Item 1.01 Entry into a Material Definitive Agreement.

On August 21, 2009 (the Closing) Raptor Pharmaceuticals Corp. (the Company) entered into a Securities Purchase Agreement (the Purchase Agreement), dated as of August 21, 2009, with four investors set forth on the signature pages thereto (the Investors) for the private placement of units of the Company (the Financing Transaction) at a purchase price of \$0.32 per unit, each unit comprised of one share of the Company's common stock, par value \$0.001 per share (Common Stock) and one warrant to purchase one half of one share of Common Stock.

At the Closing, the Company sold an aggregate of 7,456,250 units to the Investors, comprised of an aggregate of 7,456,250 shares of Common Stock (the Shares) and warrants (the Investor Warrants) having terms and conditions in the form of warrant attached hereto and filed herewith as Exhibit 4.1 to this Current Report on Form 8-K, such form of Investor Warrant incorporated herein by this reference, for aggregate gross proceeds of \$2,386,000. The Investor Warrants, exercisable for two years from the Closing, entitle the Investors to purchase, in the aggregate, up to 3,728,125 shares of Common Stock of the Company (the Warrant Stock) and have an exercise price of either \$0.60 or \$0.75 per share, depending on when such Investor Warrants are exercised, if at all. The Shares, the Investor Warrants and the Warrant Stock are sometimes referred to herein individually and collectively as the Securities.

The following is a brief summary of the Financing Transaction. This summary is qualified in its entirety by reference to the full text of the Purchase Agreement and the Investor Warrants, including Article VI of the Purchase Agreement with respect to the registration of the Shares and Warrant Stock.

The Purchase Agreement

Each Investor represents in the Purchase Agreement that it understands and agrees that the Securities it will be acquiring have not been registered under the Securities Act of 1933, as amended (the Securities Act), and that accordingly they will not be fully transferable except as permitted under various exemptions contained in the Securities Act, or upon satisfaction of the registration and prospectus delivery requirements of the Securities Act. Each Investor also represents in the Purchase Agreement that it understands and agrees that the instruments or certificates evidencing the Securities it has agreed to purchase, and each instrument or certificate issued in transfer thereof, will bear an appropriate legend regarding the restriction on transferability. The Purchase Agreement also contains representations and warranties by the Company and each Investor customary for transactions of this type.

Registration of the Securities (Article VI of the Purchase Agreement)

The Company agreed to prepare and file a registration statement on Form S-1 (the S-1) with the Securities and Exchange Commission (the SEC) under the Securities Act covering the Shares and Warrant Stock sold pursuant to the Purchase Agreement (the Restricted Stock) as well as Common Stock underlying warrants issued to placement agents, as discussed below, each subject to volume limitations, within 75 days after the Closing. Following the effectiveness of the S-1, the Company may, at any time, but no more than twice during any 12-month period, suspend the effectiveness of such registration for up to 45 calendar days, as appropriate (a Suspension Period), by giving notice to the holders of shares of Restricted Stock, if the Company shall have determined that the Company may be required to disclose any material corporate development which disclosure may have a material adverse effect on the Company. The holders of shares of Restricted Stock acknowledge that the Company

Edgar Filing: TorreyPines Therapeutics, Inc. - Form 425

is required to file certain post-effective amendments to the S-1 upon the filing of certain periodic reports with the SEC and therefore a Suspension Period may occur between the Company's filing of its reports and the filing of the post-effective amendment to the Form S-1.

Investor Warrants

The Investor Warrants may be exercised, in full or in part, at any time prior to the earlier of (i) the second anniversary of their issuance, (ii) the date of consummation of the acquisition of the Company pursuant to a Change of Control Transaction (as defined in the form of Investor Warrant), and (iii) the thirtieth (30th) day following the date on which the Company delivers a WACP Notice (defined below) to the holder of such Investor Warrant(s), at an exercise price of \$0.60 per share if exercised prior to the first anniversary of their issuance, or \$0.75 per share if exercised after the first anniversary of their issuance but prior to the second anniversary of their issuance. By its acceptance of the Investor Warrants, the Investor understands that the Investor Warrants and the Warrant Stock may not be sold, transferred, or otherwise disposed of without registration under the Securities Act, or an exemption therefrom, and that in the absence of an effective registration statement covering the Investor Warrants and the Warrant Stock or an available exemption from registration under the Securities Act, the Investor Warrants

and the Warrant Stock must be held indefinitely. Subject to the provisions of the Purchase Agreement, the Investor Warrants and all rights thereunder are transferable, in whole but not in part, only with the prior approval of the Company. The underlying Securities, when issued, must bear a legend reflecting this restriction on transfer. If at any time on or before the second anniversary of the date the Investor Warrants are issued, the volume weighted average closing prices of the Common Stock of the Company over ten (10) consecutive trading days exceeds \$1.25, then, within thirty (30) days of the occurrence of any such event, the Company has the right to deliver to the holders of such Investor Warrants written notice to such effect (a WACP Notice). The Investor Warrants also contain certain adjustments that may be made, due to future corporate events or otherwise, customary for transactions of this type.

Material Relationship with the Company

Erich Sager, a member of the Company's board of directors and a stockholder of the Company, is a founding partner of the placement agent used by the Company in the Financing Transaction.

THE SECURITIES DESCRIBED ABOVE, INCLUDING THE SECURITIES, TO BE OFFERED WILL NOT BE AND HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT AND MAY NOT BE OFFERED OR SOLD IN THE UNITED STATES ABSENT REGISTRATION OR AN APPLICABLE EXEMPTION FROM REGISTRATION REQUIREMENTS. THIS COMMUNICATION SHALL NOT CONSTITUTE AN OFFER TO SELL OR THE SOLICITATION OF AN OFFER TO SELL OR THE SOLICITATION OF AN OFFER TO BUY ANY SECURITIES, NOR SHALL THERE BE ANY SALE OF SECURITIES IN ANY JURISDICTION IN WHICH SUCH OFFER, SOLICITATION OR SALE WOULD BE UNLAWFUL PRIOR TO REGISTRATION OR QUALIFICATION UNDER THE SECURITIES LAWS OF ANY SUCH JURISDICTION. NO OFFERING OF SECURITIES SHALL BE MADE EXCEPT BY MEANS OF A PROSPECTUS MEETING THE REQUIREMENTS OF SECTION 10 OF THE SECURITIES ACT OF 1933, AS AMENDED.

Item 3.02 Unregistered Sales of Equity Securities.

The information disclosed in Item 1.01 of this Current Report on Form 8-K is incorporated by reference into this Item 3.02. The Securities offered and sold under the Purchase Agreements to the Investors were offered and sold in reliance upon exemptions from registration under the Securities Act in reliance on Section 4(2) of the Securities Act and Rule 506 of Regulation D promulgated thereunder, as transactions by an issuer not involving a public offering. The Purchase Agreements contain representations to support the Company's reasonable belief that the Investors had access to information concerning the Company's operation and financial condition, the Investors did not acquire the Securities with a view to the distribution thereof in the absence of an effective registration statement or an applicable exemption from registration, and that the Investors are sophisticated within the meaning of Section 4(2) of the Securities Act and are accredited investors (as defined by Rule 501 under the Securities Act).

The Company obtained representations from the Investors regarding their investment intent, experience and sophistication; and the Investors either received or had access to adequate information about the Company in order to make an informed investment decision. The Company relied upon the representations made by the Investors pursuant to the Purchase Agreement in determining that such exemptions were available. No underwriting discounts or commissions were paid by the Company in connection with the Financing Transaction.

Edgar Filing: TorreyPines Therapeutics, Inc. - Form 425

In connection with the Financing Transaction, the Company entered into a placement agency agreement with one placement agent pursuant to which the Company is obligated to (i) pay such placement agent a placement fee equal to 3.5% of the gross proceeds of Securities sold to Investors introduced by such placement agent and (ii) issue a five- (5) year warrant to purchase a number of shares of Common Stock at an exercise price of \$0.35 per share equal to 7% of the number of Securities issued to Investors (inclusive of the Shares and Warrant Stock) introduced by such placement agent, such warrant, having terms and conditions in the form of warrant attached hereto (and incorporated herein by this reference) and filed herewith as Exhibit 4.2 to this Current Report on Form 8-K. The warrant issued to the placement agent contains a cashless exercise feature that allows the placement agent to exercise such warrant without a cash payment to the Company. In connection with the Financing Transaction, the Company is obligated to issue to the placement agent a warrant to acquire 556,500 shares of Common Stock. The placement agent has registration rights with respect to the Common Stock underlying its warrant similar to those of the Investors. In addition, the Company has agreed to reimburse those expenses incurred by the placement agent in connection with the Financing Transaction that were pre-approved by the Company. The placement agent is an affiliate of one of the members of the Company's board of directors as described above. In connection with the Financing Transaction, the Company paid cash compensation of \$59,360 in placement agent fees. The net proceeds to the Company in connection with the Financing Transaction, after deducting for expenses, including placement agent fees, were approximately \$2.3 million. The Company intends to use the net proceeds from the Financing Transaction to fund ongoing operations and satisfy its trade payables accrued in the ordinary course of its business.

Item 8.01 Other Events.

On August 25, 2009, the Company issued a press release that details the Financing Transaction. The Company's press release is attached hereto as Exhibit 99.1 and is incorporated by reference into this Item 8.01 in its entirety.
