EXPLANATORY NOTE

This Amendment No. 1 on Form 10-K/A amends our original Annual Report on Form 10-K for the year ended December 31, 2013. The sole purpose of this Amendment No. 1 is to (i) revise MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING, appearing under Item 8, regarding management's assessment of the effectiveness of our internal control over financial reporting and the REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM of KPMG LLP also appearing under Item 8, to the extent such report refers to the separate report of KPMG LLP on the effectiveness of our internal control over financial reporting and (ii) to amend Item 9A to revise the disclosure on the effectiveness of our disclosure controls and procedures and the disclosure on, and report of KPMG LLP regarding the effectiveness of, our internal control over financial reporting. Other than the inclusion with this Amendment No. 1 of new certifications required by Rule 13a-14(a) under the Securities Exchange Act of 1934, as amended, and new consents of the independent registered public accounting firms, this Amendment No. 1 does not modify, or update any other disclosures contained in, our original Annual Report on Form 10-K for the year ended December 31, 2013.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Management's Report on Internal Control Over Financial Reporting. The management of BANC OF CALIFORNIA, INC. (the Company) is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f). The Company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America. The Company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. All internal control systems, no matter how well designed, have inherent limitations, including the possibility of human error and the circumvention of overriding controls. Accordingly, even effective internal control over financial reporting can only provide reasonable assurance with respect to financial statement preparation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2013, based on the framework set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control - Integrated Framework (1992). As included in Management's Report on Internal Control Over Financial Reporting from our previously filed Annual Report on Form 10-K for the year ended December 31, 2013, management concluded that, as of December 31, 2013, the Company's internal control over financial reporting was effective based on the criteria established in Internal Control - Integrated Framework (1992). Management subsequently determined that the material weakness described below existed as of December 31, 2013. As a result, management has concluded that, as of December 31, 2013, the Company's internal control over financial reporting was not effective based on the criteria established in Internal Control - Integrated Framework (1992).

Subsequent to the issuance of the consolidated financial statements as of and for the year ended December 31, 2013 immaterial errors related to prior periods were identified that indicated certain deficiencies existed in the Company's internal control over financial reporting. Specifically, during the year ending 2013, financial reporting resources did not sufficiently complete certain account level reviews that presented a low potential risk of material error to the Company's financial reporting, to ensure that the possibility that the aggregation of all potential errors in these accounts, which were more than remote, could not result in a material misstatement.

The Company has concluded that in 2013 these deficiencies when aggregated could have resulted in a material misstatement of the consolidated financial statements that would not have been prevented or detected on a timely basis, and as such, these control deficiencies result in a material weakness.

The material weakness did not result in any material misstatement of the Company's financial statements and disclosures for the years ended December 31, 2013, 2012, and 2011.

Remediation and Plans for Remediation. The Company believes it has made significant progress toward remediation of the underlying causes of the material weakness, having taken a number of actions to remediate the material weakness. Among other things, we have:

Appointed Robert Szniewajs as new Audit Committee chairman and Ronald Nicolas as bank Chief Financial Officer as well as hired additional accounting and finance resources and professionals, including a new Chief Accounting Officer in March 2014, a new Controller in March 2014, a Director of Accounting Policy in May 2014, and a new Director of Internal Audit, together with other new hires in the accounting, finance, and audit departments;

Designed new controls around the review and analysis of the allowance for loan and lease losses (ALLL) including the addition of a new Credit Risk Analytics team to oversee the ALLL process;

Edgar Filing: BANC OF CALIFORNIA, INC. - Form 10-K/A

Implemented a new automated accounting software platform that eliminates the reliance on manual review of significant spreadsheets; and

Established a Sarbanes-Oxley steering committee in 2014 that meets bi-weekly with the participation of the Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer, and the Director of Internal Audit.

The Company and its Board of Directors are committed to maintaining a strong internal control environment, and believe that these remediation efforts represent significant improvements in our control environment. The identified material weakness in internal control will not be considered fully addressed until the internal controls over these areas have been in operation for a sufficient period of time for our management to conclude that the material weakness has been fully remediated. The Company will continue to work on implementing and testing the new controls in order to make this final determination.

Report of Independent Registered Public Accounting Firm, KPMG LLP, the independent registered public accounting firm that audited the consolidated financial statements included in our previously filed Annual Report on Form 10-K for the year ended December 31, 2013, has reissued its report, which includes an adverse audit report on the Company's effectiveness of internal control over financial reporting.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Shareholders

Banc of California, Inc.:

We have audited the accompanying consolidated statements of financial condition of Banc of California, Inc. and subsidiaries as of December 31, 2013 and 2012, and the related consolidated statements of operations, comprehensive income (loss), shareholders' equity, and cash flows for each of the years in the two-year period ended December 31, 2013. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Banc of California, Inc. and subsidiaries as of December 31, 2013 and 2012, and the results of their operations and their cash flows for each of the years in the two-year period ended December 31, 2013, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Banc of California, Inc. and subsidiaries' internal control over financial reporting as of December 31, 2013, based on criteria established in *Internal Control - Integrated Framework (1992)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO), and our report dated March 17, 2014 (except for the restatement of the effectiveness of internal control over financial reporting for the material weakness related to financial reporting resources not sufficiently completing certain account level reviews, which is as of August 18, 2014) expressed an adverse opinion on the effectiveness of the Company's internal control over financial reporting.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors

BANC OF CALIFORNIA, INC.

Irvine, California

We have audited the accompanying consolidated statements of operations, comprehensive income (loss), shareholders' equity and cash flows of Banc of California, Inc., formerly known as First PacTrust Bancorp, Inc., (the Company) for the year ended December 31, 2011. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the results of the Company's operations and cash flows for the year ended December 31, 2011 in conformity with accounting principles generally accepted in the United States of America.
