  - (3) Filing Party:

(4) Date Filed:

The following materials were first provided to employees of Cepheid on September 8, 2016:

Introduction to Danaher

Forward Looking Statements Statements in this communication that are not strictly historical, including statements regarding the proposed acquisition, the expected timetable for completing the transaction, future financial and operating results, benefits and synergies of the transaction, future opportunities for the combined businesses and any other statements regarding events or developments that we believe or anticipate will or may occur in the future, are “forward-looking” statements within the meaning of the U.S. federal securities laws. There are a number of important factors that could cause actual results, developments and business decisions to differ materially from those suggested or indicated by such forward-looking statements and you should not place undue reliance on any such forward-looking statements. These factors include, among other things, risks and uncertainties related to: general economic conditions and conditions affecting the industries in which Danaher Corporation (“Danaher”, “us” or the “Company”) and Cepheid operate; the uncertainty of regulatory approvals; the parties’ ability to satisfy the merger agreement conditions and consummate the transaction on the anticipated timetable or at all; Danaher’s ability to successfully integrate Cepheid’s operations and employees with Danaher’s existing business; the ability to realize anticipated growth, synergies and cost savings; and Cepheid’s performance and maintenance of important business relationships. Additional information regarding the factors that may cause actual results to differ materially from these forward-looking statements is available in our SEC filings, including our 2015 Annual Report on Form 10-K and Quarterly Report on Form 10-Q for the second quarter of 2016. These forward-looking statements speak only as of the date of this communication and, except to the extent required by applicable law, the Company does not assume any obligation to update or revise any forward-looking statement, whether as a result of new information, future events and developments or otherwise. With respect to the forward-looking information presented on a non-GAAP basis, the Company is unable to provide a quantitative reconciliation to GAAP because the items that would be reconciled are inherently difficult to predict and estimate due to their unknown timing, effect and/or significance, such as future gains or losses on the sale of marketable securities, acquisition or divestiture-related gains or charges and discrete tax items. **ADDITIONAL INFORMATION AND WHERE TO FIND IT** Cepheid intends to file with the United States Securities and Exchange Commission (the “SEC”) a proxy statement in connection with the proposed transaction, the definitive version of which will be sent or provided to Cepheid stockholders. **INVESTORS AND SECURITY HOLDERS ARE URGED TO READ THE PROXY STATEMENT CAREFULLY AND IN ITS ENTIRETY WHEN IT BECOMES AVAILABLE BECAUSE IT WILL CONTAIN IMPORTANT INFORMATION ABOUT THE PROPOSED TRANSACTION.** Investors and security holders may obtain a free copy of the proxy statement (when it is available) and other documents filed with the SEC at the SEC’s website at [www.sec.gov](http://www.sec.gov) and at Cepheid’s website at [www.cephoid.com](http://www.cephoid.com). **CERTAIN INFORMATION CONCERNING PARTICIPANTS** Danaher, Cepheid and their respective directors and executive officers may be deemed to be participants in the solicitation of proxies from Cepheid investors and security holders in connection with the proposed transaction. Information about Danaher’s directors and executive officers is set forth in its proxy statement for its 2016 Annual Meeting of Stockholders and its most recent annual report on Form 10-K. Additional information regarding the interests of participants in the solicitation of proxies in connection with the proposed transaction will be included in the proxy statement. 2
