Report of Independent Registered Public Accounting Firm

The Plan Administrator of the Clearwater Paper Salaried 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of Clearwater Paper Salaried 401(k) Plan (the Plan) as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i schedule of assets (held at end of year) as of December 31, 2010 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Table of Contents

CLEARWATER PAPER SALARIED 401(k) PLAN

Notes to Financial Statements

December 31, 2010 and 2009

(1) Description of Plan

The following description of the Clearwater Paper Salaried 401(k) Plan (the Plan) is provided for general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established under the provisions of Section 401(a) of the Internal Revenue Code, as amended (IRC), which includes a cash or deferred arrangement under Section 401(k) of the IRC, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(b) Plan Sponsor and Administration

Clearwater Paper Corporation (Clearwater Paper or the Company) sponsors the Plan.

The Plan is administered by the Clearwater Paper Benefits Committee (the Committee). Mercer Trust Company and Mercer HR Services (collectively, Mercer) serve as the Trustee and record keeper, respectively.

(c) Eligibility and Contributions

Regular status salaried eligible employees are eligible for participation in the Plan on the first day of the month following their date of hire.

The Plan provides that each eligible salaried employee may elect a participating contribution up to 6% of his or her per pay period earnings and a voluntary contribution up to 19% (and effective as of August 1, 2010, up to 69%) of such per pay period earnings on a pre-tax or after tax basis. Participants may also make rollover contributions representing distributions from certain other retirement plans. Eligible participants age 50 or older may elect additional catch-up contributions.

Salaried employees hired by the Company are automatically enrolled in the Plan at a 3% deferral rate on a pre-tax basis 30 days after the employee becomes eligible unless he or she elects otherwise. This deferral percentage is increased by 1% annually until the percentage reaches 6% unless the participant elects otherwise.

The Company makes matching contributions into a participant's account under the Plan equal to 70% of such participant's participating contributions, although the Company may approve a higher or lower rate.

All contributions are limited by certain restrictions as defined by the IRC.

(d) Participant Accounts

A separate account is maintained for each participant of the Plan. Each account is credited with the employee and employer contributions and earnings thereon. Participant accounts are valued each day the market is open based on quoted market prices.

Table of Contents

CLEARWATER PAPER SALARIED 401(k) PLAN

Notes to Financial Statements

December 31, 2010 and 2009

(e) Investment Options

Participants may direct investment of their account balances in 1% increments into the investment options offered under the Plan, including registered investment company funds, the Clearwater Paper Stock Fund and common collective trusts.

On December 16, 2008, Potlatch Corporation (Potlatch) distributed 100% of the issued and outstanding shares of Clearwater Paper common stock to the holders of record of Potlatch common stock as of the close of business on December 9, 2008, in a tax-free spin-off (the Spin-off). Each Potlatch stockholder received one share of Clearwater Paper common stock for every 3.5 shares of Potlatch common stock held on the record date. Accordingly, as a result of the Spin-off, the Clearwater Paper Stock Fund was established. With the exception of the Potlatch Stock Fund, which continued as a frozen investment option subsequent to the Spin-off, participants may change their investment elections and make transfers between investment options each day the market is open, subject to restrictions imposed by the registered investment companies and under the Plan. Existing balances in the Potlatch Stock Fund subsequent to the Spin-off may be maintained by participants under the Plan until August 31, 2011, and balances can be reallocated to other investment options available under the Plan, however, no new contributions or transfers into the Potlatch Stock Fund are allowed. In early 2011, participants of the Plan were notified that, effective as of September 1, 2011, the Potlatch Stock Fund will be removed as an investment option. Participants have until August 31, 2011 to transfer all existing balances in the Potlatch Stock Fund to one or more of the other investment options available under the Plan or, for those eligible participants, to take a distribution of such Potlatch stock. If any investments in the Potlatch Stock Fund remain as of September 1, 2011, such investments will be liquidated and automatically invested in the T. Rowe Price Retirement Fund with the target date closest to the year in which each affected participant will reach age 65, which is the assumed retirement age under the Plan.

The accounts of participants automatically enrolled in the Plan and not electing otherwise are invested in the T. Rowe Price Retirement Fund with the target date closest to the year in which the participant will reach age 65.

Any contributions or other payments made to the Plan without investment instructions will be invested in the age-appropriate T. Rowe Price Retirement Fund until such time as the participant chooses to reinvest such funds. Transfers between certain investments may be temporarily held as cash balances prior to reinvestment.

(f) Vesting and Forfeitures

A participant's interest in all employee contribution accounts is fully vested and nonforfeitable at all times. A participant's interest in his or her matching account becomes vested based on the participant's years of service as defined in the Plan as follows:

Years of service	Percentage vested
Less than 2	%
2 or more	100.0

(Continued)

Table of Contents

CLEARWATER PAPER SALARIED 401(k) PLAN

Notes to Financial Statements

December 31, 2010 and 2009

A participant's matching account will become 100% vested if the Plan terminates, or if the participant attains age 65 while in service with the Company (or any affiliate), becomes totally and permanently disabled (as defined in the Plan) or dies while in service. The portion of a participant's matching account not vested will be forfeited when the participant's employment terminates.

As of the end of each year, forfeitures and the earnings on such forfeitures not used to restore the matching accounts of former participants rehired during the year may be credited against matching contributions for the following year, used to pay plan expenses, or a combination thereof. At December 31, 2010 and 2009, unallocated forfeitures totaled approximately \$1,300 and \$700, respectively. During 2010, forfeitures totaling approximately \$700 were used to pay administrative expenses and reduce employer contributions. No forfeitures were used to pay administrative expenses and reduce employer contributions in 2009.

(g) Notes Receivable from Participants

Participants may borrow 50% of their vested account balance up to a maximum of \$50,000 (as reduced for loans outstanding during the one year preceding the new loan) as provided by the Plan. The loans are secured by the balance in the participant's account and bear interest at a market rate, which is determined for the applicable loans during the applicable periods to be the prime rate in effect at the beginning of the month in which the loan is taken. Repayment of principal and interest is generally paid ratably through payroll deductions. Loans outstanding at December 31, 2010, bear interest at various rates ranging from 3.25% to 8.25% and mature at various times through November 2024.

(h) Distributions and Benefits

On termination of employment from Clearwater and its affiliates, each participant may elect to receive payment in a lump sum equal to that participant's vested interest in his or her account, roll his or her account balance into an IRA or another employer's plan, or maintain his or her account in the Plan, subject to certain restrictions. If a participant's vested account balance is \$5,000 or less, he or she is generally not permitted to maintain an account balance in the Plan. Therefore, depending on the value of the vested account balance, one of the following will occur:

If the vested value is \$5,000 or less, but greater than \$1,000, a participant's account will be automatically rolled over to a Putnam Automatic Rollover IRA unless the participant elects otherwise.

A terminated participant with vested benefits of \$1,000 or less will automatically receive the value of the vested interest in his or her account as a lump sum cash distribution unless he or she elects otherwise.

Participants are permitted to make in-service and hardship withdrawals while still employed by the Company and its affiliates under certain conditions specified under the Plan. A participant's right to contribute to the Plan will be suspended for up to six months upon receiving a withdrawal.

(Continued)

Table of Contents

CLEARWATER PAPER SALARIED 401(k) PLAN

Notes to Financial Statements

December 31, 2010 and 2009

(i) Plan and Administrative Fees

Plan expenses are generally paid by the Company, except to the extent that expenses are paid from participant forfeitures of employer matching contributions. Loan service fees, fees associated with processing of qualified domestic relations orders and certain trustee and recordkeeper expenses are paid by the affected participant.

(j) Party-in-Interest and Related-Party Transactions

Certain plan investments are managed by an affiliate or related party of Mercer. These transactions and transactions within the Clearwater Paper Stock Fund are considered party-in-interest transactions.

(k) Net Transfers from Other Plans

Net transfers from other plans represent the net amount of participant account balances transferred during the year to the Plan from other plans sponsored by the Company and its affiliates as a result of the participants changing employment status within the Company and its affiliates.

(l) Plan Termination

Although the Company expects to continue the Plan indefinitely, inasmuch as future conditions cannot be foreseen, the Company reserves the right to amend or terminate the Plan at any time and for any reason subject to the rules of ERISA. In the event of plan termination, participants will become 100% vested in their employer accounts.

(2) Summary of the Significant Accounting Policies

The financial statements of the Plan are prepared on the accrual basis of accounting. Distributions to participants are recorded when paid.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets available for benefits during the reporting period. Actual results could differ from those estimates and assumptions.

(a) Investment Valuation

As described in Financial Accounting Standards Board (FASB) guidance, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Edgar Filing: Clearwater Paper Corp - Form 11-K

The Plan invests in the Putnam Stable Value Fund, a common and collective trust that invests in guaranteed investment contracts (GICs). As required by FASB guidance, the statement of net assets available for benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the

(Continued)

Table of Contents

CLEARWATER PAPER SALARIED 401(k) PLAN

Notes to Financial Statements

December 31, 2010 and 2009

investment contracts. The GICs are fully benefit-responsive and are recorded at contract value. Fair value is calculated by discounting the related cash flows based on current yields and similar investments. The statement of changes in net assets available for benefits is prepared on a contract value basis. The contract value of the Putnam Stable Value Fund represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses. The average yield and crediting interest rate for that fund were approximately 4.02% and 4.15%, respectively, at December 31, 2010 and 2.95% and 3.83%, respectively, at December 31, 2009.

As of December 31, 2010, there are no reserves against credit value for credit risk of the contract issuer. There are certain limited events that may limit the ability of the Trust to transact at contract value related to employer-initiated transaction provisions. Due to the size of the Stable Value Fund, it is highly unlikely that any event would occur that would limit the fund's ability to transact at contract value.

Investments in shares of the Potlatch and Clearwater Paper Stock Funds and registered investment company funds are stated at fair value, based on quoted market prices. Investments in the Putnam S&P 500 Index Fund, a common and collective trust, are stated at fair value based on the quoted value of the underlying investments and are expressed in units.

(b) Income Recognition

Net appreciation in fair value of investments represents net realized gains and losses and the change in fair value of investments from one period to the next. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis.

(c) Notes Receivable from Participants

Notes receivable from participants are stated at the outstanding balance of the loan plus accrued interest.

(d) Recently Adopted Accounting Standards

In September 2010, the FASB issued an amendment (ASU 2010-25), *Plan Accounting - Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Plans*, which provides guidance on how loans to participants should be classified and measured by defined contribution plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their principal balance plus any accrued but unpaid interest. This amendment is effective for periods ending after December 15, 2010, with early adoption permitted, and requires retrospective application to all periods presented.

ASU 2010-25 was adopted for the year ended December 31, 2010 and retrospectively applied to December 31, 2009. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new amendment. The adoption resulted in a reclassification of participant loans totaling \$2,587,901 from investments to notes receivable as of December 31, 2009. There was no impact to the Plan's net assets as of December 31, 2010 or 2009 as a result of the adoption.

(Continued)

Table of Contents**CLEARWATER PAPER SALARIED 401(k) PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

(3) Investments

The value of individual investments that represented 5% or more of the Plan's net assets at December 31, 2010 and 2009 were as follows:

	2010	2009
Putnam Stable Value Fund	\$ 28,781,666	27,032,815
Clearwater Paper Stock Fund	15,940,770	12,041,171
Potlatch Stock Fund	11,897,327	13,672,315
PIMCO Total Return Fund	8,080,518	6,504,132
Dodge & Cox Stock Fund	6,417,679	5,829,822
Artisan Mid-Cap Fund	6,059,490	4,540,421*
	77,177,450	69,620,676
Other investments	41,584,106	34,102,761
	\$ 118,761,556	103,723,437

* Represents less than 5% of the Plan's investments.

During the years ended December 31, 2010 and 2009, the Plan's investments appreciated (including net gains and losses on investments sold during the year and the net change in unrealized gains and losses at the end of the year) as follows:

	2010	2009
Clearwater Paper Stock Fund	\$ 5,092,586	16,630,646
Common and collective trusts	479,136	741,317
Potlatch Stock Fund	464,777	2,518,888
Registered investment company funds	6,241,653	10,622,272
	\$ 12,278,152	30,513,123

(Continued)

Table of Contents

CLEARWATER PAPER SALARIED 401(k) PLAN

Notes to Financial Statements

December 31, 2010 and 2009

(4) Fair Value Measurements

Fair value accounting guidance establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Registered investment company funds and company stock: Valued at quoted market prices, which are the net asset value of shares held by the Plan at year end.

Common and collective trusts: Investments in common commingled trust funds are recorded at fair value and adjusted to contract value for the Putnam Stable Value Fund and are recorded at fair value for the Putnam S&P 500 Index Fund. See Note 2, Summary of Significant Accounting Policies, for further discussion.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Table of Contents**CLEARWATER PAPER SALARIED 401(k) PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

The following table sets forth by level, within the fair value hierarchy, the Plan investments at fair value:

	December 31, 2010			Total
	Level 1	Level 2	Level 3	
Registered investment company funds:				
Growth funds	\$ 21,240,112			21,240,112

	December 31, 2009			Total
	Level 1	Level 2	Level 3	
Registered investment company funds:				
Growth funds	\$ 18,311,818			18,311,818
Value funds	14,325,400			14,325,400
Income funds	7,163,268			7,163,268
Target retirement funds	6,278,355			6,278,355
Index funds	1,401,431			1,401,431
Common stock	25,713,486			25,713,486
Common/collective trust funds				
Stable value fund		27,032,815		27,032,815
Index fund		3,406,466		3,406,466
Cash pending account	90,398			90,398
Total investments at fair value	\$ 73,284,156	30,439,281		103,723,437

(5) Investment Risk

The Plan investments include shares of registered investment company funds, common and collective trusts, and common stock in the form of the Clearwater Paper Stock Fund. Common stock investments are also held in the Potlatch Stock Fund, although no new contributions or transfers to this fund are permitted after the Spin-off. The underlying investments of such funds, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with such investments, it is reasonably possible that changes in the values of underlying investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Edgar Filing: Clearwater Paper Corp - Form 11-K

Certain funds invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime

(Continued)

Table of Contents

CLEARWATER PAPER SALARIED 401(k) PLAN

Notes to Financial Statements

December 31, 2010 and 2009

mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

(6) Tax Status

The Internal Revenue Service has determined by a letter dated April 16, 2003, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since that date, management believes that the Plan is designed and continues to operate in material compliance with the IRC. Management has requested, but not yet received, a determination from the Internal Revenue Service that the Plan, as restated and amended, continues to be a tax-qualified plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded to the best of its knowledge that as of December 31, 2010, there are no uncertain positions taken or that could reasonably be expected to be taken that require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by the Internal Revenue Service; however, there are currently no audits pending for any tax periods. The plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2007.

(Continued)

Table of Contents**CLEARWATER PAPER SALARIED 401(k) PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

(7) Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31, 2010 and 2009:

	2010	2009
Net assets available for benefits per the financial statements	\$ 120,178,204	105,258,184
Loans in deemed distributed status	(66,936)	(56,083)
Adjustment from contract value to fair value of fully benefit-responsive investment contracts	1,558,337	1,124,521
Net assets available for benefits per the Form 5500	\$ 121,669,605	106,326,622

The following is a reconciliation of the net increase in net assets available for plan benefits per the financial statements to the Form 5500 for the years ended December 31, 2010 and 2009:

	2010	2009
Net increase in net assets available for benefits prior to transfers per the financial statements	\$ 13,596,514	35,685,647
Change in deemed distributed loans	(10,853)	(56,083)
