Fellow Stockholders,

Thank you for choosing to invest in Red Hat.

This year, Red Hat celebrates its 25th anniversary. From the outset, the Company saw how open source development and licensing unlocked the potential to create better software, and its culture was rooted in open source principles. Today, Red Hat is the world's leading provider of open source solutions for the enterprise.

As we look ahead to the next 25 years, Red Hat's commitment to being the open source leader means that it must attract people who will help to sustain and scale this culture and remain focused on transparency, sharing and collaboration. As the Company's directors, we remain focused on working with management to build upon this open source leadership to provide long-term, sustainable value for stockholders.

We continue to review the composition of the Board in an effort to provide a thoughtful balance of skills, tenure and experience that best serves the Company and its stockholders. Over the past four years, we have added three new directors, deepening our diversity of composition, thought and experience with fresh perspectives.

To enhance the Board's effectiveness, we look for opportunities to hear from customers about their use of Red Hat solutions and from a broad range of Company employees. During this past year, members of the Board visited Red Hat's engineering facility in Brno, Czech Republic, participated in a regional sales kick-off conference, attended Red Hat Summit, our annual customer conference, and met informally with Red Hat employees in a number of settings. These interactions deepen our understanding of the Company, its business and its culture, in addition to supporting our oversight of management's employee development and succession planning efforts.

We also believe that stockholder engagement is an important part of a robust corporate governance program. Red Hat regularly meets with stockholders at conferences and one-on-one meetings to discuss the Company's financial performance, corporate governance practices, executive compensation programs and other matters. These conversations with stockholders provide us with important perspective and we encourage you to share your viewpoints and suggestions with us. You can contact us at Investor Relations, Red Hat, Inc., 100 E. Davie Street, Raleigh, NC 27601, United States.

We appreciate your support as Red Hat continues on its journey to drive innovation with open source-based technologies.

Respectfully submitted,

Red Hat, Inc. Board of Directors

BOARD COMPOSITION

BOARD COMPOSITION

CRITERIA FOR EVALUATING CANDIDATES FOR SERVICE ON OUR BOARD

The Nominating and Corporate Governance Committee of our Board is responsible for identifying and evaluating candidates for service on our Board and recommending proposed director nominees to the full Board for consideration. Our Corporate Governance Guidelines describe the criteria used to select candidates for service on our Board. These include:

DIRECTOR SELECTION CRITERIA

Reputation for integrity, honesty and adherence to high ethical standards

Demonstrated business acumen, experience and ability to exercise sound judgment in matters that relate to the current and long-term objectives of the Company and should be willing and able to contribute positively to the decision-making process of the Company

Commitment to understand the Company and its industry

Commitment to regularly attend and participate in meetings of the Board and its committees

Interest and ability to understand the sometimes conflicting interests of the various constituencies of the Company

No conflict of interest, or appearance of a conflict of interest, that would impair the nominee's ability to represent the interests of all the Company's stockholders and to fulfill the responsibilities of a director

Ability to serve for at least five years before reaching the age of 75 for new directors

In addition, the Nominating and Corporate Governance Committee believes it is important to select directors from various backgrounds and professions in an effort to ensure that the Board as a group has a broad range of experiences to enrich discussion and inform its decisions. Consistent with this philosophy, the Nominating and Corporate Governance Committee believes that each director should possess at least two of the following attributes:

DIRECTOR ATTRIBUTES

Financial Expertise. Assists us in understanding, advising on and overseeing our capital structure, financing and investing activities and our financial reporting and internal controls

Global Expertise. Brings us business and cultural perspectives that relate to many significant aspects of our global business

IT Industry Expertise. Helps us to analyze our research and development efforts, competing technologies, the various products and processes that we develop and the market segments in which we compete

Public Company Board Experience. Offers us advice and insights with regard to the dynamics and operation of a board of directors, the relations of a board with senior management, and oversight of a changing mix of strategic, operational and compliance-related matters

Senior Leadership Experience. Provides us with insight and guidance and brings us an understanding of organizations, processes, strategy, risk management and methods to drive change and growth

Technology and Innovation Experience. Supports us in our efforts to develop new ideas and products

DIVERSITY

As stated in our Corporate Governance Guidelines, the Nominating and Corporate Governance Committee's review of a nominee's qualifications includes consideration of diversity, age, skills and professional experience in the context of the needs of the Board, and nominees shall not be discriminated against on the basis of race, religion, national origin, gender, sexual orientation, disability or other basis proscribed by law. While the Company has no formal diversity

policy that applies to the consideration of director candidates, the Nominating and Corporate Governance Committee believes that diversity includes not just race and gender but differences of viewpoint, experience, education, skill and other qualities or attributes that contribute to Board heterogeneity.

Table of Contents

BOARD COMPOSITION

BOARD INDEPENDENCE

The Board affirmatively determined that all of our directors, except for Mr. Whitehurst, our President and CEO, are independent according to the criteria of the New York Stock Exchange (NYSE) and our Corporate Governance Guidelines and in the judgment of our Board. The Board makes its independence determination on an annual basis at the time it approves director nominees for inclusion in the annual proxy statement and, if a director joins the Board in the interim, at such time as the director joins the Board. For a director to be considered independent under the NYSE rules, the Board must determine that a director does not have a direct or indirect material relationship with Red Hat (other than as a director) that would interfere with the director's exercise of independent judgment in carrying out his or her responsibilities. On an annual basis, we require each member of our Board to complete a questionnaire designed to provide information to assist the Board in determining whether the director is independent. The Board makes independence determinations on a case-by-case basis in light of all relevant facts and circumstances. The Board had previously determined that General H. Hugh Shelton (U.S. Army Retired), a former director who served on our Board for a portion of Fiscal 2018, was independent.

ELECTION OF DIRECTORS

At all meetings of stockholders for the election of directors at which a quorum is present, each director nominee shall be elected to the Board by the vote of the majority of the votes cast with respect to the director nominee; provided, however, that if, as of a date that is five business days in advance of the date that the Company files its definitive proxy statement (regardless of whether or not thereafter revised or supplemented) with the U.S. Securities and Exchange Commission (SEC), the number of director nominees exceeds the number of directors to be elected, the directors (not exceeding the authorized number of directors as fixed by the Board in accordance with the Company's Certificate of Incorporation) shall be elected by a plurality of the voting power of the shares of stock entitled to vote who are present, in person or by proxy at any such meeting and entitled to vote on the election of directors. For purposes of the election of directors, a majority of the votes cast means that the number of shares voted For a director nominee must exceed the number of shares voted Against that director nominee. Abstentions and broker non-votes are not considered votes cast for this purpose and will have no effect on the election of director nominees.

PROCESS FOR NOMINATING CANDIDATES FOR SERVICE ON OUR BOARD

The Nominating and Corporate Governance Committee will consider candidates proposed or suggested by other members of the Board, members of executive management and stockholders and candidates identified by third-party search firms retained by the Nominating and Corporate Governance Committee. Mr. Zollar was identified as a potential director nominee by a third-party search firm.

Stockholders who wish to recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential director candidates may do so by submitting candidate names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation beneficially owned more than 5% of our common stock for at least one year as of the date the recommendation is made, to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, Red Hat, Inc., 100 East Davie Street, Raleigh, North Carolina 27601. Assuming the appropriate biographical information and background materials have been provided on a timely basis, the Committee will evaluate any such stockholder-recommended candidates by following the same process, and applying the same criteria, as it

follows for candidates submitted by others.

By following the procedures set forth under Other Matters Stockholder Proposals and Nominations, stockholders also have the right under our By-Laws to nominate director candidates.

COMMITTEES OF THE BOARD

Our Board has established three standing committees Audit, Compensation and Nominating and Corporate Governance each of which operates under a written charter approved by the Board and available on our website at www.redhat.com under About Red Hat Investor Relations Corporate Governance. Our Board delegates substantial responsibilities to the committees, which then report their activities and actions back to the full Board. Each committee may form one or more subcommittees and delegate its authority to such subcommittees. The Board has determined that all of the members of the Audit, Compensation and Nominating and Corporate Governance Committees, including committee chairpersons, are independent in accordance with the standards set forth in our Corporate Governance Guidelines and applicable SEC and NYSE rules.

BOARD OPERATIONS

LEADERSHIP STRUCTURE

Currently, the roles of Board Chair and Chief Executive Officer are held by two different individuals. We believe this structure represents an appropriate allocation of roles and responsibilities for the Company at this time. This arrangement allows our Board Chair, who is an independent director, to lead the Board in its fundamental role of providing independent advice to and oversight of management, and allows our CEO to focus on our day-to-day business and strategy and convey the management perspective to other directors.

BOARD OPERATIONS

RISK OVERSIGHT

The Board and its committees regularly receive information and reports from members of senior management on areas of material risk. In addition, the Board regularly discusses our strategic direction and the risks and opportunities facing the Company in light of trends and developments in the software industry and general business environment.

RED HAT AND ITS STOCKHOLDERS

Our Board and management focus on creating long-term, sustainable stockholder value. Key to this goal is regular stockholder engagement through meetings with stockholders at conferences and in one-on-one meetings to discuss our financial performance, corporate governance practices, executive compensation programs and other matters. Additionally, from time to time, we invite investors to attend roadshows and visit Red Hat facilities and provide periodic e-mail communications about developments of interest, such as acquisitions. A variety of financial, investor and corporate governance information is available on our website.

Our conversations with stockholders allow us to better understand our stockholders' perspectives and provide us with useful feedback to calibrate our priorities. Stockholders and other interested parties who wish to communicate with the Board, the Board Chair, independent members of the Board as a group, or any committee chair may do so by following the process set forth on our website at www.redhat.com under [About Red Hat](#) [Investor Relations](#) [Corporate Governance](#) [Contact the Board](#).

BOARD COMPENSATION

OVERVIEW

Our Non-Employee Director Compensation Plan (the "Director Compensation Plan") provides for a combination of cash and equity compensation for our non-employee directors. The Compensation Committee believes that a combination of cash and equity is the best way to attract and retain directors with the attributes, experience and skills necessary for a company such as Red Hat. Due to the unique nature of our open source development model and the constantly evolving environment in which we operate, the Company needs directors who are knowledgeable about the Company's business environment and are willing to make a significant commitment to the Company and its stockholders for the long term.

In Fiscal 2018, the Board approved a \$10,000 increase to the annual cash retainers for Board service and service as Board Chair. The cash retainer for board service had not been increased since 2008, and the cash retainer for service as board chair was last increased in 2011. Peer company benchmarking data provided by FW Cook, the Compensation Committee's independent compensation consultant (the "Consultant"), indicated that these cash retainer amounts were no longer competitive. No other elements of our non-employee director compensation program were changed.

Our current compensation program for non-employee directors includes:

a cash retainer for service on our Board;

additional cash retainers for service as Board Chair, Lead Director, committee chairs and committee members;

an initial Restricted Stock Award ("RSA") granted in connection with joining our Board; and

an annual RSA grant.

The cash retainer and annual RSA for any new director who serves only a portion of a year will be pro-rated.

CASH COMPENSATION

Each non-employee director receives cash payments, paid in equal quarterly amounts, as compensation for the time and effort spent in connection with service on the Board and its committees. We do not pay meeting fees. A director may elect to receive all or a portion of the quarterly cash payments in the form of deferred stock units (DSUs).

DSUs represent the right to receive shares of our common stock that are paid to the director only at the time the director s Board service ends.

DSUs granted in lieu of cash compensation are fully vested.

The number of DSUs granted is determined by dividing the portion of the cash compensation with respect to which the election is made by the closing stock price on the date the cash compensation is due to be paid, rounded up to the nearest share.

Table of Contents**BOARD COMPENSATION**

The following table sets out annual cash compensation amounts for Board and committee service during Fiscal 2018:

TYPE OF CASH COMPENSATION	CASH COMPENSATION PAYABLE (\$)	
	(IN EFFECT MARCH 1, 2017)	(EFFECTIVE DECEMBER 2017) JANUARY 1, 2018)

Board Chair (1)	50,000	60,000
Lead Director (1)	30,000	30,000

Nominating and Corporate Governance Committee Chair (2)	15,000	15,000
Nominating and Corporate Governance Committee Member	7,500	7,500

(1) A Board Chair or Lead Director who also serves as a committee chair receives both the Board Chair or Lead Director retainer, as applicable, and the retainer payable for service on the committee rather than the applicable committee chair retainer.

(2) Committee chairs receive the applicable committee chair retainer in lieu of the retainer payable for service on the committee.

EQUITY COMPENSATION

In Fiscal 2018, our non-employee directors were entitled to receive equity compensation in order to align their interests with stockholder interests.

EQUITY COMPENSATION

Initial RSA Value of \$300,000 converted into shares by using closing stock price on grant date, rounded up to nearest share

New non-employee directors eligible upon election or appointment

Vests on anniversary of grant date in equal annual installments over a three-year period

Annual RSA Value of \$250,000 converted into shares by using closing stock price on grant date, rounded up to nearest share

Vests on first anniversary of grant date

Each director may elect to receive DSUs on a one-for-one basis in lieu of annual RSA

Vests on same basis as RSA

Paid out in shares at time Board service ends

ADDITIONAL COMPENSATION

Directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the Board and meetings of any committee on which they serve, Company business meetings and approved educational seminars. The Company funds no retirement or pension plan for non-employee directors.

DIRECTOR COMPENSATION LIMIT

Limit of \$600,000 on aggregate value of cash payments and annual RSA that can be awarded to a non-employee director for service on the Board in a single year

Board agreed not to change this limit unilaterally until the next time the Company submits its long-term incentive plan to a stockholder vote

PROCESS FOR SETTING DIRECTOR COMPENSATION

The Compensation Committee reviews our non-employee director compensation program annually and works with the Consultant to design and update the Director Compensation Plan to keep our compensation levels competitive so that the Company may attract and retain directors with the combination of attributes, experience and skills needed for the Board to operate effectively. In making decisions regarding non-employee director compensation, the Compensation Committee considers data provided by the Consultant about non-employee director compensation at the companies in our compensation peer group (the composition of our compensation peer group is described in

Executive Compensation-Compensation Discussion and Analysis-Process for Determining Named Officers Compensation-Compensation Peer Group).

The Compensation Committee adopted a new Director Compensation Plan in December 2017. The mix of cash and equity provided under the plan is consistent with the mix provided by our compensation peer group companies.

INDEMNIFICATION

Each director has entered into an indemnification agreement with the Company. The indemnification agreements are on substantially the same terms as the indemnification agreements that the Company has entered into with the Named Officers, as described in the section entitled Executive Compensation Employment and Indemnification Arrangements with Named Officers Indemnification.

BOARD COMPENSATION

DIRECTOR STOCK OWNERSHIP REQUIREMENTS

We have a Stock Ownership Policy that applies to our non-employee directors. During Fiscal 2018 this Stock Ownership Policy set the stock ownership level for each non-employee director at 4,000 shares, an ownership level based on a multiple of the cash retainer for service as a Board member in place at the beginning of Fiscal 2018. As of the end of Fiscal 2018, each of our non-employee directors was in compliance with the Stock Ownership Policy. Our Stock Ownership Policy is described in the section entitled Executive Compensation Compensation Discussion and Analysis Compensation Policies and Practices Stock Ownership Requirements.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is composed entirely of independent directors, as was the case at all times during Fiscal 2018. At the beginning of Fiscal 2018, Mr. Abbasi, Dr. Gupta, Ms. Hammonds, Mr. Livingstone and General Shelton were members of the Compensation Committee. General Shelton did not stand for re-election at the 2017 Annual Meeting and left the committee when his term ended in August 2017. No member of the Compensation Committee (i) was during Fiscal 2018 or is currently an employee of the Company, (ii) has ever been an officer of the Company, (iii) is or was a participant in a related person transaction as described in the section entitled Key Governance Policies Policies and Procedures for Related Person Transactions Related Person Transactions for Fiscal 2018 or (iv) is an executive officer of another entity, at which one of our executive officers serves on the compensation committee or the board of directors. EXECUTIVE SUMMARY OF COMPENSATION DISCUSSION AND ANALYSIS

This executive summary is only a summary. You should refer to the more detailed information about our compensation program in the section of this Proxy Statement entitled "Compensation Discussion and Analysis" and in the Summary Compensation Table and other related compensation tables before you vote.

The Compensation Discussion and Analysis focuses on the Named Officers listed below.

DAVID M. WHITEHURST	ERIC R. SHANDER	PAUL J. CORMIER	ARUN OBEROI	MICHAEL R. CUNNINGHAM
President and Chief Executive Officer	Executive Vice President and Chief Financial Officer	Executive Vice President and President, Products and Technologies	Executive Vice President, Global Sales and Services	Executive Vice President and General Counsel

In Fiscal 2018, the Compensation Committee approved an executive compensation program designed to focus our executive team on growing our business and building long-term stockholder value. Our program provided compensation opportunities based on achievement against revenue, non-GAAP operating margin, non-GAAP cash flow from operations and TSR metrics, which the Compensation Committee believes are key contributors to our long-term profitability and growth, and the executive team's ability to develop and implement strategies to drive Red Hat's evolution beyond our traditional core infrastructure products.

Consistent with our long-standing practice, our executive compensation program was weighted heavily toward equity compensation (which represented approximately 75% of target compensation opportunities) because the committee believes performance-based, long-term equity compensation aligns the interests of our executives with stockholder interests, rewards executives for delivering long-term value and performance, serves as an important retention tool and provides a meaningful way to align executives' contributions with the Company's future success. Additionally, approximately 90% of target compensation opportunities included one or more performance elements in order to maintain a clear link between executive and Company performance and compensation received.

Payouts earned in Fiscal 2018 under the incentive compensation elements of our program reflected this pay and performance link. Our Named Officers' contribution to the Company's strong operating performance led to above-target payouts under our annual cash bonus plan and operating performance share units (Operating PSUs), while strong stock price growth over the past three fiscal years relative to our compensation peer companies yielded an above-target payout under the TSR performance share units (TSR PSUs). After evaluating the performance of the Company and the individual executives under our standard executive compensation program, the Compensation Committee approved:

payouts earned under our annual cash bonus plan averaging 167% of target, based on corporate financial goal achievement of 167% and average individual goal achievement of 166%;

payouts earned based on growth in revenue and operating income relative to compensation peer group companies for each of the Operating PSUs granted in Fiscal 2016 and Fiscal 2017 at 200% of target; and

payouts earned based on TSR growth over a three-year period relative to compensation peer group companies under the TSR PSUs granted in Fiscal 2016 at 200% of target.

Table of Contents**EXECUTIVE SUMMARY OF COMPENSATION DISCUSSION AND ANALYSIS**

Performance-based compensation payouts earned by our Named Officers in respect of performance in Fiscal 2018, as approved by the Compensation Committee, and the percentage change from payouts earned in Fiscal 2017, are presented below. Shares delivered are based on target award amounts granted in Fiscal 2016 and Fiscal 2017 (Operating PSUs) and Fiscal 2016 (TSR PSUs).

NAMED OFFICER	ANNUAL CASH BONUS PAYOUT		OPERATING PSUs		TSR PSUs	
	EARNED FOR	% CHANGE	# OF SHARES	% CHANGE	# OF SHARES	% CHANGE
	FISCAL	FROM FISCAL	EARNED FROM FISCAL	EARNED FROM FISCAL	EARNED FROM FISCAL	EARNED FROM FISCAL
	2018	2017	FISCAL 2018	2017	FISCAL 2018	2017
James M. Whitehurst	\$2,487,500	149%	76,099	(16)%	72,196	44%
Eric R. Shander (1)	\$602,850	153%				
Paul J. Cormier	\$1,169,292	144%	40,288	(19)%	38,222	36%
Arun Oberoi	\$890,179	149%	45,034	27%	29,728	58%
Michael R. Cunningham	\$646,800	144%	20,592	(12)%	19,536	56%

(1) Mr. Shander began participating in our standard executive compensation program in Fiscal 2018, and as a result he will be eligible to receive a PSU payout for the first time in Fiscal 2019.

The Compensation Committee made no changes to our executive compensation program design or compensation mix for Fiscal 2019 because the committee believes that the current program continues to pay for performance, align management interests with our stockholders' interests and motivate, attract and retain the key executive talent needed to succeed in the technology industry. More detail about the Fiscal 2019 executive compensation program is provided in the section entitled "Executive Compensation Compensation Discussion and Analysis Fiscal 2019 Key Compensation Decisions."

We have adopted a number of practices that we believe benefit our stockholders by helping to align the interests of our management team with the interests of our stockholders, mitigate potential risks and promote effective oversight of our compensation program. These practices include:

Stock ownership policy for Named Officers and directors; all Named Officers and directors in compliance at end of Fiscal 2018

Clawback policy covering Named Officers incentive compensation

Prohibition on the following transactions with respect to Company securities: short sales, buying or selling options (puts and calls), hedging or monetization transactions (such as collars and forward sales contracts), purchases on margin and pledging

Prohibition on new excise tax gross-up payments to our executives; no new or modified provisions since December 2007

Termination of employment required following change in control event (double trigger) before benefits payable

Named Officers receive the same benefits provided to all full-time employees.

Regular stockholder engagement on various aspects of Company performance, including executive compensation program

COMPENSATION DISCUSSION AND ANALYSIS

COMPENSATION DISCUSSION AND ANALYSIS

OUR COMPENSATION PHILOSOPHY

Our executive compensation program is designed to:

pay for performance by linking the majority of compensation to measures of Company performance and to Company and individual goals that contribute to the growth of our business and build long-term stockholder value;

align executive interests with those of our stockholders; and

attract and retain the talent needed to lead our Company in the evolving and highly competitive technology industry in which we operate.

Our program emphasizes long-term equity awards and annual performance-based cash bonuses so that a substantial portion of the value of each executive's total compensation opportunity is derived from Company business and stock price performance and the achievement of Company and individual performance goals established by the Compensation Committee. The selected performance metrics emphasize overall Company performance, reflecting the Compensation Committee's belief that the Named Officers, led by our CEO, are a team, sharing responsibility for Company performance and for execution of Company strategies. The relatively uniform compensation mix for each Named Officer reinforces this view, and in the committee's view also promotes team cohesion and internal equity. However, the Compensation Committee considers it appropriate for the CEO, who is responsible for developing the overall strategy and direction for the Company, to receive a greater portion of his compensation (in comparison to the other Named Officers) in performance-based compensation. Goals are derived from the Company's operating plan and business strategy. Performance levels are intended to be challenging and require effective execution in order to obtain a target level payout. The program is designed to have the flexibility to reward superior performance by providing for total earned compensation substantially above the target level and to provide compensation below the target level if performance goals are not met. In making its compensation decisions for individual executives, the Compensation Committee seeks to provide a competitive level of compensation for a position.

PROCESS FOR DETERMINING NAMED OFFICERS' COMPENSATION

The process for determining the Named Officers' compensation is outlined below along with a description of the role in the process of each of the Compensation Committee, our annual stockholder say-on-pay vote, the Consultant, our management and our compensation peer group.

ROLE OF THE COMPENSATION COMMITTEE

The Compensation Committee oversees and approves all compensation arrangements for the Named Officers. Each year, the Compensation Committee:

makes compensation decisions for Named Officers, both to certify achievement of performance goals and determine the payouts for the previous fiscal year, and to set compensation levels and goals for the performance-based elements of our program for the current fiscal year;

reviews our executive compensation program design and effectiveness and adjusts as needed to support our business, taking into consideration compensation peer group company data, recommendations by the CEO and the Consultant, market trends, retention and succession considerations, legal and regulatory developments and the needs of our business;

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

addresses executive compensation matters that arise during the fiscal year due to a change in status, retention and succession considerations or personnel changes;

assesses the performance of our CEO (together with the independent members of the Board) and senior management team; and

evaluates the effectiveness of our executive compensation program, including whether the program encourages excessive risk-taking.

In determining the appropriate level and compensation mix for each Named Officer, the Compensation Committee takes into account:

Named Officer's experience and scope of responsibility, individual performance and retention prospects;

the Consultant's annual review of publicly available compensation data from our compensation peer group companies and market information for certain positions from industry compensation surveys such as the Equilar Top 25 survey;

management input;

data prepared by the Consultant reflecting (i) cash payments, (ii) equity compensation grant values, (iii) internal equity and (iv) potential severance payments; and

other information as it deems necessary and appropriate.

No pre-determined weighting is assigned to any factor, and the emphasis placed on a specific factor may vary among Named Officers, reflecting market conditions, business needs and retention and succession considerations at the time compensation decisions are made.

ROLE OF STOCKHOLDER SAY-ON-PAY VOTE

The Compensation Committee considers the results of our annual say-on-pay advisory vote and other feedback received from stockholders on executive compensation matters in determining executive compensation decisions and policies. These forms of stockholder feedback provide useful input to the committee in its work to design and oversee an executive compensation program that serves the long-term interests of our stockholders. At our 2017 Annual Meeting, approximately 98% of the votes cast were voted FOR approval of our executive compensation program as

described and disclosed in the Compensation Discussion and Analysis section, compensation tables and narrative discussion in our 2017 Proxy Statement, and over the past five years, at least 97% of the votes cast each year were voted FOR our annual say-on-pay vote. The Compensation Committee believes such results affirm stockholders support of the Company's approach to, and structure of, executive compensation. At our 2017 Annual Meeting, our stockholders also reaffirmed their preference for an annual say-on-pay vote.

ROLE OF THE COMPENSATION CONSULTANT

The Consultant provides services at the direction and under the supervision of the Compensation Committee, which has the sole authority to hire or fire the Consultant. From time to time at the request of the Compensation Committee, the Consultant:

provides recommendations on the design of, and amounts awarded under, our executive compensation program;

provides studies and other analyses regarding competitive pay practices for key employees, including the Named Officers;

proactively advises on trends and developments related to executive and board compensation practices;

attends various Compensation Committee meetings; and

communicates with members of the Compensation Committee outside of scheduled meetings.

The Consultant provided executive compensation-related data used in preparing the Company's Annual Report on Form 10-K for Fiscal 2018 and this Proxy Statement. The Consultant provided no other services in Fiscal 2018 and is not otherwise retained by, and does not otherwise advise, the Company on compensation matters.

After considering information provided by the Consultant and any other factors the Compensation Committee considered relevant to the Consultant's independence or felt were relevant to a conflict of interest between the Consultant and the Compensation Committee or the Company, the Compensation Committee assessed the independence of the Consultant pursuant to SEC and NYSE rules in the first quarter of Fiscal 2018 and concluded that the Consultant's work for the Compensation Committee did not present a conflict of interest.

COMPENSATION DISCUSSION AND ANALYSIS

ROLE OF MANAGEMENT

Management helps the Compensation Committee fulfill its responsibilities by:

providing information and day-to-day support;

providing background information to complete studies and projects requested by the Compensation Committee; and

working with the Consultant at the request and in support of the Compensation Committee.

From time to time, members of management are invited to attend Compensation Committee meetings. No executive officer participates in deliberations by the Compensation Committee or the Board regarding his or her compensation. In addition, at the request of the Compensation Committee, the CEO provides input regarding the performance and compensation recommendations for his direct reports, including the other Named Officers. The Compensation Committee believes this process is both orderly and fair and preserves the CEO's ability to have an appropriate impact on compensation for his direct reports. Management did not retain a separate compensation consultant for the compensation of our Named Officers.

COMPENSATION PEER GROUP

The Compensation Committee annually reviews and approves a peer group composed of companies in our industry considered to be our peers. This peer group data is used:

as an input in developing base salary ranges, annual cash bonus targets and annual equity award targets;

to assess the extent to which our individual compensation elements, compensation mix and our total direct compensation awarded to executives are competitive with our peers;

as an input in evaluating executive compensation policies, such as share ownership guidelines; and

to measure performance for our PSU awards.

The Consultant recommends peer companies for the Compensation Committee's consideration. In developing its recommendation, the Consultant identifies companies with similar Global Industrial Classification System (GICS) industry codes and with comparable levels of market capitalization, revenues, operating income, number of employees and revenue and operating income growth rates, in an effort to populate the group with companies that have attributes appropriate to compare to Red Hat. The Fiscal 2018 compensation peer group consisted of 18 peer companies from

the Software, Internet Software and Services, Computers & Peripherals and IT Services GICS industry codes and includes several companies with which we compete for talent.

For Fiscal 2019, after review and discussion with the Consultant, the Compensation Committee decided to remove Nuance Communications, Inc. and Verint Systems, Inc. from our peer group because it believed that these companies no longer met the Company's identification criteria, including market capitalization. The committee added CA, Inc., a provider of enterprise and mainframe software solutions services, ServiceNow, Inc., a provider of cloud-based solutions to automate workflow, and Workday, Inc., a provider of enterprise cloud applications for finance and human resources, in order to provide a peer group composed of size-relevant companies within our industry.

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE COMPENSATION PROGRAM STRUCTURE

The principal components of our Fiscal 2018 executive compensation program Base Salary, Annual Cash Bonus and Equity Compensation are described in more detail below.

CASH COMPENSATION

What is it? Base salary provides a fixed level of cash compensation designed to be commensurate with an executive's role and level of responsibility.

How is it set? The Compensation Committee reviews base salaries at least annually with the aim of paying market-competitive base salaries to attract and retain key executive talent. Periodically, the committee has approved increases to reflect changes in the competitive market for talent in the technology industry, improvements in the Company's operating results, to maintain appropriate internal equity and, for certain executives, increases in scope of responsibilities. Annual salary increases are not automatic or guaranteed.

Why is it important? Base salary serves as the basis for annual bonus opportunities, certain employee benefits and potential severance benefits.

What is it? Cash earned based on fiscal year Company financial performance (75% of payout) and performance against individual goals (25% of payout). Threshold levels of performance required to earn a payout.

How is it set? The Compensation Committee determines the eligibility of the Named Officers to participate in the annual cash bonus plan when it approves the performance goals and target payout levels, which are set in the first quarter of the fiscal year as a percentage of annual base salary at the end of the fiscal year. The Company does not guarantee payment of cash bonuses to any executive.

The Compensation Committee certifies the level of performance achieved and the payouts earned in the following fiscal year.

Why is it important? The annual cash bonus is designed to drive the achievement of key business results that ultimately create long-term stockholder value and to recognize individuals based on their individual contributions to those results.

The Compensation Committee believes that a cash bonus based on an assessment of individual performance against pre-determined goals within the context of the Company's overall performance enhances long-term stockholder value and serves to link annual performance and annual incentive payments.

CEO TARGET BONUS PERCENTAGE

Our CEO's target bonus opportunity is 150% of his base salary and is higher than the targets for the other Named Officers. The Compensation Committee sets a higher target bonus opportunity for the CEO to reflect his greater responsibility for developing and directing Company strategy to remain competitive in the rapidly changing technology industry. The higher target bonus opportunity also serves to place a greater portion of the CEO's total annual cash compensation at risk, which the committee intends to further support his greater accountability to stockholders.

PERFORMANCE GOALS AND PAYOUTS

All goals set and communicated in the first quarter of the fiscal year

Set at a level intended to be challenging, but achievable at a target level, with superior performance required for above target payouts

Over our previous five fiscal years, payout levels earned below target twice and above target, but below the maximum possible payout, three times (Fiscal 2013 - Fiscal 2017)

No payout unless employed on payment date, which generally occurs in the first quarter following the fiscal year, except for participants hired during the fiscal year and participants whose employment ends prior to payout date due to retirement or a reduction in force, who receive a pro-rated payment based on number of days employed during fiscal year

RED HAT, INC. 2018 PROXY
STATEMENT

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

Payouts are earned based on Company performance against financial goals and each Named Officer's performance against individual goals, in each case approved by the Compensation Committee. The maximum possible cash bonus payment for a Named Officer is 200% of that officer's annual target amount. The final payout is calculated according to the formula below.

CALCULATION OF PAYOUT AMOUNT**COMPANY FINANCIAL GOALS**

For Fiscal 2018, the Compensation Committee selected Company performance metrics of total revenue, non-GAAP cash flow from operations, and non-GAAP operating margin because management uses these metrics as a component of its internal reporting to evaluate performance of the business, to make operating decisions, including internal budgeting and the calculation of incentive compensation for all employees, and to forecast future performance. Additionally, the Compensation Committee, taking into account the Consultant's recommendations, believes these performance metrics drive long-term stockholder value. The total revenue metric reflects management's effectiveness at selling our products and services and is a critical measurement of the growth of our business used by management and market analysts. Non-GAAP cash flow from operations reflects management's effectiveness in generating cash and providing the capital resources necessary for the business to grow. Non-GAAP operating margin demonstrates how efficiently management runs the business and controls costs. We use non-GAAP performance metrics for cash flow from operations and operating margin because we seek to compensate our executive team based on how effectively they build stockholder value through operating the Company business and the Compensation Committee believes that both of these non-GAAP metrics eliminate the impact of items that are unrelated to business operations and outside of management's control, such as tax rates.

The range of performance levels for each metric is determined following a review of internal projections, analyst expectations and our annual business plan. The annual cash bonus plan provides that financial results be adjusted for specified items that may occur during the performance period, but that were not contemplated at the time the Company performance goals were set, including, but not limited to, volatility in foreign exchange and interest rates, unanticipated acquisitions, litigation settlements, the cumulative effect of changes in tax laws or accounting procedures, and substantial changes in general macroeconomic conditions. The calculation of the financial performance metrics is described in the following table.

FINANCIAL PERFORMANCE METRIC	METRIC DEFINITION	WEIGHTING
Total Revenue	GAAP total revenue	25%

Non-GAAP Cash Flow from Operations	Company GAAP cash flow from operations + excess tax benefits from share-based payment arrangements	25%
Non-GAAP Operating Margin	Company GAAP operating margin impact of expense related to share-based payment arrangements amortization of intangible assets	25%

INDIVIDUAL PERFORMANCE GOALS

The Compensation Committee establishes individual performance goals for our CEO and, in consultation with the CEO, establishes individual performance goals for each of the other Named Officers. These individual performance goals focus on qualitative strategic and operational considerations and the businesses or functions that the Named Officer leads. At the end of the fiscal year, each Named Officer provides the CEO with an individual self-assessment with respect to performance on individual performance goals. The CEO reviews each self-assessment and evaluates for each Named Officer’s individual goals, the relative impact of each performance goal to the Company’s success and the effort required to achieve each goal. Then the CEO provides the Compensation Committee with an assessment of the performance of, and recommendation for individual

COMPENSATION DISCUSSION AND ANALYSIS

bonus amounts for, the other Named Officers. The Compensation Committee discusses the CEO’s performance on the individual performance goals and then assesses his performance, which the committee provides to the Board. The independent directors then evaluate the CEO’s overall performance during the fiscal year, certify his performance against his individual goals and approve his payout.

EQUITY COMPENSATION

What is it? Equity compensation provides an opportunity for each Named Officer to earn shares of Red Hat stock based on achievement of performance goals approved by the Compensation Committee. Equity awards vest over periods ranging from two to four years. In Fiscal 2018, Named Officers were granted Operating PSUs, TSR PSUs and RSAs, subject to achievement of a performance goal.

How is it set? The Compensation Committee determines the eligibility of each Named Officer for equity awards annually in the first quarter of the fiscal year when it approves the performance goals, the performance periods, the compensation peer group and target share amounts that can be earned. The Company does not guarantee equity award grants to any executive.

The Compensation Committee certifies the level of performance achieved and the number of shares earned for the applicable performance period in the following fiscal year.

Why is it important? Performance-based, long-term equity compensation helps align the interests of our Named Officers with the interests of our stockholders, reward executives for delivering long-term performance, serve as an important retention tool and provide a meaningful way to align the Named Officers’ contributions and efforts with the Company’s future success.

GRANT VALUES

In determining target equity grant values for each Named Officer, including the CEO, the committee considers performance, current amount of unvested equity, relative ability to impact the Company’s future success, and retention and succession considerations, taking into account the Consultant’s peer company data for that individual’s position and the CEO’s recommendations. The Compensation Committee sets a target equity value to deliver to each Named Officer, and that value is converted into a target number of shares (based on the closing stock price on the approval

date) which the committee approves when making the equity awards.

TIMING OF EQUITY AWARDS

Under the stockholder-approved 2004 Long-Term Incentive Plan, awards to employees are authorized by the Compensation Committee before or on the grant date. It is the Company's general practice to make recurring equity award grants (other than grants of PSUs and RSAs) during the Company's open trading window after a quarterly earnings announcement, although the Company has the authority to make grants at other times of the year under certain circumstances. The committee's general practice has been to approve grants of PSUs and RSAs within the earlier of the first 90 days or the first 25% of the applicable performance period in an effort to maximize deductibility of the related share-based compensation expense under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). While this deduction will no longer be available with the passage of the Tax Cuts and Jobs Act, the committee intends to continue to follow this practice in order to establish performance metrics for executives at the beginning of the performance period as a matter of good compensation governance. Other than as described above, the Company has no program, plan or practice to coordinate its award grants with the release of material non-public information.

In addition to achievement of performance goals, our equity awards require that a Named Officer maintain a relationship with the Company as an employee, officer, director and/or consultant (a Business Relationship) until the end of the performance period (Operating and TSR PSUs) or vesting date (TSR Hurdle PSUs and RSAs) in order to earn a payout.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS***PERFORMANCE SHARE UNITS*

The Compensation Committee believes that PSUs provide significant incentives for senior management to focus on specific growth metrics that contribute to long-term stockholder value and help align management and stockholder interests. Since the awards are denominated and distributed in shares of common stock, a strong linkage to stockholder return is maintained. The committee grants a target number of PSUs. Executives may earn up to 200% of the target number of PSUs (the Maximum) for superior performance over the performance period, or may earn nothing if the Company does not out-perform at least 30% of the peer companies (as shown in the table below). Payouts for PSUs are based upon how well the Company performs for specified metrics (discussed below) relative to the other companies in the relevant compensation peer group.

	PERCENT OF PEER	
	COMPANIES RED HAT	PAYOUT %
	OUT-PERFORMS	OF TARGET
Maximum Payout	75% or higher	200%
	70%	175%
	65%	150%
	60%	125%
	55%	110%
Target Payout	50%	100%
	45%	90%
	40%	75%
	35%	50%
Minimum Performance Level Required for Payout	30%	25%
No Payout	Under 30%	0%

Performance Period Two segments: Shares are earned based on performance at the end of the second fiscal year (capped at 50% of the Maximum) and the end of the third fiscal year (100% of the Maximum,

less amounts earned in the first performance segment).

Performance Goals Growth relative to compensation peer group companies for revenue and operating income, excluding the impact of items that are unusual in nature or infrequently occurring, or both, and the cumulative effect of changes in applicable tax and accounting rules. Exclusions are made only if the item is separately disclosed on the applicable income statement. The Compensation Committee selected these performance metrics because these are metrics which management uses to assess our performance and which the Compensation Committee, taking into account the Consultant's recommendations, believes reflect the overall health and competitive positioning of the Company and create long-term stockholder value.

In Fiscal 2019, the Compensation Committee modified our form of Operating PSU to exclude peer group companies that report an operating loss from the calculation of operating income growth because the committee believes that such companies' operating loss position is too inconsistent with the operating income results of the other compensation peer group companies to be meaningfully comparable.

Performance Period Three years. Shares are earned based on performance at the end of the third fiscal year.

Performance Goals Growth relative to compensation peer group companies for TSR (stock price plus any cash dividends payable with respect to a record date set, and not rescinded). TSR performance is measured over a period of 90 trading days at each of the beginning and the end of the performance period. The use of relative TSR creates inherent alignment with stockholders interests, using a generally simple and objective measurement process for calculating relative TSR.

RESTRICTED STOCK AWARDS

The Compensation Committee believes that RSAs help to align the interests of management with those of stockholders by rewarding stock price performance without encouraging excessive risk-taking and are an important component of compensation used to attract and retain the Company's executives. RSAs also serve to balance the riskier nature of the PSUs. RSA amounts were set after considering amounts that would promote retention, reward long-term stock value creation and performance and be competitive with compensation peer group practices and industry trends.

COMPENSATION DISCUSSION AND ANALYSIS

RSAs

Performance Period	One year. If performance goal is met, 25% of the RSAs vest approximately one year following the grant date, and the remainder vest ratably on a quarterly basis over the course of the subsequent three years. The Named Officer must have a Business Relationship on each vesting date in order to earn the RSAs. If the performance goal is not met, all RSAs are forfeited.
Performance Goals	Achievement of a revenue threshold approved by the Compensation Committee. The performance condition focuses executives on growing revenue and was designed to enable the Company to maximize the tax deductibility of the expense associated with the RSAs under Section 162(m) of the Code.

TSR HURDLE PSUs

In August 2014, Mr. Whitehurst and Mr. Cormier were granted PSUs requiring achievement by August 6, 2017 of an average TSR of \$80.18 (the TSR Hurdle PSUs) for a 90-calendar day period. The performance goal was achieved in January 2016, and Mr. Whitehurst and Mr. Cormier earned 50% of the PSUs. They will earn the remaining 50% of the TSR Hurdle PSUs if they maintain a Business Relationship with the Company until August 6, 2018. The Compensation Committee granted the TSR Hurdle PSUs to provide an incentive to deliver a sustained level of exceptional corporate performance and considers the use of a special award, such as the TSR Hurdle PSUs, to be a tool for use only in exceptional circumstances.

FISCAL 2018 COMPENSATION DECISIONS

TARGET COMPENSATION AMOUNTS

In the first quarter of Fiscal 2018, the Compensation Committee took the following actions for the Fiscal 2018 executive compensation program:

PROGRAM ELEMENT	ACTION TAKEN	RATIONALE
Base Salary	No change except for Mr. Cunningham	Base salary levels generally competitive with those provided by compensation peer companies and commensurate with each Named Officer's scope of responsibilities. Mr. Cunningham's base salary was increased to better align it with the base salaries of the other Named Officers.

Annual Cash Bonus

No change in target opportunities, except for Mr. Shander, or performance metrics

Target annual cash bonus opportunities as a percentage of base salary generally competitive with those provided by peer companies and sufficient to incent executive team to deliver strong financial and operational performance. Mr. Shander's target was set at 80% of his base salary to reflect his assumption of the responsibilities of the CFO role.

Performance metrics of total revenue, non-GAAP cash flow from operations and non-GAAP operating margin determined to be most relevant for company operating performance and consistent with how executive team manages the business. Company finance goal ranges and individual performance goals are discussed in the section entitled "Compensation Earned" below.

Equity Awards

No change in mix of award types. Lower target share value approved, but target share levels generally consistent with Fiscal 2017 levels

The target opportunity mix of equal amounts of Operating PSUs, TSR PSUs and RSAs generally competitive with those provided by compensation peer companies. Target equity values used to derive the target share levels generally were comparable to those set in Fiscal 2017 except as noted below, but the Compensation Committee determined, based on peer group and Equilar Top 25 survey data prepared by the Consultant, that these levels would provide meaningful retentive value and incent the executive team to deliver strong financial and operational performance.

Fiscal 2018 target equity award levels set for Mr. Shander reflected the fact that Fiscal 2018 represented his first year in the CFO role. Fiscal 2018 target equity award levels set for Mr. Oberoi represented a return to the historical target award levels for Mr. Oberoi's role after a larger target number of shares was granted to Mr. Oberoi in Fiscal 2017 for his critical work in supporting revenue growth and increasing adoption of our emerging technology offerings and for continued stability of our sales leadership team.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

The charts below show target compensation opportunities approved in Fiscal 2018 for our CEO and the other Named Officers as a group based on our standard executive compensation program. The majority of target compensation for our CEO and our other Named Officers was in the form of performance-based equity and cash awards. Our executive compensation program is designed to provide target total cash and equity compensation opportunities relative to our compensation peer companies that allow us to compete for and retain top talent without providing excessive compensation or encouraging excessive risk taking. Target amounts for equity awards will be paid in future fiscal years if performance goals are achieved. Actual values earned and paid for incentive compensation may be below or above target levels.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

The charts below show compensation earned in Fiscal 2018 for our CEO and the other Named Officers as a group based on performance measured at the end of Fiscal 2018 and are intended to illustrate how performance by the Company and our Named Officers impacted the compensation received. These charts reflect annual base salary earned during Fiscal 2018, payouts approved by the Compensation Committee for performance periods that ended in Fiscal 2018 for our annual cash bonus plan, Operating PSUs granted in Fiscal 2016 and Fiscal 2017 and TSR PSUs granted in Fiscal 2016, and all RSAs awarded in Fiscal 2018 for which the performance threshold was met, even though Named Officers will receive the shares over the next three years, subject to maintaining a Business Relationship.

Operating PSU value is based on closing stock price of \$163.11 on April 26, 2018 vesting date, TSR PSU value is based on closing stock price of \$161.67 on April 18, 2018 vesting date and RSA value is based on grant date fair market value reported in the Summary Compensation Table.

¹ Mr. Shander first participated in our standard executive compensation program in Fiscal 2018 when he was named as our chief financial officer, and as a result, his earned equity award total reflects only the value of RSAs granted to him in Fiscal 2018. His Fiscal 2017 compensation was awarded under our standard employee compensation program which is structured differently than our executive program. As a result, a year-over-year comparison of performance-based compensation is not meaningful and has been omitted.

² The significant year-over-year change in annual cash bonus payouts earned reflects the better performance achieved in Fiscal 2018 relative to Fiscal 2017 against the Company financial performance goals established by the Compensation Committee.

³ Year-over-year change in equity award payouts earned primarily reflects the Company's improved stock price growth achieved for Fiscal 2018 relative to compensation peer companies for the TSR PSUs relative to Fiscal 2017 when the TSR PSUs paid out below target.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS***ANNUAL CASH BONUS PLAN GOALS FOR FISCAL 2018***COMPANY FINANCIAL PERFORMANCE**

For Fiscal 2018, 75% of the final payout for each Named Officer was based on aggregate achievement of Company financial performance goals at an achievement level of 167%, as set forth in the table below (U.S. Dollars, in millions). Each metric is weighted equally in determining the level of achievement.

	PAYOUT RANGE		ACTUAL RESULTS	ADJUSTED RESULTS	ACHIEVEMENT (%)
Adjusted Total Revenue	\$2,695	\$2,870	\$2,920	\$2,864	191%

Non-GAAP Adjusted Operating Margin	22.4%	24.6%	16.2%	23.8%	110%
<i>Average</i>					167%

For Fiscal 2018, the financial results were adjusted in accordance with the provisions of the annual cash bonus plan to adjust for the impact of the acquisitions of Codenvy, CoreOS and Permabit and the effect of a lower Euro rate than the original rate used to set the financial goals. The net effect of these non-GAAP adjustments was (U.S. Dollars, in millions):

ADJUSTMENT	NET CHANGE TO TOTAL REVENUE	NET CHANGE TO OPERATING CASH FLOW	NET CHANGE TO OPERATING INCOME
Non-cash share-based compensation expense			\$192

Amortization of intangible assets				\$ 5
Acquisitions of Codenvy, CoreOS and Permabit	(\$56)	\$	18	\$ 31

INDIVIDUAL PERFORMANCE

For Fiscal 2018, the Compensation Committee established individual performance goals for each Named Officer that include a set of common goals to reinforce the need for each executive to contribute as a member of the management team to the Company's overall success and qualitative strategic and operational goals for each Named Officer based on areas of responsibility. The Named Officers performed at an achievement level of 166% (average) on individual performance goals. Individual performance goals are based on our strategic corporate framework which aims for Red Hat to become the default choice for the next generation of IT by optimizing traditional workloads, creating and managing hybrid cloud infrastructure and building next-generation architectures, and the need to develop the tools, processes and talent to scale our company as it grows.

In assessing the Named Officers' performance against individual performance goals, the committee considered a number of subjective factors including the following achievements:

the Company's acquisition of CoreOS to further Red Hat's goals to support customer application development and adoption and development of our hybrid cloud platform for modern application workloads;

enhancements to the Company's diversity and inclusion initiatives, such as our diversity and inclusion communities for associates and a series of associate resources focused on inclusion;

delivery of container-native storage for OpenShift Container Platform 3.6;

launch of common cure rights commitment for certain open source software licenses in collaboration with Facebook, Google and IBM;

launch of Open Innovation Labs, Red Hat's residency program for small groups of customer developers to help them use open source technologies for application development, in Boston, London and Singapore; and

broader participation in investor events globally.

FISCAL 2019 KEY COMPENSATION DECISIONS

In May 2018, the Compensation Committee met to determine the executive compensation package for our executives for Fiscal 2019, including our Named Officers. The committee reviewed the Company's Fiscal 2018 financial performance and benchmarking data prepared by the Consultant based on compensation peer company data and a Radford compensation database before approving the following compensation levels:

Base salary: increases for Mr. Whitehurst, Mr. Shander, Mr. Oberoi and Mr. Cunningham to maintain salaries at levels competitive with our compensation peer group companies;

Annual cash bonus target: raised target percentage for Mr. Shander to 100% from 80%; and

Equity awards: maintained equal weighting of Operating PSUs, TSR PSUs and RSAs and increased Mr. Shander's target equity award opportunities.

The changes in Mr. Shander's incentive compensation opportunities were intended to better align his opportunities with CFO roles at our compensation peer group companies.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

The benchmarking data indicated that the Named Officers' target incentive compensation opportunities are generally competitive, except as previously noted, with those provided at our peer companies. The committee believes that these compensation levels generally are sufficient in the current environment to retain our executive team and incent them to continue to deliver strong financial and operational performance for our stockholders.

Set forth below are the Fiscal 2019 compensation opportunities for the Named Officers.

	BASE SALARY	CASH BONUS	OPERATING PSUs	TSR	RSAs

COMPENSATION POLICIES AND PRACTICES***STOCK OWNERSHIP REQUIREMENTS***

The Compensation Committee supports stock ownership as an effective means of helping to align motivations of Named Officers and non-employee directors with the long-term interests of stockholders. Under Red Hat's Stock Ownership Policy for Named Officers who report directly to the CEO, ownership levels are derived from multiples of annual base salary. The current levels were set in September 2016 to adjust for the almost 200% increase in Red Hat's stock price since the levels were previously set. The current ownership levels are as follows:

POSITION

Chief Executive Officer

OWNERSHIP LEVEL

81,000 shares

Executive Vice President

15,000 shares

If at any time a Named Officer or non-employee director does not hold a number of shares that equals or exceeds the applicable level, that officer is required to hold 50% of the shares (net of any shares withheld to satisfy tax obligations at vesting) realized from any equity award granted after March 1, 2010, the effective date of the Stock Ownership Policy, until ownership equals or exceeds the applicable level. For purposes of calculating ownership under the Stock Ownership Policy, shares owned outright, fully vested DSUs and 50% of unvested RSAs and DSUs are counted. Unvested PSU awards are disregarded. As of the end of Fiscal 2018, all of the Named Officers were in compliance with the Stock Ownership Policy.

POLICIES PROHIBITING HEDGING AND PLEDGING

Company policies prohibit employees from engaging in any of the following transactions with respect to securities of the Company: (i) selling short, (ii) buying or selling options (puts and calls), or other derivative securities or engaging in hedging or monetization transactions (such as collars and forward sales contracts), (iii) purchasing Company stock on margin or (iv) pledging Company stock to a margin account or otherwise.

CLAWBACK POLICY

In May 2009, the Board adopted a clawback policy for our Named Officers. The clawback policy generally requires any participant in our annual cash bonus plan who engages in an act of embezzlement, fraud, willful misconduct or breach of fiduciary duty that results in a material restatement of financial statements included in any of our filings with the SEC to repay us (i) any portion of incentive compensation distributed during the twelve-month period following the filing with the SEC of any financial statements that are subsequently restated that is greater than the amount that would have been paid if calculated based on the restated financial results and (ii) the net proceeds from gains on any sale or disposition of our common stock distributed pursuant to incentive compensation arrangements during such twelve-month period. The Board adopted the policy as an additional deterrent to inappropriate behavior that could adversely affect the Company.

COMPENSATION DISCUSSION AND ANALYSIS

TAX DEDUCTIBILITY OF THE NAMED OFFICERS' COMPENSATION

When the Compensation Committee set compensation for Fiscal 2018 at the beginning of the fiscal year, Section 162(m) of the Code generally disallowed a tax deduction for compensation in excess of \$1 million paid to the CEO and to each other officer (other than the CFO) (the "Covered Officers") whose compensation is required to be reported pursuant to the Exchange Act by reason of being among the other three most highly paid executive officers. Incentive awards, such as PSUs, RSAs and the annual cash bonus, were granted and administered pursuant to our stockholder approved Performance Compensation Plan, which established the performance metrics and other award terms intended to enable us to maximize the tax deductibility of compensation expense under Section 162(m).

Section 162(m) was amended by the Tax Cuts and Jobs Act, enacted in December 2017, to eliminate the deduction for performance-based compensation and to include the CFO among the Covered Officers. These changes are likely to result in lower tax deductions related to compensation of the Named Officers. The U.S. Internal Revenue Service is expected to issue guidance on how Section 162(m), as amended by the Tax Cuts and Jobs Act, will be implemented.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed the Compensation Discussion and Analysis and discussed that analysis with management. Based on its review and discussion with management, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for Fiscal 2018 and this Proxy Statement.

Respectfully submitted,

THE COMPENSATION COMMITTEE

(2) Amounts in this column represent the aggregate grant date fair value of awards granted to Named Officers in each fiscal year listed as determined in accordance with FASB ASC Topic 718 and are consistent with the estimate of the aggregate grant date compensation cost to be recognized over the service period. For the assumptions made in determining these values, see Notes 2 and 17 to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for Fiscal 2018. For any awards that are subject to performance conditions, the reported fair value is the value at the grant date based upon probable outcome of such conditions. For Fiscal 2018, the following amounts represent the grant date fair value of such PSU awards assuming achievement of maximum payout: Mr. Whitehurst \$13,020,408, Mr. Shander \$3,015,241, Mr. Cormier \$6,167,395, Mr. Oberoi \$4,111,597, and Mr. Cunningham \$3,015,241. For Fiscal 2017, the following amounts represent the grant date fair value of such PSU awards assuming achievement of maximum payout: Mr. Whitehurst \$11,907,828, Mr. Cormier \$6,304,126, Mr. Oberoi \$9,105,824, and Mr. Cunningham \$3,222,014. For Fiscal 2016, the following amounts represent the grant date fair value of such PSU awards assuming achievement of maximum payout: Mr. Whitehurst \$11,158,614, Mr. Cormier \$5,907,592, Mr. Oberoi \$4,594,760, and Mr. Cunningham \$3,019,484.

(5) Payment received by Mr. Shander during Fiscal 2017 pursuant to a cash retention agreement entered into with the Company in November 2015. This agreement provided for him to receive three cash payments totaling \$350,000 through December 30, 2016, \$200,000 of which was received in Fiscal 2017.

(1) These columns show the potential value of the payout for each Named Officer under the annual cash bonus plan as if the threshold, target or maximum goals had been satisfied for the performance goals established for Fiscal 2018 by the Compensation Committee. If the threshold goal is not satisfied, the Named Officer receives no payout. Actual bonus payments to Named Officers under the annual cash bonus plan for Fiscal 2018 performance are shown in the Summary Compensation Table in the column titled Non-Equity Incentive Plan Compensation.

(2) These columns show the number of shares underlying PSUs granted in Fiscal 2018 that may be earned by each Named Officer if the threshold, target or maximum performance levels are satisfied. If the threshold performance level is not satisfied, the Named Officer receives no payout. The grant date fair value of PSUs granted to Named Officers in Fiscal 2018 is included in the column titled Grant Date Fair Value of Stock Awards and is calculated as described in footnote 4 below.

(3) Amounts in this column reflect RSAs granted to Named Officers in Fiscal 2018. The grant date fair value of awards granted to Named Officers in Fiscal 2018 is included in the column titled Grant Date Fair Value of Stock Awards and is calculated as described in footnote 4 below. The RSAs for Named Officers vest over a four-year period, 25% vesting after approximately one year subject to achievement of the performance condition and the remainder vesting quarterly thereafter over an additional three years. If the threshold performance level is not satisfied, the Named Officer receives no RSA payout.

(4) This column reflects the aggregate grant date fair value of the equity awards granted to Named Officers in Fiscal 2018 as determined in accordance with FASB ASC Topic 718 and is consistent with the estimate of the aggregate grant date compensation cost to be recognized over the service period. For the assumptions made in determining these values, see Notes 2 and 17 to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for Fiscal 2018. For any awards that are subject to performance conditions, the reported value is the value at the grant date based upon the probable outcome of such conditions.

(1) Number of shares presented aggregates historical grants of outstanding RSAs, RSUs (for Mr. Shander), and TSR Hurdle PSUs (for Mr. Whitehurst and Mr. Cormier). Each of the Named Officers was granted RSAs on or about May 26 in 2014, 2015, 2016, or 2017 (other than Mr. Shander, who was first granted such award in May 2017). The RSAs vest over a four-year period, subject to achievement of the performance condition, with 25% vesting after approximately one year and the remainder vesting quarterly thereafter over an additional three years. Mr. Shander was granted RSUs on January 18, 2016 and July 19, 2016. Mr. Shander's RSUs vest 25% on each anniversary of the respective grant date over a four-year period beginning on the respective grant date. Mr. Whitehurst and Mr. Cormier were granted TSR Hurdle PSUs on August 6, 2014 and earned 50% of the TSR Hurdle PSUs based on achievement of the performance condition in January 2016. The remaining 50% of the TSR Hurdle PSUs would be earned on August 6, 2018. See the section entitled "Compensation Discussion and Analysis - Executive Compensation Program Structure - Equity Compensation" for additional information about the outstanding performance-based equity awards.

(2) Maintaining a Business Relationship is a condition to share payouts under each equity award.

(3) The market value of the shares or units was calculated by multiplying the number of shares of common stock by \$147.40, the closing stock price on the last trading day of Fiscal 2018.

(4) Number of shares presented aggregates historical grants of outstanding Operating PSUs and TSR PSUs and assumes maximum payouts for such awards. Each of the Named Officers was granted Operating PSUs and TSR PSUs on or about May 26 in 2015, 2016 and 2017 (other than Mr. Shander, who was first granted such awards in May 2017). Operating PSUs are earned based on relative performance at the end of the second fiscal year after the grant date (capped at 50% of the maximum payout) and again at the end of the third fiscal year after the grant date (100% of the maximum payout, less amounts earned in the first payout). TSR PSUs are earned based on relative TSR performance at the end of the third fiscal year following the grant date.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Each Named Officer is eligible to receive compensation in certain circumstances following the termination of employment. Although a substantial portion of compensation for Red Hat's executives is performance-based and contingent on the achievement of Company and individual performance goals, the Compensation Committee has determined that severance and change in control benefits are appropriate in order to (i) attract and retain executive talent, (ii) avoid the distraction and costs associated with potentially protracted separation negotiations or disputes and (iii) help ensure in the event of an actual or threatened change in control of the Company that personal concerns are less likely to impede a transaction that may be in the best interests of our stockholders.

SEVERANCE BENEFITS

The Compensation Committee believes it equitable to offer severance benefits to our Named Officers because severance often serves as a bridge when employment is involuntarily or constructively terminated without cause and severance benefits should therefore not be affected by other accumulated compensation.

CHANGE IN CONTROL ARRANGEMENTS

The Company's change in control arrangements incorporate a "double trigger" approach for the benefits to become payable. In other words, benefits are payable only upon a termination by the Company without good cause or a termination by the Named Officer with good reason that occurs during a period following a change in control. These change in control arrangements are designed to:

retain these executives;

motivate our executives to advise our Board about a potential transaction that may be in the best interests of stockholders;

mitigate concerns that, in the event that the Company is considering a change in control transaction, our executives may be unduly influenced by personal concerns about the economic consequences of the possible loss of their jobs; and

prevent these executives from receiving a windfall solely because a change in control has occurred. Accordingly, the Compensation Committee believes that the change in control arrangements serve the best interests of stockholders because they help to minimize the distraction of management during a potential change in control at a cost that the Compensation Committee believes is both appropriate and reasonable.

POLICY PROHIBITING NEW GROSS-UP PAYMENT ARRANGEMENTS

We have a policy prohibiting the Company from entering into any new agreements to provide gross-up payments for excise taxes paid under Section 4999 of the Code by any of our executives.

We have entered into no new, nor modified any existing, provisions that provide for the Company to reimburse any individual for the amount of any excise tax paid under Section 4999 of the Code, or made any other material modifications to the Senior Management Change in Control Severance Policy since December 2007.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL****ARRANGEMENTS WITH NAMED OFFICERS**

Each Named Officer must execute a valid release of claims and comply with non-compete, non-solicit, non-disparagement and other covenants for one year following termination of employment in order to be eligible for severance payments.

The following table sets forth information on the potential payments to Named Officers upon termination or change in control of the Company, assuming the termination or change in control took place on February 28, 2018, the last day of Fiscal 2018. All equity awards are valued based on \$147.40, our closing stock price on February 28, 2018. (1) Amounts in this column are based on base salary as of February 28, 2018 and amounts received under our annual cash bonus plan for Fiscal 2017 and Fiscal 2016. For purposes of determining the amount of (x) the pro-rated annual cash bonus for Fiscal 2018 to be paid to the Named Officers other than Mr. Whitehurst upon a Change in Control With Termination Without Good Cause or With Good Reason, (y) the annual cash bonus for Fiscal 2018 to be paid upon retirement and (z) the annual cash bonus for Fiscal 2018 to be paid to Mr. Whitehurst upon a termination due to death or disability, amounts are equal to the annual cash bonus amounts actually paid in respect of Fiscal 2018 performance.

(2) Amounts in this column are equal to the value of RSAs outstanding that would vest upon the triggering event described in the first column under the name of each Named Officer.

(3) Amounts in this column are equal to the value of all forms of PSUs outstanding that would be distributed upon the triggering event described in the first column under the name of each Named Officer. We have assumed that (i) Operating PSU awards granted in Fiscal 2017 would vest based on the performance achieved in Fiscal 2018 less any amounts previously paid out under the award and (ii) Operating PSU awards granted in Fiscal 2018 and the TSR PSU awards would vest at the target level. For purposes of determining whether any payment received by a Named Officer upon a Change in Control With Termination Without Good Cause or With Good Reason would constitute an excess parachute payment subject to an excise tax under Section 4999 of the Code, the Operating and TSR PSUs are treated as performance-based compensation, and the TSR Hurdle PSUs are treated as service-based compensation because the performance condition has been achieved and Mr. Whitehurst and Mr. Cormier need only maintain a Business Relationship with Red Hat until the vesting date to receive the remaining shares of stock underlying the TSR Hurdle PSUs.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

(4) Amounts in this column were calculated using an assumed total cost of welfare benefits of \$21,043 per year. Mr. Whitehurst's welfare benefits also include an annual cost of \$32,800 to continue his life insurance that he would receive upon a Change in Control With Termination Without Cause or With Good Reason.

(5) For purposes of determining whether any payment received by a Named Officer upon a Change in Control With Termination Without Good Cause or With Good Reason would constitute an excess parachute payment subject to an excise tax under Section 4999 of the Code, the acceleration value of vested RSAs and TSR Hurdle PSUs were calculated using the applicable federal rates published by the Internal Revenue Service.

(6) In calculating payments for Mr. Oberoi, we determined that a Section 4999 excise tax would be due under the Code. Since Mr. Oberoi is not eligible for reimbursement for Section 4999 excise tax payable under the Code or for any additional taxes imposed in connection with the reimbursement, we reduced the aggregate amount of the payments payable to an amount such that no excise tax would be due.

ITEM NO. 2 ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are asking stockholders to approve, on an advisory basis, a resolution relating to the Company's executive compensation program as reported in the sections of this Proxy Statement under Compensation Discussion and Analysis, which describes how our executive compensation program is designed and operates, and the Summary Compensation Table and other related compensation tables, which provide additional information about the compensation of our Named Officers. Consistent with the preference expressed by our stockholders at the Company's 2017 Annual Meeting, the Company will hold an annual advisory vote on executive compensation until the next vote on the preferred frequency of advisory votes on executive compensation.

The Board and the Compensation Committee believe that our executive compensation program has supported and contributed to the Company's recent and long-term success and the creation of long-term stockholder value and is effective in helping the Company attract and retain the high caliber of executive talent necessary to drive our business forward and build sustainable value for our stockholders.

In accordance with regulations issued under Section 14A of the Exchange Act, we are asking stockholders to approve the following non-binding advisory resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company's Named Officers, as disclosed in the Compensation Discussion and Analysis section, compensation tables and narrative discussion of the Proxy Statement for the 2018 Annual Meeting of Stockholders, is hereby APPROVED.

While this advisory resolution, commonly referred to as a say on pay resolution, is non-binding, the Compensation Committee will carefully review and consider the voting results when making future decisions regarding our executive compensation program.

AUDIT MATTERS

EVALUATION AND SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm retained to audit our financial statements. The Audit Committee evaluates the performance of PricewaterhouseCoopers LLP (PwC), the Company s independent registered public accounting firm, to determine whether to re-engage PwC or consider other audit firms and exercises sole authority to approve all audit engagement fees and terms associated with the retention of PwC. The Audit Committee s decision to retain and recommend that stockholders ratify the selection of PwC involved a number of considerations, including:

Performance on prior audits and the quality and efficiency of the services provided by PwC;

PwC s continued independence;

PwC s global capabilities and technical expertise;

PwC s tenure as the Company s independent registered public accounting firm, including PwC s significant institutional knowledge and understanding of the Company s business and the independence risks of a long-tenured auditor;

The quality and depth of PwC s staff;

PwC s effectiveness of communications and working relationship with the Audit Committee, management and internal auditor;

The appropriateness of the fees paid to PwC; and

External data on audit quality and performance, including recent Public Company Accounting Oversight Board reports on PwC and its peer firms.

The Audit Committee also reviews and evaluates the performance of the lead audit partner responsible for our audit, oversees the required rotation of the lead audit partner and, through the Audit Committee Chair as a representative of the Audit Committee, reviews the selection of the lead audit partner. The lead partner for our audit rotates every five years and our current lead partner was appointed in Fiscal 2015. The Audit Committee also discussed with PwC its independence from the Company and determined that PwC s provision of certain services to the Company, other than services rendered in connection with the audit or review of the Company s financial statements, is compatible with maintaining PwC s independence.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM S FEES

The following table summarizes the fees PwC billed to the Company for each of the last two fiscal years.

FEE CATEGORY	FISCAL YEAR ENDED FEBRUARY 28, 2018	FISCAL YEAR ENDED FEBRUARY 28, 2017
Audit Fees (1)	\$2,257,470	\$2,104,284
Audit-Related Fees (2)	\$135,650	\$117,000
Tax Fees (3)	\$368,486	\$637,922
All Other Fees (4)	\$42,621	\$176,701
Total Fees	\$2,804,227	\$3,035,907

(1) Audit Fees consist of fees for the integrated audit of the Company's annual financial statements, the review of the interim financial statements included in the Company's Quarterly Reports on Form 10-Q and other professional services provided in connection with statutory and regulatory filings or engagements for those fiscal years. The increase in Audit Fees in Fiscal 2018 is primarily due to an increase in the scope of the integrated audit given the Company's growth and the audit of the impact of the Tax Cuts and Jobs Act.

(2) Audit-Related Fees consist of fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and which are not reported under Audit Fees. For Fiscal 2018, fees for the review of the Company's initial assessment of Accounting Standards Update 2014-09, *Revenue from Contracts with Customers*, comprise substantially all of the amounts described. For Fiscal 2017, fees for the review of the Company's initial assessment of Accounting Standards Update 2014-09, *Revenue from Contracts with Customers*, fees related to a foreign regulatory filing and fees for financial due diligence services comprise substantially all of the amounts described.

(3) Tax Fees consist of fees for tax compliance, tax advice and tax planning services. For Fiscal 2018, fees for tax compliance, tax advice, and tax planning services related to the Tax Cuts and Jobs Act comprise substantially all of the amounts described. For Fiscal 2017, fees for tax compliance, advice relating to transfer pricing matters, and tax planning services comprise substantially all of the amounts described. The decrease in Tax Fees in Fiscal 2018 is primarily due to additional fees associated with advice relating to transfer pricing matters in Fiscal 2017.

(4) All Other Fees consist of fees for products and services provided by the independent registered public accounting firm other than for the services reported above in Audit Fees, Audit-Related Fees or Tax Fees. For Fiscal 2018 and Fiscal 2017, fees for conducting customer compliance audits and use of a research tool comprise substantially all of the amounts described. The decrease in All Other Fees in Fiscal 2018 is primarily due to a decrease in the number of customer compliance audits conducted.

CONDUCT OF AUDIT COMMITTEE MEETINGS

The Audit Committee's agenda is established by its chairperson with input from the committee members and the Company's Chief Financial Officer. Audit Committee meetings are designed to facilitate and encourage communication among members of the Audit Committee and the Company's management, its head of the Internal Audit function and its independent registered public accounting firm, PricewaterhouseCoopers LLP (PwC).

During its Fiscal 2018 meetings, the Audit Committee reviewed and discussed various financial and regulatory issues, as well as reports of the Company's internal auditors, its independent registered public accounting firm and

management. As a part of these meetings, the Audit Committee regularly held separate executive sessions with representatives of the Company's independent registered public accounting firm, the Company's management and its head of the Internal Audit function, at which candid discussions of financial management, accounting, internal controls, legal and compliance issues took place. Additionally, the Audit Committee's chairperson held separate discussions from time to time with representatives of PwC and the Company's Chief Financial Officer, head of the Internal Audit function and General Counsel.

AUDIT COMMITTEE REVIEW OF PERIODIC REPORTS

The Audit Committee reviews each of the Company's quarterly and annual reports, including Management's Discussion and Analysis of Financial Condition and Results of Operations. As part of this review, the Audit Committee discusses the reports with the Company's management and considers the reports prepared by the independent registered public accounting firm about the Company's annual reports and communications from the firm related to quarterly reviews, as well as related matters such as the quality of the Company's accounting principles, alternative methods of accounting under U.S. generally accepted accounting principles and the preferences of the independent registered public accounting firm in this regard, the Company's critical accounting policies and the clarity and completeness of the Company's financial and other disclosures.

AUDIT COMMITTEE REPORT

AUDIT COMMITTEE'S ROLE IN CONNECTION WITH THE COMPANY'S REPORT ON INTERNAL CONTROLS

The Audit Committee reviewed management's report on internal control over financial reporting, as required under Section 404 of the Sarbanes-Oxley Act of 2002 and related rules. As part of this review, the Audit Committee reviewed the bases for management's conclusions in that report and the report of the independent registered public accounting firm on internal control over financial reporting. Periodically during Fiscal 2018, the Audit Committee reviewed plans for documenting and testing controls, the results of such documentation and testing, any deficiencies discovered and the status of remediation of deficiencies.

AUDIT COMMITTEE'S ROLE IN CONNECTION WITH THE FINANCIAL STATEMENTS AND CONTROLS OF THE COMPANY

Management of the Company has primary responsibility for the Company's financial statements and internal control over financial reporting. The independent registered public accounting firm has responsibility for the integrated audit of the Company's financial statements and internal control over financial reporting. The responsibility of the Audit Committee is to oversee financial and control matters, among other responsibilities fulfilled by the Audit Committee under its charter. The Audit Committee meets regularly with the independent registered public accounting firm, without the presence of management, to help ensure candid and constructive discussions about the Company's compliance with accounting standards and best practices among public companies comparable in size and scope to the Company. The Audit Committee also reviews with its outside advisors material developments in accounting that may be pertinent to the Company's financial reporting practices.

REVIEW AND DISCUSSIONS WITH INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

In its meetings with representatives of PwC, the Audit Committee asked the independent registered public accounting firm to address and discuss its responses to several questions that the Audit Committee believed were particularly relevant to its oversight. These questions included:

Are there any significant judgments made by management in preparing the financial statements that would have been made differently had the independent registered public accounting firm prepared and been responsible for the financial statements?

Based on the independent registered public accounting firm's experience, and its knowledge of the Company, do the Company's financial statements fairly present, in all material respects, to investors, the Company's financial position and performance for the reporting period in accordance with U.S. generally accepted accounting principles and SEC disclosure requirements?

Based on the independent registered public accounting firm's experience, and its knowledge of the Company, has the Company implemented internal controls over financial reporting that are appropriate for the Company and have

such controls operated effectively as of the end of the Company's fiscal year?

During the course of the fiscal year, has the independent registered public accounting firm received any communication or discovered any information indicating any improprieties with respect to the Company's accounting and reporting procedures or reports?

The Audit Committee has also discussed with the independent registered public accounting firm that it is retained by the Audit Committee and that the independent registered public accounting firm must raise any concerns about the Company's financial reporting and procedures directly with the Audit Committee. Based on these discussions and its discussions with management, the Audit Committee believes it has a basis for its oversight judgments and for recommending that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for Fiscal 2018.

AUDIT COMMITTEE ACTIVITY WITH REGARD TO THE COMPANY'S AUDITED FINANCIAL STATEMENTS FOR FISCAL 2018

The Audit Committee has, among other actions:

reviewed and discussed the audited financial statements with the Company's management; and

discussed with PwC the matters required by the Public Company Accounting Oversight Board (PCAOB) AS 1301: *Communications with Audit Committees*.

INDEPENDENCE OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has received the written disclosures and the letter from PwC required by applicable requirements of the PCAOB regarding PwC's communications with the Audit Committee concerning independence. The Audit Committee has reviewed these materials and discussed with PwC its independence. The Audit Committee has concluded that PwC is independent from the Company and its management.

ITEM NO. 3 RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed PwC to serve as our independent registered public accounting firm for Fiscal 2019. PwC has served as our independent registered public accounting firm since 1999. The members of the Audit Committee and the Board believe that the continued retention of PwC to serve as our independent registered public accounting firm is in the best interests of the Company and its stockholders.

Although stockholder ratification of the selection of our independent registered public accounting firm is not required under Delaware law, our Certificate of Incorporation or our By-laws, the Company believes it is advisable to provide our stockholders with the opportunity to ratify this selection. If our stockholders do not ratify the selection of PwC as our independent registered public accounting firm for Fiscal 2019, the Audit Committee of our Board will consider whether to select a new independent registered public accounting firm for Fiscal 2019 or to wait until the completion of the audit for Fiscal 2019 before considering a change in our independent registered public accounting firm.

Representatives of PwC are expected to attend our Annual Meeting, will have the opportunity to make a statement if so desired and will be available to respond to appropriate questions.

All assumed options were granted at fair market value on the date of grant pursuant to the terms of the Ansible Plan.
- (ii) 141,880 shares available for future issuance under the Ansible Plan. Red Hat awarded 43,385 shares in the form of RSUs vesting 25% annually over four years to individuals employed by Ansible prior to the Ansible Acquisition Date as inducement to continue employment with Red Hat. As of February 28, 2018, there were 7,900 shares available for issuance under the Ansible Plan.

ADMINISTRATION

The Ansible Plan is administered by the Company s Compensation Committee consisting of independent directors or such other committee of independent directors appointed by the Board and, except as limited by the Ansible Plan, the Compensation Committee may exercise all discretion delegated to it under the Ansible Plan. The Compensation Committee will select the employees of the Company and other persons who shall receive awards in compliance with applicable law, including the rules and regulations of the NYSE (or any stock exchange or quotation system on which the Company s shares are then listed or quoted), determine the number of shares covered thereby, and establish the terms, conditions and other provisions of the grants. The Compensation Committee may interpret the Ansible Plan and establish, amend and rescind any rules relating to the Ansible Plan.

MAKARA PLAN

As of February 28, 2018, there were 20,518 shares available for issuance under the Makara Plan. There are no outstanding awards under the Makara Plan. No awards have been granted under the Makara Plan since January 18, 2011. Copies of the Makara Plan and related documents are attached as Exhibits 99.1 through 99.6 of the Registration Statement on Form S-8 filed by the Company with the SEC on December 7, 2010.

CEO PAY RATIO

In accordance with SEC rules, we are providing the ratio of the annual total compensation of our CEO to the annual total compensation of our median employee. Fiscal 2018 annual total compensation for each of our CEO Mr. Whitehurst was \$13,597,466, and our median employee was \$108,668, and the ratio of these amounts is 125:1. Annual total compensation for each of Mr. Whitehurst and the median employee was calculated consistent with the requirements for the Summary Compensation Table and is composed of annual base salary, cash incentive compensation earned during Fiscal 2018, grant date fair value of equity awards granted during Fiscal 2018 and other compensation, such as company-paid premiums for life insurance and accidental death and disability benefits. This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our human resources system of record and the methodology described below.

To identify our median employee we used our global employee population of approximately 12,000 employees as of January 31, 2018, including approximately 7,200 who work outside the U.S., and applied the following methodology:

We excluded approximately 590 of our employees located in the following nine countries: China (520), Croatia (2), Hungary (3), Indonesia (18), Malaysia (25), Portugal (2), Taiwan (13), Thailand (6) and Slovakia (1) and approximately 175 employees who joined Red Hat as a result of our acquisitions of Codenvy (30), CoreOS (130) and Permabit (15) in Fiscal 2018. After excluding these employees, we used an employee population of approximately 11,200 (4,700 in the U.S. and 6,500 outside of the U.S.) to identify our median employee.

We used annual base salary and Fiscal 2018 target amounts for short-term cash bonus and sales commissions as our compensation measure to determine the median of the annual total compensation of all our employees, except for the CEO, and to identify the employee with the median compensation. Management believes that this compensation measure is reasonably representative of our global compensation program because all of our employees globally receive an annual base salary and almost all employees are eligible to receive either a cash bonus or sales commissions.

To convert compensation of employees whose compensation is paid in currencies other than the U.S. dollar, we applied our corporate FX rates used for translating our financial statements into U.S. dollars.

Table of Contents

CEO PAY RATIO

Using this methodology, we determined that the median employee was a non-exempt, full-time employee located in the Asia-Pacific region with annual total compensation of \$108,668.

The SEC's rules for identifying the median employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. As a result, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

COMPENSATION PROGRAM RISK ASSESSMENT

Consistent with SEC disclosure requirements, in Fiscal 2018 a team composed of senior members of our human resources and legal departments, with input from the sales operations team, inventoried and reviewed elements of our compensation policies and practices. This team then reviewed these policies and practices with Company management in an effort to assess whether any of our policies or practices create risks that are reasonably likely to have a material adverse effect on the Company. This assessment included a review of the primary design features of the Company's compensation policies and practices, the process for determining executive and employee compensation and consideration of features of our compensation program that help to mitigate risk. Management reviewed and discussed the results of this assessment with the Compensation Committee, which consulted with the Consultant on executive compensation design matters. Based on this review, we believe that our compensation policies and practices, individually and in the aggregate, do not create risks that are reasonably likely to have a material adverse effect on the Company.

STOCKHOLDER PROPOSALS AND NOMINATIONS

Stockholders may submit proposals for consideration at our 2019 Annual Meeting of Stockholders (2019 Annual Meeting).

To be considered for inclusion in next year's proxy statement, your proposal must be submitted in accordance with the SEC's Rule 14a-8 and must be received by our Corporate Secretary at our principal executive offices no later than February 28, 2019.

Our By-Laws require that we be given advance written notice for nominations for directors and proposals of business that you wish to submit for consideration at our 2019 Annual Meeting other than those intended to be included in next year's proxy statement under SEC Rule 14a-8. Written notice consistent with our By-Laws must be delivered to our Corporate Secretary no later than the close of business on April 11, 2019, nor earlier than March 12, 2019. However, if the date of our 2019 Annual Meeting is more than 30 days before or more than 60 days after the anniversary of the date of the Annual Meeting, your notice will be timely if it is received not earlier than the 90th day prior to the date of our 2019 Annual Meeting and not later than the close of business on the later of (i) the 60th day prior to the date of our 2019 Annual Meeting or (ii) the 10th day following the day on which public announcement of the date of our 2019 Annual Meeting is first made.

All matters submitted must comply with the applicable requirements or conditions established by the SEC and our By-Laws. Any proposals of business or nominations should be addressed to: Red Hat, Inc., 100 East Davie Street, Raleigh, North Carolina, 27601, Attn: Corporate Secretary.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and holders of more than 10% of our common stock to file reports of ownership of, and transactions in, our securities with the SEC. Such directors, executive officers and 10% holders are then required to furnish us with copies of all Section 16(a) reports they file.

Based on a review of the reports furnished to us, or written representations from reporting persons that all reportable transactions were reported, we believe that during Fiscal 2018 all filings required to be made by reporting persons with respect to our securities were timely made.

QUESTIONS AND ANSWERS

OTHER THAN THE ITEMS LISTED IN THE PROXY STATEMENT, WHAT OTHER BUSINESS WILL BE ADDRESSED AT THE ANNUAL MEETING?

We currently know of no other matters to be properly presented at the Annual Meeting. However, by giving your proxy you appoint the persons named as proxy holders to be your representatives at the Annual Meeting. If other matters are properly presented at the Annual Meeting, the proxy holders are each authorized to vote your shares in their discretion.

HOW DO I VOTE MY SHARES?

For stockholders of record: If you are eligible to vote at the Annual Meeting and are a stockholder of record, you may submit your proxy or cast your vote in any of four ways:

By Internet If you have Internet access, you may submit your proxy by following the instructions provided in the Notice of Internet Availability, or if you requested printed proxy materials, by following the instructions provided with your proxy materials and on your proxy card. Proxies submitted via Internet must be received by 11:59 p.m., EDT, on August 8, 2018.

By Telephone You can also submit your proxy by telephone by calling 1-800-652-VOTE (8683) toll-free within the USA, US territories and Canada and following the instructions provided by the recorded message. Proxies submitted via telephone must be received by 11:59 p.m., EDT, on August 8, 2018.

By Mail If you received your proxy materials by mail, you may submit your proxy by completing the proxy card enclosed with those materials, signing and dating it and returning it in the pre-paid envelope we have provided.

In Person at our Annual Meeting You can vote in person at our Annual Meeting. In order to gain admittance, you must present valid government-issued photo identification such as a driver's license or passport.

For holders in street name: If you hold your shares in street name and, therefore, are not a stockholder of record, you will need to follow the specific voting instructions provided to you by your broker, bank or other similar institution. If you wish to vote your shares in person at our Annual Meeting, you must obtain a valid proxy from your broker, bank or similar institution, granting you authorization to vote your shares. In order to attend and vote your shares held in street name at our Annual Meeting, you will need to present valid government-issued photo identification such as a driver's license or passport and hand in the valid proxy from your broker, bank or similar institution, along with a signed ballot that you can request at the Annual Meeting. You will not be able to attend and vote your shares held in street name at the Annual Meeting without valid government-issued photo identification such as a driver's license or passport, a valid proxy from your broker, bank or similar institution and a signed ballot.

If you submit your proxy by Internet, telephone or mail, and you do not subsequently revoke your proxy, your shares of common stock will be voted in accordance with your instructions.

CAN I CHANGE OR REVOKE MY PROXY?

For stockholders of record: Yes. A proxy may be changed or revoked at any time prior to the vote at the Annual Meeting by submitting a later-dated proxy (including a proxy submitted via the Internet or by telephone) or by giving written notice to our Corporate Secretary at our corporate headquarters. You may not change your vote over the Internet or by telephone after 11:59 p.m., EDT, on August 8, 2018. You may also attend the Annual Meeting and vote your shares in person.

For holders in street name: Yes. You must follow the specific voting instructions provided to you by your broker, bank or other similar institution to change or revoke any instructions you have already provided to them.

HOW WILL MY SHARES BE VOTED IF I DO NOT PROVIDE SPECIFIC INSTRUCTIONS IN THE PROXY CARD OR VOTING INSTRUCTIONS FORM THAT I SUBMIT?

If you are a stockholder of record and if you sign, date and return your proxy card but do not provide specific voting instructions, your shares of common stock will be voted FOR the election of the nominees for director named in this Proxy Statement, FOR the approval, on an advisory basis, of a resolution relating to Red Hat's executive compensation, and FOR the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for Fiscal 2019. If any other matter properly comes before our Annual Meeting and any adjournments thereof, the proxy holders will vote your shares in their discretion.

If your shares are held in street name at a broker, your broker may under certain circumstances vote your shares on discretionary matters if you do not timely provide voting instructions in accordance with the instructions provided by them. However, if you do not provide timely instructions, your broker does not have the authority to vote on any non-discretionary proposals at the Annual Meeting and a broker non-vote would occur, as explained in the following question and explanation.

QUESTIONS AND ANSWERS

WHAT IS BROKER DISCRETIONARY VOTING ?

If you hold your shares in street name, your broker, bank or other similar institution may be able to vote your shares without your instructions depending on whether the matter being voted on is discretionary or non-discretionary. The ratification of the selection of the independent registered public accounting firm is a discretionary matter and your broker is permitted to vote your shares of common stock if you have not given voting instructions. The election of directors and the advisory vote on a resolution relating to Red Hat's executive compensation are non-discretionary matters and your broker cannot vote your shares if you have not given voting instructions. A broker non-vote occurs when your broker submits a proxy for the Annual Meeting, but does not vote on non-discretionary matters because you did not provide voting instructions on these matters. Therefore, it is important that you provide specific voting instructions regarding non-discretionary matters to your broker, bank or similar institution.

I UNDERSTAND THAT A QUORUM IS REQUIRED IN ORDER TO CONDUCT BUSINESS AT THE ANNUAL MEETING. WHAT CONSTITUTES A QUORUM?

A majority of all of our outstanding shares of common stock entitled to vote at the Annual Meeting, represented in person or by proxy, constitutes a quorum at the Annual Meeting. As of June 15, 2018, the record date for the Annual Meeting, there were 177,368,419 shares of common stock outstanding and entitled to vote. If you submit a properly executed proxy by mail, telephone or the Internet, you will be considered a part of the quorum. In addition, abstentions and broker non-votes will be counted for purposes of establishing a quorum. If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

WHAT IS REQUIRED TO APPROVE THE PROPOSALS SUBMITTED TO A VOTE AT THE ANNUAL MEETING?

Election of Directors: At the Annual Meeting each director will be elected by the vote of the majority of the votes cast with respect to the director nominee. This means to elect a director nominee, the number of shares voted For that director nominee must exceed the number of shares voted Against that director nominee. Abstentions and broker non-votes are not considered votes cast for the foregoing purpose, and will have no effect on the election of director nominees.

All Other Proposals: The affirmative vote of the holders of a majority of the shares of common stock present or represented and voting is required to approve (on an advisory basis) the resolution relating to the Company's executive compensation and to ratify of the selection of the independent registered public accounting firm. This means that a proposal will be approved if the number of shares voted For that proposal is greater than 50% of the total number of shares voted For and Against that proposal. For purposes of the advisory vote on a resolution relating to the Company's executive compensation and the ratification of the independent registered public accounting firm, abstentions and broker non-votes will not be considered to have been voted, and will have no effect on the results of the vote.
