MANAGEMENT'S DISCUSSION AND ANALYSIS
OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION

INTRODUCTION

Management's discussion and analysis of results of operations and financial condition (MD&A) is a supplement to the accompanying consolidated financial statements and provides additional information on Time Warner Inc.'s (Time Warner or the Company) businesses, current developments, financial condition, cash flows and results of operations. MD&A is organized as follows:

Overview. This section provides a general description of Time Warner's business segments, as well as recent developments the Company believes are important in understanding the results of operations and financial condition or in understanding anticipated future trends.

Results of operations. This section provides an analysis of the Company's results of operations for the three months ended March 31, 2016. This analysis is presented on both a consolidated and a business segment basis. In addition, a brief description of transactions and other items that affect the comparability of the results being analyzed is included.

Financial condition and liquidity. This section provides an analysis of the Company's financial condition as of March 31, 2016 and cash flows for the three months ended March 31, 2016.

Caution concerning forward-looking statements. This section provides a description of the use of forward-looking information appearing in this report, including in MD&A and the consolidated financial statements.

OVERVIEW

Time Warner is a leading media and entertainment company whose major businesses encompass an array of the most respected and successful media brands. Among the Company's brands are TNT, TBS, Adult Swim, Cartoon Network, CNN, HBO, Cinemax, Warner Bros. and New Line Cinema. During the three months ended March 31, 2016, the Company generated Revenues of \$7.308 billion (up 3% from \$7.127 billion in 2015), Operating Income of \$1.996 billion (up 12% from \$1.786 billion in 2015), Income from continuing operations of \$1.174 billion (up 26% from \$933 million in 2015), Net Income of \$1.214 billion (up 25% from \$970 million in 2015) and Cash provided by operations of \$753 million (down 26% from \$1.012 billion in 2015).

Time Warner Businesses

Time Warner classifies its operations into three reportable segments: Turner, Home Box Office and Warner Bros. For additional information regarding Time Warner's segments, refer to Note 11, Segment Information, to the accompanying consolidated financial statements.

Turner. The Turner segment consists of businesses managed by Turner Broadcasting System, Inc. (Turner). During the three months ended March 31, 2016, the Turner segment recorded Revenues of \$2.906 billion (39% of the Company s total Revenues) and Operating Income of \$1.239 billion.

Turner operates domestic and international television networks and related properties that offer entertainment, sports, kids and news programming on television and digital platforms for consumers around the world. The Turner networks and related properties include TNT, TBS, Adult Swim, truTV, Turner Classic Movies, Turner Sports, Cartoon Network, Boomerang, CNN and HLN. The Turner networks generate revenues principally from providing programming to affiliates that have contracted to receive and distribute this programming to subscribers, from the sale of advertising and from licensing its original programming, including to over-the-top (OTT) services such as subscription-video-on-demand (SVOD) services, and its brands and characters for consumer products and other business ventures. Turner s programming is available to audiences for viewing live and on demand across television, mobile devices and other digital platforms through services provided by affiliates and on Turner s digital properties. Turner also owns and operates various digital media businesses, including *Bleacher Report*; the CNN digital properties, including *CNNgo*, *CNN.com* and *CNNMoney.com*; and other digital properties associated with its networks, all of which generate revenues principally from the sale of advertising and sponsorships. In addition, Turner manages and operates sports-related digital properties in conjunction with associated television rights, such as *NBA Digital* and *NCAA.com*, which also generate revenues primarily from the sale of advertising and sponsorships.

OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION (Continued)

Home Box Office. The Home Box Office segment consists of businesses managed by Home Box Office, Inc. (Home Box Office). During the three months ended March 31, 2016, the Home Box Office segment recorded Revenues of \$1.506 billion (21% of the Company's total Revenues) and Operating Income of \$477 million.

Home Box Office operates the HBO and Cinemax multi-channel premium pay television services, with the HBO service ranking as the most widely distributed multi-channel premium pay television service. HBO- and Cinemax-branded premium pay, basic tier television or OTT services are distributed in over 60 countries in Latin America, Asia and Europe.

In the U.S., Home Box Office generates revenues principally from providing programming to affiliates that have contracted to receive and distribute such programming to their customers who subscribe to the HBO or Cinemax services. HBO and Cinemax programming is available in the U.S. to subscribers of affiliates for viewing on its main HBO and Cinemax channels and its multiplex channels, through Home Box Office's on demand services, HBO On Demand and Cinemax On Demand, and through Home Box Office's broadband-delivered on demand services, HBO GO and MAX GO. HBO GO and MAX GO are available on a variety of digital platforms, including mobile devices, gaming consoles and Internet connected streaming devices and televisions. In April 2015, Home Box Office launched HBO NOW, an OTT service available to consumers in the U.S. Home Box Office's agreements with its domestic affiliates are typically long-term arrangements that provide for annual service fee increases and marketing support. While fees to Home Box Office under affiliate agreements are generally based on the number of subscribers served by the affiliates, the relationship between subscriber totals and the amount of revenues earned depends on the specific terms of the applicable agreement, which may include basic and/or pay television subscriber thresholds, volume discounts and other performance-based discounts. Marketing and promotional activities intended to retain existing subscribers and acquire new subscribers may also impact revenue earned.

Home Box Office also derives subscription revenues from the distribution by international affiliates of country-specific HBO and Cinemax premium pay, basic tier television and OTT services to their local subscribers and international direct-to-consumer OTT services. Additional sources of revenues for Home Box Office are the home entertainment sales of its original programming, including *Game of Thrones*, *True Detective*, *True Blood* and *Boardwalk Empire*, via physical and digital formats and the licensing of its original programming to OTT services, including SVOD services, and international television networks.

Warner Bros. The Warner Bros. segment consists of businesses managed by Warner Bros. Entertainment Inc. (Warner Bros.) that principally produce and distribute television shows, feature films and videogames. Warner Bros. television, film and videogame businesses benefit from a shared infrastructure, including shared production, distribution, marketing and administrative functions and resources. During the three months ended March 31, 2016, the Warner Bros. segment recorded Revenues of \$3.109 billion (40% of the Company's total Revenues) and Operating Income of \$424 million.

Warner Bros. is a leader in television production and distribution. For the 2015/2016 season, Warner Bros. has produced over 65 original series in the U.S., including (i) at least two series for each of the five broadcast networks

(including *2 Broke Girls*, *Arrow*, *The Bachelor*, *The Big Bang Theory*, *Blindspot*, *DC's Legends of Tomorrow*, *The Flash*, *Gotham*, *Little Big Shots*, *Lucifer*, *The Middle*, *Mike & Molly*, *Mom*, *Rush Hour*, *Supergirl*, *Supernatural*, *Vampire Diaries* and *The Voice*), (ii) series for basic cable networks (including *Major Crimes*, *Pretty Little Liars* and *Rizzoli & Isles*), (iii) series for premium pay television services (including *The Leftovers*, *Shameless* and *Westworld*), (iv) series for SVOD services (including *11.22.63*, *Fuller House* and *Longmire*), (v) series for first-run syndication (including *The Ellen DeGeneres Show*, *Extra*, *The Real* and *TMZ*) and (vi) animated series for Cartoon Network and Adult Swim (including *Be Cool*, *Scooby Doo!*, *Bunnicula*, *Mike Tyson Mysteries*, *Teen Titans Go!* and *Wabbit*). Warner Bros. also licenses the rights to many of its U.S. original television series in international territories. Outside the U.S., Warner Bros. has a global network of production companies in many countries (located across Europe and South America and in Australia and New Zealand), which allows Warner Bros. to develop programming specifically tailored for the audiences in these territories. These local production companies also focus on developing non-scripted programs and formats that can be adapted and sold internationally and in the U.S. Television product revenues are generated principally from the licensing of programs to broadcast and cable television networks and premium pay television and OTT services, including SVOD services.

Warner Bros. is also a leader in the feature film industry and produces feature films under its Warner Bros. and New Line Cinema banners. The Warner Bros. segment's theatrical product revenues are generated principally through rental fees from theatrical exhibition of feature films, including the following recently released films: *Barbershop: The Next Cut*, *Batman v Superman: Dawn of Justice*, *Creed*, *How to Be Single* and *The Intern*, and subsequently through licensing fees received from the distribution of films on premium pay television, broadcast and cable television networks and OTT services, including SVOD services.

OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION (Continued)

Warner Bros. is a leader in the home entertainment and videogame industries. The segment also generates television and theatrical product revenues from the distribution of television and theatrical product in various physical and digital formats (e.g., electronic sell-through (EST) and video-on-demand). In addition, the segment generates revenues through the development and distribution of videogames, including the following recently released videogames: *Batman: Arkham Knight*, *LEGO Marvel's Avengers*, *LEGO Dimensions*, *Mortal Kombat X* and *Mortal Kombat XL*.

The distribution and sale of home entertainment product in physical formats is one of the largest contributors to the segment's revenues and profits. For the past several years, sales of home entertainment product in physical formats have declined as the home entertainment industry has been undergoing significant changes as it transitions from the physical distribution of film and television content via physical discs to the electronic delivery of such content. Several factors have contributed to this decline, including consumers shifting to OTT services and discount rental kiosks, which generate significantly less revenue per transaction for the Company than sales of home entertainment product in physical formats; changing retailer initiatives and strategies (e.g., reduction of floor space devoted to home entertainment product in physical formats); retail store closures; increasing competition for consumer discretionary time and spending; and piracy. During the first quarter of 2016, across the home entertainment industry, consumer spending on home entertainment product in physical formats continued to decline and consumer spending on electronic delivery continued to increase. The electronic delivery of film and television content is growing and becoming more important to the Warner Bros. segment, which has helped to offset some of the decline in sales of home entertainment product in physical formats.

Television Industry

The television industry is continuing to evolve, with changes in technology, rapid growth in new video services, and a corresponding increase in overall video content consumption and shift in consumer viewing patterns. Consumers are watching an increasing amount of programming on-demand and across a wide variety of services and devices, including smartphones, tablets, PCs and internet-connected televisions. Over the past few years, the number of multichannel video service subscribers in the U.S. declined slightly, and the Company expects further modest declines. To counteract this trend, some multichannel video service providers (MVPDs) are putting greater emphasis on selling smaller bundles of cable networks, resulting in higher subscriber declines for most individual networks than for multichannel video services in total.

At the same time, the penetration of broadband and internet-connected devices has grown and SVOD services such as Amazon Prime, Hulu and Netflix have continued to increase their number of subscribers. These services have been, and are expected to continue, making significant investments in acquired and original programming. In addition, ad-supported broadband video services such as those offered through YouTube and Facebook have continued to gain in popularity. Some television networks have launched OTT services that are available to consumers without a multichannel video service subscription.

As a result of these changes, consumers have more options for obtaining video content, including lower-cost alternatives. At the same time, however, the combination of new competitors, changes in viewing habits and declines

in MVPD subscribers has negatively affected overall television ratings and, as a result, television advertising revenues for the industry and certain of the Company's networks. There also has been a corresponding shift of advertising dollars to non-traditional video outlets.

To address these changes, the Company's strategy over the past few years has focused on strengthening its position within the traditional TV ecosystem, enhancing the value of traditional pay television subscriptions for consumers, and pursuing new opportunities outside the traditional TV ecosystem. As part of this strategy, the Company plans to continue increasing its investment in high-quality distinctive programming to enhance the value of its networks. The Company is also working to enhance the value to consumers of the traditional MVPD bundle and capitalize on the shift in consumption habits in a number of ways, including by expanding the amount of its content that is available on demand and supporting the development of better user interfaces for on-demand multiplatform viewing. The Company is also pursuing a number of initiatives to capitalize on the new opportunities presented by these changes, including launching and investing in OTT services, as well as investing in short-form content production and digital-first news and entertainment networks. In addition, Turner has introduced new advertising products that provide greater data analytic tools and targeting capabilities to advertisers in order to compete more effectively with non-traditional outlets.

Recent Developments

NCAA

On March 14, 2016, Turner and CBS entered into an agreement with the National Collegiate Athletic Association (the NCAA) to license the television, digital and marketing rights to the NCAA Division I Men's Basketball Championship Tournament (the NCAA Tournament) from 2025 through 2032 for an aggregate rights fee of \$8.8 billion. While the aggregate rights fee will be paid by Turner to the NCAA, the rights fee, production costs, advertising revenues and sponsorship revenues related to the NCAA Tournament and related programming will continue to be shared by Turner and CBS. Annually, for 2025 through 2032, Turner will be allocated the first \$90 million of revenue subject to the arrangement. However, if the amount paid for the rights fee and production costs in any year during that period exceeds advertising and sponsorship revenues for that year, including the \$90 million of revenue allocated to Turner, CBS' share of such shortfall will be limited to \$45 million. Under the existing agreement among Turner, CBS and the NCAA, Turner and CBS have licensed rights to the NCAA Tournament through 2024.

Fandango

In April 2016, Warner Bros. sold its Flixster business to Fandango Media, LLC (Fandango), a subsidiary of NBCUniversal Media LLC, in exchange for a 25% interest in Fandango. In connection with the transaction, Warner Bros. invested \$25 million in Fandango, reflecting its proportionate share of certain acquisitions completed by Fandango between November 2015 and January 2016. Warner Bros. expects to record a pre-tax gain of approximately \$90 million in the quarter ended June 30, 2016 based on the carrying value of the net assets transferred to Fandango.

Central European Media Enterprises Ltd.

On February 19, 2016, CME Media Enterprises B.V. (CME BV), a subsidiary of Central European Media Enterprises Ltd. (CME), entered into a credit agreement (the 2016 Credit Agreement) with third-party financial institutions for an approximate \$470 million senior unsecured term loan (the 2016 Term Loan) that was funded in April 2016 and matures on February 19, 2021. Time Warner has guaranteed CME BV's obligations under the 2016 Credit Agreement for a fee equal to a rate based on CME's net leverage, which initially is 10.5%, less the interest rate on the 2016 Term Loan, to be paid to Time Warner semi-annually. CME BV must pay a portion of the fee in cash and may, at CME BV's option, pay the remainder in cash or in kind. In April 2016, CME used cash on hand and the proceeds of the 2016 Term Loan to repay in their entirety both its Senior Secured Notes due 2017 (the Senior Secured Notes) and the term loan Time Warner provided CME in 2014 (the TW Term Loan), which also was due in 2017. Time Warner received approximately \$485 million in connection with CME's repayment of the Senior Secured Notes and the TW Term Loan. As consideration for assisting CME in refinancing its debt due in 2017, Time Warner earned a fee equal to 1% of the aggregate principal amount of the 2016 Term Loan borrowed at funding. Prior to the funding, CME BV entered into unsecured interest rate hedge arrangements to protect against changes in the interest rate on the 2016 Term Loan during its term, and Time Warner has guaranteed CME BV's obligations under such arrangements.

In addition, on February 19, 2016, CME entered into an amendment to extend the maturity of its 251 million senior unsecured term loan obtained in 2014 from third-party financial institutions (the 2014 Term Loan) from November 1, 2017 to November 1, 2018. Time Warner continues to guarantee CME's obligations under the 2014 Term Loan.

Time Warner and CME also agreed on February 19, 2016 to amend and restate the \$115 million revolving credit facility Time Warner provided CME in 2014 to reduce the size of the facility to \$50 million as of January 1, 2018 and to extend its term from December 2017 to February 2021. Amounts outstanding under the revolving credit facility bear interest at a rate based on CME's net leverage. Beginning in April 2016, CME must pay a portion of the interest for each applicable quarterly interest period in cash and may, at CME's option, pay the remainder in kind by adding such amount to the outstanding principal amount of the revolving credit facility. As of March 31, 2016, there were no amounts outstanding under the revolving credit facility.

The Company expects to record a pretax gain of approximately \$95 million in the quarter ended June 30, 2016 in connection with these transactions. Additionally, when recognizing CME's results for the quarter ended June 30, 2016 under the equity method of accounting, the Company expects to record a pretax charge of approximately \$150 million related to these transactions.

RESULTS OF OPERATIONS**Recent Accounting Guidance**

See Note 1, Description of Business and Basis of Presentation, to the accompanying consolidated financial statements for a discussion of recent accounting guidance.

Transactions and Other Items Affecting Comparability

As more fully described herein and in the related notes to the accompanying consolidated financial statements, the comparability of Time Warner's results from continuing operations has been affected by transactions and certain other items in each period as follows (millions):

	Three Months Ended March 31,	
	2016	2015
Asset impairments	\$ (3)	\$ (1)
Loss on operating assets, net		(3)
Venezuelan foreign currency loss		(22)
Other	(13)	(2)
Impact on Operating Income	(16)	(28)
Investment losses, net	(11)	(59)
Amounts related to the separation of Time Warner Cable Inc.		(4)
Amounts related to the separation of Time Inc.	(4)	(2)
Items affecting comparability relating to equity method investments	9	(2)
Pretax impact	(22)	(95)
Income tax impact of above items	4	18
Impact of items affecting comparability on income from continuing operations	\$ (18)	\$ (77)

In addition to the items affecting comparability described above, the Company incurred Restructuring and severance costs of \$5 million and \$12 million for the three months ended March 31, 2016 and 2015, respectively. For further discussion of Restructuring and severance costs and the programming impairments, see Consolidated Results and Business Segment Results.

Asset Impairments

During the three months ended March 31, 2016, the Company recognized miscellaneous asset impairments of \$3 million, consisting of \$2 million at Corporate and \$1 million at the Warner Bros. segment. During the three months ended March 31, 2015, the Company recognized a miscellaneous asset impairment of \$1 million at Corporate.

Loss on Operating Assets, Net

For the three months ended March 31, 2015, the Company recognized a \$3 million loss at the Turner segment related to the remeasurement of its previously held investment in Esporte Interativo (EI), a Brazilian television network that airs sports programming, upon the Turner segment's acquisition of a controlling interest in EI.

Venezuelan Foreign Currency Loss

For the three months ended March 31, 2015, the Company recognized a pretax foreign exchange loss of \$22 million, consisting of \$17 million at the Turner segment and \$5 million at the Warner Bros. segment, related to a change in the foreign currency exchange rate used by the Company for remeasuring its Venezuelan net monetary assets from the SICAD 2 rate to the Simadi rate. The Venezuelan foreign currency loss is included in Selling, general and administrative expenses in the accompanying Consolidated Statement of Operations.

Other

For the three months ended March 31, 2016, Other includes \$9 million of expenses at the Home Box Office segment related to Home Box Office's withdrawal from a multiemployer benefit plan. For the three months ended March 31, 2016 and 2015, Other also includes external costs related to mergers, acquisitions or dispositions of \$4 million and \$2 million, respectively, consisting of \$3 million and \$1 million, respectively, at Corporate and \$1 million for both periods at the Warner Bros. segment. External costs related to mergers, acquisitions or dispositions and the accrued pension withdrawal expenses are included in Selling, general and administrative expenses in the accompanying Consolidated Statement of Operations.

Investment Losses, Net

For the three months ended March 31, 2016, the Company recognized \$11 million of investment losses, net, consisting of \$19 million of fair value adjustments relating to warrants to purchase common stock of CME held by the Company and \$8 million of miscellaneous investment gains. For the three months ended March 31, 2015, the Company recognized \$59 million of investment losses, net, consisting of \$56 million of fair value adjustments relating to warrants to purchase common stock of CME held by the Company and \$3 million of miscellaneous investment losses. Investment losses, net are included in Other loss, net in the accompanying Consolidated Statement of Operations.

Amounts Related to the Separation of Time Warner Cable Inc.

For the three months ended March 31, 2015, the Company recognized \$4 million of other loss related to changes in the value of a Time Warner Cable Inc. (TWC) tax indemnification receivable. These amounts have been reflected in Other loss, net in the accompanying Consolidated Statement of Operations.

Amounts Related to the Separation of Time Inc.

For the three months ended March 31, 2016 and 2015, the Company recognized other loss of \$4 million and \$2 million, respectively, primarily reflecting pension and other retirement benefits related to employees and former employees of Time Inc. These amounts have been reflected in Other loss, net in the accompanying Consolidated Statement of Operations.

Items Affecting Comparability Relating to Equity Method Investments

For the three months ended March 31, 2016, the Company recognized \$9 million of income primarily related to investment gains recorded by equity method investees. For the three months ended March 31, 2015, the Company recognized \$2 million of losses from discontinued operations recorded by an equity method investee. These amounts have been reflected in Other loss, net in the accompanying Consolidated Statement of Operations.

Income Tax Impact

The income tax impact reflects the estimated tax provision or tax benefit associated with each item affecting comparability. The estimated tax provision or tax benefit can vary based on certain factors, including the taxability or deductibility of the items and foreign tax on certain items.

Consolidated Results

The following discussion provides an analysis of the Company's results of operations and should be read in conjunction with the accompanying Consolidated Statement of Operations.

OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION (Continued)

Revenues. The components of Revenues are as follows (millions):

	Three Months Ended March 31,		
	2016	2015	% Change
Turner	\$ 2,906	\$ 2,710	7%
Home Box Office	1,506	1,398	8%
Warner Bros.	3,109	3,199	(3)%
Intersegment eliminations	(213)	(180)	18%
Total revenues	\$ 7,308	\$ 7,127	3%

For the three months ended March 31, 2016, Revenues at the Turner segment increased driven by higher Subscription and Advertising revenues. Revenues at the Home Box Office segment increased for the three months ended March 31, 2016 due to higher Subscription and Content and other revenues. For the three months ended March 31, 2016, Revenues at the Warner Bros. segment decreased driven by lower Theatrical product revenues, partially offset by higher Television product and Videogames and other revenues. Changes in exchange rates associated with the foreign currencies to which the Company is exposed negatively impacted the Company's Revenues by approximately \$115 million for the three months ended March 31, 2016 as compared to the three months ended March 31, 2015, consisting of approximately \$60 million, \$50 million and \$5 million at the Turner, Warner Bros. and Home Box Office segments, respectively. If the foreign exchange rates relative to the U.S. Dollar remain at the levels they were at as of March 31, 2016 or if the U.S. Dollar strengthens further in 2016 relative to the foreign currencies to which the Company is exposed, the Company's Revenues in 2016 will be negatively affected as compared to its Revenues in 2015. Each of the revenue categories is discussed in greater detail by segment in Business Segment Results.

Costs of Revenues. For the three months ended March 31, 2016, Costs of revenues were \$4.005 billion as compared to \$4.088 billion for the three months ended March 31, 2015. The decrease in costs of revenues for the three months ended March 31, 2016 was primarily due to a decrease at the Warner Bros. segment, partially offset by increases at the Turner and Home Box Office segments. The segment variations are discussed in Business Segment Results.

Selling, General and Administrative Expenses. For the three months ended March 31, 2016, Selling, general and administrative expenses increased 5% to \$1.251 billion from \$1.189 billion for the three months ended March 31, 2015, primarily reflecting increases at Corporate and the Turner and HBO segments, partially offset by a decline at the Warner Bros. segment. For the three months ended March 31, 2015, Selling, general and administrative expenses included a \$22 million foreign currency charge related to a change in the foreign currency exchange rate used by the Company for remeasuring its Venezuelan net monetary assets from the SICAD 2 rate to the Simadi rate. The segment variations are discussed in Business Segment Results.

Included in Costs of revenues and Selling, general and administrative expenses is depreciation expense of \$119 million and \$122 million for the three months ended March 31, 2016 and 2015, respectively.

Amortization Expense. Amortization expense was \$48 million for both the three months ended March 31, 2016 and 2015.

Restructuring and Severance Costs. For the three months ended March 31, 2016 and 2015, the Company incurred Restructuring and severance costs primarily related to employee terminations and other exit activities. Restructuring and severance costs are as follows (millions):

	Three Months Ended March 31,			
	2016		2015	
Turner	\$	1	\$	8
Home Box Office		4		1
Warner Bros.		1		3
Corporate		(1)		
Total restructuring and severance costs	\$	5	\$	12

Operating Income. Operating Income increased to \$1.996 billion for the three months ended March 31, 2016 from \$1.786 billion for the three months ended March 31, 2015. Excluding the items noted under Transactions and Other Items Affecting Comparability totaling \$16 million and \$28 million of expense for the three months ended March 31, 2016 and 2015, respectively, Operating Income increased \$198 million, reflecting increases at all of the segments, partially offset by higher losses at Corporate.

Interest Expense, Net. Interest expense, net detail is shown in the table below (millions):

	Three Months Ended March 31,	
	2016	2015
Interest expense	\$ (347)	\$ (345)
Interest income	63	51
Interest expense, net	\$ (284)	\$ (294)

For the three months ended March 31, 2016, Interest expense, net decreased to \$284 million from \$294 million for the three months ended March 31, 2015 reflecting higher interest income, principally as a result of the Company's transactions with CME.

Other Loss, Net. Other loss, net detail is shown in the table below (millions):

	Three Months Ended March 31,

Amounts related to the separation of Time Inc.	(4)	(2)
Items affecting comparability relating to equity method investments	9	(2)
Loss from equity method investees	(43)	(47)
Other	9	(3)
Other loss, net	\$ (40)	\$ (117)

Investment losses, net, items affecting comparability relating to equity method investments, and amounts related to the separations of TWC and Time Inc. are discussed under Transactions and Other Items Affecting Comparability.

Income Tax Provision. Income tax provision increased to \$498 million for the three months ended March 31, 2016 from \$442 million for the three months ended March 31, 2015. The Company's effective tax rate was 30% for the three months ended March 31, 2016 compared to 32% for the three months ended March 31, 2015. The decrease in the effective tax rate for the three months ended March 31, 2016 was primarily due to the recognition of tax benefits associated with losses at foreign subsidiaries.

Income from Continuing Operations. Income from continuing operations was \$1.174 billion and \$933 million for the three months ended March 31, 2016 and 2015, respectively. Excluding the items noted under Transactions and Other Items Affecting Comparability totaling \$18 million and \$77 million of expense for the three months ended March 31, 2016 and 2015, respectively, Income from continuing operations increased \$182 million, primarily reflecting higher Operating Income and lower Other loss, net, partly offset by higher income taxes. Basic and Diluted income from continuing operations per common share were \$1.48 and \$1.46, respectively, for the three months ended March 31, 2016 and were \$1.12 and \$1.10, respectively, for the three months ended March 31, 2015.

Discontinued Operations, Net of Tax. Discontinued operations, net of tax was income of \$40 million for the three months ended March 31, 2016 related to the recognition of additional tax benefits associated with certain foreign tax attributes of Warner Music Group (WMG), which the Company disposed of in 2004, and \$37 million for the three months ended March 31, 2015 primarily related to the final resolution of a tax indemnification obligation associated with the disposition of WMG. Both Basic and Diluted income from discontinued operations per common share were \$0.05 for both the three months ended March 31, 2016 and 2015.

MANAGEMENT'S DISCUSSION AND ANALYSIS

OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION (Continued)

The decrease in Revenues for the three months ended March 31, 2016 included the net unfavorable impact of foreign exchange rates of approximately \$50 million. Revenues primarily relate to theatrical product (which is content made available for initial exhibition in theaters) and television product (which is content made available for initial airing on traditional television or OTT services, including SVOD services). The components of Revenues for the three months ended March 31, 2016 and 2015 are as follows (millions):

	Three Months Ended March 31,		
	2016	2015	% Change
Theatrical product:			
Film rentals	\$ 367	\$ 593	(38)%
Home video and electronic delivery	321	369	(13)%

Home video and electronic delivery	94	106	(11)%
Consumer products and other	93	105	(11)%
Total television product	\$ 1,425	\$ 1,348	6%

Theatrical product revenues from film rentals decreased for the three months ended March 31, 2016, reflecting lower carryover revenues of \$362 million from prior period releases, partially offset by higher revenues of \$136 million from theatrical films released during the first quarter of 2016 compared to the first quarter of 2015. The Company released three and four theatrical films in the first quarters of 2016 and 2015, respectively.

For the three months ended March 31, 2016, theatrical product revenues from home video and electronic delivery decreased due to lower revenues of \$28 million from releases during the first quarter of 2016 compared to the first quarter of 2015 and lower revenues of \$20 million from prior period releases, including catalog titles. There were seven and five home video and electronic delivery releases in the first quarters of 2016 and 2015, respectively.

The increase in theatrical product revenues from television licensing for the three months ended March 31, 2016 was primarily due to higher license fees from SVOD services.

The increase in television product revenues from television licensing for the three months ended March 31, 2016 was primarily due to higher international license fees from SVOD services and higher initial telecast revenues.

Videogames and other revenues increased for the three months ended March 31, 2016 primarily due to higher revenues of \$86 million from prior period releases, partially offset by lower revenues of \$39 million from releases during the first quarter of 2016 compared to the first quarter of 2015. The Company released two and four videogames during the first quarters of 2016 and 2015, respectively.

The components of Costs of revenues for the Warner Bros. segment are as follows (millions):

	Three Months Ended March 31,			
	2016	2015		% Change

OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION (Continued)

Included in film and television production costs are production costs related to videogames, as well as theatrical film and videogame valuation adjustments resulting primarily from revisions to estimates of ultimate revenue and/or costs for certain theatrical films and videogames. Theatrical film valuation adjustments were \$1 million for the three months ended March 31, 2016 and \$39 million for the three months ended March 31, 2015. Videogame valuation adjustments for the three months ended March 31, 2016 were \$4 million and for the three months ended March 31, 2015 were \$16 million. The decrease in print and advertising costs for the three months ended March 31, 2016 was primarily due to fewer theatrical releases. Other costs, including merchandise and related costs decreased for the three months ended March 31, 2016 primarily due to lower foreign exchange losses.

Selling, general and administrative expenses decreased for the three months ended March 31, 2016 primarily due to cost savings initiatives.

Refer to Transactions and Other Items Affecting Comparability for a discussion of Asset impairments, Venezuelan foreign currency and external costs related to mergers, acquisitions and dispositions for the three months ended March 31, 2016 and 2015, which affected the comparability of the Warner Bros. segment's results.

The increase in Operating Income for the three months ended March 31, 2016 was primarily due to lower Costs of revenues and lower Selling, general and administrative expenses, partially offset by lower Revenues.

Corporate. Corporate's Operating Loss for the three months ended March 31, 2016 and 2015 was as follows (millions):

	Three Months Ended March 31,

Refer to Transactions and Other Items Affecting Comparability for a discussion of Asset impairments and external costs related to mergers, acquisitions and dispositions for the three months ended March 31, 2016 and 2015, which affected the comparability of Corporate's results.

Operating loss for the three months ended March 31, 2016 increased primarily due to higher equity-based compensation expense of \$12 million, higher costs of \$6 million related to enterprise efficiency initiatives primarily focused on technology and the unfavorable impact of foreign exchange rates of \$6 million.

FINANCIAL CONDITION AND LIQUIDITY

Management believes that cash generated by or available to the Company should be sufficient to fund its capital and liquidity needs for the foreseeable future, including scheduled debt repayments, quarterly dividend payments and the purchase of common stock under the Company's stock repurchase program. Time Warner's sources of cash include Cash provided by operations, Cash and equivalents on hand, available borrowing capacity under its committed credit facilities and commercial paper program and access to capital markets. Time Warner's unused committed capacity at March 31, 2016 was \$6.567 billion, which included \$1.540 billion of Cash and equivalents.

Current Financial Condition

At March 31, 2016, Time Warner had net debt of \$22.133 billion (\$23.673 billion of debt less \$1.540 billion of Cash and equivalents) and \$23.844 billion of Total equity, compared to net debt of \$21.637 billion (\$23.792 billion of debt less \$2.155 billion of Cash and equivalents) and \$23.619 billion of Total equity at December 31, 2015.

OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION (Continued)

The following table shows the significant items contributing to the increase in net debt from December 31, 2015 to March 31, 2016 (millions):

Balance at December 31, 2015	\$ 21,637
Cash provided by operations	(753)
Capital expenditures	75
Repurchases of common stock	711
Dividends paid to common stockholders	322
Investments and acquisitions, net of cash acquired	98
Proceeds from the exercise of stock options	(56)
Other investment and sale proceeds	(18)
All other, net	117
Balance at March 31, 2016	\$ 22,133

In January 2016, Time Warner's Board of Directors authorized up to \$5.0 billion of share repurchases beginning January 1, 2016, including the amount remaining at December 31, 2015 under the prior authorization. Purchases under the stock repurchase program may be made from time to time on the open market and in privately negotiated transactions. The size and timing of these purchases are based on a number of factors, including price and business and market conditions. From January 1, 2016 through April 29, 2016, the Company repurchased 13 million shares of common stock for \$946 million pursuant to trading plans under Rule 10b5-1 of the Securities Exchange Act of 1934, as amended (the Exchange Act).

Cash Flows

Cash and equivalents decreased by \$615 million, including \$4 million of Cash used by discontinued operations, for the three months ended March 31, 2016. Cash and equivalents decreased by \$358 million, including \$3 million of Cash provided by discontinued operations, for the three months ended March 31, 2015. Components of these changes are discussed below in more detail.

Operating Activities

Details of Cash provided by operations are as follows (millions):

	Three Months Ended March 31,	
	2016	2015
Operating Income	\$ 1,996	\$ 1,786
Depreciation and amortization	167	170
Net interest payments (a)	(278)	(258)
Net income taxes paid (b)	(130)	(158)
All other, net, including working capital changes	(1,002)	(528)
Cash provided by operations	\$ 753	\$ 1,012

(a) Includes cash interest received of \$13 million and \$8 million for the three months ended March 31, 2016 and 2015, respectively.

(b) Includes income tax refunds received of \$4 million and \$11 million for the three months ended March 31, 2016 and 2015, respectively.

Cash provided by operations for the three months ended March 31, 2016 decreased primarily due to higher cash used by working capital, partially offset by higher Operating Income. Cash used by working capital increased primarily due to a net increase in accounts receivable and increased content investments.

Other obligations (e)	295	29	239	27
Total	\$ 30,269	\$ 29	\$ 23,673	\$ 6,567

- (a) The revolving credit facilities, commercial paper program and public debt of the Company rank pari passu with the senior debt of the respective obligors thereon. The weighted average maturity of the Company's outstanding debt and other financing arrangements was 13.5 years as of March 31, 2016.
- (b) Represents the portion of committed capacity, including from bilateral letter of credit facilities, reserved for outstanding and undrawn letters of credit.
- (c) Represents principal amounts adjusted for premiums and discounts and \$121 million of unamortized debt issuance costs. At March 31, 2016, the principal amounts of the Company's publicly issued debt mature as follows: \$500 million in 2017, \$600 million in 2018, \$650 million in 2019, \$1.4 billion in 2020, \$2.0 billion in 2021 and \$18.501 billion thereafter. In the period after 2021, no more than \$2.0 billion will mature in any given year.
- (d) The revolving credit facilities consist of two \$2.5 billion revolving credit facilities. The Company may issue unsecured commercial paper notes up to the amount of the unused committed capacity under the revolving credit facilities.

- (e) Unused committed capacity includes committed financings of subsidiaries under local bank credit agreements. Other debt obligations totaling \$51 million are due within the next twelve months.

Programming Licensing Backlog

Programming licensing backlog represents the amount of future revenues not yet recorded from cash contracts for the worldwide licensing of theatrical and television product for premium cable, basic cable, network and syndicated television and OTT exhibition. Backlog was \$6.2 billion and \$6.3 billion at March 31, 2016 and December 31, 2015, respectively. Included in the backlog amounts is licensing of theatrical and television product from the Warner Bros. segment to the Turner segment in the amount of \$581 million and \$619 million at March 31, 2016 and December 31, 2015, respectively. Also included in the backlog amounts is licensing of theatrical product from the Warner Bros. segment to the Home Box Office segment in the amount of \$666 million and \$737 million at March 31, 2016 and December 31, 2015, respectively.

CAUTION CONCERNING FORWARD-LOOKING STATEMENTS

This report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements can be identified by the fact that they do not relate strictly to historical or current facts. Forward-looking statements often include words such as anticipates, estimates, expects, projects, intends, believes and words and terms of similar substance in connection with discussions of future operating or financial performance. Examples of forward-looking statements in this report include, but are not limited to, statements regarding (i) the Company's expected incurrence of a pretax gain of approximately \$95 million and a pretax charge of approximately \$150 million in the quarter ended June 30, 2016 relating to the repayment by CME of certain indebtedness and related transactions, and (ii) the Company's expected recognition of a pre-tax gain of approximately \$90 million relating to Warner Bros.' sale of its Flixster business to Fandango.

The Company's forward-looking statements are based on management's current expectations and assumptions regarding the Company's business and performance, the economy and other future conditions and forecasts of future events, circumstances and results. As with any projection or forecast, forward-looking statements are inherently susceptible to uncertainty and changes in circumstances. The Company's actual results may vary materially from those expressed or implied in its forward-looking statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS
OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION (Continued)

Important factors that could cause the Company's actual results to differ materially from those in its forward-looking statements include government regulation, economic, strategic, political and social conditions and the following factors:

recent and future changes in technology, services and standards, including, but not limited to, alternative methods for the delivery, storage and consumption of digital media and evolving home entertainment formats; changes in consumer behavior, including changes in spending behavior and changes in consumer viewing patterns;

the popularity of the Company's content;

changes in the Company's plans, initiatives and strategies, and consumer acceptance thereof;

changes in the plans, initiatives and strategies of the third parties that distribute, license and/or sell Time Warner's content;

the Company's ability to renew affiliate agreements on favorable terms;

competitive pressures, including as a result of audience fragmentation and changes in technology and consumer viewing patterns;

changes in advertising market conditions or advertising expenditures due to various factors, including decreasing numbers of multichannel video service subscribers, changes in consumer viewing patterns, economic conditions, pressure from public interest groups, changes in laws and regulations and other societal or political developments;

the Company's ability to deal effectively with economic slowdowns or other economic or market difficulties;

changes in foreign exchange rates;

increased volatility or decreased liquidity in the capital markets, including any limitation on the Company's ability to access the capital markets for debt securities, refinance its outstanding indebtedness or obtain bank financings on acceptable terms;

piracy and the Company's ability to exploit and protect its intellectual property rights in and to its content and other products;

the failure to achieve the anticipated benefits of the Company's enterprise efficiency initiatives;

the effects of any significant acquisitions, dispositions and other similar transactions by the Company;

a disruption or failure of the Company's or its vendors' network and information systems or other technology relied on by the Company;

the failure to meet earnings expectations;

lower than expected valuations associated with the cash flows and revenues at Time Warner's reporting units, which could result in Time Warner's inability to realize the value recorded for intangible assets and goodwill at those reporting units;

the adequacy of the Company's risk management framework;

changes in U.S. GAAP or other applicable accounting policies;

changes in tax, federal communication and other laws and regulations;

currency exchange restrictions and currency devaluation risks in some foreign countries;

the effect of union or labor disputes or professional sports league player lockouts;
the impact of terrorist acts, hostilities, natural disasters (including extreme weather) and pandemic viruses; and
the other risks and uncertainties detailed in Part I, Item 1A. Risk Factors in the Company's Annual Report on
Form 10-K for the year ended December 31, 2015.

Any forward-looking statement made by the Company in this report speaks only as of the date on which it is made.
The Company is under no obligation to, and expressly disclaims any obligation to, update or alter its forward-looking
statements, whether as a result of new information, subsequent events or otherwise.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

The Company, under the supervision and with the participation of its management, including the Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the Exchange Act) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed in reports filed or submitted by the Company under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that information required to be disclosed by the Company is accumulated and communicated to the Company's management to allow timely decisions regarding the required disclosure.

Changes in Internal Control Over Financial Reporting

There have not been any changes in the Company's internal control over financial reporting during the quarter ended March 31, 2016 that have materially affected, or are reasonably likely to materially affect, its internal control over financial reporting.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

Description of Business

Time Warner Inc. (Time Warner or the Company) is a leading media and entertainment company, whose businesses include television networks, and film and TV entertainment. Time Warner classifies its operations into three reportable segments: *Turner*: consisting principally of cable networks and digital media properties; *Home Box Office*: consisting principally of premium pay television and over-the-top (OTT) services domestically and premium pay, basic tier television and OTT services internationally; and *Warner Bros.*: consisting principally of television, feature film, home video and videogame production and distribution.

Basis of Presentation

Interim Financial Statements

The consolidated financial statements are unaudited; however, in the opinion of management, they contain all the adjustments (consisting of those of a normal recurring nature) considered necessary to present fairly the financial position, results of operations and cash flows for the periods presented in conformity with U.S. generally accepted accounting principles (GAAP) applicable to interim periods. The consolidated financial statements should be read in conjunction with the audited consolidated financial statements of Time Warner included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 (the 2015 Form 10-K).

Basis of Consolidation

The consolidated financial statements include all the assets, liabilities, revenues, expenses and cash flows of entities in which Time Warner has a controlling interest (subsidiaries). Intercompany accounts and transactions between consolidated entities have been eliminated in consolidation.

Reclassifications

Certain reclassifications have been made to the prior year financial information to conform to the March 31, 2016 presentation.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates, judgments and assumptions that affect the amounts reported in the consolidated financial statements and footnotes thereto. Actual results could differ from those estimates.

Significant estimates and judgments inherent in the preparation of the consolidated financial statements include accounting for asset impairments, multiple-element transactions, allowances for doubtful accounts, depreciation and amortization, the determination of ultimate revenues as it relates to amortization or impairment of capitalized film and programming costs and participations and residuals, home video and videogame product returns, business

combinations, pension and other postretirement benefits, equity-based compensation, income taxes, contingencies, litigation matters, reporting revenue for certain transactions on a gross versus net basis, and the determination of whether the Company should consolidate certain entities.

Venezuela Currency

During the quarter ended March 31, 2015, the Company recognized a pretax foreign exchange loss of \$22 million in the Consolidated Statement of Operations related to a change in the foreign currency exchange rate the Company used to remeasure its Venezuelan net monetary assets from the SICAD 2 rate to the Simadi rate. Approximately \$15 million of such loss related to cash balances.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Accounting Guidance Adopted in 2016

Equity Method of Accounting

In March 2016, guidance was issued that changes the requirements for equity method accounting when an investment qualifies for use of the equity method as a result of an increase in the investor's ownership interest in or degree of influence over an investee. The guidance (i) eliminates the need to retroactively apply the equity method of accounting upon qualifying for such treatment, (ii) requires that the cost of acquiring the additional interest in an investee be added to the basis of the previously held interest and (iii) requires that unrealized holding gains or losses for available-for-sale equity securities that qualify for the equity method of accounting be recognized in earnings at the date the investment becomes qualified for use of the equity method of accounting. The Company adopted this guidance on January 1, 2016 on a prospective basis and it did not impact the Company's consolidated financial statements.

Accounting Guidance Not Yet Adopted

Share-Based Payments

In March 2016, guidance was issued that changes the reporting for certain aspects of share-based payments. One aspect of the guidance, which will become effective on a prospective basis beginning on January 1, 2017, requires that the income tax effects of share-based awards be recognized in the income statement when the awards vest or are settled. Under the current guidance, excess tax benefits and deficiencies have been recognized in Additional paid-in capital in the Consolidated Balance Sheet. For the year ended December 31, 2015, the net amount of excess tax benefits and deficiencies that were recognized in Additional paid-in capital was \$150 million. Another aspect of the new guidance, which will become effective on a prospective or retrospective basis beginning on January 1, 2017, requires that excess tax benefits be classified as a cash flow from operating activities in the Consolidated Statement of Cash Flows. Under the current guidance, excess tax benefits have been classified as a cash flow from financing activities. Excess tax benefits presented as a cash flow from financing activities was \$151 million for the year ended December 31, 2015. The other aspects of this new guidance are not expected to have a material effect on the Company's consolidated financial statements.

Accounting for Leases

In February 2016, new guidance was issued regarding accounting for leases. The main difference between the current guidance and the new guidance is the recognition of lease assets and liabilities for lessees for those leases classified as operating leases under the current guidance. Under the new guidance, the recognition, measurement and presentation of expenses and cash flows arising from a lease as well as the lessor accounting model have not significantly changed from current guidance. This guidance also requires qualitative and quantitative disclosures of key information about leasing arrangements. The new guidance will become effective on a modified retrospective basis for the Company on January 1, 2019. The Company is evaluating the impact the new guidance will have on its consolidated financial statements.

Recognition and Measurement of Financial Assets and Liabilities

In January 2016, guidance was issued that makes limited changes to the accounting for financial instruments. The changes primarily relate to (i) the requirement to measure equity investments in unconsolidated subsidiaries, other than those accounted for under the equity method of accounting, at fair value, with changes in the fair value recognized in earnings, (ii) an alternative approach for the measurement of equity investments that do not have a readily determinable fair value, (iii) the elimination of the other-than-temporary impairment model and its replacement with a requirement to perform a qualitative assessment to identify the impairment of equity investments, and a requirement to recognize impairment losses in earnings based on the difference between fair value and the carrying value of the equity investment, (iv) the elimination of the requirement to disclose the methods and significant assumptions used to estimate the fair value of financial instruments measured at amortized cost, (v) the addition of a requirement to use the exit price concept when measuring the fair value of financial instruments for disclosure purposes, and (vi) the addition of a requirement to present financial assets and financial liabilities separately in the notes to the financial statements, grouped by measurement category (e.g., fair value, amortized cost, lower of cost or market) and by form of financial asset (e.g., loans, securities). This guidance will become effective for the Company on January 1, 2018. The Company is evaluating the impact this guidance will have on its consolidated financial statements.

Table of Contents**TIME WARNER INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)*****Revenue Recognition***

In May 2014, guidance was issued that establishes a new revenue recognition framework in GAAP for all companies and industries. The core principle of the guidance is that an entity should recognize revenue from the transfer of promised goods or services to customers in an amount that reflects the consideration the entity expects to receive for those goods or services. The guidance includes a five-step framework to determine the timing and amount of revenue to recognize related to contracts with customers. In addition, this guidance requires new or expanded disclosures related to the judgments made by companies when following this framework. Based on the current guidance, the new framework will become effective on either a full or modified retrospective basis for the Company on January 1, 2018. The Company is evaluating the impact the guidance will have on its consolidated financial statements.

2. BUSINESS DISPOSITIONS AND ACQUISITIONS

For the three months ended March 31, 2016, Discontinued operations, net of tax was income of \$40 million (\$0.05 of diluted income from discontinued operations per common share) related to the recognition of certain tax benefits associated with foreign tax attributes of the Warner Music Group (WMG), which the Company disposed of in 2004. For the three months ended March 31, 2015, Discontinued operations, net of tax was income of \$37 million (\$0.05 of diluted income from discontinued operations per common share), primarily related to the final resolution of a tax indemnification obligation associated with the disposition of WMG.

3. FAIR VALUE MEASUREMENTS

A fair value measurement is determined based on the assumptions that a market participant would use in pricing an asset or liability. A three-tiered hierarchy draws distinctions between market participant assumptions based on (i) observable inputs such as quoted prices in active markets (Level 1), (ii) inputs other than quoted prices in active markets that are observable either directly or indirectly (Level 2) and (iii) unobservable inputs that require the Company to use present value and other valuation techniques in the determination of fair value (Level 3). The following table presents information about assets and liabilities required to be carried at fair value on a recurring basis as of March 31, 2016 and December 31, 2015, respectively (millions):

The Company primarily applies the market approach for valuing recurring fair value measurements. As of March 31, 2016 and December 31, 2015, assets and liabilities valued using significant unobservable inputs (Level 3) primarily related to warrants to purchase shares of Class A common stock of Central European Media Enterprises Ltd. (CME) valued at \$160 million and \$179 million, respectively. The Company estimates the fair value of these warrants using a Monte Carlo Simulation model. Significant

Table of Contents**TIME WARNER INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

unobservable inputs used in the fair value measurement at March 31, 2016 are an expected term of 1.22 years and an expected volatility of approximately 59%. The other Level 3 assets and liabilities consisted of assets related to equity instruments held by employees of a former subsidiary of the Company, liabilities for contingent consideration and options to redeem securities.

The following table reconciles the beginning and ending balances of net derivative assets and liabilities classified as Level 3 and identifies the total gains (losses) the Company recognized during the three months ended March 31, 2016 and 2015 on such assets and liabilities that were included in the Consolidated Balance Sheet as of March 31, 2016 and 2015 (millions):

Other Financial Instruments

The Company's other financial instruments, including debt, are not required to be carried at fair value. Based on the interest rates prevailing at March 31, 2016, the fair value of Time Warner's debt exceeded its carrying value by approximately \$3.318 billion and, based on interest rates prevailing at December 31, 2015, the fair value of Time

Warner's debt exceeded its carrying value by approximately \$2.490 billion. The fair value of Time Warner's debt is considered a Level 2 measurement as it is based on observable market inputs such as current interest rates and, where available, actual sales transactions. Unrealized gains or losses on debt do not result in the realization or expenditure of cash and generally are not recognized in the consolidated financial statements unless the debt is retired prior to its maturity.

Information as of March 31, 2016 about the Company's investments in CME that are not required to be carried at fair value on a recurring basis is as follows (millions):

	Carrying Value	Fair Value	Fair Value Hierarchy
Class A common stock (a)	\$	\$ 185	Level 1
Series B convertible redeemable preferred shares	\$	\$ 259	Level 2
Senior secured notes	\$ 247	\$ 446	Level 2

(a) Includes 1 share of Series A convertible preferred stock.

The fair values of the Company's investments in CME's Class A common stock (including Series A convertible preferred stock) and Series B convertible redeemable preferred shares are primarily determined by reference to the March 31, 2016 closing price of CME's common stock. The fair value of the Company's investment in CME's 15% senior secured notes due 2017 (the Senior Secured Notes) is primarily determined by reference to observable sales transactions.

As of March 31, 2016, the Company owned 3.4 million of CME's Senior Secured Notes, each consisting of \$100 principal amount plus accrued interest. The Senior Secured Notes are accounted for at their amortized cost and classified as held-to-maturity in the Consolidated Balance Sheet. In April 2016, Time Warner received approximately \$447 million in connection with CME's repayment of all the outstanding Senior Secured Notes.

Table of Contents**TIME WARNER INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

The carrying value for the majority of the Company's other financial instruments approximates fair value due to the short-term nature of the financial instruments or because the financial instruments are of a longer-term nature and are recorded on a discounted basis.

Non-Financial Instruments

The majority of the Company's non-financial instruments, which include goodwill, intangible assets, inventories and property, plant and equipment, are not required to be carried at fair value on a recurring basis. However, if certain triggering events occur (or at least annually for goodwill and indefinite-lived intangible assets), a non-financial instrument is required to be evaluated for impairment. If the Company determines that the non-financial instrument is impaired, the Company would be required to write down the non-financial instrument to its fair value.

During the three months ended March 31, 2016 and March 31, 2015, the Company also performed fair value measurements related to certain theatrical films and television programs. In determining the fair value of its theatrical films, the Company employs a DCF methodology that includes cash flow estimates of a film's ultimate revenue and costs as well as a discount rate. The discount rate utilized in the DCF analysis is based on the weighted average cost of capital of the respective business (e.g., Warner Bros.) plus a risk premium representing the risk associated with producing a particular theatrical film. The fair value of any theatrical films and television programs that management plans to abandon is zero. Because the primary determination of fair value is made using a DCF model, the resulting fair value is considered a Level 3 measurement. The following table presents certain theatrical film and television production costs, which were recorded as inventory in the Consolidated Balance Sheet, that were written down to fair value (millions):

	Carrying value before write down	Carrying value after write down

(b) Does not include \$622 million and \$656 million of acquired film library intangible assets as of March 31, 2016 and December 31, 2015, respectively, which are included in Intangible assets subject to amortization, net in the

Consolidated Balance Sheet.

5. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

Time Warner uses derivative instruments, primarily forward contracts, to manage the risk associated with the volatility of future cash flows denominated in foreign currencies and changes in fair value resulting from changes in foreign currency exchange rates. The principal currencies being hedged include the British Pound, Euro, Australian Dollar and Canadian Dollar. Time Warner uses foreign exchange contracts that generally have maturities of three to 18 months to hedge various foreign exchange exposures, including the following: (i) variability in foreign-currency-denominated cash flows, such as the hedges of unremitted or forecasted royalty and license fees owed to Time Warner's domestic companies for the sale or anticipated sale of U.S. copyrighted products abroad or cash flows for certain film production costs denominated in a foreign currency (i.e., cash flow hedges), and (ii) currency risk associated with foreign-currency-denominated operating assets and liabilities (i.e., fair value hedges).

The Company also enters into derivative contracts that economically hedge certain of its foreign currency risks, even though hedge accounting does not apply or the Company elects not to apply hedge accounting. These economic hedges are used primarily to offset the change in certain foreign currency denominated long-term receivables and certain foreign-currency-denominated intercompany debt due to changes in the underlying foreign exchange rates.

The translation of revenues and expenses denominated in the functional currency of a foreign subsidiary may result in fluctuations in the U.S. Dollar-equivalent value of such revenues and expenses as compared to prior periods. Such transactions are not eligible for qualifying hedge accounting treatment, and the Company does not economically hedge this exposure.

Table of Contents**TIME WARNER INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

Net gains and losses from hedging activities recognized in the Consolidated Statement of Operations were as follows (millions):

The Company monitors its positions with, and the credit quality of, the financial institutions that are party to its financial transactions and has entered into collateral agreements with certain of these counterparties to further protect the Company in the event of deterioration of the credit quality of such counterparties on outstanding transactions. Additionally, netting provisions are included in agreements in situations where the Company executes multiple contracts with the same counterparty. For such foreign exchange contracts, the Company offsets the fair values of the amounts owed to or due from the same counterparty and classifies the net amount as a net asset or net liability within Prepaid expenses and other current assets or Accounts payable and accrued liabilities, respectively, in the Consolidated Balance Sheet. The following is a summary of amounts recorded in the Consolidated Balance Sheet pertaining to Time Warner's use of foreign currency derivatives at March 31, 2016 and December 31, 2015 (millions):

	March 31,	December 31,

(a) Includes \$224 million (\$216 million of qualifying hedges and \$8 million of economic hedges) and \$161 million (\$156 million of qualifying hedges and \$5 million of economic hedges) of foreign exchange derivative contracts in asset and liability positions, respectively.

(b) Includes \$198 million (\$194 million of qualifying hedges and \$4 million of economic hedges) and \$121 million (\$116 million of qualifying hedges and \$5 million of economic hedges) of foreign exchange derivative contracts in asset and liability positions, respectively.

At March 31, 2016 and December 31, 2015, \$3 million and \$29 million, respectively, of gains related to cash flow hedges are recorded in Accumulated other comprehensive loss, net and are expected to be recognized in earnings at the same time the hedged items affect earnings. Included in Accumulated other comprehensive loss, net at March 31, 2016 and December 31, 2015 are net losses of \$11 million and \$9 million, respectively, related to hedges of cash flows associated with films that are not expected to be released within the next twelve months.

At March 31, 2016, the carrying amount of the Company's 700 million aggregate principal amount of debt due 2023 is designated as a hedge of the variability in the Company's Euro-denominated net investments. The gain or loss on the debt that is designated as, and is effective as, an economic hedge of the net investment in a foreign operation is recorded as a currency translation adjustment within Accumulated other comprehensive loss, net in the Consolidated Balance Sheet. For the three months ended March 31, 2016, such amounts totaled \$7 million of losses.

6. SHAREHOLDERS' EQUITY

Common Stock Repurchase Program

In January 2016, Time Warner's Board of Directors authorized up to \$5.0 billion of share repurchases beginning January 1, 2016, including amounts available under the Company's prior stock repurchase program at December 31, 2015. Purchases under the stock repurchase program may be made from time to time on the open market and in privately negotiated transactions. The size and timing of these purchases are based on a number of factors, including price and business and market conditions.

Table of Contents**TIME WARNER INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

From January 1, 2016 through March 31, 2016, the Company repurchased approximately 10 million shares of common stock for approximately \$713 million pursuant to trading plans under Rule 10b5-1 of the Securities Exchange Act of 1934, as amended. As of March 31, 2016, \$4.287 billion remained under the stock repurchase program.

Comprehensive Income (Loss)

Comprehensive income (loss) is reported in the Consolidated Statement of Comprehensive Income and consists of Net income and other gains and losses affecting shareholders' equity that, under GAAP, are excluded from Net income. For Time Warner, such items consist primarily of foreign currency translation gains (losses), unrealized gains and losses on certain derivative financial instruments and equity securities, and changes in benefit plan obligations.

The following summary sets forth the activity within Other comprehensive loss (millions):

As of March 31, 2016, of the remaining \$177 million liability, \$148 million was classified as a current liability in the Consolidated Balance Sheet, with the remaining \$29 million classified as a long-term liability. Amounts classified as long-term are expected to be paid through 2019.

11. SEGMENT INFORMATION

Time Warner classifies its operations into three reportable segments: *Turner*: consisting principally of cable networks and digital media properties; *Home Box Office*: consisting principally of premium pay television and OTT services domestically and premium pay, basic tier television and OTT services internationally; and *Warner Bros.*: consisting principally of television, feature film, home video and videogame production and distribution. Time Warner's reportable segments have been determined in accordance with its internal management structure and the financial information that is evaluated regularly by the Company's chief operating decision maker.

In the ordinary course of business, Time Warner's reportable segments enter into transactions with one another. The most common types of intersegment transactions include the Warner Bros. segment generating revenues by licensing television and theatrical programming to the Turner and Home Box Office segments. While intersegment transactions are treated like third-party transactions to determine segment performance, the revenues (and corresponding expenses or assets recognized by the segment that is the counterparty to the transaction) are eliminated in consolidation and, therefore, do not affect consolidated results.

12. COMMITMENTS AND CONTINGENCIES

Commitments

Six Flags

In connection with the Company's former investment in the Six Flags theme parks located in Georgia and Texas (collectively, the Parks), in 1997, certain subsidiaries of the Company (including Historic TW Inc. (Historic TW)) and, in connection with the separation of Time Warner Cable Inc. in 2009, Warner Bros. Entertainment Inc.) agreed to guarantee (the Six Flags Guarantee) certain obligations of the partnerships that hold the Parks (the Partnerships) for the benefit of the limited partners in such Partnerships, including: annual payments made at the Parks or to the limited partners and additional obligations at the end of the respective terms for the Partnerships in 2027 and 2028 (the Guaranteed Obligations). The aggregate undiscounted estimated future cash flow requirements covered by the Six Flags Guarantee over the remaining term (through 2028) are \$896 million (for a net present value of \$436 million). To date, no payments have been made by the Company pursuant to the Six Flags Guarantee.

Six Flags Entertainment Corporation (formerly known as Six Flags, Inc. and Premier Parks Inc.) (Six Flags), which has the controlling interest in the Parks, has agreed, pursuant to a subordinated indemnity agreement (the Subordinated Indemnity Agreement), to guarantee the performance of the Guaranteed Obligations when due and to indemnify Historic TW, among others, if the Six Flags Guarantee is called upon. If Six Flags defaults in its indemnification obligations, Historic TW has the right to acquire control of the managing partner of the Parks. Six Flags' obligations to Historic TW are further secured by its interest in all limited partnership units held by Six Flags.

Because the Six Flags Guarantee existed prior to December 31, 2002 and no modifications to the arrangements have been made since the date the guarantee came into existence, the Company is required to continue to account for the Guaranteed Obligations as a contingent liability. Based on its evaluation of the current facts and circumstances surrounding the Guaranteed Obligations and the Subordinated Indemnity Agreement, the Company is unable to predict the loss, if any, that may be incurred under the Guaranteed Obligations, and no liability for the arrangements has been recognized at March 31, 2016. Because of the specific circumstances surrounding the arrangements and the fact that no active or observable market exists for this type of financial guarantee, the Company is unable to determine a current fair value for the Guaranteed Obligations and related Subordinated Indemnity Agreement.

Contingencies

In the ordinary course of business, the Company and its subsidiaries are defendants in or parties to various legal claims, actions and proceedings. These claims, actions and proceedings are at varying stages of investigation, arbitration or adjudication, and involve a variety of areas of law.

On April 4, 2007, the National Labor Relations Board (NLRB) issued a complaint against CNN America Inc. (CNN America) and Team Video Services, LLC (Team Video) related to CNN America's December 2003 and January 2004 terminations of its contractual relationships with Team Video, under which Team Video had provided electronic news gathering services in Washington, DC and New York, NY. The National Association of Broadcast Employees and Technicians, under which Team Video's employees were unionized, initially filed charges of unfair labor practices

with the NLRB in February 2004, alleging that CNN America and Team Video were joint employers, that CNN America was a successor employer to Team Video, and/or that CNN America discriminated in its hiring practices to avoid becoming a successor employer or due to specific individuals' union affiliation or activities. In the complaint, the NLRB sought, among other things, the reinstatement of certain union members and monetary damages. On November 19, 2008, the presiding NLRB Administrative Law Judge (ALJ) issued a non-binding recommended decision and order finding CNN America liable. On September 15, 2014, a three-member panel of the NLRB affirmed the ALJ's decision and adopted the ALJ's order with certain modifications. On November 12, 2014, both CNN America and the NLRB General Counsel filed motions with the NLRB for reconsideration of the panel's decision. On March 20, 2015, the NLRB granted the NLRB General Counsel's motion for reconsideration to correct certain inadvertent errors in the panel's decision, and it denied CNN America's motion for reconsideration. On July 9, 2015, CNN America filed a notice of appeal with the U.S. Court of Appeals for the D.C. Circuit regarding the panel's decision and the denial of CNN America's motion for reconsideration.

The Company establishes an accrued liability for legal claims when the Company determines that a loss is both probable and the amount of the loss can be reasonably estimated. Once established, accruals are adjusted from time to time, as appropriate, in light

Table of Contents

TIME WARNER INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

of additional information. The amount of any loss ultimately incurred in relation to matters for which an accrual has been established may be higher or lower than the amounts accrued for such matters.

The Company has estimated a range of possible loss for legal claims for which the Company has determined a loss is probable or reasonably possible, including the matter disclosed above. The Company believes the estimate of the aggregate range of possible loss for such matters in excess of accrued liabilities is between \$0 and \$100 million at March 31, 2016. The estimated aggregate range of possible loss is subject to significant judgment and a variety of assumptions. The matters represented in the estimated aggregate range of possible loss will change from time to time and actual results may vary significantly from the current estimate.

In view of the inherent difficulty of predicting the outcome of litigation and claims, the Company often cannot predict what the eventual outcome of the pending matters will be, what the timing of the ultimate resolution of these matters will be, or what the eventual loss, fines or penalties related to each pending matter may be. An adverse outcome in one or more of these matters could be material to the Company's results of operations or cash flows for any particular reporting period.

Income Tax Uncertainties

During the three months ended March 31, 2016, the Company recorded net decreases to income tax reserves of approximately \$123 million, of which approximately \$17 million decreased the Company's effective tax rate for continuing operations. In addition, the Company recorded decreases of \$40 million of tax reserves related to discontinued foreign operations. During the three months ended March 31, 2016, the Company recorded net increases to interest reserves related to the income tax reserves of approximately \$10 million.

In the Company's judgment, uncertainties related to certain tax matters are reasonably possible of being resolved during the next twelve months. The effect of such resolution, which could vary based on the final terms and timing of actual settlements with taxing authorities, is estimated to be a reduction of recorded unrecognized tax benefits ranging from \$20 million to \$40 million, most of which would decrease the Company's effective tax rate.

13. RELATED PARTY TRANSACTIONS

The Company has entered into certain transactions in the ordinary course of business with unconsolidated investees accounted for under the equity method of accounting. The transactions that generate revenue and expenses primarily relate to the licensing by the Warner Bros. segment of television programming to The CW broadcast network and certain international networks, including networks owned by CME. Transactions that generate interest income and other income relate to financing transactions with CME. Amounts included in the consolidated financial statements resulting from transactions with related parties consist of (millions):

Accounting for Collaborative Arrangements

The Company's collaborative arrangements primarily relate to arrangements entered into with third parties to jointly finance and distribute theatrical productions and an arrangement entered into with CBS Broadcasting, Inc. (CBS) and The National Collegiate Athletic Association (the NCAA).

For the Company's collaborative arrangements entered into with third parties to jointly finance and distribute theatrical productions, net participation costs of \$73 million and \$127 million were recorded in Costs of revenues for the three months ended March 31, 2016 and 2015, respectively.

The arrangement among Turner, CBS and the NCAA provides Turner and CBS with rights to the NCAA Division I Men's Basketball Championship Tournament (the NCAA Tournament) in the United States and its territories and possessions through 2032. The aggregate rights fee, production costs, advertising revenues and sponsorship revenues related to the NCAA Tournament and related programming are shared by Turner and CBS. However, if the amount paid for the rights fee and production costs, in any given year, exceeds advertising and sponsorship revenues for that year, CBS' share of such shortfall is limited to specified annual amounts, ranging from approximately \$30 million to \$45 million.

TIME WARNER INC.
SUPPLEMENTARY INFORMATION
CONDENSED CONSOLIDATING FINANCIAL STATEMENTS

Overview

Set forth below are condensed consolidating financial statements presenting the financial position, results of operations and cash flows of (i) Time Warner Inc. (the Parent Company), (ii) Historic TW Inc. (in its own capacity and as successor by merger to Time Warner Companies, Inc.), Home Box Office, Inc., and Turner Broadcasting System, Inc., each a wholly owned subsidiary of the Parent Company (collectively, the Guarantor Subsidiaries), on a combined basis, (iii) the direct and indirect non-guarantor subsidiaries of the Parent Company (the Non-Guarantor Subsidiaries), on a combined basis, and (iv) the eliminations necessary to arrive at the information for Time Warner Inc. on a consolidated basis. The Guarantor Subsidiaries fully and unconditionally, jointly and severally guarantee securities issued under certain of the Company's indentures on an unsecured basis.

There are no legal or regulatory restrictions on the Parent Company's ability to obtain funds from any of its wholly owned subsidiaries through dividends, loans or advances.

Basis of Presentation

In presenting the condensed consolidating financial statements, the equity method of accounting has been applied to (i) the Parent Company's interests in the Guarantor Subsidiaries and (ii) the Guarantor Subsidiaries' interests in the Non-Guarantor Subsidiaries, where applicable, even though all such subsidiaries meet the requirements to be consolidated under U.S. generally accepted accounting principles. All intercompany balances and transactions between the Parent Company, the Guarantor Subsidiaries and the Non-Guarantor Subsidiaries have been eliminated, as shown in the column Eliminations.

The Parent Company's accounting bases in all subsidiaries, including goodwill and identified intangible assets, have been pushed down to the applicable subsidiaries. Corporate overhead expenses have been reflected as expenses of the Parent Company and have not been allocated to the Guarantor Subsidiaries or the Non-Guarantor Subsidiaries. Interest income (expense) is determined based on outstanding debt and the relevant intercompany amounts at the respective subsidiary.

All direct and indirect domestic subsidiaries are included in Time Warner Inc.'s consolidated U.S. tax return. In the condensed consolidating financial statements, tax provision has been allocated based on each such subsidiary's relative pretax income to the consolidated pretax income. With respect to the use of certain consolidated tax attributes (principally operating and capital loss carryforwards), such benefits have been allocated to the respective subsidiary that generated the taxable income permitting such use (i.e., pro-rata based on where the income was generated). For example, to the extent a Non-Guarantor Subsidiary generated a gain on the sale of a business for which the Parent Company utilized tax attributes to offset such gain, the tax attribute benefit would be allocated to that Non-Guarantor Subsidiary. Deferred taxes of the Parent Company, the Guarantor Subsidiaries and the Non-Guarantor Subsidiaries have been determined based on the temporary differences between the book and tax basis of the respective assets and liabilities of the applicable entities.

Certain transfers of cash between subsidiaries and their parent companies and intercompany dividends are reflected as cash flows from investing and financing activities in the accompanying Condensed Consolidating Statements of Cash

Flows. All other intercompany activity is reflected in cash flows from operations.

Management believes that the allocations and adjustments noted above are reasonable. However, such allocations and adjustments may not be indicative of the actual amounts that would have been incurred had the Parent Company, Guarantor Subsidiaries and Non-Guarantor Subsidiaries operated independently.

(1) These amounts do not give effect to any fees, commissions or other costs associated with the share repurchases.

(2) On February 10, 2016, the Company announced that its Board of Directors had authorized a total of \$5.0 billion in share repurchases beginning January 1, 2016, including the approximately \$902 million remaining at December 31, 2015 from the prior \$5.0 billion authorization. Purchases under the stock repurchase program may be made, from time to time, on the open market and in privately negotiated transactions. The size and timing of these purchases will be based on a number of factors, including price and business and market conditions. In the past, the Company has repurchased shares of its common stock pursuant to trading plans under Rule 10b5-1 promulgated under the Securities Exchange Act of 1934, as amended, and it may repurchase shares of its common

stock utilizing such trading plans in the future.
