**MATERIAL FACT**

Companhia Brasileira de Distribuição (CBD) Globex Utilidades S.A. (Globex) and Casa Bahia Comercial Ltda. (Casa Bahia), in compliance with the provision of Paragraph 4 of Section 157 of Law 6,404/76 and with Instruction CVM 358/02, do hereby inform their shareholders and the market that, on this date, the shareholders of the companies approved all the deliberations necessary to the successful conclusion of the association contemplated on material facts already published. Therefore, Nova Casa Bahia S.A. became a wholly-owned subsidiary of Globex, whose capital stock was increased according to the management proposal already published.

The parties reiterate that the association will allow the companies involved to capture, from now on, except what was delimited by the agreement between them and the Brazilian anti-trust entity, synergies, as well as benefits from their consumers in more products, better services and better access.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
