PROXY STATEMENT

This Proxy Statement contains information related to the Annual Meeting of Equity Residential (Equity Residential or the Company), which will be held on Thursday, May 26, 2005, at 1:00 p.m., at One North Franklin Street, Third Floor, Chicago, Illinois.

ABOUT THE ANNUAL MEETING

What is the Purpose of the Annual Meeting?

At the Annual Meeting, shareholders will vote on the following proposals: Proposal 1 the election of all trustees to a one-year term; and Proposal 2 ratification of the Company's selection of Ernst & Young LLP (Ernst & Young) as its independent auditors for the fiscal year ending December 31, 2005. We sent you these proxy materials because our Board of Trustees (the Board) is requesting that you allow your common shares to be represented at the meeting by the proxies named in the enclosed proxy card (or, if you receive this document electronically, the accompanying proxy instructions). This Proxy Statement contains information that we are required to provide you under the rules of the Securities and Exchange Commission (SEC) and that is designed to assist you in voting your shares. On April 12, 2005, we began mailing these proxy materials to all shareholders of record at the close of business on March 31, 2005. Equity Residential has hired MacKenzie Partners, Inc. to assist in distributing and soliciting proxies and will pay \$7,000 plus expenses for these services.

Who Is Entitled to Vote?

You will be entitled to vote your shares on any of the proposals if you held your shares as of the close of business on March 31, 2005 (the Record Date). Each of the shares outstanding on that date is entitled to one vote on the proposals. As of the record date, a total of 286,615,825 common shares were outstanding and entitled to vote.

What Is Required to Hold the Meeting?

The presence at the meeting in person or by proxy of the holders of a majority of the common shares outstanding on the Record Date will constitute a quorum permitting business to be conducted at the meeting. If you have returned valid proxy instructions (in writing, by phone or by Internet) or attend the meeting and vote in person, your shares will be counted for purposes of determining whether there is a quorum, even if you abstain from voting on any or all matters introduced at the meeting.

1

How Do I Vote?

Your vote is important. Shareholders can vote in person at the Annual Meeting or by proxy. Most shareholders have a choice of voting by Internet, using a toll-free telephone number or completing a proxy card and mailing it in the postage-paid envelope provided. Please refer to your proxy card or the information forwarded by your bank, broker or other nominee to see which options are available to you. If you vote by Internet or telephone, you do **NOT** need to return your proxy card.

If you vote by proxy, the individuals named on the proxy card as representatives will vote your shares in the manner you indicate. You may specify whether your shares should be voted for all, some or none of the nominees for trustee and whether your shares should be voted for or against the other proposal.

What Are the Board's Recommendations?

If no instructions are indicated on your valid proxy, the representatives holding proxies will vote in accordance with the recommendations of the Board. The Board recommends a vote:

FOR the election of each of the nominees for trustee; and

FOR the ratification of the selection of the Company's independent auditors.

With respect to any other matter that properly comes before the meeting or any adjournment or postponement thereof, the representatives holding proxies will vote as recommended by the Board, or if no recommendation is given, in their own discretion.

Can I Revoke or Change My Proxy?

Yes, you may change or revoke your proxy at any time before the meeting by timely delivery of a properly executed, later-dated proxy (including an Internet or phone vote) or by voting in person at the Annual Meeting. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, but attendance at the meeting will not by itself revoke a previously granted proxy.

How Can I Manage the Number of Annual Reports I Receive?

Our 2004 Annual Report and financial statements have been mailed to shareholders with this Proxy Statement. If you share an address with any of our other shareholders, your household might receive only one copy of these documents. To request individual copies for each shareholder in your household, please contact Equity Residential Investor Relations, at Two North Riverside Plaza, Suite 400, Chicago, Illinois 60606 (toll-free number: 1-888-879-6356). To ask that only one set of the documents be mailed to your household, please contact your bank, broker or other nominee or, if you are a shareholder of record, please call our transfer agent, EquiServe, toll-free at 1-800-733-5001.

GOVERNANCE OF THE COMPANY

Board of Trustees

Our business and affairs are managed under the direction of the Board of Trustees, which presently consists of eleven members. Members of the Board are kept informed of the Company's business through discussions with the Chairman, the Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees. Board members have complete access to the Company's management team and the independent auditors. The Board and each of the key committees—Audit, Compensation, Nominating and Corporate Governance—also have authority to retain, at the Company's expense, outside counsel, consultants or other advisors in the performance of their duties. The Company's Guidelines on Governance require that a majority of the trustees be independent within the meaning of New York Stock Exchange (NYSE) standards.

Statement on Corporate Governance

The Company is dedicated to establishing and maintaining the highest standards of corporate governance. The

Board has implemented many corporate governance measures over the past several years designed to serve the long-term interests of our shareholders and further align the interests of trustees and management with those of our shareholders. The major changes approved by the Board and enacted by the Company include:

expensing options as of January 1, 2003

prohibiting the repricing of options under our Share Incentive Plans

declassifying the Board to provide for annual election of all trustees

increasing the overall independence of the Board and its Committees

increasing the diversity of the Board

scheduling executive sessions of the non-management trustees on a regular basis

appointing a Lead Trustee

conducting annual evaluations of the Board, its Committees and individual trustees

establishing share ownership guidelines for senior officers of the Company

increasing the share ownership guideline for trustees

requesting trustees to visit five properties per year

prohibiting the provision of personal tax services to the Company's executive officers by the Company's independent auditors

limiting members of its Audit Committee to service on not more than two other public company audit committees

adopting a Pre-Approval Policy for Audit and Non-Audit Services

limiting the CEO's service to not more than two other public company boards

revising the Company's Guidelines on Governance

revising the existing Audit Committee Charter

adopting formal charters for the Compensation, Nominating and Corporate Governance Committees

amending the Company's Declaration of Trust to remove a potential anti-takeover defense (the Declaration now requires, rather than permits, the Board to grant a waiver with respect to the restrictions on share ownership in excess of the ownership limit if the Company's REIT status is not jeopardized)

Lead Trustee. The Company's Lead Trustee is Sheli Z. Rosenberg who, as an independent trustee, acts in a lead capacity to coordinate the other independent trustees, consults with the CEO on Board agendas, chairs the executive sessions of the non-management trustees and performs such other functions as the Board may direct. Ms. Rosenberg has been a trustee of the Company since our initial public offering in 1993 and brings to her role as Lead Trustee over thirty-five years of experience as an attorney and board member of public companies in an array of businesses.

Executive Sessions. Pursuant to the Company's revised Guidelines on Governance, the non-management trustees meet in separate executive sessions at least three times a year and as otherwise determined by the Lead Trustee. The Lead Trustee may invite the Chairman or others, as she deems appropriate, to attend a portion of these sessions. The non-management trustees held four executive sessions in 2004.

Code of Ethics and Business Conduct. The Board has adopted a Code of Ethics and Business Conduct that applies to all trustees, officers and employees, including the Company's principal executive officer, principal financial officer and principal accounting officer. The purpose of the Code of Ethics and Business Conduct is to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; to promote full, fair, accurate, timely and understandable disclosure in periodic reports required to be filed by the Company; and to promote compliance with all applicable rules and regulations that apply to the Company and its officers and trustees. If the Board amends any provisions of the Code of Ethics and Business Conduct that apply to the Company's chief executive officer or senior financial officers or grants a waiver in favor of any such persons, the Company will promptly publish the text of the amendment or the specifics of the waiver on its website.

As all shareholders are aware, there has been a dramatic and continuing evolution of ideas about sound corporate governance. We intend to continue to act promptly to incorporate not only the actual requirements of rules adopted but additional voluntary measures we deem appropriate. Charters for the Audit, Compensation, Nominating and Corporate Governance Committees and the Company's Guidelines on Governance and Code of Ethics and Business Conduct may be viewed on the Company's website at www.equityresidential.com under the Investor Relations section. In addition, the Company will mail copies of the Committee Charters, the Guidelines on Governance and the Code of Ethics and Business Conduct to shareholders upon their written request to the Secretary.

Succession Planning. In the event the Chairman of the Board and/or CEO are unable to serve, (i) the Lead Trustee shall automatically be appointed to serve as the interim successor to the Chairman, (ii) the Chairman shall automatically be appointed to serve as the interim successor to the CEO and (iii) the Chair of the Compensation Committee of the Board will immediately call a meeting of the Committee to recommend to the full Board the selection of a permanent replacement for either or both positions, as necessary. The Company has also added succession planning throughout the organization.

Meetings and Committees of the Board of Trustees

Meetings. During 2004, the Board held eight meetings, with average attendance of 91%. None of the trustees attended fewer than 75% of the meetings of the Board. The Board has standing Executive, Audit, Compensation, Nominating and Corporate Governance Committees, which are described below. As the Company has not historically scheduled a quarterly in-person Board meeting on the date of the Annual Meeting of Shareholders, it has not previously had a policy of requiring Board attendance at the annual meeting. One Board member attended the 2004 Annual Meeting of Shareholders. The Company has scheduled an in-person Board meeting on the same day as the 2005 Annual Meeting of Shareholders

and plans to schedule an in-person Board meeting to coincide with its annual meetings in future years to facilitate the trustees' attendance.

Executive Committee. The members of the Executive Committee during 2004 and as of the date hereof are Samuel Zell (Chair), Bruce W. Duncan, Stephen O. Evans and Boone A. Knox. The Executive Committee has the authority within certain parameters to approve proposals to acquire, develop, dispose of and finance investments for the Company. The Executive Committee held four meetings in 2004, with average attendance of 80%.

Audit Committee. The current members of the Audit Committee are Charles L. Atwood (Chair), B. Joseph White, John W. Alexander, Boone A. Knox, James D. Harper, Jr. and Desiree G. Rogers. The Audit Committee is comprised entirely of trustees who meet the independence and financial literacy requirements of NYSE listing standards. In addition, the Board has determined that Mr. Atwood qualifies as an audit committee financial expert as defined by SEC rules. During 2004, the Audit Committee was comprised of Mr. White (Chair), Mr. Alexander, Mr. Atwood, Mr. Knox and Mr. Harper. The Audit Committee's responsibilities include providing assistance to the Board in fulfilling its responsibilities with respect to oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent auditors' qualifications, performance and independence, and the performance of the Company's internal audit function. In accordance with its charter, the Audit Committee has sole authority to appoint and replace the independent auditors, who report directly to the Committee, approve the engagement fee of the independent auditors and pre-approve the audit services and any permitted non-audit services they may provide to the Company. In addition, the Audit Committee reviews the scope of audits as well as the annual audit plan, evaluates matters relating to the audit and internal controls of the Company and approves all related party transactions. The Audit Committee holds separate executive sessions, outside the presence of senior management, with the Company's independent auditors and the Company's primary internal audit executive. During 2004, no member of the Audit Committee served on more than two other public company audit committees. The Audit Committee held nine meetings in 2004, with average attendance of 93%.

Compensation Committee. The current members of the Compensation Committee are John W. Alexander (Chair), Sheli Z. Rosenberg, James D. Harper, Jr. and Boone A. Knox. During 2004, the Compensation Committee was comprised of Mr. Alexander (Chair), Ms. Rosenberg and Mr. Harper. The Compensation Committee is comprised entirely of independent trustees. The Compensation Committee's responsibilities include establishing the Company's general compensation philosophy, overseeing the Company's compensation programs and practices, including incentive and equity-based compensation plans, reviewing and approving executive compensation plans in light of corporate goals and objectives, evaluating the performance of the CEO in light of these criteria and recommending the CEO's compensation level based on such evaluation, evaluating the performance of the other executive officers before approving their salaries, bonus and incentive and equity compensation, reviewing and making recommendations concerning proposals by management regarding compensation, bonuses, employment agreements, loans to non-executive employees and other benefits and policies respecting such matters for employees of the Company and overseeing the Company's executive succession and management development plans. The Compensation Committee held four meetings in 2004, with attendance of 100%.

Corporate Governance Committee. The members of the Corporate Governance Committee during 2004 and as of the date hereof are Stephen O. Evans (Chair), Desiree G. Rogers and B. Joseph White. The Corporate Governance Committee is comprised entirely of independent trustees. The Corporate Governance Committee's duties include making recommendations concerning the organization and effectiveness of the Board, establishing and overseeing procedures for annual assessment of Board and trustee performance, evaluating issues of corporate governance and making recommendations to the

Board regarding the Company's governance policies and practices, including its Guidelines on Governance and Code of Ethics and Business Conduct. The Corporate Governance Committee held two meetings in 2004, with attendance of 100%.

Nominating Committee. The members of the Nominating Committee during 2004 and as of the date hereof are Sheli Z. Rosenberg (Chair), John W. Alexander and Charles L. Atwood. The Nominating Committee is comprised entirely of independent trustees. The Nominating Committee's duties include establishing criteria for recommending candidates for election or reelection to the Board and its committees, considering issues and making recommendations concerning the size and composition of the Board. The Nominating Committee identifies individuals qualified to become Board members and will also consider nominees for trustee suggested by shareholders in written submissions to the Company's Secretary. The Nominating Committee held three meetings in 2004, with average attendance of 89%.

Trustee Nomination Procedures

Trustee Qualifications. The Company's Guidelines on Governance set forth the Board's policies for the desired attributes of trustees and the Board as a whole. The Board will seek to ensure that a substantial majority of its members are independent within NYSE listing standards. Each member of the Board must possess the individual qualities of integrity and accountability, informed judgment, financial literacy, high performance standards and must be committed to representing the long-term interests of the Company and the shareholders. In addition, trustees must be committed to devoting the time and effort necessary to be responsible and productive members of the Board. The Board values diversity, in its broadest sense, reflecting, but not limited to, profession, geography, gender, ethnicity, skills and experience.

Identifying and Evaluating Nominees. The Nominating Committee regularly assesses the appropriate number of trustees comprising the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. The Nominating Committee may consider those factors it deems appropriate in evaluating trustee candidates including judgment, skill, diversity, strength of character, experience with businesses and organizations comparable in size or scope to the Company, experience and skill relative to other Board members, and specialized knowledge or experience. Depending upon the current needs of the Board, certain factors may be weighed more or less heavily by the Nominating Committee. In considering candidates for the Board, the Nominating Committee evaluates the entirety of each candidate's credentials and, other than the eligibility requirements set forth in the Guidelines on Governance, does not have any specific minimum qualifications that must be met by a nominee. The Nominating Committee considers candidates for the Board from any reasonable source, including current Board members, shareholders, professional search firms or other persons. The Nominating Committee does not evaluate candidates differently based on who has made the recommendation. The Nominating Committee has the authority under its charter to hire and pay a fee to consultants or search firms to assist in the process of identifying and evaluating candidates.

Shareholder Nominees. The Company's Bylaws permit shareholders to nominate trustees for consideration at an annual meeting of shareholders. You can obtain a copy of the full text of the Bylaw provision by writing to the Secretary of Equity Residential at Two North Riverside Plaza, Suite 400, Chicago, Illinois 60606. The Nominating Committee will also consider properly submitted shareholder nominees for election to the Board and will apply the same evaluation criteria in considering such nominees as it would to persons nominated under any other circumstances. Such nominations may be made by a shareholder entitled to vote who delivers written notice along with the additional information and materials required by the Bylaws to the Secretary of the Company not later than the close of business on the 120th day, and not earlier than the close of business on the 150th day, prior to the first anniversary of the mailing date of the notice of the preceding year's annual meeting. For the Company's annual

meeting in 2006, the Secretary must receive this notice after the close of business on November 12, 2005, and prior to the close of business on December 12, 2005.

Any shareholder nominations proposed for consideration by the Nominating Committee should include the nominee's name and sufficient biographical information to demonstrate that the nominee meets the qualification requirements for Board service as set forth under Trustee Qualifications. The nominee's written consent to the nomination should also be included with the nomination submission, which should be addressed to: Equity Residential, Two North Riverside Plaza, Suite 400, Chicago, IL 60606, Attn: General Counsel and Secretary.

Compensation of Trustees

To link trustee compensation to performance and to more effectively align the Board's interests with the interests of the shareholders, the Board believes that over 50% of the trustees' base annual fee (excluding committee or other Board service fees) should be payable in some form of Company equity. Each of the Company's Trustees, excluding the Company's Chairman, Mr. Zell, and the employee trustees, Mr. Duncan and Mr. Spector, is entitled to receive an annual cash fee of \$45,000 and an annual long-term incentive grant of \$50,000 of options and restricted shares for serving on the Board. In addition, trustees who serve on the Audit, Compensation, Nominating, Corporate Governance or Executive Committee receive an additional \$4,000 per year for each committee on which they serve. The chair of the Audit Committee receives an additional \$11,000 per year and the chairs of the Compensation, Nominating and Corporate Governance Committees each receive an additional \$6,000 per year. Mr. Zell does not receive a fee for acting as Chair of the Executive Committee. The Lead Trustee receives an additional annual fee of \$10,000 for such service. The Company also reimburses the trustees for travel expenses incurred in connection with their activities on behalf of the Company. Mr. Zell receives restricted shares and options for his services as Chairman as described in Employment Contracts and Change of Control Agreements below.

The annual long-term incentive grant of \$50,000 is allocated between options and restricted shares in the same ratio and utilizing the same valuation criteria as approved by the Board for the annual long-term incentive grants to the Company's executive officers. The 2004 and 2005 grants were allocated 25% to options and 75% to restricted shares. The options granted vest in approximately equal installments of six months, one year and two years from the date of grant. The restricted shares vest in full on the third anniversary of the grant date. Distributions are paid on these restricted shares at the same rate as on unrestricted common shares. Trustees who are first appointed or elected to the Board after the beginning of a fiscal year receive prorated cash fees and long-term incentive grants for their first year of service.

For trustees retiring from the Board or completing a scheduled term on the Board without re-nomination, vesting of all outstanding options and restricted shares granted as compensation for serving as a trustee is accelerated, and options may be exercised through the expiration of the exercise period (i.e., ten years from the grant date). Options and restricted share awards issued to Mr. Zell as Chairman are subject to the same vesting restriction upon retirement as other employees of the Company.

The Company has an optional deferred compensation plan in which trustees may participate. The trustees may defer receipt of any percentage of their annual cash compensation, which amount is then deposited in a Supplemental Executive Retirement Savings Plan (the SERP) on a tax-deferred basis. These deferred funds (as well as any cash trustee fees that are not deferred) may be used to purchase Company common shares under the Company's Employee Share Purchase Plan (the ESPP) at the applicable discounted purchase price under the plan not to exceed \$100,000 per year. Each trustee is immediately 100% vested in his or her acquired ESPP shares held in the SERP and is allowed to begin

withdrawals over a one to ten year period following termination of his or her trusteeship. The majority of the trustees participate in the SERP and defer the taxation of all cash trustee fees. The trustees may also elect to defer receipt of their restricted shares to the SERP prior to the vesting of the shares. Non-employee trustees do not participate in the Company's profit sharing plan or receive any matching contributions on any fees or restricted shares.

Share Ownership Guidelines for Trustees

Since a significant ownership stake leads to a stronger alignment of interests between the Board and shareholders, all trustees are expected to own, within three years of joining the Board, at least \$250,000 in Company shares or limited partnership interests (OP Units) in ERP Operating Limited Partnership (the Operating Partnership), of which the Company is the general partner. OP units are exchangeable on a one-for-one basis into the Company's common shares. We recognize, of course, many trustees will have much larger ownership stakes in the Company, and view this as desirable.

PROPOSAL 1

ELECTION OF TRUSTEES

Independence of Trustees

Pursuant to the Company's Governance Guidelines, which require that a majority of our trustees be independent within the meaning of NYSE corporate governance standards, the Board undertook a review of the independence of trustees nominated for election at the upcoming annual meeting. During this review, the Board considered transactions and relationships, if any, during the prior year between each trustee or any member of his or her immediate family and the Company, including those reported under Certain Relationships and Related Transactions below. As provided in the Guidelines, the purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the trustee is independent.

As a result of this review, the Board affirmatively determined that all the trustees nominated for election at the Annual Meeting are independent of the Company and its management with the exception of its Chairman, Mr. Zell, and its two employee trustees, Mr. Duncan and Mr. Spector.

Vote Required

A plurality of the votes cast in person or by proxy at the meeting is required for the election of trustees. This means that the eleven nominees, who receive the most votes will be elected. An abstention will have no effect on the outcome of the election of trustees. Although we know of no reason why any nominee would not be able to serve, if any nominee should become unavailable for election, the persons named as proxies will vote your common shares to approve the election of any substitute nominee proposed by the Board.

Board Recommendation

The Board recommends that you vote FOR each of the eleven nominees for a one-year term.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board recommends that the shareholders ratify the Company's selection of Ernst & Young as the Company's independent auditors for the fiscal year ending December 31, 2005. Although shareholder action on this matter is not required, the Board believes it is good corporate practice to seek shareholder ratification of its selection. The Audit Committee has pre-approved Ernst & Young's review of its 2005 quarterly financial statements and SEC filings and intends to engage Ernst & Young to audit its 2005 annual financial statements. If the selection of Ernst & Young is not ratified, the Audit Committee anticipates that it will nevertheless engage Ernst & Young as auditors for the 2005 calendar year, but will consider whether it should select other auditors for the 2006 calendar year.

Representatives of Ernst & Young are expected to be available at the Annual Meeting. These representatives will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Pre-Approval Policy

The Company's Audit Committee, pursuant to its exclusive authority, has reviewed and approved the Company's engagement of Ernst & Young as its independent auditors, and the incurrence of all of the fees described above, for 2004 and 2003 and has selected Ernst & Young as independent auditor for 2005, subject to review and approval of the final terms of its engagement as such and its audit fees. The Audit Committee has also adopted a Pre-Approval Policy for Audit and Non-Audit Services (the "Pre-Approval Policy") for all other services Ernst & Young may perform for the Company in 2005. The Pre-Approval Policy details with specificity the services that are authorized within each of the above-described categories of services and provide for aggregate maximum dollar amounts for such pre-approved services. Any additional services not described or otherwise exceeding the maximum dollar amounts prescribed by the Pre-Approval Policy for 2005 will require the further advance review and approval of the Audit Committee. The Audit Committee has delegated the authority to grant any such additional required approval to its Chairman between meetings of the Committee, provided that the Chairman reports the details of the exercise of any such delegated authority at the next meeting of the Audit Committee.

EXECUTIVE COMPENSATION

The following tables show, for each of the last three years, the compensation paid to or earned by Bruce W. Duncan, the Chief Executive Officer and President, and the other four most highly compensated executive officers of the Company. The Company in prior years has disclosed grants of restricted shares and options in the year in which they were granted. As restricted shares and options are typically granted in February for services performed during the prior year, the Company is changing its practice by reporting the grants for the year in which the services were performed. We believe that this practice provides a clearer view of annual executive compensation.

- (1) Includes any compensation deferred under the Company's deferred compensation plan. Cash bonuses are reported in the year for which the services were performed, even though typically paid in January or February of the following year. Accordingly, the cash bonuses that are listed for 2004, 2003 and 2002 consist of bonuses paid in early 2005, 2004 and 2003, respectively.
- (2) Mr. Duncan's 2002 salary of \$388,309 represents time worked from April 8, 2002, his first day of employment, through December 31, 2002. His annualized base salary for 2002 was \$550,000. Mr. Duncan voluntarily reduced his 2002 bonus from \$750,000 to \$550,000, with \$100,000 of the reduction used to fund employee recognition cash grants. Mr. Duncan also voluntarily reduced his 2003 bonus by \$100,000 and his 2004 bonus by \$70,000 to fund employee recognition cash grants.
- (3) The dollar amount shown equals the number of restricted shares (i.e., shares still subject to vesting) granted for services performed during the listed years, multiplied by the fair market value of the common shares on the grant date. Restricted shares are typically granted in January or February for services

performed during the prior year. Accordingly, the restricted shares that are listed for 2004, 2003 and 2002 consist of restricted shares granted in early 2005, 2004 and 2003, respectively. These shares vest upon completion of three years of continuous employment following the grant date, with the exception of certain restricted shares listed for 2002, which were issued in connection with the valuation of the 2000 performance share grants, which vest in equal installments over two years. The valuations do not take into account the diminution in value

attributable to the restrictions applicable to the common shares. Distributions are paid on restricted shares at the same rate as on unrestricted common shares.

The total number of restricted shares awarded to each named executive officer for services performed during 2004, 2003 and 2002 and the total number and value (\$36.18 per share) of the restricted share holdings of each named executive officer at December 31, 2004 were as follows:

Names	Number of Restricted Shares Granted for:			Restricted Shares at Dec. 31, 2004	Value at Dec. 31, 2004
	2004	2003	2002		
Bruce W. Duncan	82,414	65,705	35,644	110,421	\$ 3,995,032
Gerald A. Spector	46,993	47,264	85,462	198,783	7,191,969
David J. Neithercut	34,713	26,923	32,980	71,627	2,591,465
Alan W. George	19,245	19,166	25,807	53,984	1,953,141
Frederick C. Tuomi	16,530	15,128	22,355	45,603	1,649,917

- (4) Shares underlying options are reported for the year in which the services were performed, even though the options are typically granted in January or February for services performed during the prior year. Accordingly, the options that are listed for 2004, 2003 and 2002 consist of options granted in early 2005, 2004 and 2003, respectively.
- (5) The dollar amount shown reflects the fair market value of vested shares issued in each year, multiplied by the fair market value of the common shares on the grant date. These vested shares represent shares issued under the Company's performance share grants, as further described in Long-Term Incentive Plan Awards below, based on the Company's financial performance during the three calendar years following the date of grant. Fifty percent of the shares were vested upon issuance with the balance issued as restricted shares vesting equally over two years from the grant date. These restricted shares are reflected in the Restricted Share Awards column. The total number of vested shares awarded to each named executive in 2004, 2003 and 2002, respectively, were Mr. Duncan: 0, 0 and 0; Mr. Spector: 0, 30,048 and 37,575; Mr. Neithercut: 0, 8,537 and 15,750; Mr. George: 0, 8,451 and 13,500; and Mr. Tuomi: 0, 5,635 and 13,500.
- (6) Principally includes employer matching and profit-sharing contributions to the Company's 401(k) Plan. This column also reflects \$10,000 of premiums paid in 2002 for the purchase of split-dollar life insurance policies for Mr. Neithercut, Mr. George and Mr. Tuomi. While the executive is the owner of such policy, in the event of the executive's death, the Company will receive from the death benefits all premiums paid by it on the executive's behalf, plus 10% interest per annum on such premium payments for up to the first 10 years of such payments (collectively, Company Premiums), and the executive's beneficiary will receive the balance of the death benefits. In addition, the executive is entitled to 50% of the cash surrender value of the policy at age 62, and 50% at age 65. Upon termination of employment prior to age 62, the executive must borrow against the policy or partially surrender the policy in an amount sufficient to repay the Company Premiums to the Company. The Company ceased making payment of premiums on these policies in 2003.

Frederick C. Tuomi	66,290	3.61	31.76	2/3/2015	175,006

- (1) The options awarded on February 3, 2005 for services performed during 2004, were granted at an exercise price equal to the closing price of the common shares on the date of the grant. Options granted have a term of not more than ten years from the grant date and vest in equal installments over three years.
- (2) The estimated grant date present value of \$2.64 per option has been calculated using the modified Black-Scholes option pricing model based on the following assumptions: an estimated time until exercise of 6 years, a volatility of 18.2%, a risk-free interest rate of 3.81% and a dividend yield of 6.37%. The real value of these options depends on the actual performance of the Company's common shares during the applicable period and on the date or dates when options are exercised. No gain to the optionee is possible without an increase in common share price, which would benefit all shareholders as well.

- (2) Represents the market value of a common share on December 31, 2004 (\$36.18) less the option exercise price of in-the-money options.

LONG-TERM INCENTIVE PLAN AWARDS

The table set forth below identifies the target number of performance share units awarded on February 3, 2005 for services performed during 2004. The executive officers have the opportunity to earn in common shares an amount as little as 0% to as much as 225% of the target number of performance share units. The owners of performance share units have no right to vote, receive dividends or transfer the units until common shares are issued in exchange for the

units. The number of common shares the executive actually receives on the third anniversary of the grant date will depend on the excess, if any, by which the Company's Average Annual Return (i.e., the average of the common share dividends declared during each year as a percentage of the common share price as of the first business day of January 2005 (\$35.45), and the average percentage increase in funds from operations (FFO) for each calendar year on a per share basis over the prior year) for the three performance years exceeds the average of the 10-year Treasury Note interest rate as of the first business day in January of each performance year (the T-Note Rate).

If the Company's Average Annual Return exceeds the T-Note Rate by:								greater
	less than							than
	0.99%	1-1.99%	2%	3%	4%	5%	6%	7%
Then the executive will receive common shares equal to the target number of units times the following %:								
	0%	50%	100%	115%	135%	165%	190%	225%

The common shares will also fully vest upon the executive's death, retirement after age 62, disability or upon a change in control of the Company.

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended (the Exchange Act), that might incorporate future filings, including this Proxy Statement, in whole or in part, the Compensation Committee Report on Executive Compensation and the Audit Committee Report presented below as well as the Performance Graph following such reports shall not be incorporated by reference into any such future filings.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

During 2004, the Compensation Committee of the Board consisted of the three independent trustees of the Company listed below. The Committee's responsibilities, as more fully delineated in Governance of the Company, include overseeing the Company's compensation programs and practices. The purpose of the Company's executive compensation programs is to establish and maintain a performance and achievement oriented environment so that the interests of its executives are aligned with the interests of the Company's shareholders.

The Committee believes that the Company's overall executive compensation is competitive with the real estate industry, including public real estate companies. The Committee further notes that third-party analysts have consistently pointed to the strength of the Company's management team as a reason for their positive view of the Company and its future prospects. There are four major components of the Company's executive compensation program: 1) annual base salary; 2) a short-term incentive of a cash bonus; 3) long-term incentives of restricted shares and share options and 4) performance share unit awards. In addition, the Company has established share ownership guidelines for its senior officers. Each of these components is further discussed below.

Base Salary. The Company's overall salary structure is reviewed annually, using compensation surveys of the real estate industry in general and public real estate companies in particular, as well as other public companies of similar size to the Company, to ensure that it remains competitive. Positions are classified on the basis of assigned responsibilities and on an evaluation of the latest survey information available, as to appropriate compensation levels. Individual base salaries are reviewed at least annually. Salary increases may be granted based on each executive's performance as well as such executive's position in the applicable salary range.

Bonus. Annual cash bonuses are awarded based on the executive's achievement of Company and individual performance goals and objectives, as well as a range of short-term incentive targets applicable to that executive. The Company's overall bonus structure is also reviewed annually, taking into account data and general trends in the real estate industry and public real estate companies in particular.

Restricted Share and Option Awards. The Committee recognizes that the interests of shareholders are also served by giving key employees the opportunity to participate in the appreciation of the Company's common shares through the granting of options and/or restricted share awards. The Committee believes that over an extended period of time, share performance will, to a meaningful extent, reflect executive performance. Accordingly, such arrangements further reinforce management goals and incentives by aligning the interests of the Company's key personnel with the interests of the Company and its shareholders. The options vest over a period of three years of continuous employment at a rate of one-third of such grant each year, thereby encouraging the retention of key employees who receive awards. The restricted shares vest in full upon completion of three years of continuous employment from the date of grant. The number of restricted shares or options awarded each executive was determined utilizing the executive compensation surveys mentioned above, an assessment of the executive officer's

achieved performance goals and objectives, and a range of long-term compensation targets applicable to that executive.

Performance Share Unit Awards. The grant of performance share units is designed to focus the Company's executive officers eligible under this plan on achieving a high level of financial performance (i.e., common share dividends and FFO growth), and to encourage them to continue their employment with the Company. Awards are made to executive officers on an annual basis by setting a target number of common shares for each executive with an approximate value of 10% of the executive officer's total annual compensation. The executive will be eligible to receive from 0% to 225% of the target number of common shares, based on the Company's Average Annual Return (as described above) during the three-year period following the award. The number of common shares an executive will

receive will be fixed and determined and then issued to the executive on the third anniversary of the grant of the award. One-half of the shares issued will be vested immediately and one-fourth of the shares will vest on each of the first and second anniversaries of the grant date (being the fourth and fifth anniversaries of the date of the award).

Share Ownership Guidelines for Senior Officers. In keeping with its belief that tying the financial interests of senior officers of the Company to those of the shareholders will result in enhanced shareholder value, the Board has established ownership guidelines for the senior officers of the Company. These guidelines provide that within three years of joining the Company, the following officers should own shares equal to the following respective multiple of their annual base salary:

Chief Executive Officer 5x

Chief Operating Officer 4x

Corporate Executive Vice Presidents 3x

Property Management Executive Vice Presidents 2x

Senior Vice Presidents 1x

Pay-for Performance. An important part of the Company's commitment to a results-oriented culture is recognizing and rewarding our executives and employees based on their contributions to our success. It does this through its Equity Pay-for-Performance, a performance management program, which links incentive compensation to both individual and Company results for approximately 1,650 corporate and property-level employees. The program rates each participant's achievement against financial objectives, and also non-financial objectives that support both our employee and customer service programs. In addition to aligning incentive pay with performance, the program is designed to make the Company's performance expectations clear to employees and to measure and reward performance consistently across organizational lines. The performance data generated by the program also forms the basis for decisions that drive the Company's career development and succession planning programs.

Chief Executive Officer's Compensation. The Committee meets annually, without the Chief Executive Officer present, to evaluate his performance and to determine his compensation. In considering Mr. Duncan's compensation, the Committee considers his principal responsibilities, which are to provide our overall mission, vision and strategic direction, to attract and retain highly qualified employees and to develop and maintain strong relationships with the overall investment and analyst community. In determining Mr. Duncan's 2004 cash bonus and long-term incentive awards, the Committee reviewed the Company's financial performance relative to comparable real estate companies, the Company's overall performance and Mr. Duncan's individual performance. Based on this process, in February 2005, the Committee awarded Mr. Duncan the compensation described in the Executive Compensation section of

this Proxy Statement. The Committee believes Mr. Duncan's total compensation for 2004 was reasonable and competitive.

Respectfully submitted,

Compensation Committee:

AUDIT COMMITTEE REPORT

During 2004, the Audit Committee of the Board consisted of the five trustees of the Company listed below, each of

whom meets the independence and financial literacy requirements of the NYSE. In addition, the Board has determined that Mr. Atwood qualifies as an audit committee financial expert as defined by the SEC rules. No member of the Audit Committee is a current or former officer or employee of the Company, and no member serves on more than two other public company audit committees.

The Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company. In performing its oversight function, the Audit Committee reviewed and discussed the audited consolidated financial statements of the Company as of and for the year ended December 31, 2004, with the Company's independent auditors and with the Company's appropriate financial management personnel and internal auditors.

The Audit Committee also discussed and reviewed with the Company's independent auditors all matters required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees, Statement on Auditing Standards No. 99, Consideration of Fraud in a Financial Statement Audit, and the matters set forth in SEC Regulation S-X, as adopted to implement the Sarbanes-Oxley Act. The Audit Committee, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements, their evaluation of the Company's internal controls and the overall quality of the Company's financial reporting.

The Audit Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. The Audit Committee discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee also determined that the provision of non-audit services by the Company's independent auditors is compatible with maintaining the auditors' independence.

Based on the above-mentioned review and discussions with management and the independent auditors, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the SEC.

EMPLOYMENT CONTRACTS AND CHANGE IN CONTROL AGREEMENTS

Employment Contracts. The Company entered into an Employment Agreement with Mr. Duncan in January 2003 in connection with his appointment as Chief Executive Officer as of January 1, 2003. The term of the agreement was four years from January 1, 2003 until December 31, 2006. In March 2005, the Company entered into an Amended and Restated Employment Agreement (Amended Agreement) to reflect the changes required in view of Mr. Duncan's planned retirement as President, Chief Executive Officer and Trustee on January 2, 2006. The Amended Agreement essentially treats Mr. Duncan's retirement from the Company in January 2006 as a retirement effective as of December 31, 2006, the original termination date of his Employment Agreement.

Under Mr. Duncan's employment agreement, his target annual compensation was \$6,330,000, comprised of a base annual salary of \$750,000, a target cash bonus of \$1,080,000 and a long-term incentive grant of \$4,500,000 of options, restricted shares and performance shares. The target criteria for achievement of Mr. Duncan's bonus and long-term incentive awards, as well as the allocation among options, restricted shares and performance shares, was determined using the same criteria utilized by the Compensation Committee for achievement of target bonuses and long-term incentive awards for the Company's other senior executives. In accordance with the Company's policy, Mr. Duncan will resign as Trustee upon the termination of his employment with the Company.

The Amended Agreement provides that upon Mr. Duncan's termination of employment on January 2, 2006 (unless his employment is terminated by the Company for cause or he resigns without good reason), he will receive the following benefits:

A \$1,080,000 cash bonus and a long-term incentive grant of \$4,500,000 of options, restricted shares and performance shares for services performed during 2005, each to be received on January 2, 2006. The real value of this long-term incentive grant depends on the actual future financial performance of the Company. In the event of Mr. Duncan's death or disability prior to January 2, 2006, his cash bonus and long-term incentive grant would be prorated based on the number of days served in the calendar year.

All his outstanding options, restricted shares and performance shares granted for prior services during 2003 and 2004, including the grants made on January 2, 2006 for services performed during 2005, which would have

vested on December 31, 2006 had Mr. Duncan left the Company at that time, vest in full on January 2, 2006. Mr. Duncan's 2004, 2005 and 2006 performance shares vest at the greater of the 100% level or the performance level achieved through December 31, 2006 and his 2003 performance share grant will be valued at December 31, 2005 pursuant to its terms, which provide no minimum guarantee. Mr. Duncan has the balance of the 10-year option period to exercise any vested options.

A cash payment of \$30,000 and a grant of 17,239 vested common shares and 42,614 vested stock options, each made on January 2, 2006.

Mr. Duncan's Deferred Compensation Agreement will be amended as discussed below.

The Company will pay for Mr. Duncan's medical and dental coverage through December 31, 2006.

Any benefits due Mr. Duncan are subject to his execution of a general release agreement with a two and one-half (2 ½) year non-competition and employee non-solicitation clause.

The Company entered into an amendment to the 2003 Amended and Restated Compensation Agreement with Mr. Zell in February 2005 for services performed by Mr. Zell as Chairman of the Board for the calendar years 2004 and 2005, which entitles Mr. Zell to an annual long-term incentive grant of \$3,250,000 of options and restricted shares. The real value of this long-term incentive grant depends on the actual future financial performance of the Company. Mr. Zell is responsible for his own business related expenses. Subject to Mr. Zell's continuing service as the Company's Chairman, his annual long-term incentive grant of \$3,250,000 is allocated between options and restricted shares in the same ratio as approved by the Board for the annual long-term incentive grants to the Company's executive officers, utilizing the same valuation criteria described below. The 2005 grant was allocated 25% to options and 75% to restricted shares. Accordingly, in February 2005, Mr. Zell was granted 307,770 options at an exercise price of \$31.76 per share and 76,747 restricted shares for his contribution as Chairman of the Board during 2004. As of December 31, 2004, Mr. Zell held 247,578 restricted shares.

The number of options granted is determined by dividing the dollar amount allocated to options by the fair market value of each option using the same valuation criteria utilized by the Company's Compensation Committee in its annual employee option grants made as of the same date. The options are granted at the fair market value of the Company's common shares at the date of grant, are granted for a period of ten years and vest over a period of three years at a rate of one third of such grant each year. The number of restricted shares granted is determined by dividing the dollar amount allocated to restricted shares by the closing price of common shares of the Company on the grant date. The restricted shares vest in full on the third anniversary of the grant date. Distributions are paid on these restricted shares at the same rate as on unrestricted common shares.

The Company also entered into a Retirement Benefits Agreement with Mr. Zell in October 2001. The Retirement Benefits Agreement provides Mr. Zell with a cash retirement benefit after the termination of his service as Chairman of the Board. If Mr. Zell's employment as Chairman is terminated for any reason, other than by the Company for cause, he (or his estate in the event of his death) will be entitled to an annual retirement benefit of \$500,000 (as increased by a CPI index from January 2002 through the termination date) over a ten-year period commencing on the termination date. Should Mr. Zell be terminated for cause, he would not be entitled to any such retirement benefit.

Deferred Compensation Agreements. The Company has entered into Deferred Compensation Agreements with Mr. Duncan and Mr. Spector. These agreements provide Mr. Duncan and Mr. Spector with a salary benefit after the termination of their employment with the Company.

The Amended Agreement, discussed above, amended Mr. Duncan's January 2003 Deferred Compensation Agreement to treat his retirement from the Company in January 2006 as a retirement effective as of December 31, 2006. Upon Mr. Duncan's retirement in January 2006 (or if his employment is otherwise terminated by the Company without cause or he resigns for good reason prior to that date), he will be entitled to receive an annual payment of deferred compensation for a ten-year period commencing at age 62 (August 15, 2013) equal to \$375,000 (increased by a CPI Index from January 2003 through December 31, 2005). Should Mr. Duncan be terminated for cause or should he choose to leave voluntarily, without good reason, prior to January 2, 2006, he will not be entitled to any deferred compensation.

Mr. Spector's Deferred Compensation Agreement, entered into in 1996, as most recently amended in January 2002, provides Mr. Spector with a salary benefit after the termination of his employment with the Company. If Mr. Spector's employment is terminated by the Company without cause, Mr. Spector resigns for good reason, or Mr. Spector resigns for any reason on or after January 1, 2009, he would be entitled to annual deferred compensation for a ten-year period commencing on the employment termination date in an amount equal to \$550,000 (increased by a CPI Index from January

2002 through the employment termination date), multiplied by a percentage equal to 6.67% for each year Mr. Spector was employed by the Company since December 31, 1993, but not to exceed 100%. In the event Mr. Spector's employment is terminated as a result of his death, permanent disability or incapacity, he would be entitled to the full annual amount of \$550,000 (as increased by a CPI Index from January 2002 through the date of death, permanent disability or incapacity). Should Mr. Spector be terminated for cause or should he choose to leave voluntarily, without good reason, prior to January 1, 2009, he would not be entitled to any deferred compensation.

Change in Control/Severance Agreements. The Company has Change in Control/Severance Agreements (the Agreements) with the persons named in the Summary Compensation Table and other key employees of the Company that become effective upon either a Change in Control or termination of employment within three years following the hiring of a new Chief Executive Officer. A Change in Control will generally be deemed to have occurred upon a third party's acquisition of 30% or more of the Company's common shares or assets, whether through purchase, merger or consolidation. In the event that an employee is dismissed without Cause or resigns for Good Reason (as such terms are defined in the Agreements) during the three-year period following either the effective date of the Change in Control or, for all executives other than the Chief Executive Officer, the hiring of a new Chief Executive Officer, he or she will be entitled to all accrued but unpaid compensation and benefits in a lump sum cash payment consisting of the employee's base salary through the date of termination, and a severance payment equal to a multiple (ranging from 3.0 for the CEO to 2.0 for other executive officers) of the employee's annual base salary plus the average of the employee's annual bonus for the last three fiscal years. In addition, all options, restricted shares and performance shares immediately vest. The employee is also entitled to continued medical, dental, life and disability benefits for the remainder of the applicable time period. Several of the Company's employment benefit plans also provide for enhanced employee benefits upon a Change in Control of the Company.

Retirement Benefits Agreements. The Company has entered into Executive Retirement Benefits Agreements with the persons named in the Summary Compensation Table and other Executive Vice Presidents of the Company. These agreements provide that, if either the executive retires from the Company after reaching age 62 or is terminated as a result of a Change in Control, the executive will be eligible to receive health and life insurance benefits for the remainder of his or her life in the same amounts as any regular active employee. These benefits will be offered at the same rates as would be paid by an active employee for like coverage and subject to increase as any other active employee.
