

Spectra Energy Corp.
Form 425
September 06, 2016

Filed by Enbridge Inc.

Pursuant to Rule 425 under the Securities Act of 1933

and deemed filed pursuant to Rule 14a-12

under the Securities Exchange Act of 1934

Subject Company: Spectra Energy Corp

(Commission File No. 1-33007)

I am pleased to share with you that this morning, Enbridge announced that we have entered into a definitive merger agreement to combine with Spectra Energy. If you have not seen this morning's announcement, the press release can be accessed online at <http://www.enbridge.com/enbridge-and-spectra>.

This is a truly transformational transaction that brings the scale, reach and market access to position us as a leader in the gathering, processing and transportation of natural gas across North America. We are confident this transaction is a win-win for all our stakeholders and, as a combined, stronger company, we will be well positioned to adapt to a changing energy future and execute on our plans to invest C\$74 billion in energy infrastructure across North America.

As you may know, Spectra Energy is one of North America's leading pipeline and midstream companies with operations in the United States and Canada. Enbridge and Spectra Energy have similar business and operational models, talented teams, common cultures and values, including shared commitment to safety, stewardship of the environment, meaningful stakeholder engagement and investing in communities. Together, we will be very well positioned for future growth and continued value creation.

Enbridge will remain a Canadian company headquartered in Calgary, Alberta. Houston, Texas will be the combined company's gas pipelines business unit center. Edmonton, Alberta will remain the business unit center for liquids pipelines with gas distribution continuing to be based in Ontario.

Following completion of the transaction, the combined company will have an expanded and diverse set of best-in-class assets and a strong financial profile. We will also have an exceptional team of talented employees who will be an essential factor in the success of the combined company.

There are a number of regulatory steps to be completed in Canada and the U.S. prior to the transaction closing that our teams will be working on in the coming months. Until the transaction closes, which we expect to occur in the first quarter of 2017, Enbridge and Spectra Energy will continue to operate as two separate companies. We expect that today's announcement will have no impact on day-to-day operations, and until the transaction is completed, it will be business as usual at Enbridge and EGD.

This announcement brings us to just the first day of an involved process, and there is a lot for both companies to work through. We will keep you updated and informed as decisions are made throughout the process.

Thank you for your continued support.

Sincerely,

FORWARD-LOOKING INFORMATION

This communication includes certain forward looking statements and information (FLI) to provide Enbridge and Spectra Energy shareholders and potential investors with information about Enbridge, Spectra Energy and their respective subsidiaries and affiliates, including each company's management's respective assessment of Enbridge, Spectra Energy and their respective subsidiaries' future plans and operations, which FLI may not be appropriate for other purposes. FLI is typically identified by words such as anticipate, expect, project, estimate, forecast, plan, target, believe, likely and similar words suggesting future outcomes or statements regarding an outlook. All statements other than statements of historical fact may be FLI. In particular, this news release contains FLI pertaining to, but not limited to, information with respect to the following: the Transaction; the combined company's scale, financial flexibility and growth program; future business prospects and performance; annual cost, revenue and financing benefits; the expected ACFFO per share growth; annual dividend growth and anticipated dividend increases; payout of distributable cash flow; financial strength and ability to fund capital program and compete for growth projects; run-rate and tax synergies; leadership and governance structure; and head office and business center locations.

Although we believe that the FLI is reasonable based on the information available today and processes used to prepare it, such statements are not guarantees of future performance and you are cautioned against placing undue reliance on FLI. By its nature, FLI involves a variety of assumptions, which are based upon factors that may be difficult to predict and that may involve known and unknown risks and uncertainties and other factors which may cause actual results, levels of activity and achievements to differ materially from those expressed or implied by these FLI, including, but not limited to, the following: the timing and completion of the Transaction, including receipt of regulatory and shareholder approvals and the satisfaction of other conditions precedent; interloper risk; the realization of anticipated benefits and synergies of the Transaction and the timing thereof; the success of integration plans; the focus of management time and attention on the Transaction and other disruptions arising from the Transaction; expected future ACFFO; estimated future dividends; financial strength and flexibility; debt and equity market conditions, including the ability to access capital markets on favourable terms or at all; cost of debt and equity capital; potential changes in the Enbridge share price which may negatively impact the value of consideration offered to Spectra Energy shareholders; expected supply and demand for crude oil, natural gas, natural gas liquids and renewable energy; prices of crude oil, natural gas, natural gas liquids and renewable energy; economic and competitive conditions; expected exchange rates; inflation; interest rates; tax rates and changes; completion of growth projects; anticipated in-service dates; capital project funding; success of hedging activities; the ability of management of Enbridge, its subsidiaries and affiliates to execute key priorities, including those in connection with the Transaction; availability and price of labour and construction materials; operational performance and reliability; customer, shareholder, regulatory and other stakeholder approvals and support; regulatory and legislative decisions and actions; public opinion; and weather. We caution that the foregoing list of factors is not exhaustive. Additional information about these and other assumptions, risks and uncertainties can be found in applicable filings with Canadian and U.S. securities regulators, including any proxy statement, prospectus or registration statement to be filed in connection with the Transaction. Due to the interdependencies and correlation of these factors, as well as other factors, the impact of any one assumption, risk or uncertainty on FLI cannot be determined with certainty.

Except to the extent required by law, we assume no obligation to publicly update or revise any FLI, whether as a result of new information, future events or otherwise. All FLI in this news release is expressly qualified in its entirety by these cautionary statements.

NON-GAAP MEASURES

This news release makes reference to non-GAAP measures, including ACFFO and ACFFO per share. ACFFO is defined as cash flow provided by operating activities before changes in operating assets and liabilities (including changes in environmental liabilities) less distributions to non-controlling interests and redeemable non-controlling interests, preference share dividends and maintenance capital expenditures, and further adjusted for unusual, non-recurring or non-operating factors. Management of Enbridge believes the presentation of these measures gives useful information to investors and shareholders as they provide increased transparency and insight into the performance of Enbridge. Management of Enbridge uses ACFFO to assess performance and to set its dividend payout target. These measures are not measures that have a standardized meaning prescribed by generally accepted accounting principles in the United States of America (U.S. GAAP) and may not be comparable with similar measures presented by other issuers. Additional information on Enbridge's use of non-GAAP measures can be found in Enbridge's Management's Discussion and Analysis (MD&A) available on Enbridge's website and www.sedar.com.
