If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspectors of election with your ballot to be able to vote at the Annual Meeting.

The names of stockholders of record entitled to vote at the Annual Meeting will be available for any purpose germane to the meeting at the Annual Meeting and for ten days prior to the Annual Meeting between the hours of 8:45 a.m. and 4:30 p.m., at our principal executive offices at One Owens Corning Parkway, Toledo, Ohio, by contacting the Secretary of the Company.

### **How do I vote shares I hold through the Company's 401(k) plans?**

If you hold shares through the Owens Corning Savings Plan or the Owens Corning Savings and Security Plan, you will receive a request for voting instructions with respect to your plan shares. You are entitled to instruct the plan trustee on how to vote your plan shares. ### **What can I do if I change my mind after I vote my shares?**

If you are a stockholder of record, you can revoke your proxy before it is exercised by:

written notice to the Secretary of the Company;

timely delivery of a valid, later-dated proxy or a later-dated vote by telephone or on the Internet; or

voting by ballot at the Annual Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker or other holder of record.

All shares that have been properly voted and not revoked will be voted at the Annual Meeting.

### **What are the voting requirements to elect the directors and to approve the proposals discussed in this Proxy Statement?**

The presence of the holders of a majority of the shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. If you are a beneficial owner, your broker or other holder of record is permitted to vote your shares on the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm, even if the stockholder of record does not receive voting instructions from you.

#### ***Election of Directors***

A plurality of the votes cast is required for the election of directors. This means that the director nominee with the most votes for a particular slot is elected for that slot. You may vote for or withheld with respect to the election of directors. Only votes for are counted in determining whether a plurality has been cast in favor of a director. Abstentions are not counted for purposes of the election of directors.

#### ***Ratification of the Selection of PricewaterhouseCoopers LLP***

Although ratification is not required by our bylaws or otherwise, we are asking our stockholders to ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2012. The affirmative vote of a majority of the votes which could be cast by the holders of all stock entitled to vote which are present in person or by proxy at the Annual Meeting is required to approve the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2012. Abstentions will count as present and entitled to vote for purposes of this proposal and will have the effect of a vote against the proposal.

This procedure is designed to reduce the volume of duplicate information received at your household and helps us reduce our printing and mailing costs. Under this procedure, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Notice of Annual Meeting and Proxy Statement and accompanying documents, unless one or more of these stockholders notifies us that they wish to continue receiving individual copies.

Stockholders who participate in householding will continue to receive separate proxy cards.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Notice of Annual Meeting and Proxy Statement and accompanying documents, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, contact Broadridge Financial Solutions, Inc. at 1-800-542-1061 or in writing at Broadridge, Household Department, 51 Mercedes Way, Edgewood, New York 11717.

#### **Corporate Governance Guidelines**

Our Board of Directors has adopted Corporate Governance Guidelines which, in conjunction with our certificate of incorporation, bylaws and Board committee charters, form the framework for our corporate governance. The Corporate Governance Guidelines are published on our website at <http://www.owenscorning.com> and will be made available in print upon request by any stockholder to the Secretary of the Company.

#### **Board Leadership Structure**

Michael H. Thaman serves as Owens Corning's Chairman of the Board, President and Chief Executive Officer ( Chairman and CEO ) and Ralph F. Hake, a non-management director, serves as lead independent director ( Lead Independent Director ) of the Company. The Board of Directors believes that this leadership structure is appropriate for Owens Corning in light of the Company's governance structure, current needs and business environment as well as the unique talents, experiences and attributes of the individuals in those roles.

Mr. Thaman was Chairman of the Board for the Company from April 2002 to December 2007, prior to his election as the Company's Chief Executive Officer. Upon his election as Chief Executive Officer in December 2007, the CEO and Chairman positions were combined in order to ensure a single, strong senior management voice, with clear and consistent leadership on critical strategic objectives. The Board's prior experience working with Mr. Thaman in the Chairman position strongly supported its conclusion that the Company and its stockholders would be best served with Mr. Thaman leading Owens Corning as its Chairman and CEO.

The Board of Directors further determined that it was appropriate to have a structure that provided strong leadership among the independent directors of the Board. Ralph F. Hake serves as Lead Independent Director. Mr. Hake has continuously served as director of the Company since 2006. He has also had significant experience serving as a non-management director of companies other than Owens Corning.

The Board of Directors believes that its on-going ability to review the leadership structure of the Board and to make changes as it deems necessary and appropriate gives it the flexibility to meet varying business, personnel and organizational needs over time. The success of any given structure will always be dependent upon the individuals who hold key roles and how they work together to drive value for the Company and its stockholders.

#### **Lead Independent Director**

The independent directors on our Board of Directors have elected a Lead Independent Director to serve in a lead capacity to coordinate the activities of the other non-management directors and to perform such other duties and responsibilities as the Board of Directors may determine. Ralph F. Hake was elected to serve as Lead Independent Director effective April 2011.

The responsibilities of the Lead Independent Director, as provided in the Charter of Lead Independent Director for Owens Corning, include:

presiding at meetings of the Board in the absence of, or upon the request of, the Chairman;

serving as a designated member of the Executive Committee;

presiding over all executive meetings of non-management directors and independent directors and reporting to the Board, as appropriate, concerning such meetings;

reviewing Board meeting agendas in collaboration with the Chairman and recommending matters for the Board to consider and information to be provided to the Board;

## **Table of Contents**

serving as a liaison and supplemental channel of communication between the non-management/independent directors and the Chairman without inhibiting direct communication between the Chairman and other directors;

serving as the principal liaison for consultation and communication between the non-management/independent directors and stockholders; and

advising the Chairman concerning the retention of advisors and consultants who report directly to the Board.

The Charter of Lead Independent Director for Owens Corning is available on our website at <http://www.owenscorning.com>.

The Board of Directors believes that having a strong Lead Independent Director with significant leadership responsibilities, as described above, coupled with a strong and effective Chairman and CEO is currently the appropriate board leadership structure for Owens Corning.

The Board of Directors has determined that communications determined to be advertisements, or other types of Spam or Junk messages, unrelated to the duties or responsibilities of the Board, should be discarded without further action. A summary of all other communications is reported semi-annually to the non-management directors. Communications alleging fraud or serious misconduct by directors or executive officers are immediately reported to the Lead Independent Director. Complaints regarding business conduct policies, corporate governance matters, accounting controls or auditing are managed and reported in accordance with Owens Corning's existing audit committee complaint policy or business conduct complaint procedure, as appropriate.

## **Director Qualification Standards**

Pursuant to New York Stock Exchange listing standards, our Board of Directors has adopted a formal set of categorical Director Qualification Standards with respect to the determination of director independence, which either meet or exceed the independence requirements of the New York Stock Exchange corporate governance listing standards. In accordance with these standards, to be considered independent a director must be determined to have no material relationship with the Company other than as a director. The standards specify the criteria by which the independence of our directors will be determined, including strict guidelines for directors and their immediate families with respect to past employment or affiliation with the Company or its independent registered public accounting firm. The full text of our Director Qualification Standards is included as Annex A to this Notice of Annual Meeting and Proxy Statement.

## **Director Independence**

With the assistance of legal counsel to the Company, the Governance and Nominating Committee reviewed the applicable legal standards for director and Board Committee independence, our Director Qualification Standards, and the criteria applied to determine audit committee financial expert status. The Committee also reviewed reports of the answers to annual questionnaires completed by each of the independent directors and of transactions with director affiliated entities. **Table of Contents****Executive Compensation****EXECUTIVE SUMMARY****Compensation Philosophy and Structure**

As discussed in the following Compensation Disclosure and Analysis, Owens Corning's executive compensation philosophy is performance-based, aligned with stockholders interests and intended to allow us to compete for highly qualified executive talent. In general, Owens Corning seeks to provide its executives with targeted compensation opportunities at the median of our competitive marketplace for talent. Actual compensation received will vary from targeted levels based upon Company, individual and stock price performance, it being the Company's philosophy to have a significant portion of executive compensation be at risk. Further, the Company utilizes performance criteria that are correlated with stockholder value creation, as well as stockholder-friendly practices such as stock ownership requirements (three to six times base salary), clawback requirements, zero perquisites, and 401(k)-only requirement packages. The table below summarizes our compensation elements, as well as each element's link to our compensation philosophy.

<b>Compensation Element</b>	<b>Philosophy</b>	<b>Provides Retention</b>	<b>Rewards Annual Performance</b>	<b>Rewards Long Term Performance</b>	<b>Aligns to Shareholder Interests</b>
Base Salary	We intend to provide base salary competitive with market practices. Base salary provides a standard of living, is used to compete in the market for talent and forms the foundation for other reward vehicles.	X			X
Corporate Incentive Plan (CIP)	CIP rewards annual performance against business objectives established by the Compensation Committee. The amount of the award varies from 0 to 200% of an individual executive's target incentive award. To achieve payout in excess of target, the Company's performance must exceed expectations and individual performance must be outstanding.		X		X
Long Term Incentives	Long term incentive opportunities are provided through grants of restricted shares, stock options and performance share units. Restricted shares and stock options are subject to four year time-based vesting. Performance share units are earned based upon the Company's total shareholder return versus companies in the S&P 500 over a three year period.	X		X	X
Benefits	Owens Corning offers all of its U.S. salaried employees benefit	X			

programs that provide protection for health, welfare and retirement. These programs include healthcare, life, disability and dental insurance, as well as a 401(k) program. A deferred compensation program is also provided to executives for tax advantaged savings. The programs for Owens Corning's named executive officers are the same as those provided to all salaried employees in the countries in which each executive resides.

**Table of Contents**

As noted above, a significant portion of our named executive officers' compensation is at risk, based upon annual financial and long-term stock price performance. The following chart illustrates the mix of compensation at target for each named executive officer:

**2011 Compensation Actions and Outcomes**

Any base salary increases in 2011 were modest and intended to align salaries with the targeted competitive market position. The table below summarizes the 2011 base salary levels versus market median data provided by the Committee's independent compensation consultant. We generally expect base salaries to fall within a competitive range of plus or minus 20% of market median, based upon each executive's performance, time in position, specialized skills and contribution.

<b>Name</b>	<b>2011 Salary Rate</b>	<b>Market Median Base Salary</b>	<b>Variance</b>
Thaman	\$ 1,000,000	\$ 1,075,000	-7%
Palmer	\$ 550,000	\$ 520,000	6%
Dana	\$ 550,000	\$ 489,000	12%
Genis	\$ 440,183	\$ 489,000	-10%
Smith	\$ 415,000	\$ 365,000	14%

**ANNUAL INCENTIVE PLAN AWARDS**

Awards earned under the 2011 Corporate Incentive Plan were based upon the Company's adjusted EBIT performance. The aggregate payout, which was below target, reflects the fact that Owens Corning's adjusted EBIT fell short of targeted performance levels. Although 2011 adjusted EBIT increased by more than 20% over 2010 levels, it fell short of the goal the Committee established at the beginning of the year.

## **Table of Contents**

### **LONG TERM INCENTIVE AWARDS**

Awards granted under the Company's 2009-2011 performance cycle vested at the end of 2011. Performance share units granted in 2009 were vested at 128% of target based upon strong performance versus the S&P 500.

Grants to named executive officers in early 2011 consisted of restricted shares, stock options and performance share units. These awards will vest in 2012, 2013, 2014 and 2015. The purpose of these awards was to strongly align the interests of our executives with those of our shareholders and reflect the Committee's assessment of executive performance. Actual awards earned from performance share units will be dependent upon the Company's future stock price performance versus the S&P 500.

### **COMPENSATION DISCUSSION AND ANALYSIS**

In this section (which we refer to as, "CD&A") we provide information, discussion and analysis concerning our compensation programs for our Chief Executive Officer, Chief Financial Officer and the other named executive officers for 2011 (collectively, the "Executive Officers").

#### **Objectives of Our Compensation Programs**

##### **Our Philosophy**

As a global leader in high performance glass composites and building materials, we must employ highly talented individuals to build and grow our market-leading businesses and maximize financial results. Consequently, we have designed our compensation and benefit programs to attract and retain highly qualified employees and to engage our employees to deliver the performance and financial returns that will drive stockholder value.

The Compensation Committee of our Board of Directors (which we refer to in this CD&A as, the "Committee") is comprised entirely of independent directors and has responsibility for approving the compensation arrangements for our Executive Officers. The Committee acts pursuant to a charter that has been approved by our Board of Directors. The charter is updated periodically and can be found on the Company's website at: <http://www.owenscorning.com>.

The Compensation Committee has engaged Pearl Meyer & Partners (the "Consultant") as an independent compensation consultant to the Committee. Specifically, the Consultant provided relevant market data and trend information, advice, alternatives and recommendations to the Committee with regard to the compensation of Executive Officers. The Consultant is retained and engaged by the Committee, and the Committee is responsible for directing and reviewing the Consultant's work. During 2011, the Consultant has provided no additional consulting services for the Company outside of its role as the Committee's independent compensation consultant.

The compensation programs provided for our Executive Officers are organized around four fundamental principles.

**Table of Contents***1. Our Compensation is Performance-Based*

The Committee believes that compensation decisions require judgment and should reflect Company and individual performance, in addition to market pay levels and trends. Total compensation opportunities for the Executive Officers, including base salary, annual incentives and equity awards, are generally targeted at the median of our competitive marketplace for executive talent. The Committee maintains the flexibility and discretion to establish individual Executive Officers' target compensation levels above or below market median practices as experience, performance and contribution warrant. The table below sets forth Owens Corning's targeted and actual compensation opportunities for each of our Executive Officers for the 2011 reporting year:

	Base Salary	Annual Incentive		Long Term Incentive Grant		Total	
		Target	Actual	Target	Actual	Target	Actual
Thaman	\$ 995,833	\$ 1,195,000	\$ 1,129,275	\$ 3,705,000	\$ 4,556,000	\$ 5,895,833	\$ 6,681,108
Palmer	\$ 545,834	\$ 409,375	\$ 356,157	\$ 1,102,500	\$ 1,323,000	\$ 2,057,709	\$ 2,224,990
Dana	\$ 545,834	\$ 409,375	\$ 386,860	\$ 1,102,500	\$ 1,212,750	\$ 2,057,709	\$ 2,145,444
Genis	\$ 438,025	\$ 328,519	\$ 265,279	\$ 935,665	\$ 935,665	\$ 1,702,209	\$ 1,638,969
Smith	\$ 412,500	\$ 268,125	\$ 243,323	\$ 664,000	\$ 768,000	\$ 1,344,625	\$ 1,423,824

Actual base salary levels, target annual and long term incentive award opportunities are regularly reviewed by the Committee. Compensation actions regarding 2011 award levels are discussed in detail in the Annual Incentives and Long Term Incentives sections of this Compensation Disclosure and Analysis.

The Committee utilizes a peer group of 13 companies as one of the inputs in assessing the competitiveness of executive compensation and the appropriateness of compensation program design. These companies are either in the building materials industry, serve related markets, or use manufacturing processes similar to Owens Corning, and have size (measured in annual net sales, market capitalization or number of employees) or complexity comparable to Owens Corning. This peer group is reviewed regularly by the Committee to ensure the relevance of the companies to which we compare ourselves.

The current peer group is comprised of the following companies:

Armstrong World Industries	Owens-Illinois
Ball Corporation	PPG Industries
Lennox International	Sherwin-Williams
Masco	Stanley Black & Decker
Mohawk Industries	Temple-Inland
Louisiana Pacific	Valspar Corporation

## USG

While compensation data from the peer group serves as comparison data, the Committee supplements this information with data from compensation surveys covering general industry companies of similar size based on annual net sales. This additional data, compiled by the Committee's Consultant, enhances the Committee's knowledge of trends and market practices.

Both our Corporate Incentive Plan ( CIP ), which pays annual incentives based on Company performance over a one-year period, and our Long Term Incentive Program ( LTIP ), which delivers a mix of equity-based compensation, including performance shares which pay out based on Company performance over a three-year period, are designed to provide incentive pay to the Executive Officers at levels that correspond to whether the performance goals set by the Committee pursuant to those plans are attained. The Committee's philosophy is to provide clearly defined financial incentives to motivate our leaders to deliver superior results which will drive stockholder value.

---

## **Table of Contents**

The maximum award opportunities for our Executive Officers under the CIP range from 1.3 to 2.4 times base salary. The Committee utilizes negative discretion (see Tax Deductibility of Pay below) to align incentive payments with Company and individual performance and generally targets awards at 50% of each Executive Officer's maximum award opportunity. Target awards under the LTIP range from 1.6 to 3.8 times base salary. The participation level for each of our Executive Officers is based on the officer's specific position, responsibilities, accountabilities and impact on the Company's results, and the market analysis discussed above.

Accordingly, the compensation structure for our Executive Officers (base salary and participation in our CIP and LTIP) is generally determined by reference to similar positions at companies of similar size and complexity. Because our incentive plans are performance-based, actual Executive Officer compensation may translate into pay at, above, or below the targeted structure based upon the Company's performance and by the Committee's assessment of each Executive Officer's individual performance.

### *2. Our Compensation is Aligned with Stockholder Interests*

We believe that total compensation should be driven by those business results that are best aligned with long term stockholder value. The Committee selects funding criteria for the CIP and LTIP that it believes will drive enterprise value and are correlated to stockholder return.

### *3. Our Compensation Programs Position Us to Compete for the Best Executive Talent*

We believe that stockholders benefit when we can attract and retain talented executives. We accomplish this with compensation packages that are competitive, fair and appropriately reward outstanding performance. Our executive compensation programs are generally designed to deliver total compensation at the median of our peer group when the Company meets its target performance goals. However, our Executive Officers can receive incentive compensation above or below the median to the extent that the Company either exceeds or does not meet performance goals. To ensure that our programs remain market competitive, we benchmark our plans against the compensation programs of similar companies with assistance from the independent Consultant.

### *4. Our Compensation Programs Should Be Recognized as Challenging but Fair*

We intend to create and maintain compensation programs that will be recognized as challenging, but fair, both internally and externally. We accomplish this by comparing the total compensation that is provided to our Executive Officers to:

The targeted compensation structure of similar executive officers at our peer companies to measure external competitiveness;

The actual compensation received by, and the corresponding results delivered by, similar executive officers at our peer companies to measure external fairness;

Our other senior leaders at Owens Corning to measure internal fairness; and

The total compensation that the Committee, in its exercise of judgment after reviewing results achieved and impact on stockholders, believes is appropriate to ensure overall fairness to the Executive Officers and stockholders.

### **The Elements of Our Compensation Program**

The Committee emphasizes evaluating the Executive Officers' total compensation. While each element is important, it is the total compensation of our Executive Officers that should correspond to their individual performance, the business results of the Company and value created for stockholders. The three main elements of our executive compensation program are base salary, the annual incentive plan (CIP) and the long-term incentive plan (LTIP). Executive Officers are also provided with benefits which comprise a relatively small portion of total compensation. The compensation policies and programs described herein, unless otherwise noted, are applied consistently with respect to all Executive Officers.

## **Table of Contents**

### *Base Salary*

Base salary levels for Executive Officers for any given year are generally reviewed by the Committee at its meeting in February. Adjustments in base salary on a year-over-year basis are dependent on the Committee's assessment of Company and individual performance, while taking into account all elements of Executive Officer total compensation. The proportional amount of total compensation that is provided in the form of base salary is substantially less, assuming performance levels are met, than the amount that is provided in the form of awards under our CIP and LTIP, each of which is described below.

The Committee determines the CEO's base salary based on a review of market data, experience and individual and Company performance. In addition, the Committee considers the overall economic environment and business dynamics. For the remaining Executive Officers, the CEO makes recommendations to the Committee for its approval. The CEO's recommendations are based on several key factors for each Executive Officer, including:

The officer's overall individual performance as evaluated by the CEO;

Competitive salary levels;

The manner in which the officer interacts with and elevates the performance of the leadership team as a whole; and

The manner in which the officer demonstrates our Company's values and sets the tone at the top.

In addition, when an Executive Officer is recruited from outside Owens Corning, the package necessary to attract candidates also plays a role in determining base salary and total compensation. The Committee considers the recommendations made by the CEO and its independent consultant along with each of the factors described above and uses its judgment to make the final determination and approval of Executive Officer salaries in a manner which is consistent with the compensation philosophy, needs and interests of the Company.

### *Annual Incentives*

Annual incentives are delivered through the CIP. Funding under the 2011 CIP for all Executive Officer awards for the year was determined based on performance as measured against separate and distinct corporate and individual performance goals for the year. Incentive awards for the Executive Officers are allocated at 75% for corporate performance measures and 25% for individual performance measures. Award amounts for each element may be earned from 0-200% of targeted levels, based upon performance. The corporate component is earned based upon the achievement of separate pre-determined financial goals as described below. The CIP also contains a business group component, based upon the achievement of financial performance of our Composites and Building Materials groups. While the Compensation Committee reviews and approves the performance metrics for the business group component, none of the named executive officers participate in this component of the CIP.

The individual component is funded at maximum if the company is profitable, with actual award amounts earned under the individual component being reduced from maximum and determined based upon a discretionary assessment of performance by the Committee. The Committee assesses the individual performance of the CEO, and reviews and approves the CEO's assessment of individual performance of the other Executive Officers in determining CIP amounts. Awards are paid in the form of a lump-sum cash payment.

At the beginning of each year, the Committee selects the corporate performance objectives, or funding criteria, that are used to determine the funding under the corporate performance component. For 2011, the Committee selected specific levels of adjusted earnings from operations before interest and taxes (Adjusted EBIT) as defined in Management's Discussion and Analysis included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011).

**Table of Contents**

Funding of the corporate component of the CIP can range, on the basis of Company performance, from Threshold Funding (zero CIP funding), to Target Funding (the target CIP funding established by the Committee), to Maximum Funding (two times Target Funding). For Company performance falling between the performance levels associated with Threshold Funding and Target Funding or with Target Funding and Maximum Funding, CIP funding would fall proportionately between the corresponding funding levels. For example, for Company performance falling two-thirds of the way between the performance levels associated with Threshold Funding and Target Funding, the resulting CIP funding would fall two-thirds of the way between Threshold Funding and Target Funding.

Individual performance goals are established each year for the CEO by the Committee. For the remaining Executive Officers, the CEO and each officer establish and agree upon performance objectives which serve as the individual performance goals for that officer for the year. At the close of each year the Committee evaluates the performance of the CEO against the established performance goals, in addition to other factors described below, and determines the level of funding of the individual component of the award. Similarly, the CEO reviews performance of the other Executive Officers against their individual critical outcomes and based on this assessment and other factors described below, the CEO makes a recommendation to the Committee. The Committee then determines the actual payout under the individual component of the CIP based on the recommendations of the CEO.

When establishing Threshold, Target and Maximum CIP performance levels for the corporate component for 2011, the Committee used a variety of guiding principles, including:

Target performance levels generally correspond with the results and the business objectives called for in the Board-reviewed operations plan (a comprehensive strategic business plan for the Company) for the year. Whether the target performance level can be attained is a function of the degree of difficulty associated with the operations plan.

Threshold performance levels should be set so that below Target performance yields below market compensation, but also to reward employees incrementally for delivering value during adverse business conditions. CIP performance levels between Threshold and Target are intended to compensate employees below the targeted median, which the Committee believes is appropriate for a performance-based incentive plan.

The Maximum performance level is also determined based on the Committee's view of the degree of difficulty of the operations plan the more difficult the operations plan and, therefore, the Target performance level, is to achieve, the less incremental performance (above target performance) is required to reach the Maximum.

The Maximum performance level should be set so that it is rarely attained, with the mindset that it requires Company performance to be significantly higher than the operations plan to warrant CIP funding at or near Maximum.

CIP awards between Target and Maximum should reflect a level of performance that distinguishes the Company and its leaders, and translates into increased stockholder value.

The Committee retains discretion to reduce awards or not pay CIP compensation even if the relevant performance targets are met. In 2011, CIP funding was based upon Adjusted EBIT. The funding targets were as follows:

<b>Corporate Incentive Plan</b>	<b>Threshold Funding</b>	<b>Target Funding</b>	<b>Maximum Funding</b>
Adjusted EBIT	\$ 390MM	\$ 490MM	\$ 590MM

**Table of Contents**

Adjusted EBIT in 2011 was \$461 million and therefore the Adjusted EBIT portion of the CIP pool funded at 71% of Target Funding. The Company's performance against this metric determines the Executive Officers' award for the Corporate Component (weighted at 75%) without any discretion exercised by the Committee.

The Executive Officers' maximum award for the Individual Component (weighted at 25%) of the CIP is described below and is subject to downward discretion by the Committee based upon its assessment of individual performance of each executive officer. Factors considered in assessing individual performance include: the performance of business or functional areas for which the individual is accountable, achievement of pre-determined goals, impact on the organization and talent development. Individual performance is based on a discretionary holistic assessment of the Executive Officer's overall performance. The Committee determines the CEO's individual award based upon its assessment of the CEO's performance for the year. For the other Executive Officers, the assessment is made by the CEO for each Executive Officer on an individual basis and reviewed and approved by the Committee. When assessing individual performance, the considerations by the CEO and the Committee include those referenced above when determining base salary, as well as a comparison among Executive Officers to determine their relative contributions to the Company's business results with the goal being to differentiate awards based on performance. The Committee received recommendations from the CEO, assessed his performance evaluation for each of the Executive Officers and applied its judgment consistent with the factors described to review and approve the CIP payouts for each Executive Officer for 2011. The table below summarizes each Executive Officer's target and actual Corporate component and maximum and actual individual component under the CIP for 2011.

	Corporate Performance (75% Weighting)		Individual Performance (25% Weighting)		
	Target Award	Actual Funding @ 71%	@ Max Opportunity	Actual Individual Award	Total 2011 CIP Award
Thaman (1)	\$ 896,250	\$ 636,338	\$ 597,500	\$ 492,938	\$ 1,129,275
Palmer (2)	\$ 307,032	\$ 217,992	\$ 204,688	\$ 138,164	\$ 356,157
Dana (3)	\$ 307,032	\$ 217,992	\$ 204,688	\$ 168,867	\$ 386,860
Genis (4)	\$ 246,389	\$ 174,936	\$ 164,259	\$ 90,343	\$ 265,279

- (1) The determination of Mr. Thaman's individual CIP award was based upon the Committee's assessment of overall Company financial performance, safety, business development and progress towards Owens Corning's talent agenda.
- (2) The determination of Mr. Palmer's individual CIP award was based upon the Committee's assessment of overall Company financial performance, safety, capital market activity, business development, talent development and succession planning.
- (3) The determination of Mr. Dana's individual CIP award was based upon the Committee's assessment of financial performance of the Building Materials Group business, safety, business development, improving the customer experience, talent development and succession planning.
- (4) The determination of Mr. Genis' individual CIP award was based upon the Committee's assessment of financial performance of the Composites Group, safety, serving our customers, cost leadership, talent development and succession planning.
- (5) The determination of Mr. Smith's individual CIP award was based upon the Committee's assessment of performance in the following areas: improving HR processes, organizational development, talent management, leadership development and operational improvement.

**Long Term Incentives**

We believe long term incentive opportunities should align Executive Officer behaviors and results with key enterprise drivers and the interests of stockholders over an extended period of time.

**Table of Contents**

Our long term incentive program ( LTIP ) is an equity-based program that uses a combination of Restricted Stock, Stock Options and Performance Stock Units. The Performance Stock Units use overlapping three-year performance cycles, with a new cycle beginning each year.

Grants to Executive Officers in 2011 consisted of three separate components: (1) Restricted Stock which vest at the rate of 25% per year over a four-year period (employees in certain foreign jurisdictions receive Restricted Stock Units); (2) Stock Options, which vest at the rate of 25% per year over a four-year period; and (3) Performance Stock Units ( PSUs ) which vest at the completion of the three-year performance period and participants receive a settlement of their individual grants based on the Company's performance against pre-established performance criteria. PSUs are settled half in cash in an amount that is dependent on the value of the Company's common stock and half in shares of Company common stock. This mix provides an increasing ongoing stake in the Company with each performance cycle, while also providing a cash payment at the completion of each cycle that reflects value added to the Company as a whole. The performance criterion used to determine the number of PSUs ultimately received by the participants is total shareholder return relative to S&P 500 companies. Actual 2011 LTIP grants for the named executive officers versus targeted levels are described below. The factors used in determining actual awards versus targeted levels were substantially similar to those individual criteria discussed above, in the Annual Incentives section. The stock price on the grant date was used to value all LTIP grants, together with a standard Black-Scholes value of 33%. The actual accounting charge for these awards is determined under ASC Topic 718 and may be more or less than the standardized value Owens Corning uses internally for grant size determination.

	<b>Target 2011 LTIP</b>	<b>Actual 2011 LTIP Award</b>
Thaman	\$ 3,705,000	\$ 4,556,000
Palmer	\$ 1,102,500	\$ 1,323,000
Dana	\$ 1,102,500	\$ 1,212,750
Genis	\$ 935,665	\$ 935,655
Smith	\$ 664,000	\$ 768,000

For the LTIP performance cycle beginning in 2009 and ending in 2011, funding criteria were based on the Company's stock price performance versus the companies in the S&P 500. Over the performance period, Owens Corning's stock performed at the 57<sup>th</sup> percentile versus the S&P 500, resulting in funding of 128%.

*Stock Ownership Guidelines.* Stock ownership guidelines for our officers and directors are designed to closely link their interests with those of our stockholders. These stock ownership guidelines provide that each Executive Officer must own stock with a value of three to six times his or her base salary, depending on position. Officers must retain 100% of after-tax shares received through LTIP grants until the ownership guideline is met. Outside Directors are required to own shares with a value greater than 3.5 times the Company's annual cash retainer. All named executive officers are in compliance with our stock ownership guidelines as of December 31, 2011.

*Risk Assessment.* The Committee believes that although the majority of compensation provided to Executive Officers is performance-based, our executive compensation programs do not encourage behaviors that pose a material risk to the Company. The design of the programs encourages balanced focus on both the short-term and the long-term operational and financial goals of the Company. The Company performed an in-depth review of all aspects of all of the Company's global compensation programs and reviewed the results with the Compensation Committee.

*Timing of Equity Awards.* The Company does not have any program, plan or practice to time equity grants in coordination with the release of material, non-public information. Annual awards of restricted stock, stock

options and PSUs are granted on the date of the Committee's annual February meeting. The Company may also grant equity awards to newly-hired or promoted executives, effective on the start or promotion date.

*Perquisites.* The Executive Officers participate in the same health care, insurance, and other welfare and employee benefit programs that are generally available for all salaried employees. The Committee has eliminated executive perquisites. Mr. Genis is eligible for a Company car, consistent with other European executives.

*Deferred Compensation Plan.* The Company maintains a nonqualified deferred compensation plan under which certain employees, including Executive Officers, are permitted to defer receipt of some or all of their base salary and cash incentive awards under the CIP and LTIP. Deferred amounts are credited with earnings or losses based on the rate of return of specified mutual funds and/or Owens Corning stock. The Company does not match amounts that are deferred by participants. The deferred compensation plan is not funded, and participants have an unsecured commitment from the Company to pay the amounts due under the plan. When such payments become distributable, the cash will be distributed from general assets.

In addition, certain employees, including Executive Officers, may defer receipt of some or all of their stock-based awards granted under the LTIP.

We provide this benefit in an effort to maximize the tax efficiency of our compensation program. We believe that this benefit is an important retention and recruitment tool as many of the companies with which we compete for executive talent provide similar plans to their executive employees.

### *Post-Termination Compensation*

*Severance Agreements.* We have entered into severance agreements with our officers, including the Executive Officers. These agreements were approved by the Committee. The severance agreements were adopted for the purpose of providing for payments and other benefits if the officer's employment terminates for a qualifying event or circumstance, such as being terminated without cause as this term is defined in the severance agreements. We believe that these agreements are important to recruiting and retaining our officers, as many of the companies with which we compete for executive talent have similar agreements in place for their executive employees. Based on practices among peer companies and consistent with the interests and needs of the Company, the Committee determined an appropriate level of severance payments and the circumstances that should trigger such payments. Therefore, the severance agreements with the Executive Officers provide, under certain termination scenarios, up to two years' pay and benefits and, for our CEO, reimbursement with respect to any excise taxes that may be imposed under Section 280G of the Internal Revenue Code. The severance agreements provide for payments upon a change in control only if the individual is also terminated for reasons other than cause in connection with the change in control. Payments under the severance agreements are made in cash and are paid, depending on the terms of the individual executive's agreement, either in the form of a one-time lump-sum payment or in the same manner as the regular payroll over a 24-month period. Health care coverage provided under the severance agreements is provided in kind. Additional specific information regarding potential payments under these severance agreements is found under the heading, Potential Payments upon Termination or Change-in-Control.

*Pension Plan and Supplemental Pension Plan.* Prior to January 1, 2010, Owens Corning had a defined benefit cash balance pension plan that covered certain employees, including the Executive Officers. Historically, the pension plan established a notional account into which a benefit equal to 4% of the participant's annual base salary plus CIP award was credited. On December 31, 2009, the pension plan was frozen, the 4% annual credit to the participant accounts was eliminated, and the Plan was closed to new participation. Employees with an accrued benefit under the pension plan continue to vest in their pension plan benefit upon completion of three years of service. This notional account also earns interest based on five-year Treasury securities, and is paid when the participant's employment with the Company terminates, provided required vesting provisions are reached.

---

## **Table of Contents**

Prior to January 1, 2010, we also had a supplemental pension plan (the Supplemental Plan ) in which certain officers of the Company were eligible to participate, including the Executive Officers. This unfunded plan is paid out of our general assets and provides a benefit substantially equal to the difference between the amount that would have been payable under the pension plan, in the absence of statutory limits on benefits and earnings that may be considered in calculating pension benefits, and the amount actually payable under the pension plan. On December 31, 2009, further accruals under this Supplemental Plan were also eliminated.

In addition, certain Executive Officers have individual supplemental pension arrangements under the Supplemental Plan which were implemented at the time of their hire. These individual arrangements were implemented at hire and were frozen effective March 31, 2010. Each Executive Officer's pension benefit is described and quantified in the Pension Benefits Table below.

*Savings Plan or 401(k) Plan.* We have a Section 401(k) Savings Plan (the Savings Plan ) for our salaried employees in which the Executive Officers may participate. It is a tax-qualified plan in which participating employees may contribute a portion of their base salaries and CIP into their Savings Plan accounts, subject to applicable IRS limitations. In 2011 the Company provided a match on employee contributions in an amount equal to one dollar for each dollar contributed by participating employees, up to a maximum of six percent of their regular earnings. The Company also contributed 2% of each employee's regular earnings to the employee's accounts. Amounts held in Savings Plan accounts may not be withdrawn prior to the employee's termination of employment, subject to certain IRS exceptions.

We maintain the Savings Plan for our employees, including our Executive Officers, because we want to encourage our employees to save some percentage of their cash compensation for their eventual retirement. The Savings Plan permits employees to make such savings in a tax efficient manner.

### **Tax Deductibility of Pay**

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Tax Code ), places a limit of \$1 million on the amount of compensation we may deduct in any one year with respect to any covered employee under Section 162(m).

There is an exception to the \$1 million limitation for performance-based compensation meeting certain requirements. Awards pursuant to our annual incentive plan, as well as grants of PSUs and stock options pursuant to our long-term incentive plan are intended to qualify as performance-based compensation meeting those requirements so that they are fully tax deductible. Restricted stock that is subject only to time-based vesting is not generally considered performance-based under Section 162(m) of the Tax Code, and, as a result, if the portion of these awards that becomes taxable to any covered employee, when combined with base salary and other non-performance-based compensation, exceeds \$1 million, these awards would not be tax deductible by the Company. Because Section 162(m) restricts the Committee to the exercise of only negative discretion with regard to the Individual component of our annual incentive plan, this component of the pool funds at maximum upon threshold levels of company profitability, and the Committee then exercises negative discretion as described above.

### **Disclosure of Specific Incentive Targets**

With respect to both the CIP and LTIP, detail on the specific financial performance targets under these criteria for performance periods completed during the reporting period has been disclosed above. However, specific performance targets for ongoing and future performance periods are not disclosed because they are substantially based on the prospective strategic operations plans and corporate objectives of the Company, and disclosure of these prospective specific performance targets is not material to an understanding of our Executive Officer compensation for 2011. Such performance goals do not have a material impact on the compensation actually received in, or attributable to, the 2011 reported period. As described above, and as evidenced by the

**Table of Contents**

targets and outcomes described for the completed performance periods for the incentive compensation plans, the performance targets selected have a degree of difficulty which the Committee considers to be challenging but achievable. The Committee establishes the goals at the beginning of the performance period at levels that reflect our internal, confidential operations plan. These goals are within the ranges of what we have publicly disclosed for completed performance periods, and accordingly require a high level of financial performance in the context of the current business climate and over the performance periods to be achieved.

**Compensation Committee Report:**

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis appearing in this Proxy Statement with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

Incentive payments are made only where plans fund above threshold.

**Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table***Employment, Severance and Certain Other Arrangements*

During 2011, each of the Executive Officers participated in the Company's compensation and benefits programs for salaried employees as described here and reflected in the tables and accompanying footnotes. Each Executive Officer receives an annual base salary as reflected in the Summary Compensation Table above. The amount of such base salary as a component of the total compensation is established and reviewed each year by the Compensation Committee. Severance arrangements with each of the Executive Officers are as described below in the *Potential Payments Upon Termination or Change-In-Control* section of this Item.

*Annual Corporate Incentive Plan ( CIP )*

Owens Corning maintains the CIP, in which all salaried employees participate, with specific Company performance criteria adopted annually. Each of the Executive Officers is eligible to receive annual cash incentive awards based on his or her individual performance and on corporate performance against annual performance goals set by the Compensation Committee. Under the CIP for the 2011 annual performance period, the funding measures set by the Compensation Committee were based on Adjusted Earnings Before Interest and Taxes ( Adjusted EBIT ) as described in Management's Discussion and Analysis included in our 2011 Annual Report. Cash awards paid to the Executive Officers under the CIP for the 2011 performance period are reflected in Column (g) of the Summary Compensation Table and the footnote above and the range of award opportunities under the 2011 CIP is reflected in the Plan-Based Awards Table above.

*Long-Term Incentive Program ( LTIP )*

Owens Corning maintains a LTIP applicable to certain salaried employees as selected by the Compensation Committee, including each of the Executive Officers. The plan is designed to align participant compensation with the attainment of certain longer-term business goals established by the Compensation Committee.

The plan utilizes Performance Stock Units with three-year performance cycles, adopted annually, with payouts under the program dependent upon corporate performance against performance goals set by the Company's Compensation Committee for each cycle. The outstanding three-year cycles as of December 31, 2011 include: January 1, 2009 through December 31, 2011; January 1, 2010 through December 31, 2012; and January 1, 2011 through December 31, 2013. Awards to the Executive Officers under the LTIP for the cycle ending in 2011 are reflected in Column (g) of the Summary Compensation Table and the footnote above. For the cycle ending in 2011, the performance threshold was achieved and the awards were funded at 128%. Estimated future payouts of awards under the 2011-2013 cycle are reflected in the Plan-Based Awards Table above.

The award shown in the Plan-Based Awards Table represents the Executive Officer's opportunity to earn the amount shown in the maximum column of the table if the maximum performance goal established by the Compensation Committee at the beginning of the performance period are attained or exceeded during the performance period. In the event the maximum performance goal is not attained, then the Executive Officers may earn the amounts shown in the target column if the target level of performance is attained, or the amounts shown in the threshold column if the threshold level of performance is attained. Participants will earn intermediate amounts for performance between the maximum and target levels, or between the target and threshold levels, and will earn no amounts for performance at or below the threshold level.

For the performance period commencing in 2011, the LTIP award provides an award under the Owens Corning Stock Plan in three separate components: (1) Restricted Stock Awards granted under the Stock Plan as described below: recipients vest and restrictions lapse on these restricted stock awards 25% per year over four years, based upon continued tenure during the vesting period and without regard to the performance criteria; (2) Performance Stock Units awarded under the Stock Plan as described below: recipients vest in these Performance Stock Units at the completion of the three-year performance period and receive a settlement of the award based on the performance of the Company against pre-established performance criteria. The Performance Stock Units are settled half in cash and half in Company common stock; and (3) Stock Options awarded under the Stock Plan as described below: recipients vest in these non-qualified options 25% per year over four years, based upon continued tenure during the vesting period and without regard to the performance criteria. The options expire no later than 10 years after grant.

*Stock Plan*

In 2010 the Company's stockholders approved the Owens Corning 2010 Stock Plan, which replaced the Owens Corning 2006 Stock Plan. In this Notice and Proxy Statement, we refer to the stock plan in place at the relevant time as the Stock Plan. The Stock Plan provides for participation by employees, management and directors and authorizes grants of stock options, stock appreciation rights, stock awards, restricted stock awards, restricted stock units, bonus stock awards and performance stock awards.

All grants of Restricted Stock or Restricted Stock Units, Performance Share Units, and Stock Options, including those made as a part of the LTIP as described above are made under the Stock Plan.

## Edgar Filing: Owens Corning - Form DEF 14A

- (1) Refers to benefits under the Company's Cash Balance Plan or, if greater, under the Company's Prior Plan as discussed below.
- (2) Refers to benefits under the Company's non-qualified Supplemental Plan.
- (3) Refers to benefits under the Company's Supplemental Executive Retirement Plan.
- (4) Mr. Dana had a specific individual arrangement with Owens Corning (pursuant to a written agreement with the Company) that provides a supplemental pension benefit based on Owens Corning's pension plan

formula in existence on his employment date, determined as if he had earned 1.5 years of service for each year worked, provided that he remained an Owens Corning employee for no less than 10 years following his November 1995 employment date. Mr. Dana's individual supplemental pension arrangement as described here was frozen as of March 31, 2010.

(5) These values are calculated in accordance with requirements of the Statement of Financial Accounting Standards No. 158.

Owens Corning maintains a tax-qualified noncontributory defined benefit cash balance pension plan (the Cash Balance Plan) covering certain salaried and hourly employees in the United States, including each of the Executive Officers. The Cash Balance Plan was adopted by Owens Corning in replacement of the qualified Salaried Employees Retirement Plan maintained prior to 1996, which we refer to as the Prior Plan. The Prior Plan provided retirement benefits primarily on the basis of age at retirement, years of service and average earnings from the highest three consecutive years of service. Under the Cash Balance Plan, each year prior to January 1, 2010, eligible employees generally earned a benefit of 4% of such employee's covered pay. This was referred to under the Cash Balance Plan as a Pay Credit. Covered pay was defined generally as base pay and certain annual incentive compensation amounts payable during the year. Effective January 1, 2010, the Cash Balance Plan was amended to eliminate Pay Credit accruals and was closed to new participation. Accrued benefits continue to earn monthly interest based on the average interest rate for five-year United States treasury securities. Employees with an accrued benefit under the Cash Balance Plan vest in that benefit once they have completed three years of service. Vested employees may receive their benefit under the Cash Balance Plan as a lump sum or as a monthly payment when they leave the Company.

As the Company transitioned from the Prior Plan to the current Cash Balance Plan, participating employees who were at least age 40 with 10 years of service as of December 31, 1995 became entitled to receive the greater of their benefit under the Prior Plan frozen as of December 31, 2000, or under the Cash Balance Plan.

Each Executive Officer would have been entitled to payment of their vested accrued benefit under the tax-qualified plan in the event of a termination occurring on December 31, 2010, valued as a lump-sum payable as of that date as follows: Mr. Thaman, \$148,751; Mr. Palmer, \$27,268; Mr. Dana, \$141,977; and Mr. Smith, \$5,006. Mr. Genis does not participate in the plan.

In addition to the tax-qualified pension plan, Owens Corning maintains supplemental pension benefits as described above under the heading *Compensation Discussion and Analysis* (CD&A), including the Supplemental Plan that pays eligible employees leaving the Company the difference between the benefits payable under Owens Corning's tax-qualified pension plan and those benefits that would have been payable except for limitations imposed by the Internal Revenue Code. The Executive Officers participate in both the tax-qualified pension plan and the Supplemental Plan.

Each Executive Officer would have been entitled to payment of their vested accrued benefit under the Supplemental Plan in the event of a termination occurring on December 31, 2011, valued as a lump-sum payable as of that date as follows: Mr. Thaman, \$639,530; Mr. Palmer, \$43,144; and Mr. Dana, \$216,672. Mr. Genis and Mr. Smith do not participate in the Supplemental Plan.

In addition to the Supplemental Plan, Owens Corning also maintains a Supplemental Executive Retirement Plan (the SERP) as a supplemental pension benefit covering certain employees and Named Executive Officers who joined Owens Corning in mid-career. The SERP provides for a lump-sum payment following termination of employment equal to a multiple of the covered employee's Cash Balance Plan balance minus the present value of retirement benefits attributable to prior employment. Although such offsets may occur upon retirement, amounts shown in the above table do not reflect any such offset.

Each Executive Officer would have been entitled to payment of their vested accrued benefit under the SERP in the event of a termination occurring on December 31, 2011, valued as a lump-sum payable as of that date as

**Table of Contents**

follows: Mr. Thaman, Mr. Palmer, Mr. Genis, and Mr. Smith do not participate in the SERP; Mr. Dana, \$1,833,000, which includes his supplemental benefit as described in the footnotes to the Pension Benefits Table above.

**NONQUALIFIED DEFERRED COMPENSATION**

As described in the CD&A, the Company has established a Deferred Compensation Plan, effective January 1, 2007, under which eligible officers, including the Executive Officers, are permitted to defer some or all of their cash incentive compensation and, beginning in 2010, up to 80% of their base salary. Deferred amounts are credited with earnings or losses based on the rate of return of specified mutual funds and/or the value of Owens Corning stock. The Company does not contribute nor does the Company match amounts that are deferred by participants. Executive Officers who do not participate have been omitted from the table.

**2011 Nonqualified Deferred Compensation**

- (1) The Company does not contribute nor does the Company match amounts deferred by participants.
- (2) This amount reflects the deferral of Mr. Palmer's 2007 CIP Award which was otherwise payable if not deferred during 2008. It was reflected as compensation on the Summary Compensation Table for 2007.
- (3) This amount reflects the deferral of Mr. Dana's cash-based Performance Share Units which vested in 2010 and were otherwise payable if not deferred during the first quarter of 2011. It was reflected as compensation on the Summary Compensation Table for 2010.
- (4) This amount reflects the deferral of a portion of Mr. Smith's 2011 base salary. It is reflected as compensation on the Summary Compensation Table for 2011.

**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL**

The Company has entered into certain agreements and maintains certain plans under which the Company would provide compensation to Executive Officers in the event of a termination of employment or a change in control of the Company. The payment and benefit levels disclosed in the table below are determined under the various triggering events pursuant to these agreements that both define what constitutes the triggering event and provides those payments that would be due upon the occurrence of such events.

Severance agreements have been executed with Mr. Thaman, Mr. Palmer, Mr. Dana, and Mr. Smith. Mr. Genis is subject to the employment laws in France, and does not have a formal severance agreement with the Company. The severance agreements in place provide, under certain termination scenarios as reflected in the table below, for the payment of an amount equal to two times base salary and annual incentive compensation amounts plus continuation of health insurance coverage for a maximum period of two years and, in the case of Mr. Thaman, reimbursement with respect to certain taxes if applicable to the severance payments. The severance agreements provide for payments upon a change in control only if the individual is also terminated for reasons other than cause in connection with the change in control. Payments under the severance agreements are made in cash and are paid, depending upon the terms of the individual Executive Officer's agreement, either in the form of a one-time lump-sum payment or in the same manner as the regular payroll payments over a 24 month period. Health care coverage provided under the severance agreements is provided in-kind.

**Table of Contents**

The CIP and the LTIP each contain provisions that require continued employment during the performance period in order to be eligible to receive a payout under the plans. However, for death, disability or retirement which occurs during the performance period, the participant may receive a pro-rated award for that performance period. Under the LTIP, for uncompleted three-year performance cycles for which a participant is eligible for such a pro-rated award, the award would be paid out, if performance targets are obtained, at the time that the award would normally have been paid following the end of the cycle. CIP payments are made in one-time, lump-sum payments of cash. Certain portions of the LTIP, which are represented by performance stock units granted at the beginning of the cycle as reflected in the tables above, are settled 50% in Company common stock and 50% in cash.

The Owens Corning Stock Plan provides, under certain circumstances as described above, for either continuation or acceleration of vesting of restricted stock and option awards. Accelerated vesting of the restricted stock and option awards may only occur upon death, disability, retirement or a change in control. When vested, restricted stock and option awards do not involve cash payments from the Company to the Executive Officers.

The Executive Officers are entitled, upon or following their termination, to their accrued benefits under the SERP or the Supplemental Plan arrangements as described above. Executive Officers would also be entitled to the normal vested pension benefits and other vested benefits which are generally available to all salaried employees who terminate employment with the Company under various circumstances.

**Table of Contents**

Upon the occurrence of any triggering event the payment and benefit levels would be determined under the terms of the agreement. The specific definitions of the triggering events are set forth in detail in the agreements which have been filed as exhibits to prior disclosures. In addition, severance payments are paid contingent upon confidentiality, a mutual release and an agreement not to compete. Each of the retirement payments of vested accrued benefits that would have occurred upon a termination event described herein are set forth in the narrative to the 2011 Pension Benefits Table above.

- (1) For Stock and Option awards, vesting is incremental over a four year period and any non-vested portion is forfeited upon termination. Vesting on these Stock and Option awards are only accelerated in the case of death, disability, change in control, or retirement in the case of the 2009 grant, and no options may vest earlier than one year from grant except in the case of a change in control. The value of awards at vesting is uncertain and would reflect the then current value of the Company common stock and options then vesting. The amounts reflected in the table are calculated based on the closing stock price as of December 30, 2011 of \$28.72.

**Table of Contents**

- (2) Performance Stock Unit awards are not forfeited upon death or disability, but would vest in full in the case of the 2010 and 2011 grants, and on a pro-rata basis in the case of the 2009 grant, as of the end of the performance period and would be determined consistent with performance only at the end of the performance period. The value of awards at the end of the performance period is uncertain and would reflect the performance against the established performance targets. For involuntary termination, voluntary termination or for termination for cause occurring before vesting, these awards would be forfeited. Vesting on Performance Stock Unit awards is only accelerated in the case of a change in control. For this table it is assumed that Performance Stock Units would pay out at maximum for a change-in-control. The amount shown includes the value of both cash settled and stock settled units.
- (3) Where eligible for such benefits, the amount includes both health care continuation coverage and/or outplacement services. The value of health care continuation is based on the Company's net plan cost and the coverage category in which the executive is enrolled; this value assumes that the executive continues to pay the employee portion of the premium. The value of outplacement services assumes the maximum services available under the severance agreement. As a practical matter the actual value of such services is typically substantially less than the maximum.
- (4) Mr. Genis does not have a formal severance agreement in place with the Company. Potential Cash Severance and CIP are estimated based on the provisions of the severance agreements in place for other executives.

**Table of Contents****2011 NON-EMPLOYEE DIRECTOR COMPENSATION**

- (1) Includes the cash amount of the annual retainer as well as meeting and committee fees for 2011. Directors have the option to defer some or all of their cash retainer and meeting fee amounts under the Deferred Compensation Plan at the election of the individual as described herein. The amounts shown include all cash amounts of annual retainer and fees regardless of whether so deferred.
- (2) The amounts shown in this column relate to restricted stock or restricted stock units granted and deferred shares as the equity component of the Directors' retainer and meeting fees under the Stock Plan. The amounts shown reflect the aggregate grant date fair value with respect to all restricted stock granted and deferred shares acquired during the year.
- (3) During 2011 each director was entitled to quarterly payment of their retainer and meeting fees in the form elected by them prior to the beginning of the year. Directors were permitted to choose to be paid in cash or Company stock, with a minimum 60% stock requirement. The grant date fair value of stock awards granted to each Director during 2011 is reflected in the table. At year-end, the aggregate number of stock awards outstanding to each Director, including restricted stock, restricted stock units and deferred shares, were as follows: Mr. Blake 35,831; Mr. Caperton 24,054; Mr. Ferguson 5,463; Mr. Hake 20,709; Mr. Handy 34,822; Mr. Hilliard 47,606; Ms. Iverson 25,095; Mr. McMonagle 26,756; Mr. Morris 14,987; Mr. Neely 18,875; Dr. Reynolds 4,952; and Mr. Williams 0.

The Company compensates each director who is not an employee pursuant to a standard annual retainer/meeting fee arrangement. Such arrangement provides for an annual retainer, annual chair retainer and meeting fees as approved by the Compensation Committee. Non-employee directors receive an annual board retainer of \$150,000. The Chair of the Audit Committee receives an additional annual retainer of \$15,000, and the chairs of all other Board committees receive an additional annual retainer of \$10,000. The Lead Independent Director receives an additional annual retainer in the amount of \$75,000. Directors receive meeting fees of \$1,500 per meeting for attendance at each Board meeting, at each committee meeting of which the director is a member and at each other function which the director is requested by the Company to attend. Stock compensation for annual retainer and fees may be deferred shares which will be issued to the director upon the distribution date elected by the director. The annual retainer and meeting fees are otherwise paid on a quarterly basis. Non-employee directors receive no perquisites.

The restricted shares described above are granted under the Stock Plan. Any additional grants of shares or options to directors will be as determined by the Compensation Committee. Each award of restricted shares will

**Table of Contents**

vest in its entirety on the third anniversary of the grant, subject to accelerated or continued vesting as may be determined by the Compensation Committee. Deferred shares are not issued to the director until the distribution date as elected in writing prior to the commencement of the year. Any options issued will be issued with an exercise price at the then fair market value. Our stock ownership guidelines provide that each non-employee director must own stock with a value of 3.5 times the cash portion of the annual board retainer.

Owens Corning established a Deferred Compensation Plan, effective January 1, 2007, under which non-employee directors are permitted to defer some or all of their cash compensation for annual retainer, annual chair retainer and meeting fees. Such deferred cash compensation will be credited to an individual account and will accrue gains or losses under notional investment funds available under the plan and as selected by the director (the available fund options include a fund indexed to Company common stock). The Company does not contribute, nor does it match, any amounts deferred by directors.

**PROPOSAL 2. RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for 2012, subject to ratification by our stockholders.

Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting to answer questions. They also have the opportunity to make a statement if they desire to do so.

We are asking our stockholders to ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2012. Although ratification is not required by our bylaws or otherwise, the Board has submitted the selection of PricewaterhouseCoopers LLP to our stockholders for ratification because we value our stockholders' views on the Company's independent registered public accounting firm and as a matter of good corporate practice. In the event that our stockholders fail to ratify the selection, it will be considered a direction to the Board of Directors and the Audit Committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

**The Board of Directors recommends a vote FOR the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2012.**

**PROPOSAL 3. APPROVAL, ON AN ADVISORY BASIS, OF NAMED EXECUTIVE OFFICER COMPENSATION**

The Company is presenting the following proposal, which gives you as a stockholder the opportunity to endorse or not endorse our pay program for named executive officers by voting for or against the following resolution. This resolution is required pursuant to Section 14A of the Securities Exchange Act. While our Board of Directors intends to carefully consider the stockholder vote resulting from the proposal, the final vote will not be binding and is advisory in nature.

**The Board of Directors recommends that you vote FOR approval, on an advisory basis, of the compensation of our named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the compensation tables and any related disclosure in this proxy statement.**

The Company believes its compensation philosophy and programs are strongly linked to performance and results and appropriately aligned with the interests of stockholders.

Compensation opportunities (base salary levels, target annual incentive awards and long term incentive grants) are generally competitive with market median practices. Actual compensation levels may exceed target levels to the extent Company and individual performance exceed expectations. In the event performance is below targeted levels, actual pay levels may be below target levels.

A significant majority of total compensation is performance-based.

Executives are appropriately focused on achieving annual financial and operational goals through the Company's annual Corporate Incentive Plan and on maximizing stockholder value over the long term, through grants of restricted shares, stock options and performance share units.

**REQUIREMENTS, INCLUDING DEADLINES, FOR SUBMISSION OF PROXY PROPOSALS, NOMINATION OF DIRECTORS AND OTHER BUSINESS OF STOCKHOLDERS**

Under the rules of the SEC, if a stockholder wants us to include a proposal in our Proxy Statement and form of proxy for presentation at our 2013 Annual Meeting of Stockholders, the proposal must be received by us at our principal executive offices at One Owens Corning Parkway, Toledo, Ohio 43659 not less than 120 calendar days before the one-year anniversary of the date of the Company's proxy statement released to stockholders in connection with the 2012 Annual Meeting. However, in the event that we hold our 2013 Annual Meeting of Stockholders more than 30 days before or 30 days after the one-year anniversary date of the 2012 Annual Meeting, we will disclose the new deadline by which stockholder proposals must be received under Item 5 of our earliest possible Quarterly Report on Form 10-Q or, if impracticable, by any means reasonably calculated to inform stockholders. The proposal should be sent to the attention of the Secretary of the Company.

Under our amended and restated bylaws, and as permitted by the rules of the SEC, certain procedures are provided that a stockholder must follow to nominate persons for election as directors or to introduce an item of business at an Annual Meeting of Stockholders. These procedures provide that for nominations of director nominees and/or an other item of business to be properly brought before an Annual Meeting of Stockholders, a stockholder must give timely notice of such nomination or other item of business in writing to the Secretary of the Company at our principal executive offices and such other item of business must otherwise be a proper matter for stockholder action. If you are a stockholder and desire to introduce a nomination or propose an item of business at our 2013 Annual Meeting of Stockholders, you must deliver the notice of your intention to do so:

not earlier than the 120<sup>th</sup> day and not later than the 90<sup>th</sup> day prior to the first anniversary of this year's Annual Meeting, if the date of the 2013 Annual Meeting is held within 30 days before or 60 days after the first anniversary of this year's Annual Meeting;

if the date of the 2013 Annual Meeting is more than 30 days before or more than 60 days after the first anniversary of the date of this year's Annual Meeting, not earlier than the 120<sup>th</sup> day prior to the date of the 2013 Annual Meeting and not later than the later of the 90<sup>th</sup> day prior to the date of the 2013 Annual Meeting and the 10<sup>th</sup> day following the day on which a public announcement of the date of the 2013 Annual Meeting is made by the Company; or

in the event that the number of directors to be elected to the Board of Directors is increased and there is no public announcement by the Company naming all of the nominees for director or specifying the size of the increased Board of Directors at least 100 days prior to the first anniversary of this year's Annual Meeting, only with respect to nominees for any new positions created by such increase, not later than the 10<sup>th</sup> day following the day on which such public announcement is made by the Company.

These time limits also apply in determining whether notice is timely for purposes of SEC rules relating to the exercise of discretionary voting authority. If we do not receive timely notice, or if we meet other SEC requirements, the persons named as proxies in the proxy materials relating to the meeting will use their discretion in voting at the meeting.

The Board is not aware of any matters that are expected to come before the 2012 Annual Meeting other than those referred to in this Proxy Statement. If any other matter should come before the Annual Meeting, the persons named as proxies intend to vote the proxies in accordance with their best judgment.

The chairman of the Annual Meeting may refuse to allow the transaction of any business, or to acknowledge the nomination of any person, not made in compliance with the foregoing procedures.

Whether or not you plan to attend the Annual Meeting, please vote on the Internet, by telephone or by mail.

If you vote by telephone, the call is toll-free. No postage is required for mailing in the United States if you vote by mail using the enclosed prepaid envelope.

Annex A

**DIRECTOR QUALIFICATION STANDARDS**

For a Company director to be considered independent under New York Stock Exchange rules (the Rules), the Board of Directors must affirmatively determine that such director does not have any direct or indirect material relationship with the Company other than as a director. The Board has established these Director Qualification Standards to assist it in determining director independence in accordance with the Rules. The Board will consider relevant facts and circumstances in making an independence determination.

**Relationships Precluding Independence**

- a. A director will not be considered independent if any of the following relationships (collectively, the Precluding Relationships) exist:
- (i) the director is, or has been within the last three years, employed by the Company, provided, however, that employment as an interim Chairman, CEO or other executive officer shall not disqualify a director from being considered independent following that employment;
  - (ii) an immediate family member<sup>1</sup> of the director is, or has been within the last three years, employed by the Company as an executive officer;
  - (iii) the director has received, or an immediate family member of the director has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided that such compensation is not contingent in any way on continued service)<sup>2</sup>;
  - (iv) (A) the director or an immediate family member is a current partner of the firm that is the Company's internal or external auditor;
  - (B) the director is a current employee of such firm;
  - (C) the director has an immediate family member who is a current employee of such firm and who personally works on the Company's audit; or
  - (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such firm and personally worked on the Company's audit within that time;
  - (v) the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee; or
  - (vi) the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000 or two percent of such other company's consolidated gross revenues.

<sup>1</sup> As defined in the Rules

<sup>2</sup> Compensation received (a) by a director for former service as an interim Chairman, CEO or other executive officer of the Company or (b) by an immediate family member for service as an employee of the Company (other than an executive officer) shall not be considered in determining independence.

---

**Table of Contents**

**Relationships That Do Not Preclude Independence**

- b. The following relationships will not be considered to be material relationships that would impair a director's independence unless they otherwise conflict with the Rules, the rules and regulations of the Securities and Exchange Commission, or any other legal or regulatory restrictions that relate to determining independence and are applicable to the Company at the time (collectively, the Permitted Relationships):
- (i) if a Company director or an immediate family member is employed (including as an executive officer) by another company that has made payments to, or received payments from, the Company for property or services in an amount which, in each of the last three fiscal years, has not exceeded the greater of \$1,000,000 or one percent of such other company's consolidated gross revenues;
  - (ii) if a Company director or an immediate family member is employed (including as an executive officer) by another company which is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other at the end of the last completed fiscal year is less than one percent of the total consolidated assets of such other company;
  - (iii) if a Company director or an immediate family member serves as an officer, director or trustee of a charitable organization, and the Company's discretionary charitable contributions to the organization are less than one percent of that organization's total annual charitable receipts during its last completed fiscal year;
  - (iv) if a Company director or an immediate family member has a membership in, or association with, the same professional association or social, educational, fraternal or religious organization, club or institution as an executive officer or another director of the Company;
  - (v) relationships arising from or attributable to service as a Company director, including receipt of director or committee fees or reimbursement of expenses; and
  - (vi) if a Company director receives pension or other forms of deferred compensation from the Company for prior service (provided that such compensation is not contingent in any way on continued service)<sup>2</sup>;

**Evaluation of Independence**

- c. The Board will examine the independence of each of its members annually. If a director has one or more Precluding Relationships, that director will not be independent. If a director has no relationship with the Company other than Permitted Relationships, that director will be presumed independent. For relationships with the Company other than Precluding Relationships and Permitted Relationships (the Other Relationships), the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the directors who have no relationships with the Company other than Permitted Relationships. The Board may determine that a director who has one or more Other Relationships with the Company (to the extent that any such relationship would not constitute a bar to independence under the Rules) is nonetheless independent. Regardless of other circumstances, a director will not be independent if such director does not meet the independence standards set forth in the Rules, the rules and regulations of the Securities and Exchange Commission, or any other legal or regulatory restrictions that relate to determining independence and are applicable to the Company at the time.
