Notes to the Condensed Financial Statements (Unaudited)

March 31, 2013

NOTE 1 - ORGANIZATION AND HISTORY

Asia8, Inc. was incorporated in Nevada as H&L Investments, Inc. in September of 1996. On December 22, 1999 the Company changed its name to Asia4sale.com, Inc. on acquiring Asia4Sale.com, Ltd., a Hong Kong registered software development company. The Company sold Asia4Sale.com, Ltd. in January of 2005.

The Company acquired a 49% interest in World Wide Auctioneers, Inc., a Nevada registered corporation, holding 100% of a British Virgin Island registered company World Wide Auctioneers, Ltd (WWA), an international equipment auction company on June 30, 2000. WWA, based in the United Arab Emirates (UAE) holds unreserved auctions on a consignment basis for the sale of construction, industrial and transportation equipment. On August 8, 2003 World Wide Auctioneers, Inc. sold 100% of WWA to a Nevada registered company, WWA Group, Inc. (WWA Group) in a stock exchange transaction. The stock exchange caused the Company to acquire a minority equity investment in WWA Group which it accounts for using the equity method. WWA Group sold WWA to Seven International Holdings, Ltd. (Seven), a Hong Kong registered company, on October 31, 2010, in exchange for Seven s assumption of the assets and liabilities of WWA subject to certain exceptions. The disposition did not affect WWA Group s interest in Asset Forum, LLC. its ownership of proprietary on-line auction software or its equity interest and debt position in Infrastructure Developments Corp. (Infrastructure). On March 26, 2012, the Company sold 3,240,000 shares from its investment in WWA Group at a price of \$0.025 per share, for a net amount of \$81,000. On May 2012, the Company divested itself of an additional 2,412,408 shares of WWA Group to settle a net amount of 109,048 in debt. At March 31, 2013 the Company did not own substantial shareholding in WWA Group and therefore did not record its share in the profit and loss of WWA Group for the period ended March 31, 2013.

The Company maintains the exclusive rights to distribute Unic Cranes, Atomix boats and Renhe Mobile

House products or Wing Houses in the UAE though it has since discontinued distribution efforts in relation to the Unic Crane and Atomix boat products.

NOTE 2 GOING CONCERN

The accompanying consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and liabilities in the normal course of business. Accordingly, they do not include any adjustments relating to the realization of the carrying value of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. The Company has accumulated losses and working capital and cash flows from operations are negative which raises doubt as to the validity of the going concern assumptions. These financials do not include any adjustments to the carrying value of the assets and liabilities, the reported revenues and expenses and balance sheet classifications used that would be necessary if the going concern assumption were not appropriate; such adjustments could be material.

NOTE 3 - SIGNIFICANT ACCOUNTING POLICIES

a. Basis of Presentation

The accompanying consolidated financial statements include our accounts and the accounts of our subsidiaries. All intercompany accounts and transactions have been eliminated.

Our interim financial statements have been prepared in accordance with generally accepted accounting principles in the United States (U.S.GAAP) for interim financial information and the rules and regulations of the Securities and Exchange Commission (the SEC) for interim financial statements and accounting policies, consistent, in all material respects with those applied in preparing our audited consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012. Accordingly, they do not include all of the information and footnotes required by U.S. generally accepted accounting principles for complete financial statements. In our opinion, all adjustments, consisting of only normal recurring adjustments considered necessary for fair presentation, have been included.

Operating results for the three months ended March 31, 2013 are not necessarily indicative of the results that may be expected for the year ending December 31, 2013 or any future period.

NOTE 3 - SIGNIFICANT ACCOUNTING POLICIES, Continued

c. Recent Accounting Pronouncements

In February 2013, the FASB issued guidance on disclosure requirements for items reclassified out of Accumulated Other Comprehensive Income ("AOCI"). This new guidance requires entities to present (either on the face of the income statement or in the notes) the effects on the line items of the income statement for amounts reclassified out of AOCI. The new guidance is effective for us beginning January 1, 2013. We adopted the guidance during the first quarter of 2013 and there was no material impact on our condensed consolidated financial statements.

In July 2012, the FASB issued amendments to the indefinite-lived intangible asset impairment guidance which provides an option for companies to use a qualitative approach to test indefinite-lived intangible assets for impairment if certain conditions are met. The amendments are effective for annual and interim indefinite-lived intangible asset impairment tests performed for fiscal years beginning after September 15, 2012. We adopted the amended accounting guidance during the first quarter of 2013 and there was no material impact on our condensed consolidated financial statements.

NOTE 4- EQUITY INVESTMENT

In August 2000 the Company paid \$970,000 cash to acquire 49% of WWA World Wide Auctioneers, Inc., a Nevada registered company holding 100% of British Virgin Island registered company World Wide Auctioneers, Ltd. In August 2003 WWA World Wide Auctioneers, Inc. sold 100% of its subsidiary World Wide Auctioneers, Ltd. to Nevada registered company WWA Group, in a stock for stock transaction whereby the stock of WWA Group was issued directly to owners of WWA World Wide Auctioneers, Inc. The Company was issued 7,525,000 shares of WWA Group in 2003, comprising 47.5% of the issued and outstanding stock of WWA Group. At December 31, 2011, the Company owned 32% of the issued and outstanding shares of WWA Group. On March 26, 2012, the Company sold 3,240,000 out

of its investment in WWA Group shares at a price of \$0.025 per share, for a net amount of \$81,000. At March 31, 2012, the Company owned 16% of the issued and outstanding WWA Group common stock. At April 15, 2012 the company divested itself of 2,412,408 shares out of its investment in WWA group shares to settle \$109,049 in various debts. As a result the Company does not own a substantial shareholding in WWA Group and therefore no longer records its share in the profit & loss of WWA Group for the period ended March 31, 2013.

ASIA8, INC.

Notes to the Condensed Financial Statements (Unaudited)

March 31, 2013

NOTE 5- EQUITY TRANSACTIONS

In 2012, the Company issued 4,152,000 shares of common stock to retire 2,280 preferred shares series 1 comprised of \$228,000 in principal and \$83,400 in interest valued at \$0.075 a share. Further the Company issued 2,129,367 shares of common stock by converting notes payable and other payables into equity at \$0.03 per share.

.

In 2009, the Company issued 255,282 shares of common stock for cash at \$0.16 per share.

In 2008, the Company issued 1,084,243 shares of common stock by converting notes payables into equity at \$0.16 per share.

In 2007, the Company issued 2,124,250 shares of common stock for cash at prices ranging from \$0.08 to \$0.16 per share for a total value of \$304,800. Further, the Company issued 1,280 shares of preferred stock for cash at \$100 per share.

In 2007, the Company issued 1,000 shares of preferred stock at \$100 per share. Each share of preferred stock was convertible to 400 shares of common stock. The Series 1 preferred shares had a coupon rate of 9% interest per annum, with no redemption provision.

NOTE 6 - ADDITIONAL FOOTNOTES INCLUDED BY REFERENCE

Except as indicated in the Note 1 through Note 5, above, there have been no other material changes in the information disclosed in the notes to the financial statements included in the Company's Form 10-K for the year-ended December 31, 2011. Therefore, those footnotes are included herein by reference.

NOTE 7 USE OF ESTIMATES

The preparation of the financial statements in conformity with generally accepted accounting principles in United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of

the financial statements and the reported amounts of revenues and expenses during the reporting period.

Actual results could differ from those estimates.

NOTE 8 ACCOUNTS PAYABLE TO RELATED PARTY

Accounts Payable and Accrued Expenses do not include any Notes Payable to related party.

NOTE 9 SUBSEQUENT EVENTS

The Company has evaluated subsequent events from the balance sheet date through May 13,

2013, and determined there are no events to disclose.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This *Management's Discussion and Analysis of Financial Condition and Results of Operations* and other parts of this quarterly report contain forward-looking statements that involve risks and uncertainties.

Forward-looking statements can be identified by words such as anticipates, expects, believes, plans, predicts, and similar terms. Forward-looking statements are not guarantees of future performance and our actual results may differ significantly from the results discussed in the forward-looking statements. Factors that might cause such differences include but are not limited to those discussed in the subsection entitled *Forward-Looking Statements and Factors That May Affect Future Results and Financial Condition* below. The following discussion should be read in conjunction with our financial statements and notes thereto included in this report. All information presented herein is based on the three month periods ended March 31, 2013 and March 31, 2012. Our fiscal year end is December 31.

Discussion and Analysis

Our operations consist of marketing efforts for Wing House mobile shelters. Despite the decrease in our equity interest in WWA Group Inc. and its agreement to acquire Summit Digital, Inc., we continue to work with WWA Group and Infrastructure Development Corporation (Infrastructure) to develop the distribution of Wing House mobile shelter systems.

Meanwhile, we continue to work towards the acquisition of Emerging Market Property Advisors Ltd. (EMP). On May 16, 2012, the Company signed an agreement to acquire EMP, a UK limited liability company in a stock for stock exchange transaction. EMP is involved in the marketing of international real estate opportunities to prospective investors through the internet. EMP offers lead generation, email marketing campaigns and property showings to a variety of clients that are intent on presenting a wide array of real estate investment options to international investors. Clients are also offered assistance with corporate identity, web development and enhanced graphics to build awareness of the opportunities presented. Since 2005 EMP has consistently increased its revenue stream, grown gross profit margins, and established a loyal customer base. On completion the Company will acquire EMP as a wholly owned

subsidiary that will continue to operate as an autonomous unit. Due to delays associated with obtaining the requisite financial information we do not expect to close the anticipated transaction until the 3rd quarter of 2013 subject to shareholder approval.

Our financial condition and results of operations will depend primarily on prospective income generated from our investments and/or expansion businesses. Meanwhile, our continued operation is tied to our ability to realize debt or equity financing. Since the Company is currently without income it can provide no assurance that income will be forthcoming or in the event income is realized that such return will provide sufficient cash flows to sustain our operations.

Our business development strategy is prone to significant risks and uncertainties which are having an immediate impact on our efforts to realize net cash flow. We have a limited history of generating income. Should we be unable to generate income, the Company's ability to continue its business operations will remain in jeopardy.

Results of Operations

During the three month period ending March 31, 2013, the Company failed to realize revenues from the sale of its products, which failure resulted in a continuation of net losses for the period. Nevertheless, the Company remains optimistic that Wing Houses are in demand, and that a global economic recovery in 2013 alongside the efforts of Infrastructure and WWA Group will result in sales of Wing Houses.

Revenue

Revenue for the three month periods ended March 31, 2013 and March 31, 2012 was zero. The lack of revenues over the comparative periods can be primarily attributed to the effect that a global recession has had on the demand for Wing Houses. We expect revenue from the sale of Wing Houses in future periods with a return to economic normalization, and in connection with the anticipated acquisition of EMP.

Operating Expenses

Operating expenses for the three month period ended March 31, 2013, were \$3,060 as compared to \$17,651 for the three month period ended March 31, 2012. The decrease in expenses over the comparative nine month period can be wholly attributed to a decrease in general and administrative expenses. We expect that operating expenses will increase in future periods as funds become available for marketing Wing Houses and in connection with the anticipated acquisition of EMP.

Other Expense

Other expense for the three month period ended March 31, 2013, was zero as compared to other expense of \$34,152 for the three month period ended March 31, 2012. The absence of other expense in the current period can be primarily attributed to the lack of losses recognized in the prior comparative periods as a result of consolidating our equity investment in WWA Group. Since we no longer consolidate our equity interests we expect to return to other income in future periods.

Net Losses

Net Loss for the three month period ended March 31, 2013, were \$3,060 as compared to a net loss of \$51,803 for the three month period ended March 31, 2012. The decrease in net losses over the comparative three month periods can be attributed to the decrease in general and administrative expenses,

the decrease in preferred stock dividend and the decrease in the loss from equity investments. We expect to continue to realize net losses until such time as our operations produce revenue.

Capital Expenditures

The Company did not spend any significant amounts on capital expenditures during the three month period ended March 31, 2013.

Income Tax Expense (Benefit)

The Company may have an income tax benefit resulting from net operating losses to offset any future operating profit. However, the Company has not recorded this benefit in the financial statements because it cannot be assured that it will utilize the net operating losses carried forward in future years.

Liquidity and Capital Resources

As of March 31, 2013, the Company had a working capital deficit of \$18,773. Our current assets were \$8,004 consisting of \$410 in cash, and \$7,594 in other current assets. Our total assets were \$50,364 consisting of current assets and our equity investments totaling \$42,360. At March 31, 2013, our current and total liabilities were \$26,777 consisting entirely of accrued expenses.

Net cash used in operating activities for the three month period ended March 31, 2013, was \$45 as compared to net cash used in operating activities of \$81,932 for the three month period ended March 31, 2012. Net cash used in development stage activities in the current twelve month period can be attributed to a balance sheet account, accrued liabilities that is added or deducted to arrive at cash used. We expect that net cash used in operating activities will decrease as accounts payable have significantly decreased as of the three month period end.

Net cash provided by investing activities for the three month period ended March 31, 2013 was zero as compared to \$81,000 in net cash provided by investing activities for the three month period ended March 31, 2012. Net cash provided by financing activities in the prior three month period can be attributed to proceeds from the sale of stock. We expect to continue to look to cash flow provided by investing periods in future periods to sustain operations.

Net cash provided by financing activities for the three month period ended March 31, 2013, was zero as compared to \$887 in net cash provided by financing activities for the three month period ended March 31, 2012. Net cash provided by financing activities in the prior three month period can be attributed to an increase in a note payable. We expect to have net cash provided by financing activities in the near term in order to continue operations.

The Company's current assets are insufficient to conduct its business operations over the next twelve (12) months. We will have to seek at least \$100,000 in debt or equity financing over the next twelve months to fund our marketing efforts for our Wing Houses and to move forward with our intended acquisition of EMP. The Company has no current commitments or arrangements with respect to, or immediate sources of this funding. Further, no assurances can be given that funding is available. The Company's

shareholders are the most likely source of new funding in the form of loans or equity placements though none have made any commitment for future investment and the Company has no agreement formal or otherwise. The Company's inability to obtain sufficient funding will have a material adverse affect on its ability to continue business operations.

The Company does not expect to pay cash dividends in the foreseeable future.

The Company had no lines of credit or other bank financing arrangements.

The Company has no defined benefit plan or contractual commitment with any of its officers or directors.

The Company has no current plans for the purchase or sale of any plant or equipment.

The Company has no current plans to make any changes in the number of employees.

Off Balance Sheet Arrangements

As of March 31, 2013, the Company has no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures, or capital resources that is material to stockholders.

Critical Accounting Policies

In the notes to the audited financial statements for the year ended December 31, 2012 included in our Form 10-K, the Company discussed those accounting policies that are considered to be significant in determining the results of operations and our financial position. The Company believes that the accounting principles we utilized conform to accounting principles generally accepted in the United States of America.

The preparation of financial statements requires our management to make significant estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. By their nature, these judgments are subject to an inherent degree of uncertainty. On an on-going basis, we evaluate estimates. We base our estimates on historical experience and other facts and circumstances that are believed to be reasonable, and the results form the basis for making judgments about the carrying value of assets and liabilities. The actual results may differ from these estimates under different assumptions or conditions. With respect to revenue recognition, we apply the following critical accounting policies in the preparation of our financial statements.

Revenue Recognition

The Company intends to generate revenue through the sale of its products on a private, commercial, and industrial basis. Revenue from product sales is recognized at the time the product is shipped and invoiced and collectability is reasonably assured. The Company believes that certain revenue should be recognized as title passes to the customer at the time of shipment.

Going Concern

The Company's auditors have expressed an opinion as to the Company's ability to continue as a going

concern as a result of an accumulated deficit of \$3,766,257 as of December 31, 2012 which increased to \$3,769,317 as of March 31, 2013. The Company's ability to continue as a going concern is subject to the ability of the Company to realize a profit and /or obtain funding from outside sources. Management's plan to address the Company's ability to continue as a going concern includes: (i) obtaining funding from the private placement of debt or equity; and (ii) realizing revenues from the sale of Wing Houses or through the acquisition of EMP. Management believes that it will be able to obtain funding to allow the Company to remain a going concern through the methods discussed above, though there can be no assurances that such methods will prove successful.

Forward Looking Statements and Factors That May Affect Future Results and Financial Condition

The statements contained in the section titled *Management's Discussion and Analysis of Financial Condition and Results of Operations* and elsewhere in this current report, with the exception of historical facts, are forward looking statements. Forward looking statements reflect our current expectations and beliefs regarding our future results of operations, performance, and achievements. These statements are subject to risks and uncertainties and are based upon assumptions and beliefs that may or may not materialize. These statements include, but are not limited to, statements concerning:

- our anticipated financial performance;
- the sufficiency of existing capital resources;
- our ability to fund cash requirements for future operations;
- uncertainties related to the growth of our business and the acceptance of our products and services;
- our ability to achieve and maintain an adequate customer base to generate sufficient revenues to maintain and expand operations;
- the volatility of the stock market; and,
- general economic conditions.

We wish to caution readers that our operating results are subject to various risks and uncertainties that could cause our actual results to differ materially from those discussed or anticipated including the factors set forth in the section entitled *Risk Factors* included elsewhere in this report. We also wish to advise readers not to place any undue reliance on the forward looking statements contained in this report, which reflect our beliefs and expectations only as of the date of this report. We assume no obligation to update or revise these forward looking statements to reflect new events or circumstances or any changes in our beliefs or expectations, other than as required by law.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

In connection with the preparation of this report on Form 10-Q, an evaluation was carried out by management, with the participation of the chief executive officer and the chief financial officer, of the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 ("Exchange Act")). Disclosure controls and procedures are designed to ensure that information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the Commission's rules and forms and that such information is accumulated and communicated to management, including the chief executive officer and the chief financial officer, to allow timely decisions regarding required disclosures.

Based on that evaluation, the Company's management concluded, as of the end of the period covered by this report, that the Company's disclosure controls and procedures were effective in recording, processing, summarizing, and reporting information required to be disclosed, within the time periods specified in the Commission's rules and forms, and such information was accumulated and communicated to management, including the chief executive officer and the chief financial officer, to allow timely decisions regarding required disclosures.

Changes in Internal Controls over Financial Reporting

During the period ended March 31, 2013, there has been no change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect our internal control over financial reporting.

PART II OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The Company is currently not a party to any legal proceedings.

ITEM 1A. RISK FACTORS

The Company's operations and securities are subject to a number of risks. Below we have identified and discussed the material risks that we are likely to face. Should any of the following risks occur, they will adversely affect our operations, business, financial condition and/or operating results as well as the future trading price and/or the value of our securities.

Risks Related to the Company's Business

IF THE COMPANY DOES NOT GENERATE CASH FLOW FROM OPERATIONS AND IS UNABLE TO OBTAIN CAPITAL TO OPERATE ITS BUSINESS, IT MAY NOT BE ABLE TO EFFECTIVELY CONTINUE OPERATIONS

As of March 31, 2013, the Company had a working capital deficit of \$18,773 which amount is insufficient to continue operations. We will have to obtain additional working capital from debt or equity placements to continue operations for which we have no commitments. Should we be unable to secure capital, such condition would cause us to reduce operations which would have a material adverse effect on our business.

MARKET ACCEPTANCE OF THE PRODUCTS WE HAVE DISTRIBUTION RIGHTS TO IS CRITICAL TO OUR GROWTH

The Company expects to generate revenue from the sale of mobile shelters though results to date do not indicate a willingness to pay for our product. Since market acceptance of our products is critical we can offer no assurance that revenue will be generated from the sale of Wing Houses. Should be unable to procure customers for our products our results of operations will continue to be negatively impacted.

WE COMPETE WITH LARGER AND BETTER-FINANCED CORPORATIONS

Competition within the international market for mobile shelters is intense. While the products we are entitled to distribute are distinguished by next-generation innovations that are more sophisticated, flexible and cost effective than many competitive products currently in the market place, a number of entities offer mobile shelters and new

competitors may enter the market in the future. Some of our existing and potential competitors have longer operating histories, greater name recognition, larger customer bases and significantly greater financial, technical and marketing resources than we do, including well known multi-national corporations.

AS A DISTRIBUTOR WE DEPEND ON THE PERFORMANCE OF A THIRD PARTY MANUFACTURER

The Company relies on Renhe Manufacturing China to procure Wing House mobile shelters for distribution. Our business plan is reliant on the delivery of products from this manufacturer, which reliance reduces the level of control we have and exposes us to significant risks such as inadequate capacity, late delivery, substandard quality and higher prices, all of which could adversely affect our results.

OUR CHIEF EXECUTIVE OFFICER DOES NOT OFFER HIS UNDIVIDED ATTENTION TO THE COMPANY DUE TO HIS VARIED RESPONSIBILITIES

Our chief executive officer does not offer his undivided attention to our business as he also serves as the chief executive officer of WWA Group and as a director of Infrastructure. His responsibilities cause him to divide his time, the majority of which is dedicated to the management of WWA Group. His varied responsibilities may compromise the Company's ability to successfully conduct its business operations.

THE COMPANY'S SUCCESS DEPENDS ON ITS ABILITY TO RETAIN KEY PERSONNEL

The Company's future success will depend substantially on the continued services and performance of Eric Montandon. The loss of the services of Eric Montandon could have a material adverse effect on our business prospects, financial condition and results of operations. Our future success also depends on the Company's ability to identify, attract, hire, train, retain and motivate technical, managerial and sales personnel. Competition for such personnel is intense, and we cannot assure that we will succeed in attracting and retaining such personnel. Our failure to attract and retain the necessary technical, managerial and sales personnel would have a material adverse effect on our business prospects, financial condition and results of operations.

OUR BUSINESS IS SUBJECT TO GOVERNMENTAL REGULATIONS

International, national and local standards set by governmental regulatory authorities set the regulations by which products are certified across respective territories. Further, climate change legislation and greenhouse gas regulation is becoming increasingly ubiquitous. The products which we intend to distribute are subject to such regulation in addition to national, state and local taxation. Although we believe that we can successfully distribute our products within current governmental regulations it is possible that regulatory changes could negatively impact our operations and cause us to diminish or cease operations.

Future Risks Related to the Company's Stock

THE COMPANY INTENDS TO APPLY TO HAVE ITS STOCK QUOTED ON THE OTCBB

The Company has no public trading market for its shares, and we cannot represent to you that a market will ever develop. Nonetheless, we do intend to seek a quotation on the OTCBB. However, there can be no assurance that

we will obtain a quotation on the OTCBB or that obtaining a quotation will generate a public trading market for our shares. Further, if we obtain a quotation on the OTCBB, this may limit our ability to raise money in an equity financing since many institutional investors do not consider OTCBB stocks for their portfolios. Therefore, an investors' ability to trade our stock might be restricted as only a limited number of market makers quote OTCBB stock. Trading volumes in OTCBB stocks are historically lower, and stock prices for OTCBB stocks tend to be more volatile, than stocks traded on an exchange or the NASDAQ Stock Market. We may never qualify for trading on an exchange or the NASDAQ Stock Market.

WE INCUR SIGNIFICANT EXPENSES AS A RESULT OF THE SARBANES-OXLEY ACT OF 2002, WHICH EXPENSES MAY CONTINUE TO NEGATIVELY IMPACT OUR FINANCIAL PERFORMANCE.

We incur significant legal, accounting and other expenses as a result of the Sarbanes-Oxley Act of 2002, as well as related rules implemented by the Commission, which control the corporate governance practices of public companies. Compliance with these laws, rules and regulations, including compliance with Section 404 of the Sarbanes-Oxley Act of 2002, as discussed in the following risk factor, has substantially increased our expenses, including legal and accounting costs, and made some activities more time-consuming and costly.

THE COMPANY DOES NOT PAY DIVIDENDS.

The Company does not pay dividends. We have not paid any dividends since inception and have no intention of paying any dividends in the foreseeable future. Any future dividends would be at the discretion of our board of directors and would depend on, among other things, future earnings, our operating and financial condition, our capital requirements, and general business conditions. Therefore, shareholders should not expect any type of cash flow from their investment.
