The Board of Directors has determined that only holders of record of outstanding shares of Common Stock and Class B Stock at the close of business on October 21, 2005, are entitled to notice of, and to vote at, the annual meeting and any adjournments thereof. All stockholders, whether or not they now expect to be present at the meeting, are requested to date, sign and return the enclosed proxy, which requires no postage if mailed in the United States.

PROXY STATEMENT

GENERAL

This Proxy Statement and the accompanying proxy are first being mailed on or about October 31, 2005, to all holders of record of outstanding shares of the Company's Common Stock and Class B Stock at the close of business on October 21, 2005. Proxies are being solicited on behalf of the Board of Directors for use at the 2005 Annual Meeting of Stockholders, notice of which accompanies this Proxy Statement, and at any adjournments thereof. Any stockholder giving a proxy has the power to revoke it at any time prior to the exercise thereof by executing a subsequent proxy, by notifying the Secretary of the Company of such revocation in writing (such notification to be directed to him at the Company's offices at 410 North Michigan Avenue, Suite 400, Chicago, Illinois 60611-4213), or by attending the annual meeting and voting in person. **If no contrary instruction is indicated in the proxy, each proxy will be voted FOR the election of the eight nominees named below to the Board of Directors and FOR the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent auditor.**

The Company will pay the costs of this solicitation of proxies for the annual meeting. In addition to solicitation of proxies by mail, certain officers, directors and regular employees of the Company, none of whom will receive additional compensation therefor, may solicit proxies in person or by telephone, electronic mail or facsimile. The Company may reimburse brokers and others who are record holders of Common Stock and Class B Stock for their reasonable expenses incurred in obtaining voting instructions from the beneficial owners of such stock.

Voting

The record date for the determination of stockholders entitled to vote at the meeting or any adjournments thereof is the close of business on October 21, 2005. Holders as of the record date of outstanding shares of Common Stock and Class B Stock are entitled to vote at the meeting and any adjournments thereof. Holders of Common Stock are entitled to one vote per share and holders of Class B Stock to ten votes per share (on a non-cumulative basis for each director to be elected when voting for the election of directors) and vote together without regard to class (except that any amendment to the Company's Certificate of Incorporation changing the number of authorized shares or adversely affecting the rights of Common Stock or Class B Stock requires the separate approval of the class so affected as well as the approval of both classes voting together). Holders of Class B Stock are entitled to convert any and all of such stock into Common Stock on a share-for-share basis at any time and are subject to mandatory conversion under certain circumstances. As of the record date, 4,018,110 shares of Common Stock and 1,457,842 shares of Class B Stock were outstanding.

Election of Directors

The election of directors requires a plurality of votes cast. Accordingly, only proxies and ballots marked for all nominees listed (including executed proxies not marked with respect to election of directors, which will be voted for all listed nominees), or voting for some, but not all nominees, by specifying that votes be withheld for one or more designated nominees, are counted to determine the total number of votes cast for the various nominees, with the eight nominees receiving the largest number of votes being elected. Abstentions and broker non-votes have no effect on the outcome of the election of directors.

Ratification of Selection of Independent Auditor

The affirmative vote of the majority of the votes present in person or represented by proxy is necessary for the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent auditor. Thus an abstention will effectively be treated as a vote against the ratification while a broker non-vote will have no effect on the outcome.

During the fiscal year ended July 31, 2005, the Board of Directors held five meetings. Each incumbent director attended all of the meetings of the Board and all of the meetings of all Board committees on which he sits.

Controlled Company Status

The Board of Directors has determined that the Company is a controlled company within the meaning of the New York Stock Exchange's Corporate Governance Standards. This determination is based on the fact that Class B Stock having more than 50% of the aggregate voting power of the Company's Common Stock and Class B Stock is owned by the Jaffee Investment Partnership, L. P., a Delaware limited partnership of which Richard M. Jaffee, his spouse Shirley H. Jaffee and Daniel S. Jaffee are general partners. The remaining three general partners are all children of Richard M. and Shirley H. Jaffee. Richard M. Jaffee has eight of the 20 total votes of the general partners and his spouse also has eight votes.

As a controlled company, the Company is entitled to rely on exemptions from the Corporate Governance Standards that would otherwise require the Company (a) to maintain a board of directors having a majority of independent directors, (b) to maintain a nominating/corporate governance committee composed entirely of independent directors and (c) to maintain a compensation committee composed entirely of independent directors. The Company has elected to rely on all three of these exemptions.

Director Independence

The Board has determined that current directors Messrs. Cole, Donald and Selig and director nominee Mr. Suckow are independent from the Company's management within the meaning of the Securities and Exchange Commission's rules and the New York Stock Exchange's Corporate Governance Standards. While the Board has not adopted any categorical standards for independence, in making these determinations the Board noted that none of Messrs. Cole, Donald, Selig and Suckow (a) receives direct compensation from the Company other than director annual retainers and meeting fees paid to current directors, (b) has any relationship with the Company or a third party that would preclude independence under the New York Stock Exchange's Corporate Governance Standards or (c) has any other material relationship with the Company and its management. The Company has not made any contributions in excess of \$1.0 million or 2% of the Company's consolidated gross revenues to any tax-exempt organization in which an independent director serves as an executive officer in any of the preceding three years.

Executive Sessions of Non-Management Directors

Non-management directors may meet in executive sessions of the Board of Directors in which management directors and other members of management do not participate. These sessions are regularly scheduled for non-management directors at meetings of the Board of Directors. Under the Company's Corporate Governance Guidelines, the chairman of the Audit Committee (currently Mr. Cole) presides at all executive sessions of non-management and independent directors unless otherwise determined by the directors attending any given executive session.

The Audit Committee

The Audit Committee has the duties and responsibilities set out in the Audit Committee Charter. Those duties include: selection and appointment of the independent auditor, review of its independence and of other services provided by it, and of the fees and other arrangements regarding its services; review with the independent auditor and management of the scope of the audit, and of significant financial reporting issues and judgments; review with the independent auditor and management of the annual audited financial statements and of the quarterly financial statements and press releases; review with the independent auditor and management of the quality and adequacy of internal controls; and preparation of the report required by the rules of the Securities and Exchange Commission to be included in this Proxy Statement. A copy of the Audit Committee Charter is available on the Company's website at www.oildri.com.

The Board of Directors has determined that each member of the Audit Committee meets the independence and experience requirements of the New York Stock Exchange. The Board also has determined that Mr. Cole is an audit committee financial expert within the meaning of the rules of the Securities and Exchange Commission and that he meets the accounting or related financial management expertise standard required by the New York Stock Exchange.

The Compensation Committee

The Compensation Committee is responsible for review and general oversight of the Company's compensation programs, including all programs in which the Company's executive officers participate. The Compensation Committee is responsible for determining the compensation, including benefits, of the Chief Executive Officer and other executive officers of the Company. The Compensation Committee is also responsible for administration of the Company's stock option plans and granting stock options or restricted stock to employees, including grants to the executive officers of the Company. The members of the Compensation Committee are all disinterested persons within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended. As allowed by the controlled company exemption from the New York Stock Exchange's Corporate Governance Standards, the Compensation Committee does not have a charter.

Executive Committee

The Executive Committee has all of the powers and authority of the Board of Directors in the management of the business and affairs of the Company, subject only to any limitations provided for in the Company's Certificate of Incorporation and By-Laws (each as amended from time to time) or imposed by applicable law or New York Stock Exchange Corporate Governance Standards. The Executive Committee does not have a charter. The Executive Committee did not hold any meetings during the past year and historically has only exercised its authority to act on behalf of the Board of Directors in limited circumstances.

Corporate Governance

The Company has adopted Corporate Governance Guidelines and a Code of Ethics and Business Conduct, which Code applies to all Company employees, officers and directors. The Corporate Governance Guidelines and the Code of Ethics and Business Conduct are available on the Company's website at www.oildri.com. The Company will also provide without charge a copy of either or both documents to any person upon request submitted to Investor Relations, Oil-Dri Corporation of America, 410 North Michigan Avenue, Suite 400, Chicago, Illinois 60611-4213, telephone (312) 706-3232.

As allowed by the controlled company exemption from the New York Stock Exchange Corporate Governance Standards, the Company does not have a nominating/corporate governance committee.

Director Nominations

The Company does not have a standing nominating committee or other committee of the Board performing a similar function. As a controlled company, and with six of the Company's seven current directors having served on the Board for at least 10 years, the Board believes it is appropriate for the Company not to have a nominating committee. It has been the Company's practice, as now reflected in the Company's Corporate Governance Guidelines, that the Chairman recommends to the entire Board candidates for nomination to the Board. It is the Company's policy not to consider director candidates recommended by stockholders.

Communication with the Board of Directors

The Company's annual meeting of stockholders provides an opportunity each year for stockholders to ask questions of or otherwise communicate directly with members of the Board of Directors. It has been the Company's practice, as now reflected in the Company's Corporate Governance Guidelines, that all directors attend in person each annual meeting of the Company's stockholders. Six of the seven current members of the Board attended in person the 2004 annual meeting.

In addition, any stockholder or other interested party may communicate in writing with the Board of Directors, the Audit Committee, the non-management directors, or a particular director by sending a letter addressed to: Board of Directors, Audit Committee, Non-Management Directors, or a particular director at Oil-Dri Corporation of America, c/o Corporate Secretary, 410 North Michigan Avenue, Suite 400, Chicago, Illinois 60611-4213. Stockholders may also report concerns anonymously in this manner.

Remuneration of Directors

Each director of the Company who is not also an officer of the Company received an annual retainer of \$12,500 and also a fee of \$2,500 for each Board and Board Committee meeting attended in person and \$1,500 for each meeting attended by telephone. No fees are paid for attendance at Executive Committee Meetings. Richard M. Jaffee, a retired officer of the Company, did not receive an annual retainer or any meeting fees.

Allan H. Selig received an annual retainer of \$2,500 for his service as chairman of the Compensation Committee and J. Steven Cole received an annual retainer of \$5,000 for his service as chairman of the Audit Committee.

In the fiscal year ended July 31, 2005, Messrs. Cole, Donald, Gordon, Miller and Selig each were granted 5,000 options to purchase shares of the Company's Common Stock under the Oil-Dri Corporation of America Outside Director Stock Plan at an exercise price of \$16.34 per share, the fair market value on the date of the grant. There are no further shares of Common Stock available for future grants under that plan.

In addition to their director remuneration, during the fiscal year ended July 31, 2005, Ronald B. Gordon and Joseph C. Miller were paid \$10,000 and \$39,250, respectively, for consulting services.

Richard M. Jaffee relinquished an immediate lump sum payment of \$300,000 due to him from the Company at his retirement as a full-time employee of the Company on January 31, 2001 and agreed to serve as a consultant to the Company for a period of five years at an annual fee of \$185,000. In addition, Mr. Jaffee earns during the consulting period an annuity payable to him as a benefit of \$3,810 monthly at the end of the consulting period, with payment at his death of the remaining value of this annuity to his wife, or if she should predecease him, to his designee or estate. The economic benefit to Mr. Jaffee of this agreement to pay an annuity was estimated to be \$118,796 for the fiscal year ended July 31, 2005. This consulting arrangement expires on January 31, 2006. The Company and Mr. Jaffee have expressed interest in entering into a new consulting arrangement that would become effective following the expiration of the existing arrangement. However, as of the date of this Proxy Statement, no agreement has been reached and there can be no assurance as to the terms, timing or existence of any such future consulting arrangement.

Richard M. Jaffee and his spouse are covered under the Company's medical plan at no cost to them, each for their lifetime. This coverage is secondary to the coverage provided by Medicare. Under the Oil-Dri Corporation of America Deferred Compensation Plan, the Company's directors are eligible to defer all or a portion of their directors' compensation and consulting fees with a return equal to one percent more than the Company's long term cost of borrowing. Richard M. Jaffee deferred \$185,000 of his consulting fees into the plan during the fiscal year ended July 31, 2005. During the fiscal year ended July 31, 2005, Mr. Jaffee earned \$17,419 in excess of 120% of the applicable federal rate on his balances in the plan and a prior deferred compensation plan sponsored by the Company.

Pension Plans

The Company's pension plan covering salaried employees is a non-contributory, qualified, defined benefit plan. The plan provides for pensions based on credited years of service and cash compensation (excluding compensation paid under the Company's incentive bonus plan and amounts deferred pursuant to the Company's deferred compensation plan) during the highest paid consecutive five years during the last ten years of employment. The following table presents estimated annual retirement benefits payable under the pension plan and a supplemental executive retirement plan upon normal retirement at age 65 and is computed on the basis of a five-year certain and life annuity. The benefits listed are not subject to a deduction for social security or other offset amounts.

The Company has established a supplemental executive retirement plan to provide retired participants in the Company's pension plan with the amount of benefits that would have been provided under the pension plan but for the limitations on benefits and/or the limitation on compensation for purposes of calculating benefits imposed by the Internal Revenue Code. All pension plan participants whose benefits are affected by those limitations will be participants in the supplemental executive retirement plan. Daniel S. Jaffee is currently the only participant. Benefits under the supplemental plan are to be paid from the general funds of the Company. The accrued unfunded liability of the supplemental plan at July 31, 2005 was 70,630; \$25,300 of this amount was accrued during the fiscal year ended July 31, 2005.

**COMPENSATION COMMITTEE REPORT ON
EXECUTIVE COMPENSATION**

The information contained in this report shall not be deemed to be soliciting material or to be filed with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates such information by reference in such filing.

The Compensation Committee of the Board of Directors consists of three non-employee directors, Allan H. Selig (Chairman), J. Steven Cole and Ronald B. Gordon, all of whom are non-employee directors pursuant to SEC Rule 16b-3 and are outside directors for purposes of Section 162(m) of the Internal Revenue Code.

The Compensation Committee oversees the Company's cash and stock based compensation programs. The Compensation Committee reviews and approves compensation for the executive officers and other senior management employees and sets compensation for the Chief Executive Officer. The Compensation Committee also reviews and generally oversees the Company's compensation program for all salaried employees. In fiscal year 2005, the Board did not modify or reject in any material way any recommendation or action of the Compensation Committee.

Compensation Policy

The Company's compensation policy is to provide its executive officers and other salaried employees with compensation opportunities which:

- Are competitive with companies of comparable size;
- Align compensation with overall Company performance by including annual incentive opportunities based on Company performance or other pre-determined performance goals and employees' level of responsibility;
- Align management actions with stockholder interests by periodic awards of stock options and restricted stock to key officers and employees.

When comparing the Company's executive compensation with other companies, the Company refers to salary surveys prepared and published by several large consulting firms. The companies represented in the surveys participate on a voluntary basis and are not the same group as that included in the Peer Group on the Performance Graph which is included later in this Proxy Statement. On occasion the Company also uses the services of outside consultants. Using these sources, the Company sets its compensation policy to reflect the median of the marketplace in base salary and the 70th percentile in total cash compensation, if full target bonus is paid.

Section 162(m) of the Internal Revenue Code denies a publicly held corporation, such as the Company, a federal income tax deduction for compensation in excess of \$1 million in a taxable year paid to each of its Chief Executive Officer and the four other most highly compensated executive officers. Certain performance-based compensation, such as stock options awarded at fair market value, is not subject to the limitation on deductibility provided that certain stockholder approval and independent director requirements are met. At present compensation levels, and given the performance-based nature of the Company's stock option plan, limitations on federal income tax deductibility of a top officer's compensation in excess of \$1 million have no impact. In general, the Company favors the preservation of tax deductibility, but reserves the right to reconsider this position.

Compensation Components

Cash compensation for non-sales employees, including the executive officers of the Company, has two components, base salary and annual incentive bonus. Sales employees generally have a third compensation component, bonus related to sales objectives. The Company has a number of salary grades reflecting differing levels of responsibility. For each salary grade, a minimum and maximum base salary range is established as well as a percentage of compensation which serves as an incentive opportunity.

Annual Base Salary: For each fiscal year, the Company reviews with the Compensation Committee the prior year's actual salaries for the various base salary ranges, and any proposed change in salary ranges for the coming year. The Company annually reviews with the Compensation Committee any proposed salary increases for executive officers and other senior managers. Any increases are generally based upon changes in base salary range, the individual's performance during the previous year, and any significant change in responsibilities for the upcoming year.

Annual Incentive Compensation: The Company's annual incentive bonus plan provides an opportunity for all salaried employees (including the executive officers) to earn a performance related cash bonus. The annual incentive plan is designed to involve communication to employees of expectations for Company performance, thus linking Company performance and total annual compensation. It provides for broad based participation, so that each salaried employee recognizes that he or she can contribute to the Company's success.

The incentive plan provides for a target bonus equal to a percentage of the individual's annual base salary. This percentage is determined by salary grade which reflects the level of responsibility and expected contribution of the employee's position to the Company's financial results. For employees in the higher salary grades (including the executive officers) a larger proportion of their total compensation takes the form of incentive compensation than is the case for employees in the lower salary grades. Currently, if full target bonus is paid under the incentive plan, the Chief Executive Officer would receive a bonus equal to 50% of his base pay. The target bonus level for other executive officers ranges from 30% to 40% of base pay.

If the Company meets its performance target, full target bonus is paid to each salaried employee. If the Company fails to meet its target but meets certain performance minimums, a bonus of less than 100% of target bonus may be paid. If the Company exceeds its target, bonuses above 100% of target may be paid; however, no employee can receive a bonus greater than 200% of target.

At the beginning of each fiscal year, the Compensation Committee reviews management's proposal for the targets which will determine payment of the incentive bonus for that year and makes the final determination as to those targets. A corporate earnings measure has been the sole measure used under the incentive plan since fiscal 2001. This measure serves to unite all salaried employees to work together to improve the Company's performance.

For fiscal 2005, the performance target for payment of incentive bonus was corporate earnings equivalent to \$1.25 per diluted share. The fiscal 2005 incentive plan differed from the plans used in prior fiscal years in that no bonus was to be paid unless the specified earnings goal was met, while prior years' plans had provided for payment of a partial bonus if certain performance minimums less than the full performance goal were attained. In fiscal 2005, the Company failed to attain the earnings goal required for payment of a bonus under the annual incentive plan. At a special meeting in September 2005, the Compensation Committee considered and approved management's proposal to pay a discretionary bonus to all employees who were participants in the annual incentive plan. In reaching this decision the Compensation Committee considered, among other factors, the failure of the performance goal for 2005 to allow for payment of anything less than full bonus and the meaningful increase in the Company's earnings over the previous year even in the face of rising materials and energy costs and significant Sarbanes-Oxley Section 404 readiness expenses. The discretionary bonuses approved by the Compensation Committee equaled approximately 65% of each eligible employee's full target bonus under the annual incentive plan for employees exempt from the overtime requirements of the Fair Labor Standards Act, with discretionary bonuses equal to full target bonus of 7.5% of pay awarded to employees not exempt from those overtime requirements.

For fiscal 2006, the Company recommended, and the Compensation Committee approved, that the performance measure under the annual incentive plan be the increase (or decrease) in earnings per share over the prior year's earnings per share. Employees exempt from the overtime requirements of the Fair Labor Standards Act will receive payment of full target bonus if earnings per share exceed the prior year's by ten percent. Incremental performance measures were established with a maximum payment of 200% of target bonus if earnings per share exceed the prior year's by thirty percent. If earnings per share equal the prior year's, 75% of target bonus will be paid. Incremental performance measures were also established so that if earnings per share are less than the prior year's by as much as twenty percent, a percentage of target bonus will still be paid. If earnings per share are less than the prior year's by more than twenty percent because of extenuating circumstances or one-time events, the Company's Chief Executive Officer was granted discretion to pay up to 25% of target bonus.

Employees covered by the overtime requirements of the Fair Labor Standards Act will receive their full target bonus of 7.5% of pay if fiscal 2006 earnings per share are equal to or greater than fiscal 2005 earnings per share. Bonuses for these employees are capped at 100% of target bonus. If earnings per share are less than the prior year's by not more than twenty percent, a bonus payment of 50% of target bonus will be made to these employees. For all participating employees, if the increase (or decrease) in earnings per share falls between two of the specified incremental performance measures, the bonus payment percentage will be prorated. Additionally, the Chief Executive Officer was granted discretion to adjust, up or down, bonus payments to individual employees by 25 points (for example if employees were to receive 50% of target bonus, the Chief Executive Officer could adjust an individual employee's payment to be as little as 25% of target bonus or as much as 75% of target bonus). This discretion is to be used only for exceptionally good or exceptionally poor performance and all such adjustments must net to zero and will have no impact on the total bonus dollars distributed under the plan.

Long-Term Incentives: The Compensation Committee awards grants of stock options and restricted stock under the Company's 1995 Long-Term Incentive Plan to employees, including grants to executive officers, after reviewing management's recommendations. In addition, the Chief Executive Officer, as a director of the Company, is authorized to award stock option grants for a limited number of shares to newly hired employees, as a way to attract key employees. The Chief Executive Officer does not have authority to grant stock options to executive officers or to grant awards of restricted stock to any employee.

During fiscal 2005, the Company made grants of stock options and restricted stock only to newly hired employees, including newly hired executive officers. In determining these grants, the Company considered the grantee's level of responsibility and the importance of the grantee's ongoing long-term investment in stockholder value creation. The vesting period for the options granted was five years with 25% of the shares becoming exercisable on the second anniversary of the grant date and an additional 25% on the third, fourth and fifth anniversaries.

Only a limited number of shares remain for awards under the Company's 1995 Long-Term Incentive Plan. The Company is currently reviewing various alternatives, both equity and non-equity, for future long-term incentives.

Compensation of Chief Executive Officer

The Chairman of the Board recommends and the Compensation Committee determines the compensation of the Chief Executive Officer following the general policies and guidelines described above for the compensation of executive officers.

At its September 2004 meeting, the Compensation Committee reviewed and set fiscal 2005 compensation for the President and Chief Executive Officer, Daniel S. Jaffee, at a salary of \$325,000 (effective August 1, 2004). At this level, Mr. Jaffee's salary continued to be below the mid-point of his salary range. The Compensation Committee continued Mr. Jaffee's incentive bonus plan opportunity at 50% of base salary if a 100% bonus is paid under the incentive plan. As discussed under Annual Incentive Compensation above, no bonuses were paid under the Company's annual incentive plan for 2005. However, Mr. Jaffee, like other salaried employees, received a discretionary bonus. The amount of the discretionary bonus paid to Mr. Jaffee for fiscal 2005 was \$105,625. In setting Mr. Jaffee's compensation, the Compensation Committee considered his performance and achievements as President and Chief Executive Officer during fiscal 2004, which included the Company's continued growth in sales and income and its reduction in net debt, particularly in fiscal 2004 but also in the three previous years. The Compensation Committee also noted specific changes and improvements implemented under Mr. Jaffee's leadership which led to the Company's strong performance in fiscal 2004.

At its October 2005 meeting, the Compensation Committee determined that Mr. Jaffee's base salary for fiscal 2006 should be set at \$355,000, with continued participation in the incentive bonus plan at the same level as the prior fiscal year. In setting Mr. Jaffee's compensation, the Compensation Committee reviewed compensation data prepared and presented to the Compensation Committee by an outside consultant specializing in executive compensation. This data showed that as compared both with a general market group with annual revenues in the same range as the Company's and with a peer group selected by standard industrial classification, Mr. Jaffee's annual cash compensation fell well under the median for chief executive officers. The Compensation Committee also reviewed data from a survey of chief executive officer salaries prepared and distributed by a compensation consulting firm which also showed that Mr. Jaffee's compensation was below the median. In determining Mr. Jaffee's salary increase the Compensation Committee also considered his performance and

achievements as President and Chief Executive Officer including the Company's continued improvement in return on assets and on stockholders equity, reduction in net debt, increase in income per diluted share and increase in stock price and dividend payments. The Compensation Committee noted that all of these improvements took place despite very significant increases in energy costs. The Compensation Committee also noted Mr. Jaffee's leadership in making organizational changes and working with other members of the management team to focus the Company's sales strategies and to define its mission.

The Audit Committee consists of directors J. Steven Cole (Chairman), Arnold W. Donald and Allan H. Selig. The Audit Committee is a standing committee of the Board of Directors and operates under a written charter adopted by the Board of Directors. A copy of the Audit Committee Charter is available on the Company's website at www.oildri.com. The Audit Committee reviews the charter, which was last amended on October 7, 2004, on an annual basis. In accordance with its written charter, the Audit Committee assists the Board in fulfilling its responsibility for monitoring the integrity of the accounting, auditing, financial reporting and internal controls practices, and compliance with legal and regulatory requirements of the Company. The Audit Committee met four times during the fiscal year ended July 31, 2005.

The Company's management is primarily responsible for the Company's financial statements and reporting process, including its system of internal controls. The Company's independent auditor is responsible for auditing the Company's consolidated financial statements in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and for issuing a report on those statements. The Audit Committee oversees the financial reporting process on behalf of the Board. The Audit Committee relies on the expertise and knowledge of management, the internal auditors and the independent auditor in carrying out its oversight responsibilities.

In the discharge of its duties, the Audit Committee performed the following:

Reviewed the scope and overall plans for the annual audit. PricewaterhouseCoopers LLP, the Company's independent auditor, advised the Audit Committee that its audit included procedures designed to provide reasonable assurance for detection of illegal acts that would have a direct and material effect on the determination of financial statement amounts and procedures designed to identify related party transactions that are material to the financial statements or otherwise require disclosure in those statements.

On a quarterly basis, reviewed the fiscal 2005 quarterly financial statements and related news releases with management, including the Company's chief financial officer and its internal audit manager, and the independent auditor prior to their public issuance. At these meetings, the Audit Committee also discussed significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements and reviewed the specific disclosures to be included under

Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's Quarterly Reports on Form 10-Q.

Reviewed and discussed the Company's audited annual financial statements with management, including the Company's chief financial officer and its internal audit manager, and the Company's independent auditor prior to their issuance. The Audit Committee also reviewed significant financial reporting issues and judgments made in connection with the preparation of the Company's annual financial statements.

Reviewed and discussed a draft of the Company's proposed news release announcing its fiscal 2005 results, and reviewed a draft of the Company's Annual Report on Form 10-K (including the specific disclosures to be included under Management's Discussion and Analysis of Financial Condition and Results of Operations in that report) with management, including the Company's chief financial officer and its internal audit manager, and the independent auditor prior to their public issuance.

Edgar Filing: OIL DRI CORPORATION OF AMERICA - Form DEF 14A

Discussed with management and the independent auditor their comments on the Company's internal controls and compliance with those controls.

Received from PricewaterhouseCoopers LLP its Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of the Company's consolidated financial statements.

Met with management, including the Company's chief financial officer, and then separately with the independent auditor to discuss their respective views of the conduct of the audit and of any significant issues encountered.

Reviewed a report on pending litigation and other legal matters from the Company's general counsel.

Discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (*Communication with Audit Committee*) and Rule 2-07 under SEC Regulation S-X as well as relevant new Financial Accounting Standards affecting the Company's audited financial statements.

Received from the independent auditor the written disclosures required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*).

Monitored the services provided by the independent auditor, pre-approved all audit-related and tax services, discussed with the independent auditor the effect of the non-audit services performed on auditor independence, and concluded that the provision of such services by PricewaterhouseCoopers LLP was compatible with the maintenance of that firm's independence in conducting its auditing functions.

Based on the foregoing, the Audit Committee recommended to the Board of Directors that the audited financial statements for fiscal year 2005 be included in the Company's Annual Report on Form 10-K for the fiscal year ended July 31, 2005.

The Audit Committee has appointed PricewaterhouseCoopers LLP as the Company's independent auditor for the fiscal year ending July 31, 2006 and resolved that the appointment be presented to the Company's stockholders for ratification at the 2005 annual meeting.

II. RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP as the Company's independent auditor for the year ending July 31, 2006, and has further directed that management submit the selection of the independent auditor for ratification by the stockholders at the annual meeting. PricewaterhouseCoopers LLP audited the Company's financial statements for the fiscal year ended July 31, 2005. Stockholder ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent auditor is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of responsible corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditor at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the votes present in person or represented by proxy at the annual meeting will be required to ratify the selection of PricewaterhouseCoopers LLP.

The Board of Directors recommends a vote **FOR** Proposal 2 to ratify the selection of PricewaterhouseCoopers LLP.

PERFORMANCE GRAPH

Set forth below is a line graph comparing the yearly cumulative total stockholders' return on the Company's Common Stock against the yearly cumulative total return of the Russell 2000 Index, the Russell Microcap Index and the Russell 2000 Materials and Processing Economic Sector Index (Peer Group). The graph assumes that the value of the investment in the Company's Common Stock, the Russell 2000 Index, the Russell Microcap Index and the Russell 2000 Materials and Processing Economic Sector Index was \$100 on July 31, 2000 and that all dividends were reinvested. The Company is included in the Russell Microcap Index. Based on a review of the market capitalization and other attributes of included companies, the Company has concluded that the Russell Microcap Index is more appropriate as a broad equity market index for purposes of this performance graph than the Russell 2000 Index that has been presented in prior years. Both indices are included for comparative purposes for the year ended July 31, 2005. In future years the Company intends to compare the performance of its Common Stock only with the performance of the Russell Microcap Index and the Russell 2000 Materials and Processing Economic Sector Index (Peer Group).
