Clarifications about the Capitalization:

Payment by the Brazilian Federal Government

Rio de Janeiro, June 29, 2010 Petróleo Brasileiro S.A. - Petrobras in response to an official letter from the Comissão de Valores Mobiliários, the Brazilian securities regulator or CVM (OFÍCIO/CVM/SEP/GEA-1/N° 275/2010), complementing a statement released to the market on June 25, 2010 in response to a previous official letter from the CVM (OFÍCIO/CVM/SEP/GEA-1/N° 272/2010), hereby provides the following additional clarifications about an alternative form of payment by the Brazilian federal government in the capitalization transaction planned by Petrobras.

Consulted again, Finance Minister Guido Mantega reiterates that no alternative plan for Petrobras capitalization is under consideration and that, therefore, no discussion about an alternative form of payment by the Brazilian federal government for the shares to be issued by Petrobras during the capitalization process is necessary. As described in Article. 9, sole paragraph of the legislation approved by the Brazilian Congress on June 9, 2010 and currently pending signature by the President (Draft Bill No. 5941/09):

"Art 9 The Brazilian federal government is hereby authorized to subscribe for shares of Petrobras' capital stock and to pay for them with federal public debt securities.

Sole paragraph. The Brazilian federal government is hereby authorized, at the discretion of the Minister of Finance, to issue the bonds referred to above, priced at market value and in the form of a direct placement." (emphasis added)

In light of the possible form of payment by the Brazilian federal government and seeking to provide equitable treatment to all shareholders, the Company's Board of Directors approved the use of federal government bonds by minority shareholders to pay for their intended shares, as announced on November 19, 2009. The Company will disclose the valuation criteria and identify the bonds that may be used by minority shareholders to purchase their shares when that information is available.

This announcement is not an offer of Petrobras shares. Petrobras shares may not be offered or sold in the United States absent registration or an exemption from registration, and Petrobras currently intends to

register the proposed offering in the United States. Any public offering of Petrobras shares will be made by means of a prospectus containing detailed information about Petrobras and the offering.
