REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To The Board of Directors and Stockholders of

Universal Insurance Holdings, Inc. and Subsidiaries

Fort Lauderdale, Florida

We have reviewed the accompanying condensed consolidated balance sheet of **Universal Insurance Holdings, Inc. (the Company) and its Subsidiaries** as of September 30, 2013 and the related condensed consolidated statements of income and comprehensive income for the three and nine-month periods ended September 30, 2013 and September 30, 2012, the related condensed consolidated statement of stockholders' equity for the nine months ended September 30, 2013 and the related condensed consolidated statements of cash flows for the nine-month periods ended September 30, 2013 and 2012. These interim financial statements are the responsibility of the Company's management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying interim financial statements as of September 30, 2013 and for the three and nine-month periods then ended for them to be in conformity with accounting principles generally accepted in the United States of America.

/s/ Plante & Moran, PLLC

UNIVERSAL INSURANCE HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

1. Nature of Operations and Basis of Presentation

Nature of Operations

Universal Insurance Holdings, Inc. (UIH) is a Delaware corporation originally incorporated as Universal Heights, Inc. in November 1990. UIH and its wholly-owned subsidiaries (collectively, the Company) are a vertically integrated insurance holding company performing all aspects of insurance underwriting, distribution and claims. Through its wholly-owned subsidiaries, including Universal Property & Casualty Insurance Company (UPCIC) and American Platinum Property and Casualty Insurance Company (APPCIC), collectively referred to as the Insurance Entities , the Company is principally engaged in the property and casualty insurance business offered primarily through a network of independent agents. Risk from catastrophic losses is managed through the use of reinsurance agreements. The Company's primary product is homeowners insurance offered in seven states as of September 30, 2013, including Florida, which comprises the vast majority of the Company's in-force policies. See Note 5 (Insurance Operations) for more information regarding the Company's insurance operations.

The Company generates revenues primarily from the collection of premiums and the investment of available funds in excess of those retained for claims-paying obligations and insurance operations. Other significant sources of revenue include commissions collected from reinsurers and policy fees collected from policyholders through the Company's affiliated managing general agent.

Basis of Presentation

The Company has prepared the accompanying unaudited Condensed Consolidated Financial Statements (Financial Statements) in accordance with the rules and regulations of the United States Securities and Exchange Commission (SEC) for interim financial information. Accordingly, they do not include all of the information and footnotes required by United States Generally Accepted Accounting Principles (GAAP) for complete financial statements. Therefore, the Financial Statements should be read in conjunction with the audited Consolidated Financial Statements contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012, filed with the SEC on March 8, 2013. The condensed consolidated balance sheet at December 31, 2012, was derived from audited financial statements, but does not include all disclosures required by GAAP. In the opinion of management, all adjustments (consisting of normal recurring adjustments) necessary for a fair presentation have been included in the Financial Statements. The results for interim periods do not necessarily indicate the results that may be expected for any other interim period or for the full year.

The Financial Statements include the accounts of UIH and its wholly owned subsidiaries. All material intercompany balances and transactions have been eliminated in consolidation.

Management must make estimates and assumptions that affect amounts reported in the Company's Financial Statements and in disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

2. Significant Accounting Policies

The Company reported Significant Accounting Policies in its Annual Report on Form 10-K for the year ended December 31, 2012. The following are new or revised disclosures or disclosures required on a quarterly basis.

Concentrations of Credit Risk. The Company is exposed to concentrations of credit risk, consisting principally of cash and cash equivalents, restricted cash and cash equivalents, debt securities, premiums receivable, prepaid reinsurance premiums, reinsurance receivable and reinsurance recoverable.

Table of Contents

The Company maintains depository relationships with SunTrust Bank, Wells Fargo Bank N.A., Deutsche Bank Securities, Inc., and State Street Bank and Trust Company and invests excess cash with custodial institutions that invest primarily in money market accounts consisting of or collateralized by short-term U.S. Treasury securities and other U.S. government guaranteed securities. These accounts are held primarily by SunTrust Bank, Deutsche Bank Securities, Inc., and State Street Bank and Trust Company. The Company regularly evaluates the financial strength of the institutions with which it maintains depository relationships. The following table presents the ratings from each of the rating agencies:

Institution	Current Ratings	
	Standard and Poor's Rating	Moody's Investors Service, Inc.
Sun Trust Bank	BBB+	A3
Wells Fargo Bank N.A.	AA-	Aa3
Deutsche Bank Securities, Inc.	A	A2
State Street Bank and Trust Company	AA-	Aa2

Restricted cash and cash equivalents are maintained in money market accounts consisting of U.S. Treasury and government agency securities.

The following table presents the amount of cash and cash equivalents as of the periods presented (in thousands):

Institution	Cash and cash equivalents							
	As of September 30, 2013				As of December 31, 2012			
	Cash	Money Market Funds	Total	% by institution	Cash	Money Market Funds	Total	% by institution
U.S. Bank IT&C	\$	\$	\$		\$	\$ 40,463	\$ 40,463	11.6%
SunTrust Bank	528	3,696	4,224	3.1%	773	1,055	1,828	0.5%
SunTrust Bank Escrow Services		93,794	93,794	68.3%		300,843	300,843	86.6%
Wells Fargo Bank N.A.	2,701		2,701	2.0%	1,991	3	1,994	0.6%
Deutsche Bank Securities, Inc.		21,042	21,042	15.3%	1,796	468	2,264	0.7%
State Street Bank and Trust Company		14,800	14,800	10.8%				
All Other Banking Institutions	725		725	0.5%				
Total	\$ 3,954	\$ 133,332	\$ 137,286	100.0%	\$ 4,560	\$ 342,832	\$ 347,392	100.0%

The following table presents the amount of restricted cash and cash equivalents as of the periods presented (in thousands):

Edgar Filing: UNIVERSAL INSURANCE HOLDINGS, INC. - Form 10-Q

Institution	Restricted cash and cash equivalents			
	As of September 30,		As of December 31,	
	2013		2012	
	State Deposits	% by institution	State Deposits	% by institution
U.S. Bank IT&C	\$ 800	30.8%	\$ 800	2.4%
Florida Department of Financial Services	1,800	69.2%	32,209	97.6%
Total	\$ 2,600	100.0%	\$ 33,009	100.0%

Concentrations of credit risk with respect to premiums receivable are limited due to the large number of individuals comprising the Company's customer base. However, the majority of the Company's revenues are currently derived from products and services offered to customers in Florida, which could be adversely affected by economic downturns, an increase in competition or other environmental changes.

In order to reduce credit risk for amounts due from reinsurers, the Insurance Entities seek to do business with financially sound reinsurance companies and regularly evaluate the financial strength of all reinsurers used.

Table of Contents

The following table presents the unsecured amounts due from the Company's reinsurers whose aggregate balance exceeded 3% of the Company's stockholders' equity as of the periods presented (in thousands):

Reinsurer	AM Best Company	Current Ratings		As of	
		Standard and Poor's Rating Services	Moody's Investors Service, Inc.	September 30, 2013	December 31, 2012
Everest Reinsurance Company	A+	A+	A1	\$ 84,387	\$ 44,392
Florida Hurricane Catastrophe Fund	n/a	n/a	n/a		31,970
Odyssey Reinsurance Company	A	A-	A3	151,600	192,096
Total (1)				\$ 235,987	\$ 268,458

(1) Amounts represent prepaid reinsurance premiums, reinsurance receivables, and net recoverables for paid and unpaid losses, including incurred but not reported reserves, loss adjustment expenses, and offsetting reinsurance payables.

n/a No rating available

Recently Issued Accounting Pronouncements

In July 2013, the Financial Accounting Standards Board (FASB) issued accounting guidance on the presentation of an unrecognized tax benefit when a net operating loss carryforward, a similar tax loss or a tax credit carryforward exists. Under this guidance, an unrecognized tax benefit, or a portion of an unrecognized tax benefit, should generally be presented in the financial statements as a reduction to a deferred tax asset for a net operating loss carryforward. This guidance is effective for fiscal years and interim periods beginning after December 15, 2013, but earlier adoption is permitted. We plan to adopt the standard prospectively on its required effective date of January 1, 2014 and are assessing the effect of adopting the standard on our Condensed Consolidated Balance Sheets, Statements of Income and Statements of Cash Flows.

In June 2011, the FASB updated its guidance to the Comprehensive Income Topic 220 of the FASB Accounting Standards Codification (ASC) and in February 2013, the FASB further amended such topic. This February 2013 guidance requires disclosure about amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity is required to present, either on the face of the statement of operations or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income, but only if the amount reclassified is required to be reclassified to net income in its entirety in the same reporting period. For amounts that are not required to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures that provide additional detail about those amounts. This guidance is to be applied prospectively to interim and annual reporting periods beginning after December 15, 2012. The Company adopted this guidance effective January 1, 2013. The adoption of this guidance will result in additional disclosure but did not impact the Company's results of operations, cash flows or financial position. The updated guidance provided by the FASB in June 2011 increases the prominence of items reported in other comprehensive income by eliminating the option of presenting components of other comprehensive income as part of the statement of changes in stockholders' equity. The guidance requires that total comprehensive income (including both the net income components and other comprehensive income components) be reported in either a single continuous statement of

comprehensive income (the approach currently used in the Company's financial statements), or two separate but consecutive statements. This guidance is to be applied retrospectively to fiscal years (and interim periods within those years) beginning after December 15, 2011. The Company adopted this guidance effective January 1, 2012. The adoption did not have an impact on the presentation of the Company's financial statements and notes herein, as the Company has presented amounts of other comprehensive income consistent with this updated guidance.

In May 2011, the FASB updated its guidance related to the Fair Value Measurement, Topic 820 of the ASC, to achieve common fair value measurement and disclosure requirements with International Financial Reporting Standards. The amendments change the wording used to describe many of the requirements under GAAP, to clarify the intent of application of existing fair value measurement and disclosure requirements, and to change particular principles or requirements for measuring and disclosing fair value measurements. The amendments are to be applied prospectively to

Table of Contents

interim and annual reporting periods beginning after December 15, 2011. The Company adopted this guidance effective January 1, 2012. The adoption of this guidance resulted in additional disclosure but did not impact the Company's results of operations, cash flows or financial position.

In September 2010, the FASB issued guidance related to accounting for costs associated with acquiring or renewing insurance contracts. This guidance defines allowable deferred policy acquisition costs as costs incurred by insurance entities for the successful acquisition of new and renewal contracts. Such costs result directly from and are essential to the contract transaction(s) and would not have been incurred by the insurance entity had the contract(s) not occurred. This guidance is effective for periods beginning after December 15, 2011, with early adoption permitted. The Company adopted this guidance prospectively effective January 1, 2012. Under the new guidance, the Company's net deferred policy acquisition costs were reduced from \$13.0 million to \$11.4 million, a difference of 13% at December 31, 2011. The resulting \$1.6 million difference was charged directly to earnings during the three months ended March 31, 2012. This charge represents a charge-off of capitalized costs existing at December 31, 2011, which would have been amortized to earnings within a twelve-month period under the old guidance.

Table of Contents**3. Investments**

The Company liquidated its trading portfolio of equity securities and transferred the fixed maturities that were outstanding at December 31, 2012 into its portfolio of securities available for sale effective March 1, 2013. The unrealized gain (loss) associated with the fixed maturities trading portfolio was recognized in earnings up to the date of transfer.

The following table presents the Company's investment holdings by type of instrument as of the periods presented (in thousands):

	As of September 30, 2013			As of December 31, 2012		
	Cost or Amortized Cost	Fair Value	Carrying Value	Cost or Amortized Cost (4)	Fair Value	Carrying Value

- (1) Cash and cash equivalents include short-term debt securities consisting of direct obligations of the U.S. Treasury or money-market accounts that invest in or are collateralized by direct obligations of the U.S. Treasury and other U.S. government guaranteed securities.
- (2) Derivatives are included in Other assets and Other liabilities and accrued expenses in the Consolidated Balance Sheets.
- (3) Other investments represent physical metals held by the Company and are included in Other assets in the Consolidated Balance Sheets.
- (4) The cost for equity securities as of December 31, 2012 has been restated from the amounts reported on Form 10-K for the year ended December 31, 2012. The amounts previously reported represented the cost determined under a statutory basis of accounting. The restatement does not affect any amounts reported in the consolidated financial statements including the carrying amount of equity securities reported in the consolidated balance sheet as of December 31, 2012 and unrealized gains and losses reported in the consolidated statement of income for the year ended December 31, 2012.

Table of Contents

The Company has made an assessment of its invested assets for fair value measurement as further described in Note 14 (Fair Value Measurements) .

The following table presents the components of net investment income, comprised primarily of interest and dividends, for the periods presented (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2012	2013	2012
Cash and cash equivalents (1)	\$ 135	\$ 243	\$ 377	\$ 483

Table of Contents*Securities Available for Sale*

The following table provides the cost or amortized cost and fair value of securities available for sale as of the period presented (in thousands):

	September 30, 2013			
	Cost or Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
Fixed Maturities:				
US government and agency obligations	\$ 105,265	\$ 2	\$ (735)	\$ 104,532
Corporate bonds	99,659	263	(944)	98,978
Mortgage-backed and asset-backed securities	95,220	125	(351)	94,994
Equity Securities:				
Common stock	19,126	1,214	(283)	20,057
Mutual funds	50,891	986	(1,072)	50,805
Total	\$ 370,161	\$ 2,590	\$ (3,385)	\$ 369,366

The following table summarizes the fair value and gross unrealized losses on securities available for sale, aggregated by major investment category and length of time that individual securities have been in a continuous unrealized loss position as of September 30, 2013 (in thousands):

	Less than 12 months			12 months or longer		
	Number of issues	Fair value	Unrealized losses	Number of issues	Fair value	Unrealized losses
Fixed maturities:						
US government and agency obligations	7	\$ 92,376	\$ (735)		\$	\$
Corporate bonds	68	81,640	(944)			
Mortgage-backed and asset-backed securities	17	73,630	(351)			
Equity securities:						
Common stock	22	6,449	(284)			
Mutual funds	5	20,430	(1,071)			
Total	119	\$ 274,525	\$ (3,385)		\$	\$

At September 30, 2013, we held fixed maturity and equity securities that were in an unrealized loss position as presented in the table above. Since the Company liquidated its trading portfolio and transferred the remaining fixed maturities into its portfolio of securities available for sale effective March 1, 2013, there were no positions held in our portfolio of securities available for sale for longer than 12 months. For fixed maturity securities with significant declines in value, we perform fundamental credit analysis on a security-by-security basis, which includes consideration of credit quality and credit ratings, review of relevant industry analyst reports and other available market data. For fixed maturity and equity securities, the Company considers whether it has the intent and ability to hold the securities for a period of time sufficient to recover its cost basis. Where the Company lacks the intent and ability to

hold to recovery, or believes the recovery period is extended, the security's decline in fair value is considered other than temporary and is recorded in earnings. Based upon the relative severity and duration of the unrealized losses combined with management's intent and ability to hold the securities until recovery and its credit analysis of the individual issuers of the securities, management has no reason to believe the unrealized losses for securities available for sale at September 30, 2013 are other than temporary.

Table of Contents

The following table presents the amortized cost and fair value of fixed maturities available for sale by contractual maturity as of September 30, 2013 (in thousands):

	Fixed Maturities Securities Available for Sale	
	Amortized Cost	Fair Value
Due in one year or less	\$ 5,807	\$ 5,804
Due after one year through five years	193,942	192,804
Due after five years through ten years	5,175	4,902
Due after ten years		
Mortgage-backed and asset-backed securities	95,220	94,994
Total	\$ 300,144	\$ 298,504

The following table provides certain information related to securities available for sale during the periods presented (in thousands):

	Three Months Ended September 30, 2013	Nine Months Ended September 30, 2013
Sales proceeds (fair value)	\$ 376	\$ 390
Gross realized gains	\$ 56	\$ 56
Gross realized losses	\$	\$ (1)
Other than temporary losses	\$	\$

4. Reinsurance

The Company seeks to reduce its risk of loss by reinsuring certain levels of risk in various areas of exposure with other insurance enterprises or reinsurers, generally, as of the beginning of the hurricane season on June 1 of each year. The Company's reinsurance program consists of excess of loss, quota share and catastrophe reinsurance, subject to the terms and conditions of the applicable agreements. The Company is responsible for insured losses related to catastrophes and other events in excess of coverage provided by its reinsurance program. The Company also remains responsible for the settlement of insured losses in the event of the failure of any of its reinsurers to make payments otherwise due to the Company. The estimated insured value of the Company's in-force policyholder coverage for windstorm exposures as of September 30, 2013 was approximately \$122.8 billion.

The Company has reduced the percentage of premiums ceded by UPCIC to its quota share reinsurers to 45% beginning with the reinsurance program effective June 1, 2012, from 50% under the prior year quota share contract effective June 1, 2011 through May 31, 2012. The Company's two quota share reinsurance contracts were effective June 1, 2013. One quota share reinsurance contract provides coverage to UPCIC through May 31, 2014 and the other provides coverage to UPCIC through May 31, 2015. By ceding 5% less premium to its quota share reinsurers, the Company intends to increase its profitability. The reduction of cession rate also decreases the amount of losses and loss adjustment expenses (LAE) that may be ceded by UPCIC and effectively increases the amount of risk retained by UPCIC and the Company. The reduction of cession rate also reduces the amount of ceding commissions earned from the Company's quota share reinsurer during the contract term and decreases the amount of deferred ceding

commission, as of September 30, 2013, that is a component of net deferred policy acquisition costs.

Amounts recoverable from reinsurers are estimated in a manner consistent with the reinsurance contracts. Reinsurance premiums, losses and LAE are accounted for on a basis consistent with those used in accounting for the original policies issued and the terms of the reinsurance contracts. Deferred ceding commissions are netted against policy acquisition costs and amortized over the effective period of the related insurance policies.

Table of Contents

The Company's reinsurance arrangements had the following effect on certain items in the Condensed Consolidated Statements of Income for the periods presented (in thousands):

	Three Months Ended September 30, 2013			Nine Months Ended September 30, 2013		
	Premiums Written	Premiums Earned	Loss and Loss Adjustment Expenses	Premiums Written	Premiums Earned	Loss and Loss Adjustment Expenses

Reinsurance receivable, net	24,268	24,334
Reinsurance recoverable and receivable	\$ 99,168	\$ 113,525

5. Insurance Operations

The Company's primary product is homeowners insurance currently offered by APPCIC in one state (Florida) and by UPCIC in seven states, including Florida.

The following table provides the percentage of concentrations with respect to the Insurance Entities' nationwide policies-in-force as of the periods presented:

	As of September 30, 2012	As of December 31, 2012
Percentage of Policies-In-Force:		
In Florida	94%	96%
With wind coverage	98%	98%
With wind coverage in South Florida (1)	27%	28%

(1) South Florida is comprised of Miami-Dade, Broward and Palm Beach counties.

Table of Contents*Deferred Policy Acquisition Costs, net*

The Company defers certain costs in connection with written policies, called Deferred Policy Acquisition Costs (DPAC), net of corresponding amounts of ceded reinsurance commissions, called Deferred Reinsurance Ceding Commissions (DRCC). Net DPAC is amortized over the effective period of the related insurance policies.

The following table presents the beginning and ending balances and the changes in DPAC, net of DRCC, for the periods presented (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2012	2013	2012
DPAC, beginning of period (1)	\$ 59,033	\$ 56,922	\$ 54,431	\$ 50,200

DRCC, end of period	\$ 40,574	\$ 39,146	\$ 40,574	\$ 39,146
DPAC (DRCC), net, beginning of period (1)	\$ 17,241	\$ 17,744	\$ 17,282	\$ 11,355
Capitalized Costs, net	5,063	5,767	15,462	16,672
Amortization of DPAC (DRCC), net	(5,351)	(5,492)	(15,791)	(10,008)
DPAC (DRCC), net, end of period	\$ 16,953	\$ 18,019	\$ 16,953	\$ 18,019

(1) The beginning balances for the nine months ended September 30, 2012 have been adjusted in connection with the adoption of the FASB's updated guidance related to deferred policy acquisition costs as discussed below. As discussed in Note 2 (Significant Accounting Policies), the Company prospectively adopted new accounting guidance effective January 1, 2012 related to accounting for costs associated with acquiring or renewing insurance contracts. This guidance resulted in a 13% reduction of our net deferred policy acquisition costs as of December 31, 2011, and a corresponding pre-tax charge of \$1.6 million against earnings during the first quarter of 2012. This charge represents a charge-off of capitalized costs existing at December 31, 2011, which would have been amortized to earnings within a twelve-month period under the old guidance. In the period of adoption (three months ended March 31, 2012), approximately \$9 million of net costs would have been deferred under the old guidance compared to the \$5.6 million under the new guidance. The effect of this change in periods subsequent to March 31, 2012, on income and per share amounts is not determinable as the historical methodology was discontinued after adoption.

Table of Contents*Liability for Unpaid Losses and Loss Adjustment Expenses*

Set forth in the following table is the change in liability for unpaid losses and LAE for the periods presented (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2012	2013	2012
Balance at beginning of period	\$ 166,260	\$ 164,625	\$ 193,241	\$ 187,215
Less reinsurance recoverable	(67,820)	(73,169)	(81,415)	(88,002)
Net balance at beginning of period	98,440	91,456	111,826	99,213
Incurred (recovered) related to:				
Current year	28,665	27,409	81,995	83,120
Prior years	(330)	8,891	(1,977)	8,791
Total incurred	28,335	36,300	80,018	91,911
Paid related to:

Net balance at end of period	94,173	98,514	94,173	98,514
Plus reinsurance recoverable	63,201	74,160	63,201	74,160
Balance at end of period	\$ 157,374	\$ 172,674	\$ 157,374	\$ 172,674

Regulatory Requirements and Restrictions

The Insurance Entities are primarily subject to regulations and standards of the Florida Office of Insurance Regulation (OIR). These standards require the Insurance Entities to maintain specified levels of statutory capital and restrict the timing and amount of dividends and other distributions that may be paid to the parent company. Except in the case of extraordinary dividends, these standards generally permit dividends to be paid from statutory unassigned surplus of the regulated subsidiary and are limited based on the regulated subsidiary's level of statutory net income and statutory capital and surplus. The maximum dividend that may be paid by UPCIC and APPCIC to their immediate parent company, Universal Insurance Holding Company of Florida (UIHCF), without prior approval is limited to the lesser of statutory net income from operations of the preceding calendar year or 10.0% of statutory unassigned surplus as of the preceding year end. These dividends are referred to as ordinary dividends and generally can be paid without prior regulatory approval. If the dividend, together with other dividends paid within the preceding twelve months, exceeds a specified statutory limit or is paid from sources other than earned surplus, the entire dividend is generally considered an extraordinary dividend and must receive prior regulatory approval.

Based on the 2012 statutory net income and statutory capital and surplus levels, UPCIC and APPCIC do not have the capacity to pay ordinary dividends during 2013. For the three and nine months ended September 30, 2013, no dividends were paid from UPCIC or APPCIC to UIHCF. Dividends paid to the shareholders of UIH are paid from the equity of UIH and not from the capital and surplus of the Insurance Entities.

Table of Contents

The Florida Insurance Code requires companies to maintain capitalization equivalent to the greater of ten percent of the insurer's total liabilities or \$5.0 million. The following table presents the amount of statutory capital and surplus, and an amount representing ten percent of total liabilities for both UPCIC and APPCIC as of the periods presented (in thousands):

	As of September 30, 2013	As of December 31, 2012
Ten percent of total liabilities		
UPCIC	\$ 43,384	\$ 39,260
APPCIC	\$ 876	\$ 694
Statutory capital and surplus		
UPCIC	\$ 152,341	\$ 134,034
APPCIC	\$ 13,713	\$ 14,330

At such dates in the table above, both UPCIC and APPCIC met the Florida capitalization requirement. UPCIC and APPCIC are also required to adhere to prescribed premium-to-capital surplus ratios and have met those requirements at such dates.

The Company is required by various state laws and regulations to maintain certain assets in depository accounts. In addition, the Company at times maintains amounts on deposit with insurance regulators in connection with certain reinsurance agreements. The following table represents assets held by insurance regulators as of the periods presented (in thousands):

	As of September 30, 2013	As of December 31, 2012
Restricted cash and cash equivalents	\$ 2,600	\$ 33,009
Investments	\$ 3,777	\$ 4,009

UPCIC received an order from the OIR dated May 30, 2013 related to the OIR's Target Market Conduct Final Examination Report of UPCIC for the period January 2009 through May 2013 (OIR Order). The OIR Order alleged certain violations and findings and sought to impose certain requirements and an administrative fine of \$1.3 million upon UPCIC which has been accrued for by the Company. On October 4, 2013, UPCIC and the OIR signed a consent order settling the matters to which the OIR Order related (Consent Order). See Note 15 (Subsequent Events) for additional discussion of the Consent Order.

6. Long-Term Debt

Long-term debt consists of a surplus note with carrying values of \$19.1 million and \$20.2 million as of September 30, 2013 and December 31, 2012, respectively, a term loan with a carrying value of \$18.2 million as of September 30, 2013 and any amounts drawn upon an unsecured line of credit.

On March 29, 2013, UIH entered into a revolving loan agreement and related revolving note (DB Loan) with Deutsche Bank Trust Company Americas (Deutsche Bank). The DB Loan makes available to UIH an unsecured line of credit in an aggregate amount not to exceed \$10.0 million. Draws under the DB Loan have a maturity date of

March 27, 2015 and carry an interest rate of LIBOR plus a margin of 5.50% or Deutsche Bank's prime rate plus a margin of 3.50%. The interest rate is at the election of UIH. The DB Loan contains financial covenants. As of September 30, 2013, UIH was in compliance with all such covenants. UIH had not drawn any amounts under the unsecured line of credit as of September 30, 2013.

On May 23, 2013, UIH entered into a \$20 million unsecured term loan agreement and related term note ("Term Loan") with RenaissanceRe Ventures Ltd. ("RenRe Ventures"). See Note 9 (Related Party Transactions) for a discussion of a series of agreements entered into with RenRe Ventures and its affiliate Renaissance Reinsurance Ltd. ("RenRe"). The

Table of Contents

Term Loan bears interest at the rate of 0.50% per annum and matures on the earlier of May 23, 2016 or the date that all principal under the Term Loan is pre-paid or deemed paid in full. The Term Loan is amortized over the three-year term and UIH may prepay the loan without penalty. Principal is payable annually on the anniversary of the closing date in three annual installments of \$6 million, \$7 million and \$7 million, respectively, and interest is payable in arrears on the same dates as the principal payments. The Term Loan contains financial covenants and as of September 30, 2013, UIH was in compliance with such covenants.

The stated interest rate of the Term Loan of 0.50% is below the Company's borrowing rate resulting in imputed interest and an original issue discount computed by calculating the present value of the future principal and interest payments utilizing the Company's borrowing rate. Concurrent with the establishment of the original issue discount, the Company recorded a deferred credit, a component of other liabilities and accrued expenses, for an equal amount against premium payments the Company will make in connection with a catastrophe risk-linked transaction contract entered into with RenRe on the same date and with the same maturity date as the Term Loan. The original issue discount will be amortized to interest expense over the life of the Term Loan and the deferred credit will be amortized as a reduction in insurance expense, a component of general and administrative expenses, over the life of the covered loss index swap. The following table provides the principal amount and unamortized discount of the Term Loan for the period presented (in thousands):

	As of September 30, 2013	
Principal amount	\$	20,000
Less: unamortized discount		(1,762)
Term Loan, net of unamortized discount	\$	18,238

Through the interest rate payment of 0.50% per annum and the amortization of the discount, the effective interest rate on the Term Loan is 5.99%. Amortization of the discount is included in interest expense, a component of general and administrative expenses, in the Condensed Consolidated Statements of Income and was \$248 and \$349 thousand for the three and nine months ended September 30, 2013, respectively.

Should UIH default on either the DB Loan or the Term Loan, it will be prohibited from paying dividends to its shareholders.

Table of Contents**7. Share-Based Compensation**

The following table provides certain information related to stock options and restricted stock for the periods presented (in thousands, except per share data):

	Three Months Ended September 30, 2013

Cash received for strike price and tax withholdings	\$	\$ 134	\$	\$ 652
Shares acquired through cashless exercise (1)	99		1,782	147
Value of shares acquired through cashless exercise (1)	\$ 733	\$	\$ 11,028	\$ 583

(1) All shares acquired represent shares tendered to cover the strike price for options and tax withholdings on the intrinsic value of options exercised or restricted stock vested. These shares have been cancelled by the Company. The following table presents the amount of unrecognized compensation expense as of the most recent balance sheet date and the weighted average period over which those expenses will be recorded for both stock options and restricted stock (dollars in thousands):

	As of September 30, 2013	
	Stock Options	Restricted Stock
Unrecognized expense	\$ 1,022	\$ 4,458
Weighted average remaining years	2.15	0.94

Stock Options

On March 12, 2013, the Company granted the new Chief Operating Officer and Executive Vice President (COO) a stock option to purchase 100 thousand shares of common stock. The option has an exercise price of \$4.51 per share, expires on March 12, 2018 and vests over three years as follows: one third on the one (1) year anniversary of the date of grant, one third on the two (2) year anniversary of the date of grant and one third on the three (3) year anniversary of the date of grant.

Table of Contents

On July 8, 2013, the Company granted the COO an additional stock option to purchase 300 thousand shares of common stock. The option has an exercise price of \$7.33 per share, expires on July 8, 2018 and vests over three years as follows: one third on the one (1) year anniversary of the date of grant, one third on the two (2) year anniversary of the date of grant and one third on the three (3) year anniversary of the date of grant.

Restricted Stock Grants

Effective April 1, 2013, the Company awarded the new President and Chief Executive Officer 500 thousand shares of restricted common stock, the new COO 250 thousand shares of restricted common stock, and the new Chief Administrative Officer 100 thousand shares of restricted common stock. Each restricted stock award vests in full on April 7, 2014.

Effective August 8, 2013, the Company awarded the new Chief Financial Officer 150 thousand shares of restricted common stock. The restricted stock award vests as to 75 thousand shares on October 1, 2014 and as to the remaining 75 thousand shares on October 1, 2015.

8. Stockholders Equity*Common Stock*

The following table summarizes the activity relating to shares of the Company's common stock during the nine months ended September 30, 2013 (in thousands):

	Issued Shares	Treasury Shares	Outstanding Shares
Balance, as of December 31, 2012	41,889	(1,018)	40,871
Conversion of preferred stock	220		220
Shares repurchased		(7,258)	(7,258)
Options exercised	2,060		2,060
Restricted stock grant	1,000		1,000
Shares acquired through cashless exercise (1)		(1,782)	(1,782)
Shares cancelled	(1,782)	1,782	
Balance, as of September 30, 2013	43,387	(8,276)	35,111

(1) All shares acquired represent shares tendered to cover the strike price for options and tax withholdings on the intrinsic value of options exercised or restricted stock vested. These shares have been cancelled by the Company. On April 1, 2013, UIH entered into a repurchase agreement with Bradley I. Meier, the Company's former Chairman, President and Chief Executive Officer and a principal stockholder of UIH, to repurchase an aggregate of four million shares of UIH's common stock owned by Mr. Meier. The initial repurchase of two million of Mr. Meier's shares occurred on April 1, 2013, and the subsequent repurchase of two million shares occurred on May 23, 2013, each at a price of \$4.02 per share, representing a discount from the then-current market price of UIH's common stock. The

repurchase of shares from Bradley I. Meier provides us with an opportunity to buy back shares at a discount to current stock price, while facilitating the orderly sale of shares by a large shareholder.

On May 23, 2013, UIH entered into a second repurchase agreement with Bradley I. Meier to repurchase an additional 2.666 million shares of UIH's common stock owned by Mr. Meier. The repurchase of 2.666 million of Mr. Meier's shares occurred on May 23, 2013 for a repurchase price of \$4.50 per share, representing a discount from the then-current market price of UIH's common stock.

On July 24, 2013, Norman M. Meier, the Company's former Secretary and a former director of the Company, converted 44,075 shares of Series M Preferred Stock, at a conversion ratio of 5:1, into 220,375 shares of UIH's common stock.

Table of Contents

On August 1, 2013, UIH entered into a third repurchase agreement with Bradley I. Meier to repurchase an additional 350 thousand shares of UIH's common stock owned by Mr. Meier. The repurchase of 350 thousand of Mr. Meier's shares occurred on August 1, 2013 for a repurchase price of \$7.02 per share, representing a discount from the then-current market price of UIH's common stock.

On August 14, 2013, UIH entered into a repurchase agreement with Norman M. Meier to repurchase 241,933 shares of UIH's common stock owned by Mr. Meier. The repurchase of 241,933 of Mr. Meier's shares occurred on August 14, 2013 for a repurchase price of \$7.57 per share, representing a discount from the then-current market price of UIH's common stock.

Dividends

On February 8, 2013, the Company declared a cash dividend of \$0.08 per share on its outstanding common stock paid on April 5, 2013, to the shareholders of record at the close of business on March 14, 2013.

On April 18, 2013, the Company declared a cash dividend of \$0.08 per share on its outstanding common stock paid on June 17, 2013, to the shareholders of record at the close of business on June 3, 2013.

On August 27, 2013, the Company declared a cash dividend of \$0.10 per share on its outstanding common stock paid on September 30, 2013, to the shareholders of record at the close of business on September 23, 2013.

9. Related Party Transactions

Downes and Associates, a multi-line insurance adjustment corporation based in Deerfield Beach, Florida performs certain claims adjusting work for UPCIC. Downes and Associates is owned by Dennis Downes, who is the father of Sean P. Downes, Chairman, President and Chief Executive Officer of the Company. We believe that all amounts paid to Downes and Associates are no greater than amounts that would need to be paid to third parties on an arm's-length basis for similar services.

Scott P. Callahan, a director of the Company, provides the Company with consulting services and advice with respect to the Company's reinsurance and related matters through SPC Global RE Advisors LLC, an entity affiliated with Mr. Callahan. The Company entered into the consulting agreement with SPC Global RE Advisors LLC effective June 6, 2013.

The following table provides payments made by the Company to Downes and SPC Global RE Advisors LLC for the periods presented (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2012	2013	2012
Downes and Associates	\$ 131	\$ 131	\$ 390	\$ 391
SPC Global RE Advisors LLC	\$ 38	\$	\$ 38	\$

There were no amounts due to Downes and Associates and SPC Global RE Advisors LLC as of September 30, 2013. No amounts were due to Downes and Associates as of December 31, 2012. Payments due to Downes and Associates and SPC Global RE Advisors LLC are generally made in the month the services are provided.

See Note 8 (Stockholders' Equity) for details on the repurchase agreements between UIH and each of Messrs. Bradley Meier and Norman Meier.

RenRe currently is, and has been, a participant in the Company's reinsurance programs. On May 23, 2013, the Company entered into a series of contracts with RenRe and its affiliate, RenRe Ventures. As discussed in Note 6 (Long-Term Debt), UIH entered into an unsecured Term Loan with RenRe Ventures. The Term Loan is part of a series of agreements

Table of Contents

entered into by the Company, RenRe and RenRe Ventures pursuant to which, among other things, the Company has purchased a catastrophe risk-linked transaction contract from RenRe and entered into an agreement whereby RenRe will reserve reinsurance capacity for the Company's reinsurance programs and receive a right of first refusal in respect of a portion thereof. As part of the series of agreements with RenRe and RenRe Ventures, on May 23, 2013, UIH, RenRe Ventures and Mr. Bradley Meier agreed to assign to RenRe Ventures a portion of UIH's right of first refusal to repurchase shares of its common stock owned by Mr. Meier under the first repurchase agreement entered into on April 1, 2013. RenRe Ventures will have a right of first refusal to repurchase one-third of the shares offered by Mr. Meier to any third party, up to the lesser of 2 million shares or 4.99% of UIH's outstanding common stock, through December 31, 2014.

10. Income Taxes

Deferred income taxes represent the temporary differences between the GAAP and tax basis of the Company's assets and liabilities. The tax effects of temporary differences are as follows for the periods presented (in thousands):

	As of September 30, 2013	As of December 31, 2012
Deferred income tax assets:		
Unearned premiums	\$ 12,108	\$ 11,430
Advance premium	1,790	1,132
Unpaid losses and LAE	2,756	3,449
Regulatory assessments	844	2,447
Share-based compensation	1,477	3,048
Accrued wages	453	778
Allowance for uncollectible receivables	207	205
Additional tax basis of securities	45	573
Unrealized losses on trading investments		2,782
Capital loss carryforwards	1,204	
Other comprehensive loss	306	
Total deferred income tax assets	21,190	25,844
Deferred income tax liabilities:		
Deferred policy acquisition costs, net	(6,540)	(6,666)
Prepaid expenses	(625)	
Unrealized gains on trading investments	(269)	
Total deferred income tax liabilities	(7,434)	(6,666)
Net deferred income tax asset	\$ 13,756	\$ 19,178

Valuation allowances were deemed unnecessary as of September 30, 2013 and December 31, 2012, respectively, because management believes it is probable that the Company will generate taxable income sufficient to realize the tax benefits associated with the Company's deferred income tax assets shown above in the near future.

Tax years that remain open for purposes of examination of its income tax liability due to taxing authorities, include the years ended December 31, 2012, 2011 and 2010.

Table of Contents

The following table reconciles the statutory federal income tax rate to the Company's effective tax rate for the periods presented:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2012	2013	2012
Statutory federal income tax rate	35.0%	35.0%	35.0%	35.0%
Increases (decreases) resulting from:				
Disallowed meals & entertainment	0.2%	0.5%	0.3%	0.3%
Disallowed compensation	4.1%	3.5%	2.4%	1.5%
Fines and penalties	0.0%		0.6%	
True-up of prior year tax returns	-0.9%	-1.7%	-0.4%	-0.4%
State income tax, net of federal tax benefit (1)	3.6%	3.6%	3.6%	3.6%
Other, net	0.6%		0.3%	
Effective tax rate	42.6%	40.9%	41.8%	40.0%

(1) Included in income tax is Florida income tax at a statutory rate of 5.5%.

11. Earnings Per Share

Basic earnings per share (EPS) is based on the weighted average number of common shares outstanding for the period, excluding any dilutive common share equivalents. Diluted EPS reflects the potential dilution resulting from exercises of stock options, vesting of restricted stock and conversion of preferred stock.

The following table reconciles the numerator (i.e., income) and denominator (i.e., shares) of the basic and diluted earnings per share computations for the periods presented (in thousands, except per share data):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2012	2013	2012
Numerator for EPS:				
Net income	\$ 14,407	\$ 8,256	\$ 43,395	\$ 25,906
Less: Preferred stock dividends	(14)	(23)	(24)	(282)
Income available to common stockholders	\$ 14,393	\$ 8,233	\$ 43,371	\$ 25,624
Denominator for EPS:				
Weighted average common shares outstanding	33,658	39,679	36,628	39,579
Plus: Assumed conversion of stock-based compensation (1)	1,630	282	1,291	390

Edgar Filing: UNIVERSAL INSURANCE HOLDINGS, INC. - Form 10-Q

Assumed conversion of preferred stock	323	489	433	489
Weighted average diluted common shares outstanding	35,611	40,450	38,352	40,458
Basic earnings per common share	\$ 0.43	\$ 0.21	\$ 1.18	\$ 0.65
Diluted earnings per common share	\$ 0.40	\$ 0.20	\$ 1.13	\$ 0.64

(1) Represents the dilutive effect of unvested restricted stock and unexercised stock options.

The Company purchased 592 thousand and 7.258 million shares of UIH's common stock during the three and nine months ended September 30, 2013, respectively, which decreased weighted average common shares outstanding and weighted average diluted common shares outstanding for these periods. The effect was to increase diluted earnings per common share by \$0.06 and \$0.10 for the three and nine month periods ended September 30, 2013, respectively. See

Note 8 (Stockholders' Equity) for details on the repurchases of UIH's common stock.

Table of Contents**12. Other Comprehensive Income (Loss)**

The following table provides the components of other comprehensive income (loss) on a pre-tax and after-tax basis for the periods presented (in thousands):

	For the Three Months Ended September 30, 2013			For the Nine Months Ended September 30, 2013		
	Pre-tax	Tax	After-tax	Pre-tax	Tax	After-tax
Net unrealized gains (losses) on available for sale investments arising during the periods	\$ 3,507	\$ 1,353	\$ 2,154	\$ (739)	\$ (285)	\$ (454)
Less: realized gains (losses) on investments	56	22	34	55	21	34
Change in net unrealized gains (losses) on available for sale investments	3,451	1,331	2,120	(794)	(306)	(488)
Other comprehensive income (loss)	\$ 3,451	\$ 1,331	\$ 2,120	\$ (794)	\$ (306)	\$ (488)

There were no amounts of other comprehensive income for the three and nine months ended September 30, 2012 and there were no amounts of accumulated other comprehensive income as of December 31, 2012.

13. Commitments and Contingencies*Litigation*

Certain lawsuits have been filed against the Company. These lawsuits involve matters that are routine litigation incidental to the claims aspect of the Company's business for which estimated losses are included in Unpaid Losses and Loss Adjustment Expenses in the Company's Financial Statements. In the opinion of management, these lawsuits are not material individually or in the aggregate to the Company's financial position or results of operations. Accruals made or assessments of materiality of disclosure related to probable or possible losses do not consider any anticipated insurance proceeds.

Lease and Other

On July 12, 2013, UPCIC entered into a lease agreement (Lease Agreement) for an office building containing 29,018 rentable square feet adjacent to its principal office in Fort Lauderdale, Florida (Property). The Company expects to use the Property for additional office and storage space. Pursuant to the Lease Agreement, the monthly rent for the Property is approximately \$51 thousand and is subject to annual increases. The Company will amortize the scheduled annual rental increases over the term of the lease. The term of the lease is ten years, subject to UPCIC's purchase of the Property as described below which is expected to take place no later than February 2015. The lease term will commence when the Company takes possession of the office building and begins making monthly rental payments which had not occurred as of September 30, 2013. Based on the terms of the Lease Agreement, the Company will be accounting for this arrangement as an operating lease.

Also on July 12, 2013, UPCIC entered into a purchase agreement to acquire the Property (Purchase Agreement). The Purchase Agreement provides that the closing for the sale of the Property will take place no later than February 5,

2015. The closing for the sale of the Property is subject to certain closing conditions. The purchase price for the Property is \$5.99 million, and UPCIC will receive a credit toward the purchase price for a portion of the rent it pays under the Lease Agreement.

Table of Contents

14. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. GAAP describes three approaches to measuring the fair value of assets and liabilities: the market approach, the income approach and the cost approach. Each approach includes multiple valuation techniques. GAAP does not prescribe which valuation technique should be used when measuring fair value, but does establish a fair value hierarchy that prioritizes the inputs used in applying the various techniques. Inputs broadly refer to the assumptions that market participants use to make pricing decisions, including assumptions about risk. Level 1 inputs are given the highest priority in the hierarchy while Level 3 inputs are given the lowest priority. Assets and liabilities carried at fair value are classified in one of the following three categories based on the nature of the inputs to the valuation technique used:

Level 1 Observable inputs that reflect unadjusted quoted prices for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 Unobservable inputs that are not corroborated by market data. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

Summary of significant valuation techniques for assets measured at fair value on a recurring basis

Level 1

Cash and cash equivalents and restricted cash and cash equivalents: Cash equivalents and restricted cash equivalents comprise actively traded money market funds that have daily quoted net asset values for identical assets that the Company can access. The carrying value of cash and cash equivalents and restricted cash and cash equivalents approximates fair value due to its liquid nature.

Common stock: Comprise actively traded, exchange-listed U.S. and international equity securities. Valuation is based on unadjusted quoted prices for identical assets in active markets that the Company can access.

Exchange-traded and mutual funds: Comprise actively traded funds. Valuation is based on daily quoted net asset values for identical assets in active markets that the Company can access.

Other investments: Comprise physical metal positions held by the Company. Valuation is based on unadjusted quoted prices for identical assets in active markets that the Company can access.

Level 2

U.S. government obligations and agencies: Comprise U.S. Treasury Bills or Notes or U.S. Treasury Inflation Protected Securities (TIPS). The primary inputs to the valuation include quoted prices for identical assets in inactive markets or similar assets in active or inactive markets, contractual cash flows, benchmark yields and credit spreads.

Corporate Bonds: Comprise investment-grade fixed income securities. The primary inputs to the valuation include quoted prices for identical assets in inactive markets or similar assets in active or inactive markets, contractual cash flows, benchmark yields and credit spreads.

Mortgage-backed and asset-backed securities: Comprise securities that are collateralized by mortgage obligations and other assets. The primary inputs to the valuation include quoted prices for identical assets in inactive markets or similar assets in active or inactive markets, contractual cash flows, benchmark yields, collateral performance and credit spreads.

Table of Contents

Derivatives: The primary inputs to the valuation include quoted prices or quoted net asset values for identical or similar assets in markets that are not active or highly active.

As required by GAAP, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect their placement within the fair value hierarchy levels.

The following tables set forth by level within the fair value hierarchy the Company's assets that were accounted for at fair value on a recurring basis as of the periods presented (in thousands):

	Fair Value Measurements As of September 30, 2013			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 137,286	\$	\$	\$ 137,286

Table of Contents

The Company utilizes third-party independent pricing services that provide a price quote for each fixed maturity, equity security and derivative. Management reviews the methodology used by the pricing services. If management believes that the price used by the pricing service does not reflect an orderly transaction between participants, management will use an alternative valuation methodology. There were no adjustments made by the Company to the prices obtained from the independent pricing source for any fixed maturities, equity securities or derivatives included in the tables above.

The following table summarizes the carrying value and estimated fair values of the Company's financial instruments that are not carried at fair value (in thousands):

	As of September 30, 2013 (Level 3) Estimated Fair	
	Carrying value	Value
Liabilities (debt):		
Surplus note	\$ 19,118	\$ 16,310
Term loan	\$ 18,238	\$ 18,238

	As of December 31, 2012 (Level 3) Estimated Fair	
	Carrying value	Value
Liabilities (debt):		
Surplus note	\$ 20,221	\$ 18,057

Level 3

Long-term debt: The fair value of the surplus note was determined by management from the expected cash flows discounted using the interest rate quoted by the issuer. The State Board of Administration of Florida (SBA) is the issuer of the surplus note and the quoted interest rate is below prevailing rates quoted by private lending institutions. However, as the Company's use of funds from the surplus note is limited by the terms of the agreement, the Company has determined the interest rate quoted by the SBA to be appropriate for purposes of establishing the fair value of the note.

The fair value of the Term Loan approximates the carrying value given the original issue discount which was calculated based on the present value of future cash flows using the Company's effective borrowing rate for similar instruments.

15. Subsequent Events

The Company performed an evaluation of subsequent events through the date the Financial Statements were issued and determined there were no recognized or unrecognized subsequent events that would require an adjustment or additional disclosure in the Financial Statements as of September 30, 2013 except for the following:

On October 4, 2013, UPCIC and the OIR signed a Consent Order settling the matters to which the OIR Order related. See Note 5 (Insurance Operations) for additional discussion of the OIR Order and Consent Order. The Consent Order clarifies language contained in the OIR Order, imposes certain requirements upon UPCIC, and requires UPCIC to pay an administrative fine of \$1.3 million, which was paid by the Company on October 18, 2013.

On October 8, 2013, the Company took possession of an office building which commenced obligations under the Lease Agreement. See Note 13 (Commitments and Contingencies) for details of this lease arrangement.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Unless the context otherwise requires, all references to we, us, our, and Company refer to Universal Insurance Holdings, Inc. and its subsidiaries. You should read the following discussion together with our condensed consolidated financial statements (Financial Statements) and the related notes thereto included in Part I, Item 1 Financial Statements. Operating results for any one quarter are not necessarily indicative of results to be expected for any other quarter or for the year.

Forward-Looking Statements

In addition to historical information, the following discussion may contain forward-looking statements within the meaning of the Private Securities Reform Litigation Act of 1995. Forward-looking statements are based on various factors and assumptions that include known and unknown risks and uncertainties, some of which are beyond our control and cannot be predicted or quantified. Certain statements made in this report reflect management's expectations regarding future events, and the words expect, estimate, anticipate, believe, intend, project, plan and similar expressions and variations thereof, speak only as of the date the statement was made and are intended to identify forward-looking statements. Such statements may include, but not be limited to, projections of revenues, income or loss, expenses, plans, as well as assumptions relating to the foregoing. Future results could differ materially from those in the following discussion and those described in forward-looking statements as a result of the risks set forth below as well as those set forth in our Annual Report on Form 10-K for the year ended December 31, 2012.

Risk Factors Summary

Risks Relating to the Property-Casualty Business

As a property and casualty insurer, we may face significant losses from catastrophes and severe weather events

Unanticipated increases in the severity or frequency of claims may adversely affect our profitability and financial condition

Actual claims incurred may exceed current reserves established for claims and may adversely affect our operating results and financial condition

Predicting claim expense relating to environmental liabilities is inherently uncertain and may have a material adverse effect on our operating results and financial condition

The failure of the risk mitigation strategies we utilize could have a material adverse effect on our financial condition or results of operations

Reinsurance may be unavailable at current levels and prices, which may limit our ability to write new business

Regulation limiting rate increases and requiring us to participate in loss sharing may decrease our profitability

The potential benefits of implementing our profitability model may not be fully realized

Our financial condition and operating results and the financial condition and operating results of the Insurance Entities may be adversely affected by the cyclical nature of the property and casualty business

Renewed weakness in the Florida real estate market could adversely affect our loss results

Risks Relating to Investments

We have periodically experienced, and may experience further reductions in returns or losses on our investments especially during periods of heightened volatility, which could have a material adverse effect on our results of operations or financial condition

We are subject to market risk which may adversely impact investment income

Concentration of our investment portfolio in any particular segment of the economy may have adverse effects on our operating results and financial condition

Our overall financial performance is dependent in part on the returns on our investment portfolio, which may have a material adverse effect on our financial condition or results of operations or cause such results to be volatile

Table of Contents

Other Risks Including Those Relating to the Insurance Industry

Our future results are dependent in part on our ability to successfully operate in an insurance industry that is highly competitive

Difficult conditions in the economy generally could adversely affect our business and operating results

There can be no assurance that actions of the U.S. federal government, Federal Reserve and other governmental and regulatory bodies for the purpose of stabilizing the financial markets and stimulating the economy will achieve the intended effect

We are subject to extensive regulation and potential further restrictive regulation may increase our operating costs and limit our growth

Our insurance subsidiaries are subject to examination by state insurance departments

Reinsurance subjects us to the credit risk of our reinsurers and may not be adequate to protect us against losses arising from ceded risks, which could have a material adverse effect on our operating results and financial condition

The continued threat of terrorism and ongoing military actions may adversely affect the level of claim losses we incur and the value of our investment portfolio

A downgrade in the Financial Stability Rating® of either of our regulated insurance entities may have an adverse effect on our competitive position, the marketability of our product offerings, and our liquidity, operating results and financial condition

Adverse capital and credit market conditions may significantly affect our ability to meet liquidity needs or our ability to obtain credit on acceptable terms

Changing climate conditions may adversely affect our financial condition, profitability or cash flows

Loss of key executives could affect our operations

Our revolving line of credit and term loan have restrictive terms and our failure to comply with any of these terms could have an adverse effect on our business and prospects

Overview

Universal Insurance Holdings, Inc. (UIH), with its wholly-owned subsidiaries, is a vertically integrated insurance holding company performing all aspects of insurance underwriting, distribution and claims. Through our wholly-owned subsidiaries, including Universal Property & Casualty Insurance Company (UPCIC) and American Platinum Property and Casualty Insurance Company (APPCIC), collectively referred to as the Insurance Entities , we are principally engaged in the property and casualty insurance business offered primarily through a network of independent agents. Our primary product is homeowners insurance currently offered in seven states. Total policies-in-force as of September 30, 2013 and December 31, 2012 were 546 thousand and 567 thousand, respectively.

The following table provides the percentage of concentrations with respect to the Insurance Entities nationwide policies-in-force as of the periods presented:

	As of September 30, 2013	As of December 31, 2012
Percentage of Policies-In-Force:		
In Florida	94%	96%
With wind coverage	98%	98%
With wind coverage in South Florida (1)	27%	28%

(1) South Florida is comprised of Miami-Dade, Broward and Palm Beach counties.

Risk from catastrophic losses is managed through the use of reinsurance agreements.

We generate revenues primarily from the collection of premiums and the investment of funds in excess of those retained for claims-paying obligations and insurance operations. Other significant sources of revenue include commissions collected from reinsurers and policy fees collected from policyholders through our affiliated managing general agent.

Table of Contents

Recent Developments

On February 7, 2013, we announced that UPCIC received approval from the OIR for premium rate increases for its homeowners and dwelling fire programs within Florida. The premium rate increases average approximately 14.1% statewide for its homeowners program and 14.5% for its dwelling fire program. The effective dates for the homeowners program rate increase were January 18, 2013, for new business and March 9, 2013, for renewal business. The effective dates for the dwelling fire program rate increase were January 14, 2013, for new business and March 3, 2013, for renewal business.

Effective February 22, 2013, Bradley I. Meier resigned as Chairman, President and Chief Executive Officer of UIH to pursue opportunities outside the residential homeowners insurance industry and Norman M. Meier resigned as Director and Secretary. Also effective February 22, 2013, Sean P. Downes became the President and Chief Executive Officer of UIH, Jon W. Springer became the Senior Vice President, and Chief Operating Officer of UIH, and Stephen J. Donaghy became Secretary and Chief Administrative Officer of UIH.

On March 29, 2013, UIH entered into a revolving loan agreement and related revolving note with Deutsche Bank Trust Company Americas (Deutsche Bank). See Liquidity and Capital Resources for information regarding the agreement and related revolving note.

On April 1, 2013, we entered into a repurchase agreement with Mr. Bradley Meier to repurchase an aggregate of four million shares of our common stock owned by Mr. Meier. The initial repurchase of two million of Mr. Meier's shares occurred on April 1, 2013, and the subsequent repurchase of two million shares occurred on May 23, 2013, each at a price of \$4.02 per share, representing a discount from the then-current market price of our common stock. Mr. Meier also granted UIH a right of first refusal on any future sale or transfer of shares of our common stock to a third party for value through December 31, 2014. The repurchase of shares from Bradley I. Meier provides us with an opportunity to buy back shares at a discount to current stock price, while facilitating the orderly sale of shares by a large shareholder.

On April 1, 2013, APPCIC received approval from the OIR for a premium rate increase for its homeowners program. The premium rate increase average is approximately 18.3% statewide. The OIR approved base rate changes in 129 out of 146 territories in Florida. The effective dates for the rate increase were April 15, 2013 for new business and June 1, 2013 for renewal business.

On May 23, 2013, UIH entered into a \$20 million unsecured term loan agreement and related term note (Term Loan) with RenaissanceRe Ventures Ltd., as lender (RenRe Ventures). The Term Loan is part of a series of agreements entered into by the Company and RenRe Ventures and its affiliates pursuant to which, among other things, the Company purchased a catastrophe risk-linked transaction contract from an affiliate of RenRe Ventures and such affiliate will reserve reinsurance capacity for the Company's reinsurance program and receive a right of first refusal in respect of a portion thereof. As part of the series of agreements with RenRe Ventures and its affiliates, on May 23, 2013, UIH, RenRe Ventures and Mr. Meier agreed to assign to RenRe Ventures a portion of UIH's right of first refusal to repurchase shares of UIH's common stock owned by Mr. Meier under the first repurchase agreement entered into on April 1, 2013. RenRe Ventures will have a right of first refusal to repurchase one-third of the shares offered by Mr. Meier to any third party, up to the lesser of 2 million shares or 4.99% of UIH's outstanding common stock, through December 31, 2014.

Also on May 23, 2013, UIH entered into a second repurchase agreement with Mr. Bradley Meier to repurchase an additional 2.666 million shares of UIH's common stock owned by Mr. Meier. The repurchase of 2.666 million of Mr. Meier's shares occurred on May 23, 2013 for a repurchase price of \$4.50 per share, representing a discount from

the then-current market price of UIH's common stock.

On May 28, 2013, the Insurance Entities completed the placement of the Company's 2013-2014 reinsurance program effective June 1, 2013. See "2013-2014 Reinsurance Program" for a discussion of the program.

On June 6, 2013, UIH announced the election of two new independent directors to its board of directors as a result of its Annual Meeting of Shareholders which took place on the same day. The election of Scott P. Callahan and Darryl L. Lewis expands the number of directors on the Company's board of directors to eight.

Table of Contents

On July 12, 2013, UPCIC entered into a lease agreement (Lease Agreement) for an office building containing 29,018 rentable square feet adjacent to its principal office in Fort Lauderdale, Florida (Property). The Company expects to use the Property for additional office and storage space. Pursuant to the Lease Agreement, the monthly rent for the Property is approximately \$51,000, which includes, among other charges, all sales taxes, insurance, and maintenance fees for the Property. The rent is subject to annual increase pursuant to the terms of the Lease Agreement. The term of the lease is ten years, subject to UPCIC's purchase of the Property as described below.

Also on July 12, 2013, UPCIC entered into a purchase agreement to acquire the Property (Purchase Agreement). The Purchase Agreement provides that the closing for the sale of the Property will take place no later than February 5, 2015. The closing for the sale of the Property is subject to certain closing conditions. The purchase price for the Property is \$5,990,000, and UPCIC will receive a credit toward the purchase price for a portion of the rent it pays under the Lease Agreement.

On July 24, 2013, Mr. Norman Meier converted 44,075 shares of Series M Preferred Stock, at a conversion ratio of 5:1, into 220,375 shares of common stock.

On August 1, 2013, UIH entered into a third repurchase agreement with Mr. Bradley Meier to repurchase an additional 350 thousand shares of UIH's common stock owned by Mr. Meier. The repurchase of 350 thousand of Mr. Meier's shares occurred on August 1, 2013 for a repurchase price of \$7.02 per share, representing a discount from the then-current market price of UIH's common stock.

On August 5, 2013, Mr. De Heer and UIH entered into a Consulting Agreement, effective as of October 1, 2013 (Consulting Agreement), in connection with Mr. DeHeer's voluntary resignation as Chief Financial Officer and Principal Accounting Officer effective as of September 30, 2013. The Consulting Agreement provides that Mr. De Heer will provide certain consulting services to the successor Chief Financial Officer as well as general advice with respect to the Company's business and operations from the effective date through July 1, 2014.

On August 5, 2013, the Board of Directors appointed Mr. Frank Wilcox to succeed Mr. De Heer as Chief Financial Officer and Principal Accounting Officer of the Company, effective as of October 1, 2013.

On August 14, 2013, UIH entered into a repurchase agreement with Mr. Norman Meier to repurchase 241,933 shares of UIH's common stock owned by Mr. Meier. The repurchase of 241,933 of Mr. Meier's shares occurred on August 14, 2013 for a repurchase price of \$7.57 per share, representing a discount from the then-current market price of UIH's common stock.

On August 26, 2013, Demotech, Inc. affirmed the Financial Stability Rating® of A for APPCIC. A Financial Stability Rating® of A is the third highest of six possible rating levels. According to Demotech, Inc., the affirmation represents a company's continued positive surplus related to policyholders, liquidity of invested assets, an acceptable level of financial leverage, reasonable loss and loss adjustment expense reserves, and realistic pricing. The rating of APPCIC is subject to at least annual review by Demotech, Inc., and may be revised upward or downward or revoked at the sole discretion of Demotech, Inc.

On September 2, 2013, Demotech, Inc. assigned the 2013 Financial Stability Rating® of A for UPCIC. A Financial Stability Rating® of A is the third highest of six possible rating levels. According to Demotech, Inc., the assigned rating represents a company's continued positive surplus related to policyholders, liquidity of invested assets, an acceptable level of financial leverage, reasonable loss and loss adjustment expense reserves, and realistic pricing. The rating of UPCIC is subject to at least annual review by Demotech, Inc., and may be revised upward or downward or revoked at the sole discretion of Demotech, Inc.

On October 4, 2013, UPCIC and the Florida Office of Insurance Regulation (OIR) signed a consent order settling the order received from the OIR dated May 30, 2013 related to the OIR s Target Market Conduct Final Examination Report of UPCIC for the period January 2009 through May 2013. See Note 5 (Insurance Operations) and Note 15 (Subsequent Events) for a discussion of the order. The consent order clarifies language contained in the OIR s earlier order, imposes certain requirements on UPCIC and requires UPCIC to pay an administrative fine of \$1.3 million, which was paid by the Company on October 18, 2013.

On October 8, 2013, the Company took possession of the Property and commenced its obligations under the Lease Agreement. See Note 13 (Commitments and Contingencies) for details on this lease arrangement.

Table of Contents

Investment Portfolio

As discussed in our Annual Report on Form 10-K for the year ended December 31, 2012, in March 2013 our Investment Committee authorized management to engage an investment advisor specializing in the insurance industry to manage our investment portfolio. We seek to maintain an investment portfolio which we expect will provide a stable stream of investment income and reduce the effects of market volatility. We expect that the majority of the portfolio will consist of securities available for sale, with changes in fair value reflected in stockholders' equity (except for other than temporary impairments, which are reflected in earnings). In the first quarter of 2013, we liquidated 100% of the equity securities that were held in our trading portfolio resulting in net losses of \$8.2 million. See Item 1 Note 3 (Investments) for the composition of our portfolio as of September 30, 2013.

Impact of Accounting Pronouncement on Comparability of Results

We prospectively adopted new accounting guidance related to accounting for costs associated with acquiring or renewing insurance contracts effective January 1, 2012. The overall impact under the new guidance, which was adopted on January 1, 2012, was a reduction in earnings of \$2.7 million (\$1.7 million after tax or \$0.04 per diluted share). The \$2.7 million pre-tax reduction in earnings during the three months ended March 31, 2012, includes an acceleration of capitalized costs existing as of December 31, 2011, which would have been amortized to earnings within a twelve-month period, and the immediate recognition of costs which otherwise would have been deferred, partially offset by a lesser amount of amortization expense due to the reduction in capitalized costs. The new guidance does not result in incremental charges to earnings, but rather affects the timing of the recognition of those charges in the income statement.

2013-2014 Reinsurance Program

Effective June 1, 2013, we entered into multiple reinsurance agreements comprising our 2013-2014 reinsurance program.

REINSURANCE GENERALLY

In the normal course of business, we limit the maximum net loss that can arise from large risks, risks in concentrated areas of exposure and from catastrophes, such as hurricanes or other similar loss occurrences, by purchasing certain reinsurance from other insurers or reinsurers to mitigate these potential losses. Our intention is to limit our exposure and the exposure of the Insurance Entities, thereby protecting stockholders' equity and the Insurance Entities' capital and surplus, even in the event of catastrophic occurrences, through reinsurance agreements. Without these reinsurance agreements, the Insurance Entities would be more substantially exposed to catastrophic losses with a greater likelihood that those losses could exceed their statutory capital and surplus. Any such catastrophic event, or multiple catastrophes, could have a material adverse effect on the Insurance Entities' solvency and our results of operations, financial condition and liquidity.

Below is a description of our 2013-2014 reinsurance program. Although the terms of the individual contracts vary, we believe that the overall terms of the 2013-2014 reinsurance program are more favorable than the 2012-2013 reinsurance program.

The Insurance Entities are responsible for insured losses related to catastrophic events in excess of coverage provided by their reinsurance programs. The Insurance Entities also remain responsible for insured losses notwithstanding the failure of any reinsurer to make payments otherwise due to the Insurance Entities. The Insurance Entities' inability to satisfy valid insurance claims resulting from catastrophic events could have a material adverse effect on our results of

operations, financial condition and liquidity.

UPCIC REINSURANCE PROGRAM

Effective June 1, 2013, UPCIC entered into two quota share reinsurance contracts, both of which provide coverage through May 31, 2014 and one of which extends and provides coverage through May 31, 2015. Under the quota share contracts, through May 31, 2014, UPCIC cedes 45% of its gross written premiums, losses and loss adjustment expenses for policies with coverage for wind risk with a ceding commission equal to 26.7% of ceded gross written premiums. In

Table of Contents

addition, the quota share contract has a limitation for any one occurrence not to exceed \$125 million from losses arising out of events that are assigned a catastrophe serial number by the Property Claims Services (PCS) office (of which UPCIC's net liability on the first \$125 million of losses in a first, second and third event scenario is \$27.5 million for events affecting Florida; \$16.5 million in a first and second event scenario for events affecting Georgia, Maryland, Massachusetts, North Carolina and South Carolina; and \$5.5 million in a first and second event scenario for events affecting Hawaii), and an aggregate limitation from losses arising out of events that are assigned a catastrophe serial number by the PCS office not to exceed \$280 million. The contracts limit the amount of premium which can be deducted for inuring reinsurance.

Effective June 1, 2013 through May 31, 2014, under various excess catastrophe contracts, UPCIC obtained catastrophe coverage of 45% of \$698.5 million in excess of the quota share occurrence cap of \$125 million, covering certain loss occurrences including hurricanes. The catastrophe coverage has a second full limit available with additional premium calculated pro rata as to amount and 100% as to time, as applicable. Effective June 1, 2013 through May 31, 2014, under various excess catastrophe contracts, UPCIC also obtained catastrophe coverage of 55% of \$773.5 million in excess of \$50 million, covering certain loss occurrences including hurricanes. Of this capacity, 7.6% has two free reinstatements, 29.3% has one free reinstatement, and 63.1% has a second full limit available with additional premium calculated pro rata as to amount and 100% as to time, as applicable. For capacity with reinstatement premium, UPCIC purchased reinstatement premium protection which reimburses UPCIC for its cost to reinstate the catastrophe coverage up to the top of the estimated Florida Hurricane Catastrophe Fund (FHCF). The total cost of UPCIC's private catastrophe reinsurance program, effective June 1, 2013 through May 31, 2014, is \$104.889 million to UPCIC and \$60.781 million to the quota share reinsurers. In addition, UPCIC purchased reinstatement premium protection as described above, the cost of which is \$11.511 million.

Effective June 1, 2013 through May 31, 2014, UPCIC purchased subsequent catastrophe event excess of loss reinsurance to cover certain levels of loss through three catastrophe events including hurricanes. Specifically, UPCIC obtained catastrophe coverage in two separate contracts for a third event. The first contract covers 45% of \$95 million excess of \$30 million in excess of \$190 million otherwise recoverable. The total cost of the first third event catastrophe excess of loss reinsurance contract is \$5.567 million, of which UPCIC's cost is \$0, and the quota share reinsurer's cost is the entire amount. The second contract covers 15% of \$25 million in excess of \$100 million in excess of \$50 million otherwise recoverable. The total cost of the second third event catastrophe excess of loss reinsurance contract is \$187.5 thousand, of which UPCIC is responsible for the entire amount.

Effective June 1, 2013 through May 31, 2014, UPCIC entered into a multiple line excess per risk contract with various reinsurers. Under the multiple line excess per risk contract, UPCIC obtained coverage of \$1.4 million in excess of \$600 thousand ultimate net loss for each risk and each property loss, and \$1 million in excess of \$300 thousand for each casualty loss. The contract has a limitation for any one occurrence not to exceed \$1.4 million and a \$7 million aggregate limit that applies to the term of the contract. Effective June 1, 2013 through May 31, 2014, UPCIC entered into a property per risk excess contract covering its policies that do not provide wind coverage. Under the property per risk excess contract, UPCIC obtained coverage of \$350 thousand in excess of \$250 thousand for each property loss. The contract has a limitation for any one occurrence not to exceed \$1.050 million and a \$1.750 million aggregate limit that applies to the term of the contract. The total cost of UPCIC's multiple line excess and property per risk reinsurance program, effective June 1, 2013 through May 31, 2014, is \$4.450 million, of which UPCIC's cost is \$2.673 million, and the quota share reinsurers' cost is the remaining \$1.778 million.

Effective June 1, 2013 through June 1, 2014, under an excess catastrophe contract specifically covering risks located in Georgia, Maryland, Massachusetts, North Carolina and South Carolina, UPCIC obtained catastrophe coverage consisting of three layers of 55% of \$20 million in excess of \$30 million, 55% of \$25 million in excess of \$50 million and 55% of \$50 million in excess of \$75 million covering certain loss occurrences including hurricanes. All three

layers of coverage have a second full limit available to UPCIC with additional premium calculated pro rata as to amount and 100% as to time, as applicable. The cost of UPCIC's excess catastrophe contracts specifically covering risks in Georgia, Maryland, Massachusetts, North Carolina and South Carolina is \$3.412 million.

Effective June 1, 2013 through June 1, 2014, under an excess catastrophe contract specifically covering risks located in Hawaii, UPCIC obtained catastrophe coverage of 55% of \$20 million in excess of \$10 million covering certain loss

Table of Contents

occurrences including hurricanes. The layer of coverage has a second full limit available to UPCIC with additional premium calculated pro rata as to amount and 100% as to time, as applicable. The cost of UPCIC's excess catastrophe contract specifically covering risks in Hawaii is \$330 thousand.

UPCIC also obtained coverage from the FHCF. The approximate coverage is estimated to be 90% of \$1.109 billion in excess of \$423.1 million. The estimated premium that UPCIC plans to cede to the FHCF for the 2013 hurricane season is \$77.993 million of which UPCIC's cost is 55%, or \$42.896 million, and the quota share reinsurers' cost is the remaining 45%.

The largest private participants in UPCIC's reinsurance program include leading reinsurance companies such as Odyssey Re, Everest Re, Renaissance Re and Lloyd's of London syndicates.

With the implementation of the Company's 2013-2014 reinsurance program at June 1, 2013, the Company retains a maximum pre-tax net liability of \$27.5 million for the first catastrophic event up to \$1.824 billion of losses relating to the UPCIC Florida program, a maximum pre-tax net liability of \$16.5 million for the first catastrophic event up to \$125 million of losses relating to the UPCIC Georgia, Maryland, Massachusetts, North Carolina and South Carolina program, and a maximum pre-tax net liability of \$5.5 million for the first catastrophic event up to \$30 million of losses relating to the UPCIC Hawaii program.

APPCIC REINSURANCE PROGRAM

Effective June 1, 2013 through May 31, 2014, under three layers in an excess catastrophe contract, APPCIC obtained catastrophe coverage of \$20.250 million in excess of \$2.5 million covering certain loss occurrences including hurricanes. The coverage of \$20.250 million in excess of \$2.5 million has a second full limit available to APPCIC; additional premium is calculated pro rata as to amount and 100% as to time, as applicable. The total cost of APPCIC's private catastrophe reinsurance program effective June 1, 2013 through May 31, 2014 is \$2.763 million.

Effective June 1, 2013 through May 31, 2014, APPCIC purchased reinstatement premium protection which reimburses APPCIC for its cost to reinstate the entire \$20.250 million of catastrophe coverage in one contract. The cost of APPCIC's purchased reinstatement premium protection is \$388 thousand.

APPCIC also obtained coverage from the FHCF. The approximate coverage is estimated to be 90% of \$37.422 million in excess of \$14.276 million. The estimated premium that APPCIC plans to cede to the FHCF for the 2013 hurricane season is \$2.632 million.

Effective June 1, 2013 through May 31, 2014, APPCIC entered into a multiple line excess per risk contract with various reinsurers. Under the current multiple line excess per risk contract, APPCIC has coverage of \$8.7 million in excess of \$300 thousand ultimate net loss for each risk and each property loss, and \$1 million in excess of \$300 thousand for each casualty loss. A \$21.5 million aggregate limit applies to the term of the contract for property related losses and a \$2 million aggregate limit applies to the term of the contract for casualty related losses.

The total cost of the APPCIC multiple line excess reinsurance program effective June 1, 2013 through May 31, 2014 is \$3.3 million.

The largest private participants in APPCIC's reinsurance program include leading reinsurance companies such as ACE Tempest Re, Everest Re, Hiscox, Odyssey Re, Hannover Ruck, Amlin Bermuda and Lloyd's of London syndicates.

With the implementation of the Company's 2013-2014 reinsurance program at June 1, 2013, the Company retains a maximum pre-tax net liability of \$2.5 million for the first catastrophic event up to \$56.59 million of losses relating to the APPCIC program.

Table of Contents

UIH PROGRAM

Separately from the Insurance Entities' reinsurance programs, UIH protected its own assets against diminution in value due to catastrophe events by purchasing \$75 million in coverage through a catastrophe risk-linked transaction contract, effective June 1, 2013 through December 31, 2013. The contract provides for recovery by UIH in the event of exhaustion of UPCIC's catastrophe coverage for the state of Florida. The total cost to UIH of the risk-linked transaction contract is \$6.0 million. UIH also purchased additional coverage equivalent to \$100 million in the form of insurance proceeds and forgiveness of debt through a catastrophe risk-linked transaction contract, effective June 1, 2013 through May 31, 2016. This contract also provides for recovery by UIH in the event of exhaustion of UPCIC's catastrophe coverage for the state of Florida. The total cost to UIH of this risk-linked transaction contract is \$9.0 million per year for each of the three years.

Table of Contents**Wind Mitigation Discounts**

The insurance premiums charged by the Insurance Entities are subject to various statutory and regulatory requirements. Among these, the Insurance Entities must offer wind mitigation discounts in accordance with a program mandated by the Florida Legislature and implemented by the OIR. The level of wind mitigation discounts mandated by the Florida Legislature effective as of June 1, 2007 for new business and August 1, 2007 for renewal business has had a significant negative effect on our premium.

The Insurance Entities fully experience the effect of rate or discount changes more than 12 months after implementation because insurance policies renew throughout the year. Although the Insurance Entities may seek to offset the impact of wind mitigation credits through subsequent rate increase filings with the OIR, there is no assurance that the OIR and the Insurance Entities will agree on the amount of rate change that is needed. In addition, any adjustments to the Insurance Entities' rates similarly take more than 12 months to be fully integrated into their business.

The following table reflects the effect of wind mitigation credits received by UPCIC's policyholders (in thousands):

Reduction of in-force premium (only policies including wind coverage)				
Date	Percentage of UPCIC's policy holders receiving credits	Total credits	In-force premium	Percentage reduction of in-force premium
6/1/2007	1.9%	\$ 6,285	\$ 487,866	1.3%

Table of Contents**Results of Operations Three Months Ended September 30, 2013, Compared to Three Months Ended September 30, 2012**

Net income increased by \$6.2 million for the three months ended September 30, 2013 compared to the three months ended September 30, 2012, reflecting an improvement in underwriting income. The increase was partially offset by the absence of net trading portfolio gains that were generated during the three months ended September 30, 2012. The Company liquidated its trading portfolio in the first quarter of 2013. Diluted earnings per common share increased by \$0.20 for the three months ended September 30, 2013 compared to the three months ended September 30, 2012, \$0.06 of which was attributable to a reduction in shares of common stock outstanding as a result of UIH's repurchase of shares from Bradley I. Meier and Norman M. Meier, as discussed under Recent Developments.

The following table summarizes changes in each component of our Condensed Consolidated Statements of Income and Comprehensive Income for the three months ended September 30, 2013 compared to the same period in 2012 (in thousands):

	Three Months Ended September 30,		Change	
	2013	2012	\$	%
PREMIUMS EARNED AND OTHER REVENUES

NET INCOME AND COMPREHENSIVE INCOME	\$ 16,527	\$ 8,256	\$ 8,271	100.2%

NM Not meaningful.

The following discussion provides comparative information for significant changes to the components of net income and comprehensive income in the table above.

Net earned premiums were \$68.9 million for the three months ended September 30, 2013, compared to \$59.5 million for the three months ended September 30, 2012. The increase in net earned premiums of \$9.4 million, or 15.8%, reflects an

Table of Contents

increase in direct earned premiums of \$8.1 million and a decrease in ceded earned premiums of \$1.3 million. The increase in direct earned premiums is due primarily to rate increases over the past 24 months. These rate increases, along with strategic initiatives we have undertaken to manage our exposure (such as our decision not to renew certain policies we believe had inadequate premiums relative to projected risks and expenses) have resulted in a moderate reduction in the number of policies-in-force. The benefit from the rate increases continued to be partially offset by wind mitigation credits within the state of Florida. The decrease in ceded earned premiums is attributable to lower reinsurance costs effective with the 2013-2014 reinsurance program.

We sold a small amount of investment securities available for sale during the three months ended September 30, 2013, resulting in a gain of \$56 thousand. For the three months ended September 30, 2012, we realized net losses on investments of \$3.1 million, reflecting the loss in value of trading portfolio investments in the metals and mining sector that were sold during the period.

The decrease of \$8.1 million in the net change in unrealized gains for the three months ended September 30, 2013 compared to the same period in 2012 reflects the absence of investment securities held in the trading portfolio during the three months ended September 30, 2013. The investment securities held during the three months ended September 30, 2013 were available for sale. Unrealized gains and losses for securities held in trading are recorded in earnings while unrealized gains and losses for securities available for sale are recorded in equity unless the unrealized losses are deemed other than temporary in which case they are reflected in earnings.

Commission revenue is comprised principally of brokerage commissions we earn from reinsurers. For the three months ended September 30, 2013, commission revenue was \$4.2 million, compared to \$4.8 million for the three months ended September 30, 2012. The decrease in commission revenue of \$0.6 million, or 13.3%, was due primarily to a reduction in the cost of reinsurance.

Policy fees are comprised primarily of the managing general agent's policy fee income from insurance policies. For the three months ended September 30, 2013, policy fees were \$3.2 million, compared to \$3.5 million for the three months ended September 30, 2012. The decrease of \$0.2 million, or 6.6%, reflects a reduction in the number of policies written and renewed, which we believe is primarily due to the rate increases that have taken effect, as well as the aforementioned strategic initiatives, which we believe have caused some attrition.

The net loss and LAE ratios, or net losses and LAE as a percentage of net earned premiums, were 41.1% and 61% during the three-month periods ended September 30, 2013 and 2012, respectively, and were comprised of the following components (in thousands):

	Three Months Ended September 30, 2013		
	Direct	Ceded	Net
Loss and loss adjustment expenses	\$ 53,600	\$ 25,265	\$ 28,335
Premiums earned	\$ 199,323	\$ 130,396	\$ 68,927
Loss & LAE ratios	26.9%	19.4%	41.1%

Three Months Ended September 30, 2012		
Direct	Ceded	Net

Loss and loss adjustment expenses	\$ 68,286	\$ 31,985	\$ 36,301
Premiums earned	\$ 191,225	\$ 131,713	\$ 59,512
Loss & LAE ratios	35.7%	24.3%	61.0%

The reduction in the net loss and LAE ratio reflects an increase in net premiums earned and a decrease in net loss and LAE. The increase in net earned premium is attributable to an increase in direct earned premium of \$8.1 million, an increase in quota share earned premium of \$2.9 million and a decrease in the ceded earned catastrophe premiums of \$4.2 million. The decrease in net loss and LAE ratio is primarily attributable to an improvement in the adjustments made in the current years related to prior accident years.

For the three months ended September 30, 2013, general and administrative expenses were \$24.9 million, compared to \$24.3 million for the three months ended September 30, 2012. The increase in general and administrative expenses of

Table of Contents

\$0.7 million, or 2.7%, was due primarily to increases in bonus accruals of \$1 million and stock-based compensation of \$843 thousand. These increases were partially offset by credits of \$1.4 million from the recovery of Florida Insurance Guarantee Association (FIGA) assessments from our policyholders.

Income taxes increased by \$5.0 million, or 87.2% primarily as a result of an increase in income before income taxes. The effective tax rate increased to 42.6% for the three months ended September 30, 2013 from 40.9% for the same period in the prior year primarily from an increase in the amount of non-deductible expenses including compensation.

Comprehensive income includes net income and other comprehensive income or loss. The other comprehensive income for the three months ended September 30, 2013, reflect after tax changes in fair value of securities held in our portfolio of securities available for sale and reclassification out of cumulative other comprehensive income for securities sold. See Item 1 Note 12 (Other Comprehensive Income (Loss)) .

Table of Contents**Results of Operations Nine Months Ended September 30, 2013 Compared to Nine Months Ended September 30, 2012**

Net income increased by \$17.5 million for the nine months ended September 30, 2013 compared to the nine months ended September 30, 2012, reflecting a significant increase in underwriting income. The increase was partially offset by greater trading portfolio losses as the Company liquidated its trading portfolio during the first quarter of 2013 and an increase in general and administrative expenses. Diluted earnings per common share increased by \$0.49 for the nine months ended September 30, 2013 compared to the nine months ended September 30, 2012, \$0.10 of which was attributable to a reduction in shares of common stock outstanding as a result of UIH's repurchase of shares from Bradley I. Meier and Norman M. Meier, as discussed under Recent Developments.

The following table summarizes changes in each component of our Condensed Consolidated Statements of Income and Comprehensive Income for the nine months ended September 30, 2013 compared to the same period in 2012 (in thousands):

	Nine Months Ended September 30,		Change	
	2013	2012	\$	%

Change in net unrealized losses on available for sale investments, net of tax	(488)		(488)	100.0%
NET INCOME AND COMPREHENSIVE INCOME	\$ 42,907	\$ 25,906	\$ 17,001	65.6%

NM Not meaningful.

Net earned premiums were \$201.2 million for the nine months ended September 30, 2013, compared to \$163.8 million for the nine months ended September 30, 2012. The increase in net earned premiums of \$37.4 million, or 22.8%, reflects an increase in direct earned premiums of \$34.2 million and a decrease in ceded earned premiums of \$3.2 million. The increase in direct earned premiums is due primarily to rate increases over the past 24 months. These rate increases, along with strategic initiatives we have undertaken to manage our exposure, such as the decision not to renew certain policies

Table of Contents

we believe had inadequate premiums relative to projected risks and expenses, have resulted in a moderate reduction in the number of policies-in-force even as direct written premiums have increased. The benefit from the rate increases continued to be partially offset by wind mitigation credits within the state of Florida. The decrease in ceded earned premiums is attributable to a reduction in the quota share cession rate from 50% for the 2011-2012 reinsurance program to 45% for the 2012-2013 and 2013-2014 reinsurance programs and lower reinsurance costs effective with the 2013-2014 reinsurance program.

Net investment income for the nine months ended September 30, 2013 was \$530 thousand, compared to \$163 thousand for the same period in the prior year. The increase in net investment income of \$367 thousand reflects an increase in the amount of interest earning and dividend paying securities held in the investment portfolio offset by an increase in investment expenses associated with asset management fees charged by our investment advisors to manage certain segments of the available for sale portfolio. When the portfolio was classified as trading, all fees were paid in the form of commission on investment trades and reflected in net realized gains and losses on investments and changes in unrealized gains and losses on investments.

Net realized losses on investments of \$16.0 million were recorded during the nine months ended September 30, 2013, compared to \$12.3 million of net realized losses recorded during the same period in the prior year. The increase in net realized losses of \$3.7 million, or 30%, resulted primarily from the liquidation of our trading portfolio in the first quarter of 2013.

Net changes in unrealized gains on investments of \$7.9 million were recorded during the nine months ended September 30, 2013 compared to net changes in unrealized gains of \$11.5 million recorded during the same period in the prior year. The decrease in net change in unrealized gains on investments of \$3.6 million, or 31.1%, resulted primarily from the reversal of unrealized losses on investments held at December 31, 2012 and sold during the first quarter of 2013, as we liquidated 100% of the equity securities held in the trading portfolio in the first quarter of 2013.

For the nine months ended September 30, 2013, commission revenue was \$14.4 million, compared to \$15.5 million for the nine months ended September 30, 2012. The decrease in commission revenue of \$1.1 million, or 6.8%, was due primarily to a reduction in the cost of reinsurance.

For the nine months ended September 30, 2013, policy fees were \$10.7 million, compared to \$11.4 million for the nine months ended September 30, 2012. The decrease of \$0.7 million, or 6.1%, reflects a reduction in the number of policies written and renewed, which we believe is primarily due to the rate increases that have taken effect, as well as the aforementioned strategic initiatives, which we believe have caused some attrition.

The net loss and LAE ratios, or net losses and LAE as a percentage of net earned premiums, were 39.8% and 56.1% during the nine-month periods ended September 30, 2013 and 2012, respectively, and were comprised of the following components (in thousands):

	Nine Months Ended September 30, 2013		
	Direct	Ceded	Net
Loss and loss adjustment expenses	\$ 154,547	\$ 74,529	\$ 80,018
Premiums earned	\$ 590,792	\$ 389,590	\$ 201,202
Loss & LAE ratios	26.2%	19.1%	39.8%

	Nine Months Ended September 30, 2012		
	Direct	Ceded	Net
Loss and loss adjustment expenses	\$ 177,425	\$ 85,513	\$ 91,912
Premiums earned	\$ 556,685	\$ 392,839	\$ 163,846
Loss & LAE ratios	31.9%	21.8%	56.1%

The reduction in the net loss and LAE ratio reflects an increase in net premiums earned and a decrease in loss and LAE. The decrease in loss and LAE expenses is primarily attributable to an improvement in the adjustments made in the current years related to prior accident years. We also had better claims experience on the current accident year for the first nine months of 2013 compared to 2012. The increase in net earned premium is attributable to an increase in direct earned premium of \$34.1 million and a corresponding decrease in quota share earned

Table of Contents

premium of \$3.2 million. It also reflects proportionately less ceded premiums earned due to the lower cession rate under the 2012-2013 and the 2013-2014 quota share reinsurance contracts compared to the cession rate under the 2011-2012 quota share contract and lower reinsurance costs effective with the 2013-2014 reinsurance program.

For the nine months ended September 30, 2013, general and administrative expenses were \$69.0 million, compared to \$59.6 million for the nine months ended September 30, 2012. A significant portion of the increase in general and administrative expenses of \$9.4 million, or 15.8%, was due to factors related to net deferred policy acquisition costs. The reduction in the amount of ceded quota share premiums, partially offset by an increase in the effective ceding commission rate under the 2013-2014 reinsurance program, effectively increased the amount of amortizable net deferred policy acquisition costs thereby increasing amortization expense by \$4.1 million. There were also increases in bonus accruals of \$3.0 million, stock-based compensation of \$2.1 million, salaries and payroll taxes of \$1.1 million, insurance department fees and fines of \$1.4 million and legal fees of \$1.1 million. These increases were partially offset by credits of \$4.0 million from the recovery of FIGA assessments from our policyholders.

Income taxes increased by \$13.9 million, or 80.3% primarily as a result of an increase in income before income taxes. The effective tax rate increased to 41.8% for the nine months ended September 30, 2013 from 40.0 % for the same period in the prior year primarily from an increase in the amount of non-deductible expenses including compensation and administrative fines.

Comprehensive income includes net income and other comprehensive income or loss. The other comprehensive loss for the nine months ended September 30, 2013, reflect after tax changes in fair value of securities held in our portfolio of securities available for sale and reclassification out of cumulative other comprehensive income for securities sold. See Item 1 Note 12 (Other Comprehensive Income (Loss)) .

Analysis of Financial Condition As of September 30, 2013 Compared to December 31, 2012

We believe that premiums will be sufficient to meet our working capital requirements for at least the next twelve months. Our policy is to invest amounts considered to be in excess of current working capital requirements.

The following table summarizes, by type, the carrying values of investments (in thousands):

Type of Investment	As of September 30, 2013	As of December 31, 2012
Cash and cash equivalents	\$ 137,286	\$ 347,392
Restricted cash and cash equivalents	2,600	33,009
Fixed maturities	298,504	4,009
Equity securities	70,862	85,041
Non-hedging derivative asset (liability), net		(21)
Other investments		317
Total	\$ 509,252	\$ 469,747

Prepaid reinsurance premiums represent the amount of ceded unearned premiums. The increase of \$10.6 million to \$250.5 million as of September 30, 2013 was due to growth in direct written premiums and timing of the settlement with our reinsurers based upon contractual agreements.

Reinsurance recoverable represents ceded losses and LAE. The decrease of \$14.4 million to \$74.8 million reflects the corresponding reduction in unpaid losses and LAE as previously described in Results of Operations .

See Item 1 Note 5 (Insurance Operations) for a roll-forward in the balance of our deferred policy acquisition costs.

See Item 1 Note 10 (Income Taxes) for a schedule of deferred income taxes as of September 30, 2013 and December 31, 2012 which shows the components of deferred income tax assets and liabilities as of both dates.

Table of Contents

See Item 1 Note 5 (Insurance Operations) for a roll-forward in the balance of our unpaid losses and LAE.

Unearned premiums represent the portion of direct written premiums that will be earned pro rata in the future. The increase of \$19.4 million to \$407.4 million as of September 30, 2013 reflects a general increase in policies written during hurricane season.

Advance premium represents premium payments made by policyholders ahead of the effective date of the policies. The balance at December 31 of each year is generally lower than the balance at any other quarter end, in relative terms, due to the tendency of policyholders to delay payments until January. The increase in the amount of advance premiums of \$8.7 million to \$23.7 million as of September 30, 2013, compared to \$15.1 as of December 31, 2012 reflects that delay.

Reinsurance payable, net, represents our liability to reinsurers for ceded written premiums, net of ceding commissions receivable. The increase of \$25.2 million to \$110.5 million as of September 30, 2013 was primarily due to the timing of settlement with our reinsurers based upon contractual agreements.

Long-term debt consists of a surplus note, a term loan and any amounts drawn upon an unsecured line of credit. The increase of \$17.1 million to \$37.4 million as of September 30, 2013 was associated with the Company entering into a \$20 million unsecured term loan agreement and related term note. See Item 1 Note 5 (Insurance Operations)

Liquidity and Capital Resources

Liquidity

Liquidity is a measure of a company's ability to generate sufficient cash flows to meet its short and long-term obligations. Funds generated from operations have generally been sufficient to meet our liquidity requirements and we expect that in the future funds from operations will continue to meet such requirements.

The balance of cash and cash equivalents as of September 30, 2013 was \$137.3 million compared to \$347.4 million at December 31, 2012. See Item 1 Condensed Consolidated Statements of Cash Flows for a reconciliation of the balance of cash and cash equivalents between September 30, 2013 and December 31, 2012. The decrease in cash and cash equivalents was largely driven by investments of \$377 million made in the investment securities available for sale portfolio, partially offset by the proceeds from the liquidation of the trading portfolio in the first quarter of 2013 of \$103 million. Most of the balance of cash and cash equivalents maintained is available to pay claims in the event of a catastrophic event after recovery of any reimbursement amounts under our reinsurance agreements. The principal source of liquidity for possible claim payments consists of the revenue we generate from the collection of net premiums, after deductions for expenses, reinsurance recoverable and any unused revolving credit lines.

The balance of restricted cash and cash equivalents as of September 30, 2013 was \$2.6 million compared to \$33.0 million as of December 31, 2012. Restricted cash as of September 30, 2013 is mostly comprised of cash equivalents on deposit with regulatory agencies in the various states in which our Insurance Entities do business. The reduction since December 31, 2012 is attributable to anticipated reinsurance premiums that were held on deposit but subsequently released when the underlying contract between UPCIC and UIH's segregated account T25 was terminated effective December 31, 2012 and replaced with a contract entered into between UPCIC and non-affiliated third party reinsurers effective January 1, 2013.

As discussed in Item 1 Note 6 (Long-Term Debt), UIH entered into a revolving loan agreement and related revolving note (DB Loan) with Deutsche Bank in March 2013. The DB Loan makes available to UIH an unsecured line of credit

in an aggregate amount not to exceed \$10 million. Draws under the DB Loan have a maturity date of March 27, 2015 and carry an interest rate of LIBOR plus a margin of 5.50% or Deutsche Bank's prime rate plus a margin of 3.50%. The interest rate is at the election of UIH. The DB Loan contains certain covenants and restrictions applicable while amounts are outstanding thereunder, including limitations with respect to our indebtedness, liens, distributions, mergers or dispositions of assets, organizational structure, transactions with affiliates and business activities. We had not drawn any amounts under the unsecured line of credit as of October 31, 2013. [MONITOR & UPDATE]

In May 2013, UIH also entered into a \$20 million unsecured term loan agreement and related term note (Term Loan) with RenaissanceRe Ventures Ltd. (RenRe Ventures) also discussed in Item 1 Note 6 (Long-Term Debt). The

Table of Contents

Term Loan bears interest at the rate of 50 basis points per annum and matures on the earlier of May 23, 2016 or the date that all principal under the Term Loan is pre-paid or deemed paid in full. The Term Loan is amortized over the three-year term and UIH may prepay the loan without penalty. The Term loan contains certain covenants and restrictions applicable while amounts are outstanding thereunder, including limitations with respect to our indebtedness, liens, distributions, mergers or dispositions of assets, organizational structure, transactions with affiliates and business activities. The Company used the net proceeds of the Term Loan to repurchase 4,666,000 shares of common stock owned by Mr. Bradley Meier.

The Company's ongoing liquidity requirements primarily include potential payments of catastrophe losses, the payment of dividends to shareholders (if and when authorized and declared by our board of directors), payment for the possible repurchase of our common stock (if and when authorized by our board of directors) and interest and principal payments on debt obligations. The declaration and payment of future dividends to shareholders, and any future repurchases of our common stock, will be at the discretion of our board of directors and will depend upon many factors, including our operating results, financial condition, capital requirements and any regulatory constraints.

Our insurance operations provide liquidity in that premiums are generally received months or even years before losses are paid under the policies written. Historically, cash receipts from operations, consisting of insurance premiums, commissions, policy fees and investment income, have provided more than sufficient funds to pay loss claims and operating expenses. We maintain substantial investments in highly liquid, marketable securities. Liquidity can also be generated by funds received upon the sale of marketable securities in our investment portfolio available for sale.

The Insurance Entities are responsible for losses related to catastrophic events with incurred losses in excess of coverage provided by the Insurance Entities' reinsurance programs and for losses that otherwise are not covered by the reinsurance programs, which could have a material adverse effect on either the Insurance Entities' or our business, financial condition, results of operations and liquidity.

Capital Resources

Capital resources provide protection for policyholders, furnish the financial strength to support the business of underwriting insurance risks, and facilitate continued business growth. At September 30, 2013, we had total capital of \$203.8 million, comprised of stockholders' equity of \$166.4 million and total long term debt of \$37.4 million. Our debt-to-total-capital ratio and debt-to-equity ratio were 18.4% and 22.5%, respectively, at September 30, 2013. At December 31, 2012, we had total capital of \$183.7 million, comprised of stockholders' equity of \$163.5 million and total long term debt of \$20.2 million. Our debt-to-total-capital ratio and debt-to-equity ratio were 11.0% and 12.4%, respectively, at December 31, 2012.

At September 30, 2013, UPCIC was in compliance with all of the covenants under its surplus note and its total adjusted capital was in excess of regulatory requirements. At September 30, 2013, UIH was in compliance with all of the covenants under the Term Loan and the DB Loan.

Cash Dividends

On February 8, 2013, we declared a cash dividend of \$0.08 per share on our outstanding common stock paid on April 5, 2013, to the shareholders of record at the close of business on March 14, 2013.

On April 18, 2013, we declared a cash dividend of \$0.08 per share on our outstanding common stock paid on June 17, 2013, to the shareholders of record at the close of business on June 3, 2013.

On August 27, 2013, we declared a cash dividend of \$0.10 per share on our outstanding common stock paid on September 30, 2013, to the shareholders of record at the close of business on September 23, 2013.

Table of Contents**Contractual Obligations**

The following table represents our contractual obligations for which cash flows are fixed or determinable as of September 30, 2013 (in thousands):

	Total	Less than 1 year	1-3 years	3-5 years	Over 5 years
Unpaid losses and LAE, direct	\$ 157,374	\$ 86,841	\$ 48,074	\$ 15,538	\$ 6,921
Long-term debt	43,904	7,635	18,099	3,847	14,323
Operating leases	411	95	316		
Purchase obligations (2)	5,990		5,990		
Employment Agreements (1)	15,718	7,760	7,958		
Total contractual obligations	\$ 223,397	\$ 102,331	\$ 80,437	\$ 19,385	\$ 21,244

- (1) These amounts represent minimum salaries, which may be subject to annual percentage increases, non-equity incentive compensation based on pre-tax or net income levels, and fringe benefits based on the remaining term of employment agreements we have with our executives.
- (2) Relates to purchase agreement to acquire property as disclosed under Item 1 Note 13 (Commitments and Contingencies). Note there are certain conditions that must be met by seller and buyer in order to obligate the Company to consummate the transaction under the purchase agreement.

On October 8, 2013, the Company took possession of the Property and commenced its obligations under the Lease Agreement. Monthly rent is approximately \$51 thousand and is subject to annual increases. The term of the lease is ten years, subject to UPCIC's purchase of the Property which is expected to take place no later than February 2015. See Note 13 (Commitments and Contingencies) for details on this lease arrangement.

Critical Accounting Policies and Estimates

There have been no material changes during the period covered by this Quarterly Report on Form 10-Q to Critical Accounting Policies and Estimates previously disclosed in Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations included in our Annual Report on Form 10-K for the year ended December 31, 2012.

Related Party Transactions

See Item 1 Note 9 (Related Party Transactions) for information about related party transactions.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Market risk is the potential for economic losses due to adverse changes in fair value of financial instruments. We carry all of our investments at market value in our statement of financial condition. Our investment portfolio as of September 30, 2013, is comprised of fixed maturities and equity securities exposing us to changes in interest rates and

equity prices. See Item 1 Note 3 (Investments) for a schedule of investment holdings as of September 30, 2013 and December 31, 2012. To a lesser extent, we also have exposure on our debt obligations which are in the form of a surplus note, and on any amounts we draw under the DB Loan. The surplus note accrues interest at an adjustable rate based on the 10-year Constant Maturity Treasury rate. Draws under the DB Loan accrue interest at a rate based on LIBOR or Deutsche Bank's prime rate plus an applicable margin.

Table of Contents

Our investments have been, and may in the future be, subject to significant volatility. We have taken steps which we expect will reduce the effects of market volatility by liquidating the investments held in our trading portfolio. We now maintain an investment portfolio which we expect will provide a stable stream of investment income and reduce the effects of market volatility. Our investment objectives with respect to fixed maturities are to maximize after-tax investment income without exposing the surplus of our Insurance Entities to excessive volatility and to integrate the investment portfolio into overall corporate objectives, including asset-liability management, liquidity, tax and income requirements. Our investment objectives with respect to equity securities are to enhance our long-term surplus levels through capital appreciation and earn a competitive rate of total return versus appropriate benchmarks over a market cycle.

Interest Rate Risk

Interest rate risk is the sensitivity of a fixed-rate instrument to changes in interest rates. When interest rates rise, the fair value of our fixed-rate investment securities declines.

The following table provides information about our fixed income investments, which are sensitive to changes in interest rates. The table presents cash flows of principal amounts and related weighted average interest rates by expected maturity dates for investments available for sale as of the period presented (in thousands):

	As of September 30, 2013							Fair Value Total
	2013	2014	2015	Amortized Cost 2016	2017	Thereafter	Other (1)	Total
Fixed maturities	\$ 1,915	\$ 3,892	\$ 47,443	\$ 64,977	\$ 27,799	\$ 58,898	\$ 95,220	\$ 300,144
Average interest rate	7.38%	7.43%	1.16%	1.43%	4.99%	3.92%	2.80%	2.76%
								2.75%

(1) Comprised of mortgage-backed and asset-backed securities which have multiple maturity dates and are presented separately for the purposes of this table.

The fixed maturity investments in our available for sale portfolio are comprised of United States government and agency securities, corporate bonds and mortgage-backed and asset-backed securities. United States government and agency securities are rated Aaa by Moody's Investors Service, Inc., and AA+ by Standard and Poor's Rating Services. The corporate bonds and mortgage-backed and asset-backed securities are investment-grade and have various ratings. In order for positions to be deemed investment-grade, they must carry a rating of Baa3 or higher by Moody's Investors Service, Inc. and BBB or higher by Standard and Poor's Rating Services.

Equity and Commodity Price Risk

Equity and commodity price risk is the potential for loss in fair value of investments in common stock, preferred stock, and mutual funds from adverse changes in the prices of those instruments.

The following table provides information about the composition of equity securities held in the Company's available for sale portfolio (in thousands):

	As of September 30, 2013	
	Fair Value	Percent
Equity securities:		
Common stock	\$ 20,057	28.3%
Mutual funds	50,805	71.7%
Total equity securities	\$ 70,862	100.0%

A hypothetical decrease of 20% in the market prices of each of the equity securities held at September 30, 2013, would have resulted in decreases of \$14.2 million, in the fair value of the equity securities investment portfolio.

Table of Contents

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company carried out an evaluation under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Rule 13a-15 under the Securities Exchange Act of 1934 as of the end of the period covered by this report. Based on that evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that disclosure controls and procedures were effective as of September 30, 2013, to ensure that information required to be disclosed by the Company in its reports that it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms.

Changes in Internal Control Over Financial Reporting

There was no change in the Company's internal controls over financial reporting that occurred during the period covered by this report that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

We are subject to litigation in the normal course of our business. As of September 30, 2013, we were not a party to any non-routine litigation which is expected by management to have a material effect on our results of operations, financial condition or liquidity.

Item 1A. Risk Factors

In the opinion of management other than that which is described below, there have been no other material changes during the period covered by this Quarterly Report on Form 10-Q to the risk factors previously disclosed in Part I, Item 1A, "Risk Factors", included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012.

Our revolving line of credit and term loan have restrictive terms and our failure to comply with any of these terms could have an adverse effect on our business and prospects.

We have entered into a revolving line of credit and term loan, each of which contains a number of affirmative and negative covenants. The negative covenants in these instruments limit our ability and the ability of our subsidiaries to, among other things:

incur additional indebtedness;

merge, consolidate or dispose of our assets or the capital stock or assets of any subsidiary;

pay dividends, make distributions or redeem capital stock;

enter into certain transactions with our affiliates;

make material changes or modifications to our organizational structure; and

grant liens on our assets or the assets of our subsidiaries.

Our revolving line of credit also includes certain affirmative covenants, including financial covenants requiring us to maintain minimum unencumbered liquid assets of \$5 million, minimum shareholders' equity of \$120 million and a maximum leverage percentage of 30%, in each case, as such terms are defined and calculated under the revolving line of credit. A breach of any of these covenants would result in a default under our revolving line of credit, which could have a material adverse effect on our business and financial condition.

Table of Contents**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

A summary of the Company's repurchases of common stock for the three months ended September 30, 2013 is as follows:

	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased As Part of Publicly Announced Plans or Programs	Maximum Number of Shares That May Yet be Purchased Under the Plans or Programs
7/1/13 - 7/31/13		\$		
8/1/13 - 8/31/13 (1)	591,333	7.24		
9/1/13 - 9/30/13				
Total	591,333	\$ 7.24		

- (1) Includes 300,000 shares repurchased from Bradley I. Meier, the Company's Former Chairman, President and Chief Executive Officer, in a privately negotiated transaction. Also includes 291,333 shares repurchased from Norman M. Meier, the Company's former Director and Secretary. See Item 1 Note 8 (Stockholders' Equity) for additional information regarding the repurchases.

Under the DB Loan and Term Loan, so long as any amounts are outstanding thereunder, UIH will be restricted from paying dividends to its shareholders if an event of default (or an event, the giving of notice of which or with the lapse of time or both, would become an event of default) is continuing at the time of and immediately after paying such dividend. No amounts were outstanding under the DB Loan as of September 30, 2013. The Term Loan had a carrying value of \$18.2 million as of September 30, 2013.
