customer and OEM demand; changes in prices of raw materials and parts that we purchase; changes in domestic economic conditions, including housing starts and changes in consumer confidence; changes in the market value of the assets in our defined benefit pension plan and any related funding requirements; changes in foreign economic conditions, including currency rate fluctuations; the ability to bring new productive capacity on line efficiently and with good quality; the ability to successfully realize the maximum market value of assets that may require disposal if products or production methods change; new facts that come to light in the future course of litigation proceedings which could affect our assessment of those matters; and other factors that may be disclosed from time to time in our SEC filings or otherwise, including the factors discussed in Item 1A, Risk Factors, of the Company's Annual Report on Form 10-K and in its periodic reports on Form 10-Q. Some or all of the factors may be beyond our control. We caution you that any forward-looking statement reflects only our belief at the time the statement is made. We undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made.

PART I

ITEM 1. BUSINESS

Briggs & Stratton (the Company) is the world's largest producer of air cooled gasoline engines for outdoor power equipment. Briggs & Stratton designs, manufactures, markets and services these products for original equipment manufacturers (OEMs) worldwide. These engines are aluminum alloy gasoline engines with displacements ranging from 141 to 993 cubic centimeters.

Additionally, through its wholly owned subsidiary, Briggs & Stratton Power Products Group, LLC, Briggs & Stratton is a leading designer, manufacturer and marketer of generators (portable and standby), pressure washers, snow throwers, lawn and garden powered equipment (primarily riding and walk behind mowers and tillers) and related service parts and accessories.

Briggs & Stratton conducts its operations in two reportable segments: Engines and Power Products. Further information about Briggs & Stratton's business segments is contained in Note 7 of the Notes to Consolidated Financial Statements.

The Company's Internet address is www.briggsandstratton.com. The Company makes available free of charge (other than an investor's own Internet access charges) through its Internet website the Company's Annual Report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as soon as reasonably practicable after it electronically files such material with, or furnishes such material to, the Securities and Exchange Commission. Charters of the Audit, Compensation, Nominating and Governance Committees; Corporate Governance Guidelines and code of business conduct and ethics contained in the Briggs & Stratton Business Integrity Manual are available on the Company's website and are available in print to any shareholder upon request to the Corporate Secretary.

Engines

General

Briggs & Stratton's engines are used primarily by the lawn and garden equipment industry, which accounted for 83% of the segment's fiscal 2010 engine sales to OEMs. Major lawn and garden equipment applications include walk-behind lawn mowers, riding lawn mowers, garden tillers and snow throwers. The remaining 17% of engine sales to OEMs in fiscal 2010 were for use on products for industrial, construction, agricultural and other consumer applications, that include generators, pumps and pressure washers. Many retailers specify Briggs & Stratton's engines on the power equipment they sell, and the Briggs & Stratton name is often featured prominently on a product despite the fact that the engine is a component.

In fiscal 2010, approximately 28% of Briggs & Stratton's Engines segment net sales were derived from sales in international markets, primarily to customers in Europe. Briggs & Stratton serves its key international markets through its European regional office in Switzerland, its distribution center in the Netherlands and sales and service subsidiaries and offices in Australia, Austria, Brazil, Canada, China, the Czech Republic, England, France, Germany, Italy, Japan, Mexico, New Zealand, Poland, Russia, South Africa, Sweden and the United Arab Emirates. Briggs & Stratton is a leading supplier of gasoline engines in developed countries where there is an established lawn and garden equipment market. Briggs & Stratton also exports engines to developing nations where its engines are used in agricultural, marine, construction and other applications. More detailed information about our foreign operations is in Note 7 of the Notes to Consolidated Financial Statements.

Briggs & Stratton engines are sold primarily by its worldwide sales force through direct calls on customers. Briggs & Stratton's marketing staff and engineers in the United States provide support and technical assistance to its sales force.

Briggs & Stratton also manufactures replacement engines and service parts and sells them to sales and service distributors. Briggs & Stratton owns its principal international distributors. In the United States the distributors are independently owned and operated. These distributors supply service parts and replacement engines directly to independently owned, authorized service dealers throughout the world. These distributors and service dealers incorporate Briggs & Stratton's commitment to reliability and service.

Customers

Briggs & Stratton's engine sales are made primarily to OEMs. Briggs & Stratton's three largest external engine customers in fiscal years 2010, 2009 and 2008 were Husqvarna Outdoor Products Group (HOP), MTD Products Inc. (MTD) and Deere & Company. Sales to the top three customers combined were 48%, 41% and 42% of Engines segment net sales in fiscal 2010, 2009 and 2008, respectively. Under purchasing plans available to all of its gasoline engine customers, Briggs & Stratton typically enters into annual engine supply arrangements.

Briggs & Stratton believes that in fiscal 2010 more than 80% of all lawn and garden powered equipment sold in the United States was sold through mass merchandisers such as The Home Depot, Inc. (The Home Depot), Lowe's Companies, Inc. (Lowe's), Sears Holdings Corporation (Sears) and Wal-Mart Stores, Inc. (Wal-Mart). Given the buying power of the mass merchandisers, Briggs & Stratton, through its customers, has continued to experience pricing pressure; however, the Company attempts to recover increases in commodity costs through increased pricing.

Competition

Briggs & Stratton's major domestic competitors in engine manufacturing are Honda Motor Co., Ltd. (Honda), Kawasaki Heavy Industries, Ltd. (Kawasaki) and Kohler Co. (Kohler). Several Japanese and Chinese small engine manufacturers, of which Honda and Kawasaki are the largest, compete directly with Briggs & Stratton in world markets in the sale of engines to other OEMs and indirectly through their sale of end products.

Briggs & Stratton believes it has a significant share of the worldwide market for engines that power outdoor equipment.

Briggs & Stratton believes the major areas of competition from all engine manufacturers include product quality, brand strength, price, timely delivery and service. Other factors affecting competition are short-term market share objectives, short-term profit objectives, exchange rate fluctuations, technology, product support and distribution strength. Briggs & Stratton believes its product value and service reputation have given it strong brand name recognition and enhanced its competitive position.

Seasonality of Demand

Sales of engines to lawn and garden OEMs are highly seasonal because of consumer buying patterns. The majority of lawn and garden equipment is sold during the spring and summer months when most lawn care and gardening activities are performed. Sales of lawn and garden equipment are also influenced by consumer sentiment, employment levels, housing starts and weather conditions. Engine sales in Briggs & Stratton's fiscal third quarter have historically been the highest, while sales in the first fiscal quarter have historically been the lowest.

In order to efficiently use its capital investments and meet seasonal demand for engines, Briggs & Stratton pursues a relatively balanced production schedule throughout the year. The schedule is adjusted to reflect changes in estimated demand, customer inventory levels and other matters outside the control of Briggs & Stratton. Accordingly, inventory levels generally increase during the first and second fiscal quarters in anticipation of customer demand. Inventory levels begin to decrease as sales increase in the third fiscal quarter. This seasonal pattern results in high inventories and low cash flow for Briggs & Stratton in the first, second and the beginning of the third fiscal quarters. The pattern results in higher cash flow in the latter portion of the third fiscal quarter and in the fourth fiscal quarter as inventories are liquidated and receivables are collected.

Manufacturing

Briggs & Stratton manufactures engines and parts at the following locations: Auburn, Alabama; Statesboro, Georgia; Murray, Kentucky; Poplar Bluff, Missouri; Wauwatosa, Wisconsin; Chongqing, China; and Ostrava, Czech Republic. Briggs & Stratton has a parts distribution center in Menomonee Falls, Wisconsin.

As announced in April 2007, the Company discontinued operations at the Rolla, Missouri facility during the second fiscal quarter of 2008. Engine manufacturing performed in Rolla was moved to the Chongqing, China and Poplar Bluff, Missouri plants.

Briggs & Stratton manufactures a majority of the structural components used in its engines, including aluminum die castings, carburetors and ignition systems. Briggs & Stratton purchases certain parts such as piston rings, spark plugs, valves, ductile and grey iron castings, plastic components, some stampings and

screw machine parts and smaller quantities of other components. Raw material purchases consist primarily of aluminum and steel. Briggs & Stratton believes its sources of supply are adequate.

Briggs & Stratton has joint ventures with Daihatsu Motor Company for the manufacture of engines in Japan, with Starting Industrial of Japan for the production of rewind starters and punch press components in the United States, and The Toro Company for the manufacture of two-cycle engines in China.

Briggs & Stratton has a strategic relationship with Mitsubishi Heavy Industries (MHI) for the global distribution of air cooled gasoline engines manufactured by MHI in Japan under Briggs & Stratton's Vanguard brand.

Power Products

General

Power Products segment's (Power Products) principal product lines include portable and standby generators, pressure washers, snow throwers and lawn and garden powered equipment. Power Products sells its products through multiple channels of retail distribution, including consumer home centers, warehouse clubs, mass merchants and independent dealers. Power Products product lines are marketed under various brands including Briggs & Stratton, Brute, Craftsman®, Ferris, John Deere®, GE®, Murray, Simplicity, Snapper, Victa and Troy-Bilt®.

Power Products has a network of independent dealers worldwide for the sale and service of snow throwers, standby generators and lawn and garden powered equipment.

To support its international business, Power Products has leveraged the existing Briggs & Stratton worldwide distribution network.

Customers

Historically, Power Products' major customers have been Lowe's, The Home Depot and Sears. Sales to these three customers combined were 33%, 35% and 34% of Power Products segment net sales in fiscal 2010, 2009 and 2008, respectively. Other U.S. customers include Wal-Mart, Deere & Company, Tractor Supply Inc., and a network of independent dealers.

Competition

The principal competitive factors in the power products industry include price, service, product performance, technical innovation and delivery. Power Products has various competitors, depending on the type of equipment. Primary competitors include: Honda (portable generators, pressure washers and lawn and garden equipment), Generac Power Systems, Inc. (portable and standby generators), Techtronic Industries (pressure washers and portable generators), Deere & Company (commercial and consumer lawn mowers), MTD (commercial and consumer lawn mowers), The Toro Company (commercial and consumer lawn mowers), and HOP (commercial and consumer lawn mowers).

Power Products believes it has a significant share of the North American market for portable generators and consumer pressure washers.

Seasonality of Demand

Power Products' sales are subject to seasonal patterns. Due to seasonal and regional weather factors, sales of pressure washers and lawn and garden powered equipment are typically higher during the fiscal third and fourth quarters than at other times of the year. Sales of portable generators and snow throwers are typically higher during the first and second fiscal quarters.

Manufacturing

Power Products' manufacturing facilities are located in Auburn, Alabama; McDonough, Georgia; Munnsville, New York; Newbern, Tennessee; Wauwatosa, Wisconsin; and Sydney, Australia. Power Products also purchases certain powered equipment under contract manufacturing agreements.

As previously disclosed, Power Products ceased operations at the Port Washington, Wisconsin facility during the second quarter of fiscal 2009 and moved production to the McDonough, Georgia; Newbern, Tennessee and Munnsville, New York facilities.

In July 2009, the Company announced plans to close its Jefferson and Watertown, Wisconsin facilities. This production was consolidated during fiscal 2010 into the existing Auburn, Alabama; McDonough, Georgia and Wauwatosa, Wisconsin facilities.

Power Products manufactures core components for its products, where such integration improves operating profitability by providing lower costs.

Power Products purchases engines from its parent, Briggs & Stratton, as well as from Honda, Kawasaki and Kohler. Power Products has not experienced any difficulty obtaining necessary engines or other purchased components.

Power Products assembles products for the international markets at its U.S. and Australian locations and through contract manufacturing agreements with other OEMs.

Consolidated

General Information

Briggs & Stratton holds patents on features incorporated in its products; however, the success of Briggs & Stratton's business is not considered to be primarily dependent upon patent protection. The Company owns several trademarks which it believes significantly affect a consumer's choice of outdoor powered equipment and therefore create value. Licenses, franchises and concessions are not a material factor in Briggs & Stratton's business.

For the fiscal years ended June 27, 2010, June 28, 2009 and June 29, 2008, Briggs & Stratton spent approximately \$22.3 million, \$23.0 million and \$26.5 million, respectively, on research activities relating to the development of new products or the improvement of existing products.

The average number of persons employed by Briggs & Stratton during fiscal 2010 was 6,545. Employment ranged from a low of 6,362 in June 2010 to a high of 6,742 in November 2009.

Export Sales

Export sales for fiscal 2010, 2009 and 2008 were \$396.7 million (20% of net sales), \$399.6 million (19% of net sales) and \$469.9 million (22% of net sales), respectively. These sales were principally to customers in European countries. Refer to Note 7 of the Notes to Consolidated Financial Statements for financial information about geographic areas. Also, refer to Item 7A of this Form 10-K and Note 14 of the Notes to Consolidated Financial Statements for information about Briggs & Stratton's foreign exchange risk management.

ITEM 1A. RISK FACTORS

In addition to the risks referred to elsewhere in this Annual Report on Form 10-K, the following risks, among others, may have affected, and in the future could affect, the Company and its subsidiaries' business, financial condition or results of operations. Additional risks not discussed or not presently known to the Company or that the Company currently deems insignificant may also impact its business and stock price.

Demand for products fluctuates significantly due to seasonality. In addition, changes in the weather and consumer confidence impact demand.

Sales of our products are subject to seasonal and consumer buying patterns. Consumer demand in our markets can be reduced by unfavorable weather and weak consumer confidence. Although we manufacture throughout the year, our sales are concentrated in the second half of our fiscal year. This operating method requires us to anticipate demand of our customers many months in advance. If we overestimate or underestimate demand during a given year, we may not be able to adjust our production quickly enough to avoid excess or insufficient inventories, and that may in turn limit our ability to maximize our potential sales or maintain optimum working capital levels.

We have only a limited ability to pass through cost increases in our raw materials to our customers during the year.

We generally enter into annual purchasing plans with our largest customers, so our ability to raise our prices during a particular year to reflect increased raw materials costs is limited.

A significant portion of our net sales comes from major customers and the loss of any of these customers would negatively impact our financial results.

In fiscal 2010, our three largest customers accounted for 37% of our consolidated net sales. The loss of a significant portion of the business of one or more of these key customers would significantly impact our net sales and profitability.

Changes in environmental or other laws could require extensive changes in our operations or to our products.

Our operations and products are subject to a variety of foreign, federal, state and local laws and regulations governing, among other things, emissions to air, discharges to water, noise, the generation, handling, storage, transportation, treatment and disposal of waste and other materials and health and safety matters. Additional engine emission regulations were phased in through 2008 by the State of California, and will be phased in between 2009 and 2012 by the U.S. Environmental Protection Agency. We do not expect these changes to have a material adverse effect on us, but we cannot be certain that these or other proposed changes in applicable laws or regulations will not adversely affect our business or financial condition in the future.

Foreign economic conditions and currency rate fluctuations can reduce our sales.

In fiscal 2010, we derived approximately 25% of our consolidated net sales from international markets, primarily Europe. Weak economic conditions in Europe could reduce our sales and currency fluctuations could adversely affect our sales or profit levels in U.S. dollar terms.

Actions of our competitors could reduce our sales or profits.

Our markets are highly competitive and we have a number of significant competitors in each market. Competitors may reduce their costs, lower their prices or introduce innovative products that could adversely affect our sales or profits. In addition, our competitors may focus on reducing our market share to improve their results.

Disruptions caused by labor disputes or organized labor activities could harm our business.

Currently, 10% of our workforce is represented by labor unions. In addition, we may from time to time experience union organizing activities in our non-union facilities. Disputes with the current labor union or new union organizing activities could lead to work slowdowns or stoppages and make it difficult or impossible for us to meet scheduled delivery times for product shipments to our customers, which could result in loss of business. In addition, union activity could result in higher labor costs, which could harm our financial condition, results of operations and competitive position.

As of August 1, 2010, a collective bargaining agreement between our Company and one of our unions covering approximately 430 jobs in the Milwaukee, Wisconsin area expired. These employees continue working without a contract while negotiations with the union continue. Although we believe a work stoppage is unlikely, we have contingency plans in place including higher levels of component inventories. However, prolonged work stoppages could have an adverse impact on our operating results or financial position.

Our level of debt and our ability to obtain debt financing could adversely affect our operating flexibility and put us at a competitive disadvantage.

Our level of debt and the limitations imposed on us by the indenture for the notes and our other credit agreements could have important consequences, including the following:

we will have to use a portion of our cash flow from operations for debt service rather than for our operations;

we may not be able to obtain additional debt financing for future working capital, capital expenditures or other corporate purposes or may have to pay more for such financing;

some or all of the debt under our current or future revolving credit facilities will be at a variable interest rate, making us more vulnerable to increases in interest rates;

we could be less able to take advantage of significant business opportunities, such as acquisition opportunities, and to react to changes in market or industry conditions;

we may be more vulnerable to general adverse economic and industry conditions; and

we may be disadvantaged compared to competitors with less leverage.

The terms of the indenture for the senior notes do not fully prohibit us from incurring substantial additional debt in the future and our revolving credit facilities permit additional borrowings, subject to certain conditions. As incremental debt is added to our current debt levels, the related risks we now face could intensify.

We expect to obtain the money to pay our expenses and to pay the principal and interest on the outstanding 8.875% senior notes that are due in March 2011, the credit facilities and other debt primarily from our operations or by refinancing part of our existing debt. Our ability to meet our expenses thus depends on our future performance, which will be affected by financial, business, economic and other factors. We will not be able to control many of these factors, such as economic conditions in the markets where we operate and pressure from competitors. We cannot be certain that the money we earn will be sufficient to allow us to pay principal and interest on our debt and meet our other obligations. If we do not have enough money, we may be required to refinance all or part of our existing debt, sell assets or borrow more money. We cannot guarantee that we will be able to do so on terms acceptable to us. In addition, the terms of existing or future debt agreements, including the revolving credit facilities and our indentures, may restrict us from adopting certain of these alternatives.

We are restricted by the terms of the outstanding senior notes and our other debt, which could adversely affect us.

The indenture relating to the senior notes and our revolving credit agreement include a number of financial and operating restrictions, which may prevent us from capitalizing on business opportunities and taking some corporate actions. These covenants could adversely affect us by limiting our ability to plan for or react to market conditions or to meet our capital needs. These covenants include, among other things, restrictions on our ability to:

pay dividends or make distributions in respect of our capital stock or to make certain other restricted payments;

incur indebtedness or issue preferred shares;

create liens;

make loans or investments;

enter into sale and leaseback transactions;

agree to payment restrictions affecting our restricted subsidiaries;

consolidate or merge with other entities, sell or lease all or substantially all of our assets;

enter into transactions with affiliates; and

dispose of assets or the proceeds of sales of our assets.

In addition, our revolving credit facility contains financial covenants that, among other things, require us to maintain a minimum interest coverage ratio and impose a maximum leverage ratio.

Our failure to comply with the restrictive covenants described above could result in an event of default, which, if not cured or waived, could result in us being required to repay these borrowings before their due date. Non-cash charges, including goodwill impairment, could impact our covenant compliance. If we are forced to refinance these borrowings on less favorable terms, our results of operations and financial condition could be adversely affected by increased costs and rates.

Current worldwide economic conditions may adversely affect our industry, business and results of operations.

General worldwide economic conditions have experienced a downturn due to the sequential effects of the subprime lending crisis, general credit market crisis, collateral effects on the finance and banking industries, increased energy costs, concerns about inflation, slower economic activity, decreased consumer confidence, reduced corporate profits and capital spending, adverse business conditions and liquidity concerns. These conditions make it difficult for our customers, our vendors and us to accurately forecast and plan future business activities, and they may cause U.S. and foreign OEMs and consumers to slow spending on our products. We cannot predict the timing or duration of any economic slowdown or the timing or strength of a subsequent economic recovery, worldwide or in the specific end markets we serve. If the consumer and commercial lawn and garden markets significantly deteriorate due to these economic effects, our business, financial condition and results of operations will likely be materially and adversely affected. Additionally, our

stock price could decrease if investors have concerns that our business, financial condition and results of operations will be negatively impacted by a worldwide economic downturn.

As of June 27, 2010, goodwill was 15% of our total assets, and if we determine that goodwill has become impaired in the future, net income in such years may be adversely affected.

Goodwill represents the excess of cost over the fair market value of net assets acquired in business combinations. We review goodwill and other intangibles at least annually for impairment and any excess in carrying value over its implied fair value is charged to the results of operations. A reduction in net income resulting from the write down or impairment of goodwill would affect financial results and could have an adverse impact upon the market price of our common stock. Adverse economic conditions could result in circumstances, such as a sustained decline in our stock price and market capitalization or a decrease in our forecasted cash flows such that they are insufficient, indicating that the carrying value of our goodwill may be impaired. If we are required to record a significant charge to earnings in our consolidated financial statements because an impairment of goodwill is determined, our results of operations will be adversely affected.

We are subject to litigation, including product liability and warranty claims, that may adversely affect our business and results of operations.

We are a party to litigation that arises in the normal course of our business operations, including product warranty and liability (strict liability and negligence) claims, contract disputes and environmental, asbestos, employment and other litigation matters. We face an inherent business risk of exposure to product liability and warranty claims in the event that the use of our products is alleged to have resulted in injury or other damage. While we currently maintain general liability and product liability insurance coverage in amounts that we believe are adequate, we cannot be sure that we will be able to maintain this insurance on acceptable terms or that this insurance will provide sufficient coverage against potential liabilities that may arise. Any claims brought against us, with or without merit, may have an adverse effect on our business and results of operations as a result of potential adverse outcomes, the expenses associated with defending such claims, the diversion of our management's resources and time and the potential adverse effect to our business reputation.

We have a defined benefit pension plan and future legislation or regulations intended to reform the funding and reporting of pension benefit plans could adversely affect our operating results and cash flows, as could changes in market conditions that impact the assumptions we use to measure our liabilities under these plans.

Legislators and agencies of the U.S. government have proposed legislation and regulations to amend, restrict or eliminate various features of, and mandate additional funding of, pension benefit plans that could create significant volatility in our operating results. If legislation or new regulations are adopted, we may be required to contribute additional cash to these plans, in excess of our current estimates. Market volatility in interest rates, investment returns and other factors could also adversely affect the funded status of our pension plans and require that we contribute additional cash to these plans.

Our dependence on, and the price of, raw materials may adversely affect our profits.

The principal raw materials used to produce our products are aluminum, copper and steel. We source raw materials on a global or regional basis, and the prices of those raw materials are susceptible to significant price fluctuations due to supply/demand trends, transportation costs, government regulations and tariffs, changes in currency exchange rates, price controls, the economic climate and other unforeseen circumstances. If we are unable to pass on raw material price increases to our customers, our future profitability may be adversely affected.

We may be adversely affected by health and safety laws and regulations.

We are subject to various laws and regulations relating to the protection of human health and safety and have incurred and will continue to incur capital and other expenditures to comply with these regulations. Failure to comply with regulations could subject us to future liabilities, fines or penalties or the suspension of production.

The operations and success of our Company can be impacted by natural disasters, terrorism, acts of war, international conflict and political and governmental actions, which could harm our business.

Natural disasters, acts or threats of war or terrorism, international conflicts and the actions taken by the United States and other governments in response to such events could cause damage or disrupt our business operations, our suppliers or our customers, and could create political or economic instability, any of which could have an adverse effect on our business. Although it is not possible to predict such events or their consequences, these events could decrease demand for our products, could make it difficult or impossible for us to deliver products or could disrupt our supply chain. We may also be impacted by actions by foreign governments, including currency devaluation, tariffs and nationalization, where our facilities are located, which could disrupt manufacturing and commercial operations.

We are subject to tax laws and regulations in many jurisdictions, and the inability to successfully defend claims from taxing authorities could adversely affect our operating results and financial position.

We conduct business in many countries, which requires us to interpret the income tax laws and rulings in each of those taxing jurisdictions. Due to the subjectivity of tax laws between those jurisdictions as well as the subjectivity of factual interpretations, our estimates of income tax liabilities may differ from actual payments or assessments. Claims from taxing authorities related to these differences could have an adverse impact on our operating results and financial position.

If we fail to remain current with changes in gasoline engine technology or if the technology becomes less important to customers in our markets due to the impact of alternative fuels, our results would be negatively affected.

Our ability to remain current with changes in gasoline engine technology may significantly affect our business. Any advances in gasoline engine technology, including the impact of alternative fuels, may inhibit our ability to compete with other manufacturers. Our competitors may also be more effective and efficient at integrating new technologies. In addition, developing new manufacturing technologies and capabilities requires a significant investment of capital. There can be no assurance that our products will remain competitive in the future or that we will continue to be able to timely implement innovative manufacturing technologies.

Through our Power Products segment, we compete with certain customers of our Engines segment, thereby creating inherent channel conflict that may impact the actions of engine manufacturers and OEMs with whom we compete.

Through our Power Products segment, we compete with certain customers of our Engines segment. Any further forward integration of our products may strain relationships with OEMs that are significant customers of our Engines segment.

The financial stability of our suppliers and the ability of our suppliers to produce quality materials could adversely affect our ability to obtain timely and cost-effective raw materials.

The loss of certain of our suppliers or interruption of production at certain suppliers from adverse financial conditions, work stoppages, equipment failures or other unfavorable events would adversely affect our ability to obtain raw materials and other inputs used in the manufacturing process. Our cost of purchasing raw materials and other inputs used in the manufacturing process could be higher and could temporarily affect our ability to produce sufficient quantities of its products, which could harm our financial condition, results of operations and competitive position.

We have implemented, and Wisconsin law contains, anti-takeover provisions that may adversely affect the rights of holders of our common stock.

Our articles of incorporation contain provisions that could have the effect of discouraging or making it more difficult for someone to acquire us through a tender offer, a proxy contest or otherwise, even though such an acquisition might be economically beneficial to our shareholders. These provisions include a board of directors divided into three classes of directors serving staggered terms of three years each and the removal of directors only for cause and only with the affirmative vote of a majority of the votes entitled to be cast in an election of directors.

Each currently outstanding share of our common stock includes, and each newly issued share of our common stock will include, a common share purchase right. The rights are attached to and trade with the shares of common stock and are exercisable only under limited circumstances. The rights will become exercisable if a person or group acquires, or announces an intention to acquire, 20% or more of our outstanding common stock, subject to certain exceptions. The rights have some anti-takeover effects and generally will cause substantial dilution to a person or group that attempts to acquire control of us without conditioning the offer on either redemption of the rights or amendment of the rights to prevent this dilution. The rights could have the effect of delaying, deferring or preventing a change of control.

We are subject to the Wisconsin Business Corporation Law, which contains several provisions that could have the effect of discouraging non-negotiated takeover proposals or impeding a business combination. These provisions include:

requiring a supermajority vote of shareholders, in addition to any vote otherwise required, to approve business combinations not meeting adequacy of price standards;

prohibiting some business combinations between an interested shareholder and us for a period of three years, unless the combination was approved by our board of directors prior to the time the shareholder became a 10% or greater beneficial owner of our shares or under some other circumstances;

limiting actions that we can take while a takeover offer for us is being made or after a takeover offer has been publicly announced; and

limiting the voting power of shareholders who own more than 20% of our stock.

Our common stock is subject to substantial price and volume fluctuations.

The market price of shares of our common stock may be volatile. Among the factors that could affect our common stock price are those previously discussed, as well as:

quarterly fluctuation in our operating income and earnings per share results;

decline in demand for our products;

significant strategic actions by our competitors, including new product introductions or technological advances;

fluctuations in interest rates;

cost increases in energy, raw materials or labor;

changes in revenue or earnings estimates or publication of research reports by analysts; and

domestic and international economic and political factors unrelated to our performance.

In addition, the stock markets have experienced extreme volatility that has often been unrelated to the operating performance of particular companies. These broad market fluctuations may adversely affect the trading price of our common stock.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

Briggs & Stratton maintains leased and owned manufacturing, office, warehouse, distribution and testing facilities throughout the world. The Company believes that its owned and leased facilities are adequate to perform its operations in a reasonable manner. As Briggs & Stratton's business is seasonal, additional warehouse space may be leased when inventory levels are at their peak. Facilities in the United States occupy approximately 7.3 million square feet, of which 53% is owned. Facilities outside of the United States occupy approximately 850 thousand square feet, of which 42% is owned. Certain of the Company's facilities are leased through operating and capital lease agreements. See Note 8 to the Consolidated Financial Statements for information on the Company's operating and capital leases.

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

The following table provides information about each of the Company's facilities (exceeding 25,000 square feet) as of June 27, 2010:

Location	Type of Property	Owned/Leased	Segment
<i>U.S. Locations:</i>			
Auburn, Alabama	Manufacturing and office	Owned and Leased	Engines, Power Products
McDonough, Georgia	Manufacturing, office and warehouse	Owned and Leased	Power Products
Statesboro, Georgia	Manufacturing and office	Owned and Leased	Engines
Murray, Kentucky	Manufacturing and office	Owned and Leased	Engines
Poplar Bluff, Missouri	Manufacturing and office	Owned and Leased	Engines
Reno, Nevada	Warehouse	Leased	Power Products
Munnsville, New York	Manufacturing and office	Owned	Power Products
Sherrill, New York	Warehouse	Leased	Power Products
Lawrenceburg, Tennessee	Office	Leased	Power Products
Dyersburg, Tennessee	Warehouse	Leased	Power Products
Newbern, Tennessee	Manufacturing and office	Leased	Power Products
Grand Prairie, Texas	Warehouse	Leased	Power Products
Brookfield, Wisconsin	Office	Leased	Power Products
Menomonee Falls, Wisconsin	Distribution and office	Leased	Engines
Jefferson, Wisconsin	Manufacturing, office and warehouse	Owned and Leased	Power Products
Wauwatosa, Wisconsin	Manufacturing, office and warehouse	Owned	Engines, Power Products, Corporate
<i>Non-U.S. Locations:</i>			
Melbourne, Australia	Office	Leased	Engines
Sydney, Australia	Manufacturing and office	Leased	Power Products
Mississauga, Canada	Office and warehouse	Leased	Power Products
Chongqing, China	Manufacturing and office	Owned	Engines
Shanghai, China	Office	Leased	Engines
Ostrava, Czech Republic	Manufacturing and office	Owned	Engines
Nijmegen, Netherlands	Distribution and office	Leased	Engines

ITEM 3. LEGAL PROCEEDINGS

Briggs & Stratton is subject to various unresolved legal actions that arise in the normal course of its business. These actions typically relate to product liability (including asbestos-related liability), patent and trademark matters, and disputes with customers, suppliers, distributors and dealers, competitors and employees.

Starting with the first complaint in June 2004, various plaintiff groups filed complaints in state and federal courts across the country against the Company and other engine and lawnmower manufacturers alleging that the horsepower labels on the products they purchased were inaccurate and that the Company conspired with other engine and lawnmower manufacturers to conceal the true horsepower of these engines. In May 2008, a putative nationwide class of plaintiffs pursuing these claims was dismissed without prejudice by Judge Murphy of the United States District Court for the Southern District of Illinois. Since that time plaintiffs filed 66 separate class actions in 49 states across the country seeking to certify 52 separate classes of all persons in each of the 50 states, Puerto Rico and the District of Columbia who purchased a lawnmower containing a gasoline combustion engine up to 30 horsepower from 1994 to the present (Horsepower Class Actions). In these Horsepower Class Actions, plaintiffs seek injunctive relief, compensatory and punitive damages, and attorneys' fees. Plaintiffs also filed state and federal antitrust and RICO claims and seek a nationwide class based on these claims.

On September 25, 2008, the Company, along with all other defendants, filed a motion with the Judicial Panel on Multidistrict Litigation seeking to transfer all pending actions to a single federal court for coordinated pretrial proceedings. On December 5, 2008, the Multidistrict Litigation Panel granted the motion and transferred the cases to Judge Adelman of the United States District Court for the Eastern District of Wisconsin (In Re: Lawnmower Engine Horsepower Marketing and Sales Practices Litigation, Case

No. 2:08-md-01999). On January 27, 2009, Judge Adelman entered a stay of all litigation so that the parties could conduct mediation in an effort to resolve all outstanding litigation.

On February 24, 2010, the Company entered into a Stipulation of Settlement (Settlement) that, if given final court approval, will resolve all of the Horsepower Class Actions. Other parties to the Settlement are Sears, Roebuck and Co., Sears Holdings Corporation, Kmart Holdings Corporation, Deere & Company, Tecumseh Products Company, The Toro Company, Electrolux Home Products, Inc. and Husqvarna Outdoor Products, Inc. (now known as Husqvarna Consumer Outdoor Products, N.A., Inc.) (collectively with the Company referred to below as the Settling Defendants). All other defendants settled all claims separately. As part of the Settlement, the Company denies any and all liability and seeks resolution to avoid further protracted and expensive litigation. If finally approved, the Settlement resolves all horsepower-labeling claims brought by all persons or entities in the United States who, beginning January 1, 1994 through the date notice of the Settlement is first given, purchased, for use and not for resale, a lawn mower containing a gas combustible engine up to 30 horsepower provided that either the lawn mower or the engine of the lawn mower was manufactured or sold by a Defendant.

As part of the Settlement, the Settling Defendants as a group agreed to pay an aggregate amount of \$51 million. However, the monetary contribution of each of the Settling Defendants is confidential. In addition, the Company, along with the other Settling Defendants, agreed to injunctive relief regarding their future horsepower labeling, as well as procedures that will allow purchasers of lawnmower engines to seek a one-year extended warranty free of charge.

On February 26, 2010, Judge Adelman preliminarily approved the Settlement, certified a settlement class, appointed settlement class counsel, and stayed all proceedings against all the Settling Defendants. On March 11, 2010, Judge Adelman entered an order approving a notice plan for the Settlement, and set an approval hearing to determine the fairness of the Settlement, and whether final judgment should be entered thereon. On June 22, 2010, the Court conducted a hearing on the fairness of the Settlement at which class counsel and the Settling Defendants sought approval of the Settlement. At this hearing numerous class members appeared through counsel and presented objections to the Settlement.

On August 16, 2010 Judge Adelman issued an opinion and order that finally approved the Settlement as well as separate orders that finally approved the settlements of all defendants. Judge Adelman's opinion and order found all settlements to be in good faith and dismissed the claims of all class members with prejudice. On August 23, 2010 several class members filed a Notice of Appeal of Judge Adelman's final approval orders to the United States Court of Appeals for the Seventh Circuit. Under the terms of the Settlement, the balance of settlement funds will not be due, and the one-year warranty extension program will not begin, until after all appeals from Judge Adelman's order finally approving the Settlement are resolved.

As a result of the pending Settlement, the Company recorded a total charge of \$30.6 million in the third quarter of fiscal year 2010 representing the total of the Company's monetary portion of the Settlement and the estimated costs of extending the warranty period for one year. The timing of payments required as a result of the Settlement is not yet determined, but is not expected to be within the next twelve months. The amount has been included as a Litigation Settlement expense reducing income from operations on the Consolidated Statement of Earnings.

On March 19, 2010, new plaintiffs filed a complaint in the Ontario Superior Court of Justice in Canada (Robert Foster et al. v. Sears Canada, Inc. et al., Docket No. 766-2010). On May 3, 2010, other plaintiffs filed a complaint in the Montreal Superior Court in Canada (Eric Liverman, et al. v. Deere & Company, et al., Docket No. 500-06-000507-109). Both Canadian complaints contain allegations and seek relief under Canadian law that are similar to the U.S. litigation. The Company is evaluating the complaints and has not yet filed an answer or other responsive pleading to either one. We are unable to estimate any financial exposure we have as a result of this lawsuit. However, given the size of the Canadian market and revisions to the Company's power labeling practices in recent years, it is not likely the litigation would have a material adverse effect on its results of operations, financial position, or cash flows.

On May 14, 2010, the Company notified retirees and certain retirement eligible employees of various changes to the company-sponsored retiree medical plans. The purpose of the amendments was to better align the plans offered to both hourly and salaried retirees. On August 16, 2010, a putative class of retirees who retired prior to August 1, 2006 and the United Steel Workers filed a complaint in the Eastern District of Wisconsin (Merrill, Weber, Carpenter, et al.; United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO/CLC v. Briggs & Stratton

Corporation; Group Insurance Plan of Briggs & Stratton Corporation; and Does 1 through 20, Docket No. 10-C-0700), contesting the Company's right to make these changes. In addition to a request for class certification, the complaint seeks an injunction preventing the alleged unilateral termination or reduction in insurance coverage to the class of retirees, a permanent injunction preventing defendants from ever making changes to the retirees' insurance coverage, restitution with interest (if applicable) and attorneys' fees and costs. The Company is currently evaluating the complaint and believes the changes are within its rights. However, at this early stage, no determination can be made as to the likely outcome of this matter.

Although it is not possible to predict with certainty the outcome of these unresolved legal actions or the range of possible loss, the Company believes the unresolved legal actions will not have a material adverse effect on its financial position.

ITEM 4. (REMOVED AND RESERVED)

Not applicable.

Executive Officers of the Registrant

Name, Age, Position	Business Experience for Past Five Years
TODD J. TESKE, 45 President and Chief Executive Officer (1)(2)	Mr. Teske was elected to his current position effective January 2010 after serving as President and Chief Operating Officer since September 2008. He previously served as Executive Vice President and Chief Operating Officer since September 2005. He previously served as Senior Vice President and President Briggs & Stratton Power Products Group, LLC from September 2003 to August 2005. Mr. Teske also serves as a director of Badger Meter, Inc.
JAMES E. BRENN, 62 Senior Vice President	Mr. Brenn was elected to his current position effective June 28, 2010. Previously he served as Senior Vice President and Chief Financial Officer from 1988 to 2010, after serving as Vice President and Controller since November 1988.
RANDALL R. CARPENTER, 53 Vice President Marketing	Mr. Carpenter was elected to his current position effective September 2009. He served as Vice President Marketing since May 2007. He was previously Vice President Marketing and Product Development for Royal Appliance Manufacturing from 2005 to 2007. He was an Independent Marketing Consultant from 2004 to 2005.
DAVID G. DEBAETS, 47 Vice President North American Operations (Engine Power Products Group)	Mr. DeBaets was elected to his current position effective September 2007. He has served as Vice President and General Manager Large Engine Division since April 2000.
ROBERT F. HEATH, 62 Vice President, General Counsel and Secretary	Mr. Heath was elected to his current position in February 2010. He previously was elected as Secretary January 2002. He has served as Vice President and General Counsel since January 2001.
HAROLD L. REDMAN, 45 Senior Vice President and President Home Power Products Group	Mr. Redman was elected to his current position effective September 2009 after serving as Vice President and President Home Power Products Group since May 2006. He also served as Senior Vice President Sales & Marketing Simplicity Manufacturing, Inc. since July 1995.
WILLIAM H. REITMAN, 54 Senior Vice President Sales & Customer Support	Mr. Reitman was elected to his current position effective September 2007, after serving as Senior Vice President Sales & Marketing since May 2006, and Vice President Sales & Marketing since October 2004. He also served as Vice President Marketing since November 1995.
DAVID J. RODGERS, 39 Senior Vice President and Chief Financial Officer	Mr. Rodgers was elected as Senior Vice President and Chief Financial Officer effective June 28, 2010 after serving as Vice President Finance since February 2010. He was elected an executive officer in September 2007 and served as Controller from December 2006 to February 2010. He was previously employed by Roundy's Supermarkets, Inc. as Vice President Corporate Controller from September 2005 to November 2006 and Vice President Retail Controller from May 2003 to August 2005.
THOMAS R. SAVAGE, 62 Senior Vice President Administration	Mr. Savage was elected to his current position effective July 1997.

VINCENT R. SHIELY, 50

Senior Vice President and President

Yard Power Products Group (3)

Mr. Shiely was elected to his current position effective May 2006, after serving as Vice President and President Home Power Products Group since September 2005. He also served as Vice President and General Manager Home Power Products Division October 2004 to September 2005. He previously served as Vice President and General Manager Engine Products Group since September 2002.

CARITA R. TWINEM, 55

Treasurer

Ms. Twinem was elected to her current position in February 2000. In addition, Ms. Twinem is Tax Director and has served in this position since July 1994.

JOSEPH C. WRIGHT, 51

Senior Vice President and President

Engine Power Products Group

Mr. Wright was elected to his current position in May 2006 after serving as Vice President and President Yard Power Products Group since September 2005. He also served as Vice President and General Manager Lawn and Garden Division from September 2004 to September 2005. He was elected an executive officer effective September 2002.

(1) Officer is also a Director of Briggs & Stratton.

(2) Member of the Board of Directors Executive Committee.

(3) Vincent R. Shiely is the brother of John S. Shiely. John S. Shiely currently serves as a Director and Chairman of the Board.

Officers are elected annually and serve until they resign, die, are removed, or a different person is appointed to the office.

PART II

ITEM 5. MARKET FOR THE REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Briggs & Stratton common stock and its common share purchase rights are traded on the NYSE under the symbol BGG. Information required by this Item is incorporated by reference from the Quarterly Financial Data, Dividend and Market Information (unaudited), included in Item 8 of this report.

Changes in Securities, Use of Proceeds and Issuer Purchases of Equity Securities

Briggs & Stratton did not make any purchases of equity securities registered by the Company pursuant to Section 12 of the Exchange Act during the fourth quarter of fiscal 2010.

Five-year Stock Performance Graph

The chart below is a comparison of the cumulative return over the last five fiscal years had \$100 been invested at the close of business on June 30, 2005 in each of Briggs & Stratton common stock, the Standard & Poor's (S&P) Smallcap 600 Index and the S&P Machinery Index.

(2) Included in working capital as of June 27, 2010 is a Current Maturity of Long-Term Debt of \$203,460.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations

FISCAL 2010 COMPARED TO FISCAL 2009

Net Sales

Fiscal 2010 consolidated net sales were approximately \$2.03 billion, a decrease of \$64.3 million compared to the previous year. This decrease is primarily attributable to reduced generator shipment volumes due to the absence of landed hurricanes as well as lower average prices for engines.

Engines segment net sales in fiscal 2010 were \$1.40 billion compared to \$1.41 billion in fiscal 2009, a decrease of \$7.4 million or 0.5%. Total engine volumes for the year were essentially flat as an increase in engines used in lawn and garden applications was offset by reduced demand for engines for portable generators due to no landed hurricane activity. Lower average prices during the year were effectively offset by a favorable mix of higher priced engines shipped for use on riding equipment and a slightly favorable foreign currency impact.

Power Products segment net sales in fiscal 2010 were \$814.3 million compared to \$892.9 million in fiscal 2009, a \$78.6 million decrease or 8.8%. The net sales decrease for the year was the result of decreased portable generator sales volume due to the absence of any landed hurricanes in fiscal 2010 partially offset by higher volumes of other power products.

Gross Profit

Consolidated gross profit was \$379.9 million in fiscal 2010 compared to \$333.7 million in fiscal 2009, an increase of \$46.3 million or 13.9%. In fiscal 2009 a \$5.8 million pretax (\$3.5 million after tax) expense was recorded associated with the closing of the Jefferson and Watertown, WI manufacturing facilities. After considering the impact of the closure of the Jefferson and Watertown, WI facilities, consolidated gross profit increased due to reduced manufacturing costs, lower commodity costs and planned manufacturing cost savings.

Engines segment gross profit increased to \$308.5 million in fiscal 2010 from \$266.3 million in fiscal 2009, an increase of \$42.2 million. Engines segment gross profit margins increased to 21.9% in fiscal 2010 from 18.8% in fiscal 2009. The gross profit increase year over year was the result of lower manufacturing costs, lower commodity costs, a favorable mix of product shipped that reflected higher priced units and improved productivity, offset by lower average sales prices.

The Power Products segment gross profit increased to \$79.5 million in fiscal 2010 from \$67.5 million in fiscal 2009, an increase of \$12.0 million. The Power Products segment gross profit margins increased to 9.8% in fiscal 2010 from 7.6% in fiscal 2009. Included in the Power Products segment gross profit was a \$4.6 million impairment expense recorded in fiscal 2009 associated with the closing of the Jefferson, WI manufacturing facility. In addition to the Jefferson closure, the gross profit increase primarily resulted from lower manufacturing costs, primarily related to lower commodity costs and planned cost savings initiatives. The improvements were partially offset by lower sales and production volumes primarily related to the significantly lower portable generator production and shipments in fiscal 2010.

Engineering, Selling, General and Administrative Costs

Engineering, selling, general and administrative costs increased to \$280.2 million in fiscal 2010 from \$265.3 million in fiscal 2009, an increase of \$14.9 million. Engineering, selling, general and administrative costs as a percent of sales increased to 13.8% in fiscal 2010 from 12.7% in fiscal 2009.

The increase in engineering, selling, general and administrative expenses was primarily due to increased salaries and fringes of \$20.7 million. Offsetting these increases were reduced marketing expenses of \$6.5 million.

Litigation Settlement

On February 24, 2010, the Company entered into a Stipulation of Settlement (Settlement) that, if given final court approval, will resolve over 65 class-action lawsuits that have been filed against Briggs & Stratton and other engine and lawnmower manufacturers alleging, among other things, misleading power labeling on its lawnmower engines. Other parties to the Settlement are Sears, Roebuck and Co., Sears Holdings Corporation, Kmart Holdings Corporation, Deere & Company, Tecumseh Products Company, The Toro Company, Electrolux

Home Products, Inc. and Husqvarna Outdoor Products, Inc. (now known as Husqvarna Consumer Outdoor Products, N.A., Inc.) (collectively with the Company referred to below as the Settling Defendants). All other defendants settled all claims separately. As part of the Settlement, the Company denies any and all liability and seeks resolution to avoid further protracted and expensive litigation. If finally approved, the Settlement resolves all horsepower-labeling claims brought by all persons or entities in the United States who, beginning January 1, 1994 through the date notice of the Settlement is first given, purchased, for use and not for resale, a lawn mower containing a gas combustible engine up to 30 horsepower provided that either the lawn mower or the engine of the lawn mower was manufactured or sold by a Defendant.

As part of the Settlement, the Settling Defendants as a group agreed to pay an aggregate amount of \$51 million. However, the monetary contribution of the each of the Settling Defendants is confidential. In addition, the Company, along with the other Settling Defendants, agreed to injunctive relief regarding their future horsepower labeling, as well as procedures that will allow purchasers of lawnmower engines to seek a one-year extended warranty free of charge.

On February 26, 2010, Judge Adelman preliminarily approved the Settlement, certified a settlement class, appointed settlement class counsel, and stayed all proceedings against all the Settling Defendants. On March 11, 2010, Judge Adelman entered an order approving a notice plan for the Settlement, and set an approval hearing to determine the fairness of the Settlement, and whether final judgment should be entered thereon. On June 22, 2010, the Court conducted a hearing on the fairness of the Settlement at which class counsel and the Settling Defendants sought approval of the Settlement. At this hearing numerous class members appeared through counsel and presented objections to the Settlement.

On August 16, 2010 Judge Adelman issued an opinion and order that finally approved the Settlement as well as separate orders that finally approved the settlements of all defendants. Judge Adelman's opinion and order found all settlements to be in good faith and dismissed the claims of all class members with prejudice. On August 23, 2010 several class members filed a Notice of Appeal of Judge Adelman's final approval orders to the United States Court of Appeals for the Seventh Circuit. Under the terms of the Settlement, the balance of settlement funds will not be due, and the one-year warranty extension program will not begin, until after all appeals from Judge Adelman's order finally approving the Settlement are resolved.

As a result of the pending Settlement, the Company recorded a total charge of \$30.6 million in the third quarter of fiscal year 2010 representing the total of the Company's monetary portion of the Settlement and the estimated costs of extending the warranty period for one year. The amount has been included as a Litigation Settlement expense reducing income from operations on the Statement of Earnings.

Interest Expense

Interest expense decreased \$4.7 million in fiscal 2010 compared to fiscal 2009. The decrease is attributable to lower average borrowings between years for working capital requirements, offset by premiums paid on repurchases of outstanding senior notes.

Other Income

Other income increased \$3.2 million in fiscal 2010 as compared to fiscal 2009. This increase is primarily due to a \$2.6 million increase in equity in earnings from unconsolidated affiliates.

Provision for Income Taxes

The effective tax rate was 25.4% for fiscal year 2010 and 20.9% for fiscal year 2009. The fiscal 2010 effective tax rate is less than the statutory 35% rate primarily due to the Company's ability to exclude from taxable income a portion of the distributions received from investments and from the resolution of prior period tax matters. The fiscal 2009 effective tax rate was reduced due to the Company's ability to exclude from taxable income a portion of the distributions received from investments, from the resolution of prior period tax matters and increased foreign tax credits.

FISCAL 2009 COMPARED TO FISCAL 2008

Net Sales

Fiscal 2009 consolidated net sales were approximately \$2.09 billion, a decrease of \$59.2 million compared to the previous year. This decrease is attributable to the net effect of reduced shipment volumes, primarily related to lawn and garden equipment in the Power Products segment, unfavorable currency exchange rates, primarily the

Euro, and a mix of shipments reflecting lower priced units. Partially offsetting the consolidated net sales decrease were sales of \$39.5 million included in the results for the first time this year from the June 30, 2008 acquisition of Victa Lawncare Pty. Ltd., increased portable generator sales volume due to weather events and pricing improvements on certain products.

Engines segment net sales were \$1.41 billion compared to \$1.46 billion in the prior year, a decrease of \$45.8 million or 3%. This decrease is primarily the result of product shipment mix reflecting lower priced units, a small decrease in engine shipments and unfavorable currency exchange rates. Softer demand for engines for powered lawn and garden equipment was offset by the improvement in demand for engines for portable generators.

Power Products segment net sales were \$892.9 million in fiscal 2009 compared to \$870.4 million in fiscal 2008, an increase of \$22.5 million or 3%. This increase was the result of improved pricing on certain products and favorable mix improvements, the addition of \$39.5 million from the Victa Lawncare Pty. Ltd. acquisition and a 58% increase in portable generator sales volume due to weather events. Offsetting these improvements was a 45% volume decline in our shipment of premium lawn and garden equipment that was comparable to the overall industry decline.

Gross Profit

Consolidated gross profit was \$333.7 million in fiscal 2009 compared to \$307.3 million in fiscal 2008, an increase of \$26.4 million or 9%. In fiscal 2009 a \$5.8 million pretax (\$3.5 million after tax) expense was recorded associated with the closing of the Jefferson and Watertown, WI manufacturing facilities. In fiscal 2008, the Company recorded a \$13.3 million pretax (\$8.1 million after tax) gain associated with the reduction of certain post closing employee benefit costs related to the closing of the Port Washington, Wisconsin manufacturing facility and a \$19.8 million pretax (\$13.5 million after tax) expense from a snow engine recall. In addition to the above items, consolidated gross profit increased primarily from enhanced pricing, lower spending and improved productivity, that was partially offset by the impact of unfavorable currency exchange rates, higher commodity costs and a mix of shipments reflecting lower margined product.

Engines segment gross profit decreased to \$266.3 million in fiscal 2009 from \$271.0 million in fiscal 2008, a decrease of \$4.7 million. Engines segment gross profit margins increased to 18.8% in fiscal 2009 from 18.6% in fiscal 2008. As mentioned above, a \$19.8 million expense was recorded in fiscal 2008 from a snow engine recall. In addition to the snow engine recall, the gross profit decrease year over year primarily resulted from \$27.3 million in less favorable Euro exchange rates and higher commodity costs, partially offset by improved productivity.

The Power Products segment gross profit increased to \$67.5 million in fiscal 2009 from \$39.4 million in fiscal 2008, an increase of \$28.1 million. The Power Products segment gross profit margins increased to 7.6% in fiscal 2009 from 4.5% in fiscal 2008. A \$4.6 million expense was recorded in fiscal 2009 associated with the closing of the Jefferson and Watertown, WI manufacturing facilities and a \$13.3 million gain associated with the reduction of certain post closing employee benefit costs related to the closing of the Port Washington, Wisconsin manufacturing facility was recorded in fiscal 2008. In addition to the above items, the gross profit increase primarily resulted from pricing improvements, a more favorable product mix and \$9.4 million related to lower spending and improved productivity, which were partially offset by increased commodity costs and a 12% decline in sales volumes.

Engineering, Selling, General and Administrative Costs

Engineering, selling, general and administrative costs decreased to \$265.3 million in fiscal 2009 from \$281.0 million in fiscal 2008, a decrease of \$15.7 million. Engineering, selling, general and administrative costs as a percent of sales decreased to 12.7% in fiscal 2009 from 13.1% in fiscal 2008.

The decrease in engineering, selling, general and administrative expenses was primarily due to planned decreases in advertising and professional services of \$14.8 million and \$5.5 million, respectively, offset by an additional \$7.3 million related to the Victa Lawncare Pty. Ltd. acquisition.

Interest Expense

Interest expense decreased \$7.0 million in fiscal 2009 compared to fiscal 2008. The decrease is attributable to lower average borrowings between years for working capital requirements and lower average interest rates.

Other Income

Other income decreased \$38.2 million in fiscal 2009 as compared to fiscal 2008. This decrease is primarily due to the \$8.6 million gain on the redemption of preferred stock and \$28.3 million of dividends received on this stock in 2008.

Provision for Income Taxes

The effective tax rate was 20.9% for fiscal year 2009 and 23.7% for fiscal 2008. The fiscal 2009 effective tax rate is less than the statutory 35% rate primarily due to the Company's ability to exclude from taxable income a portion of the distributions received from investments from the resolution of prior year tax matters and increased foreign tax credits. In 2008, the effective rate was reduced due to the Company's ability to exclude a portion of distributions received from investments and the research credit.

Liquidity and Capital Resources

FISCAL YEARS 2010, 2009 AND 2008

Cash flows from operating activities were \$244 million, \$172 million and \$61 million in fiscal 2010, 2009 and 2008, respectively.

The fiscal 2010 cash flows from operating activities were \$71 million greater than the prior year. This increase is due to higher cash operating earnings and \$58 million less of working capital requirements between years.

The fiscal 2009 cash flows from operating activities were \$111 million greater than the prior year. This increase is due to higher cash operating earnings and \$50 million less of working capital requirements between years.

Cash used by investing activities was \$44 million in fiscal 2010. Cash used by investing activities was \$64 million in fiscal 2009. Cash provided by investing activities was \$0.7 million in fiscal 2008. These cash flows include capital expenditures of \$44 million, \$43 million and \$66 million in fiscal 2010, 2009 and 2008, respectively. The capital expenditures relate primarily to reinvestment in equipment, capacity additions and new products. In addition, the Power Products segment added lawn and garden product capacity with a new plant in Newbern, Tennessee that accounted for \$14 million of capital expenditures in fiscal 2008. This plant began production in the second quarter of fiscal 2008.

In fiscal 2009, net cash of \$24.8 million was used for the Victa Lawncare Pty. Ltd. acquisition. In fiscal 2008, the Company received \$66 million in proceeds on the sale of an investment in preferred stock including the final dividends paid on this preferred stock.

Briggs & Stratton used cash of \$99 million, \$123 million and \$63 million in financing activities in fiscal 2010, 2009 and 2008, respectively. The Company reduced its outstanding debt by \$78 million, \$85 million and \$19 million in fiscal 2010, 2009 and 2008, respectively. The Company paid common stock dividends of \$22 million, \$38 million and \$44 million in fiscal 2010, 2009 and 2008, respectively. The quarterly dividend was reduced during the fourth quarter of fiscal 2009 by 50%, to \$0.11 per share from the \$0.22 per share paid in the past several quarters, to preserve cash in light of the continuing uncertainty in the credit markets.

Future Liquidity and Capital Resources

On July 12, 2007, the Company entered into a \$500 million amended and restated multicurrency credit agreement. The Amended Credit Agreement (Revolver) provides a revolving credit facility for up to \$500 million in revolving loans, including up to \$25 million in swing-line loans. The Company used proceeds from the Revolver to pay off the remaining amounts outstanding under the Company's variable rate term notes issued in February 2005 with various financial institutions, retire the 7.25% senior notes that were due in September 2007 and fund seasonal working capital requirements and other financing needs. The Revolver has a term of five years and all outstanding borrowings on the Revolver are due and payable on July 12, 2012. As of June 27, 2010, there were no borrowings on the Revolver.

The 8.875% Senior Notes that are due in March 2011 have been classified as Current Maturity on Long-Term Debt in the Consolidated Balance Sheet as of the end of fiscal 2010. The Company believes it will be able to replace these borrowings with new financing at or prior to the maturity date of the Senior Notes. In the unlikely event the Company is unable to replace these borrowings with new financing upon the maturity of the Senior Notes, we believe that the availability within our existing Revolver will be sufficient to pay off the outstanding Senior Notes.

In April 2009, the Board of Directors of the Company declared a quarterly dividend of eleven cents (\$0.11) per share on the common stock of the Company, which was payable June 26, 2009 to shareholders of record at the close of business June 1, 2009. This quarterly dividend was reduced 50% from the prior quarter's level. The reduced dividend is more comparable with the Company's historical payout ratio of 50% of net income and dividend yield of 3.5%. In addition, a reduced dividend preserves cash in light of the continuing uncertainty in the credit markets. This action, along with other cash preserving initiatives, should reduce the Company's need for additional borrowings for working capital in the near to medium term future.

Briggs & Stratton expects capital expenditures to be approximately \$60 to \$65 million in fiscal 2011. These anticipated expenditures reflect our plans to continue to reinvest in efficient equipment and innovative new products.

The Company is not required to make any contributions to the qualified pension plan during fiscal 2011, but may be required to make contributions in future years depending upon the actual return on plan assets and the funded status of the plan in future periods.

Management believes that available cash, cash generated from operations, existing lines of credit and access to debt markets will be adequate to fund Briggs & Stratton's capital requirements for the foreseeable future.

Financial Strategy

Management believes that the value of Briggs & Stratton is enhanced if the capital invested in operations yields a cash return that is greater than the cost of capital. Consequently, management's first priority is to reinvest capital into physical assets and products that maintain or grow the global cost leadership and market positions that Briggs & Stratton has achieved, and drive the economic value of the Company. Management's next financial objective is to identify strategic acquisitions or alliances that enhance revenues and provide a superior economic return. Finally, management believes that when capital cannot be invested for returns greater than the cost of capital, we should return capital to the capital providers through dividends and/or share repurchases.

Off-Balance Sheet Arrangements

Briggs & Stratton has no off-balance sheet arrangements or significant guarantees to third parties not fully recorded in our Balance Sheets or fully disclosed in our Notes to Consolidated Financial Statements. Briggs & Stratton's significant contractual obligations include our debt agreements and certain employee benefit plans.

Briggs & Stratton is subject to financial and operating restrictions in addition to certain financial covenants under its domestic debt agreements. As is fully disclosed in Note 9 of the Notes to Consolidated Financial Statements, these restrictions could limit our ability to: pay dividends; incur further indebtedness; create liens; enter into sale and/or leaseback transactions; consolidate or merge with other entities, sell or lease all or substantially all of our assets; and dispose of assets or the proceeds of our assets. We believe we will remain in compliance with these covenants in fiscal 2011. Briggs & Stratton has obligations concerning certain employee benefits including its pension plans, postretirement benefit obligations and deferred compensation arrangements. All of these obligations are recorded on our Balance Sheets and disclosed more fully in the Notes to Consolidated Financial Statements.

Contractual Obligations

A summary of the Company's expected payments for significant contractual obligations as of June 27, 2010 is as follows (in thousands):

	Total	Fiscal 2011	Fiscal 2012-2013	Fiscal 2014-2015	Thereafter
Current Maturities of Long-Term Debt	\$ 203,460	\$ 203,460	\$ -	\$ -	\$ -
Interest on Current Maturities of Long-Term Debt	12,810	12,810	-	-	-
Capital Leases	1,156	549	607	-	-
Operating Leases	47,475	15,132	18,242	10,125	3,976
Purchase Obligations	68,312	62,890	5,422	-	-
Consulting and Employment Agreements	360	360	-	-	-
Other Liabilities (a)	31,200	-	31,200	-	-
	\$ 364,773	\$ 295,201	\$ 55,471	\$ 10,125	\$ 3,976

- (a) Included an estimate of future expected funding requirements related to our pension and other postretirement benefit plans. Any further funding requirements for pension and other postretirement benefit plans beyond fiscal 2012 cannot be estimated at this time. Because

their future cash outflows are uncertain, liabilities for unrecognized tax benefits and other sundry items are excluded from the table above.

Other Matters

Labor Agreement

Briggs & Stratton has collective bargaining agreements with its unions. These agreements expire at various times ranging from calendar years 2010-2013.

As of August 1, 2010, a collective bargaining agreement between the Company and one of its unions covering approximately 430 jobs in the Milwaukee, Wisconsin area expired. These employees continue working without a contract while negotiations with the Union continue. Although a work stoppage is unlikely, we have contingency plans in place including higher levels of component inventories.

Emissions

The U.S. Environmental Protection Agency (EPA) has developed multiple phases of national emission standards for small air cooled engines. Briggs & Stratton currently has a complete product offering that complies with the EPA's Phase II engine emission standards.

The EPA issued proposed Phase III standards in 2008 to further reduce engine exhaust emissions and to control evaporative emissions from small off-road engines and equipment in which they are used. The Phase III standards are similar to those adopted by the California Air Resources Board (CARB). The Phase III program requires evaporative controls in 2009 and go into full effect in 2011 for Class II engines (225 cubic centimeter displacement and larger) and 2012 for Class I engines (less than 225 cubic centimeter displacement). Briggs & Stratton does not believe the cost of compliance with the new standards will have a material adverse effect on its financial position or results of operations.

CARB's Tier 3 regulation requires additional reductions to engine exhaust emissions and new controls on evaporative emissions from small engines. The Tier 3 regulation was fully phased in during fiscal year 2008. While Briggs & Stratton believes the cost of the regulation may increase engine costs per unit, Briggs & Stratton does not believe the regulation will have a material effect on its financial condition or results of operations. This assessment is based on a number of factors, including revisions the CARB made to its adopted regulation from the proposal published in September 2003 in response to recommendations from Briggs & Stratton and others in the regulated category and intention to pass increased costs associated with the regulation on to consumers.

The European Commission adopted an engine emission Directive regulating exhaust emissions from small air cooled engines. The Directive parallels the Phase I and II regulations adopted by the U.S. EPA. Stage 1 was effective in February 2004 and Stage 2 was phased in between calendar years 2005 and 2007, with some limited extensions available for specific size and type engines until 2010. Briggs & Stratton has a full product line compliant with Stage 2. Briggs & Stratton does not believe the cost of compliance with the Directive will have a material adverse effect on its financial position or results of operations.

Critical Accounting Policies

Briggs & Stratton's critical accounting policies are more fully described in Note 2 and Note 15 of the Notes to Consolidated Financial Statements. As discussed in Note 2, the preparation of financial statements in conformity with accounting principles generally accepted in the U.S. (GAAP) requires management to make estimates and assumptions about future events that affect the amounts reported in the financial statements and accompanying notes. Future events and their effects cannot be determined with absolute certainty. Therefore, the determination of estimates requires the exercise of judgment. Actual results inevitably will differ from those estimates, and such differences may be material to the financial statements.

The most significant accounting estimates inherent in the preparation of our financial statements include a goodwill assessment, estimates as to the recovery of accounts receivable and inventory reserves, and estimates used in the determination of liabilities related to customer rebates, pension obligations, postretirement benefits, warranty, product liability, litigation and taxation.

The carrying amount of goodwill is tested annually and when events or circumstances indicate that impairment may have occurred. The Company performs impairment reviews using a fair value method for its reporting units, which have been determined to be one level below the Company's reportable segments. The reporting units are Engine, Home Power Products and Yard Power Products. The fair value represents the amount at which a

reporting unit could be bought or sold in a current transaction between willing parties on an arms-length basis. To estimate fair value, the Company periodically retains independent third party valuation experts. Fair value is estimated using a valuation methodology that incorporates two approaches in estimating fair value including the public guideline company method and the discounted cash flow method. The determination of fair value requires significant management assumptions and other factors including estimating future sales growth, selling prices and costs, changes in working capital, investments in property and equipment, recent stock price volatility, and the selection of an appropriate weighted average cost of capital (WACC). The WACC used for the Engine, Home Power Products and Yard Power Products reporting units were 10.8%, 11.4% and 11.4%, respectively. The decrease in the WACC for each of the reporting units in fiscal 2010 versus fiscal 2009 was attributable to lower risk-free interest rates, decreased market equity betas and lower risk premiums due to an overall improvement in the Company's market capitalization. The estimated fair value is then compared with the carrying value of the reporting unit, including the recorded goodwill. The Company is subject to financial statement risk to the extent that the carrying amount exceeds the estimated fair value. The impairment testing performed by the Company at June 27, 2010 indicated that the estimated fair value of each reporting unit exceeded its corresponding carrying amount, including recorded goodwill and as such, no impairment existed. Such impairment testing indicated that the estimated fair value of the Yard Power Products reporting unit exceeded its corresponding carrying amount by 11.2%. The estimated fair values of the Engine and Home Power Products reporting units were substantially in excess of their respective carrying values.

Other intangible assets with definite lives continue to be amortized over their estimated useful lives and are subject to impairment testing if events or changes in circumstances indicate that an asset may be impaired. Indefinite lived intangible assets are also subject to impairment testing on at least an annual basis. At June 27, 2010 there was no impairment of intangible assets.

The reserves for customer rebates, warranty, product liability, inventory and doubtful accounts are fact specific and take into account such factors as specific customer situations, historical experience, and current and expected economic conditions.

The Company's estimate of income taxes payable, deferred income taxes, tax contingencies and the effective tax rate is based on a complex analysis of many factors including interpretations of federal, state and foreign income tax laws, the difference between tax and financial reporting bases of assets and liabilities, estimates of amounts currently due or owed in various jurisdictions, and current accounting standards. We review and update our estimates on a quarterly basis as facts and circumstances change and actual results are known. In addition, federal, state and foreign taxing authorities periodically review the Company's estimates and interpretation of income tax laws. Adjustments to the effective income tax rate and recorded tax related assets and liabilities may occur in future periods if actual results differ significantly from original estimates and interpretations.

The pension benefit obligation and related pension expense or income are impacted by certain actuarial assumptions, including the discount rate and the expected rate of return on plan assets. These rates are evaluated on an annual basis considering such factors as market interest rates and historical asset performance, which is essential in the current volatile market. Actuarial valuations at June 27, 2010 used a discount rate of 5.30% and an expected rate of return on plan assets of 8.50%. Our discount rate was selected using a methodology that matches plan cash flows with a selection of Moody's Aa or higher rated bonds, resulting in a discount rate that better matches a bond yield curve with comparable cash flows. A 0.25% decrease in the discount rate would decrease annual pension expense by approximately \$0.3 million. A 0.25% decrease in the expected return on plan assets would increase our annual pension expense by approximately \$2.3 million. In estimating the expected return on plan assets, the Company considers the historical returns on plan assets, adjusted for forward looking considerations, including inflation assumptions and active management of the plan's invested assets, knowing that our investment performance has been in the top decile compared to other plans. Changes in the discount rate and return on assets can have a significant effect on the funded status of our pension plans, stockholders' equity and related expense. We cannot predict these changes in discount rates or investment returns and, therefore, cannot reasonably estimate whether the impact in subsequent years will be significant.

The funded status of the Company's pension plan is the difference between the projected benefit obligation and the fair value of its plan assets. The projected benefit obligation is the actuarial present value of all benefits expected to be earned by the employees' service adjusted for future potential wage increases. At June 27, 2010 the fair value of plan assets was less than the projected benefit obligation by approximately \$277 million.

The Company is not required to make any contributions to the qualified pension plan during fiscal 2011, but may be required to make contributions in future years depending upon the actual return on plan assets and the funded status of the plan in future periods.

The other postretirement benefits obligation and related expense or income are impacted by certain actuarial assumptions, including the health care trend rate. An increase of one percentage point in health care costs would increase the accumulated postretirement benefit obligation by \$5.0 million and would increase the service and interest cost by \$0.6 million. A corresponding decrease of one percentage point, would decrease the accumulated postretirement benefit by \$5.0 million and decrease the service and interest cost by \$0.5 million.

For pension and postretirement benefits, actuarial gains and losses are accounted for in accordance with GAAP. Refer to Note 15 of the Notes to the Consolidated Financial Statements for additional discussion.

New Accounting Pronouncements

In February 2010, the Financial Accounting Standards Board (FASB) issued an update that removes the requirement for a SEC filer to disclose a date through which subsequent events have been evaluated. This change removes potential conflicts with SEC requirements. The adoption did not have an impact on the Company's consolidated financial statements.

In August 2009, the FASB issued a clarification on fair value measurements. This clarification provides that in circumstances in which a quoted price in an active market for the identical liability is not available, a reporting entity is required to measure fair value using one or more of the techniques provided for in this update. This clarification was effective in the first reporting period following issuance, and did not have an impact on the Company's financial statements.

In June 2009, the FASB issued new guidance for the hierarchy of accounting standards, which establishes the Accounting Standards Codification TM (Codification) as the source of authoritative U.S. GAAP recognized by the FASB to be applied by nongovernmental entities. Under the Codification, all of its content will carry the same level of authority. This statement is effective for the Company beginning with the first quarter of fiscal year 2010. The adoption of this statement did not have an impact on the Company's financial position or results of operations.

In June 2009, the FASB issued new guidance that changes the approach to determining the primary beneficiary of a variable interest entity (VIE) and requires companies to more frequently assess whether they must consolidate VIEs. This new standard is effective for fiscal years beginning after November 15, 2009. The adoption of this statement is not expected to have a material impact on the Company's financial position or results of operations.

In April 2009, the FASB issued an update that requires disclosure about the fair value of financial instruments whenever summarized financial information for interim periods is issued, and requires disclosure of the fair value of all financial instruments (where practicable) in the body or accompanying notes of interim and annual financial statements. This update was effective for the Company's first quarter of fiscal 2010, with no material impact on the financial statements.

In December 2008, the FASB issued additional guidance on an employer's disclosures regarding plan assets of a defined benefit pension or other postretirement plan. The objectives of the disclosures required under this guidance are to provide users of financial statements with an understanding of how investment allocation decisions are made; the major categories of plan assets; the inputs and valuation techniques used to measure the fair value of plan assets; the effect of fair value measurements using significant unobservable inputs on changes in plan assets for the period; and significant concentrations of risk within plan assets. These disclosures around plan assets are required for fiscal years ending after December 15, 2009. The adoption of this statement did not have a material impact on the Company's financial position or results of operations.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Briggs & Stratton is exposed to market risk from changes in foreign exchange rates, commodity prices and interest rates. To reduce the risk from changes in certain foreign exchange rates and commodity prices, Briggs & Stratton uses financial instruments. Briggs & Stratton does not hold or issue financial instruments for trading purposes.

Foreign Currency

Briggs & Stratton's earnings are affected by fluctuations in the value of the U.S. Dollar against various currencies. Briggs & Stratton purchases components in Euros from third parties and receives Euros for certain products sold to European customers and receives Canadian dollars for certain products sold to Canadian customers. The Yen is used to purchase engines from Briggs & Stratton's joint venture. Briggs & Stratton's foreign subsidiaries' earnings are also influenced by fluctuations of local currencies, including the Australian dollar, against the U.S. dollar as these subsidiaries purchase components and inventory from vendors and the parent in U.S. dollars. Forward foreign exchange contracts are used to partially hedge against the earnings effects of such fluctuations. At June 27, 2010, Briggs & Stratton had the following forward foreign exchange contracts outstanding with the Fair Value Gains shown (in thousands):

Hedge	Notional Value	Fair Market Value	Conversion Currency	(Gain) Loss at Fair Value
Australian Dollar	15,136	\$ 12,930	U.S.	\$ 78
Canadian Dollar	12,100	\$ 11,673	U.S.	\$ (15)
Euro	91,609	\$ 113,456	U.S.	\$ (17,567)
Japanese Yen	650,000	\$ 7,294	U.S.	\$ (116)

Fluctuations in currency exchange rates may also impact the shareholders' investment in Briggs & Stratton. Amounts invested in Briggs & Stratton's non-U.S. subsidiaries and joint ventures are translated into U.S. dollars at the exchange rates in effect at fiscal year-end. The resulting cumulative translation adjustments are recorded in Shareholders' Investment as Accumulated Other Comprehensive Income. The cumulative translation adjustments component of Shareholders' Investment decreased \$5.0 million during the year. Using the year-end exchange rates, the total amount invested in non-U.S. subsidiaries on June 27, 2010 was approximately \$133.7 million.

Commodity Prices

Briggs & Stratton is exposed to fluctuating market prices for commodities, including natural gas, copper and aluminum. The Company has established programs to manage commodity price fluctuations through contracts that fix the price of certain commodities, some of which are financial derivative instruments. The maturities of these contracts coincide with the expected usage of the commodities for periods up to the next twenty-four months.

Interest Rates

Briggs & Stratton is exposed to interest rate fluctuations on its borrowings, depending on general economic conditions.

On June 27, 2010, Briggs & Stratton had the following short-term loan outstanding (in thousands):

Currency	Amount	Weighted Average Interest Rate
U.S. Dollars	\$ 3,000	3.77%

This loan has a variable interest rate. Assuming borrowings are outstanding for an entire year, an increase (decrease) of one percentage point in the weighted average interest rate would increase (decrease) interest expense by \$30 thousand.

Current maturities on long-term loans, net of unamortized discount, consisted of the following (in thousands):

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

Weighted Average

Description	Amount	Maturity	Interest Rate
8.875% Senior Notes	\$ 203,460	March 2011	8.875%

The Senior Notes carry fixed rates of interest and are therefore not subject to market fluctuation.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

Consolidated Balance Sheets

AS OF JUNE 27, 2010 AND JUNE 28, 2009

(in thousands)

ASSETS	2010	2009

The accompanying Notes to Consolidated Financial Statements are an integral part of these statements.

Notes to Consolidated Financial Statements

FOR THE FISCAL YEARS ENDED JUNE 27, 2010, JUNE 28, 2009 AND JUNE 29, 2008

(1) Nature of Operations:

Briggs & Stratton (the Company) is a U.S. based producer of air cooled gasoline engines and engine powered outdoor equipment. The Company's Engine segment sells engines worldwide, primarily to original equipment manufacturers of lawn and garden equipment and other gasoline engine powered equipment. The Company's Power Products segment designs, manufactures and markets a wide range of outdoor power equipment and related accessories.

(2) Summary of Significant Accounting Policies:

Fiscal Year: The Company's fiscal year consists of 52 or 53 weeks, ending on the Sunday nearest the last day of June in each year. Fiscal years 2010, 2009 and 2008 were all 52 weeks long. All references to years relate to fiscal years rather than calendar years.

Principles of Consolidation: The consolidated financial statements include the accounts of the Company and its majority owned domestic and foreign subsidiaries after elimination of intercompany accounts and transactions.

Accounting Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Cash and Cash Equivalents: This caption includes cash, commercial paper and certificates of deposit. The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Bank overdrafts of \$0.0 million and \$0.2 million are included in accounts payable at June 27, 2010 and June 28, 2009, respectively.

Receivables: Receivables are recorded at their original carrying value less reserves for estimated uncollectible accounts.

Inventories: Inventories are stated at cost, which does not exceed market. The last-in, first-out (LIFO) method was used for determining the cost of approximately 41% of total inventories at June 27, 2010 and 46% of total inventories at June 28, 2009. The cost for the remaining inventories was determined using the first-in, first-out (FIFO) method. If the FIFO inventory valuation method had been used exclusively, inventories would have been \$57.6 million and \$59.2 million higher in fiscal 2010 and 2009, respectively. The LIFO inventory adjustment was determined on an overall basis, and accordingly, each class of inventory reflects an allocation based on the FIFO amounts. During 2010 and 2009, liquidation of LIFO layers generated income of \$1.7 million and \$9.3 million, respectively.

Goodwill and Other Intangible Assets: Goodwill reflects the cost of acquisitions in excess of the fair values assigned to identifiable net assets acquired. Goodwill is assigned to reporting units based upon the expected benefit of the synergies of the acquisition. The reporting units are Engine, Home Power Products and Yard Power Products and have goodwill at June 27, 2010 of \$136.9 million, \$83.3 million and \$32.8 million, respectively. Other Intangible Assets reflect identifiable intangible assets that arose from purchase acquisitions. Other Intangible Assets are comprised of trademarks, patents and customer relationships. Goodwill and trademarks, which are considered to have indefinite lives are not amortized; however, both must be tested for impairment annually. Amortization is recorded on a straight-line basis for other intangible assets with finite lives. Patents have been assigned an estimated weighted average useful life of thirteen years. The customer relationships have been assigned an estimated useful life of twenty-five years. The Company is subject to financial statement risk in the event that goodwill and intangible assets become impaired. The Company performed the required impairment tests in fiscal 2010, 2009 and 2008, and found no impairment of the assets.

Investments: This caption represents the Company's investment in its 30% and 50% owned joint ventures. Until the second quarter of fiscal 2008, investments also included preferred stock in privately held Metal

Notes . . .

Technologies Holding Company, Inc. (MTHC). The investments in the joint ventures are accounted for under the equity method. During the second quarter of fiscal 2008, the Company and MTHC entered into a Class B Preferred Share Redemption Agreement that provided for MTHC to pay all dividends in arrears on the 45,000 MTHC Class B preferred shares held by the Company and redeem the shares in exchange for a payment to the Company. The shares were received as part of the payment from MTHC when it acquired certain foundry operations of the Company in 1999. The Company received \$66.0 million, resulting in a \$37.0 million gain (\$29.0 million after tax) on this redemption of preferred stock and final dividend payment.

Deferred Loan Costs: Expenses associated with the issuance of debt instruments are capitalized and are being amortized over the terms of the respective financing arrangement using the straight-line method over periods ranging from three to ten years. Accumulated amortization related to outstanding debt instruments amounted to \$14.0 million as of June 27, 2010 and \$12.5 million as of June 28, 2009.

Plant and Equipment and Depreciation: Plant and equipment are stated at cost and depreciation is computed using the straight-line method at rates based upon the estimated useful lives of the assets, as follows:

	Useful Life Range (In Years)
Software	3 - 10
Land Improvements	20 - 40
Buildings	20 - 50
Machinery & Equipment	3 - 20

Expenditures for repairs and maintenance are charged to expense as incurred. Expenditures for major renewals and betterments, which significantly extend the useful lives of existing plant and equipment, are capitalized and depreciated. Upon retirement or disposition of plant and equipment, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized in cost of goods sold.

Impairment of Property, Plant and Equipment: Property, plant and equipment are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If the sum of the expected undiscounted cash flows is less than the carrying value of the related asset or group of assets, a loss is recognized for the difference between the fair value and carrying value of the asset or group of assets. There were no adjustments to the carrying value of property, plant and equipment in fiscal 2010 and 2008. Refer to Note 19 of the Notes to Consolidated Financial Statements for an impairment charge recognized in fiscal 2009.

Warranty: The Company recognizes the cost associated with its standard warranty on engines and power products at the time of sale. The amount recognized is based on historical failure rates and current claim cost experience. In fiscal 2008 and 2007, the Company incurred \$19.8 million and \$5.0 million, respectively, of expenses to accrue for current and future warranty claims related to a snow thrower engine recall. The snow thrower engines were recalled due to a potential risk of fire. The amounts accrued were to repair the units to eliminate the potential fire hazard. As of June 27, 2010, the Consolidated Balance Sheet includes \$0.6 million of reserves for this specific engine warranty matter. Product liability reserves totaling less than \$50,000 have been accrued for product liability matters related to this recall as the Company has had minimal product liability claims asserted for nominal amounts related to the snow engine recall. The following is a reconciliation of the changes in accrued warranty costs for the reporting period (in thousands):

	2010	2009
Balance, Beginning of Period	\$ 42,044	\$ 49,548
Payments	(31,015)	(34,255)
Provision for Current Year Warranties	32,089	28,623

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

Credit for Prior Years Warranties	(1,173)	(1,872)
Balance, End of Period	\$ 41,945	\$ 42,044

Revenue Recognition: Net sales include sales of engines, power products, and related service parts and accessories, net of allowances for cash discounts, customer volume rebates and discounts, floor plan interest

Notes . . .

and advertising allowances. The Company recognizes revenue when all of the following criteria are met: persuasive evidence of an arrangement exists, delivery has occurred, the price is fixed or determinable, and collectibility is reasonably assured. This is generally upon shipment, except for certain international shipments, where revenue is recognized when the customer receives the product.

Included in net sales are costs associated with programs under which the Company shares the expense of financing certain dealer and distributor inventories, referred to as floor plan expense. This represents interest for a pre-established length of time based on a variable rate from a contract with a third party financing source for dealer and distributor inventory purchases. Sharing the cost of these financing arrangements is used by Briggs & Stratton as a marketing incentive for customers to buy inventory. The financing costs included in net sales in fiscal 2010, 2009 and 2008 were \$6.4 million, \$6.2 million and \$9.1 million, respectively.

The Company also offers a variety of customer rebates and sales incentives. The Company records estimates for rebates and incentives at the time of sale, as a reduction in net sales.

Income Taxes: The Provision for Income Taxes includes federal, state and foreign income taxes currently payable and those deferred because of temporary differences between the financial statement and tax bases of assets and liabilities. The Deferred Income Tax Asset represents temporary differences relating to current assets and current liabilities, and the Long-Term Deferred Income Tax Asset represents temporary differences related to noncurrent assets and liabilities. A valuation allowance is recorded to reduce deferred tax assets when it is more likely than not that a tax benefit will not be realized.

Retirement Plans: The Company has noncontributory, defined benefit retirement plans and postretirement benefit plans covering certain employees. Retirement benefits represent a form of deferred compensation, which are subject to change due to changes in assumptions. Management reviews underlying assumptions on an annual basis. Refer to Note 15 of the Notes to Consolidated Financial Statements.

Research and Development Costs: Expenditures relating to the development of new products and processes, including significant improvements and refinements to existing products, are expensed as incurred. The amounts charged against income were \$22.3 million in fiscal 2010, \$23.0 million in fiscal 2009 and \$26.5 million in fiscal 2008.

Advertising Costs: Advertising costs, included in Engineering, Selling, General and Administrative Expenses in the accompanying Consolidated Statements of Earnings, are expensed as incurred. These expenses totaled \$25.1 million in fiscal 2010, \$19.2 million in fiscal 2009 and \$34.0 million in fiscal 2008.

The Company reports co-op advertising expense as a reduction in net sales. Co-op advertising expense reported as a reduction in net sales totaled \$0.3 million in fiscal 2010, \$1.4 million in fiscal 2009 and \$10.2 million in fiscal 2008.

Shipping and Handling Fees: Revenue received from shipping and handling fees is reflected in net sales and related shipping costs are recorded in cost of goods sold. Shipping fee revenue for fiscal 2010, 2009 and 2008 was \$4.1 million, \$4.3 million and \$4.8 million, respectively.

Foreign Currency Translation: Foreign currency balance sheet accounts are translated into dollars at the rates of exchange in effect at fiscal year-end. Income and expenses incurred in a foreign currency are translated at the average rates of exchange in effect during the year. The related translation adjustments are made directly to a separate component of Shareholders' Investment.

Earnings Per Share: Basic earnings per share, for each period presented, is computed by dividing net income by the weighted average number of shares of common stock outstanding during the period. Diluted earnings per share, for each period presented, is computed reflecting the potential dilution that would occur if options or other contracts to issue common stock were exercised or converted into common stock at the beginning of the period.

The shares outstanding used to compute diluted earnings per share for fiscal 2010, 2009 and 2008 excludes outstanding options to purchase 3,796,137, 4,305,681 and 3,885,321 shares of common stock, respectively, with weighted average exercise prices of \$30.68, \$29.53 and \$31.96, respectively. These options are excluded because their exercise prices are greater than the average market price of the common shares, and their inclusion in the computation would be antidilutive.

Notes . . .

Information on earnings per share is as follows (in thousands):

	Fiscal Year Ended		
	June 27, 2010	June 28, 2009	June 29, 2008
Net Income Used in Basic and Diluted Earnings Per Share	\$ 36,615	\$ 31,972	\$ 22,600
Average Shares of Common Stock Outstanding	49,668	49,572	49,549
Incremental Common Shares Applicable to Common Stock Options Based on the Common Stock Average Market Price During the Period	-	-	1
Incremental Common Shares Applicable to Deferred and Restricted Common Stock Based on the Common Stock Average Market Price During the Period	396	153	102
Diluted Average Common Shares Outstanding	50,064	49,725	49,652

Comprehensive Income (Loss): Comprehensive Income (Loss) is a more inclusive financial reporting method that includes disclosure of financial information that historically has not been recognized in the calculation of net income. The Company has chosen to report Comprehensive Income (Loss) and Accumulated Other Comprehensive Income (Loss) which encompasses net income, cumulative translation adjustments, unrealized gain (loss) on derivatives and unrecognized pension and postretirement obligations in the Consolidated Statements of Shareholders' Investment. Information on Accumulated Other Comprehensive Income (Loss) is as follows (in thousands):

	Cumulative Translation Adjustments	Unrealized Gain (Loss) on Derivatives	Unrecognized Pension and Postretirement Obligation	Accumulated Other Comprehensive Income (Loss)
Balance at July 1, 2007	\$ 11,799	\$ (1,101)	\$ (139,649)	\$ (128,951)
Fiscal Year Change	10,846	5,550	2,321	18,717
Balance at June 29, 2008	22,645	4,449	(137,328)	(110,234)
Fiscal Year Change	(13,684)	(7,576)	(118,779)	(140,039)
Balance at June 28, 2009	8,961	(3,127)	(256,107)	(250,273)
Fiscal Year Change	(4,989)	11,626	(75,073)	(68,436)
Balance at June 27, 2010	\$ 3,972	\$ 8,499	\$ (331,180)	\$ (318,709)

Derivative Instruments & Hedging Activity: Derivatives are recorded on the Balance Sheets as assets or liabilities, measured at fair value. The Company enters into derivative contracts designated as cash flow hedges to manage certain currency and commodity exposures.

Changes in the fair value of cash flow hedges to manage its foreign currency exposure are recorded on the Consolidated Statements of Earnings or as a component of Accumulated Other Comprehensive Income (Loss). The amounts included in Accumulated Other Comprehensive Income (Loss) are reclassified into income when the forecasted transactions occur. These forecasted transactions represent the exporting of products for which Briggs & Stratton will receive foreign currency and the importing of products for which it will be required to pay in a foreign currency. Changes in the fair value of all derivatives deemed to be ineffective are recorded as either income or expense in the accompanying Consolidated Statements of Earnings. These instruments generally do not have a maturity of more than twenty-four months.

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

The Company manages its exposure to fluctuation in the cost of natural gas used by its operating facilities through participation in a third party managed dollar cost averaging program linked to NYMEX futures. As a participant in the program, the Company hedges up to 100% of its anticipated monthly natural gas usage along with a pool of other companies. The Company does not hold any actual futures contracts, and actual delivery of natural gas is not required of the participants in the program. Cash settlements occur on a monthly basis based on the difference between the average dollar price of the underlying NYMEX futures held by the third party and the actual price of natural gas paid by the Company in the period. The fair value of the underlying NYMEX futures is reflected as an asset or liability on the accompanying Consolidated Balance Sheets. Changes in fair value are reflected as a Component of Accumulated Other Comprehensive Income

Notes . . .

(Loss), which are reclassified into the income statement as the monthly cash settlements occur and actual natural gas is consumed. These contracts generally do not have a maturity of more than twenty-four months.

The Company manages its exposure to fluctuations in the cost of copper to be used in manufacturing by entering into forward purchase contracts designated as cash flow hedges. The Company hedges up to 100% of its anticipated copper usage, and the fair value of outstanding futures contracts is reflected as an asset or liability on the accompanying Consolidated Balance Sheets based on NYMEX prices. Changes in fair value are reflected as a component of Accumulated Other Comprehensive Income (Loss) if the forward purchase contracts are deemed to be effective. Changes in the fair value of all derivatives deemed to be ineffective are recorded as either income or expense in the accompanying Consolidated Statements of Earnings. Unrealized gains or losses associated with the forward purchase contracts are captured in inventory costs and are realized in the income statement when sales of inventory are made. These contracts generally do not have a maturity of more than twenty-four months.

The Company has considered the counterparty credit risk related to all its foreign currency and commodity derivative contracts and does not deem any counterparty credit risk material at this time.

As of June 27, 2010, the Company had the following outstanding derivative contracts (in thousands):

	Contract	Quantity	
Foreign Currency:			
Australian Dollar	Sell	15,136	AUD
Canadian Dollar	Sell	12,100	CAD
Euro	Sell	91,609	EUR
Japanese Yen	Buy	650,000	JPY
Commodity:			
Copper	Buy	350	Pounds
Natural Gas	Buy	16,547	Therms

As of June 27, 2010 and for the year ended June 27, 2010, the Company's derivative contracts had the following impact on the Consolidated Balance Sheet and the Consolidated Statement of Earnings (in thousands):

	Asset Derivatives		Liability Derivatives	
	Balance Sheet Location	Fair Value	Balance Sheet Location	Fair Value
Foreign currency contracts	Other Current Assets	\$ 16,440	Accrued Liabilities	\$ 296
Commodity contracts	Other Current Assets	34	Accrued Liabilities	1,377
Foreign currency contracts	Other Long-Term Assets, Net	1,478	Other Long-Term Liabilities	-
Commodity contracts	Other Long-Term Assets, Net	-	Other Long-Term Liabilities	728
		\$ 17,952		\$ 2,401

Amount of Gain (Loss) Recognized in Other Comprehensive Loss on Derivative	Location of Gain (Loss) Reclassified from Accumulated Other Comprehensive Loss into Income	Amount of Gain (Loss) Reclassified from Accumulated Other Comprehensive
--	--	---

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

	(Effective Portion)	(Effective Portion)	Loss into Income (Effective Portion)
Foreign currency contracts	\$ (7)	Net Sales	\$ (750)
Foreign currency contracts	9,771	Cost of Goods Sold	187
Commodity contracts	(1,265)	Cost of Goods Sold	2,978
	\$ 8,499		\$ 2,415

Of the \$8.5 million gain detailed above that is currently recognized in Other Comprehensive Loss, the Company expects to reclassify approximately \$8.0 million into earnings within the next twelve months. Any ineffectiveness incurred upon inception of the Company's derivative contracts is negligible.

New Accounting Pronouncements:

In February 2010, the Financial Accounting Standards Board (FASB) issued an update that removes the requirement for a SEC filer to disclose a date through which subsequent events have been evaluated. This

Notes . . .

change removes potential conflicts with SEC requirements. The adoption did not have an impact on the Company's consolidated financial statements.

In August 2009, the FASB issued a clarification on fair value measurements. This clarification provides that in circumstances in which a quoted price in an active market for the identical liability is not available, a reporting entity is required to measure fair value using one or more of the techniques provided for in this update. This clarification was effective in the first reporting period following issuance, and did not have an impact on the Company's financial statements.

In June 2009, the FASB issued new guidance for the hierarchy of accounting standards, which establishes the Accounting Standards Codification TM (Codification) as the source of authoritative U.S. GAAP recognized by the FASB to be applied by nongovernmental entities. Under the Codification, all of its content will carry the same level of authority. This statement was effective for the Company beginning with the first quarter of fiscal 2010. The adoption of this statement did not have an impact on the Company's financial position or results of operations.

In June 2009, the FASB issued new guidance that changes the approach to determining the primary beneficiary of a variable interest entity (VIE) and requires companies to more frequently assess whether they must consolidate VIEs. This new standard is effective for fiscal years beginning after November 15, 2009. The adoption of this statement is not expected to have a material impact on the Company's financial position or results of operations.

In April 2009, the FASB issued an update that requires disclosure about the fair value of financial instruments whenever summarized financial information for interim periods is issued, and requires disclosure of the fair value of all financial instruments (where practicable) in the body or accompanying notes of interim and annual financial statements. This update was effective for the Company's first quarter of fiscal 2010, with no material impact on the financial statements.

In December 2008, the FASB issued additional guidance on an employer's disclosures regarding plan assets of a defined benefit pension or other postretirement plan. The objectives of the disclosures required under this guidance are to provide users of financial statements with an understanding of how investment allocation decisions are made; the major categories of plan assets; the inputs and valuation techniques used to measure the fair value of plan assets; the effect of fair value measurements using significant unobservable inputs on changes in plan assets for the period; and significant concentrations of risk within plan assets. These disclosures around plan assets are required for fiscal years ending after December 15, 2009. The adoption of this statement did not have a material impact on the Company's financial position or results of operations.

Reclassification: Certain amounts in prior year financial statements have been reclassified to conform to current year presentation.

(3) Acquisitions:

On June 30, 2008 the Company, through its wholly owned subsidiary Briggs & Stratton Australia, Pty. Limited, acquired Victa Lawncare Pty. Limited (Victa) of Sydney, Australia from GUD Holdings Limited for total consideration of \$24.8 million in net cash. Victa is a leading designer, manufacturer and marketer of a broad range of outdoor power equipment used in consumer lawn and garden applications in Australia and New Zealand. Victa's products are sold at large retail stores and independent dealers. The Company financed the transaction from cash on hand and its existing credit facilities. Victa is included in the Power Products segment.

The acquisition has been accounted for using the purchase method of accounting. The purchase price was allocated to identifiable assets acquired and liabilities assumed based upon their estimated fair values, with the excess purchase price recorded as goodwill, none of which is tax deductible. This goodwill is recorded

Notes . . .

within the Engines segment. The following table summarizes the estimated fair value of the assets acquired and liabilities assumed at the date of acquisition (in thousands):

Assets Acquired:	
Current Assets	\$ 14,057
Property, Plant & Equipment	5,357
Goodwill	8,063
Other Intangible Assets	4,068
 Total Assets Acquired	 31,545
Liabilities Assumed:	
Current Liabilities	6,788
 Total Liabilities Assumed	 6,788
 Net Assets Acquired	 \$ 24,757

(4) Fair Value Measurements:

FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, defines a framework for measuring fair value and expands the related disclosures. To increase consistency and comparability in fair value measurements and related disclosures, ASC Topic 820 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1: Quoted prices for identical instruments in active markets.

Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-driven valuations whose inputs are observable or whose significant value drivers are observable.

Level 3: Significant inputs to the valuation model are unobservable.

The following table presents information about the Company's financial assets and liabilities measured at fair value on a recurring basis as of June 27, 2010 (in thousands):

	June 27, 2010	Level 1	Fair Value Measurement Using	
			Level 2	Level 3
Assets:				
Derivatives	\$ 17,952	\$ 17,918	\$ 34	\$ -
Liabilities:				
Derivatives	2,401	296	2,105	-

The Company has currently chosen not to elect the fair value option for any items that are not already required to be measured at fair value in accordance with accounting principles generally accepted in the United States.

(5) Goodwill and Other Intangible Assets:

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

Goodwill reflects the cost of acquisitions in excess of the fair values assigned to identifiable net assets acquired. Goodwill is assigned to reporting units based upon the expected benefit of the synergies of the acquisition. The reporting units are Engine, Home Power Products and Yard Power Products and have goodwill at June 27, 2010 of \$136.9 million, \$83.3 million and \$32.8 million, respectively.

Notes . . .

The changes in the carrying amount of goodwill for the fiscal years ended June 27, 2010 and June 28, 2009 are as follows (in thousands):

	2010	2009
Beginning Goodwill Balance	\$ 253,854	\$ 248,328
Victa Acquisition	-	8,063
Tax Benefit on Amortization	(1,779)	(1,779)
Reclassification	263	-
Effect of Translation	637	(758)
Ending Goodwill Balance	\$ 252,975	\$ 253,854

The Company's other intangible assets for the years ended June 27, 2010 and June 28, 2009 are as follows (in thousands):

	2010			2009		
	Gross Carrying Amount	Accumulated Amortization	Net	Gross Carrying Amount	Accumulated Amortization	Net
<u>Amortized Intangible Assets:</u>						
Patents	\$ 13,601	\$ (7,049)	\$ 6,552	\$ 13,601	\$ (5,843)	\$ 7,758
Customer Relationships	17,910	(4,298)	13,612	17,910	(3,582)	14,328
Miscellaneous	279	(279)	-	279	(279)	-
Effect of Translation	22	-	22	-	-	-
Total Amortized Intangible Assets	31,812	(11,626)	20,186	31,790	(9,704)	22,086
<u>Unamortized Intangible Assets:</u>						
Trademarks/Brand Names	69,841	-	69,841	70,104	-	70,104
Total Unamortized Intangible Assets	69,841	-	69,841	70,104	-	70,104
Effect of Translation	318	-	318	-	-	-
Total Intangible Assets	\$ 101,971	\$ (11,626)	\$ 90,345	\$ 101,894	\$ (9,704)	\$ 92,190

Amortization expense of other intangible assets amounted to approximately \$1.9 million in each of 2010, 2009, and 2008.

The estimated amortization expense of other intangible assets for the next five years is (in thousands):

2011	\$ 1,911
2012	1,911
2013	1,911
2014	1,911
2015	1,860

(6) Income Taxes:

The provision (credit) for income taxes consists of the following (in thousands):

	2010	2009	2008
Current			
Federal	\$ 4,740	\$ (1,152)	\$ (5,800)
State	305	(336)	3
Foreign	3,658	2,557	2,300
	8,703	1,069	(3,497)
Deferred	3,755	7,368	10,506
	\$ 12,458	\$ 8,437	\$ 7,009

Notes . . .

A reconciliation of the U.S. statutory tax rates to the effective tax rates on income follows:

	2010	2009	2008
U.S. Statutory Rate	35.0%	35.0%	35.0%
State Taxes, Net of Federal Tax Benefit	0.9%	0.8%	2.4%
Foreign Taxes	1.9%	(4.3%)	3.4%
Benefit on Dividends Received	(1.6%)	(1.5%)	(22.3%)
Changes to Unrecognized Tax Benefits	(10.9%)	(7.5%)	-
Other	0.1%	(1.6%)	5.2%
Effective Tax Rate	25.4%	20.9%	23.7%

The components of deferred income taxes were as follows (in thousands):

Current Asset (Liability):	2010	2009
Difference Between Book and Tax Related to:		
Inventory	\$ 13,626	\$ 16,624
Payroll Related Accruals	4,725	7,768
Warranty Reserves	11,464	11,839
Workers Compensation Accruals	2,035	2,482
Other Accrued Liabilities	17,655	17,469
Pension Cost	1,032	1,031
Miscellaneous	(9,399)	(5,555)
Deferred Income Tax Asset	\$ 41,138	\$ 51,658

Long-Term Asset (Liability):	2010	2009
Difference Between Book and Tax Related to:		
Pension Cost	\$ 95,375	\$ 43,185
Accumulated Depreciation	(45,075)	(49,218)
Intangibles	(75,090)	(71,686)
Accrued Employee Benefits	33,676	28,472
Postretirement Health Care Obligation	52,711	59,404
Warranty Reserves	4,823	4,530
Valuation Allowance	(9,131)	(6,712)
Net Operating Loss Carryforwards	10,475	7,073
Miscellaneous	4,728	8,117
Deferred Income Tax Asset	\$ 72,492	\$ 23,165

The deferred tax assets that were generated as a result of foreign income tax loss carryforwards and tax incentives in the amount of \$6.9 million are potentially not useable by certain foreign subsidiaries. If not utilized against taxable income, \$6.7 million will expire from 2011 through 2021. The remaining \$0.2 million has no expiration date. In addition, a deferred tax asset of \$3.6 million was generated as a result of state income tax loss and state incentive tax credit carryforwards. If not utilized against future taxable income, this amount will expire at various times

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

between 2011 through 2028. Realization of the deferred tax assets are contingent upon generating sufficient taxable income prior to expiration of these carryforwards. Management believes that realization of certain foreign deferred tax assets is unlikely, therefore valuation allowances were established in the amount of \$6.9 million. In addition, state tax credits in the amount of \$2.2 million are potentially not useable against future state income taxes.

The Company has not recorded deferred income taxes applicable to undistributed earnings of foreign subsidiaries because the Company intends to reinvest such earnings indefinitely outside of the U.S. The undistributed earnings amounted to approximately \$36.6 million at June 27, 2010. If the Company were to distribute these earnings, foreign tax credits may become available under current law to reduce the resulting U.S. income tax. Determination of the amount of unrecognized deferred tax liability related to these earnings is not practicable.

Notes . . .

The change to the total unrecognized tax benefits of the Company during the fiscal year ended June 27, 2010 is reconciled as follows:

Uncertain Tax Positions (in thousands):

Beginning Balance at June 28, 2009	\$ 16,133
Changes based on tax positions related to prior year	(1,503)
Lapse of statute of limitations	(4,505)
Additions based on tax positions related to current year	1,529
Settlements with taxing authorities	(576)
Impact of changes in interest accruals	(277)
Balance at June 27, 2010	\$ 10,801

As of June 27, 2010, the Company had \$19.1 million of gross unrecognized tax benefits. Of this amount, \$11.1 million represents the portion that, if recognized, would impact the effective tax rate. As of June 27, 2010, the Company had \$5.9 million accrued for the payment of interest and penalties.

The Company files income tax returns in the U.S. and various state and foreign jurisdictions and is regularly audited by federal, state and foreign tax authorities. In the U.S., the Company is no longer subject to U.S. federal income tax examinations before 2006. The Company is currently under audit by various state and foreign jurisdictions. With respect to the Company's major foreign jurisdictions, it is no longer subject to tax examinations before 1999.

Notes . . .

(7) Segment and Geographic Information and Significant Customers:

The Company has concluded that it operates two reportable business segments that are managed separately based on fundamental differences in their operations. Summarized segment data is as follows (in thousands):

	2010	2009	2008
NET SALES:			
Engines	\$ 1,406,740	\$ 1,414,113	\$ 1,459,882
Power Products	814,289	892,887	870,403
Eliminations	(193,157)	(214,811)	(178,892)
	\$ 2,027,872	\$ 2,092,189	\$ 2,151,393

	\$ 66,232	\$ 67,803	\$ 68,886

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

Information regarding the Company's geographic sales based on product shipment destination (in thousands):

	2010	2009	2008
United States	\$ 1,525,045	\$ 1,589,223	\$ 1,584,635
All Other Countries	502,827	502,966	566,758
Total	\$ 2,027,872	\$ 2,092,189	\$ 2,151,393

Information regarding the Company's long-lived assets based on geographic location (in thousands):

	2010	2009	2008
United States	\$ 737,016	\$ 708,413	\$ 817,558
All Other Countries	47,399	50,090	37,199
Total	\$ 784,415	\$ 758,503	\$ 854,757

Notes . . .

Sales to the following customers in the Company's Engines segment amount to greater than or equal to 10% of consolidated net sales, respectively:

Customer:	2010		2009		2008	
	Net Sales	%	Net Sales	%	Net Sales	%
HOP	\$ 296,066	15%	\$ 316,021	15%	\$ 336,271	16%
MTD	295,148	14%	203,254	10%	183,554	9%
	\$ 591,214	29%	\$ 519,275	25%	\$ 519,825	25%

(8) Leases:

The Company leases certain facilities, vehicles, and equipment under both capital and operating leases. Assets held under capital leases are included in Plant and Equipment and are charged to depreciation and interest over the life of the lease. Related liabilities are included in Other Accrued Liabilities and Other Long-Term Liabilities. Operating leases are not capitalized and lease payments are expensed over the life of the lease. Terms of the leases, including purchase options, renewals, and maintenance costs, vary by lease. Rental expense for fiscal 2010, 2009 and 2008 was \$25.2 million, \$24.7 million and \$25.0 million, respectively.

Future minimum lease commitments for all non-cancelable leases as of June 27, 2010 are as follows (in thousands):

Fiscal Year	Operating	Capital
2011	\$ 15,132	\$ 549
2012	10,465	474
2013	7,777	133
2014	6,042	-
2015	4,083	-
Thereafter	3,976	-
Total future minimum lease commitments	\$ 47,475	1,156
Less: Interest		115
Present value of minimum capital lease payments		\$ 1,041

(9) Indebtedness:

On July 12, 2007, the Company entered into a \$500 million amended and restated multicurrency credit agreement (Credit Agreement). See further discussion in Note 18 of the Notes to the Consolidated Financial Statements. There were no borrowings under the Credit Agreement as of June 27, 2010. As of June 28, 2009, borrowings under the Credit Agreement totaled \$34.0 million.

Borrowings under the Credit Agreement by the Company bear interest at a rate per annum equal to, at its option, either:

(1) a 1, 2, 3 or 6 month LIBOR rate plus a margin varying from 0.50% to 1.00%, depending upon the rating of the Company's long-term debt by Standard & Poor's Rating group, a division of McGraw-Hill Companies (S&P) and Moody's Investors Service, Inc. (Moody's) or the Company's average leverage ratio; or

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

(2) the higher of (a) the federal funds rate plus 0.50% or (b) the bank's prime rate.

In addition, the Company is subject to a 0.10% to 0.20% commitment fee and a 0.50% to 1.00% letter of credit fee, depending on the Company's long-term credit ratings or the Company's average leverage ratio.

The lines of credit available to the Company in foreign countries are in connection with short-term borrowings and bank overdrafts used in the normal course of business. These amounts total \$4.6 million, expire at various times throughout fiscal 2011 and are renewable. None of these arrangements had material

Notes . . .

commitment fees or compensating balance requirements. Borrowings using these lines of credit are included in short-term debt. Outstanding balances are as follows (in thousands):

	2010	2009
Balance at Fiscal Year-End	\$ 3,000	\$ 3,000
Weighted Average Interest Rate at Fiscal Year-End	3.77%	4.26%

The Current Maturity on Long-Term Debt and the Long-Term Debt captions consist of the following (in thousands):

	2010	2009
8.875% Senior Notes Due March 2011, Net of Unamortized Discount of \$304 in 2010 and \$896 in 2009	\$ 203,460	\$ 247,104
Borrowings on Revolving Credit Agreement Due July 2012	-	34,000
Total Long-Term Debt	\$ 203,460	\$ 281,104

In May 2001, the Company issued \$275 million of 8.875% Senior Notes due March 15, 2011. No principal payments are due before the maturity date; however, the Company repurchased \$5.0 million of the bonds in fiscal 2006, \$2.0 million in fiscal 2008, \$20.0 million in fiscal 2009, and \$44.4 million in fiscal 2010 after receiving unsolicited offers from bondholders.

The indenture for the 8.875% Senior Notes and the Credit Agreement for the credit facility (collectively, the Domestic Indebtedness) each include a number of financial and operating restrictions. These covenants include restrictions on the Company's ability to: pay dividends; repurchase shares; incur indebtedness; create liens; enter into sale and leaseback transactions; consolidate or merge with other entities, sell or lease all or substantially all of its assets; and dispose of assets or the proceeds of sales of its assets. The credit facility contains financial covenants that require the Company to maintain a minimum interest coverage ratio and impose a maximum leverage ratio. As of June 27, 2010, the Company was in compliance with these covenants.

Additionally, under the terms of the indentures and Credit Agreements governing the Domestic Indebtedness, Briggs & Stratton Power Products Group, LLC became a joint and several guarantor of amounts outstanding under the Domestic Indebtedness. Refer to Note 18 of the Notes to Consolidated Financial Statements for subsidiary guarantor financial information.

The 8.875% Senior Notes that are due in March 2011 have been classified as Current Maturity on Long-Term Debt in the Consolidated Balance Sheet as of the end of fiscal 2010. The Company believes it will be able to replace these borrowings with new financing at or prior to the maturity date of the Senior Notes.

(10) Other Income:

The components of other income (expense) are as follows (in thousands):

	2010	2009	2008
Interest Income	\$ 1,172	\$ 1,081	\$ 1,506
Income on Preferred Stock	-	-	28,346
Equity in Earnings from Unconsolidated Affiliates	4,071	1,526	3,587
Gain on Share Redemption	-	-	8,622
Other Items	1,212	608	(669)
Total	\$ 6,455	\$ 3,215	\$ 41,392

(11) Commitments and Contingencies:

Product and general liability claims arise against the Company from time to time in the ordinary course of business. The Company is generally self-insured for claims up to \$2.0 million per claim. Accordingly, a reserve is maintained for the estimated costs of such claims. On June 27, 2010 and June 28, 2009, the

Notes . . .

reserve for product and general liability claims (which includes asbestos-related liabilities) was \$9.3 million and \$7.1 million, respectively. Management does not anticipate that these claims, excluding the impact of insurance proceeds and reserves, will have a material adverse effect on the financial condition or results of operations of the Company.

In October 1998, the Company joined seventeen other companies in guaranteeing a \$17.9 million letter of credit issued as a guarantee of certain City of Milwaukee Revenue Bonds used to develop a residential rental property. The Revenue Bonds were issued on behalf of a not-for-profit organization established to manage the project and rental property post construction. The revenues from the rental property are used to fund operating expenses and all debt service requirements. The Company's share of the guarantee and the maximum exposure to the Company under the agreement was \$1.8 million. In January 2009, a substitute letter of credit was issued that did not require a guarantee, however, it did require that the back-up reserve remains in place. The Company's share of the back-up reserve is \$50,000. The letter of credit will expire in January 2014.

Certain independent dealers and distributors finance inventory purchases through a third party financing company. Briggs & Stratton has indemnified the third party finance company against credit default. The Company's maximum exposure under this agreement due to customer credit default in a fiscal year is \$1.7 million. In fiscal 2010 and fiscal 2009, the third party financing company provided financing for \$184.6 million and \$194.2 million of Briggs & Stratton product, respectively. As of June 27, 2010 and June 28, 2009, there were \$153.4 million and \$166.4 million, respectively, in receivables outstanding under this arrangement. Briggs & Stratton made no payments for customer credit defaults under this indemnity agreement since its inception.

Certain of the Company's vendors in Asia require their customers to obtain letters of credit, payable upon shipment of the product. At the end of fiscal 2010, the Company had two letters of credit issued by Comerica Bank, totaling \$3.8 million. At the end of fiscal 2009, the Company had two letters of credit issued by Comerica Bank, totaling \$7.3 million. The products ordered typically arrive in partial shipments spanning several months, with payment initiated at the time the vendor provides documentation to the bank of the quantity and occurrence of shipment.

Briggs & Stratton is subject to various unresolved legal actions that arise in the normal course of its business. These actions typically relate to product liability (including asbestos-related liability), patent and trademark matters, and disputes with customers, suppliers, distributors and dealers, competitors and employees.

Starting with the first complaint in June 2004, various plaintiff groups filed complaints in state and federal courts across the country against the Company and other engine and lawnmower manufacturers alleging that the horsepower labels on the products they purchased were inaccurate and that the Company conspired with other engine and lawnmower manufacturers to conceal the true horsepower of these engines. In May 2008, a putative nationwide class of plaintiffs pursuing these claims was dismissed without prejudice by Judge Murphy of the United States District Court for the Southern District of Illinois. Since that time plaintiffs filed 66 separate class actions in 49 states across the country seeking to certify 52 separate classes of all persons in each of the 50 states, Puerto Rico and the District of Columbia who purchased a lawnmower containing a gasoline combustion engine up to 30 horsepower from 1994 to the present (Horsepower Class Actions). In these Horsepower Class Actions, plaintiffs seek injunctive relief, compensatory and punitive damages, and attorneys' fees. Plaintiffs also filed state and federal antitrust and RICO claims and seek a nationwide class based on these claims.

On September 25, 2008, the Company, along with all other defendants, filed a motion with the Judicial Panel on Multidistrict Litigation seeking to transfer all pending actions to a single federal court for coordinated pretrial proceedings. On December 5, 2008, the Multidistrict Litigation Panel granted the motion and transferred the cases to Judge Adelman of the United States District Court for the Eastern District of Wisconsin (In Re: Lawnmower Engine Horsepower Marketing and Sales Practices Litigation, Case No. 2:08-md-01999). On January 27, 2009, Judge Adelman entered a stay of all litigation so that the parties could conduct mediation in an effort to resolve all outstanding litigation. On February 24, 2010, the Company entered into a Stipulation of Settlement (Settlement) that, if given final court approval, will resolve all of the

Notes . . .

Horsepower Class Actions. Other parties to the Settlement are Sears, Roebuck and Co., Sears Holdings Corporation, Kmart Holdings Corporation, Deere & Company, Tecumseh Products Company, The Toro Company, Electrolux Home Products, Inc. and Husqvarna Outdoor Products, Inc. (now known as Husqvarna Consumer Outdoor Products, N.A., Inc.) (collectively with the Company referred to below as the Settling Defendants). All other defendants settled all claims separately. As part of the Settlement, the Company denies any and all liability and seeks resolution to avoid further protracted and expensive litigation. If finally approved, the Settlement resolves all horsepower-labeling claims brought by all persons or entities in the United States who, beginning January 1, 1994 through the date notice of the Settlement is first given, purchased, for use and not for resale, a lawn mower containing a gas combustible engine up to 30 horsepower provided that either the lawn mower or the engine of the lawn mower was manufactured or sold by a Defendant.

As part of the Settlement, the Settling Defendants as a group agreed to pay an aggregate amount of \$51 million. However, the monetary contribution of each of the Settling Defendants is confidential. In addition, the Company, along with the other Settling Defendants, agreed to injunctive relief regarding their future horsepower labeling, as well as procedures that will allow purchasers of lawnmower engines to seek a one-year extended warranty free of charge.

On February 26, 2010, Judge Adelman preliminarily approved the Settlement, certified a settlement class, appointed settlement class counsel, and stayed all proceedings against all the Settling Defendants. On March 11, 2010, Judge Adelman entered an order approving a notice plan for the Settlement, and set an approval hearing to determine the fairness of the Settlement, and whether final judgment should be entered thereon. On June 22, 2010, the Court conducted a hearing on the fairness of the Settlement at which class counsel and the Settling Defendants sought approval of the Settlement. At this hearing numerous class members appeared through counsel and presented objections to the Settlement.

On August 16, 2010 Judge Adelman issued an opinion and order that finally approved the Settlement as well as separate orders that finally approved the settlements of all defendants. Judge Adelman's opinion and order found all settlements to be in good faith and dismissed the claims of all class members with prejudice. On August 23, 2010 several class members filed a Notice of Appeal of Judge Adelman's final approval orders to the United States Court of Appeals for the Seventh Circuit. Under the terms of the Settlement, the balance of settlement funds will not be due, and the one-year warranty extension program will not begin, until after all appeals from Judge Adelman's order finally approving the Settlement are resolved.

As a result of the pending Settlement, the Company recorded a total charge of \$30.6 million in the third quarter of fiscal year 2010 representing the total of the Company's monetary portion of the Settlement and the estimated costs of extending the warranty period for one year. The amount has been included as a Litigation Settlement expense reducing income from operations on the Statement of Earnings.

On March 19, 2010, new plaintiffs filed a complaint in the Ontario Superior Court of Justice in Canada (Robert Foster et al. v. Sears Canada, Inc. et al., Docket No. 766-2010). On May 3, 2010, other plaintiffs filed a complaint in the Montreal Superior Court in Canada (Eric Liverman, et al. v. Deere & Company, et al., Docket No. 500-06-000507-109). Both Canadian complaints contain allegations and seek relief under Canadian law that are similar to the U.S. litigation. The Company is evaluating the complaints and has not yet filed an answer or other responsive pleading to either one. We are unable to estimate any financial exposure we have as a result of this lawsuit. However, given the size of the Canadian market and revisions to the Company's power labeling practices in recent years, it is not likely the litigation would have a material adverse effect on its results of operations, financial position, or cash flows.

On May 14, 2010, the Company notified retirees and certain retirement eligible employees of various changes to the company-sponsored retiree medical plans. The purpose of the amendments was to better align the plans offered to both hourly and salaried retirees. On August 16, 2010, a putative class of retirees who retired prior to August 1, 2006 and the United Steel Workers filed a complaint in the Eastern District of Wisconsin (Merrill, Weber, Carpenter, et al.; United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO/CLC v. Briggs & Stratton Corporation; Group Insurance Plan of Briggs & Stratton Corporation; and Does 1 through 20, Docket No. 10-C-0700), contesting the Company's right to make these changes. In addition to a request for class certification, the complaint seeks an injunction preventing the alleged unilateral termination or reduction in insurance coverage to the class of retirees, a permanent injunction preventing defendants from ever making changes to the retirees' insurance coverage, restitution with interest (if applicable) and attorneys' fees and costs. The Company is currently evaluating the complaint and believes the changes are within its rights. However, at this early stage, no determination can be made as to the likely outcome of this matter.

(12) Stock Incentives:

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

Effective July 2, 2007, the Company adopted the Powerful Solution Incentive Compensation Program. The Company previously adopted an Incentive Compensation Plan, effective October 20, 2004, under which 4,000,000 shares of common stock (8,000,000 shares as a result of the 2-for-1 stock split) were reserved for future issuance. An amendment to the Incentive Compensation Plan approved by shareholders on October 21, 2009, added 2,481,494 shares to the shares available for grant under the plan. Prior to October 20, 2004, the Company had a Stock Incentive Plan under which 5,361,935 shares of common stock

Notes . . .

were reserved for issuance. The adoption of the Incentive Compensation Plan reduced the number of shares available for future issuance under the Stock Incentive Plan to zero. However, as of June 27, 2010, there were 1,662,020 outstanding option and restricted stock awards granted under the Stock Incentive Plan that are or may become exercisable in the future. No additional shares of common stock were reserved for future issuance under the Powerful Solution Incentive Compensation Program. In accordance with the three plans, the Company can issue eligible employees stock options, stock appreciation rights, restricted stock, deferred stock and cash bonus awards subject to certain annual limitations. The plans also allow the Company to issue directors non-qualified stock options and directors fees in stock.

During fiscal 2010, 2009 and 2008, the Company recognized stock based compensation expense of approximately \$7.0 million, \$4.0 million and \$4.6 million, respectively.

On the grant date, the exercise price of each stock option issued exceeds the market value of the stock by 10%. The fair value of each option is estimated using the Black-Scholes option pricing model, and the assumptions are based on historical data and standard industry valuation practices and methodology. The assumptions used to determine fair value are as follows:

Options Granted During	2010	2009	2008
Grant Date Fair Value	\$ 5.07	\$ 1.93	\$ 5.31
(Since options are only granted once per year, the grant date fair value equals the weighted average grant date fair value.)			
Assumptions:			
Risk-free Interest Rate	2.5%	3.1%	4.5%
Expected Volatility	40.4%	32.7%	26.4%
Expected Dividend Yield	2.5%	6.5%	3.1%
Expected Term (In Years)	5.0	5.0	5.1

Information on the options outstanding is as follows:

	Shares	Wtd. Avg. Ex. Price	Wtd. Avg. Remaining Contractual Term	Aggregate Intrinsic Value (in thousands)
Balance, July 1, 2007	3,329,679	\$ 32.05		
Granted During the Year	596,590	30.81		
Exercised During the Year	(40,948)	23.11		
Expired During the Year	-	-		
Balance, June 29, 2008	3,885,321	\$ 31.96		
Granted During the Year	729,990	14.83		
Exercised During the Year	-	-		
Expired During the Year	(309,630)	25.35		
Balance, June 28, 2009	4,305,681	\$ 29.53		
Granted During the Year	730,000	19.73		
Exercised During the Year	(58,250)	14.83		

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

Expired During the Year	(509,554)	27.99		
Balance, June 27, 2010	4,467,877	\$ 28.29	2.97	\$ 2,667
Exercisable, June 27, 2010	2,473,547	\$ 33.87	2.74	\$ -

The total intrinsic value of options exercised during the fiscal year ended 2010 was \$0.5 million. The exercise of options resulted in cash receipts of \$1.1 million in fiscal 2010. No options were exercised in fiscal 2009. The total intrinsic value of options exercised during the fiscal year ended 2008 was \$0.3 million. The exercise of options resulted in cash receipts of \$0.9 million in fiscal 2008.

Notes . . .

The following table summarizes the components of the Company's stock-based compensation programs recorded as expense:

	2010	2009	2008
Stock Options:			
Pretax compensation expense	\$ 4,028	\$ 1,760	\$ 3,304
Tax benefit	(1,571)	(686)	(1,289)
Stock option expense, net of tax	\$ 2,457	\$ 1,074	\$ 2,015
Restricted Stock:			
Pretax compensation expense	\$ 1,754	\$ 1,097	\$ 1,117
Tax benefit	(684)	(428)	(436)
Restricted stock expense, net of tax	\$ 1,070	\$ 669	\$ 681
Deferred Stock:			
Pretax compensation expense	\$ 1,193	\$ 1,142	\$ 142
Tax benefit	(465)	(445)	(55)
Deferred stock expense, net of tax	\$ 728	\$ 697	\$ 87
Total Stock-Based Compensation:			
Pretax compensation expense	\$ 6,975	\$ 3,999	\$ 4,563
Tax benefit	(2,720)	(1,559)	(1,780)
Total stock-based compensation, net of tax	\$ 4,255	\$ 2,440	\$ 2,783

(13) Shareholder Rights Agreement:

On August 6, 1996, the Board of Directors declared a dividend distribution of one common stock purchase right (a right) for each share of the Company's common stock outstanding on August 19, 1996. Each right would entitle shareowners to buy one-half of one share of the Company's common stock at an exercise price of \$160.00 per full common share (\$80.00 per full common share after taking into consideration the effect of a 2-for-1 stock split effective October 29, 2004), subject to adjustment. The agreement relating to the rights was amended by the Board of Directors on August 9, 2006 to extend the term of the rights by three years to October 18, 2009, to increase from 15 percent to 20 percent or more the percentage of outstanding shares that a person or group must acquire or attempt to acquire in order for the rights to become exercisable, and to add a qualifying offer clause that permits shareholders to vote to redeem the rights in certain circumstances. Shareholders ratified the amended rights agreement at their annual meeting on October 18, 2006. On August 12, 2009, the Board of Directors amended the rights agreement to: (i) modify the definition of "Beneficial Owner" and "beneficial ownership" of common shares of the Company to include, among other things, certain derivative security interests in common shares of the Company; (ii) reduce the redemption price for the rights to \$.001 per right; and (iii) extend the term of the rights agreement by changing the scheduled expiration date from October 18, 2009 to October 17, 2012. Shareholders ratified the rights agreement at the annual meeting on October 21, 2009.

(14) Foreign Exchange Risk Management:

The Company enters into forward exchange contracts to hedge purchases and sales that are denominated in foreign currencies. The terms of these currency derivatives do not exceed twenty-four months, and the purpose is to protect the Company from the risk that the eventual dollars being transferred will be adversely affected by changes in exchange rates.

The Company has forward foreign exchange contracts to sell foreign currency, with the Euro as the most significant. These contracts are used to hedge foreign currency collections on sales of inventory. The Company also has forward contracts to purchase foreign currencies, with the

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

Japanese Yen as the most significant. The Japanese Yen contracts are used to hedge the commitments to purchase engines from the Company's Japanese joint venture. The Company's foreign currency forward contracts are carried at fair value based on current exchange rates.

Notes . . .

The Company has the following forward currency contracts outstanding at the end of fiscal 2010:

Currency	Hedge	Contract	In Millions			(Gain) Loss at Fair Value	Conversion Currency	Latest Expiration Date
			Notional Value	Contract Value	Fair Market Value			
Australian Dollar	Sell	15.1	12.9	12.9	.1	U.S.	March 2011	
Canadian Dollar	Sell	12.1	11.7	11.7	-	U.S.	February 2011	
Euro	Sell	91.6	131.0	113.5	(17.5)	U.S.	June 2011	
Japanese Yen	Buy	650.0	7.2	7.3	(.1)	U.S.	November 2010	

The Company had the following forward currency contracts outstanding at the end of fiscal 2009:

Currency	Hedge	Contract	In Millions			(Gain) Loss at Fair Value	Conversion Currency	Latest Expiration Date
			Notional Value	Contract Value	Fair Market Value			
Australian Dollar	Sell	12.9	9.1	9.3	.2	U.S.	April 2010	
Canadian Dollar	Sell	2.5	2.2	2.2	-	U.S.	November 2009	
Euro	Sell	58.5	80.3	82.2	1.9	U.S.	May 2010	
Great British Pound	Buy	.8	1.2	1.2	-	U.S.	July 2009	
Japanese Yen	Buy	562.8	5.6	5.9	(.3)	U.S.	December 2009	
Swedish Krona	Buy	2.5	.3	.3	-	U.S.	July 2009	

The Company continuously evaluates the effectiveness of its hedging program by evaluating its foreign exchange contracts compared to the anticipated underlying transactions. The Company did not have any ineffective currency hedges in fiscal 2010, 2009, or 2008.

Notes . . .

(15) Employee Benefit Costs:

Retirement Plan and Other Postretirement Benefits

The Company has noncontributory, defined benefit retirement plans and other postretirement benefit plans covering certain employees. The Company uses a June 30 measurement date for all of its plans. The following provides a reconciliation of obligations, plan assets and funded status of the plans for the two years indicated (in thousands):

Actuarial Assumptions:	Pension Benefits		Other Postretirement Benefits	
	2010	2009	2010	2009
Discounted Rate Used to Determine Present Value of Projected Benefit Obligation	5.30%	6.75%	4.60%	6.00%
Expected Rate of Future Compensation Level Increases	3.0-4.0%	3.0-4.0%	n/a	n/a
Expected Long-Term Rate of Return on Plan Assets	8.50%	8.75%	n/a	n/a
<u>Change in Benefit Obligations:</u>				
Projected Benefit Obligation at Beginning of Year	\$ 938,269	\$ 911,993	\$ 200,114	\$ 209,914
Service Cost	11,197	11,507	604	721
Interest Cost	60,705	61,210	10,942	12,487
Curtailement	-	(1,723)	-	-
Plan Amendments	-	-	(13,514)	-
Plan Participant Contributions	-	-	1,357	869
Actuarial (Gain) Loss	170,148	28,477	4,781	2,992
Benefits Paid	(71,892)	(73,195)	(23,675)	(26,869)
Projected Benefit Obligation at End of Year	\$ 1,108,427	\$ 938,269	\$ 180,609	\$ 200,114
<u>Change in Plan Assets:</u>				
Fair Value of Plan Assets at Beginning of Year	\$ 797,258	\$ 964,140	\$ -	\$ -
Actual Return on Plan Assets	104,171	(95,538)	-	-
Plan Participant Contributions	-	-	1,357	869
Employer Contributions	1,953	1,851	22,318	26,000
Benefits Paid	(71,892)	(73,195)	(23,675)	(26,869)
Fair Value of Plan Assets at End of Year	\$ 831,490	\$ 797,258	\$ -	\$ -
<u>Funded Status:</u>				
Plan Assets (Less Than) in Excess of Projected Benefit Obligation	\$ (276,937)	\$ (141,011)	\$ (180,609)	\$ (200,114)
<u>Amounts Recognized on the Balance Sheets:</u>				
Accrued Pension Cost	\$ (274,737)	\$ (138,811)	\$ -	\$ -
Accrued Wages and Salaries	(2,200)	(2,200)	-	-
Accrued Postretirement Health Care Obligation	-	-	(135,978)	(155,443)
Accrued Liabilities	-	-	(22,847)	(26,343)
Accrued Employee Benefits	-	-	(21,784)	(18,328)
Net Amount Recognized at End of Year	\$ (276,937)	\$ (141,011)	\$ (180,609)	\$ (200,114)

Amounts Recognized in Accumulated Other Comprehensive Income (Loss):

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

Transition Assets (Obligation)	\$ (15)	\$ (20)	\$ -	\$ -
Net Actuarial Loss	(275,437)	(187,680)	(59,830)	(63,088)
Prior Service Credit (Cost)	(5,758)	(7,629)	9,858	2,310
Net Amount Recognized at End of Year	\$ (281,210)	\$ (195,329)	\$ (49,972)	\$ (60,778)

Notes . . .

The accumulated benefit obligation for all defined benefit pension plans was \$1,055 million and \$907 million at June 27, 2010 and June 28, 2009, respectively.

The following table summarizes the plans' income and expense for the three years indicated (in thousands):

	Pension Benefits			Other Postretirement Benefits		
	2010	2009	2008	2010	2009	2008
Components of Net Periodic (Income) Expense:						
Service Cost-Benefits Earned During the Year	\$ 11,197	\$ 11,507	\$ 12,037	\$ 604	\$ 721	\$ 1,486
Interest Cost on Projected Benefit Obligation	60,705	61,210	60,326	10,942	12,487	13,760
Expected Return on Plan Assets	(81,021)	(83,331)	(81,344)	-	-	-
Amortization of:						
Transition Obligation	8	8	8	-	-	42
Prior Service Cost (Credit)	3,068	3,348	3,290	(1,140)	(876)	(849)
Actuarial Loss	3,171	558	5,368	10,418	9,840	10,861
Net Periodic (Income) Expense	\$ (2,872)	\$ (6,700)	\$ (315)	\$ 20,824	\$ 22,172	\$ 25,300

Significant assumptions used in determining net periodic (income) expense for the fiscal years indicated are as follows:

	Pension Benefits			Other Postretirement Benefits		
	2010	2009	2008	2010	2009	2008
Discount Rate	6.75%	7.0%	6.35%	6.00%	6.40%	6.09%
Expected Return on Plan Assets	8.75%	8.75%	8.75%	n/a	n/a	n/a
Compensation Increase Rate	3.0-4.0%	3.0-4.0%	3.0-5.0%	n/a	n/a	n/a

The amounts in Accumulated Other Comprehensive Income that are expected to be recognized as components of net periodic (income) expense during the next fiscal year are as follows (in thousands):

	Pension	Other Postretirement
	Plans	Plans
Transition Obligation	\$ 8	\$ -
Prior Service Cost (Credit)	3,059	(2,782)
Net Actuarial Loss	17,909	11,129

The Other Postretirement Benefit plans are unfunded.

On May 14, 2010, the Company notified retirees and certain retirement eligible employees of various changes to the company-sponsored retiree medical plans. The purpose of the amendments was to better align the plans offered to both hourly and salaried retirees. On August 16, 2010, a putative class of retirees who retired prior to August 1, 2006 and the United Steel Workers filed a complaint in the Eastern District of Wisconsin (Merrill, Weber, Carpenter, et al.; United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO/CLC v. Briggs & Stratton Corporation; Group Insurance Plan of Briggs & Stratton Corporation; and Does 1 through 20, Docket No. 10-C-0700), contesting the Company's right to make these changes. In addition to a request for class certification, the

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

complaint seeks an injunction preventing the alleged unilateral termination or reduction in insurance coverage to the class of retirees, a permanent injunction preventing defendants from ever making changes to the retirees' insurance coverage, restitution with interest (if applicable) and attorneys' fees and costs. The Company is currently evaluating the complaint and believes the changes are within its rights. However, at this early stage, no determination can be made as to the likely outcome of this matter.

For measurement purposes an 9.0% annual rate of increase in the per capita cost of covered health care claims was assumed for the Company for the fiscal year 2010 decreasing gradually to 4.5% for the fiscal year 2028. The health care cost trend rate assumptions have a significant effect on the amounts reported. An increase of one percentage point, would increase the accumulated postretirement benefit by \$5.1 million and

Notes . . .

would increase the service and interest cost by \$0.5 million for fiscal 2010. A corresponding decrease of one percentage point, would decrease the accumulated postretirement benefit by \$5.0 million and decrease the service and interest cost by \$0.5 million for the fiscal year 2010.

As discussed in Note 19 in the Notes to the Consolidated Financial Statements, the Company closed its Jefferson and Watertown, WI production facilities during fiscal 2010. The closure of these facilities resulted in the termination of certain employees, and the related impact on unrecognized prior service costs, unrecognized losses and the projected benefit obligation resulted in a net curtailment loss of \$1.2 million in fiscal 2009.

Plan Assets

A Board of Directors appointed Investment Committee (Committee) manages the investment of the pension plan assets. The Committee has established and operates under an Investment Policy. It determines the asset allocation and target ranges based upon periodic asset/liability studies and capital market projections. The Committee retains external investment managers to invest the assets. The Investment Policy prohibits certain investment transactions, such as lettered stock, commodity contracts, margin transactions and short selling, unless the Committee gives prior approval. The Company's pension plan's asset allocations and target allocations at June 27, 2010 and June 28, 2009, by asset category are as follows:

<u>Asset Category</u>	Target %	Plan Assets at Year-end	
		2010	2009
Cash	0%-2%	4%	8%
Domestic Bonds	30%-50%	31%	27%
Non-Investment Grade Bonds	0%-5%	0%	0%
Non-US Bonds	0%-10%	0%	0%
Domestic Equities	20%-40%	20%	18%
Global & International Equities	5%-10%	7%	9%
Alternative & Absolute Return	20%-30%	35%	34%
Real Estate	0%-5%	3%	4%
		100%	100%

The plan's investment strategy is based on an expectation that, over time, equity securities will provide higher total returns than debt securities. The plan primarily minimizes the risk of large losses through diversification of investments by asset class, by investing in different types of styles within the classes and by using a number of different managers. The Committee monitors the asset allocation and investment performance monthly, with a more comprehensive quarterly review with its consultant.

The plan's expected return on assets is based on management's and the Committee's expectations of long-term average rates of return to be achieved by the plan's investments. These expectations are based on the plan's historical returns and expected returns for the asset classes in which the plan is invested.

The fair value of the major categories of the pension plan's investments are presented below (in thousands). The inputs and valuation techniques used to measure the fair value of the assets are consistently applied and described in Note 4.

Notes . . .

Category		Total	Level 1	Level 2	Level 3

(A) This category invests in a combination of public and private securities of companies in financial distress, spin-offs, or new projects focused on technology and manufacturing.

(B) This fund primarily invests in the debt of various entities including corporations and governments in emerging markets, mezzanine financing, or entities that are undergoing, are considered likely to undergo or have undergone a reorganization.

(C) This category invests primarily in real estate related investments, including real estate properties, securities of real estate companies and other companies with significant real estate assets as well as real estate related debt and equity securities.

(D) Primarily represents investments in all sizes of mostly privately held operating companies in the following core industry sectors: healthcare, energy, financial services, technology-media-telecommunications and industrial and consumer.

(E) This category invests in hedge funds.

(F)

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

This category comprises pools of cash like debt securities and floating rate notes having a maturity or average life of three years or less, with a final payment of principal occurring in five years or less. Some of the investments are collateralized mortgage-backed securities whose maturities have been extended. This category's fair value is determined based on the net book value of the plan's pro-rated share of the collateral pool.

Notes . . .

The following table presents the changes in Level 3 investments for the pension plan (in thousands).

Changes in Level 3 Investments for the Year Ended June 27, 2010

Category	June 28, 2009	Purchases, Sales, Issuances, and	Realized and Unrealized Gain	June 27, 2010
	Fair Value	Settlements	(Loss)	Fair Value (a)
Venture Capital funds	\$ 133,556	\$ (10,535)	\$ 13,158	\$ 136,179
Debt funds	70,711	2,771	16,070	89,552
Real Estate funds	38,044	1,413	584	40,041
Private Equity funds	37,392	1,163	418	38,973
Other funds	33,606	-	1,420	35,026
	\$ 313,309	\$ (5,188)	\$ 31,650	\$ 339,771

(a) There were no transfers in or out of Level 3 during the year ended June 27, 2010.

Contributions

The Company is not required to make any contributions to the pension plans in fiscal 2011.

Estimated Future Benefit Payments

Projected benefit payments from the plans as of June 27, 2010 are estimated as follows (in thousands):

Year Ending	Pension Benefits		Other Postretirement Benefits Retiree		
	Qualified	Non-Qualified	Medical	Retiree Life	LTD
2011	\$ 69,774	\$ 2,226	\$ 22,540	\$ 1,142	\$ 192
2012	70,024	2,207	22,131	1,176	175
2013	70,142	2,182	21,087	1,206	167
2014	70,208	2,159	19,253	1,236	157
2015	70,496	3,316	16,702	1,264	159
2016-2020	353,255	16,626	58,263	6,658	822

Defined Contribution Plans

Employees of the Company may participate in a defined contribution savings plan that allows participants to contribute a portion of their earnings in accordance with plan specifications. A maximum of 1-1/2% to 3-1/2% of each participant's salary, depending upon the participant's group, is matched by the Company. Some of these Company matching contributions ceased July 1, 2009 and were reinstated effective January 1, 2010. Additionally, certain employees may receive Company nonelective contributions equal to 2% of the employee's salary. The Company contributions totaled \$7.6 million in 2010, \$8.1 million in 2009 and \$6.6 million in 2008.

Postemployment Benefits

The Company accrues the expected cost of postemployment benefits over the years that the employees render service. These benefits apply only to employees who become disabled while actively employed, or who terminate with at least thirty years of service and retire prior to age sixty-five. The items include disability payments, life insurance and medical benefits. These amounts are also discounted using a 4.60% interest rate for fiscal year 2010 and 6.00% for fiscal year 2009. Amounts are included in Accrued Employee Benefits in the Consolidated Balance Sheets.

Notes . . .

(16) Disclosures About Fair Value of Financial Instruments:

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Cash and Cash Equivalents, Receivables, Accounts Payable, Foreign Loans, Accrued Liabilities and Income Taxes Payable: The carrying amounts approximate fair market value because of the short maturity of these instruments.

Long-Term Debt: The fair market value of the Company's long-term debt is estimated based on market quotations at year-end.

The estimated fair market values of the Company's Long-Term Debt is (in thousands):

	2010		2009	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Long-Term Debt -				
8.875% Notes Due 2011	\$ 203,460	\$ 215,733	\$ 247,104	\$ 259,537
Borrowings on Revolving Credit Facility	\$ -	\$ -	\$ 34,000	\$ 34,000

(17) Assets Held for Sale:

On July 1, 2009 the Company announced a plan to close its Jefferson and Watertown, Wisconsin manufacturing facilities in fiscal 2010. At June 27, 2010, the Company had \$4.0 million included in Assets Held for Sale in its Consolidated Balance Sheets consisting of certain assets related to the Jefferson, WI production facility. Prior to the closure, the facility manufactured all portable generator and pressure washer products marketed and sold by the Company within its Power Products segment.

(18) Separate Financial Information of Subsidiary Guarantors of Indebtedness:

In May 2001, the Company issued \$275 million of 8.875% senior notes.

On July 12, 2007, the Company entered into a \$500 million amended and restated multicurrency credit agreement. The Amended Credit Agreement (Revolver) provides a revolving credit facility for up to \$500 million in revolving loans, including up to \$25 million in swing-line loans. The Revolver has a term of five years and all outstanding borrowings on the Revolver are due and payable on July 12, 2012. The Revolver contains covenants that the Company considers usual and customary for an agreement of this type, including a Maximum Total Leverage Ratio and Minimum Interest Coverage Ratio. Certain of the Company's subsidiaries are required to be guarantors of the Company's obligations under the Revolver.

Under the terms of the Company's 8.875% senior notes and the Revolver (collectively, the Domestic Indebtedness), Briggs & Stratton Power Products Group, LLC is the joint and several guarantor of the Domestic Indebtedness (the Guarantor). The guarantees are full and unconditional guarantees. Additionally, if at any time a domestic subsidiary of the Company constitutes a significant domestic subsidiary, then such domestic subsidiary will also become a guarantor of the Domestic Indebtedness. Currently, all of the Domestic Indebtedness is unsecured. If the Company were to fail to make a payment of interest or principal on its due date, the Guarantor is obligated to pay the outstanding Domestic Indebtedness. The Company had the following outstanding amounts related to the guaranteed debt (in thousands):

Maximum

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

	June 27, 2010 Carrying Amount	Guarantee
8.875% Senior Notes, due March 15, 2011	\$ 203,460	\$ 203,764
Revolving Credit Facility, expiring July 2012	\$ -	\$ 500,000

Notes . . .

In prior periods the Company reported eliminations of intercompany gross profit and other income (expense) in the Eliminations column within the Separate Financial Information of Subsidiary Guarantors of Indebtedness footnote. Under equity accounting, these amounts should be reflected in the Briggs & Stratton Corporation (the Parent) column. In the current period the Company has revised these disclosures to reflect the elimination of intercompany gross profit and other income (expense) within the Parent Column. The impact of the revision for fiscal years 2009 and 2008 was an increase of \$1,553 and a decrease of \$4,954, respectively, to net income of the Parent column. The offsetting impact was to the Eliminations column. The Company considers these revisions to be immaterial to the Separate Financial Information of Subsidiary Guarantors of Indebtedness as a whole.

The aforementioned revisions also affected the Statements of Cash Flows for the Parent column, the Non-Guarantor Subsidiaries column and the Eliminations column. The Parent column net cash provided (used) by operating activities decreased by \$5,605 and by \$3,295 for fiscal years 2009 and 2008, respectively. The Parent column net cash provided (used) by investing activities increased by \$5,605 and by \$3,295 for fiscal years 2009 and 2008, respectively. The Non-Guarantor Subsidiaries column net cash provided (used) by operating activities increased by \$367 and net cash provided (used) by financing activities decreased by \$367 in fiscal year 2009. The Eliminations column net cash provided (used) by operating activities increased by \$5,238 and by \$3,295 for fiscal years 2009 and 2008, respectively. The Eliminations column net cash provided (used) by investing activities decreased by \$5,605 and by \$3,295 for fiscal years 2009 and 2008, respectively. The Eliminations column net cash used by financing activities increased by \$367 in fiscal year 2009. The Company considers these revisions to be immaterial to the Separate Financial Information of Subsidiary Guarantors of Indebtedness as a whole.

(19) Impairment and Disposal Charges:

Impairment charges were recognized in the Consolidated Statements of Earnings, in the Power Products segment, for \$4.6 million pretax (\$2.8 million after tax) during fiscal 2009 related to the closure of the Jefferson and Watertown, WI manufacturing facilities. Additionally, a \$1.2 million pretax (\$0.7 million after tax) curtailment loss for employee benefits was recorded in fiscal 2009, as further discussed in Note 15 of the Notes to the Consolidated Financial Statements. Prior to the closure, these facilities manufactured all portable generator, home standby generator and pressure washer products marketed and sold by the Company. This production was consolidated into existing United States engine and lawn and garden product facilities to optimize plant utilization and achieve better integration between engine and end product design, manufacturing and distribution.

(20) Casualty Event:

On December 1, 2008, a fire destroyed inventory and equipment in a leased warehouse facility in Dyersburg, TN. The destroyed facility supported the lawn and garden manufacturing operations in Newbern, TN where production was temporarily suspended as replacement parts and components were expedited. Production at the Newbern plant has since resumed to normal levels.

Assets lost in the fire were valued at approximately \$24.9 million. Total insurance installment proceeds received were \$2.6 million and \$22.0 million in fiscal 2010 and 2009, respectively. All property losses incurred were covered under property insurance policies subject to a deductible of \$0.3 million.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of Briggs & Stratton Corporation:

In our opinion, the consolidated financial statements listed in the index appearing under Item 15(a)(1) present fairly, in all material respects, the financial position of Briggs & Stratton Corporation and its subsidiaries at June 27, 2010 and June 28, 2009, and the results of their operations and their cash flows for each of the three years in the period ended June 27, 2010 in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statement schedule listed in the index appearing under Item 15(a)(2) presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of June 27, 2010, based on criteria established in Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company’s management is responsible for these financial statements and financial statement schedule, for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management’s Report on Internal Control over Financial Reporting appearing under Item 9A. Our responsibility is to express opinions on these financial statements, on the financial statement schedule and on the Company’s internal control over financial reporting based on our integrated audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company’s internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The number of record holders of Briggs & Stratton Corporation Common Stock on August 23, 2010 was 3,428.

Net Income (Loss) per share of Common Stock represents Diluted Earnings per Share.

Edgar Filing: BRIGGS & STRATTON CORP - Form 10-K

(1) Refer to Note 2 of the Notes to Consolidated Financial Statements, for information about Diluted Earnings per Share. Amounts may not total because of differing numbers of shares outstanding at the end of each quarter.

(2) As disclosed in Note 11, the third quarter of fiscal 2010 included a \$30.6 million pretax charge (\$18.7 million after tax or \$0.37 per diluted share) for a litigation settlement.

(3) As disclosed in Note 19, the fourth quarter of fiscal 2009 included a \$5.8 million pretax charge (\$3.5 million after tax or \$0.07 per diluted share) for plant closure costs.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE
None.

ITEM 9A. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, have evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) as of the end of the period covered by this report. Based on such evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures are effective in recording, processing, summarizing, and reporting, on a timely basis, information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act.

Management's Report on Internal Control Over Financial Reporting

The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f). The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's internal control over financial reporting based on the framework in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation, the Company's management has concluded that, as of the end of the period covered by this report, the Company's internal controls over financial reporting were effective.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of the effectiveness to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

PricewaterhouseCoopers LLP, an independent registered public accounting firm, has audited the Company's consolidated financial statements and the effectiveness of internal controls over financial reporting as of June 27, 2010, as stated in their report which is included herein.

Changes in Internal Control Over Financial Reporting

There has not been any change in the Company's internal control over financial reporting during the fourth fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

None.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

- (a) Executive Officers. Reference is made to Executive Officers of Registrant in Part I after Item 4.
