**Table of Contents****AMETEK, Inc.****Notes to Consolidated Financial Statements****September 30, 2013**

(Unaudited)

**1. Basis of Presentation**

The accompanying consolidated financial statements are unaudited. AMETEK, Inc. (the Company) believes that all adjustments (which primarily consist of normal recurring accruals) necessary for a fair presentation of the consolidated financial position of the Company at September 30, 2013, and the consolidated results of its operations for the three and nine months ended September 30, 2013 and 2012 and its cash flows for the nine months ended September 30, 2013 and 2012 have been included. Quarterly results of operations are not necessarily indicative of results for the full year. The accompanying financial statements should be read in conjunction with the financial statements and related notes presented in the Company's Annual Report on Form 10-K for the year ended December 31, 2012 as filed with the Securities and Exchange Commission.

**2. Recent Accounting Pronouncements**

In July 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2012-02, *Testing Indefinite-Lived Intangible Assets for Impairment* (ASU 2012-02). The amendments in ASU 2012-02, similar to the amendments of ASU No. 2011-08, *Testing Goodwill for Impairment*, permit an entity to first assess qualitative factors to determine whether it is more likely than not that the fair value of an indefinite-lived intangible asset is impaired, as a basis for determining whether it is necessary to perform the quantitative impairment test described in FASB Accounting Standards Codification Topic 350, *Intangibles - Goodwill and Other*. ASU 2012-02 was effective on January 1, 2013 for the Company and the adoption did not have a significant impact on the Company's consolidated results of operations, financial position or cash flows.

In February 2013, the FASB issued ASU No. 2013-02, *Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income* (ASU 2013-02). ASU 2013-02 requires an entity to provide information about the amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity is required to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income but only if the amount reclassified is required under U.S. generally accepted accounting principles (GAAP) to be reclassified to net income in its entirety in the same reporting period. For other amounts that are not required under U.S. GAAP to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures required under U.S. GAAP that provide additional detail about those amounts. ASU 2013-02 was effective on January 1, 2013 for the Company. See Note 4 for the Company's disclosure reflecting these requirements.

In March 2013, the FASB issued ASU No. 2013-05, *Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity or of an Investment in a Foreign Entity* (ASU 2013-05). ASU 2013-05 provides guidance for the treatment of the cumulative translation adjustment when an entity ceases to hold a controlling financial interest in a subsidiary or group of assets within a foreign entity. ASU 2013-05 is effective for interim and annual reporting periods beginning after December 15, 2013. The Company is currently evaluating the impact of adopting ASU 2013-05 on the Company's consolidated results of operations, financial position or cash flows.

In July 2013, the FASB issued ASU No. 2013-11, *Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists* (ASU 2013-11). ASU 2013-11 provides guidance for the financial statement presentation of an unrecognized tax benefit when a net operating loss carryforward, a similar tax loss, or a tax credit carryforward exists. ASU 2013-11 is effective for interim and annual reporting periods beginning after December 15, 2013, with early adoption permitted. The Company is currently evaluating the impact of adopting ASU 2013-11 on the Company's financial statement presentation.

**3. Earnings Per Share**

The calculation of basic earnings per share is based on the weighted average number of common shares considered outstanding during the periods. The calculation of diluted earnings per share reflects the effect of all potentially dilutive securities (principally outstanding stock options and restricted stock grants). The number of weighted average shares used in the calculation of basic earnings per share and diluted earnings per share was as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2012	2013	2012
	(In thousands)			
<b>Weighted average shares:</b>

Diluted shares	245,930	244,229	245,815	243,552

**4. Accumulated Other Comprehensive Income (Loss)**

The components of accumulated other comprehensive income (loss) consisted of the following for the three months ended September 30, 2013:

	Foreign Currency Items and Other	Defined Benefit Pension Plans	Total
	(In thousands)		
Balance at June 30, 2013	\$ (59,418)	\$ (115,402)	\$ (174,820)

Balance at September 30, 2013	\$ (17,740)	\$ (113,184)	\$ (130,924)

The components of accumulated other comprehensive income (loss) consisted of the following for the nine months ended September 30, 2013:

Edgar Filing: AMETEK INC/ - Form 10-Q

	Foreign Currency Items and Other	Defined Benefit Pension Plans (In thousands)	Total
Balance at December 31, 2012	\$ (31,492)	\$ (119,838)	\$ (151,330)
Other comprehensive income (loss) before reclassifications:			
Translation adjustments	3,388		3,388
Net investment hedges	927		927
Change in long-term intercompany notes	9,761		9,761
Gross amounts reclassified from accumulated other comprehensive income (loss)		10,233	10,233
Income tax benefit (expense)	(324)	(3,579)	(3,903)
Other comprehensive (loss) income, net of tax	13,752	6,654	20,406
Balance at September 30, 2013	\$ (17,740)	\$ (113,184)	\$ (130,924)

Reclassifications for the amortization of defined benefit pension plans are included in Cost of sales, excluding depreciation in the consolidated statement of income. See Note 12 for further details.

**Table of Contents****AMETEK, Inc.****Notes to Consolidated Financial Statements****September 30, 2013**

(Unaudited)

**5. Fair Value Measurements**

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

The Company utilizes a valuation hierarchy for disclosure of the inputs to the valuations used to measure fair value. This hierarchy prioritizes the inputs into three broad levels as follows. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. Level 3 inputs are unobservable inputs based on the Company's own assumptions used to measure assets and liabilities at fair value. A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

The following table provides the Company's assets and liabilities that are measured at fair value on a recurring basis as of September 30, 2013 and December 31, 2012, consistent with the fair value hierarchy:

	Asset (Liability)	
	September 30, 2013	December 31, 2012
	Fair Value	Fair Value
	(In thousands)	
Fixed-income investments	\$ 8,129	\$ 8,316

The fair value of fixed-income investments was based on quoted market prices, which are valued as level 1 investments. The fixed-income investments are shown as a component of long-term assets on the consolidated balance sheet.

For the nine months ended September 30, 2013, gains and losses on the investments noted above were not significant. No transfers between level 1 and level 2 investments occurred during the nine months ended September 30, 2013.

*Financial Instruments*

Cash, cash equivalents, marketable securities and fixed-income investments are recorded at fair value at September 30, 2013 and December 31, 2012 in the accompanying consolidated balance sheet.

The following table provides the estimated fair values of the Company's financial instruments, for which fair value is measured for disclosure purposes only, compared to the recorded amounts at September 30, 2013 and December 31, 2012:

	Asset (Liability)			
	September 30, 2013		December 31, 2012	
	Recorded Amount	Fair Value	Recorded Amount	Fair Value
	(In thousands)			
Short-term borrowings	\$ (160,000)	\$ (160,000)	\$ (313,473)	\$ (313,473)
Long-term debt (including current portion)	(1,140,090)	(1,287,679)	(1,140,302)	(1,341,886)

## Edgar Filing: AMETEK INC/ - Form 10-Q

The fair value of short-term borrowings approximates the carrying value. Short-term borrowings are valued as level 2 investments as they are corroborated by observable market data. The Company's long-term debt is all privately held with no public market for this debt, therefore, the fair value of long-term debt was computed based on comparable current market data for similar debt instruments and are considered level 3 investments.

### *Forward Contracts*

At September 30, 2013, the Company had a 8.8 million Euro forward contract outstanding. For the three and nine months ended September 30, 2013, realized losses on foreign currency forward contracts were not significant. For the three and nine months ended September 30, 2013, unrealized losses on forward contracts were not significant. At December 31, 2012, the Company had a 9.9 million Euro forward contract outstanding. The Company has not designated its foreign currency forward contracts as hedges.

**Table of Contents****AMETEK, Inc.****Notes to Consolidated Financial Statements****September 30, 2013**

(Unaudited)

**6. Hedging Activities**

The Company has designated certain foreign-currency-denominated long-term borrowings as hedges of the net investment in certain foreign operations. As of September 30, 2013, these net investment hedges included British-pound- and Euro-denominated long-term debt. These borrowings were designed to create net investment hedges in each of the designated foreign subsidiaries. The Company designated the British-pound- and Euro-denominated loans referred to above as hedging instruments to offset translation gains or losses on the net investment due to changes in the British pound and Euro exchange rates. These net investment hedges are evidenced by management's contemporaneous documentation supporting the hedge designation. Any gain or loss on the hedging instrument (the debt) following hedge designation is reported in accumulated other comprehensive income in the same manner as the translation adjustment on the investment based on changes in the spot rate, which is used to measure hedge effectiveness.

At September 30, 2013, the Company had \$194.1 million of British-pound-denominated loans, which were designated as a hedge against the net investment in British pound functional currency foreign subsidiaries. At September 30, 2013, the Company had a \$67.7 million Euro-denominated loan, which was designated as a hedge against the net investment in Euro functional currency foreign subsidiaries. As a result of these British-pound- and Euro-denominated loans being designated and 100% effective as net investment hedges, \$0.9 million of currency remeasurement losses have been included in the foreign currency translation component of other comprehensive income for the nine months ended September 30, 2013.

**7. Inventories**

	September 30, 2013	December 31, 2012
	(In thousands)	
Finished goods and parts	\$ 72,876	\$ 62,723
Work in process	88,052	83,522
Raw materials and purchased parts	288,205	282,690
Total inventories	\$ 449,133	\$ 428,935

**8. Acquisitions**

The Company spent \$164.0 million in cash, net of cash acquired, to acquire Controls Southeast ( CSI ) in August 2013. CSI is a leader in custom-engineered, thermal management solutions used to maintain temperature control of liquid and gas in a broad range of demanding industrial process applications. CSI is part of AMETEK's Electronic Instruments Group.

The following table represents the preliminary allocation of the aggregate purchase price for the net assets of the above acquisition based on the estimated fair value at acquisition (in millions):

Property, plant and equipment	\$ 4.7
-------------------------------	--------

Edgar Filing: AMETEK INC/ - Form 10-Q

Goodwill	<b>90.4</b>
Other intangible assets	<b>69.5</b>
Deferred income taxes	<b>(17.6)</b>
Net working capital and other*	<b>17.0</b>
Total purchase price	<b>\$ 164.0</b>

\* Includes \$9.5 million in accounts receivable, whose fair value, contractual cash flows and expected cash flows are approximately equal. The amount allocated to goodwill is reflective of the benefits the Company expects to realize from the acquisition as CSI broadens AMETEK's position in the process and analytical instrumentations markets. The Company expects approximately \$18.5 million of the goodwill recorded in connection with the CSI acquisition will be tax deductible in future years.

**Table of Contents****AMETEK, Inc.****Notes to Consolidated Financial Statements****September 30, 2013**

(Unaudited)

The Company is in the process of finalizing the measurement of certain intangible assets for its CSI acquisition, as well as deferred taxes associated with its CSI acquisition and the fourth quarter 2012 acquisitions of Micro-Poise Measurement Systems, Aero Components International, Avtech Avionics and Instruments and Sunpower, Inc.

At September 30, 2013, purchase price allocated to other intangible assets of \$69.5 million consists of \$13.0 million of indefinite-lived intangible trademarks and trade names, which are not subject to amortization. The remaining \$56.5 million of other intangible assets consist of \$47.2 million of customer relationships, which are being amortized over a period of 20 years and \$9.3 million of purchased technology, which is being amortized over a period of 15 years. Amortization expense for each of the next five years for the CSI acquisition listed above is expected to approximate \$3.2 million per year.

The CSI acquisition had an immaterial impact on reported net sales, net income and diluted earnings per share for the three and nine months ended September 30, 2013. Had the CSI acquisition been made at the beginning of 2013 or 2012, unaudited pro forma net sales, net income and diluted earnings per share for the three and nine months ended September 30, 2013 and 2012, respectively, would not have been materially different than the amounts reported. Pro forma results are not necessarily indicative of the results that would have occurred if the acquisition had been completed at the beginning of 2013 or 2012.

***Acquisitions Subsequent to September 30, 2013***

In October 2013, the Company acquired Creaform, Inc., a leading developer and manufacturer of innovative portable 3D measurement technologies and a provider of 3D engineering services. Creaform was acquired for approximately 125 million Canadian dollars (approximately \$120 million) and has estimated annual sales of approximately \$52 million. Creaform broadens AMETEK's position in the process and analytical instrumentations markets and will join AMETEK's Electronic Instruments Group.

**9. Goodwill**

The changes in the carrying amounts of goodwill by segment were as follows:

	<b>Electronic Instruments Group</b>	<b>Electro- mechanical Group (In millions)</b>	<b>Total</b>
Balance at December 31, 2012	\$ 1,215.0	\$ 993.2	\$ 2,208.2

**10. Income Taxes**

At September 30, 2013, the Company had gross unrecognized tax benefits of \$43.5 million, of which \$41.0 million, if recognized, would impact the effective tax rate.

The following is a reconciliation of the liability for uncertain tax positions (in millions):

Balance at December 31, 2012	\$ 36.2
Additions for tax positions	13.4
Reductions for tax positions	(6.1)
 Balance at September 30, 2013	 \$ 43.5

The Company recognizes interest and penalties accrued related to uncertain tax positions in income tax expense. The amounts recognized in income tax expense for interest and penalties during the three and nine months ended September 30, 2013 and 2012 were not significant.

**11. Share-Based Compensation**

The fair value of each stock option grant is estimated on the date of grant using a Black-Scholes-Merton option pricing model. The following weighted average assumptions were used in the Black-Scholes-Merton model to estimate the fair values of stock options granted during the periods indicated:

	Nine Months Ended September 30, 2013	Year Ended December 31, 2012
Expected volatility	28.1%	28.4%
Expected term (years)	5.0	5.1
Risk-free interest rate	0.75%	0.84%
Expected dividend yield	0.57%	0.47%
Black-Scholes-Merton fair value per stock option granted	\$ 10.17	\$ 8.54

Expected volatility is based on the historical volatility of the Company's stock. The Company used historical exercise data to estimate the stock options' expected term, which represents the period of time that the stock options granted are expected to be outstanding. Management anticipates that the future stock option holding periods will be similar to the historical stock option holding periods. The risk-free interest rate for periods within the contractual life of the stock option is based on the U.S. Treasury yield curve at the time of grant. Compensation expense recognized for all share-based awards is net of estimated forfeitures. The Company's estimated forfeiture rates are based on its historical experience.

Total share-based compensation expense was as follows:

The aggregate intrinsic value of stock options exercised during the nine months ended September 30, 2013 was \$31.5 million. The total fair value of stock options vested during the nine months ended September 30, 2013 was \$8.2 million. As of September 30, 2013, there was approximately \$17.8 million of expected future pre-tax compensation expense related to the 2.9 million nonvested stock options outstanding, which is expected to be recognized over a weighted average period of less than two years.

Restricted stock grants are subject to accelerated vesting due to certain events, including doubling of the grant price of the Company's common stock as of the close of business during any five consecutive trading days. On January 25, 2013, 488,235 shares of restricted stock, which were granted on April 29, 2010, and 26,298 shares of restricted stock, which were granted on July 29, 2010, vested under this accelerated vesting provision. The pre-tax charge to income due to the accelerated vesting of these shares was \$2.7 million (\$1.9 million net after-tax charge) for the nine months ended September 30, 2013.

The following is a summary of the Company's nonvested restricted stock activity and related information:

For the nine months ended September 30, 2013 and 2012, contributions to the Company's defined benefit pension plans were not significant.

**13. Product Warranties**

The Company provides limited warranties in connection with the sale of its products. The warranty periods for products sold vary widely among the Company's operations, but for the most part do not exceed one year. The Company calculates its warranty expense provision based on past warranty experience and adjustments are made periodically to reflect actual warranty expenses.

Changes in the accrued product warranty obligation were as follows:

**14. Contingencies***Asbestos Litigation*

The Company (including its subsidiaries) has been named as a defendant, along with many other companies, in a number of asbestos-related lawsuits. Many of these lawsuits either relate to businesses which were acquired by the Company and do not involve products which were manufactured or sold by the Company or relate to previously owned businesses of the Company which are under new ownership. In connection with many of these lawsuits, the sellers or new owners of such businesses, as the case may be, have agreed to indemnify the Company against these claims (the Indemnified Claims). The Indemnified Claims have been tendered to, and are being defended by, such sellers and new owners. These sellers and new owners have met their obligations, in all respects, and the Company does not have any reason to believe such parties would fail to fulfill their obligations in the future; however, one of these companies filed for bankruptcy liquidation in 2007. To date, no judgments have been rendered against the Company as a result of any asbestos-related lawsuit. The Company believes it has strong defenses to the claims being asserted and intends to continue to vigorously defend itself in these matters.

*Environmental Matters*

Certain historic processes in the manufacture of products have resulted in environmentally hazardous waste by-products as defined by federal and state laws and regulations. At September 30, 2013, the Company is named a Potentially Responsible Party ( PRP ) at 14 non-AMETEK-owned former waste disposal or treatment sites (the non-owned sites). The Company is identified as a de minimis party in 13 of these sites based on the low volume of waste attributed to the Company relative to the amounts attributed to other named PRPs. In nine of these sites, the Company has reached a tentative agreement on the cost of the de minimis settlement to satisfy its obligation and is awaiting executed agreements. The tentatively agreed-to settlement amounts are fully reserved. In the other four sites, the Company is continuing to investigate the accuracy of the alleged volume attributed to the Company as estimated by the parties primarily responsible for remedial activity at the sites to establish an appropriate settlement amount. At the remaining site where the Company is a non-de minimis PRP, the Company is participating in the investigation and/or related required remediation as part of a PRP Group and reserves have been established sufficient to satisfy the Company's expected obligations. The Company historically has resolved these issues within established reserve levels and reasonably expects this result will continue. In addition to these non-owned sites, the Company has an ongoing practice of providing reserves for probable remediation activities at certain of its current or previously owned manufacturing locations (the owned sites). For claims and proceedings against the Company with respect to other environmental matters, reserves are established once the Company has determined that a loss is probable and estimable. This estimate is refined as the Company moves through the various stages of investigation, risk assessment, feasibility study and corrective action processes. In certain instances, the Company has developed a range of estimates for such costs and has recorded a liability based on the low end of the range. It is reasonably possible that the actual cost of remediation of the individual sites could vary from the current estimates and the amounts accrued in the consolidated financial statements; however, the amounts of such variances are not expected to result in a material change to the consolidated financial statements. In estimating the Company's liability for remediation, the Company also considers the likely proportionate share of the anticipated remediation expense and the ability of the other PRPs to fulfill their obligations.

Total environmental reserves at September 30, 2013 and December 31, 2012 were \$21.5 million and \$23.6 million, respectively, for both non-owned and owned sites. For the nine months ended September 30, 2013, the Company recorded \$0.8 million in reserves. Additionally, the Company spent \$2.9 million on environmental matters for the nine months ended September 30, 2013. The Company's reserves for environmental liabilities at September 30, 2013 and December 31, 2012 include reserves of \$13.4 million and \$14.7 million, respectively, for an owned site acquired in connection with the 2005 acquisition of HCC Industries ( HCC ). The Company is the designated performing party for the performance of remedial activities for one of several operating units making up a Superfund site in the San Gabriel Valley of California. The Company has obtained indemnifications and other financial assurances from the former owners of HCC related to the costs of the required remedial activities. At September 30, 2013, the Company had \$11.2 million in receivables related to HCC for probable recoveries from third-party escrow funds and other committed third-party funds to support the required remediation. Also, the Company is indemnified by HCC's former owners for approximately \$19.0 million of additional costs.

(Unaudited)

The Company has agreements with other former owners of certain of its acquired businesses, as well as new owners of previously owned businesses. Under certain of the agreements, the former or new owners retained, or assumed and agreed to indemnify the Company against, certain environmental and other liabilities under certain circumstances. The Company and some of these other parties also carry insurance coverage for some environmental matters. To date, these parties have met their obligations in all material respects.

The Company believes it has established reserves which are sufficient to perform all known responsibilities under existing claims and consent orders. The Company has no reason to believe that other third parties would fail to perform their obligations in the future. In the opinion of management, based upon presently available information and past experience related to such matters, an adequate provision for probable costs has been made and the ultimate cost resulting from these actions is not expected to materially affect the consolidated results of operations, financial position or cash flows of the Company.

**15. Reportable Segments**

The Company has two reportable segments, Electronic Instruments Group ( EIG ) and Electromechanical Group ( EMG ). The Company identifies its operating segments for segment reporting purposes primarily on the basis of product type, production processes, distribution methods and management organizations.

At September 30, 2013, there were no significant changes in identifiable assets of reportable segments from the amounts disclosed at December 31, 2012, other than those described in the acquisitions footnote (Note 8), nor were there any significant changes in the basis of segmentation or in the measurement of segment operating results. Operating information relating to the Company's reportable segments for the three and nine months ended September 30, 2013 and 2012 can be found in the table included in Part I, Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations of this Quarterly Report on Form 10-Q.

**Results of operations for the third quarter of 2013 compared with the third quarter of 2012**

For the quarter ended September 30, 2013, the Company established records for sales and operating income. The Company achieved these results primarily through contributions from the acquisitions of Controls Southeast ( CSI ) in August 2013 and Micro-Poise Measurement Systems ( Micro-Poise ) in October 2012, as well as our Operational Excellence initiatives. Also, in the third quarter of 2013, the Company recognized an \$11.6 million gain on the sale of a facility that was largely offset by incremental growth investments in the businesses and higher acquisition-related expenses. The full year impact of the 2013 and 2012 acquisitions and our continued focus on and implementation of Operational Excellence initiatives are expected to have a positive impact on the remainder of our 2013 results.

Net sales for the third quarter of 2013 were \$890.0 million, an increase of \$50.6 million or 6.0%, compared with net sales of \$839.4 million for the third quarter of 2012. The increase in net sales for the third quarter of 2013 was attributable to the impact of the acquisitions mentioned above and internal sales growth of approximately 1%. Foreign currency translation was flat quarter over quarter.

Total international sales for the third quarter of 2013 were \$482.2 million or 54.2% of net sales, an increase of \$44.4 million or 10.1%, compared with international sales of \$437.8 million or 52.2% of net sales for the third quarter of 2012. The \$44.4 million increase in international sales resulted primarily from the recent acquisitions noted above, and includes the effect of foreign currency translation. Both reportable segments of the Company maintain strong international sales presences in Europe and Asia.

## Edgar Filing: AMETEK INC/ - Form 10-Q

New orders for the third quarter of 2013 were \$937.1 million, an increase of \$136.9 million or 17.1%, compared with \$800.2 million for the third quarter of 2012. For the third quarter of 2013, internal order growth was approximately 7%, excluding a 2% favorable effect of foreign currency translation, driven by the differentiated businesses of both Electronic Instruments Group ( EIG ) and Electromechanical Group s ( EMG ), with 2013 and 2012 acquisitions accounting for the remainder of the increase. As a result, the Company s backlog of unfilled orders was a record at September 30, 2013 of \$1,170.5 million, an increase of \$58.2 million or 5.2%, compared with \$1,112.3 million at December 31, 2012.

**Results of Operations (continued)**

Segment operating income for the third quarter of 2013 was \$216.4 million, an increase of \$17.5 million or 8.8%, compared with segment operating income of \$198.9 million for the third quarter of 2012. Segment operating income, as a percentage of net sales, increased to 24.3% for the third quarter of 2013, compared with 23.7% for the third quarter of 2012. The increase in segment operating income and segment operating margins resulted primarily from an \$11.6 million gain on the sale of a facility that was partially offset by incremental growth investments in the businesses.

Selling, general and administrative ( SG&A ) expenses for the third quarter of 2013 were \$99.0 million, an increase of \$3.0 million or 3.1%, compared with \$96.0 million for the third quarter of 2012. As a percentage of net sales, SG&A expenses were 11.1% for the third quarter of 2013, compared with 11.4% for the third quarter of 2012. Selling expenses increased \$2.0 million or 2.3% for the third quarter of 2013 primarily driven by the increase in net sales noted above. Selling expenses, as a percentage of net sales, decreased to 9.8% for the third quarter of 2013, compared with 10.2% for the third quarter of 2012. Base business selling expenses decreased approximately 1% for the third quarter of 2013, primarily due to cost containment initiatives.

Corporate administrative expenses for the third quarter of 2013 were \$11.6 million, an increase of \$0.9 million or 8.4%, compared with \$10.7 million for the third quarter of 2012. As a percentage of net sales, corporate administrative expenses were 1.3% for both the third quarter of 2013 and 2012.

Consolidated operating income was \$204.7 million or 23.0% of net sales for the third quarter of 2013, an increase of \$16.5 million or 8.8%, compared with \$188.2 million or 22.4% of net sales for the third quarter of 2012.

Other expenses, net were \$6.3 million for the third quarter of 2013, an increase of \$2.8 million, compared with \$3.5 million for the third quarter of 2012. The increase was primarily driven by higher acquisition-related expenses.

The effective tax rate for the third quarter of 2013 was 29.0%, compared with 30.4% for the third quarter of 2012. The effective tax rate for the third quarter of 2013 reflects the higher proportion of foreign earnings, which are taxed at lower rates. The effective tax rate for 2013 and 2012 includes the impact of the ongoing benefits obtained from international tax planning initiatives including benefits from foreign tax credits.

Net income for the third quarter of 2013 was \$127.9 million, an increase of \$12.5 million or 10.8%, compared with \$115.4 million for the third quarter of 2012. Diluted earnings per share for the third quarter of 2013 were \$0.52, an increase of \$0.05 or 10.6%, compared with \$0.47 per diluted share for the third quarter of 2012.

**Table of Contents**

**Results of Operations (continued)**

***Segment Results***

**EIG** s net sales totaled \$499.8 million for the third quarter of 2013, an increase of \$42.7 million or 9.3%, compared with \$457.1 million for the third quarter of 2012. The net sales increase was driven by the acquisitions of CSI and Micro-Poise and internal sales growth of approximately 1%. Foreign currency translation was flat quarter over quarter.

EIG s operating income was \$138.9 million for the third quarter of 2013, an increase of \$17.3 million or 14.2%, compared with \$121.6 million for the third quarter of 2012. EIG s operating margins were 27.8% of net sales for the third quarter of 2013, compared with 26.6% of net sales for the third quarter of 2012. EIG s increase in operating margins was primarily due to a \$11.6 million gain on the sale of a facility, partially offset by incremental growth investments in the businesses.

**EMG** s net sales totaled \$390.2 million for the third quarter of 2013, an increase of \$7.9 million or 2.1%, compared with \$382.3 million for the third quarter of 2012. The net sales increase was due to internal sales growth of approximately 1% driven by EMG s floorcare and specialty motors businesses and a favorable 1% effect of foreign currency translation.

EMG s operating income was \$77.5 million for the third quarter of 2013, essentially flat compared with \$77.3 million for the third quarter of 2012. EMG s operating margins were 19.9% of net sales for the third quarter of 2013, compared with 20.2% of net sales for the third quarter of 2012 as strength in EMG s floorcare and specialty motors businesses was offset by weaker performance in EMG s differentiated businesses.

**Table of Contents****Results of Operations (continued)***Results of operations for the first nine months of 2013 compared with the first nine months of 2012*

Net sales for the first nine months of 2013 were \$2,651.7 million, an increase of \$159.3 million or 6.4%, compared with net sales of \$2,492.4 million for the first nine months of 2012. The increase in net sales for the first nine months of 2013 was attributable to the impact of the acquisitions of CSI in August 2013, Micro-Poise in October 2012 and Dunkermotoren GmbH in May 2012. Internal sales growth and foreign currency translation were flat period over period.

Total international sales for the first nine months of 2013 were \$1,441.4 million or 54.4% of net sales, an increase of \$174.8 million or 13.8%, compared with international sales of \$1,266.6 million or 50.8% of net sales for the first nine months of 2012. The \$174.8 million increase in international sales resulted primarily from the acquisitions of Dunkermotoren and Micro-Poise, and includes the effect of foreign currency translation. Both reportable segments of the Company maintain strong international sales presences in Europe and Asia.

New orders for the first nine months of 2013 were \$2,710.0 million, an increase of \$130.6 million or 5.1%, compared with \$2,579.4 million for the first nine months of 2012. The increase in orders was primarily attributable to 2013 and 2012 acquisitions and internal order growth of approximately 1%. As a result, the Company's backlog of unfilled orders was a record at September 30, 2013 of \$1,170.5 million, an increase of \$58.2 million or 5.2%, compared with \$1,112.3 million at December 31, 2012.

Segment operating income for the first nine months of 2013 was \$639.1 million, an increase of \$49.9 million or 8.5%, compared with segment operating income of \$589.2 million for the first nine months of 2012. The increase in segment operating income resulted primarily from the acquisitions mentioned above, as well as the benefits of the Company's lower cost structure through Operational Excellence initiatives. Segment operating income, as a percentage of net sales, increased to 24.1% for the first nine months of 2013, compared with 23.6% for the first nine months of 2012. The increase in segment operating margins resulted primarily from the benefits of the Company's lower cost structure through Operational Excellence initiatives.

SG&A expenses for the first nine months of 2013 were \$291.5 million, an increase of \$4.8 million or 1.7%, compared with \$286.7 million for the first nine months of 2012. As a percentage of net sales, SG&A expenses were 11.0% for the first nine months of 2013, compared with 11.5% for the first nine months of 2012. Selling expenses increased \$3.5 million or 1.4% for the first nine months of 2013 primarily driven by the increase in net sales noted above. Selling expenses, as a percentage of net sales, decreased to 9.7% for the first nine months of 2013, compared with 10.2% for the first nine months of 2012. Base business selling expenses decreased approximately 4% for the first nine months of 2013, primarily due to cost containment initiatives.

Corporate administrative expenses for the first nine months of 2013 were \$34.3 million, an increase of \$1.2 million or 3.6%, compared with \$33.1 million for the first nine months of 2012. As a percentage of net sales, corporate administrative expenses were 1.3% for both the first nine months of 2013 and 2012.

Consolidated operating income was \$604.5 million or 22.8% of net sales for the first nine months of 2013, an increase of \$48.6 million or 8.7%, compared with \$555.9 million or 22.3% of net sales for the first nine months of 2012.

Interest expense was \$54.7 million for the first nine months of 2013, a decrease of \$1.9 million or 3.4%, compared with \$56.6 million for the first nine months of 2012. The decrease was due to lower borrowings under revolving credit facilities.

Other expenses, net were \$11.5 million for the first nine months of 2013, an increase of \$3.9 million, compared with \$7.6 million for the first nine months of 2012. The increase was primarily driven by higher acquisition-related expenses.

### **Results of Operations (continued)**

The effective tax rate for the first nine months of 2013 was 29.2%, compared with 31.0% for the first nine months of 2012. The effective tax rate for 2013 included the impact of the retroactive extension of the U.S. research and development tax credit, as well as reflects the higher proportion of foreign earnings, which are taxed at lower rates. The effective tax rate for 2013 and 2012 includes the impact of the ongoing benefits obtained from international tax planning initiatives including benefits from foreign tax credits.

Net income for the first nine months of 2013 was \$381.3 million, an increase of \$42.1 million or 12.4%, compared with \$339.2 million for the first nine months of 2012. Diluted earnings per share for the first nine months of 2013 were \$1.55, an increase of \$0.16 or 11.5%, compared with \$1.39 per diluted share for the first nine months of 2012.

### ***Segment Results***

**EIG** s net sales totaled \$1,467.7 million for the first nine months of 2013, an increase of \$89.7 million or 6.5%, compared with \$1,378.0 million for the first nine months of 2012. The net sales increase was driven by the acquisitions of CSI and Micro-Poise. Internal sales growth and foreign currency translation were flat period over period.

EIG s operating income was \$400.3 million for the first nine months of 2013, an increase of \$38.0 million or 10.5%, compared with \$362.3 million for the first nine months of 2012. EIG s operating margins were 27.3% of net sales for the first nine months of 2013, compared with 26.3% of net sales for the first nine months of 2012. EIG s increase in operating margins was primarily due to a third quarter of 2013 \$11.6 million gain on the sale of a facility, partially offset by incremental growth investments in the businesses recorded in the third quarter of 2013.

**EMG** s net sales totaled \$1,184.0 million for the first nine months of 2013, an increase of \$69.6 million or 6.2%, compared with \$1,114.4 million for the first nine months of 2012. The net sales increase was driven by the acquisition of Dunkermotoren. Internal sales growth and foreign currency translation were flat period over period.

EMG s operating income was \$238.9 million for the first nine months of 2013, an increase of \$11.9 million or 5.2%, compared with \$227.0 million for the first nine months of 2012. EMG s increase in operating income was primarily due to higher sales mentioned above. EMG s operating margins were 20.2% of net sales for the first nine months of 2013, compared with 20.4% of net sales for the first nine months of 2012. EMG s decrease in operating margins was driven by weaker performance in its differentiated businesses, including the impact of the Dunkermotoren acquisition, which has a lower operating margin than the Group s base businesses.

**Table of Contents****Financial Condition*****Liquidity and Capital Resources***

Cash provided by operating activities totaled \$451.1 million for the first nine months of 2013, an increase of \$31.9 million or 7.6%, compared with \$419.2 million for the first nine months of 2012. The increase in cash provided by operating activities was primarily due to the \$42.1 million increase in net income. Free cash flow (cash flow provided by operating activities less capital expenditures) was \$414.0 million for the first nine months of 2013, compared with \$385.9 million for the first nine months of 2012. EBITDA (earnings before interest, income taxes, depreciation and amortization) was \$679.5 million for the first nine months of 2013, compared with \$625.7 million for the first nine months of 2012. Free cash flow and EBITDA are presented because the Company is aware that they are measures used by third parties in evaluating the Company.

Cash used for investing activities totaled \$183.5 million for the first nine months of 2013, compared with \$530.4 million for the first nine months of 2012. For the first nine months of 2013, the Company paid \$164.0 million, net of cash acquired, to acquire CSI in August 2013. For the first nine months of 2012, the Company paid \$497.8 million, net of cash acquired, to acquire O'Brien Corporation in January 2012 and Dunkermotoren in May 2012. For the first nine months of 2013, the Company received \$12.8 million for the sale of a facility. Additions to property, plant and equipment totaled \$37.1 million for the first nine months of 2013, compared with \$33.3 million for the first nine months of 2012.

Cash used for financing activities totaled \$174.7 million for the first nine months of 2013, compared with \$101.4 million of cash provided by financing activities for the first nine months of 2012. The change in financing cash flow was primarily the result of the net total borrowings decrease of \$154.8 million for the first nine months of 2013, compared with a net total borrowings increase of \$100.8 million for the first nine months of 2012. For the first nine months of 2013, the Company repurchased 206,138 shares of the Company's common stock for \$8.5 million, compared with \$3.9 million used for repurchases of 120,430 shares for the first nine months of 2012. At September 30, 2013, \$92.4 million was available under the Board authorization for future share repurchases.

At September 30, 2013, total debt outstanding was \$1,300.1 million, compared with \$1,453.8 million at December 31, 2012, with no significant maturities until 2015. The debt-to-capital ratio was 30.7% at September 30, 2013, compared with 36.4% at December 31, 2012. The net debt-to-capital ratio (total debt less cash and cash equivalents divided by the sum of net debt and stockholders' equity) was 26.3% at September 30, 2013, compared with 33.8% at December 31, 2012. The net debt-to-capital ratio is presented because the Company is aware that this measure is used by third parties in evaluating the Company.

As a result of all of the Company's cash flow activities for the first nine months of 2013, cash and cash equivalents at September 30, 2013 totaled \$254.9 million, compared with \$158.0 million at December 31, 2012. At September 30, 2013, the Company had \$241.7 million in cash outside the United States, compared with \$150.6 million at December 31, 2012. The Company utilizes this cash to operate its international operations, as well as acquire international businesses. In October 2013, the Company acquired a Canadian company, Creaform, Inc., for approximately 125 million Canadian dollars (approximately \$120 million). The Company is in compliance with all covenants, including financial covenants, for all of its debt agreements. The Company believes it has sufficient cash-generating capabilities from domestic and unrestricted foreign sources, available credit facilities and access to long-term capital funds to enable it to meet its operating needs and contractual obligations in the foreseeable future.

**Forward-Looking Information**

Information contained in this discussion, other than historical information, is considered forward-looking statements and is subject to various factors and uncertainties that may cause actual results to differ significantly from expectations. These factors and uncertainties include general economic conditions affecting the industries the Company serves; changes in the competitive environment or the effects of competition in the Company's markets; risks associated with international sales and operations; the Company's ability to consummate and successfully integrate future acquisitions; the Company's ability to successfully develop new products, open new facilities or transfer product lines; the price and availability of raw materials; compliance with government regulations, including environmental regulations; and the ability to maintain adequate liquidity and financing sources. A detailed discussion of these and other factors that may affect the Company's future results is contained in AMETEK's filings with the Securities and Exchange Commission, including its most recent reports on Form 10-K, 10-Q and 8-K. AMETEK disclaims any intention or obligation to update or revise any forward-looking statements, unless required by the securities laws to do so.

**Item 4. Controls and Procedures**

The Company maintains a system of disclosure controls and procedures that is designed to provide reasonable assurance that information, which is required to be disclosed, is accumulated and communicated to management in a timely manner. Under the supervision and with the participation of our management, including the Company's principal executive officer and principal financial officer, we have evaluated the effectiveness of our system of disclosure controls and procedures as required by Exchange Act Rule 13a-15(b) as of September 30, 2013. Based on that evaluation, the Company's principal executive officer and principal financial officer concluded that the Company's disclosure controls and procedures are effective at the reasonable assurance level.

Such evaluation did not identify any change in the Company's internal control over financial reporting during the quarter ended September 30, 2013 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.
