PROXY STATEMENT

FOR

2015 ANNUAL MEETING OF STOCKHOLDERS

INFORMATION CONCERNING SOLICITATION AND VOTING

General

Our Board of Directors is soliciting Proxies for the 2015 Annual Meeting of Stockholders to be held at 550 Meridian Avenue, San Jose, California 95126 on Tuesday, May 19, 2015, at 10:00 a.m., Pacific Time. The address of our principal executive office is 550 Meridian Avenue, San Jose, California 95126 and our telephone number at this address is 408-938-5200. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters set forth in the attached Notice of Annual Meeting. Please read it carefully.

Beginning on April 8, 2015, copies of this Proxy Statement were first sent or made available to persons who were stockholders at the close of business on March 26, 2015, the record date for the annual meeting.

Notice of Internet Availability of Proxy Materials

Pursuant to rules adopted by the Securities and Exchange Commission, or the SEC, we have chosen to provide access to our proxy materials over the Internet. We are sending a Notice of Internet Availability of Proxy Materials (the Notice) to our stockholders of record and our beneficial owners. All stockholders will have the option to access the proxy materials on a website referred to in the Notice, or to request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy of the proxy materials are included in the Notice. You may also request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis.

Electronic Access to Proxy Materials

The Notice will provide you with instructions on how to:

View on the Internet our proxy materials for our annual meeting; and

Edgar Filing: ECHELON CORP - Form DEF 14A

Instruct us to send our future proxy materials to you electronically by e-mail.

Choosing to receive future proxy materials by e-mail will save us the cost of printing and mailing the proxy materials to you and will reduce the environmental impact of our annual meeting. If you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions including a link to the proxy materials and a link to the proxy voting site. Your election to receive proxy materials by e-mail will remain in effect until you terminate it.

Table of Contents

Costs of Solicitation

Echelon will pay the costs of soliciting proxies from stockholders. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners, including fees associated with:

Forwarding the Notice to beneficial owners;

Forwarding printed proxy materials by mail to beneficial owners who specifically request them; and

Obtaining beneficial owners' voting instructions.

Certain of our directors, officers and employees may solicit proxies on our behalf, without additional compensation, personally or by written communication, telephone, facsimile or other electronic means. We have engaged The Proxy Advisory Group, LLC, to provide advice relating to the solicitation of proxies and informational support, for a services fee and the reimbursement of customary disbursements that are not expected to exceed \$10,000 in the aggregate. In addition, we may engage the services of other firms or advisors to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. Our costs for such services, if retained, will not be significant.

Record Date and Shares Outstanding

Only stockholders of record at the close of business on March 26, 2015, are entitled to attend and vote at the annual meeting. On the record date, 44,111,807 shares of our common stock were outstanding and held of record.

QUESTIONS AND ANSWERS REGARDING OUR ANNUAL MEETING

Although we encourage you to read this Proxy Statement in its entirety, we include this question and answer section to provide some background information and brief answers to several questions you may have about the annual meeting or this Proxy Statement.

Q: Why am I receiving these proxy materials?

A: Our Board of Directors is providing these proxy materials for you in connection with our annual meeting of stockholders, which will take place on May 19, 2015. Stockholders are invited to attend the annual meeting and are requested to vote on the proposals described in this Proxy Statement.

Q: What is the Notice of Internet Availability?

A: In accordance with rules and regulations adopted by the SEC, instead of mailing a printed copy of our proxy materials to all stockholders entitled to vote at the annual meeting, we are furnishing the proxy materials to our stockholders over the Internet. If you received a Notice by mail, you will not receive a printed copy of the proxy materials. Instead, the Notice will instruct you as to how you may access and review the proxy materials and submit

your vote via the Internet. If you received a Notice by mail and would like to receive a printed copy of the proxy materials, please follow the instructions included in the Notice for requesting such materials.

Table of Contents

We mailed the Notice on or about April 8, 2015, to all stockholders entitled to vote at the annual meeting. On the date of mailing of the Notice, all stockholders and beneficial owners will have the ability to access all of our proxy materials on a website referred to in the Notice. These proxy materials will be available free of charge.

Q: What proposals will be voted on at the annual meeting?

A: There are two proposals scheduled to be voted on at the annual meeting:

Election of the Class B nominees for director set forth in this Proxy Statement; and

Ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015.

Q: What is Echelon's voting recommendation?

A: Our Board of Directors unanimously recommends that you vote your shares FOR the Class B nominees to our Board of Directors, and FOR ratification of the appointment of KPMG LLP as our independent registered public accounting firm.

Q: What happens if additional proposals are presented at the annual meeting?

A: Other than the two proposals described in this Proxy Statement, Echelon does not expect any additional matters to be presented for a vote at the annual meeting. If you are a stockholder of record and grant a proxy, the persons named as proxy holders, Alicia J. Moore, our Senior Vice President and General Counsel, and William R. Slakey, our Executive Vice President and Chief Financial Officer, will have the discretion to vote your shares on any additional matters properly presented for a vote at the annual meeting. If for any unforeseen reason any of Echelon's Class B nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by our Board of Directors.

Q: Who can vote at the annual meeting?

A: Our Board of Directors has set March 26, 2015 as the record date for the annual meeting. All stockholders who owned Echelon common stock at the close of business on March 26, 2015 may attend and vote at the annual meeting. Each stockholder is entitled to one vote for each share of common stock held as of the record date on all matters to be voted on. Stockholders do not have the right to cumulate votes. On March 26, 2015, there were 44,111,807 shares of our common stock outstanding. Shares held as of the record date include shares that are held directly in your name as the stockholder of record and those shares held for you as a beneficial owner through a broker, bank or other nominee.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Most stockholders of Echelon hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Table of Contents

Stockholders of Record

If your shares are registered directly in your name with Echelon's transfer agent, Computershare, you are considered the stockholder of record with respect to those shares and the Notice has been sent directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to Echelon or to vote in person at the annual meeting.

Beneficial Owners

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and the Notice has been forwarded to you by your broker, bank or other nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote and are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the annual meeting unless you request a legal proxy from the broker, bank or other nominee who holds your shares, giving you the right to vote the shares at the annual meeting.

Q: How many votes does Echelon need to hold the annual meeting?

A: A majority of Echelon's outstanding shares as of the record date must be present at the annual meeting in order to hold the meeting and conduct business. This is called a quorum. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Shares also are counted as present at the meeting if you:

are present and vote in person at the meeting; or

have properly submitted a proxy card or voting instruction card or voted via the Internet or by telephone.

Q: What is the voting requirement to approve each of the proposals?

A: *Proposal One* Directors are elected by a plurality vote, and therefore the individuals receiving the highest number of FOR votes will be elected. Votes of WITHHOLD and broker non-votes have no legal effect on the election of directors due to the fact that such elections are by a plurality. You may vote either FOR or WITHHOLD on the Class B nominees for election as directors.

Proposal Two The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote is required to ratify the appointment of KPMG LLP as our Company's independent registered public accounting firm. You may vote FOR, AGAINST or ABSTAIN on Proposal Two. Abstentions are deemed to be votes cast and have the same effect as a vote against the proposal. However, broker non-votes are not deemed to be votes cast and, therefore, are not included in the tabulation of the voting results on the proposal.

Q: *Who counts the votes?*

A: Voting results are tabulated and certified by Broadridge Financial Solutions, Inc.

-4-

Table of Contents

Q: What happens if I do not cast a vote?

A: *Stockholders of record* If you are a stockholder of record and you do not cast your vote, no votes will be cast on your behalf on any of the items of business at the annual meeting. However, if you submit a signed proxy card with no further instructions, the shares represented by that proxy card will be voted as recommended by our Board of Directors.

Beneficial owners If you hold your shares in street name, it is critical that you cast your vote if you want it to count in the election of directors (Proposal One) because if you do not indicate how you want your shares voted on such proposals, your bank, broker or other nominee is not allowed to vote those shares on your behalf on a discretionary basis. Thus, if you hold your shares in street name and you do not instruct your bank, broker or other nominee how to vote in the election of directors, no votes will be cast on your behalf. Your bank, broker or other nominee will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of our Company's independent registered public accounting firm (Proposal Two).

Q: How can I vote my shares in person at the annual meeting?

A: Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to vote in person, please bring your proxy card or proof of identification to the annual meeting. Even if you plan to attend the annual meeting, Echelon recommends that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting. If you hold your shares in street name, you must request a legal proxy from your broker, bank or other nominee in order to vote in person at the annual meeting.

Q: How can I vote my shares without attending the annual meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the annual meeting. If you are a stockholder of record, you may vote by submitting a proxy; please refer to the voting instructions in the Notice or below. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, bank or other nominee; please refer to the voting instructions provided to you by your broker, bank or other nominee.

Internet Stockholders of record with Internet access may submit proxies by following the *Vote by Internet* instructions on the Notice until 11:59 p.m., Eastern Time, on May 18, 2015, or by following the instructions at www.proxyvote.com. Most of our stockholders who hold shares beneficially in street name may vote by accessing the website specified in the voting instructions provided by their brokers, banks or other nominees. A large number of banks and brokerage firms are participating in Broadridge Financial Solutions, Inc.'s online program. This program provides eligible stockholders the opportunity to vote over the Internet or by telephone. Voting forms will provide instructions for stockholders whose bank or brokerage firm is participating in Broadridge's program.

Telephone If you request a printed set of the proxy materials, you will be eligible to submit your vote by telephone.

Mail If you request a printed set of the proxy materials, you may indicate your vote by completing, signing and dating the proxy card or voting instruction form where indicated and by returning it in the prepaid envelope that will be provided.

Table of Contents

Q: How can I change or revoke my vote?

A: Subject to any rules your broker, bank or other nominee may have, you may change your proxy instructions at any time before your proxy is voted at the annual meeting.

Stockholders of record If you are a stockholder of record, you may change your vote by (1) filing with our Senior Vice President, General Counsel and Secretary, prior to your shares being voted at the annual meeting, a written notice of revocation or a duly executed proxy card, in either case dated later than the prior proxy relating to the same shares, or (2) attending the annual meeting and voting in person (although attendance at the annual meeting will not, by itself, revoke a proxy). Any written notice of revocation or subsequent proxy card must be received by our Senior Vice President, General Counsel and Secretary prior to the taking of the vote at the annual meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to our Senior Vice President, General Counsel and Secretary or should be sent so as to be delivered to our principal executive offices, Attention: General Counsel.

Beneficial owners If you are a beneficial owner of shares held in street name, you may change your vote (1) by submitting new voting instructions to your broker, bank or other nominee, or (2) by attending the annual meeting and voting in person if you have obtained a legal proxy giving you the right to vote the shares from the broker, bank or other nominee who holds your shares.

In addition, a stockholder of record or a beneficial owner who has voted via the Internet or by telephone may also change his, her or its vote by making a timely and valid later Internet or telephone vote no later than 11:59 p.m., Eastern Time, on May 18, 2015.

Q: Where can I find the voting results of the annual meeting?

A: The preliminary voting results will be announced at the annual meeting. The final results will be reported in a current report on Form 8-K filed within four business days after the date of the annual meeting.

Q: Who are the proxies and what do they do?

A: The two persons named as proxies on the proxy card, Alicia J. Moore, our Senior Vice President and General Counsel, and William R. Slakey, our Executive Vice President and Chief Financial Officer, were designated by our Board of Directors. All properly executed proxies will be voted (except to the extent that authority to vote has been withheld) and where a choice has been specified by the stockholder of record as provided in the proxy card, it will be voted in accordance with the instructions indicated on the proxy card. If you are a stockholder of record and submit a signed proxy card, but do not indicate your voting instructions, your shares will be voted as recommended by our Board of Directors.

Q: What should I do if I receive more than one Notice or set of proxy materials?

A: If you received more than one Notice or set of proxy materials, your shares are registered in more than one name or brokerage account. Please follow the voting instructions on each Notice or voting instruction card that you receive to ensure that all of your shares are voted.

Q: How may I obtain a separate Notice or a separate set of proxy materials?

A: If you share an address with another stockholder, each stockholder may not receive a separate Notice or a separate copy of the proxy materials. Stockholders who do not receive a separate Notice or a

Table of Contents

separate copy of the proxy materials may request to receive a separate Notice or a separate copy of the proxy materials by contacting our Investor Relations department (i) by mail at 550 Meridian Avenue, San Jose, California 95126, (ii) by calling us at 408-938-5252, or (iii) by sending an email to mlarsen@echelon.com. Alternatively, stockholders who share an address and receive multiple Notices or multiple copies of our proxy materials may request to receive a single copy by following the instructions above.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Echelon or to third parties except (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, or (3) to facilitate a successful proxy solicitation by our Board of Directors. Occasionally, stockholders provide written comments on their proxy cards, which are then forwarded to Echelon's management.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Our stockholders may submit proposals that they believe should be voted upon at our 2016 annual meeting or nominate persons for election to our Board of Directors. Stockholders may also recommend candidates for election to our Board of Directors (See *Corporate Governance and Other Matters Consideration of Stockholder Recommendations and Nominations of Board Members*). Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, some stockholder proposals may be eligible for inclusion in our 2016 proxy statement and proxy. Any such stockholder proposals must be submitted in writing to the attention of Alicia J. Moore, Senior Vice President, General Counsel and Secretary, Echelon Corporation, 550 Meridian Avenue, San Jose, California 95126, no later than December 10, 2015, which is the date 120 calendar days prior to the one-year anniversary of the mailing date of this Proxy Statement. Stockholders interested in submitting such a proposal are advised to contact knowledgeable legal counsel with regard to the detailed requirements of applicable securities laws. The submission of a stockholder proposal does not guarantee that it will be included in our 2016 proxy statement.

Alternatively, under our Bylaws, a proposal or a nomination that the stockholder does not seek to include in our 2016 proxy statement pursuant to Rule 14a-8 may be submitted in writing to Alicia J. Moore, Senior Vice President, General Counsel and Secretary, Echelon Corporation, 550 Meridian Avenue, San Jose, California 95126, for the 2016 annual meeting of stockholders not less than 20 days nor more than 60 days prior to the date of such meeting. Note, however, that in the event we provide less than 30 days' notice or prior public disclosure to stockholders of the date of the 2016 annual meeting, any stockholder proposal or nomination not submitted pursuant to Rule 14a-8 must be submitted to us not later than the close of business on the tenth day following the day on which notice of the date of the 2016 annual meeting was mailed or public disclosure was made. For example, if we provide notice of our 2016 annual meeting on April 21, 2016 for a 2016 annual meeting on May 19, 2016, any such proposal or nomination will be considered untimely if submitted to us after May 1, 2016. For purposes of the above, public disclosure means disclosure in a press release reported by the Dow Jones News Service, Associated Press or a comparable national news service, or in a document publicly filed by us with the SEC. As described in our Bylaws, the stockholder submission must include certain specified information concerning the proposal or nominee, as the case may be, and information as to the stockholder's ownership of our common stock. If a stockholder gives notice of such a proposal after the deadline computed in accordance with our Bylaws, or the Bylaw Deadline, the stockholder will not be permitted to present the proposal to our stockholders for a vote at the 2016 annual meeting.

Table of Contents

The rules of the SEC also establish a different deadline for submission of stockholder proposals that are not intended to be included in our 2016 proxy statement with respect to discretionary voting, or the Discretionary Vote Deadline. The Discretionary Vote Deadline for the 2016 annual meeting is February 23, 2016, the date which is 45 calendar days prior to the one-year anniversary of the mailing date of this Proxy Statement. If a stockholder gives notice of such a proposal after the Discretionary Vote Deadline, our proxy holders will be allowed to use their discretionary voting authority to vote against the stockholder proposal when and if the proposal is raised at the 2016 annual meeting.

Because the Bylaw Deadline is not capable of being determined until we publicly announce the date of our 2016 annual meeting, it is possible that the Bylaw Deadline may occur after the Discretionary Vote Deadline. In such a case, a proposal received after the Discretionary Vote Deadline but before the Bylaw Deadline would be eligible to be presented at the 2016 annual meeting and we believe that our proxy holders at such meeting would be allowed to use the discretionary authority granted by the proxy to vote against the proposal at such meeting without including any disclosure of the proposal in the proxy statement relating to such meeting.

CORPORATE GOVERNANCE AND OTHER MATTERS

Corporate Governance

Corporate Governance Guidelines

Our Board of Directors first adopted written Corporate Governance Guidelines in November 2002, and reviews them no less than annually. The Corporate Governance Guidelines outline, among other matters, the role and functions of our Board of Directors and the composition and responsibilities of various committees of our Board of Directors. The Corporate Governance Guidelines are available, along with other important corporate governance materials, at the corporate governance section of our website at www.echelon.com.

The Corporate Governance Guidelines provide, among other things, that:

A majority of our directors must meet the independence criteria established by NASDAQ.

If the Chairman of the Board is not an independent director, then a Lead Independent Director must be appointed by the outside directors to assume the responsibility of chairing the regularly scheduled meetings of outside directors.

Our Board of Directors shall have a policy of holding separate meeting times for outside directors.

All of the members of the Nominating and Corporate Governance Committee, the Audit Committee, and the Compensation Committee must meet the criteria for independence established by NASDAQ, except that our Board of Directors may make exceptions to this policy with respect to the Nominating and Corporate Governance Committee that are consistent with regulatory requirements.

Our Board of Directors shall have responsibility over such matters as overseeing our Chief Executive Officer and other senior management in the competent and ethical operation of our

Table of Contents

Company, gathering and analyzing information obtained from management, retaining counsel and expert advisors, and overseeing and monitoring the effectiveness of governance practices.

In April, 2008, our Board of Directors appointed Robert J. Finocchio, Jr. as Lead Independent Director. Pursuant to the Corporate Governance Guidelines, the Lead Independent Director is selected by our non-employee directors and assumes the responsibilities of chairing meetings of non-employee directors, serving as the liaison between our Chief Executive Officer, Chairman of the Board, and our independent directors; approving Board of Directors meeting agendas and schedules; reviewing information flow to our Board of Directors; and performing such further responsibilities as the non-employee directors as a whole designate from time to time.

As the operation of our Board of Directors is a dynamic process, our Board of Directors regularly reviews dynamic legal and regulatory requirements, evolving best practices and other developments. Accordingly, our Board of Directors may modify the Corporate Governance Guidelines from time to time, as it deems appropriate.

In October, 2011, our Board of Directors appointed Ronald A. Sege, our Chief Executive Officer and President, to serve also as Chairman of the Board. Our Board annually reviews the roles, responsibilities and appointments. In January 2015, our Board of Directors reaffirmed, Mr. Finocchio's appointment as our Lead Independent Director.

Board Leadership Structure and Role in Risk Management

Our Company's management is responsible for the day to day assessment and management of the risks we face. Our Board of Directors administers its risk oversight function directly and through the Board Committees. Management regularly reports to our Board of Directors and/or the relevant Committee regarding identified or potential risks. The general areas of material risk to our Company include strategic, operational, financial, regulatory, and legal risks. Our Board of Directors regularly reviews our Company's strategies and attendant risks, and provides advice and guidance on strategies to manage these risks while attaining long- and short-term goals.

Operational risks, including supply risks that might cause, and reputational risks that might result from, operational issues, and financial risks, including internal controls and credit risk associated with our customers, as well as overall economic risks, are within the purview of our Audit Committee. The Audit Committee's review is accompanied by regular reports from management and assessments from our Company's internal and external auditors. In assessing legal or regulatory risks, our Board of Directors and the Audit Committee are advised by management, legal counsel, and experts, as appropriate.

Our Compensation Committee is responsible for overseeing the management of risks associated with executive and employee compensation plans and retention, with the goal to ensure that our Company's compensation programs remain consistent with our stockholders' interests, that such programs do not encourage excessive risk-taking, and that such programs are designed to retain valued executives and employees.

The Nominating and Corporate Governance Committee will consider both recommendations and nominations from stockholders for candidates to our Board of Directors. A stockholder who desires to recommend a candidate for election to our Board of Directors shall direct the recommendation in writing to the Company Corporate Secretary, Echelon Corporation, 550 Meridian Avenue, San Jose, California 95126,

and must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and our Company within the last three years, and evidence of the nominating person's ownership of our stock and amount of stock holdings. For a stockholder recommendation to be considered by the Nominating and Corporate Governance Committee as a potential candidate at an annual meeting, nominations must be received on or before the deadline for receipt of stockholder proposals.

If, instead, a stockholder desires to nominate a person directly for election to our Board of Directors, the stockholder must follow the rules set forth by the SEC (see *Deadline for Receipt of Stockholder Proposals*) and meet the deadlines and other requirements set forth in our Bylaws, including providing: (1) as to each person, if any, whom the stockholder proposes to nominate for election or re-election as a director: (a) the name, age, business address and residence address of such person, (b) the principal occupation or employment of such person, (c) the class and number of shares of our Company which are beneficially owned by such person, (d) any other information relating to such person that is required by law to be disclosed in solicitations of proxies for election of directors, and (e) such person's written consent to being named as a nominee and to serving as a director if elected; and (2) as to the stockholder giving the notice: (a) the name and address, as they appear on our Company's books, of such stockholder, (b) the class and number of shares of our Company which are beneficially owned by such stockholder, and (c) a description of all arrangements or understandings between such stockholder and each nominee and any other person or persons (naming such person or persons) relating to the nomination.

Identifying and Evaluating Nominees for our Board of Directors

The Nominating and Corporate Governance Committee shall use the following procedures to identify and evaluate the individuals that it selects, or recommends that our Board of Directors select, as director nominees:

The Committee shall review the qualifications of any candidates who have been properly recommended or nominated by stockholders, as well as those candidates who have been identified by management, individual members of our Board of Directors or, if the Committee determines, a search firm. Such review may, in the Committee's discretion, include a review solely of information provided to the Committee or may also include discussions with persons familiar with the candidate, an interview with the candidate, or other actions that the Committee deems proper.

The Committee shall evaluate the performance and qualifications of individual members of our Board of Directors eligible for re-election at the annual meeting of stockholders.

The Committee shall consider the suitability of each candidate, including the current members of our Board of Directors, in light of the current size and composition of our Board of Directors. In evaluating the suitability of the candidates, the Committee considers many factors, including, among other things, issues of character, judgment, independence, age, expertise, diversity of experience, length of service, other commitments and the like. Diversity is also an important factor for the Committee to consider. The Committee evaluates such factors, among others, and considers each individual candidate in the context of the current perceived needs of our Board of Directors as a whole. Except as may be required by rules promulgated by NASDAQ or the SEC, it is the current sense of the Committee that there are no specific minimum qualifications that must be met by each candidate for our Board of Directors, nor are there

specific qualities or skills that are necessary for one or more of the members of our Board of Directors to possess.

Table of Contents

After such review and consideration, the Committee selects, or recommends that our Board of Directors select, the slate of director nominees, either at a meeting of the Committee at which a quorum is present or by unanimous written consent of the Committee.

The Committee will endeavor to notify, or cause to be notified, all director candidates of its decision as to whether to nominate such individual for election to our Board of Directors.

Payments, if any, to directors for serving on these committees are determined by our Board of Directors on a real-time basis. All Board and committee meeting consideration is payable quarterly in arrears of the quarter in which the date of such meeting occurred.

Furthermore, our Board of Directors adopted a program for automatically granting awards of nonqualified stock options to non-employee directors under our 1997 Stock Plan. Such program provides for the automatic grant of an option to purchase 25,000 shares of common stock on the date on which such person

In accordance with its charter, the Audit Committee approves in advance all audit and non-audit services to be provided by KPMG LLP. During fiscal year 2014, 100% of the services were pre-approved by the Audit Committee in accordance with this policy.

Stockholder ratification of the selection of KPMG LLP as our independent registered public accounting firm is not required by our Bylaws or other applicable legal requirement. However, our Board of Directors is submitting the selection of KPMG LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee at its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

EXECUTIVE COMPENSATION AND RELATED MATTERS

Compensation Discussion and Analysis

This section discusses the principles underlying our policies and our Compensation Committee s decisions concerning the compensation of our executive officers and the reasons those decisions were made.

Executive Summary

Pay for Performance

The cornerstone of our executive compensation program is pay for performance. Accordingly, while we pay competitive base salaries and other benefits, a significant portion of the Named Executive Officers compensation opportunity is based on variable pay.

In 2014, our Company responded to challenging and dynamic business and market conditions by implementing a fundamental change in Company organization structure designed to bring more focus and accountability to distinct market opportunities in the respective Grid Modernization and the emerging Industrial Internet of Things markets. Our goal was to streamline decision-making, create clearer accountability for short- and long-term results, and focus resources on the highest priorities for our business.

Recognizing the continuing challenges facing our business and focusing on pay for performance within the revised structure, the Compensation Committee decided not to make any adjustments to the base salaries of the Named Executive Officers for 2014. Reflecting its pay for performance emphasis, the Compensation Committee approved a 2014 Bonus Plan to be funded by cash generated above the operating plan target and to pay out for achievement of specific business metrics, in alignment with the Company s business plan, for each of the Internet of Things, Grid Modernization and Shared Services groups. The metrics included specific revenue, bookings, contribution margin and operating expense targets.

Table of Contents

The Plan as it applied to the Company's Senior Vice President and General Manager, Grid Modernization, was tied to 33.3% to revenue targets, 33.3% to bookings targets and 33.3% to contribution margin, in each case for the full year 2014.

The Plan as it applied to the Chief Executive Officer and Chief Financial Officer and certain other officers eligible to earn cash payouts was tied 33.3% to Internet of Things revenue and contribution margin targets, 33.3% to Grid Modernization revenue, bookings and contribution margin targets; and 33.3% to Shared Expenses targets.

Following the end of fiscal 2014, the Compensation Committee reviewed achievement against the 2014 Bonus Plan metrics, and determined that the specific business metrics had not been met. Accordingly, no participant received any of the target annual cash incentive under the 2014 Bonus Plan.

The Compensation Committee also approved an equity participation incentive program for 2014 consisting of performance based RSUs. The grants of RSUs under this program were divided and tied to specific performance criteria by each functional group across the Company, including the Internet of Things, Grid Modernization, Finance, Human Resources, Information Technology, Legal, Marketing, and Operations. The performance RSUs granted to the Chief Executive Officer and Chief Financial Officer and certain other officers would be earned based on: 33% for Grid Modernization performance criteria, 33% for Internet of Things performance criteria, 17% for Finance/HR/IS/Legal performance criteria and 17% for Marketing performance criteria. The performance RSUs granted to the Senior Vice President and General Manager, Grid Modernization, would be earned based on 100% for Grid Modernization performance criteria. Each grant included an additional condition that the participant remain an employee through March 14, 2015 in order to vest. In this manner, the Compensation Committee intended to tie performance rewards with Company goals, align objectives with creation of shareholder value, and retain talent.

Following the end of fiscal 2014, the Compensation Committee reviewed the performance criteria, and determined that out of the 953,300 RSUs granted under the program, 419,100 were cancelled due to termination of employment, largely in conjunction with the sale of the Company's Grid Modernization business. Of the remaining 534,200 shares eligible for vesting, 280,950 shares were forfeited because the Company did not fully meet each element of the criteria for the Internet of Things performance, 90,950 shares were forfeited because the Company did not fully meet each element of the criteria for the Grid Modernization performance, and 13,251 shares were forfeited because the Company did not fully meet each element of the criteria for the performance in Marketing. The performance criteria that were met resulted in an aggregate of 149,049 earned performance RSUs that were eligible to vest, and did vest, on March 14, 2015. See ***What Decision did the Compensation Committee make with respect to long-term incentive compensation in 2014***, for a chart detailing the grants and vesting to the Named Executive Officers under this equity incentive program.

Corporate Governance Best Practices

Our Company endeavors to maintain sound governance standards consistent with our executive compensation policies and practices. The Compensation Committee evaluates our executive compensation program on an ongoing basis to ensure that it is consistent with our Company's short-term and long-term goals, given the dynamic nature of our business and the market in which we compete for executive talent. The following policies and practices were in effect during 2014:

Independent Compensation Committee. The Compensation Committee is comprised solely of independent directors who have established effective means for communicating with stockholders

regarding their executive compensation ideas and concerns.

Table of Contents

Independent Compensation Committee Advisors. The Compensation Committee engaged its own compensation consultant to assist with its 2014 compensation reviews. This consultant performed no consulting or other services for our Company.

Annual Executive Compensation Review. The Compensation Committee conducted an annual review and approval of our compensation strategy, including a review to ensure that our compensation-related risks are not reasonably likely to have a material adverse effect on our Company.

Executive Compensation Policies and Practices. Our compensation philosophy and related corporate governance policies and practices are complemented by several specific compensation practices that are designed to align our executive compensation with long-term stockholder interests, including the following:

Compensation At-Risk. Our executive compensation program is designed so that a significant portion of compensation is at risk based on corporate performance, as well as equity-based to align the interests of our executive officers and stockholders;

No Special Retirement Plans. We do not currently offer, nor do we have plans to provide, pension arrangements, retirement plans (other than the broad-based Company-sponsored 401(k) plan) or nonqualified deferred compensation plans or arrangements to our executive officers;

No Perquisites. We do not provide any perquisites or other personal benefits to our executive officers;

No Tax Reimbursements. We do not provide any tax reimbursement payments (including gross-ups) on any perquisites or other personal benefits, other than standard relocation benefits;

No Special Health or Welfare Benefits. Our executive officers participate in broad-based Company-sponsored health and welfare benefits programs on the same basis as our other full-time, salaried employees;

Double-Trigger Change in Control Arrangements. All change in control payments and benefits are based on a double-trigger arrangement (that is, they require both a change in control of our Company plus a qualifying termination of employment before payments and benefits are paid);

Performance-Based Incentives. We use performance-based short- and long-term incentives;

Multi-Year Vesting Requirements. The new-hire and annual equity awards granted to our executive officers typically vest or are earned over multi-year periods, consistent with current market practice and our retention objectives; and

Hedging Prohibited. We prohibit our employees from hedging any securities of our Company.

Results of Prior Stockholder Advisory Vote

At our 2014 Annual Meeting of Stockholders, our stockholders strongly approved the compensation of the Named Executive Officers, with 16,851,717 votes cast in favor of our say-on-pay proposal and 1,261,278 votes cast against the proposal. As we evaluated our executive compensation program for 2014, we considered the strong support our stockholders expressed in our approach to setting reasonable executive compensation that both retains and motivates the Named Executive Officers and closely aligns their interests with those of our stockholders. Accordingly, our Board of Directors determined to retain the general philosophy and structure of our executive compensation program for 2014.

Executive Compensation Questions and Answers

Q. What is our Company's overall executive compensation philosophy?

A. Our executive compensation programs are designed to meet the following objectives:

Attract and retain motivated and talented executives with a view to the competitive nature of the marketplace in Silicon Valley and other areas in which we seek talent;

Motivate our executives to perform to their best abilities through a compensation strategy that includes meaningful pay for performance;

Position base salary, targeted variable compensation and equity compensation to the 50th to 75th percentile of competitive market compensation (based on a comparison to similarly situated companies);

Link executive compensation to our Company's performance and the individual's performance;

Align the interests of our executives with those of our stockholders by (i) providing our executive officers with incentives to attain our long-term goals, (ii) specifically linking our financial and operating results to compensation paid to our executive officers, and (iii) with respect to long-term equity compensation, generally keeping within industry guidelines for dilution; and

Provide a compensation structure that is not only competitive in our geographic and industry areas, but is internally equitable and consistent based on level of responsibilities and performance.

These objectives fit within our overall compensation philosophy by providing incentive to our executive officers continuously to work to improve our performance, as well as position our Company for long-term growth. Our compensation philosophy is also intended to enhance stockholder value, provide proper compliance with regulatory and related requirements, and create a cohesive executive team.

To meet these objectives, we have designed an executive compensation program based on the following general policies:

Pay fixed compensation in the form of base salaries that are competitive with the practices of other comparable technology companies in our region.

Pay for variable compensation:

through an annual bonus plan that is based upon our performance when compared to our annual financial and strategic objectives; and

by providing significant long-term incentives in the form of equity awards, specifically in the form of options to purchase shares of our common stock and/or performance shares awards covering shares of our common stock, to motivate and retain those individuals with the leadership abilities necessary to increase long-term stockholder value, and to align behavior with stockholder interests.

Q. Who are the Named Executive Officers?

A. The Named Executive Officers include our principal executive officer, principal financial officer and the three other most highly-compensated executive officers of our Company as follows:

Title	Name
Chairman of the Board, Chief Executive Officer and President	Ronald A. Sege
Executive Vice President and Chief Financial Officer	William R. Slakey
Former Senior Vice President and General Manager - Grid Modernization	Michael T. Anderson (1)
Senior Vice President, General Counsel and Secretary	Alicia J. Moore
Former Senior Vice President of Operations	Russell R. Harris (2)

- (1) Mr. Anderson's position was terminated without cause as a result of the sale of the Grid Modernization business.
 (2) Mr. Harris' employment with the Company terminated on March 16, 2015.

Q. What is the role of the Compensation Committee of our Board of Directors?

A. The Compensation Committee is responsible for ensuring compliance with our executive compensation objectives and policies. Accordingly, the Compensation Committee reviews and approves our annual executive compensation arrangements, including approving specific performance objectives for the annual management bonus plan. These arrangements include, among other items, annual base salary, an annual incentive bonus opportunity, long-term incentive compensation in the form of equity awards, and certain other benefits. In performing these duties, the Compensation Committee is assisted by our Human Resources Department and receives input from our executive management, particularly our Chief Executive Officer, Chief Financial Officer and Senior Vice President and General Counsel, as well as independent compensation consultants.

Management provides the Compensation Committee with information about our Company and individual executive performance, market data, and management's perspective and recommendations on compensation matters. The Compensation Committee is authorized to obtain the assistance of compensation and legal consultants at any time, and may also rely on consultants retained by our Company. In 2014, we retained the services of Compensia, a

management compensation consulting firm that provides executive compensation advisory services, to provide input regarding executive compensation, including base salary, annual bonuses, long-term incentive compensation and other benefits or compensation.

The Compensation Committee approves and interprets our executive compensation and benefits plans and policies, including our stockholder-approved 1997 Stock Plan. The Compensation Committee is appointed by our Board of Directors, and consists entirely of directors who are independent for purposes of

the listing standards of the NASDAQ Stock Market, outside directors for purposes of Section 162(m) of the Code, and non-employee directors for purposes of Rule 16b-3 of the Securities Exchange Act of 1934, as amended. The Compensation Committee regularly meets in executive session without management present.

Q. What is the role of our Chief Executive Officer in compensation decisions?

A. Our Chief Executive Officer sets individual performance objectives, in line with the corporate objectives, for each executive officer (other than himself) at the beginning of the calendar year and reviews the performance of our executive officers during the year as well as during an annual review process following the end of the calendar year. He then presents his findings to the Compensation Committee, together with recommendations for their compensation arrangements. In 2014, our Chief Executive Officer also obtained input about comparative salary data within comparator technology companies from Compensia.

In 2014, we implemented an employee performance management feedback program under which employees, including each of our executive officers, is asked to establish specific, measurable performance objectives that are consistent with our overall business objectives. Our executive officers' objectives are approved by our Chief Executive Officer who evaluates each executive officer periodically against those objectives. In evaluating each executive officer, it is the view of our Chief Executive Officer and the Compensation Committee that he or she is expected to perform at a very high level and to also function as an integral part of a cohesive team. The goals of the performance management feedback program are to provide objective criteria against which to evaluate the performance of our executive officers and support a pay for performance culture.

The Compensation Committee considers these findings and recommendations, but makes its own final determinations. This review process is generally conducted in advance of annual base salary adjustments, if any, the adoption of the annual management bonus program for the year, and the grant of annual equity awards.

The Compensation Committee alone or in consultation with our full Board of Directors (other than our Chief Executive Officer) reviews the performance of our Chief Executive Officer. As with the other executive officers, our Chief Executive Officer is expected to perform at a very high level.

Q: What is the role of compensation consultants and competitive positioning in determining executive compensation?

A. In 2013, we engaged Compensia to provide input on a broad range of executive matters, including base salary, annual cash bonuses, long-term incentive compensation, and post-employment compensation practices. Specifically, in 2013 Compensia provided information on annual incentive compensation plan design and post-employment compensation practices. In 2014, we received data from Compensia relating to base salary against comparative technology companies.

The Compensation Committee uses compensation surveys and publicly-available data, as well as advice from our independent advisors. In addition, although we did not conduct a competitive market analysis for purposes of establishing executive compensation levels in 2014, the Compensation Committee did consider and rely on the data previously collected and analyzed as part of its compensation-setting process. In 2014, the Compensation Committee used compensation data drawn from peer companies, including the following, as a reference in making its executive compensation decisions:

Table of Contents

Bigband Networks, Inc.	Falconstor Software, Inc.	Radisys Corporation
Blue Coat Systems, Inc.	Globecom Systems Inc.	Silver Spring Networks, Inc.
DDi Corp	Infinera Corporation	Sonus Networks, Inc.
Demandtec, Inc.	Internap Network Services Corporation	Tessera Technologies, Inc.
Digi International Inc.	Maxwell Technologies Inc.	TiVo Inc.
Emulex Corporation	OPNET Technologies, Inc.	Zygo Corporation
Extreme Networks, Inc.	Powersecure International, Inc.	

This compensation peer group was the same group of peer companies that were selected and used for purposes of evaluating the competitive market in 2013. The Compensation Committee considered and discussed a number of factors, including the dynamics both in the Company's current and proposed positioning and focus, as well as the broad nature of the Internet of Things market, and the wide variety in size and scope of companies focusing on that market; and the Compensation Committee determined that the size and composition of the existing peer group provided the appropriate benchmarking in 2014.

Q. What are the elements of our Company's executive compensation program?***A. Our executive officers' compensation has three primary components:***

Base salary;

Annual cash bonus opportunities through our annual management bonus plan; and

Long-term incentive compensation in the form of annual equity awards.

In addition, we provide our executive officers with 401(k), vacation, health and welfare benefits that are available to all salaried employees in the geographical location in which they are based. We do not provide pension arrangements, deferred compensation or other similar benefits to our current executive officers.

We believe that this combination of elements provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term stockholder value, and is conducive to executive recruitment and retention.

Q. When are decisions concerning executive compensation made?

A. Typically, the Compensation Committee makes its decisions concerning base salaries and target annual cash bonus opportunities of our executive officers early in the year, as was the case in 2014. Decisions regarding executive compensation may also be made at other times of the year.

Our equity compensation grant guidelines, which are described below, call for annual equity awards to be made effective on the date of our Annual Meeting of Stockholders, or such other date as is selected by the Compensation Committee. Although our most recent Annual Meeting of Stockholders was held on May 20, 2014, because we were determined to revise the design of our equity awards plan to include specific performance criteria to support corporate goals, and consistent with the equity grant date the prior year, the equity awards granted to our executive officers, including the Named Executive Officers, were made on June 10, 2014.

Table of Contents**Q: How are individual performance and other factors taken into consideration when making executive compensation decisions?**

A: As noted above, the Compensation Committee relies on input from our Chief Executive Officer to evaluate the performance of our executive officers. For example, our Chief Executive Officer meets frequently with each of our executive officers, enabling him to develop in-depth knowledge of each executive officer's performance. In addition, in 2014 we continued the implementation of our employee performance management feedback program described above. Under this program, each executive officer's objectives reflected the applicable department's overall objectives and were approved by our Chief Executive Officer. Our Chief Executive Officer and each executive officer are expected to periodically evaluate the executive officer's performance against those objectives. The Chief Executive Officer then reviews the strengths, accomplishments and areas for growth of each executive with the Compensation Committee.

Q: How are base salaries determined?

A: Base salary is used in our executive compensation program as a means to attract and retain qualified executives, and to be competitive in our geographic region and industry sector. The Compensation Committee sets the base salaries of our executive officers, including the Named Executive Officers, to compensate them for services rendered during the year, and to meet competitive norms and reward performance on an annual basis. As described above, the Compensation Committee used competitive market data as a reference source when making compensation decisions to keep our base salaries competitive with the market. In addition, when considering base salary adjustments, the Compensation Committee also considers each executive officer's current performance, expected future contributions, and internal equity.

For 2014, the Compensation Committee, in recognition of the continuing challenges facing our business and industry sector, decided not to make any adjustments to the base salaries of the Named Executive Officers.

The following table sets forth the annual base salaries of the Named Executive Officers for 2014:

Named Executive Officer	Title	2014 Salary
Ronald A. Sege	Chairman of the Board, Chief Executive Officer and President	\$ 400,000
William R. Slakey	Executive Vice President and Chief Financial Officer	\$ 312,000
Michael T. Anderson	Former Senior Vice President and General Manager - Grid Modernization	\$ 325,000
Alicia J. Moore	Senior Vice President, General Counsel and Secretary	\$ 305,000
Russell R. Harris	Former Senior Vice President of Operations	\$ 345,000

In the case of Mr. Anderson, who is a resident of Washington state, we reimbursed him for the California state income taxes payable on his base salary. We continued this practice in 2014.

Q: What determinations were made for the Bonus Plan in 2014?

A: **2014 Bonus Plan.** For 2014, we determined that the key imperatives for our Company continue to be to increase revenues, move towards profitability, control spending and conserve cash. Consequently, the Compensation Committee approved a management bonus plan for 2014 that would be tied to, and reward, achieving targets for revenue generation, gross margins and non-GAAP operating income or loss (NGOI), as well as reducing expenses in accordance with our 2014 operating plan. For purposes of the 2014 Bonus Plan, NGOI was calculated as our

Company's actual net operating income or loss for full year

2014, adjusted to remove stock-based compensation charges and charges related to the sale of the Grid Modernization portion of the business.

In February 2014, the Compensation Committee approved a management bonus plan for 2014 (the 2014 Bonus Plan) pursuant to which our executive officers, including the Named Executive Officers, were eligible to earn cash payments contingent upon the achievement of specified target levels for a series of specific performance objectives.

The key features of the 2014 Bonus Plan were as follows:

For the Named Executive Officers, including our Chief Executive Officer, the 2014 Bonus Plan was directly linked to the revenue, contribution margin, bookings, and expense targets of our two divisions; and each participant's target bonus opportunity plan was based on the achievement of specific performance objectives.

Funding for the 2014 Bonus Plan was based on cash generated by exceeding the 2014 operating plan cash balance, so the 2014 Bonus Plan would pay out fully only after we achieved the cash balance defined by our 2014 annual operating plan.

For our Chief Executive Officer, Ms. Moore, and Messrs. Slakey and Harris, 33.3% of their target bonus opportunity was tied to Internet of Things revenue and contribution margin targets, 33.3% to Grid Modernization revenue, bookings and contribution margin targets, and 33.3% to Shared Expenses targets.

For Mr. Anderson, our former Senior Vice President and General Manager, Grid Modernization, 33.3% of his target bonus opportunity was tied to revenue targets, 33.3% to bookings targets, and 33.3% to contribution margin targets for the Grid Modernization business.

Under the 2014 Bonus Plan, the total management bonus payout for our executive officers that could be earned was limited to a total of 200% of the target bonus achievement except in Mr. Sege's case which was limited to a total of 150% of the target bonus per his employment agreement.

Target Bonus Opportunities. The 2014 target bonus opportunity for each of the Named Executive Officers was not changed from 2013, when bonus targets were set relative to each such executive officer's total compensation and internal equity. The 2014 Bonus Plan design funded payouts from cash generated above the year-end target set by the 2014 operating plan in place at the beginning of the year. Specific performance metrics for the participants varied by function and role, and included specific criteria from elements such as total revenue, revenue by focus area, bookings, NGOI, and cash reserve conservation.

Actual Bonus Decisions. At the end of 2014, our Company did not satisfy the target levels for the performance measures in 2014. Our revenue, bookings, and contribution were below 2014 Bonus Plan in the Grid Modernization business prior to its sale; revenue and contribution margin for the Internet of Things segment of the business also missed achieving the targets. The expense reductions in the shared services component of the plan fell just short of objectives. As a result, our Compensation Committee determined that no cash bonus would be paid out under the plan formula.

The bonuses paid to the Named Executive Officers under the 2014 Bonus Plan were as follows:

Q: *What is the basis for equity awards?*

A: Equity awards are made under our 1997 Stock Plan, which was last approved by our stockholders at our 2013 annual meeting. Our 1997 Stock Plan provides for the grant of the following types of incentive awards:

Stock options;

Stock purchase rights;

Stock appreciation rights (SARs);

Restricted Stock Units (RSUs);

Performance units and performance shares; and

Restricted stock.

As of March 26, 2015, a total of 9,125,955 shares of our common stock were reserved for issuance under our 1997 Stock Plan, with 2,959,827 of such shares subject to outstanding awards and 6,166,128 of such shares remaining available for new awards to be granted in the future.

Q: *What forms of equity awards may our Company grant each year?*

A: The Compensation Committee regularly monitors equity compensation practices based upon data from Compensia and compensation surveys and makes changes to our equity compensation program to help us meet our goals, including achieving long-term stockholder value and employee and executive retention. We use various equity vehicles to motivate, retain and reward long-term performance. Typically, we have granted stock options, performance shares awards, SARs, and restricted stock awards, each of which carries a time-based vesting requirement.

Each year, the Compensation Committee approves an equity award for our executive officers, including the Named Executive Officers, under our 1997 Stock Plan. The Compensation Committee intends that equity awards granted

under our 1997 Stock Plan provide an appropriate incentive for our executive officers to remain with our Company and continue to perform well.

Table of Contents**Q: What decisions did the Compensation Committee make with respect to long-term incentive compensation in 2014?**

A: In 2014, the Compensation Committee granted equity awards to the Named Executive Officers consisting of performance-based restricted stock units (RSUs) covering shares of our common stock. These RSUs were designed to motivate strong future performance by our executive officers, since the value of the award increases if and as our common stock value appreciates. These awards, which were conditioned on achievement of specific performance criteria and further subject to time-based vesting, were granted to meet our retention objectives for each executive officer.

In determining the amount of the 2014 equity awards for each of the Named Executive Officers, including our Chief Executive Officer, the Compensation Committee reviewed our most recent executive compensation analysis, as well as the current value of each executive officer's outstanding and unvested equity awards, and a target multiplier of the executive officer's target annual cash compensation. In determining the amount of the 2014 equity awards for the Named Executive Officers, the Compensation Committee also sought to reward and retain our most valuable contributors and reinforce our pay-for-performance culture. In addition, the Compensation Committee reviewed the individual performance of each Named Executive Officer (other than our Chief Executive Officer) after receiving input from our Chief Executive Officer and based the amount of his or her award on this assessment as well as the individual's perceived criticality to our Company. The Compensation Committee reviewed the individual performance of our Chief Executive Officer, following input on his performance from the full Board of Directors (excluding our Chief Executive Officer).

The following equity awards were granted to the Named Executive Officers in June 2014 as part of the Company's annual grant program:

Name	Granted	Performance-based RSUs	
		Earned and Vested (1)	Cancelled (2)
Ronald A. Sege	100,000	28,333	71,667
William R. Slakey	55,000	15,583	39,417
Michael T. Anderson	30,000	--	30,000
Alicia J. Moore	30,000	8,500	21,500
Russell R. Harris	30,000	8,500	21,500

(1) Represents the number of shares earned and vested effective March 14, 2015.

(2) Represents the number of shares cancelled and forfeited because the Company did not fully meet each element of the criteria for the Grid Modernization, Internet of Things and Marketing organizations.

In addition, in March 2014, Messrs. Anderson and Harris were awarded time-based RSUs for 45,000 shares and 25,000 shares, respectively, as retention awards.

Q: How does our Company determine grant dates for equity awards?

A: In May 2014, our Board of Directors and the Compensation Committee approved equity compensation grant guidelines regarding the timing of granting equity awards to our employees, including our executive officers.

The equity compensation grant guidelines provide that awards will generally be granted on the 10th day of the calendar month (or the next business day, if the 10th day is not a business day). The grant date of the award is also the date that the exercise price (determined as the closing price for our common stock on the NASDAQ Stock Market) and vesting date(s) are set. Awards may be approved in advance of the grant date

Table of Contents

for that month. Generally, award approvals by the Compensation Committee will be made at an in-person or telephonic committee meeting. If an award is approved by unanimous written consent, the effective date of such written consent will be the date the last signature is obtained.

The guidelines apply to awards for both new and existing employees, including executive officers. The grant date for new employees will generally be the 10th day of the month following the date the award is approved, provided that the grant date cannot be prior to the employee's first day of employment. The guidelines provide that, in the case of the annual equity award to all or any subset of existing employees, the grant date will be the date of our Annual Meeting of Stockholders for such year, or such other date as determined by the Compensation Committee. In the case of awards to our executive officers (including the annual award), if our Company's insider trading window is not then open, the grant date shall be the day the insider trading window next opens.

The Compensation Committee has not granted, nor does it intend to grant in the future, equity awards in anticipation of the release of material nonpublic information that is likely to result in changes to the price of our common stock, such as a significant positive or negative earnings announcement. Similarly, the Compensation Committee has not timed, nor does it intend to time in the future, the release of material nonpublic information based on equity award grant dates.

Q: How was the compensation for our Company's Chief Executive Officer and other Named Executive Officers determined?

A: In February and May 2014, the Compensation Committee reviewed Mr. Sege's compensation, which was initially set by the employment agreement between him and our Company. The employment agreement had provided for Mr. Sege's compensation for 2010 and 2011 to be \$400,000 in base salary and \$400,000 in target bonus opportunity (prorated, in the case of 2010, for the period of time during which Mr. Sege was an employee of our Company), with the bonus to be tied to performance criteria to be established by the Compensation Committee.

The Compensation Committee determined that Mr. Sege had performed well in 2014, he was initiating necessary actions with respect to our Company's business, and adverse market conditions were not within our control. Given the continued challenging market environment for our Company, the Compensation Committee determined not to make any changes to the level of Mr. Sege's compensation in 2014, and determined that the performance criteria applicable to Mr. Sege's 2014 target bonus opportunity should be identical to the performance criteria applicable to the other Named Executive Officers, excluding Mr. Anderson, whose criteria were limited to the Grid Modernization objectives only. The performance criteria, which are described in more detail above, were intended to drive revenue, increase the contribution margins, and control spending. Mr. Sege's potential 2014 bonus was capped at 150% of his target bonus opportunity, as stipulated in Mr. Sege's employment agreement.

In February and May 2014, the Compensation Committee also reviewed the accomplishments, strengths and areas for growth or improvement for each of Messrs. Slakey, Anderson, and Harris and Ms. Moore, and determined that each of these Named Executive Officers was performing well. As with Mr. Sege, given the continued challenging market environment for our Company's products, the Compensation Committee determined not to make any changes to the level of compensation in 2014 for the Named Executive Officers.

Table of Contents***Q: Does our Company maintain stock ownership guidelines for its directors and executive officers?***

A: Our Board of Directors adopted stock ownership guidelines applicable to our executive officers and non-employee directors that provide that non-employee directors who are not also executive officers of our Company are expected to own and hold shares of common stock of our Company with a minimum of value of \$100,000. In addition, the following guidelines apply to our executive officers:

Position	Minimum Ownership Guideline
Chief Executive Officer	Shares with a value equal to five times base salary
President, Chief Operating Officer, Chief Financial Officer	Shares with a value equal to three times base salary
Senior Vice President	Lesser of 20,000 shares or shares with a value equal to one times base salary

The shares of our common stock that count towards satisfying the guidelines include:

Shares owned outright by the director or executive officer and his or her immediate family members who share the same household, whether held individually or jointly, and shares held in trust where the director or executive officer is the beneficial owner;

Shares owned outright and resulting from the exercise of stock options or SARs and the release of performance shares; and

Shares purchased in the open market.

Under current guidelines, our executive officers and non-employee directors are expected to achieve the above specified stock ownership level within five years after the August 2007 adoption date of the guidelines, in the case of individuals who were executive officers or non-employee directors as of that date, or five years after the date of their appointment as a director or executive officer, in the case of new appointments. The Compensation Committee resolved to reevaluate the guidelines in 2015 in light of the divestiture of the Grid Modernization business and volatility of the Company's stock. Three of five non-employee directors, and one of five Named Executive Officers exceed these stock ownership guidelines. Of the Named Executive Officers who currently do not own stock in the amounts set forth in the guidelines, one, Mr. Anderson, is no longer an employee and three have not exhausted the time period within which to comply with the guidelines.

Q: Does our Company offer other benefits and programs to our executive officers?

A: We offer a number of other benefits to our employees, including our executive officers, including vacation, medical, dental and vision insurance, long-term and short-term disability insurance, life and accidental death and dismemberment insurance, health and dependent care flexible spending accounts, wellness programs, educational assistance, and employee assistance programs. We also maintain a tax-qualified 401(k) Plan, which provides for broad-based employee participation. Our Company does not offer matching for 401(k) Plan contributions, nor does our Company offer a pension program, except as mandated by local laws.

We believe that the availability of these benefits programs generally enhances employee productivity and loyalty to our Company. The main objectives of our benefits programs are to give our employees access to quality healthcare, financial protection from unforeseen events, assistance in achieving retirement financial

Table of Contents

goals, and enhanced health and productivity. These generally available benefits typically do not specifically factor into decisions regarding an individual executive's total compensation or equity award package.

Q: Does our Company provide perquisites or other personal benefits?

A: Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide perquisites to our executive officers, except in limited situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment and retention purposes.

In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment, motivation, or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee.

Q: Does our Company maintain any employment arrangements with our Named Executive Officers?

A: Chief Executive Officer. Effective August 19, 2010, Mr. Sege entered into an employment agreement with our Company. The compensation payable to Mr. Sege under the employment agreement is described above, and his post-employment compensation arrangements are described in the following section. If we either terminate Mr. Sege's employment for any reason other than cause or Mr. Sege resigns for good reason (either event being an Involuntary Termination), then subject to his execution of a release of claims in favor of our Company which subsequently becomes effective, he will be entitled to receive: (a) a lump sum payment equal to the sum of 12 months of his then-current base salary plus an amount equal to the pro-rata portion of his then-current target bonus; (b) up to 18 months of COBRA reimbursement; and (c) 12 months vesting acceleration of his then outstanding and unvested equity awards other than any performance-based restricted stock award. Under Mr. Sege's employment agreement, in the event our Company experiences a change in control and he is subject to an Involuntary Termination (not for cause) during the three month period prior to the change in control or following the change in control, then subject to his execution of a release of claims in favor of our Company that subsequently becomes effective, he would be entitled to receive: (x) a lump sum payment equal to 18 months of his base salary and target annual bonus (based on the average annual bonus paid over the last two years or the current target annual bonus, whichever is higher); (y) up to 18 months of COBRA reimbursement; and (z) 100% vesting acceleration of outstanding and unvested equity awards (including at the target levels for any outstanding and unvested performance-based awards).

Chief Financial Officer. We entered into a letter agreement with Mr. Slakey with respect to his appointment as Executive Vice President and Chief Financial Officer, which became effective on November 7, 2011. The compensation payable to Mr. Slakey under this letter agreement is described in the Executive Compensation and Related Matters section of this Proxy Statement. Mr. Slakey is also eligible for the change in control payments and benefits described below.

Other Named Executive Officers. On August 7, 2013, the Compensation Committee approved our Company entering into individual severance agreements with certain individuals reporting to our Chief Executive Officer with operational responsibility over particular critical functions including the other Named Executive Officers. Pursuant to this authorization, our Company entered into agreements with the following individuals:

Table of Contents

Name	Title
William R. Slakey	Executive Vice President and Chief Financial Officer
Michael T. Anderson	Former Senior Vice President and General Manager Grid Modernization
Alicia J. Moore	Senior Vice President, General Counsel and Secretary
Russell R. Harris	Former Senior Vice President of Operations

Each of these agreements has a term of four years, which renew automatically for additional two year periods, and provide severance benefits for nine months in the event of non-fault involuntary terminations, or 12 months in the event of a change in control of our Company, respectively, in either case conditioned upon execution of a release and continued compliance with our Company's proprietary information agreement. The severance benefits include payment of base salary and an amount equal to twice the monthly COBRA premium that would be required to continue group health, dental and vision coverage. None of the other Named Executive Officers is a party to any other employment or comparable agreement.

Q: *Does our Company provide any of its Named Executive Officers with change in control benefits?*

A: In June 2008, our Board of Directors approved modifications to the forms of equity award agreements under our 1997 Stock Plan. Under these modifications, if within 12 months following a change in control of our Company, an employee of our Company or our subsidiaries at the level of Vice President and above is subject to an involuntary (not for cause) termination within the meaning of our 1997 Stock Plan, then certain equity awards of that employee would become fully vested. Our Board of Directors made this decision to reflect common practice among comparable situated companies in the Silicon Valley, following a review of such practices and input from our Company's outside counsel.

Q: *What is the tax and accounting treatment of our executive compensation?*

A: *Section 162(m)*

Section 162(m) of the Code generally disallows a tax deduction to a public corporation for compensation in excess of \$1 million paid for any fiscal year to its chief executive officer or any of the three other most highly compensated executive officers (other than its chief financial officer). Compensation that qualifies as performance-based compensation is not subject to this deduction limit if certain requirements are met. Our 1997 Stock Plan has been structured to permit our Company to pay compensation in excess of \$1 million per year to our executive officers without compromising the deductibility of such compensation under Section 162(m). However, the Compensation Committee retains the flexibility to pay compensation to senior executives based on other considerations if it believes that doing so is in the stockholders' interests. Our Company does not guarantee that compensation intended to qualify as performance-based compensation under Section 162(m) so qualifies. Tax deductibility of executive compensation is one of the many factors the Compensation Committee considers in setting executive compensation each year. From time to time, the Compensation Committee may, in its judgment, approve compensation for our executive officers that does not comply with an exemption from the deductibility limit when it believes that such compensation is in the best interests of our Company and our stockholders.

Section 409A

Section 409A of the Code imposes a penalty tax on nonqualified deferred compensation that fails to satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and

Table of Contents

certain other matters. Accordingly, as a general matter, our Company attempts to structure its compensation and benefits plans and arrangements for all of our employees, including the Named Executive Officers, so that they are either exempt from, or satisfy the requirements of, Section 409A. Our Company does not guarantee that its benefits plans and arrangements all satisfy the requirements of Section 409A.

Accounting Treatment

We account for stock-based compensation in accordance with the requirements of ASC 718. We also take into consideration ASC 718 and other generally accepted accounting principles in determining changes to policies and practices for our stock-based compensation programs.

- (1) Based on the aggregate market value of unvested SARs, stock options, shares of restricted stock and performance shares and assuming that the triggering event took place on the last business day of fiscal 2014 (December 31, 2014), and the price per share of Echelon's common stock is the closing price on the NASDAQ Global Select Market as of that date (\$1.70). Aggregate market value for SARs and stock options is computed by multiplying (i) the difference between \$1.70 and the stated exercise price of the SAR or the stock option, by (ii) the number of

shares underlying unvested SARs or stock options at December 31, 2014. Aggregate market value for shares of restricted stock and performance shares is computed by multiplying (i) \$1.70 by (ii) unvested shares of restricted stock or the number of shares underlying unvested performance shares at December 31, 2014. There can be no assurance that a triggering event would produce the same or similar results as those estimated if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

- (2) Assumes continued coverage of health benefits for eighteen months for Mr. Sege, his spouse and dependents at the same level of coverage provided at December 31, 2014.

Policies and Procedures with Respect to Related Party Transactions

Our Corporate Governance Guidelines require our directors to take a proactive, focused approach to their position and to set standards that ensure our Company is committed to business success through the maintenance of the highest standards of responsibility and ethics. Thus, our Board of Directors is committed to upholding the highest legal and ethical conduct in fulfilling its responsibilities and recognizes that related party transactions can present heightened

risk of potential or actual conflicts of interest. Accordingly, as a general matter, it is Echelon's preference to avoid related party transactions.

The charter of our Audit Committee requires that the members of the Audit Committee, all of whom are independent directors, review and approve in advance all related party transactions for which approval is required under applicable law. Current SEC rules define a related party transaction to include any transaction, arrangement or relationship in which our Company is a participant and in which any of the following persons has or will have a direct or indirect interest:

Certain Relationships

Agreements with ENEL

In June 2000, we entered into a stock purchase agreement with Enel pursuant to which Enel purchased 3.0 million newly issued shares of our common stock for \$130.7 million. The closing of this stock purchase occurred on September 11, 2000. At the closing, Enel had agreed that it would not, except under limited circumstances, sell or otherwise transfer any of those shares for a specified time period. That time period expired September 11, 2003. To our knowledge, Enel has not disposed of any of its 3.0 million shares. Under the terms of the stock purchase agreement, Enel has the right to nominate a member of our Board of Directors. A representative of Enel is not presently serving on our Board of Directors; however, Livio Gallo, a representative of Enel, served on our Board of Directors from June 30, 2011 until his resignation from our Board of Directors on March 14, 2012.

At the time we entered into the stock purchase agreement with Enel, we also entered into a research and development agreement with an affiliate of Enel (the R&D Agreement). Under the terms of the R&D Agreement, we cooperated with Enel to integrate our LONWORKS technology into Enel's remote metering management project in Italy, the Contatore Elettronico. We completed the sale of our components and products for the deployment phase of the Contatore Elettronico project during 2005. During 2006, we supplied Enel and its designated manufacturers with limited spare parts for the Contatore Elettronico system. In October 2006, we entered into a new development and supply agreement and a software enhancement agreement with Enel. Under the development and supply agreement, Enel and its contract manufacturers purchase additional electronic components and finished goods from us. Under the software enhancement agreement, we provided software enhancements to Enel for use in its Contatore Elettronico system. The software enhancement agreement expired in December 2012 and the development and supply agreement has been extended through December 2015.
