There is no minimum requirement in order to establish a quorum at the Annual Meeting for the transaction of business.

HOW MANY VOTES DO I HAVE?

Shareholders holding shares of our common stock at the close of business on April 8, 2014 are entitled to one vote at our Annual Meeting for each share of our common stock held by them. As of February 28, 2014, we had 379,045,472 shares of common stock outstanding.

GENERAL INFORMATION

HOW ARE VOTES COUNTED?

Abstentions: Votes may be cast in favor of or against or you may abstain from voting. If you intend to abstain from voting for any director nominee or proposal, you will need to check the abstention box for such director nominee or proposal, in which case your vote will not have any effect on the outcome of the election of such director nominee or on the outcome of such proposal.

Broker Non-Votes: Broker non-votes occur when shares held by a bank, broker or other nominee are not voted with respect to a proposal because (1) the bank, broker or other nominee has not received voting instructions from the shareholder who beneficially owns the shares and (2) the bank, broker or other nominee lacks the authority to vote the shares at its/his/her discretion.

Abstentions and broker non-votes will not affect the voting results.

If you just sign and submit your proxy card without voting instructions, your shares will be voted FOR each director nominee listed herein (Proposal No. 3) and FOR Proposal Nos. 1, 2, 4, 5, 6, 7, 8 and 9, as recommended by the Board of Directors, and in accordance with the discretion of the holders of the proxy with respect to any other matters that may be voted on, in each case as indicated on the proxy card.

WHO WILL COUNT THE VOTES?

Representatives of Broadridge Financial Solutions, Inc. (the Inspectors of Election) will tabulate the votes and act as inspectors of election.

HOW DOES THE BOARD RECOMMEND THAT I VOTE?

Our Board of Directors recommends that you vote your shares:

FOR the adoption of our Dutch statutory annual accounts for the year ended December 31, 2013, and the authorization of the preparation of our Dutch statutory annual accounts and the annual report of the Board of Directors required by Dutch law, both for the year ending December 31, 2014, in the English language;

FOR the discharge of the members of the Board from liability pursuant to Dutch law in respect of the exercise of their duties during the year ended December 31, 2013;

FOR each of the nominees for Directors of the Board set forth in this Proxy Statement;

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2014;

FOR the appointment of Ernst & Young Accountants LLP as our auditor who will audit our Dutch statutory annual accounts for the year ending December 31, 2014;

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

FOR the approval of the Nielsen Holdings Executive Annual Incentive Plan;

FOR the approval of the extension of the authority of the Board of Directors to repurchase up to 10% of our issued share capital (including depositary receipts issued for our shares) until November 6, 2015 on the open market, through privately negotiated transactions or in one or more self tender offers for a price per share (or depositary receipt) not less than the nominal value of a share and not higher than 110% of the most recently available (as of the time of repurchase) price of a share (or depositary receipt) on any securities exchange where our shares (or depositary receipts) are traded;

FOR the approval of the amendment to the articles of association to change the Company name to Nielsen N.V.; and

FOR the approval of the compensation of our named executive officers as disclosed in this Proxy Statement pursuant to SEC rules.

GENERAL INFORMATION

HOW DO I VOTE MY SHARES WITHOUT ATTENDING THE ANNUAL MEETING?

If you are a shareholder of record on April 8, 2014, you may vote by granting a proxy:

By Internet: If you have Internet access, you may submit your proxy by going to www.proxyvote.com and by following the instructions on how to complete an electronic proxy card. You will need the 12-digit Control Number included on your proxy card in order to vote by Internet.

By Telephone: If you have access to a touch-tone telephone, you may submit your proxy by dialing 1-800-690-6903 and by following the recorded instructions. You will need the 12-digit Control Number included on your proxy card in order to vote by telephone.

By Mail: By completing, signing and dating the enclosed proxy card where indicated and by mailing or otherwise returning the proxy card in the envelope provided to you. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as guardian, executor, trustee, custodian, attorney or officer of a corporation), indicate your name and title or capacity.

For shares held in street name, you may vote by submitting voting instructions to your bank, broker or other nominee.

Internet and telephone voting facilities will close at 11:59 p.m. (Eastern Time) on May 5, 2014 for the voting of shares held by shareholders of record or held in street name and 11:59 p.m. (Eastern Time) on May 1, 2014 for the voting of shares held through Nielsen's 401(k) plan.

Mailed proxy cards with respect to shares held of record or in street name must be received no later than May 5, 2014. Mailed proxy cards with respect to shares held through Nielsen's 401(k) plan must be received no later than May 1, 2013.

MAY I VOTE AT THE ANNUAL MEETING RATHER THAN BY PROXY?

Although we encourage you to vote through the Internet or the telephone or to complete and return a proxy card prior to the Annual Meeting to ensure that your vote is counted, you can attend the Annual Meeting and vote your shares online or by submitting your proxy in person in Amsterdam. If you vote by proxy and also attend the Annual Meeting, there is no need to vote again at the Annual Meeting unless you wish to change your vote.

All holders of common stock as of April 8, 2014, including shareholders of record and shareholders who hold their shares through banks, brokers, other nominees or any other holders of record as of April 8, 2014, are encouraged to attend the Annual Meeting online. You will need your 12-digit control number included on your proxy card in order to be able to enter the Annual Meeting online. If you plan to vote in person in Amsterdam, **please bring the admission ticket included with your proxy card and photo identification.** If your shares are held in the name of a bank, broker or other nominee, please also bring with you a letter (and a legal proxy if you wish to vote your shares) from the bank, broker or other nominee confirming your ownership as of the record date, which is April 8, 2014. Failure to bring such a letter may delay your ability to attend or prevent you from attending the meeting in Amsterdam in person.

Shares held through Nielsen's 401(k) plan cannot be voted in person or online at the Annual Meeting.

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE SET OF PROXY MATERIALS ON OR ABOUT THE SAME TIME?

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

It generally means you hold shares registered in more than one account. To ensure that all your shares are voted, please sign and return each proxy card or, if you vote by Internet or telephone, vote once for each proxy card you receive.

MAY I CHANGE MY VOTE OR REVOKE MY PROXY?

Yes. Whether you have voted by Internet, telephone or mail, if you are a shareholder of record, you may change your vote and revoke your proxy by:

Voting again by Internet or telephone at a later time before the closing of those voting facilities at 11:59 p.m. (Eastern Time) on May 5, 2014;

Submitting a properly signed proxy card with a later date that is received no later than May 5, 2014;

GENERAL INFORMATION

Sending a written statement to that effect to our Corporate Secretary, provided such statement is received no later than May 5, 2014; or

Attending the Annual Meeting, revoking your proxy and voting online or submitting your vote in person.

If you hold shares through the Nielsen 401(k) plan, you may change your vote and revoke your proxy by any of the first three methods listed above if you do so no later than 11:59 p.m. (Eastern Time) on May 1, 2014. You cannot, however, revoke or change your proxy with respect to shares held through the Nielsen 401(k) plan after that date, and you cannot vote those shares in person at the Annual Meeting.

If you hold shares in street name, you may submit new voting instructions by contacting your bank, broker or other nominee. You may also change your vote or revoke your proxy by attending the Annual Meeting online or by submitting your vote in person, provided that if your shares are held in street name you will need to obtain a proxy, executed in your favor, from the shareholder of record (bank, broker or other nominee) to be able to submit your vote in person.

We will honor the proxy with the latest date. However, no revocation will be effective unless we receive notice of such revocation at or prior to the Annual Meeting. For those shareholders who submit a proxy electronically or by telephone, the date on which the proxy is submitted in accordance with the instructions listed on the proxy card is the date of the proxy.

COULD OTHER MATTERS BE DECIDED AT THE ANNUAL MEETING?

At the date this Proxy Statement went to press, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement.

If other matters are properly presented at the Annual Meeting for consideration and you are a shareholder of record and have submitted a proxy card, the persons named in your proxy card will have the discretion to vote on those matters for you.

WHO WILL PAY FOR THE COST OF THIS PROXY SOLICITATION?

We will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees (for no additional compensation) in person or by telephone, internet and facsimile transmission. In addition, we have hired D.F. King & Co., Inc. to assist in soliciting proxies. We expect to pay approximately \$10,000 plus reasonable out-of-pocket expenses for these services.

IS MY VOTE CONFIDENTIAL?

The Board of Directors and Certain Governance Matters

Effective May 17, 2013, we ceased to be a controlled company within the meaning of the corporate governance rules of the New York Stock Exchange. In accordance with these rules, a majority of our Board of Directors consist of independent directors. Our Audit Committee consists solely of independent directors and a majority of members on the Compensation Committee and the Nomination and Corporate Governance Committee are independent. The latter two committees will be fully independent by May 17, 2014 in accordance with applicable NYSE rules.

On August 14, 2013, the Company entered into agreements with affiliates of The Blackstone Group, The Carlyle Group, Kohlberg Kravis Roberts & Co. and Thomas H. Lee Partners (each such affiliate, a Shareholder) each of which provides such Shareholder with the right to nominate one director (a Sponsor Director) to Nielsen s Board of Directors if such Shareholder holds, directly or indirectly, at least 3% of Nielsen s voting power. These agreements were entered into in consideration for the termination of the shareholders agreement to which Nielsen and the Shareholders (among others) were parties. See Certain Relationships and Related Party Transactions Shareholders Agreement and Termination Agreement. As described more fully below, Mr. Attwood, Managing Director of The Carlyle Group, is an independent director within the meaning of the NYSE listing rules and under our Corporate Governance Guidelines.

The members of our Board of Directors may be suspended or dismissed at any time at the general meeting of shareholders. If a resolution to suspend or dismiss a director is proposed by the Board, such resolution may be adopted by a majority of the votes validly cast. If no such proposal is made by the Board, then a director may be suspended or dismissed by the general meeting by at least a two-thirds majority of the votes cast, provided such majority represents more than half of our issued share capital.

Our Chief Executive Officer is expected to be responsible for the day-to-day management of the Company. Our directors are expected to supervise our Chief Executive Officer and our general affairs and to provide general advice to the Chief Executive Officer. The directors perform those acts that are delegated to them pursuant to our articles of association or by our board regulations. Mr. Calhoun is the Executive Chairman of the Board. He was appointed Executive Chairman in connection with his departure as the Company s Chief Executive Officer effective January 1, 2014. He serves as the representative of The Blackstone Group under the agreement described above.

Each director owes a duty to us to properly perform the duties assigned to him or her and to act in the corporate interest of our Company. Under Dutch law, the corporate interest extends to the interests of all corporate stakeholders, such as shareholders, creditors, employees, customers and suppliers. Our directors are expected to be appointed for one year and will be re-electable each year at the annual general meeting of shareholders.

Our Board of Directors has adopted board regulations governing its performance, its decision making, its composition, the tasks and working procedure of the committees and other matters relating to the Board of Directors, the Chief Executive Officer, the directors and the committees established by the Board of Directors. In accordance with our board regulations, resolutions of our Board of Directors will be adopted by a simple majority of votes cast in a meeting at which at least the majority of its members is present or represented.

DIRECTOR INDEPENDENCE AND INDEPENDENCE DETERMINATIONS

The Board of Directors must make an affirmative determination at least annually as to the independence of each director. A director is not independent unless the Board affirmatively determines that he or she does not have a direct or indirect material relationship with the Company or any of its subsidiaries. Heightened independence standards apply to members of the Audit Committee and Compensation Committee.

The NYSE independence definition includes a series of objective tests, such as that the director is not an employee of the Company and has not engaged in various types of business dealings with the Company. The Board is also responsible for determining affirmatively, as to each independent director, that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these

THE BOARD OF DIRECTORS AND CERTAIN GOVERNANCE MATTERS

determinations, the Board will broadly consider all relevant facts and circumstances, including information provided by the directors and the Company with regard to each director's business and personal activities as they may relate to the Company and the Company's management. As the concern is independence from management, the Board does not view ownership of even a significant amount of stock, by itself, as a bar to an independence finding.

The categorical standards set forth in our Corporate Governance Guidelines are intended to assist the Board of Directors in determining whether or not certain relationships between our directors and us, either directly or as a partner, shareholder or officer of an organization that has a relationship with us, are material relationships for purposes of the NYSE independence standards. The categorical standards establish thresholds at which such relationships are deemed to be material.

The Board of Directors undertook its annual review of director independence. At the time of our IPO in January 2011, The Blackstone Group, The Carlyle Group, Kohlberg Kravis Roberts & Co., Thomas H. Lee Partners and Centerview Partners, each of whom has representatives on our Board, received fees in connection with the termination of an advisory services agreement. Messrs. Kilts (from Centerview), Navab (from Kohlberg Kravis Roberts & Co.) and Rao (from Thomas H. Lee Partners) will not be deemed independent under applicable NYSE rules until at least January 1, 2015 because the amount of these termination fees paid to each of their firms exceeded 2% of each firm's annual revenue in 2011. The termination fees paid to The Blackstone Group and The Carlyle Group were less than 1% of their respective consolidated gross revenues in 2011. However, Mr. Calhoun (from The Blackstone Group) remains non-independent because he was Nielsen's CEO until December 31, 2013.

As a result of the independence review, the Board of Directors affirmatively determined that each of Messrs. Attwood, Pozen, Ranadivé and Teruel and Ms. Hoguet is independent for board service for purposes of Section 303A.02 of the NYSE listing rules and under our Corporate Governance Guidelines. In addition, the Board of Directors affirmatively determined that each of Messrs. Pozen and Teruel and Ms. Hoguet is independent for purposes of Rule 10A-3(b)(i) of the Exchange Act of 1934 (the Exchange Act) and that each of Messrs. Attwood and Teruel and Ms. Hoguet is independent for purposes of the NYSE listing rules applicable to Compensation Committees. In making such determinations, the Board of Directors considered, among other facts and circumstances, (1) our payment of the termination fee in 2011 to The Carlyle Group, of which Mr. Attwood is a Managing Director, and (2) our payments to TIBCO, of which Mr. Ranadivé is the Chief Executive Officer, Chairman of the Board of Directors and a significant shareholder. In each case, our payments were below the thresholds set forth under the NYSE listing rules and the Company's categorical standards of director independence. Moreover, the payments to Carlyle were below 1% of its consolidated gross revenues in 2011 and the payments to TIBCO were below 1% of its consolidated gross revenues in 2013.

LEADERSHIP STRUCTURE

Under our Corporate Governance Guidelines, the Board must select its chairperson from its members in any way it considers in the best interests of the Company. Pursuant to our articles of association, a non-executive director must be appointed as the chairperson of the Board. Effective January 1, 2014, Mr. Calhoun resigned as the Company's Chief Executive Officer and began serving as Executive Chairman of the Company's Board (replacing Mr. Kilts as Chairman who continues as a Board member). Also effective January 1, 2014, Mr. Barns succeeded Mr. Calhoun as the Company's Chief Executive Officer. In connection with his departure as Chief Executive Officer and his appointment as Executive Chairman, Mr. Calhoun entered into a Transition Agreement reflecting his change in status and under which he has agreed to devote between 15% and 20% of his business time through December 31, 2015 (or such earlier date as the Board decides to end such services) to provide guidance and advice to Mr. Barns with respect to all aspects of his duties and responsibilities as the new Chief Executive Officer. Our Board believes this arrangement provides for an appropriate transition of the Chief Executive Officer's responsibilities and a continuation of the strong support and strategic direction the current Board has provided the Company since its initial public offering. Our Board believes our leadership structure best encourages the free and open dialogue of competing views and provides for strong checks and balances. Additionally, Mr. Calhoun's attention to Board matters as Executive Chairman allows Mr. Barns to focus more specifically on overseeing the Company's operations as well as strategic opportunities and planning.

The Compensation Committee may delegate to one or more officers of the Company the authority to make grants and awards of cash or options or other equity securities to any non-Section 16 officer of the Company under the Company's incentive-compensation or other equity-based plans as the Compensation Committee deems appropriate and in accordance with the terms of such plan; provided that such delegation is in compliance with the relevant plan and subject to the laws of the Netherlands and the Company's articles of association.

Our Nomination and Corporate Governance Committee consists of Messrs. Pozen, Attwood, Navab, Ranadive and Rao, with Mr. Pozen serving as Chairman. The Board of Directors has determined that Messrs. DIRECTOR NOMINATION PROCESS

The Board of Directors seeks to ensure that the Board is composed of members whose particular experience, qualifications, attributes and skills, when taken together, will allow the Board to satisfy its oversight responsibilities effectively. More specifically, in identifying candidates for membership on the Board, the Nomination and Corporate Governance Committee takes into account (1) threshold individual qualifications, such as strength of character, mature judgment and industry knowledge or experience and (2) all other factors it considers appropriate, including alignment with our shareholders and contractual obligations we have with certain shareholders (as described above). In addition, the Board maintains a formal diversity policy governing the nomination of its members as described below.

When determining whether our current directors have the experience, qualifications, attributes and skills, taken as a whole, to enable our board to satisfy its oversight responsibilities effectively in light of our business and structure, our Board focused primarily on our directors' valuable contributions to our success in recent years and on the information discussed in the biographies set forth under "Proposal No. 3 Election of Directors - Nominees for Election to the Board of Directors." In particular, Mr. Calhoun was selected to serve as a director because of his role as our former Chief Executive Officer, the management perspective he brings to Board deliberations and his extensive management expertise at public companies. Mr. Attwood was selected to serve as a director in light of his affiliation with The Carlyle Group, his financial expertise, his background in the telecommunications and media industries as well as his significant experience in working with companies controlled by private equity sponsors. Ms. Hogue was selected to serve as a director in light of her familiarity with financial reporting, her public-company experience, her experience in the retail industry and her financial and commercial acumen and insight. Mr. Kilts was selected to serve as a

director in light of his experience as a public company chief executive officer, his significant experience in the consumer packaged goods industry and financial expertise. Mr. Navab was selected to serve as a director in light of his affiliation with Kohlberg Kravis Roberts & Co., his financial expertise, his background in the media and

communications industries as well as his significant experience in working with companies controlled by private equity sponsors. Mr. Pozen was selected to serve as a director in light of his familiarity with financial reporting, his experience as a director of other companies, his work in the investment management industry and his financial and commercial acumen and insight. Mr. Ranadivé was selected to serve as a director in light of his significant experience as a public company chief executive officer and in the software business dealing with analytics, integration, the capturing of relevant information in real time and optimizing behavior based on such information. Mr. Rao was selected to serve as a director in light of his affiliation with Thomas H. Lee Partners and his financial expertise as well as his significant experience in working with companies controlled by private equity sponsors. Mr. Teruel was selected to serve as a director in light of his significant experience in the consumer packaged goods industry and his financial and commercial expertise.

In accordance with our articles of association and our Advance Notice Policy, shareholders may request that director nominees submitted by such shareholders be included in the agenda of our annual meeting of shareholders through the process described under Shareholder Proposals for the 2015 Annual Meeting of Shareholders. The Nomination and Corporate Governance Committee will consider director candidates recommended by shareholders. The Board may decide not to place any such proposal on the agenda of a shareholders meeting if the request by the relevant shareholders is, in the given circumstances, unacceptable pursuant to the standards of reasonableness and fairness (which may include circumstances where the Board, acting reasonably, is of the opinion that putting such item on the agenda would be detrimental to a vital interest of the Company).

Diversity Policy

In accordance with the Dutch Corporate Governance Code, the Board of Directors has adopted a set of Board regulations. Among other things, the Board regulations include a policy that the Board shall aim for a diverse composition of directors, to the extent practicable and appropriate under the circumstances, in line with the global nature of the Company and its business, in terms of such factors as nationality, background, gender and age.

The charter of our Nomination and Corporate Governance Committee also requires the Committee to consider age, gender, nationality and ethnic and racial background in nominating directors and to review and make recommendations, as the Nomination and Corporate Governance Committee deems appropriate, regarding the composition and size of the Board of Directors in order to ensure the Board has the requisite expertise and its membership consists of persons with sufficiently diverse and independent backgrounds.

The implementation of these diversity policies rests primarily with the Nomination and Corporate Governance Committee as the body responsible for identifying individuals believed to be qualified as candidates to serve on the Board of Directors and recommending that the Board nominate the candidates for all directorships to be filled by the shareholders at their annual meetings.

As Board seats become available, the Nomination and Corporate Governance Committee, and the Board of Directors as a whole, will have the opportunity to assess the effectiveness of the diversity policy and how, if at all, our implementation of the policy, or the policy itself, should be changed.

COMMUNICATIONS WITH DIRECTORS

Pursuant to our Corporate Governance Guidelines, anyone who would like to communicate with, or otherwise make his or her concerns known directly to, the chairperson of any of the Audit Committee, Nomination and Corporate Governance Committee and Compensation Committee, or to the non-executive or independent directors as a group, may do so by addressing such communications or concerns to the Corporate Secretary, 40 Danbury Road, Wilton, Connecticut 06897, who will forward such communications to the appropriate party. In addition, the Audit Committee is responsible for the compensation, retention and oversight of any such firm, including the resolution of disagreements between management and such firm regarding financial reporting. In exercising this responsibility, the Audit Committee pre-approves all audit and permitted non-audit services provided by the independent registered public accounting firm, except that pre-approval is not necessary for minor non-audit services if: (i) the aggregate amount of all such non-audit services provided to the Company constitutes not more than 5% of the total amount of revenues paid by the Company to its auditor during the year in which the non-audit services are provided; (ii) such services were not recognized by the Company at the time of the engagement to be non-audit services; and (iii) such services are promptly brought to the attention of the Committee and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board of Directors to whom authority to grant such approvals has been delegated by the Committee. All of the services covered under Audit and Non-Audit Fees were pre-approved by the Audit Committee.

The Audit Committee may form and delegate to subcommittees consisting of one or more of its members, when appropriate, the authority to pre-approve services to be provided by the independent auditors so long as the pre-approvals are presented to the full Audit Committee at its next scheduled meeting.

The Board of Directors recommends that shareholders vote FOR the ratification of Ernst & Young LLP as our Independent Registered Public Accounting Firm for the year ending December 31, 2014.
REPORT OF THE AUDIT COMMITTEE

The Audit Committee operates pursuant to a charter which is reviewed annually by the Audit Committee. Additionally, a brief description of the primary responsibilities of the Audit Committee is included in this Proxy Statement under The Board of Directors and Certain Governance Matters Committee Membership Audit Committee.

In the performance of its oversight function, the Audit Committee reviewed and discussed the audited financial statements of the Company with management and with the independent registered public accounting firm. In addition, the Audit Committee received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and discussed with the independent registered public accounting firm their independence.

Based upon the review and discussions described in the preceding paragraph, the Audit Committee recommended to the Board that the audited financial statements of the Company be included in the Annual Report on Form 10-K for the year ended December 31, 2013 filed with the Securities and Exchange Commission.

PROPOSAL NO. 6

Approval of the Nielsen Holdings Executive Annual Incentive Plan

Our Board of Directors, based on the recommendation of the Compensation Committee, has approved the Nielsen Holdings Executive Annual Incentive Plan (the Executive Annual Incentive Plan), subject to approval by our shareholders at the Annual Meeting. We are asking shareholders to approve the Executive Annual Incentive Plan to ensure it complies with Section 162(m) of the Internal Revenue Code.

The Executive Annual Incentive Plan does not make any material changes to the terms of the existing executive incentive plan. That plan was adopted by shareholders prior to but in anticipation of our initial public offering in early 2011 to help ensure the tax deductibility of performance-based annual bonuses paid to executives covered by Section 162(m).

In general, Section 162(m) of the Code denies a tax deduction for amounts paid to the Chief Executive Officer and the three other most highly compensated executive officers (other than the Chief Financial Officer) in excess of \$1 million annually. However, qualified performance-based compensation (including annual bonuses payable under our Executive Incentive Plan) may be deductible if the requirements of Section 162(m) of the Code are met. Among these is the requirement that the plan be periodically disclosed to and approved by shareholders. Without approval we will be unable to take a tax deduction for the annual bonuses we pay to certain of our executive officers.

The following description of the Executive Annual Incentive Plan is not complete and is qualified by reference to the full text attached as Annex A to this proxy statement.

Purpose

The Executive Annual Incentive Plan is an incentive compensation plan that is designed to motivate executives to accomplish short-term business performance goals that contribute to long-term business objectives.

Administration

The Executive Annual Incentive Plan will be administered by the compensation committee of our Board of Directors or such other committee which has been delegated such power (the Committee).

Eligibility; Awards

Awards may be granted to our officers and other key employees in the sole discretion of the Committee.

The Executive Annual Incentive Plan provides for the payment of cash-based incentive awards or, at the discretion of the Committee, in awards under our Amended and Restated 2010 Stock Incentive Plan. In order for performance-based incentive awards to comply with the performance-based compensation exemption under Section 162(m) of the Code, by no later than the end of the first quarter of a given performance period (or the 90th day of the performance period, if sooner), the Committee will establish incentive awards for each individual participant in the Executive Annual Incentive Plan. However, the Committee may, in its sole discretion, grant such awards, if any, to such participants as the Committee may choose, in respect of any given performance period, that are not intended to comply with the performance-based exemption under Section 162(m) of the Code. No participant may receive incentive compensation under the Executive Annual Incentive Plan, in respect of any fiscal year, in excess of \$7,500,000.

Performance Goals

The Committee will establish the performance periods over which the performance objectives will be measured. A performance period may be for a fiscal year or such shorter period, as determined by the Committee. In the case of incentive compensation intended to comply with the performance-based exemption under Section 162(m) of the Code, no later than the last day of the first quarter of a given performance period (or

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

the 90th day of the performance period, if sooner), the Committee will establish the (1) performance objective or objectives that must be satisfied for a participant to receive incentive compensation for such performance period and (2) incentive bonus opportunities for each participant. Performance

PROPOSAL NO. 6 Approval of the Nielsen Holdings Executive Annual Incentive Plan

objective(s) will be based upon one or more of the following criteria, as determined by the Committee: (i) consolidated income before or after taxes (including income before interest, taxes, depreciation and amortization); (ii) EBITDA; (iii) adjusted EBITDA; (iv) operating plan EBITDA; (v) operating income; (vi) net income; (vii) adjusted cash net income; (viii) adjusted cash net income per share; (ix) net income per share; (x) book value per share; (xi) return on members' or shareholders' equity; (xii) expense management; (xiii) return on investment; (xiv) improvements in capital structure; (xv) profitability of an identifiable business unit or product; (xvi) maintenance or improvement of profit margins; (xvii) stock price; (xviii) market share; (xix) revenue or sales; (xx) costs; (xxi) cash flow; (xxii) working capital; (xxiii) multiple of invested capital; (xxiv) total return; and (xxv) such other objective performance criteria as determined by the Committee in its sole discretion, to the extent permitted by Section 162(m) of the Code. The foregoing criteria may relate to us, one or more of our subsidiaries or one or more of our divisions or units, or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more of our peer group companies or indices, or any combination thereof, all as the Committee will determine. The performance measures and objectives established by the Committee may be different for different fiscal years and different objectives may be applicable to different officers and key employees.

As soon as practicable after the applicable performance period ends, the Committee will (A) determine (i) whether and to what extent any of the performance objective(s) established for such performance period have been satisfied and certify to such determination and (ii) the actual incentive compensation to which such participant will be entitled, taking into consideration the extent to which the performance objective(s) have been met and such other factors as the Committee may deem appropriate and (B) cause such incentive compensation to be paid to such participant. The Committee has the right, in its absolute discretion, to reduce or eliminate the amount otherwise payable to any participant under the Executive Annual Incentive Plan and to establish rules or procedures that have the effect of limiting the amount payable to each participant to an amount that is less than the maximum amount otherwise authorized as that participant's incentive compensation opportunity. In addition, to the extent the Committee determines that all or a portion of an award is not intended to comply with the performance-based exemption under Section 162(m) of the Code, the Committee may award a participant more than the maximum amount authorized as that participant's incentive compensation opportunity.

To the extent permitted under Section 162(m) of the Code, if a participant is hired or rehired by us after the beginning of a performance period (or such corresponding period if the performance period is not a fiscal year) for which incentive compensation is payable, such participant may, if determined by the Committee, receive incentive compensation equal to the amount otherwise payable to such participant based upon our actual performance for the applicable performance period prorated for the days of employment during such period or such other amount as the Committee may deem appropriate.

Forfeiture and Clawback

The Committee may, in its sole discretion, but acting in good faith, direct that we recover all or a portion of any bonus payable hereunder upon the occurrence of a breach of noncompetition, confidentiality or other restrictive covenants that may apply to the participant or other restrictive covenants that may apply to the participant, or restatement of our financial statements to reflect adverse results from those previously released financial statements as a consequence of errors, omissions, fraud, or misconduct.

Change in Control

In the event of a change in control, the Committee (as constituted immediately prior to the change in control) will, in its sole discretion, determine whether and to what extent the performance criteria have been met or shall be deemed to have been met for the year in which the change in control occurs and for any completed performance period for which a determination of bonuses has not yet been made.

Termination of Employment

Unless otherwise determined by the Committee, if prior to the date on which bonuses for the applicable performance period become payable for which a participant is eligible to receive incentive compensation, the participant's employment is terminated due to death or disability, then the participant will receive an amount of incentive compensation equal to the incentive compensation otherwise payable to such participant based upon actual Company performance for the applicable performance period, or, if determined by the Committee, based upon the achievement at the target level of the applicable

PROPOSAL NO. 6 Approval of the Nielsen Holdings Executive Annual Incentive Plan

performance objectives, prorated to reflect the portion of the performance period elapsed through the termination date. In the case of any other termination of employment by a participant prior to the end of a performance period, the participant shall not be entitled to payment of incentive compensation for such performance period (unless otherwise determined by the Committee).

Payment of Awards

Payment of any incentive compensation amount is made to participants as soon as is practicable after the Committee certifies that one or more of the applicable performance objectives has been attained or after the Committee determines the amount of such incentive compensation. All payments made will be in accordance with or exempt from the requirements of Section 409A of the Code.

Amendment and Termination of the Plan

Our Board of Directors or the Committee may at any time amend, suspend, discontinue or terminate the Executive Annual Incentive Plan, subject to shareholder approval if such approval is necessary to continue to qualify the amounts payable under the Executive Annual Incentive Plan under Section 162(m) of the Code if such amounts are intended to be so qualified; provided, that no such amendment, suspension, discontinuance or termination will adversely affect the rights of any participant in respect of any performance period that has already begun. It is anticipated that shareholders will vote to re-approve the Executive Annual Incentive Plan (after its initial approval) no later than the day of the first meeting of shareholders that occurs in 2019.

The Board of Directors recommends that the shareholders vote FOR the approval of the Nielsen Holdings Executive Annual Incentive Plan.

PROPOSAL NO. 7

Extension of Authority of the Board of Directors to Repurchase up to 10% of Our Issued Share Capital until November 6, 2015

Under Dutch law and our articles of association, the Board of Directors may, subject to certain Dutch statutory provisions, be authorized to repurchase our issued shares on our behalf in an amount, at prices and in the manner authorized by the general meeting of shareholders. Adoption of this proposal will allow us to have the flexibility to repurchase our shares without the expense of calling special shareholder meetings. Such authorization may not continue for more than 18 months, but may be given on a rolling basis. At the annual meeting of shareholders on May 7, 2013, the shareholders authorized the Board of Directors to repurchase up to 10% of our issued share capital (including depositary receipts issued for our shares) in open market purchases, through privately negotiated transactions, or by means of self-tender offer or offers, at prices per share (or depositary receipt) ranging up to 110% of the market price at the time of the transaction. Such authority currently expires on November 7, 2014.

The Board of Directors believes that we would benefit by extending the authority of the Board of Directors to repurchase our shares. For example, to the extent the Board of Directors believes that our shares may be undervalued at the market levels at which they are then trading, repurchases of our share capital (including depositary receipts issued for our shares) may represent an attractive investment for us. Such shares could be used for any valid corporate purpose, including use under our compensation plans, sale in connection with the exercise of outstanding options, or for acquisitions, mergers or similar transactions. The reduction in our issued capital resulting from any such purchases will increase the proportionate interest of the remaining shareholders in our net worth and whatever future profits we may earn. However, the number of shares repurchased (including depositary receipts issued for our shares), if any, and the timing and manner of any repurchases would be determined by the Board of Directors, in light of prevailing market conditions, our available resources and other factors that cannot be predicted now. The nominal value of the shares in our capital which we acquire, hold, hold as pledgee or which are acquired or held by one of our subsidiaries (including depositary receipts issued for our shares), may never exceed 50% of our issued share capital.

On July 30, 2013, the Company announced a share repurchase program for up to \$500 million pursuant to the authority granted to the Board of Directors at last year's general meeting of shareholders.

In order to provide us with sufficient flexibility, the Board of Directors proposes that the general meeting of shareholders grant authority for the repurchase of up to 10% of our issued share capital (including depositary receipts issued for our shares) (or, based on the number of shares outstanding as of February 28, 2014, approximately 38 million shares) on the open market, or through privately negotiated repurchases or in self-tender offers, at prices ranging up to 110% of the market price per share (or depositary receipt) at the time of the transaction. Such authority would extend for 18 months from the date of the Annual Meeting until November 6, 2015.

The affirmative vote of a majority of the votes cast at the Annual Meeting is required to adopt the proposal to extend until November 6, 2015 the authorization of the Board of Directors to repurchase up to 10% of our issued share capital (including depositary receipts issued for our shares) on the open market, or through privately negotiated repurchases or self-tender offers, at prices per share or depositary receipt ranging up to 110% of the market price at the time of the transaction.

The Board of Directors recommends that the shareholders vote FOR the approval of the extension of the authority of the Board of Directors to repurchase up to 10% of our issued share capital (including depositary receipts issued for our shares) until November 6, 2015 on the open market, through privately negotiated transactions or in one or more self-tender offers for a price per share (or depositary receipt) not less than the nominal value of a share and not higher than 110% of the most recent available (as of the time of repurchase) price of a share (or depositary receipt) on any securities exchange where our shares (or depositary receipts) are traded.

PROPOSAL NO. 8

Amend Articles of Association to Change Company Name to Nielsen N.V.

The Company's current name, as set forth in its articles of association, is Nielsen Holdings N.V. The Board of Directors wishes to simplify the name to Nielsen N.V. The Board of Directors has approved this name change subject to approval by our shareholders at the Annual Meeting. We believe the public usage of the simplified name (in the press, for example) will strengthen the corporate brand and reflects how the Company and others often refer to us. (The N.V. moniker is the abbreviated designation for public, limited liability entities incorporated in the Netherlands and is required to be included in our legal name under Dutch law.)

Changing the name of the Company requires an amendment to our articles of association. The affirmative vote of a majority of the votes cast at the Annual Meeting is required to (i) adopt the proposal to amend our articles of association to reflect the change of the name of the Company to Nielsen N.V. and (ii) authorize any and all lawyers and (deputy) civil law notaries practicing at Clifford Chance LLP, Amsterdam, the Netherlands, to execute the notarial deed of amendment of the articles of association to effect the aforementioned amendment of the articles of association.

The Board of Directors recommends that the shareholders vote FOR (a) the approval of the amendment of the articles of association to reflect the change of the name of the Company to Nielsen N.V. and (b) the authorization of any and all lawyers and (deputy) civil law notaries practicing at Clifford Chance LLP, Amsterdam, the Netherlands, to execute the notarial deed of amendment of the articles of association to effect the aforementioned amendment of the articles of association.

PROPOSAL NO. 9

Non-Binding, Advisory Vote on Executive Compensation

In accordance with the requirements of Section 14A of the Exchange Act (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act) and the related rules of the SEC, at the 2011 annual meeting of shareholders, we submitted to our shareholders a non-binding, advisory vote on executive compensation, as well as a non-binding, advisory vote on the frequency with which shareholders believed we should submit the non-binding, advisory vote on executive compensation. A majority of the shareholders voted that the non-binding, advisory vote on executive compensation should occur every three years. However, the Board of Directors subsequently decided to propose at each annual meeting of shareholders the approval of the compensation paid to the named executive officers. We are including in the Proxy Materials a separate resolution regarding the compensation of our named executive officers as disclosed pursuant to the SEC rules. While the results of this vote are non-binding and advisory in nature, the Board intends to carefully consider the results of this vote.

The language of the resolution is as follows:

RESOLVED, THAT THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THE PROXY STATEMENT PURSUANT TO THE SEC RULES, INCLUDING THE COMPENSATION DISCUSSION AND ANALYSIS, COMPENSATION TABLES AND ANY RELATED NARRATIVE DISCUSSION, IS HEREBY APPROVED.

In considering their vote, shareholders may wish to review with care the information on the Company's compensation policies and decisions regarding the named executive officers presented in Executive Compensation Compensation Discussion and Analysis.

In particular, as discussed in Executive Compensation Compensation Discussion and Analysis, shareholders should note the following:

Our executive compensation program is designed to incent and reward our leadership team to deliver sustained financial performance and long-term shareholder value.

A substantial portion of compensation for our senior executives is at risk by being subject to performance. The at risk component consists of annual cash incentives and long-term equity incentives, which play a significant role in aligning management's interests with those of our shareholders.

Annual cash incentives for our senior executives are determined on the basis of our Operating Plan EBITDA growth over the prior year relative to plan objectives (as described under Executive Compensation), with consideration given to our cash flow performance and to qualitative individual performance factors.

In 2013, the introduction of a long-term performance plan increased significantly the proportion of total long-term incentives that are subject to long-term quantitative performance targets.

Other long-term equity incentives for our senior executives consisted of time-based options which provide a powerful incentive for executives to focus on long-term performance and time-based restricted stock units provided to executives below the CEO for their retention value.

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

In 2013, special retention awards of restricted stock units were granted to Messrs. Calhoun, Barns, Hasker and West in light of the significant impact each was expected to have on Nielsen's strategy development and business growth over the coming years, and to preserve the continuity of our business leadership. Mr. Calhoun forfeited his award upon his departure as CEO and appointment as Executive Chairman of the Board.

The Board of Directors recommends that shareholders vote FOR approval of the compensation of our named executive officers.

Executive Compensation

The following discusses the compensation for our Chief Executive Officer, our Chief Financial Officer, and our three other most highly compensated executive officers for 2013. We refer to these individuals as our Named Executive Officers (NEOs).

David L. Calhoun	Chief Executive Officer (Executive Chairman of the Board since January 1, 2014)
Brian J. West	Chief Financial Officer (Chief Operating Officer since March 10, 2014)
Mitch Barns	President, Global Client Services (Chief Executive Officer since January 1, 2014)
Mitchell Habib	Chief Operating Officer (ceased to be Chief Operating Officer as of March 10, 2014)
Stephen Hasker	President, Global Product Leadership

COMPENSATION DISCUSSION & ANALYSIS

Executive Summary

Nielsen provides a comprehensive understanding of what consumers watch and buy. We are a leading global provider of information and insights with a presence in over 100 countries.

Executive Changes

Effective January 1, 2014 Mr. Calhoun was appointed to serve as Executive Chairman of the Company's Board of Directors and resigned as Chief Executive Officer.

The Company entered into a Transition Agreement, dated as of November 5, 2013 (the "Transition Agreement") with Mr. Calhoun pursuant to which he has agreed to devote between 15% and 20% of his business time in 2014 and 2015 (or such earlier date as the Board decides to end such services) to provide guidance and advice to Mr. Barns with respect to all aspects of his duties and responsibilities as the new Chief Executive Officer of the Company. Other than as set forth in the Transition Agreement (which provides for the continued right of Mr. Calhoun to earn certain compensation granted to him in his position as Chief Executive Officer, as described below), Mr. Calhoun will not receive any additional compensation for serving as Executive Chairman of the Board.

Under the terms of the Transition Agreement Mr. Calhoun forfeited 200,000 RSUs whose grant date fair value (\$6.6 million) is included in the Summary Compensation Table (see "Summary Compensation Table"). The RSUs were a special grant that the Compensation Committee awarded Mr. Calhoun on July 25, 2013. He retained eligibility for his 2013 annual incentive payment. Additionally, the performance restricted shares granted to Mr. Calhoun on February 20, 2013 and stock options that remained outstanding and unvested on January 1, 2014 will be eligible to vest for so long as he continues to serve as the Executive Chairman of the Board. Additional rights and payments to Mr. Calhoun and more details of the Transition Agreement are disclosed under "Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2013 Table" "Employment Agreement with Mr. David L. Calhoun" "Transition Agreement".

Mitch Barns was appointed to serve as Chief Executive Officer effective January 1, 2014. Mr. Barns has been an employee of Nielsen since 1997 and has been in the industry since 1985. He has held leadership roles within our Buy and Watch business segments, in both developed and developing markets and on three different continents. His exceptional leadership has driven added value for our clients and shareholders while building our talent base for the future.

The compensation reported for Mr. Barns under "Summary Compensation Table" relates to his roles in 2013 as President, Global Client Services and President, US Watch Business.

EXECUTIVE COMPENSATION

On December 19, 2013, the Compensation Committee approved the following changes to Mr. Barns compensation effective January 1, 2014:

	2013	2014
Base Salary	\$800,000	\$1,000,000
Annual Incentive Target	\$700,000	\$1,800,000
Retention Equity Grant	\$1,662,500	No expected award
Long-Term Compensation		
Long-Term Performance Plan	\$848,500	\$2,000,000 (estimated grant value in February)
Stock Options	\$359,550	\$1,000,000 (estimated grant value in October)
Restricted Stock Units	\$329,040	\$1,000,000 (estimated grant value in October)

Effective March 10, 2014, Mr. West was appointed Chief Operating Officer. His new base salary is \$950,000, and his 2014 annual incentive opportunity is \$1,750,000, payable 75% in cash and 25% in RSUs in the first quarter of 2015 subject to the achievement of designated performance goals. On February 20, 2014, in connection with his new role, Mr. West was granted 38,000 performance-based RSUs under our Long Term Performance Plan covering the period 2014-2016.

Effective March 10, 2014, Mr. Habib ceased to be Chief Operating Officer. From March 10 through July 31, 2014, Mr. Habib has agreed to be available to Mr. West to assist with the transition of the Chief Operating Officer role. The separation arrangements with Mr. Habib are in accordance with the terms of his Severance Agreement (as described under Potential Payments upon Termination or Change in Control Severance Benefits Termination of Employment Named Executive Officers other than Mr. Calhoun). In addition, his 2013 annual incentive amount was paid entirely in cash rather than 75% in cash and 25% in restricted shares. Mr. Habib's grant of performance restricted shares under the 2013 Long Term Performance Plan was amended to provide that it will continue to vest through the full three-year performance period ending December 31, 2015 notwithstanding the termination of his employment.

Effective March 10, 2014, we hired a new Chief Financial Officer, Jamere Jackson, to succeed Mr. West. The material terms of his compensation have been previously disclosed by us in the Current Report on Form 8-K filed with the SEC on February 24, 2014.

Progress on Strategic Initiatives in 2013

Our management team has established four strategic initiatives described above, which are important to the company's ongoing success. In support of these initiatives, throughout 2013 we:

Continued to expand our measurement of what consumers buy in developing markets. We now have a presence in 42 of Africa's 50 countries, expanded into additional countries such as Myanmar and continued to grow our presence in countries such as China and India, particularly with the local client base.

Enhanced our television audience measurement for the U.S. market by announcing our ability to measure viewing on mobile devices (i.e., smartphones and tablets). We expanded our Online Campaign Ratings (OCR) capabilities into six new countries. We announced broader acceptance and use of the OCR tag by key publishers such as Google and also announced a pilot program for Nielsen Digital Program Ratings (DPR). We also launched Nielsen Twitter TV Ratings which provide insight into the impact social media has on television viewing.

Closed the previously announced acquisition of Arbitron Inc. (Arbitron, rebranded Nielsen Audio) and increased the anticipated net cost synergies associated with the acquisition to \$45 million from \$20 million.

Extended Nielsen's Advertiser Solutions global expansion to Nielsen Brand Effect - our advertising resonance suite, which currently includes TV, online and mobile measurement. We expanded our Nielsen Innovation Lab to include IBM Watson on a trial basis.

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

We believe in a balanced approach to capital allocation. Within the year we initiated a dividend, raised it 25% and may in the future increase it in line with earnings, consistent with our long-term financial framework. Any decision to declare and pay dividends in the future, however, will be made at the discretion of our Board and will be subject to the Board's continuing determination that the dividend policy and the declaration of dividends thereunder are in the best interests of our shareholders, and are in compliance with all laws and agreements to which we are subject. In addition, a \$500 million share repurchase program was authorized.

EXECUTIVE COMPENSATION

Executive Compensation Overview

Nielsen's executive compensation program is designed to incent and reward our leadership team to deliver sustained financial performance and long-term shareholder value.

Our *pay for performance* philosophy balances quantitative assessment of business financial performance with qualitative assessment of individual contributions to our core business objectives.

A significant portion of executive compensation is *at-risk*; dependent on the achievement of challenging annual and long-term performance targets including diversity, progress on strategic initiatives and the delivery of long-term returns to shareholders.

In 2013 we strengthened the relationship between executive compensation, shareholder value and long-term performance, increased the proportion of pay delivered in equity and introduced performance vesting on a substantial portion of long-term incentive equity.

* Operating Plan EBITDA differs from the calculation of Adjusted EBITDA presented in our annual report on Form 10-K for the year ended December 31, 2013 previously filed with the SEC because it excludes the impact of fluctuations in foreign currency exchange rates. For the purposes of performance management, we value local currency results at a fixed operating plan rate established at the beginning of the year.

EXECUTIVE COMPENSATION

Compensation Highlights*Realizable Pay And Performance*

Our definition of realizable pay is:

actual base salary in each year;

actual earned cash incentives in each year;

intrinsic value (share price minus exercise price) of stock option awards vesting in each year using the share price on December 31 in each year;

market value of restricted stock units vesting in each year using the share price on December 31 in each year; and

other compensation as outlined under Summary Compensation Table.

The growth in realizable pay earned by the Named Executive Officers in 2013, outlined in the table below, is largely attributable to the vesting of long-term equity whose intrinsic value was bolstered by our significant share price growth in 2013. We believe that the growth in realizable pay is reasonable when compared to our business performance (as outlined under Executive Summary Business Performance) which delivered 53.1% total shareholder return in 2013.

In the case of Mr. Calhoun, approximately 50% of his 2013 realizable pay is due to the vesting of a tranche of options granted to him in 2006 as a result of his personal investment in the company (see - 2013 Total Direct Compensation Decisions Long-Term Incentives 2006 Plan). The assessed value of a Nielsen share at the time of this grant was \$16. On December 31, 2013 the Nielsen share price was \$45.89, a growth of 187%.

The table below presents the realizable pay for each of our Named Executive Officers in the period stated.

	Realizable Pay *		Percentage Increase/ (Decrease)	Total Compensation in Summary Compensation Table*		Percent Variance to 2013 Realizable Pay
	2012	2013		2013		
David Calhoun	\$ 13,191,630	\$ 22,257,911	69 %	\$ 19,494,877	(12 %)	
Brian West	\$3,131,162	\$4,761,556	52 %	\$5,539,355	16 %	
Mitch Barns	\$1,577,421	\$2,458,720	56 %	\$4,643,524	89 %	
Mitchell Habib**	\$3,729,550	\$5,474,802	47 %	\$4,633,270	(15 %)	
Stephen Hasker	\$2,341,406	\$3,037,289	30 %	\$4,538,720	49 %	

* Excluding change in pension value. With the exception of Mr. Habib, the realizable pay calculations and the Summary Compensation Table totals for 2013 exclude 25% of the annual incentive award, which was delivered in restricted shares in February 2014

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

** For Mr. Habib, both the realizable pay calculation and the Summary Compensation Table total for 2013 include 100% of his annual incentive award paid entirely in cash pursuant to the terms of his separation from the Company (as described under Executive Summary Executive Changes). A significant portion of realizable pay is at risk depending on market conditions. It is different from the amounts reported in the Summary Compensation Table (as shown under Tables and Narrative Disclosure Summary Compensation Table) which uses the accounting value at the date of grant to value stock options and other stock-based awards.

Compensation Practices

We require all of our Executive Officers to hold a significant amount of Nielsen stock (as outlined under 2013 Total Direct Compensation Decisions Share Ownership Guidelines).

Our policies prohibit hedging of shares. Our policies also prohibit pledging of share-based awards and shares subject to stock ownership guidelines.

Our Compensation Committee assesses business performance and executive pay using peer group and other market data provided by its independent executive compensation consultant. It uses a framework to assess risk and designs its compensation programs so that they do not encourage imprudent risk-taking.

EXECUTIVE COMPENSATION

All pay decisions with respect to performance-based payments and equity awards for our Named Executive Officers are reviewed and approved by the Sub-Committee of the Compensation Committee.

Base salaries for NEOs are typically reviewed in 24-month cycles. Mr. Calhoun's base salary was the same in the last five years.

A clawback policy provides for recoupment of incentive awards (in the event of intentional misconduct on the part of the executive, financial restatement as a result of the intentional misconduct, and where the award would have been lower as a result of the restatement). The policy is shown under [Other Policies and Guidelines](#) [Clawback Policy](#)

25% of the 2013 annual cash incentive is awarded in restricted shares that vest annually over two years

Prospective increases in total direct compensation for named executive officers will be weighted toward long-term equity

At least 50% of the value of future long-term incentive awards is subject to performance vesting conditions

Perquisites are de minimus. Tax gross-ups on perquisites were eliminated in 2011

No excise tax gross-ups are provided to the NEOs

Pay Decisions

We take into account the following factors:

Nielsen financial performance;

Market benchmarks (our benchmarking process is described under [Compensation Practices and Governance](#) [Benchmarking](#)); and

Qualitative and quantitative assessment of individual performance.

EXECUTIVE COMPENSATION

Compensation Practices and Governance

Compensation Committee

The Compensation Committee is responsible for the design of the executive compensation program.

The Compensation Committee regularly reviews the philosophy and goals of the executive compensation program and assesses the effectiveness of compensation practices and processes. The Compensation Committee sets performance goals and assesses performance against these goals. The Committee considers the recommendations and market data provided by its independent consultant as well as the judgment of the CEO on the performance of his direct reports. The CEO does not participate in the Compensation Committee discussion regarding his own compensation. The Compensation Committee makes its decisions based on its assessment of Nielsen performance against goals as well as on its judgment as to what is in the best interests of Nielsen and its shareholders.

The Compensation Committee has formed a sub-committee comprising Javier Teruel and Karen Hoguet, each of which is a non-employee director within the meaning of Rule 16b-3 under the Exchange Act and satisfies the requirements of an outside director within the meaning of Section 162(m) of the Code. The Sub-Committee of the Compensation Committee approves certain equity awards and performance-based payments to qualify for exemption from Section 16(b) under Rule 16b-3 of the Exchange Act and so that the performance-based payments we provide to our Named Executive Officers are exempt from the \$1,000,000 deduction limit applicable under Section 162 (m) of the Code. Actions described herein as taken by the Compensation Committee related to equity awards and performance-based payments were performed by the Sub-Committee of the Compensation Committee.

The responsibilities of the Compensation Committee are described more fully in its charter, which is available in the Corporate Governance page of our website at www.nielsen.com/investors under Investor Overview: Governance Documents: Compensation Committee Charter.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee has served as one of our officers or employees at any time. Except as otherwise disclosed in this proxy statement, no member of the Compensation Committee has had any relationship with Nielsen requiring disclosure under Item 404 of Regulation S-K under the Exchange Act. None of our executive officers has served as a director, or member of the Compensation Committee (or other committee serving an equivalent function), of an organization that has an executive officer also serving as a member of our Board or Compensation Committee.

Independent Compensation Consultant

The Compensation Committee retains Meridian Compensation Partners, LLC (Meridian) as its compensation consultant. Meridian has provided market data and perspective on executive and independent director compensation including peer group analysis, long-term performance-based equity plans, risk assessment and clawback policies. Meridian and its affiliates did not provide any services to Nielsen or its affiliates in 2013 other than executive and director compensation consulting to the Compensation Committee. Discussions between Meridian and Nielsen management are limited to those necessary to complete work on behalf of the Committee.

The Compensation Committee determined that Meridian and its lead consultant for Nielsen satisfy the independence factors described in the NYSE listing rules. The Compensation Committee also determined that the work performed by Meridian in 2013 did not raise any conflict of interest issues. The Committee took into account that Meridian's lead compensation consultant for Nielsen is also the lead compensation consultant for Caterpillar Inc. where Mr. Calhoun serves as an independent director and as a member of the Compensation Committee. As a result, Mr. Calhoun has recused himself from any decisions relating to the selection and remuneration of Meridian at Caterpillar.

Benchmarking

The Compensation Committee uses a peer group of companies, selected for their business relevance and size appropriateness to Nielsen, as one of many considerations when making executive compensation pay decisions. To account for differences in the size of our peer group companies, the market data are statistically adjusted to allow for valid comparisons to similarly sized companies. The peer group information may also be supplemented by general industry survey data selected by Meridian to provide reasonable benchmarks for a company of Nielsen's size and business type.

EXECUTIVE COMPENSATION

Following a study and recommendation from Meridian, the Committee made a small modification to the 2013 peer group to improve its effectiveness as a benchmark. The Committee noted that Nielsen's revenue was positioned somewhat above the peer median and that this trend may continue as the effect of our acquisition of Arbitron is fully reflected in Nielsen's financial statements. Therefore the committee decided to replace Gartner, Inc. with Cognizant Technology Solutions Corporation. The modified 2013 peer group is listed below:

2013 PEER GROUP

Alliance Data Systems Corporation
Automatic Data Processing, Inc.
Cognizant Technology Solutions Corporation
DirectTV
Dun & Bradstreet Corporation
Equifax Inc.
Experian plc
Fiserv, Inc.
IHS Inc.

Of the votes cast at last year's shareholders meeting, 98% voted to approve the compensation paid to the named executive officers in 2012. The Company routinely re-evaluates the structure of the executive pay program and the compensation of its executives and makes changes to the amounts paid and opportunities provided to its executives consistent with market practices and individual and Company performance and business requirements.

Consideration of Risk

The Committee conducted a risk assessment of Nielsen's 2013 pay practices which included the review of a report from the compensation consultant. The Committee concluded that Nielsen's pay programs are not reasonably likely to have a material adverse effect on Nielsen, its business and its value. Specifically, the Committee noted the following:

Programs are appropriately balanced between short-term and long-term, and between fixed and variable rewards

Nielsen's annual incentive design mitigates compensation risk by using Operating Plan EBITDA, a company-wide financial metric, to fund an incentive pool that is distributed on the basis of quantitative and qualitative assessment of divisional and individual performance and approved by the Committee

Nielsen's long-term incentive comprises options, RSUs and performance vesting equity for the executive group. Overlapping vesting periods keep management exposed, through shareholding, to the risks of their decision-making until the business risks associated with performance are likely to materialize

Executives are required to maintain significant levels of share ownership

Clawback, hedging and pledging prohibitions and share ownership requirements mitigate compensation-related risk

Qualitative assessments of business results mitigate risk in pay decisions

Annual Base Salaries

Base salary is the only fixed component of our executive officers' compensation. The Compensation Committee considers market benchmarks supplied by Meridian to ensure that base salaries are competitive in the marketplace and are serving their purpose to attract and retain top talent.

The Compensation Committee considers executive officers for salary increases generally in 24-month intervals or more unless there is a change in role.

Although Mr. Calhoun's last base salary increase was in 2008, the Compensation Committee decided to continue to focus on Mr. Calhoun's annual performance incentives and on long-term equity awards. Therefore, it did not increase Mr. Calhoun's base salary in 2013.

EXECUTIVE COMPENSATION

The Compensation Committee reviewed Mr. Barns' base salary in February 2013 as a result of his promotion to President, Global Client Services and approved an increase in his annual base salary from \$575,000 to \$800,000. On December 19, 2013 the Compensation Committee approved another increase in his annual base salary from \$800,000 to \$1,000,000 effective January 1, 2014 as a result of his promotion as the new CEO.

The remaining NEOs received increases to base salaries in 2011; the Committee did not increase their base salaries in 2013.

On February 10, 2014 the Compensation Committee increased Mr. Hasker's base salary from \$800,000 to \$900,000 effective March 1, 2014, noting that it had been 28 months since his last base salary increase.

On February 20, 2014, the Compensation Committee increased Mr. West's base salary to \$950,000 effective March 10, 2014 as a result of his promotion as the new Chief Operating Officer.

Annual Incentive Plan

The purpose of the annual incentive plan is to motivate executives to accomplish short-term business performance goals that contribute to long-term business objectives. The plan is approved by the Compensation Committee at the beginning of each year and is intended to satisfy the performance pay exemption under Section 162 (m) of the Code.

Payouts under the plan are based on the plan funding formula and each NEO's performance assessment. The plan funding is determined based on Operating Plan EBITDA* growth. (See footnote below for the definition.) The performance of each NEO is assessed taking into account his effectiveness in executing performance objectives and operating plans as well as his leadership impact on core business objectives. Named Executive Officers who are assessed as performing highly receive higher payouts relative to their opportunity. The total incentive awards cannot exceed the amount of the incentive fund. In general, approximately 10% of the incentive fund is paid to Named Executive Officers.

Plan Funding Formula

Each year the Compensation Committee approves a target incentive fund and the performance targets and thresholds that govern payouts.

Performance targets are set in relation to the growth of Operating Plan EBITDA performance from prior year. Achievement of our 2013 Operating Plan EBITDA target required a growth of 7% from 2012 and, if achieved, would grow the incentive fund by 5%. The Committee believes that growth in annual Operating Plan EBITDA is highly correlated to the creation of shareholder value. This metric is an effective measure of executives' contribution to short-term company performance.

The 2013 Operating Plan EBITDA achievement was \$1,590 million, representing 6% growth over prior year. Consequently no growth factor was applied to the incentive fund.

The annual incentive formula and funding calculation are set out in the table below:

2013 ANNUAL INCENTIVE PLAN

OPERATING PLAN EBITDA* (\$ in millions)	Operating Plan EBITDA		Incentive Fund Growth	
	Vs Prior year (%)		Vs Target (%)	Vs Prior year (%)
Threshold (90% of growth target): 1,443	-4 %		-30 %	-26 %
1,505	0 %		-10 %	-5 %
1,571	4 %		-2 %	3 %
1,590	6 %	t Actual u	0 %	5 %
1,603 (target)	7 %		5 %	10 %

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

* Operating Plan EBITDA differs from the calculation of Adjusted EBITDA presented in our annual report on Form 10-K for the year ended December 31, 2013 previously filed with the SEC because it excludes the impact of fluctuations in foreign currency exchange rates. For the purposes of performance management we value local currency results at a fixed operating plan rate established at the beginning of the year. Operating Plan EBITDA in 2013 also excludes Arbitron and Nielsen Expo. Growth rates have been normalized to account for the divestiture of Nielsen Expo. We define Adjusted EBITDA as net income or loss from our consolidated statements of operations before interest income and expense, income taxes, depreciation and amortization, restructuring charges, goodwill and intangible asset impairment charges, stock-based compensation expense and other non-operating items from our consolidated statements of operations as well as certain other items considered unusual or non-recurring in nature.

EXECUTIVE COMPENSATION

Before approving the incentive plan funding, the Compensation Committee assesses the Company's free cash flow performance against annual plan objectives. The Committee has discretion to reduce the fund by up to 30% if free cash flow falls short of objectives. There is no discretion to increase the fund in the event that free cash flow performance exceeds objectives. The Committee reviewed the Company's free cash flow performance which represented 34.5% growth over prior year (as shown under Executive Summary Business Performance Free Cash Flow) and assessed that it met objectives.

Other NEO Performance Assessment

Mr. Calhoun makes pay recommendations for his direct reports after quantifying their performance against individual objectives set at the beginning of the year and their contribution to Nielsen's financial performance and strategic objectives. He also considers the quality of the results delivered using a framework that quantifies the performance of each individual relative to his/her peers on factors such as leadership, Nielsen values, and degree of challenge. This qualitative assessment helps manage risk and better differentiates rewards for exceptional leaders.

The Compensation Committee considered the following performance factors in 2013 for our Named Executive Officers:

MITCH BARNS

Expansion of role to cover responsibility for Global Client Services

Drove 6% global revenue growth, overcoming market challenges in Europe

Strengthened Watch leadership team in the US and delivered strong operating results

2013 Incentive Awards

Based on its performance assessments and the plan funding the Compensation Committee made the following incentive awards to the Named Executive Officers for 2013 performance. Except for Mr. Habib, 25% of the payments were delivered in restricted shares on February 20, 2014 and are therefore not included in the Summary Compensation Table (see- Summary Compensation Table). They will be disclosed in the 2015 proxy statement. The restricted shares vest in two equal annual installments.

* Pursuant to the terms of Mr. Habib's separation from the Company, his annual incentive award was delivered 100% in cash

Long-term Incentives (LTI)

The purposes of the long-term incentive awards are to focus executives on long-term sustainable performance and to align executive rewards with long-term returns delivered to shareholders. Currently, all long-term incentives are delivered in equity-based awards.

Equity-based awards are made to executives, other employees and directors pursuant to the 2010 Plan. In making decisions regarding 2013 equity awards, the Compensation Committee considered it important to increase the proportion of total pay delivered in the form of long-term equity and to ensure that at least 50% of the Long-Term Incentive value (excluding special retention grants) was subject to quantifiable long-term performance metrics that delivered both shareholder alignment and a powerful performance incentive for executives. Prior to finalizing award sizes, the Compensation Committee considered general industry market benchmarks and peer group data provided by Meridian; executives' total direct compensation and prior year award values; and an assessment of each executive's individual performance.

Long-Term Performance Plan

In February 2013, the Compensation Committee approved a new Long-Term Performance Plan (LTPP). LTPP participants are awarded a target number of performance restricted shares (Performance Shares) that are earned subject to the Company's performance against two cumulative three-year performance metrics, Relative Total Shareholder Return (RTSR) and Free Cash Flow (FCF), with assigned weightings of 40% and 60%, respectively. The Committee decided that it was appropriate to assign more weight to the metric over which executives have relatively more direct control. The performance period commenced on January 1, 2013 and ends on December 31, 2015. Grants are denominated and settled in Nielsen shares. Based on the performance at the end of the three-year period, executives may earn less or more than the target shares granted. RTSR performance below 30th percentile of our performance peer group or FCF performance below 85% of the Free Cash Flow target will result in 0% payout for each metric. The maximum payout for each metric is 200%. The table below summarizes the plan design. The performance metrics operate independently.

After a comprehensive review of reports from Meridian, other advisors and Nielsen's management team, the Committee approved a performance peer group for the purposes of measuring our relative total shareholder return under the LTPP plan. The peer group includes companies in comparable businesses to Nielsen, as well as companies representing the markets we serve.

Stock Options and RSUs

The Compensation Committee believes that stock options provide a powerful incentive for executives to focus on long-term performance and increase shareholder value, and provided 44% (excluding the special retention grant) of Mr. Calhoun's LTI award in stock options.

For the other NEOs the Compensation Committee provided approximately 25% of the LTI values in stock options and 25% in RSUs (excluding special retention grants). The RSU awards are intended to enhance the retention value of the equity program. Both options and RSUs vest over four years in equal annual installments.

The above information is included under Grants of Plan-Based Awards in 2013 table.

Special Retention Grants

On July 25, 2013, the Compensation Committee awarded special grants of RSUs to Messrs. Calhoun, West, Barns and Hasker in light of the significant impact each was expected to have on Nielsen's strategy development and business growth over the coming years, and to preserve the continuity of our business leadership. The Committee used a four-year vesting schedule, weighted to the later years in order to provide an incentive for the executives to remain with the company through the entire four-year period. The grant date values of the special awards fall within 80%-120% of each recipient's 2013 equity award value.

Upon Mr. Calhoun's resignation as the Company's Chief Executive Officer and appointment as Executive Chairman of the Board, and under the terms of his Transition Agreement (as described under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2013 Table Employment Agreement with Mr. David L. Calhoun Transition Agreement), he agreed to forfeit the special award.

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

For Messrs. Barns, West and Hasker the special retention awards vest over 4 years on each anniversary of the grant in the following schedule: 20% on the first anniversary; 20% on the second anniversary; 30% on the third anniversary; and 30% on the fourth anniversary.

EXECUTIVE COMPENSATION

This information is included under Grants of Plan-Based Awards in 2013 table.

2006 Plan

Prior to 2011, equity awards were made under the 2006 Stock Acquisition and Option Plan for Key Employees of Nielsen Holdings N.V. and its Subsidiaries, as amended and restated (the 2006 Plan). Under the terms of the 2006 Plan, executives made a personal investment in the Company through the purchase of Nielsen stock and in return received a significant grant of stock options.

The personal investments made by our NEOs were as follows:

Mr. Calhoun \$20,000,000 on 11/22/2006

Mr. West \$1,250,000 on 3/21/2007

Mr. Barns \$350,000 on 3/5/2007

Mr. Habib \$1,750,000 on 3/21/2007

Mr. Hasker \$1,000,000 on 12/21/2009

During the 2006-2010 period, there were no regular annual equity grants but there were grants of options made to Messrs. Calhoun, West and Barns in 2010 and grants of RSUs to Mr. Habib in 2009. A grant was made in 2009 to Mr. Hasker upon hiring.

The remaining unvested options under the 2006 Plan vested on December 31, 2013 with the exception of Mr. Hasker whose final tranche of options under this plan will vest on December 31, 2014.

Awards granted under the 2006 Plan were subject to restrictions on sale until the closing of a secondary offering which occurred in March 2012. Amendments to the 2006 Plan in 2011 lifted the sale restrictions in three installments following the closing of the secondary offering which had the effect of lifting sales restrictions by January 1, 2013, by which time robust share ownership guidelines (described below) were in place.

Share Ownership Guidelines

To ensure strong alignment of executive interests with the long-term interests of shareholders, executives are required to accumulate and maintain a meaningful level of stock ownership in the Company. The share ownership guideline policy was adopted in June 2011. Messrs. Barns and Hasker first became subject to our share ownership guidelines in 2013. Mr. Barns's guideline was subsequently changed from three to six times salary on January 1, 2014 when he became the Company's Chief Executive Officer. Neither Mr. Barns nor Mr. Hasker will be permitted to sell shares of the Company after December 31, 2014 until the guidelines are met.

The table below presents the guidelines and actual share ownership as of February 28, 2014 for each of our Named Executive Officers.

NEOs

Name	Guideline	Guideline Shares*	Share Ownership**
David Calhoun	6 x salary	305,000	1,250,000
Mitch Barns	6 x salary	131,000	35,713

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

Mitchell Habib	3 x salary	82,000	82,000
Brian West	3 x salary	80,000	92,776
Stephen Hasker	3 x salary	52,000	1,830

* For Messrs. Barns and Hasker, the guideline shares were reset using \$45.89 share price at close on 12/31/2013. The guideline shares were not reset for the other NEOs since they had previously met them.

** Eligible shares include beneficially-owned shares held directly or indirectly and jointly-owned shares.

Other Policies and Guidelines

Perquisites

We provide our Named Executive Officers with limited perquisites, reflected in the All Other Compensation column of the Summary Compensation Table and described in the footnotes. Named Executive Officers may claim financial planning and executive health exam expenses capped each year at \$15,000 and \$2,500, respectively. In very limited circumstances we may permit the CEO to access our contractual arrangement for private aircraft for his personal use. In certain circumstances, where necessary for business purposes, we also provide reimbursement for club membership fees and relocation expenses.

Severance

We believe that severance protections play a valuable role in attracting and retaining key executive officers. Since 2007, we have offered severance protections in conjunction with participation in the 2006 Plan.

Mr. Calhoun's severance protections, which were provided under his employment agreement, are described in further detail under Potential Payments Upon Termination or Change in Control Severance Benefits Mr. Calhoun. Consistent with his responsibilities as Chief Executive Officer and with market practice, Mr. Calhoun's severance protections were higher than those of the other Named Executive Officers. As of the end of 2013, Mr. Calhoun's severance protections were superseded by the provisions of his Transition Agreement (as described under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2013 Table Employment Agreement with Mr. David L. Calhoun Transition Agreement).

The severance protections for other Named Executive Officers are provided under severance agreements with each of them. The relevant severance triggering events and amounts payable are described in further detail under Potential Payments Upon Termination or Change in Control Severance Benefits Named Executive Officers Other Than Mr. Calhoun.

No severance protections provided to NEOs are eligible for excise tax gross-up protection.

Change in Control

For equity awards made in 2011 or later, under the 2010 Plan, as amended, unvested options and RSUs do not vest automatically in the event of a change in control.

In general, unvested equity awards granted under the 2006 Plan vest in full on a change in control. Effective December 31, 2013, the final tranche of equity awards under this plan vested under the regular terms of the plan with the exception of Mr. Hasker whose final tranche of 27,343 options will vest on December 31, 2014. Thereafter, the only remaining unvested options are a small tranche of performance-based stock options that may vest on a change in control depending upon the financial return to the Sponsors; these options will expire for each NEO between November 2016 and March 2017 dependent on their grant date.

These benefits are described in further detail under Potential Payments Upon Termination or Change in Control.

Clawback Policy

Our clawback policy requires the Chief Executive Officer and his executive direct reports, in all appropriate cases, to repay or forfeit any bonus, short-term incentive award or amount, or long-term incentive award or amount awarded to the executive, and any non-vested equity-based awards previously granted to the executive if:

The amount of the incentive compensation was calculated based upon the achievement of certain financial results that were subsequently the subject of a restatement or the correction of a material error; and

The executive engaged in intentional misconduct that caused or partially caused the need for the restatement or caused or partially caused the material error, and

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

The amount of the incentive compensation that would have been awarded to the executive, had the financial results been properly reported, would have been lower than the amount actually awarded.

EXECUTIVE COMPENSATION

Other Benefits

The CEO and each other Named Executive Officer are eligible to participate in the health and welfare, defined contribution 401(k), and deferred compensation plans made available, per eligibility requirements, to all employees.

Tax Implications

Section 162 (m) of the Code limits the deductibility of compensation paid to our NEOs to \$1 million during any fiscal year unless such compensation is performance-based under these rules. The Company intends to structure its compensation arrangements to take advantage of this exemption to the extent practicable. However, the Compensation Committee maintains the flexibility to pay non-deductible compensation if it determines it is necessary to meet its compensation objectives and/or it is in the best interests of the Company.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based upon this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2013 (or any amendment thereto).

4 Non-Equity Incentive Plan Compensation

With the exception of Mr. Habib, in 2013, 75% value of the annual incentive was paid in cash in February 2014 and was included in the Summary Compensation Table above as 2013 compensation. These amounts will be reflected as 2014 compensation in the Summary Compensation table next year for those executive officers who will be NEOs for 2014.

In the case of Mr. Habib (as described under 2013 Total Direct Compensation Decisions 2013 Incentive Awards) the amount reflects the 100% cash payment made to him under the 2013 annual incentive plan in lieu of 75% in cash and 25% in restricted shares, which shares would have been reportable in the 2015 proxy statement if not for his separation from the Company.

Employment Agreement with Mr. David L. Calhoun

On August 22, 2006, we entered into an employment agreement with Mr. Calhoun, which was amended effective as of September 14, 2006 (as amended, the "Original Agreement"). His employment agreement was amended and restated effective December 15, 2008, and again effective October 27, 2010 (the "Restated Agreement"). The Restated Agreement had an employment term, which commenced October 27, 2010 and absent his resignation would have continued until December 31, 2014.

In connection with the Original Agreement Mr. Calhoun became entitled to a signing bonus of \$10,613,699, which was paid in installments annually through January 1, 2012 (the "Original Signing Bonus"). Mr. Calhoun received the final installment (\$2,004,039) of his Original Signing Bonus on January 13, 2012. In connection with entering into the Restated Agreement, Mr. Calhoun received an additional signing bonus of \$6,000,000, which would have been repayable in full had his employment terminated for any reason prior to January 1, 2013. Prior to entering into the Transition Agreement (described below) if Mr. Calhoun's employment terminated for any reason after January 1, 2013, but prior to January 1, 2015, he would have been required to repay a pro-rata portion of this signing bonus.

Transition Agreement

In connection with Mr. Calhoun's resignation as the Company's Chief Executive Officer and his appointment as the Executive Chairman of the Company's Board of Directors effective January 1, 2014, the Company entered into the Transition Agreement with Mr. Calhoun, reflecting Mr. Calhoun's change in status.

Pursuant to the Transition Agreement, Mr. Calhoun has agreed to devote between 15% and 20% of his business time (determined on a quarterly basis) from January 1, 2014 through December 31, 2015 (or such earlier date as the Board decides to end his service) to provide guidance and advice to Mr. Barns with respect to all aspects of his duties and responsibilities as the new Chief Executive Officer of the Company (the "Additional Services"). Other than as set forth in the Transition Agreement (which provides for the continued right of Mr. Calhoun to earn certain compensation granted to him in his position as Chief Executive Officer, as described below), Mr. Calhoun will not receive any compensation for serving as the Executive Chairman of the Board. Mr. Calhoun does not currently qualify as an independent director of the Board and the Company does not currently compensate non-independent directors of the Board.

Mr. Calhoun received his annual bonus with respect to the 2013 fiscal year. 25% of the award is denominated in restricted shares which will vest equally on the first and second anniversaries of the date of grant based on his continued service as a non-employee member of the Board. If Mr. Calhoun ceases to serve as a non-employee member of the Board because he was not nominated to serve for an additional term or he is not elected to the Board, then all such restricted shares will vest on the date he ceases to serve as non-employee director of the Board.

Mr. Calhoun will not be required to repay the remaining \$2,000,000 of the \$6,000,000 signing bonus he received in 2010 unless he ceases to serve as Executive Chairman of the Board on or prior to December 31, 2014. Mr. Calhoun will be paid his accrued benefit of \$2,000,000 under his additional supplemental executive retirement plan on July 2, 2014 in a lump sum cash payment (as described under "Nonqualified Deferred Compensation for 2013").

On July 25, 2013, the Compensation Committee awarded Mr. Calhoun a special grant of 200,000 RSUs. Mr. Calhoun has agreed to forfeit this award. Under the award terms the RSUs would have vested 20% on the first anniversary of the grant, 20% on the second anniversary, 30% on the third anniversary and 30% on the fourth anniversary, conditional on the Company's EBITDA performance in the year prior to the vesting date meeting threshold performance levels. The LTTP performance shares granted to Mr. Calhoun on February 20, 2013 and stock options that remain outstanding and unvested as of January 1, 2014 will be eligible to vest for so long as Mr. Calhoun continues to serve as the Executive Chairman of the Board (which reflects an amendment to the terms of these stock awards pursuant to the Transition Agreement, as they would otherwise have continued to be eligible to vest so long as Mr. Calhoun served as non-employee member of the Board). The vesting of the performance shares is conditional on the Company's achievement against the performance metrics established within the plan and on Mr. Calhoun's provision of Additional Services. If the Board terminates the Additional Services prior to December 31, 2015 without Mr. Calhoun's prior consent, and Mr. Calhoun is willing and able to perform the Additional Services at such time, then Mr. Calhoun shall be treated as having continued to perform the Additional Services through

EXECUTIVE COMPENSATION

December 31, 2015 for the purposes of earning the performance shares. In addition, in accordance with the terms of the Company's 2010 Stock Incentive Plan, the post-termination exercise period for the stock options held by Mr. Calhoun that were granted under such plan will not commence until he ceases to serve as a non-employee member of the Board. In order to encourage Mr. Calhoun to continue to hold such options and to maintain his significant ownership stake in the Company, the stock options held by Mr. Calhoun that were granted under the Company's 2006 Stock Acquisition and Option Plan were amended to provide that the post-termination exercise period for such options will not commence until he ceases to serve as a non-employee member of the Board.

Grants of Plan-Based Awards in 2013

On February 20, 2013 the NEOs were awarded performance restricted shares under the LTPP plan as follows:

Mr. Calhoun 116,000 restricted shares

Mr. West 30,000 restricted shares

Mr. Barns 25,000 restricted shares

Mr. Hasker 22,000 restricted shares

The performance restricted shares will be earned at the end of the three-year period January 1, 2013 – December 31, 2015 based on the Company's performance against the plan metrics (as described under Long-Term Incentives Long-Term Performance Plan).

On July 25, 2013 Mr. Calhoun was awarded a special grant of 200,000 RSUs. Under the terms of his Transition Agreement he has agreed to forfeit this award (as described under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2013 Table Employment Agreement with Mr. Calhoun Transition Agreement).

On July 25, 2013 Messrs. Barns, West and Hasker were awarded special grants of RSUs (as described under Long-Term Incentives Special Retention Grants). The amounts granted were as follows:

Mr. West 50,000 RSUs

Mr. Barns 50,000 RSUs

Mr. Hasker 50,000 RSUs

The award has a four-year vesting schedule, weighted to the later years in order to provide an incentive for the executives to remain with the company through the entire four-year period (as described under 2013 Total Direct Compensation Decisions Long-Term Incentives Special Retention Grants).

On September 25, 2013, Mr. Calhoun was granted options under the 2010 Plan. These options have an exercise price equal to \$36.56 per share, the fair market value of a Company share on the date of grant. The options will vest ratably on September 25 of 2014, 2015, 2016 and 2017.

On September 25, 2013, the other NEOs were granted options and RSUs under the 2010 Plan. The options have an exercise price equal to \$36.56 per share, the fair market value of a Company share on the date of grant. The options and RSUs will vest ratably on September 25, 2014, 2015, 2016 and 2017.

Assumptions for Present Value of Accumulated Benefit

Present values at December 31, 2013 were calculated using an interest rate of 5.10%, an interest credit rate of 3.85% and the RP 2000 mortality table (projected to 2020). At December 31, 2012, values were calculated using an interest rate of 4.30%, an interest credit rate of 3.05% and the RP 2000 mortality table (projected to 2012). These assumptions are consistent with those used for the financial statements of the Company's retirement plans.

United States Retirement Plans

Effective August 31, 2006, the Company froze its United States qualified and non-qualified retirement plans. No participants may be added and no further benefits may accrue after this date. The retirement plans, as in existence immediately prior to the freeze, are described below.

We maintain a tax-qualified retirement plan (the *Qualified Plan*), a cash-balance pension plan that covers eligible United States employees who have completed at least one year of service. Prior to the freeze, we added monthly basic and investment credits to each participant's account. The basic credit equals 3% of a participant's eligible monthly compensation. Participants became fully vested in their accrued benefits after the earlier of five years of service or when the participant reached normal retirement age (which is the later of age 65 or the fifth anniversary of the date the participant first became eligible to participate in the plan). Unmarried participants receive retirement benefits as a single-life annuity, and married participants receive retirement benefits as a qualified joint-and-survivor annuity. Participants can elect an alternate form of

payment such as a straight-life annuity, a joint-and-survivor annuity, years certain-and-life income annuity or a level income annuity option. Lump sum payment of accrued benefits is only available if the benefits do not exceed \$5,000. Payment of benefits begins at the later of the participant's termination of employment or reaching age 40.

We also maintain a non-qualified retirement plan (the *Excess Plan*) for certain of our management and highly compensated employees. Prior to the freeze, the Excess Plan provided supplemental benefits to individuals whose benefits under the Qualified Plan are limited by the provisions of Section 415 and/or Section 401(a)(17) of the Code. The benefit payable to a participant under the Excess Plan is equal to the difference between the benefit actually paid under the Qualified Plan and the amount that would have been payable had the applicable Code limitations not applied. Although the Excess Plan is considered an unfunded plan and there is no current trust agreement for the Excess Plan, assets have been set aside in a rabbi trust fund. It is intended that benefits due under the Excess Plan will be paid from this rabbi trust or from the general assets of the Nielsen entity that employs the participants.

Mr. Barns is the only Named Executive Officer who is a participant in the Qualified Plan and the Excess Plan.

Nonqualified Deferred Compensation for 2013

Beginning January 1, 2012, Mr. Calhoun's Restated Agreement required Nielsen to accrue \$1,000,000 per year as an additional supplementary retirement benefit in each of 2012, 2013 and 2014. Under the terms of the Transition Agreement (as described under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2013 Table Employment Agreement with Mr. David L. Calhoun Transition Agreement) Mr. Calhoun will be paid his accrued benefit of \$2,000,000 under his additional supplemental executive retirement plan on July 2, 2014 in a lump sum cash payment.

The Company offers a voluntary nonqualified deferred compensation plan in the United States, which allows selected executives the opportunity to defer a significant portion of their base salary and incentive payments to a future date. Earnings on deferred amounts are determined with reference to designated mutual funds. No NEOs participate in this plan. There is no above market rate of return given to executives as defined by the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Mr. Calhoun's severance provisions formerly provided to him under his Restated Agreement were superseded by the Transition Agreement effective January 1, 2014.

Unvested options under the 2006 Plan would also vest on a change in control.

As of December 31, 2013, the value of any accelerated vesting of options would be \$37,076,521 as set forth in the following table. This includes the value of options awarded in 2011, 2012 and 2013 which would vest if not assumed by the acquiring entity.

							\$ 37,076,521

Under certain circumstances, benefits payable to Mr. Calhoun in connection with a change in control of the Company that are deemed to constitute excess parachute payments within the meaning of Section 280G of the Code may be reduced to the highest amount that would not subject Mr. Calhoun to any excise tax under Section 4999 of the Code.

Named Executive Officers Other Than Mr. Calhoun

If the employment of any other Named Executive Officers is terminated by the Company without cause or by them for good reason (as those terms are defined in the form of Severance Agreement), subject to their compliance with certain restrictive covenants (as described under Restrictive Covenants), and their execution (without revocation) of a general waiver and release of claims, they will be entitled to severance pay that includes:

Base salary continuation for two years for Messrs. West and Habib;

Base salary continuation for one year for Messrs. Barns and Hasker;

a pro-rata portion of their annual incentive award for the year of termination; and

continued health and welfare benefits for the executive and their family members for the duration of the severance period, with premiums at employee rates.

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

EXECUTIVE COMPENSATION

If an executive's employment had been terminated without cause by the Company, or for good reason by the executive on December 31, 2013 they would have received total payments as shown in the following table:

Stephen Hasker	1x	800,000	\$ 875,000	7,200	1,682,200

In addition, on a change in control, any unvested options and RSUs granted in 2011, 2012 and 2013 under the 2010 Plan, as amended, would become vested and exercisable in full if the acquiring entity does not provide for the issuance of substitute awards on an equitable basis.

Unvested options under the 2006 Plan would also vest on a change in control.

As of December 31, 2013, the value of any accelerated vesting of options and RSUs would be as set forth in the following table. This includes the value of options and RSUs awarded in 2011, 2012 and 2013 which would vest if not assumed by the acquiring entity.

Pursuant to the severance agreements of the other Named Executive Officers, they have agreed not to disclose any Company confidential information at any time during or after their employment with Nielsen. In addition, they have agreed that, for the duration of their severance period following a termination of their employment with Nielsen, they will not solicit Nielsen's employees or customers or materially interfere with any of Nielsen's business relationships. Director Compensation

Dutch law requires our shareholders to adopt a general compensation policy applicable to our Board of Directors and covering, among other things, fixed and variable compensation and equity plans. Our shareholders have adopted such policy. Our articles of association provide, consistent with applicable Dutch law, that the Board may decide on the individual compensation applicable to our directors, within the framework permitted by the approved general compensation policy. In making its decision, our Board is assisted by the Compensation Committee. To the extent the Board decides to include in the compensation package for directors an equity plan, the plan (at an aggregated level for all directors stating the amount of equity that may be granted and the material terms) is subject to the approval of our general meeting of shareholders. The equity plan applicable to our directors has been approved by our general meeting of shareholders.

Until May 1, 2013, each of our non-executive directors who are independent under applicable NYSE rules, other than Sponsor Directors, (the Independent Directors) received an annual cash retainer of \$60,000. Independent Directors who are members of the Audit Committee, the Compensation Committee and the Nomination and Corporate Governance Committee, other than chairpersons, each received additional annual compensation of \$10,000, \$5,000 and \$5,000, respectively, and the chairperson of each of these committees received additional annual compensation of \$15,000, \$10,000 and \$10,000, respectively. Each Independent Director received \$2,000 of additional compensation for each meeting attended in excess of five meetings in one year. Fees are paid quarterly.

Effective May 1, 2013, each of our Independent Directors received an annual cash retainer of \$70,000. Committee membership fees and meeting fees remained as described above, but chairpersons of the Audit, Compensation and Nomination and Corporate Governance Committees received \$20,000, \$15,000 and \$15,000, respectively. Annual equity grants were made entirely in Deferred Stock Units (DSUs) with a fair market value of \$120,000. A DSU represents an unfunded and unsecured right to receive one share of Nielsen common stock following the termination of the director's services with Nielsen. The DSUs vest in four substantially equal quarterly installments. The Board of Directors previously adopted a deferred compensation plan for Independent Directors under which they may defer the receipt of their cash payments into DSUs.

On February 21, 2013, our Board of Directors approved the accrual of dividend equivalents (in the form of additional DSUs) on unvested DSUs granted to our directors.

Following a study performed by Meridian Compensation Partners, LLC, the Company's outside compensation consultant, changes were made to director compensation. Effective January 1, 2014, the annual cash retainer was increased to \$80,000, the per meeting fees were eliminated, the committee membership fees were eliminated (but the committee chairmanship fees were retained) and the annual DSU grant was increased to \$135,000.

The Company does not currently compensate non-independent or Sponsor Directors.

In connection with his departure as the Company's Chief Executive Officer and his appointment as the Executive Chairman of the Company's Board of Directors effective January 1, 2014, the Company entered into a Transition Agreement with Mr. Calhoun, dated as of November 5, 2013. For more information about the Transition Agreement, see Executive Compensation Tables and Narrative Disclosure Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2013 Table Transition Agreement.

In June 2011, our Board of Directors adopted share ownership guidelines, pursuant to which directors who receive fees for their services are required to maintain equity ownership in our Company equivalent to at least five times their annual fees. Shares beneficially owned by these directors, including vested DSUs and jointly-owned shares, are included in the calculation. These directors are expected to meet the guidelines within five years from their adoption. The Compensation Committee

reset the share ownership guidelines for Ms. Hoguet and Messrs. Ranadive and Teruel effective January 1, 2014 to reflect the latest director fee schedule as described above. The guidelines were reset using a share price of \$45.89, the price at close on December 31, 2013. The guidelines were not reset for Mr. Pozen since he had previously met them. The current guidelines and share ownership for this purpose as of February 28, 2014 are set forth below.

Mr. Pozen	5 x Fees	13,000	186,492

¹ Pursuant to the directors' deferred compensation plan, all directors elected to defer 100% of their board and committee fees into DSUs (as described above). The number of DSUs credited to the director's DSU account in lieu of his or her quarterly fees is based on the closing trading price of a share of Nielsen common stock on the date the cash fees would otherwise be payable. The dollar value of fees deferred into DSUs in 2013 for Ms. Hoguet and Messrs. Pozen, Ranadive and Teruel was \$99,250, \$101,250, \$77,500 and \$90,500, respectively. These amounts include regular board and committee fees for each such director and additional meeting fees for Board meetings attended in excess of five per calendar year (as described above) of \$8,000, \$10,000, \$10,000 and \$8,000 for Ms. Hoguet and Messrs. Pozen, Ranadive and Teruel, respectively. Amounts in this column also include the dollar value of the annual DSU grant made to each executive in 2013 (as described above) of \$120,000. DSUs were granted at fair market value on date of grant and vest in four substantially equal quarterly installments from the grant date. The dollar amount shown represents the aggregate fair value of DSUs calculated in accordance with Financial Accounting Standards Codification Topic 718, Compensation - Stock Compensation.

² These directors are affiliated with our Sponsors and received no additional compensation for serving on our Board of Directors. Mr. Chae resigned from the Board on January 25, 2013. On December 19, 2013, Messrs. Bressler, Healy and Reid resigned from the Board and Mr. Rao was appointed as a member of the Board.

Also on that date, each have an aggregate of 6,528, 6,466, 6,928 and 6,079 DSUs, respectively, which comprises DSUs received in lieu of cash board and committee fees, DSUs awarded annually under the equity

Each of Ms. Hoguet and Messrs. Certain Relationships and Related Party Transactions

SHAREHOLDERS AGREEMENT AND TERMINATION AGREEMENT

On December 21, 2006, investment funds associated with or designated by AlpInvest Partners, The Blackstone Group, The Carlyle Group, Hellman & Friedman, Kohlberg Kravis Roberts & Co. and Thomas H. Lee Partners entered into a shareholders agreement with Nielsen, Luxco and Valcon Acquisition B.V. (Valcon), a wholly-owned subsidiary of the Company. Subsequently, Centerview Partners (collectively, with the other private equity firms, the Sponsors) also became a party to the shareholders agreement. The shareholders agreement contained agreements among the parties with respect to, among other matters, the election of the members of our Board, restrictions on the issuance or transfer of securities (including tag-along rights, drag-along rights and public offering rights) and other special corporate governance provisions (including the right to approve various corporate actions and control committee composition). The shareholders agreement also provided for customary registration rights.

The shareholders agreement was subsequently amended and restated to provide for various changes in our governance, among other things, but on August 14, 2013, Nielsen entered into the Agreement Terminating the Amended and Restated Shareholders Agreement Regarding Nielsen Holdings N.V. (the Termination Agreement), dated as of August 14, 2013, with TNC B.V., Valcon, Luxco and funds associated with or designated by the Sponsors. The Termination Agreement terminates in all material respects the Amended and Restated Shareholders Agreement Regarding Nielsen Holdings N.V., dated as of January 31, 2011, as amended, by and among Nielsen, TNC, Valcon, Luxco and the Sponsors, other than with respect to certain specified provisions, including provisions regarding indemnification, access to information and confidentiality. The parties entered into the Termination Agreement in light of the Sponsor s reduced ownership of Nielsen common stock.

In connection with the Termination Agreement, on August 14, 2013, Nielsen entered into separate letter agreements with affiliates of each of The Blackstone Group, The Carlyle Group, Hellman & Friedman, Kohlberg Kravis Roberts & Co. and Thomas H. Lee Partners which provides such counterparty with the right to nominate one director to Nielsen s Board of Directors directly, rather than through Luxco, if such counterparty holds, directly or indirectly, at least 3% of Nielsen s voting power. (Hellman & Friedman no longer has a representative on our Board.)

Also in connection with the Termination Agreement, on August 14, 2013, Nielsen entered into a letter agreement with affiliates of AlpInvest Partners, which provides it with the right to receive information from the Company subject to confidentiality, insider trading restrictions and other provisions.

REGISTRATION RIGHTS AGREEMENT

In connection with our IPO, we entered into a registration rights agreement with each of the Sponsors and Luxco. Pursuant to this registration rights agreement, the Sponsors collectively have the right to an unlimited number of demand registrations, which may be exercised by Luxco at any time and from time to time after the expiration of lock-up agreements. Pursuant to such demand registration rights, we are required to register the shares of common stock beneficially owned by them directly or through Luxco with the SEC for sale by them to the public, provided that any demand that will result in the imposition of a lock-up on us and the Sponsors may not be made unless the shares requested to be sold by the demanding shareholders in such offering have an aggregate market value of at least \$100 million. In addition, in the event that we are registering additional shares of common stock for sale to the public, whether on our own behalf or on behalf of the Sponsors or other shareholders with registration rights, the Sponsors have piggyback registration rights providing them with the right to have us include the shares of common stock owned by them in any such registration. In each such event, the Company is required to pay the registration expenses.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Based on information made available to the Company, amounts held by the Sponsors and their affiliates was \$379 million as of December 31, 2013. Interest expense associated with amounts held by the Sponsors and their affiliates approximated \$12 million during the year ended December 31, 2013. The Sponsors, their subsidiaries, affiliates and controlling shareholders may, from time to time, depending on market conditions, seek to purchase debt securities issued by Nielsen or its subsidiaries or affiliates in open market or privately negotiated transactions or by other means. We make no undertaking to disclose any such transactions except as may be required by applicable laws and regulations.

EQUITY HEALTHCARE ARRANGEMENT

Effective January 1, 2009, we entered into an employer health program arrangement with Equity Healthcare LLC (Equity Healthcare). Equity Healthcare negotiates with providers of standard administrative services for health benefit plans and other related services for cost discounts, quality of service monitoring, data services and clinical consulting and oversight by Equity Healthcare. Because of the combined purchasing power of its client participants, Equity Healthcare is able to negotiate pricing terms from providers that are believed to be more favorable than the companies could obtain for themselves on an individual basis. Equity Healthcare is an affiliate of The Blackstone Group with whom Mr. Calhoun, the Executive Chairman of the Board of Directors of the Company and of the Supervisory Board of TNC B.V., is affiliated and in which he may have an indirect interest.

In consideration for Equity Healthcare's provision of access to these favorable arrangements and its monitoring of the contracted third parties delivery of contracted services to us, we have paid Equity Healthcare a fee of \$2.60 per participating employee per month (PEPM). As of December 31, 2013, we had approximately 7,000 employees enrolled in our self-insured health benefit plans in the United States. Equity Healthcare may also receive a fee from one or more of the health plans with whom Equity Healthcare has contractual arrangements if the total number of employees joining such health plans from participating companies exceeds specified thresholds. The PEPM fee for 2014 remains at \$2.60.

COMMERCIAL RELATIONSHIP WITH TIBCO

Mr. Ranadivé, who has served on the Company's Board of Directors since July 26, 2012, is the Chief Executive Officer and Chairman of the Board of Directors of TIBCO and owns approximately 7.6% of TIBCO's capital stock. During the year ended December 31, 2013, the Company paid approximately \$10.2 million to TIBCO. Of that amount, \$7.0 million was for the purchase of software licenses and \$3.2 million was for the purchase of related IT tech support services and training.

The disinterested members of the Board of Directors and our Audit Committee have approved our transactions with TIBCO from the date Mr. Ranadivé began serving on our Board of Directors in accordance with our Related Person Transaction Policy described below. On March 28, 2013, our Audit Committee preapproved the purchases of products and services from TIBCO in the amount of \$10 million in any calendar year (which amount was increased to \$11 million on December 19, 2013) or, if less, the limits imposed by the NYSE listing rules relating to director independence.

In addition, on December 19, 2013, the Audit Committee approved a one-time sale of data by the Company to TIBCO for \$2 million. It also approved a revenue-sharing agreement between the companies in the event TIBCO sells additional Nielsen data to its customers. Nielsen receives 40% of such revenue. This agreement, effective December 20, 2013, will remain in effect for three years, but it will renew for an additional two years if Nielsen's share of the revenue during the initial term exceeds \$400,000. Nielsen may elect to terminate the agreement at the end of the initial term under certain circumstances. No revenue was realized by Nielsen from this revenue-sharing agreement through December 31, 2013.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

INVESTMENT IN THE PEREG FUND

On December 3, 2012, we entered into certain agreements (the *Agreements*) with Pereg Venture Fund I, LP (*Pereg Fund*), an investment vehicle focused on investments primarily in marketing, media and advertising related to early stage technology innovations. Itzhak Fisher, our Executive Vice President, serves as the Chairman of both Pereg Ventures LLC, the investment manager of Pereg Fund (the *Investment Manager*), and Pereg Ventures GP LP, the general partner of Pereg Fund (the *General Partner*). As of December 31, 2013, Mr. Fisher owned approximately 89% of each of the Investment Manager and the General Partner. Additionally, Mr. Fisher is an investor in Pereg Fund.

Pursuant to the *Agreements*, we became a Limited Partner of Pereg Fund and committed to make an investment in Pereg Fund in the amount of the lesser of (a) 19.9% of total commitments in Pereg Fund; and (b) \$10,000,000. We are not obligated to fund our investment until such time as Pereg Fund has accepted subscriptions for commitments of \$25,000,000 or more (inclusive of our commitment). As of the date of this Proxy Statement, we have not funded our investment in Pereg Fund.

The *Agreements* provide us with the following rights (among others): (a) Pereg Fund will apply the most favorable terms that it offers to any investor to our investment; (b) the General Partner will not accept commitments from, nor allow transfers to, any person identified by us as our competitor without our prior written consent; (c) the General Partner and Pereg Fund will give us a right of first refusal to pursue any investment in a portfolio company considered by Pereg Fund which operates in a business in which we currently operate or desire to operate (a *Nielsen Business*); and (d) we will have the opportunity to make an offer to acquire Pereg Fund's interest in a portfolio company which Pereg Fund seeks to dispose of and which is engaged in a Nielsen Business. Notwithstanding the foregoing rights, we have no role in the management of Pereg Fund nor in the selection of or the decision by Pereg Fund to invest in or dispose of any of Pereg Fund's investments. Additionally, we have no oversight authority with respect to Pereg Fund, nor will we be a sponsor or manager of Pereg Fund.

The Investment Manager will charge Pereg Fund a management fee of 2% per year of each investor's committed capital in Pereg Fund. Additionally, the General Partner will receive 20% of the profits which are distributable from Pereg Fund (payable after Pereg Fund has returned invested capital to investors)(the *Carried Interest*). Mr. Fisher did not receive any form of compensation from Pereg Fund, the General Partner or the Investment Manager in the year ended December 31, 2013. Additionally, Mr. Fisher is not expected to receive any compensation when Pereg Fund closes or during its operation, and is only expected to receive his share of the Carried Interest and any amounts payable to him as a result of his investment in Pereg Fund.

On July 26, 2012, our Board of Directors (composed entirely of disinterested members) approved our investment in Pereg Fund.

ADVISORY SERVICES BY KKR CAPITAL MARKETS

On February 11, 2013, in connection with the commencement of an amendment process to improve the pricing of our senior secured term loan facilities, we entered into an advisory agreement with certain financial institutions, including KKR Capital Markets (*KCM*), whereby such institutions agreed to provide advisory services in connection with the amendment. KCM is a subsidiary of Kohlberg Kravis Roberts & Co., an entity that is one of our Sponsors and has one of its members, Alexander Navab, serving on our board of directors. In February 2013, KCM received fees of \$517,903 pursuant to the agreement.

This transaction was approved by our Audit Committee (composed entirely of disinterested members) on February 11, 2013 in accordance with our Related Person Transaction Policy.

To be eligible under the SEC's shareholder proposal rule (Rule 14a-8(e) of the Exchange Act) for inclusion in our 2015 Annual Meeting Proxy Statement and form of proxy to be made available in April 2015, a proposal must be received by the Corporate Secretary on or before December 15, 2014.

Householding of Proxy Materials

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and notices with respect to two or more shareholders sharing the same address by delivering a single proxy statement or a single notice addressed to those shareholders. This process, which is commonly referred to as "householding," provides cost savings for companies. Some brokers household proxy materials, delivering a single proxy statement or notice to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or notice, or if your household is receiving multiple copies of these documents and you wish to request that future deliveries be limited to a single copy, please notify your broker. You can also request prompt delivery of a copy of the Proxy Materials by contacting the Corporate Secretary, Nielsen Holdings N.V., 40 Danbury Road, Wilton, Connecticut 06897, (203) 563-3500.

- (a) Performance Criteria. No later than the last day of the First Quarter of a given Performance Period (or such other date as may be required or permitted under Section 162(m) of the Code), the Committee shall establish the performance objective or objectives that must be satisfied in order for a Participant to receive a bonus for each such Performance Period. Any such performance objective(s) will be based upon the relative or comparative achievement of one or more of the following criteria, as determined by the Committee: (i) consolidated income before or after taxes (including income before interest, taxes, depreciation and amortization); (ii) EBITDA; (iii) adjusted EBITDA; (iv) operating plan EBITDA; (v) operating income; (vi) net income; (vii) adjusted cash net income; (viii) adjusted cash net income per Share; (ix) net income per Share; (x) book value per Share; (xi) return on members' or shareholders' equity; (xii) expense management; (xiii) return on investment; (xiv) improvements in capital structure; (xv) profitability of an identifiable business unit or product; (xvi) maintenance or improvement of profit margins; (xvii) stock price; (xviii) market share; (xix) revenue or sales; (xx) costs; (xxi) cash flow; (xxii) working capital; (xxiii) multiple of invested capital; (xxiv) total return; and (xxv) such other objective performance criteria as determined by the Committee in its sole discretion, to the extent permitted by Section 162(m) of the Code. The foregoing criteria may relate to the Company, one or more of its Subsidiaries or one or more of its divisions or units, or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more peer group companies or indices, or any combination thereof, all as the Committee shall determine. The Committee may provide as part of any bonus opportunity intended to qualify as performance-based compensation under section 162(m) of the Code that any evaluation of performance may include or exclude the impact, if any, on reported financial results and other performance criteria described herein of any of the following events that occurs during a Performance Period: (a) asset write-downs; (b) litigation or claim judgments or settlements; (c) changes in tax laws, accounting principles or other laws or provisions; (d) reorganization or restructuring programs; (e) acquisitions or divestitures; (f) foreign exchange gains and losses; (g) gains and losses that are treated as extraordinary items under Financial Accounting Standard No. 145 (Accounting Standards Codification 225); and (h) any other event as determined by the Committee in its sole discretion to the extent permitted under Section 162(m) of the Code. To the extent such inclusions or exclusions affect bonuses to Participants, they shall be prescribed in a form that meets the requirements of Section 162(m) of the Code for deductibility.

(b) Target Incentive Bonuses: Discretionary Bonuses.

- (i) No later than the last day of the First Quarter of a given Performance Period (or such other date as may be required or permitted under Section 162(m) of the Code), the Committee shall establish incentive bonus opportunities for each individual Participant based on the attainment of one or more of the performance criteria set forth in Section 4(a).
- (ii) The Committee may also, in its sole discretion, grant separate non-performance based bonuses, if any, to such Participants, if any, as the Committee may determine, in respect of any given Performance Period, that is not subject to the requirements of Section 4(a) and (c) of this Plan. Any such discretionary bonuses shall be deemed to have been paid outside of this Plan.

(c) Determination of Bonuses/Maximum Amount Payable. As soon as practicable after the applicable Performance Period ends, the Committee shall (x) determine (i) whether and to what extent any of the performance objective(s) established for the relevant Performance Period under Section 4(a) have been satisfied and certify to such determination, and (ii) for each Participant who is employed by the Company or one of its Subsidiaries as of the date on which bonuses under the Plan for the applicable Performance Period are payable, unless otherwise determined by the Committee (to the extent permitted under Section 162(m) of the Code, to the extent applicable to the Company and the Plan), the actual bonus to which such Participant shall be entitled, taking into consideration the extent to which the performance objective(s) have been met and such other factors as the Committee may deem appropriate, and (y) cause such bonus to be paid to such Participant in accordance with Section 5. Any provision of this Plan notwithstanding, in no event shall any Participant receive a bonus under this Plan in respect of any fiscal year of the Company in excess of \$7,500,000 or in excess of the bonus amount actually earned pursuant to Section 4(b)(i).

(d) Negative Discretion. Notwithstanding anything else contained in Section 4(c) to the contrary, the Committee shall have the right, in its absolute discretion, (i) to reduce or eliminate the amount otherwise payable to any Participant under Section 4(c) based on individual performance or any other factors that the Committee, in its discretion, shall deem appropriate and (ii) to establish rules or procedures that have the effect of limiting the amount payable to each Participant to an amount that is less than the maximum amount otherwise authorized under Section 4(c).

(e) Death or Disability. If a Participant dies or becomes Disabled prior to the date on which bonuses under the Plan for the applicable Performance Period are payable, such Participant may receive an annual bonus equal to the bonus otherwise payable to such Participant based upon actual Company performance for the applicable Performance Period or, if determined by the Committee, based upon achieving targeted performance objectives, multiplied by a fraction, the numerator of which is the number of days that have elapsed during the Performance Period in which the Participant's death or Disability occurs prior to and including the date of the Participant's death or Disability and the denominator of which is the total number of days in the Performance Period or such other amount as the Committee may deem appropriate.

(f) Other Termination of Employment. Unless otherwise determined by the Committee and except as may otherwise be provided in Section 4(e) above, no bonuses shall be payable under this Plan in respect of any Performance Period to any Participant whose employment terminates prior to the last day of such Performance Period.

(g) Partial Performance Period. To the extent permitted under Section 162(m) of the Code, unless otherwise determined by the Committee, if a Participant is hired or rehired by the Company (or any of its Subsidiaries) after the beginning of a Performance Period (or such corresponding period if the Performance Period is not a fiscal year) for which a bonus is payable hereunder, such Participant may, if determined by the Committee, receive an annual bonus equal to the bonus otherwise payable to such Participant based upon actual Company performance for the applicable Performance Period or, if determined by the Committee, based upon achieving targeted

performance objectives, multiplied by a fraction, the numerator of which is the number of days of active employment with the Company (or any of its Subsidiaries) during the Performance Period and the denominator of which is the total number of days in the Performance Period or such other amount as the Committee may deem appropriate.

- (h) Change in Control. In the event of a Change in Control, the Committee (as constituted immediately prior to the Change in Control) shall, in its sole discretion, determine whether and to what extent the performance criteria have been met or shall be deemed to have been met for the year in which the Change in Control occurs and for any completed Performance Period for which a determination has not yet been made under Section 4(c).

- (i) Forfeiture/Clawback. In addition to any otherwise applicable conditions herein, the Committee may, in its sole discretion, but acting in good faith, direct that the Company recover all or a portion of any bonus payable hereunder upon the occurrence of a breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or the restatement of the Company's financial statements to reflect adverse results from those previously released financial statements, as a consequence of errors, omissions, fraud, or misconduct. For purposes of this Section 4(i), errors, omissions, fraud, or misconduct may include, but is not limited to, circumstances where the Company has been required to prepare an accounting restatement due to material noncompliance with any financial reporting requirement, as enforced by the Securities and Exchange Commission, and the Committee has determined in its sole discretion that such Participant had knowledge of the material noncompliance or the circumstances that gave rise to such noncompliance and failed to take reasonable steps to bring such noncompliance to the attention of the appropriate individuals within the Company, or the Participant personally or knowingly engaged in practices which materially contributed to the circumstances that enabled a material noncompliance to occur.

5. Payment

- (a) In General. Except as otherwise provided hereunder, payment of any bonus amount determined under Section 4 shall be made to each Participant as soon as practicable after the Committee certifies that one or more of the applicable performance objectives have been attained or, in the case of any bonus payable under the provisions of Section 4(d), after the Committee determines the amount of any such bonus; provided, however, that in any event all payments made hereunder shall be in accordance with or exempt from the requirements of Section 409A of the Code.
- (b) Form of Payment. All bonuses payable under this Plan shall be payable in cash or, at the discretion of the Committee, in awards under the Company's Equity Plan.

6. General Provisions

- (a) Effectiveness of the Plan. The Plan shall become effective on the date on which it is adopted by the Board (the Effective Date), subject to the approval of the shareholders of the Company. Unless earlier terminated, the Plan shall terminate on the date of the Company's first shareholders' meeting in 2019; provided that any bonus opportunities granted under the Plan prior to such date shall remain outstanding and payable pursuant to the Plan.
- (b) Amendment and Termination. The Board or the Committee may at any time amend, suspend, discontinue or terminate the Plan; provided, however, that no such amendment, suspension, discontinuance or termination shall materially adversely affect the rights of any Participant in respect of any fiscal year which has already commenced, and no such action shall be effective without approval by the shareholders of the Company to the extent necessary to continue to qualify the amounts payable hereunder to Covered Employees under Section 162(m) of the Code, if such amounts are otherwise intended by the Committee to be so qualified.
- (c) No Right to Continued Employment or Awards. Nothing in this Plan shall be construed as conferring upon any Participant any right to continue in the employment of the Company or any of its Subsidiaries. No Participant shall have any claim to be granted any award, and there is no obligation for uniformity of treatment of Participants or beneficiaries. The terms and conditions of awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant (whether or not the Participants are similarly situated).
- (d) No Limitation on Corporate Actions. Nothing contained in the Plan shall be construed to prevent the Company or any of its Subsidiaries from taking any corporate action which is deemed by it to be appropriate or in its best interest, whether or not such action would have an adverse effect on any awards made under the Plan. No employee, beneficiary or other person shall have any claim against the Company or any of its Subsidiaries as a result of any such action.

- (e) *Nonalienation of Benefits*. No Participant or beneficiary shall have the power or right to transfer, anticipate, or otherwise encumber the Participant's interest under the Plan. The Company's obligations under this Plan are not assignable or transferable except to (i) a corporation which acquires all or substantially all of the Company's assets or (ii) any corporation into which the Company may be merged or consolidated. The provisions of the Plan shall inure to the benefit of each Participant and the Participant's beneficiaries, heirs, executors, administrators or successors in interest.

- (f) Withholding. A Participant may be required to pay to the Company or any of its Subsidiaries and the Company or any of its Subsidiaries shall have the right and is hereby authorized to withhold from any payment due under this Plan or from any compensation or other amount owing to the Participant, applicable withholding taxes with respect to any payment under this Plan and to take such action as may be necessary in the opinion of the Company to satisfy all obligations for the payment of such withholding taxes.
- (g) Severability. If any provision of this Plan is held unenforceable, the remainder of the Plan shall continue in full force and effect without regard to such unenforceable provision and shall be applied as though the unenforceable provision were not contained in the Plan.
- (h) Governing Law. The Plan shall be governed by and construed in accordance with the laws of the State of New York without regard to conflicts of laws, except to the extent that the matter in question is mandatorily required to be governed by Netherlands law, in which case it will be governed by the applicable provision of Netherlands law.
- (i) Headings. Headings are inserted in this Plan for convenience of reference only and are to be ignored in a construction of the provisions of the Plan.
- (j) Compliance with Section 409A. The Plan is intended to comply with or be exempt from Section 409A and will be interpreted in a manner intended to comply with Section 409A. Notwithstanding anything herein to the contrary, if at the time of the Participant's separation from service with any Service Recipient the Participant is a specified employee as defined in Section 409A, and the deferral of the commencement of any payments or benefits otherwise payable hereunder as a result of such separation from service is necessary in order to prevent the imposition of any accelerated or additional tax under Section 409A, then the Company will defer the commencement of the payment of any such payments or benefits hereunder (without any reduction in such payments or benefits ultimately paid or provided to the Participant) until the date that is six months and one day following the Participant's separation from service with all Service Recipients (or the earliest date as is permitted under Section 409A), if such payment or benefit is payable upon a separation from service with any Service Recipient. Each payment made under the Plan shall be designated as a separate payment within the meaning of Section 409A.
