Certain Unaudited Prospective Financial Information

In connection with CVS Health's application for insurance regulatory approval of the transactions, the Connecticut Insurance Department has requested that CVS Health provide it with certain information, which includes certain non-public prospective financial information. In response to the request from the Connecticut Insurance Department, CVS Health will provide the non-public prospective financial information included in this communication to the Connecticut Insurance Department. The Connecticut Insurance Department has advised CVS Health that it will be making this information available to the public on the Connecticut Insurance Department's website.

The prospective financial information provided to the Connecticut Insurance Department and included in this communication was not prepared for the purpose of public disclosure, nor was it prepared in compliance with published guidelines of the SEC, the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of financial forecasts, or accounting principles generally accepted in the United States (GAAP).
