Section 2. Financial Information

Item 2.02. Results of Operations and Financial Condition.

On February 19, 2013, State Auto Financial Corporation (the **Company**) issued a press release disclosing the Company's results of operations for the three-month period and fiscal year ended December 31, 2012 (the **Release**). The full text of the Release is furnished as Exhibit 99.1 to this Current Report on Form 8-K.

The Release included a non-GAAP financial measure, net income (loss) from operations per diluted share. Net income (loss) from operations differs from GAAP net income (loss) only by the exclusion of realized capital gains (losses), net of applicable taxes, on investment activity for the periods being reported. For the three-month periods ended December 31, 2012 and 2011, GAAP net income (loss) was \$0.51 per diluted share and \$2.46 per diluted share, respectively, while net income (loss) from operations was \$0.38 per diluted share and \$2.27 per diluted share for the same respective periods. For the three-month periods ended December 31, 2012 and 2011, realized capital gains, net of applicable taxes, increased the GAAP net income per diluted share by \$0.13 and \$0.19, respectively.

Management uses net income (loss) from operations because it believes this calculation better indicates the Company's operating performance than GAAP net income (loss) in that net income (loss) from operations excludes the sometimes volatile realized capital gains/losses, net of applicable federal income taxes, that can produce inconsistent results.

The Release also included non-GAAP financial measures as to net written premium. Due to the significant changes in the Company's net written premium as a result of implementing the homeowners quota share arrangement and the 2011 pooling participation percentage changes at the end of 2011, the following non-GAAP financial measures were provided in the Release in order to enable investors to perform a meaningful comparison of the Company's current and historical net written premium:

- (1) A 2.2% increase in total net written premium for the fourth quarter of 2012 from the same period in 2011, which excluded the impact of the homeowners quota share arrangement⁽¹⁾ and the 2011 pooling participation percentage change⁽²⁾;
- (2) A 2.3% increase in net written premium for the personal insurance segment for the fourth quarter of 2012 from the same period in 2011, which excluded the impact of the homeowners quota share arrangement⁽¹⁾ and the 2011 pooling participation percentage change⁽²⁾;
- (3) A 20.8% increase in net written premium for the business insurance segment for the fourth quarter of 2012 from the same period in 2011, which excluded the impact of the 2011 pooling participation percentage change⁽²⁾;
- (4) A 17.6% decrease in net written premium for the specialty insurance segment for the fourth quarter of 2012 from the same period in 2011, which excluded the impact of the 2011 pooling participation percentage change⁽²⁾;

- (5) A 0.9% decrease in net written premium for the personal insurance segment for fiscal year 2012 from fiscal year 2011, which excluded the impact of the homeowners quota share arrangement⁽¹⁾ and the 2011 pooling participation percentage change⁽²⁾;
- (6) A 14.0% increase in net written premium for the business insurance segment for fiscal year 2012 from fiscal year 2011, which excluded the impact of the 2011 pooling participation percentage change⁽²⁾; and
- (7) A 0.5% increase in net written premium for the specialty insurance segment for fiscal year 2012 from fiscal year 2011, which excluded the impact of the 2011 pooling participation percentage change⁽²⁾.

- (1) Homeowners quota share arrangement: On December 31, 2011, the State Auto Group entered into a quota share reinsurance agreement with a syndicate of unaffiliated reinsurers covering its homeowners book of business.
- (2) 2011 pooling participation percentage change: As of December 31, 2011, the intercompany reinsurance pooling arrangement was amended to reduce the overall participation percentage of the Company's insurance subsidiaries from 80% to 65%.
