### Westport Appoints New Director to Board

~ Rodney Nunn to join Westport's Board of Directors ~

#### March 17, 2016

VANCOUVER, BC Westport Innovations Inc. (TSX:WPT / Nasdaq:WPRT), engineering the world's most advanced natural gas engines and vehicles, announced today that Rodney (Rod) Nunn, President and CEO of KSR International Co. (KSR) a leading Tier One automotive supplier has been appointed to Westport's Board of Directors as part of a nomination agreement between Westport and certain entities affiliated with Westport's largest shareholder, Kevin Douglas (the Douglas Group). Under the agreement, as long as the Douglas Group and its affiliates beneficially own more than 10% of Westport's outstanding common shares, the Douglas Group will be entitled to nominate a director to the Westport Board of Directors. In connection with Westport's entry into the nominating agreement, Jill Bodkin, one of Westport's current directors, has agreed to step down from the Westport board.

Rod joins us at an exciting time and his depth of automotive parts manufacturing experience will provide additional strength to our Board, said Warren Baker, Chairman of the Board. I would also like to take this opportunity to thank Jill for her years of commitment and energy that she brought to Westport as a director from 2008 to 2016.

Rod has served as President & Chief Executive Officer of KSR from 1976 to 2011 and from November 2015 until present. KSR is an industry leader in the design, engineering and manufacture of an array of automotive products, including sensors, electronic throttle controls, steering system control modules, MOSFET power modules and adjustable & fixed pedals. KSR's production facilities are strategically located globally on four continents. The company is a vertically integrated manufacturing company located near its customers to provide quick response, cost containment and local expertise. Executive and engineering offices are headquartered in Ridgeway, Ontario (Canada), and Sales are in Southfield, Michigan (USA). Rod graduated from Technical College in England in 1963 with a U.E.I. and City of Guilds Certificate in Industrial Engineering.
