Estimated results for the second quarter of 2007 compared to the second quarter of 2006.

Revenue

Gross revenue for the three and six month periods ended June 30, 2007, was \$739,610 and \$1,478,384 as compared to \$365,107 and \$676,552 for the same periods in 2006. The increase in the three and six months revenue of \$374,503 and \$801,832, or 103% and 119% respectively, is due to inclusion of sales revenue from the operation of the Landis Salon in the sum of \$899,999, an increase of \$312,012 or 53% over Landis revenue from the first six months of 2006 and the inclusion of \$486,055 in revenue from the Black Chandelier operations of Gold Fusion Laboratories, Inc., which was acquired subsequent to the second quarter of 2006.

Operating Losses

Nexia recorded operating losses of \$752,990 and \$2,174,072 for the three and six month periods ended June 30, 2007, compared to losses of \$675,835 and \$965,301 for the comparable period in the year 2006. The increase in three and six month operating losses of \$77,155 and \$1,208,771, or 11% and 125% respectively, was the result of the increases in promotional marketing of Nexia stock of \$329,202, stock subscriptions receivable expense of \$543,201 and \$468,092 of expenses from Gold Fusion Laboratories, Inc. which was acquired after the first quarter of 2006.

Net Income or losses

Nexia recorded net losses of \$844,447 and \$2,034,181 for the three and six month periods ended June 30, 2007, as compared to net income of \$1,589,303 and \$1,278,098 for the comparable periods in 2006. The increase in the three and six month net losses of \$2,433,750 and \$3,312,279, or 153% and 259% respectively, compared to the same period in 2006, reported above, is attributable primarily to the gain recognized on marketable securities of \$2,306,950 in 2006 which were not realized in 2007. The stock received for past services in the form of China Fruits stock contributed to \$2,400,000 of the income during 2006 there were not similar gains recognized during the first six months of 2007. Other factors affecting the change were operating expenses recognized from the Landis Salon operations, the addition of the Gold Fusion Laboratories, Inc. operations and other expenses described in "Operating Losses" paragraph above.

Nexia may not operate at a profit through fiscal 2007. Since Nexia's activities are tied to its ability to operate its retail operations and real estate properties at a profit, future profitability or its revenue growth tends to follow changes in the markets for these activities. There can be no guarantee that profitability or revenue growth will be realized in the future.

Expenses

General and administrative expenses for the three and six month periods ended June 30, 2007, were \$912,106 and \$2,372,357 compared to \$850,271 and \$808,528 for the same period in 2006. The increase in three and six months expenses of \$61,578 and \$1,563,829, or 7% and 193% respectively, resulted from the addition of Gold Fusion Laboratories, Inc. expenses of \$523,583, an increase in Nexia's marketing stock expense of \$329,202, expense for Nexia option shares issued of \$543,201, increases in payroll expense (excluding Gold Fusion) of \$88,533 and an increase in accounting for taxes and audit fees for Nexia of \$116,806.
