Item 1.01. Entry into a Material Definitive Agreement

On October 1, 2018, Puget Energy, Inc. (Puget Energy), as borrower, incurred indebtedness in the form of term loans in the aggregate principal amount of \$150 million (the Term Loans) pursuant to a Term Loan Agreement, dated October 1, 2018 (as amended, restated, supplemented or otherwise modified from time to time, the Term Loan Agreement), among Puget Energy, TD Securities (USA) LLC , as Administrative Agent, and the lenders party thereto. The Term Loan Agreement also includes an expansion feature, pursuant to which Puget Energy may request to increase the aggregate amount of the Term Loan Agreement, obtain incremental term loans or any combination of increases and incremental term loans in an amount up to \$100 million.

The proceeds of the Term Loans are to be used for general corporate purposes other than hostile acquisitions.

The Term Loans mature on October 1, 2021. Puget Energy may request to extend the maturity date but the lenders do not have any obligation to agree to any extension request. The Company is not required to make any principal payments on the Term Loans until maturity. The Company may voluntarily prepay the Term Loans in whole or in part at any time without premium or penalty, except that prepayments of any portion of the Term Loans shall be accompanied by accrued interest and break funding payments pursuant to the Term Loan Agreement.

The terms and conditions of the Term Loans include the following:

The interest rate applicable to the Term Loans is dependent on the senior debt rating of Puget Energy. Amounts outstanding under the Term Loans bear interest at either (i) the Alternate Base Rate (as defined in the Term Loan Agreement) plus the Applicable Rate (as defined in the Term Loan Agreement) or (ii) the Adjusted LIBO Rate (as defined in the Term Loan Agreement) plus the Applicable Rate. Interest on the Term Loan is payable on each Interest Payment Date (as defined in the Term Loan Agreement).

The Borrower will not permit the Leverage Ratio (as defined in the Term Loan Agreement) to be greater than 0.65 to 1.00 at any time.

Puget Energy and its material operating subsidiaries, including Puget Sound Energy, Inc., are subject to customary covenants, including restrictions on investments and liens.

The Term Loans will be secured by the same collateral pool as the revolving credit facility under the Amended and Restated Credit Agreement, dated as of October 25, 2017 (as amended, restated, supplemented or otherwise modified from time to time), among Puget Energy, JPMorgan Chase Bank, N.A., as Administrative Agent, Mizuho Bank, Ltd. as Syndication Agent, and the lenders party thereto, which collateral pool consists of substantially all of the assets of Puget Energy and Puget Equico LLC, Puget Energy s parent (including a pledge of all of the shares of the stock of Puget Energy and PSE).

The Term Loan Agreement also contains certain customary representations and warranties and events of default, as well as, in the event of an occurrence of an Event of Default, customary remedies, such as the ability of lenders to accelerate any amounts outstanding under the Term Loan Agreement.

The foregoing description does not purport to be complete and is qualified in its entirety by reference to the Term Loan Agreement, which is filed as Exhibit 10.1 hereto and incorporated by reference herein.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.
