MUFG Announces Partial Cash Tender Offers for Certain Outstanding Debt Securities

Japan, February 26, 2018 Mitsubishi UFJ Financial Group, Inc. (MUFG) announced today the commencement of cash tender offers for the debt securities listed below (the Notes). MUFG is making the tender offers as part of its continuing strategy to manage its balance sheet and to reduce interest expense as well as to improve the efficiency of its capital structure.

Title of Security	CUSIP/ Number	Outstanding Principal Amount	Maximum Series Tender Cap (a)	U.S. Treasury Reference Security	Bloomberg Reference Page	Fixed Spread	Early Tender Payment (b)(c)	Total Consideration (b)(c)
2.95% Senior Notes due March 1, 2021	606822 AA2	\$ 3,100,000,000	\$ 850,000,000	2.25% U.S. Treasury Notes due 02/15/2021	FIT1	+35 bps	\$ 50.00	To be determined as set forth herein
Floating Rate Senior Notes due March 1, 2021	606822 AB0	\$ 900,000,000	\$ 150,000,000				\$ 50.00	\$1,048.75

- (a) The Maximum Series Tender Cap is the maximum aggregate principal amount of the applicable series of Notes to be purchased by MUFG.
- (b) Per \$1,000 principal amount.
- (c) The Total Consideration payable for each \$1,000 principal amount of the Notes validly tendered at or prior to the Early Tender Date and accepted for purchase by MUFG includes the applicable Early Tender Payment. In addition, holders whose Notes are accepted for purchase by MUFG will also receive accrued interest on such Notes.

The tender offers consist of offers to purchase for cash MUFG's 2.95% Senior Notes due March 1, 2021 (the Fixed Rate Notes) and Floating Rate Senior Notes due March 1, 2021 (the Floating Rate Notes) up to the Maximum Series Tender Cap for each series of Notes.

The tender offers are being made on the terms and subject to the conditions set forth in the Offer to Purchase, dated February 26, 2018. Holders of the Notes are urged to read carefully the Offer to Purchase before making any decision with respect to the tender offers.

The tender offers for the Notes will expire at 11:59 p.m., New York City time, on March 23, 2018, unless extended (the Expiration Date). Tenders of Notes may be validly withdrawn at any time prior to or at 5:00 p.m., New York City time, on March 9, 2018, unless such date and time is extended by MUFG, but not thereafter.

To be eligible to receive the Total Consideration set forth in the table above, holders of Notes must validly tender and not validly withdraw their Notes prior to or at 5:00 p.m., New York City time, on March 9, 2018, unless extended (the Early Tender Date). Holders of Notes who validly tender their Notes after the Early Tender Date but prior to or at the Expiration Date will be eligible to receive the Late Tender Consideration, which equals the Total Consideration *minus* the Early Tender Payment. All Notes tendered prior to or at the Early Tender Date will have priority over Notes tendered after the Early Tender Date.

The consideration offered per \$1,000 principal amount of Fixed Rate Notes will be determined at 11:00 a.m., New York City time, on March 12, 2018, in the manner described in the Offer to Purchase by reference to the Fixed Spread

specified in the table above *plus* the applicable yield to maturity based on the bid-side price of the applicable U.S. Treasury Reference Security specified in the table above. The consideration offered per \$1,000 principal amount of Floating Rate Notes will be the amount set forth in the table above.

The holders of the Notes purchased will also receive accrued and unpaid interest from the last interest payment date applicable to the relevant series of Notes up to, but not including, the applicable settlement date.

Payment for the Notes that are validly tendered prior to or at the Early Tender Date and that are accepted for purchase is expected to be made on March 14, 2018. Payment for the Notes that are validly tendered after the Early Tender Date and prior to or at the Expiration Date and that are accepted for purchase is expected to be made on March 27, 2018, assuming that the aggregate principal amount of the Notes purchased on the March 14, 2018 is less than the applicable Maximum Series Tender Cap.

Notes will be accepted for purchase only in minimum denominations of \$200,000 and integral multiples of U.S.\$1,000 in excess thereof.

Notes of a series may be subject to proration if the aggregate principal amount of the Notes of such series validly tendered and not validly withdrawn exceeds the applicable Maximum Series Tender Cap.

MUFG's obligation to accept for purchase and to pay for the Notes validly tendered in the tender offer is subject to the satisfaction or waiver of certain conditions, including the issuance of senior notes in a concurrent offering of such notes by MUFG, described in the Offer to Purchase.

MUFG may, in its sole discretion, (i) terminate the tender offers, (ii) waive any and all conditions to the tender offers, (iii) extend the tender offer period, (iv) increase or decrease any Maximum Series Tender Cap, or (v) otherwise amend the tender offers in any respect, subject to applicable law.
