Trade date: March 18, 2013

Settlement date: April 1, 2013 (T+10)

We expect that delivery of the notes will be made against payment therefor on or about April 1, 2013, which is the tenth business day following the date of pricing of the notes (such settlement being referred to as "T+10"). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes prior to the delivery of the notes under the prospectus supplement will be required, by virtue of the fact that the notes initially will settle in T+10, to specify an alternative settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes prior to their date of delivery under the prospectus supplement should consult their own advisors.
