Forward-Looking Statements

This communication contains certain statements regarding business strategies, market potential, future financial performance, results and other statements that do not directly relate to any historical or current fact which are forward-looking statements in the meaning of the safe harbor provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and the Private Securities Litigation Reform Act of 1995. The words believe, expect, anticipate, project, estimate, forecast, could, intend, may, plan, potential, predict, seek, should, will, would, expect, objective, future, outlook, effort, target and similar expressions, among others, generally identify forward-looking statements, which span

date the statements were made. The matters discussed in these forward-looking statements are based on current plans, expectations, forecasts and assumptions and are subject to risks, uncertainties and other factors that could cause actual outcomes or results to differ materially from those projected, anticipated or implied in these forward-looking statements. Where, in any forward-looking statement, an expectation or belief as to future results or events is expressed, such expectation or belief is based on the current plans and expectations of management and expressed in good faith and believed to have a reasonable basis, but there can be no assurance that the expectations or belief will be achieved or accomplished. Many factors that could cause actual results or events to differ materially from those projected include those matters described under the sections entitled "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" of Knowles and Audience's Annual Reports on Form 10-K for the year ended December 31, 2011 and subsequent Reports on Forms 10-Q and 8-K and other filings Knowles and Audience make with the SEC. Any forward-looking statement speaks of as of the date on which it is made and neither Knowles nor Audience assume any obligation to update or revise any forward-looking statements whether as a result of new information, future events, or otherwise, except as required by applicable law. Risks and uncertainties that could cause results to differ from expectations include: uncertainties as to the timing of the tender offer and the merger; uncertainties as to how many of the holders of shares of common stock of Audience will tender their shares into the tender offer; the possibility that various closing conditions for the tender offer or the proposed merger may not be satisfied or waived, including the possibility that a governmental entity may prohibit, delay or refuse to grant approval for the consummation of the tender offer or the proposed merger; the effects of disruption from the tender offer or the proposed merger making it more difficult for Knowles or Audience to maintain relationships with employees (including potential difficulties in employee retention), collaboration parties, other business partners or governmental entities; legal proceedings that may be instituted against Knowles, Audience and others following announcement of the business combination; other business effects, including the effects of industrial, economic or political conditions outside of Knowles or Audience's control; transaction costs; actual or contingent liabilities; and other risks and uncertainties discussed in this communication and other documents filed with the SEC by Knowles or Audience, as well as the Schedule TO to be filed with the SEC by Orange Subside. Neither Knowles nor Audience undertake any obligation to update any forward-looking statements as a result of new information or developments or otherwise, except as expressly required by law.

2

Additional Information and Where to Find It

Interests of Certain Persons in the Offer and the Merger

Knowles will be, and certain other persons may be, soliciting Audience stockholders to tender their shares into the exchange offer. The directors and executive officers of Knowles and the directors and executive officers of Audience may be deemed to be participants in Knowles' solicitation of Audience's stockholders to tender their shares into the exchange offer. Investors and stockholders may obtain more detailed information regarding the names, affiliations and interests of the directors and officers of Knowles and Audience in the exchange offer by reading the Prospectus and certain other offer documents, as well as the Solicitation/Recommendation Statement, when they become available. The exchange offer for the outstanding common stock of Audience has not yet commenced. This announcement is neither an offer to purchase nor a solicitation of an offer to sell shares of Audience. Audience's stockholders are urged to read the relevant exchange offer documents when they become available because they will contain important information that stockholders should consider before making any decision regarding tendering their shares. At the time the offer is commenced, Knowles will file exchange offer materials with the U.S. Securities and Exchange Commission and Audience will file a Solicitation/Recommendation Statement with respect to the offer. The exchange offer materials (including a Prospectus and certain other offer documents) and the Solicitation/Recommendation Statement will contain important information, which should be read carefully before any decision is made with respect to the exchange offer. The Prospectus and certain other offer documents, as well as the Solicitation/Recommendation Statement, will be made available to all stockholders of Audience at no expense to them. The exchange offer materials and the Solicitation/Recommendation Statement will be made available for free at the SEC's web site at www.sec.gov. Free copies of the Offer to Purchase, the related Letter of Transmittal and certain other offering documents will be made available by Audience free of charge on Audience's website at audience.com under the heading "Investors" of Audience's website.

We are a pioneer in acoustics and committed to improving the quality of audio continuously pushing boundaries, driving the industry forward and enabling consumers to experience

life above the noise.
